Four men, none of whom have held office before, are fighting it out for the jailer's nomination. They are Robert L. Scroggin, R. L. Solomon, Ira M. Tanner and Ernest Gadd. This race seems to be a toss-up.

One of the most vigorously fought contests in the election is that for Tax Commissioner between Wilton Stephens, present officer holder, and Joe Dringenberg of Florence.

Two young men, Jerry W. Rouse of Florence, and A. Clinton (Tick) Shields of Walton, are battling it out for the nomination as coroner. Another tough one.

Dale Williamson, present magistrate in the Walton district, has no opposition.

### State Candidates

The widely publicized race between Doris Owens and June Sturtevant for Clerk of the Court of Appeals nomination, will draw a lot of attention.

James C. Cubbage, who ran a close race last term, is trying again to unseat Alvin Kidwell as State Senator in this Senatorial District.

In the race for State Representative are the veteran politician, Herbert Tinsley of Warsaw, and Ben Zimmer, Jr. of Florence.

A spirited battle seems to be on in the race for Commonwealth Attorney between the incumbent, Marlan Heilmann of Carrollton, and J. R. Ford of Owensboro.

### Named to Student Council

Miss Nancy J. Guilford, former home demonstration agent in Boone county, has been elected to The College of the Bible Student Council for the 1957-58 school year. Miss Guilford left her work as home demonstration agent to enroll in the Lexington seminary in September. She is a candidate for a Master of Religious Education degree in the class of 1958.

Miss Guilford was chosen to be co-chairman of the fellowship committee of the Student Council. She has been active in the student affairs at The College of the Bible this year and is a member of The College of Bible choir.

### Class to Meet Friday

The Beacon Class of the Walton Methodist Sunday School will be entertained Friday evening, May 24 at 8 p. m. at the home of Mr. and Mrs. Guy Corliffe on Johnson Street.

DALE WILLIAMSON

# Social

Mr. and Mrs. Fred Byerly, Knoxville, Tenn., are visiting her sister and husband, Mr. and Mrs. Claude Norman, and attended the graduation exercises of their niece, Judy, at Simon Kenton High School.

Mr. and Mrs. Richard Howard attended the wedding of their son, James, to Miss Dorothy Lloyd in the Methodist Church at McFarland, Kansas, on May 12. The groom is a first class airman stationed at Topeka, Kansas. They returned here with his parents last Wednesday for a visit.

Mr. and Mrs. Richard Howard had at Sunday dinner guests, their daughter, husband and little son, Mr. and Mrs. Naomom Cook; their daughter and son, Mrs. John Ryan, and Russell Acra. Mrs. Gerrie Garth and Mrs. Bruce Wallace were guests of relatives in Warsaw, Sunday.

Mrs. Leo Flynn and daughter, Lynelle attended the Ruth Lyons show in Cincinnati, last Friday.

Mr. and Mrs. G. Johnson and family of Latonia, were weekend guests of her parents, Mr. and Mrs. John Hanks. Sunday guests were their daughter and husband, Mr. and Mrs. Robert Gillespie of Covington.

Miss Sandy Spillman and brother, Derrill, spent Sunday with Mr. and Mrs. Harold McLone.

Miss Linda Breeden of Florence, was the weekend guest of her grandmother, Mrs. Ethel Breeden.

Mr. and Mrs. Eugene Sizemore, Mrs. Gordon Phillips and Miss Betty Lou Phillips attended the baseball games in Cincinnati, Sunday.

Mrs. Thad Curley and daughter were the guests last Wednesday of Mrs. Daisy Yelton.

Bruce Wallace and W. S. Traynor are spending a few days at Tampa, Fla.

Mr. and Mrs. Omer Black had at dinner guests Sunday, Mrs. Edith Black and daughter, Mary Katherine, and Mr. and Mrs. Orville Black and daughter of Cincinnati.

The 11-year-old son of Mr. and Mrs. Roy Aylor of Big Bone, had a serious accident while cutting grass with a power mower last Friday and was taken to St. Elizabeth Hospital for treatment. He is the grandson of Mr. and Mrs. Omer Black of High Street.

Mrs. Emma Flynn remains about the same at this writing. Mr. and Mrs. Jeff Eddins of Cincinnati, were weekend guests of his mother, Mrs. Wilford Dixon, and Mr. Dixon of Nicholson Road.

David Eddins spent the weekend with his grandmother at Burlington.

Mr. and Mrs. Wilford Dixon, Jr. and daughter, Miss Velva Dixon, and Mr. and Mrs. Kenneth Dixon and sons spent Sunday evening with their parents, Mr. and Mrs. Wilford Dixon.

Mr. and Mrs. Wilford Dixon were recent guests of Mr. and Mrs. Wallace Rice at Idlewild.

Misses Lynelle and Kathleen Flynn were guests last Thursday and Friday of their aunt and uncle, Mr. and Mrs. Clarence Sexton of Erlanger.

Misses Lizzie and Sally Vest, Washington, D. C., attended the funeral of their brother, Hugh Vest, last week. Clayton Jones is in Detroit, Mich., on business.

Mrs. Viola Roberts was the Sunday dinner guest of her son and wife, Mr. and Mrs. Don Roberts.

Mr. and Mrs. Jim Hiles, Nicholson, have moved into the Emma Flynn house on High School Court.

Mr. and Mrs. Paul Ford and family of Long Beach, Calif., are visiting their parents, Mrs. Bessie Ford and Mr. and Mrs. Ray Green. His mother, Mrs. Bessie Ford is returning home with them for a visit.

Mr. and Mrs. D. K. Johnson returned home with their grandson, Jerry Johnson, of Hollywood, Calif., to visit their son and wife, Mr. and Mrs. Stanley E. Johnson.

Mr. and Mrs. Robert Hendricks were guests last Friday evening of his mother, Mrs. Walter Sams, and family of Bowman Road.

Mrs. Dora Fields has returned home after spending several days with her son and wife, Mr. and Mrs. John Fields, of Dry Ridge.

Mr. and Mrs. Omer Black are visiting their daughter and husband, Mr. and Mrs. Roy Aylor of Big Bone.

Mrs. Flora Summey is staying with a lady on Taylor Mill Road.

Walton Chapter, Order of Eastern Star, held its regular stated meeting on Monday evening at the Masonic Hall. The Order of Job's Daughters had the program, after the meeting closed, in observance of Friendship Night. Those attending: Visitors, Mr. and Mrs. Albert Rice, Mamie Cook, Ruth Worthington, Katie Gibson, Mary Porter, Sarah Roberts, Nora Young, Lorena Clare, V. Wileman, Ann Powers, Willetta King, Nancy Bennett; members, Mr. and Mrs. Herman Newton, Mr. and Mrs. John Stephenson, Mr. and Mrs. William Ellis, Mr. and Mrs. O. A. Fields, Mr. and Mrs. Stanley Allen, Mrs. Gullion, Evelyn Sebastian, Mary Phillips, Evelyn Sizemore, Ethel Breeden, Ora Stone, Viola Roberts, Anna L. Penn, Iolene Scott, Elizabeth Thompson, Marie Patrick, Adeline Reed, Wayne Rice, Ruth Stephenson, Irene Ford, Myrtle Young, Ruby Treadway, and Gladys Gerbrion. Refreshments were served and a lovely evening was enjoyed by all.

Mr. and Mrs. Scott Lancaster and Mrs. William Lancaster entertained on Sunday for Mr. and Mrs. Perry and grandson, Mrs. Estelle Perry of West Covington, Mrs. Bernice Macke and daughter, Linda, of Cincinnati, and Ray Fisk of Nicholson.

Mr. and Mrs. John Lewis of Sanders, and Mrs. Brooks Bell and son, Frankie, of Carrollton, were the Sunday and Monday guests of Mr. and Mrs. Howard Stephenson.

Mr. and Mrs. Fred Miller of Carrollton, were Sunday guests of his sister, Miss Emma Jane Miller.

Mrs. William Parker is confined to her home with the mumps.

## DESIGNED FOR THE FUTURE

## LONG LIFE WITH Concrete

If the roads of the National System of Interstate and Defense Highways are paved with concrete they will last longer... far longer than any other pavement. Concrete roads 30 to 40 years old are still serving all over America. Now, modern concrete roads can be built to last 50 years and more and provide the smoothest, safest, most comfortable highway ride you've ever had.

The Interstate System is designed to carry over 20% of the nation's traffic at the heavy volumes expected in 1975. This kind of traffic on these vital roads demands pavement of time-proven durability. The answer is durable, economical, long-lasting concrete.

## PORTLAND CEMENT ASSOCIATION

805 COMMONWEALTH BUILDING, LOUISVILLE 2, KENTUCKY

A national organization to improve and extend the uses of portland cement and concrete... through scientific research and engineering field work.

## Women DO make up their minds

... the real reason for the big switch to  
**automatic ELECTRIC COOKING!**

Yes indeed—women usually know what they want in that number one home appliance—the kitchen range! They want all the things the modern, automatic ELECTRIC range has to offer... beauty, speed, accuracy, safety, cleanliness and economy! And they know, if they live out beyond the city gas main area, that only ELECTRIC cooking can give them all of these

important advantages.

A visit to your favorite store or appliance dealer, where ELECTRIC RANGES are sold, will help you in selecting the right one for your home. If extra wiring is needed—ask about our easy "WIRE on TIME" plan.

**THE UNION LIGHT, HEAT AND POWER COMPANY**

## Gallatin's Time ELECT TINSLEY

In 1943, Boone and Gallatin counties were combined to make a legislative district. At that time the Democratic Committees of each county met and agreed that in order for each county to have fair representation in the Legislature they would alternate the two-year terms without opposition from the other county.

Not in the four four-year terms has any citizen of Boone or Gallatin counties broke that gentleman's agreement until the current campaign for Representative. It is hardly conceivable that a voter in either county will knowingly support an individual's attempt to scrap the Gentleman's Agreement, which has stood for years.

Certainly either county has ample talent to offer opposition of ability should opposition be the wise cause.

The years 1959 and 1961 are Boone's term and certainly Gallatin county citizens will abide by their contract.

Signed:

GALLATIN COUNTY COM. FOR TINSLEY  
BOONE COUNTY COM. FOR TINSLEY

(Pol. Adv)

## KENTUCKIANS

### IN WASHINGTON

By Gil Kingsbury

#### Sell Bank:

A Virginia congressman, Burr Harrison, has been hitting hard at the sell bank program. He contends there is little or no profit in it for most farmers. He breaks down figures for each state

and comes to the conclusion that Kentucky farmers, for example, get only \$53.33 a year putting land in the bank. Kansas farmers, he says, top the list with average payments of \$736.

Texas, as you might know, gets the greatest sum of any state.

#### Church Attendance:

Kentucky clergymen who work hard to keep up church attendance might profit by the example of the National Presbyterian Church here in the Capitol. Have a President as a member of the congregation.

The minister there took a survey one day recently and it showed on a single Sunday, mind you, that 393 visitors were on hand. In the group were 32 different denominations.

So, if you want to bolster attendance, get Mr. Eisenhower to join the ranks.

#### Military Records:

It comes up about once a year—a question on the military records of Kentucky members of Congress. So, here we go again.

—Both senators are veterans, Senator John Sherman Cooper in the Army, Senator Thurston Morton in the Navy. Five of the House members also have military records.

Two of them, Eugene Siler and Frank Chelf, have Army and Navy service. The Army service was in World War II while the Navy duty was prior to the big engagement.

#### You Learn A Lot:

We accompanied a group of Kentucky high school tourists on a trip to the White House and we learned that one family has lived there—at the White House, mind you—ever since it was built.

From a student with a grasp for the irrelevant, come the information that the squirrels—that's right—have occupied the grounds land often the House itself) ever since 1800 when President John Adams moved in.

There were 3 percent less farm workers in late March than for the same time a year ago, the USDA reports.

In 1956, water-conscious farmers built more than 87,000 farm ponds, the all-time high for any year.

Florida animal husbandry workers now take call tomatoes, juice them, dry the pulps, and feed them to cattle.

## WHITES TOWER

The rainy weather is holding up the farmers in their spring work but everything is growing including, weeds, grass and what little gardens have been planted. Spring pastures were never better and the cows are pouring out the milk in unusual quantities and the cream is the heaviest ever known. "It's a-ill wind that blows nobody good." Floods and tornadoes have been notable by their absence from our vicinity for which we are truly thankful.

Butch Niemeyer is home on a short furlough, and will probably leave for across the water on his return to duty.

Randy Gibson has about the best berry patch we have seen for a long time and is a result of the work and interest he has shown in tending them. The writer just enjoyed a fine meal of froglets which are a delicacy we didn't know about until Dick captured a bunch of big ones on "Bide-A-Wee" lake.

Melvin Vincent who is home on a short furlough from the Army has been doing some much needed landscaping around his new home at the top of the hill. Melvin is a boy whom everyone likes and we all wish him the best of luck.

Watch out for an unusually rainy summer as it is due according to statistics for the past twenty years. The wet season have always come in sequence,

every five years and this is the year according to the figures.

Lieutenant Richard Dorsey, wife and little daughter, Sarah, who have been in Japan for the past two years, surprised their parents, Mr. and Mrs. Chas. Dorsey of the Tower, when they arrived home last Thursday about ten days ahead of the time they were supposed to arrive. To say that everyone was glad to see them would be putting it mildly.

Tom Brumback of Independence made a flying visit to the Tower Sunday.

Plastic pipe has worked very well on farms, say USDA researchers. It costs a little more than metal pipe but resists freezing and bursting in winter.

With protein supplements relatively low priced, cattlemen might do better implanting stilbestrol than feeding it to cattle, says one cattle researcher.

## This genuine Maytag

As Low as \$139.95

# WHY VOTE FOR ALVIN KIDWELL FOR STATE SENATOR

Alvin Kidwell has proven his ability and trustworthiness as a representative of the people during his years of service as a State Senator. He has consistently demonstrated his interest in all the people of his District and declined to blindly follow the directions of the Governor or any other one individual.

In the 1956 sessions of the General Assembly of Kentucky, Senator Kidwell acted in accord with the will of the people—not in accord with the will of the Governor only—when he spoke and voted AGAINST the bill sponsored by the Governor for increasing the State Income Tax.

Again, at the same legislative sessions, Senator Kidwell voted in accord with the will of the farmers—not solely in accord with the will of the Governor—when he opposed and voted AGAINST the tax on cigarettes.

In accord for justice and right and not for the interest of those who gamble and wager, but against the will of the Governor, Sen. Kidwell voted in 1956 AGAINST the repeal of the tax on pari-mutual betting at the Keenland Race Track.

Again, in accord with the best interests of the schools, Senator Kidwell voted for the Educational Foundation Program which has resulted in better schools and better pay for the school teachers.

Today, because of Senator Kidwell's truly representing the people and in so doing opposing by his vote and influence some of the ill-advised laws which were sponsored by Governor Chondler in 1956, he is being actively opposed for re-election with all the influence and resources of the State Administration. State employees have been instructed and coerced to vote against Alvin Kidwell and have been requested to make large contributions from their wages for the same purpose.

If the people want a Senator to represent them and not one who will represent the Governor only during the next four years, they will endorse the splendid record of courage, ability and trustworthiness of Alvin Kidwell by voting and working for his candidacy for State Senator.

Vote for the people to rule, not for one individual to control!

Vote against coercion and intimidation of State employees and others!

Vote for Alvin Kidwell for State Senator and you will vote for the interest of yourself, for the interest of your county and state and for the interest and protection of all the people, including your friends who may be State employees and forced to do otherwise to hold their jobs.

—FRIENDS OF ALVIN KIDWELL

## Man of Peace

Lesson for May 26, 1957

In a hospital for the insane, the patients may think the doctors are crazy. In a land of three-legged men, a man with only two legs would look deformed. Maybe this is why in the world today people who speak a good word for Peace are looked on as somewhat "touched in the head."

This is a warning world. It is a fact that the heathen ancestors of most readers of this column followed a religion in which heaven was thought to be a place where fighting went on all day and drinking all night. But north-Europeans are not the only fighters of the world. Wars and fights, large and small, have been going on in all parts of the world since cave-man times. This Twentieth Century is the bloodiest of all, with fewer wars than formerly, but far more serious ones.

### Surrender

Isaac, second son of Abraham, is known as a man of peace. But he must have seemed to be a rather odd man, around Gerar where he lived. He did not seem quite normal. He was willing, even eager, to make peace; but what lessons he endured in the making of peace? In the famous story of the Wells of Gerar, which is in our Scripture this week, we see Isaac giving up his comforts, his profits and even his rights, in order to keep peace. He moved farther and farther into the wilderness; he got no return on all the labor put in on the wells; and he actually gave up what he had a perfect right to keep—the wells themselves. It is very likely that a man or a nation that is going to stay at peace with the rest of the world, will, like Isaac, have to surrender some comforts, some profits, even some rights. A nation, or an individual, unwilling to make any concessions, yield any points or lower their profits, is headed for a fight. And the fight will cost more than what they fought to keep.

### Sons of God

Nevertheless, peacemakers shall be called sons of God. So Jesus tells us; let it be noted that he said peacemakers, not peace-wishers, peace-praisers. This means that peacemakers are like God; they belong to his family. It means that the peacemaker is in line with the purposes of God. Consider Isaac again. What became of all the nations whose battles reddened the earth, whose wars were the big news, whose generals were famous men, whose conquests made history? The nations of that day are now dead; so dead that until recently—we know better now—there were some who thought the Bible's references to them must be fiction.

Only university professors know about the Gigashites, the Philistines and all the rest, and they don't much care. But what became of Isaac? His name is immortal; the family descended from him is found everywhere in the world. The sons of Isaac are the most indestructible folk of history. When God sent his Son into the world, it was to the sons of Isaac that he first came, not to the children of the Philistines.

### Witness of History

Sometimes the most peaceful men or nations are forced to fight. But the truly great are not those who keep the fight going on for years and years, but those who bind up the wounds they have made. Germany, at the time these lines are being written, shows an example. That nation was conquered by America and Russia, along with other nations. Today America and Russia are the two principal powers occupying Germany with their armies. But the part controlled by Russia is being systematically bled. The great Russian war memorial in east Berlin is lined with inscriptions (quoted from Stalin) insulting the German people: most prominent in East Berlin are great ruined empty buildings. In the west zone, controlled by the United States, there is comparative prosperity; this country is devoting immense sums to the rebuilding of our former enemies' most prominent in west Berlin is the rising new city built on the ruins of the old. It cannot be said that Germans love to be occupied by foreign armies. But they know the vast difference between a former enemy who turns as quickly as possible to the ways of peace, and an enemy that never knows the war is over.

## BRAVE WORDS

That's my daughter Ellen standing up there in her cap and gown. Valedictorian of her class! I'd be a strange mother if I didn't feel a lump in my throat, and a tremendous surge of pride.

It just doesn't seem possible that my Ellen is grown-up. Like any mother, I have visions of a tiny baby... a little girl in pigtails... a child, beginning school.

And now here she is, speaking about the future that she and her classmates envision... the things

they are going to try to do... their hopes and dreams.

They are brave words, all of them... brave dreams. And like all parents, I pray that most of them will come true. But I know that in times of failure, my Ellen will have an added strength because of her Faith, and her devotion to the Church.

How glad, how thankful, I am for that!

## VERONA

Mr. and Mrs. Ray Gullion and two daughters and Misses Ruth Carolyn Perkins and Sandra Chapman visited Ray's parents, Mr. and Mrs. Henry Gullion of Carrollton on Sunday.

Mrs. Vevie Webster attended church at Ten Mile Baptist Church Sunday and also the Ordination of her son, Glenn Webster as a deacon of that church.

Mr. and Mrs. Lindsey Brashear just recently returned from a visit with parents, brothers and other relatives in Blomington and Spencer, Indiana.

Mrs. Olus Bradley from Burroughs Co. stayed a week with her brother, Mr. and Mrs. Stanley Fooks. Mr. Fooks has just returned from the Rest Home at Dry Ridge and is getting along very nicely. We hope for him a speedy recovery.

Mr. and Mrs. Harry Brown and son, of Louisville, and Mr. Fred Refitt and Mrs. Barbara Lindon of Erlanger, were visiting at the Jim Lamm's on Sunday.

Mrs. Elena Hamilton and little daughter, Karen, were calling on Mrs. Fannie Edgington on Tuesday afternoon.

Miss Huberta Arnold spent the weekend with Miss Nola Yates.

Mrs. Nora Sipple and little Catherine Smith of Owenston spent Friday with her sister, Mrs. Susie Glare.

Mrs. Susie Glare and Mrs. Martha Hayden were Sunday dinner guests of Mr. and Mrs. Mayro Hayden and their daughter, Carolyn.

Mr. and Mrs. Tom Yates and children spent Sunday with Mr. and Mrs. Lloyd Yates and daughter, Nola.

Mr. James Whitson of Covington, was calling on Mr. and Mrs. H. D. Edgington on Sunday afternoon.

Verona School closed today, Monday. Most all the children are glad as they were getting tired of going.

Mrs. Allie Chandler was calling on Mrs. Susie Glare on Sunday afternoon.

Miss Minnie Davis and Mrs. Pearl Lamm went to Florence last Wednesday to take the lesson on making stoles for the Homemakers.

## GLENCOE

Charley Chapman, father of Paul Cecil and Chas. Allen Chapman, passed away May 13. Funeral was conducted at the Glencoe Church of Christ, Bro. E. Stephenson conducting. Hamilton funeral home in charge.

The Ordination services at Ten Mile Church was conducted for deacons in such an impressive way Sunday. A large crowd attended.

Mrs. Addie Noel has been on the sick list. We pray for her speedy recovery.

Mr. and Mrs. Gilbert Reed have returned from Florida to spend the summer here.

Bro. Claude Richardson, pastor of the Glencoe Baptist Church, has resigned his

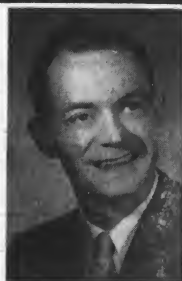

pastorate to take place in June.

Paul Chapman, wife and two sons, had supper Sunday evening with Mr. and Mrs. Walter Noel.

Mrs. Lottie Poland is able to be out again after being confined to her bed for two weeks.

Mrs. Stella Ross is slowly improving.

Of the nation's 2,819,000 motor trucks on farms in the US, more than 63 percent are the pickup type.

**TO BOONE  
COUNTY VOTERS:**

Now that my campaign is drawing to a close it is evident that I am not going to be able to see all the voters of every precinct and I regret very much that this has happened. There are several reasons that have brought this about—the major one being the change of the Primary Election in Kentucky from August to May 28th. This brings the campaign right in the midst of my busiest season of work completing the assessment for the tax rolls and meeting with the Board of Tax Supervisors. There are also about three times as many people living in Boone County as there were back in 1933 and a thorough campaign in the few weeks allotted is almost an impossibility.

The Board of Tax Supervisors has just concluded its session for this year. During this session out of a total of approximately 8,500 taxpayers in Boone County only one person came before it for an adjustment in assessment and only very few changes were made by the Board in its review of the entire present assessment.

I am proud of the above record and just a few months ago members of the Department of Revenue made mention of the fact that Boone County was one of the best and most fairly assessed counties in the State of Kentucky. Now I am being attacked because of the present assessment. Why are assessment ratios made such an issue in this campaign? Are they not being used as a means to confuse the people in order to cover the real issue? Boone County's ratio has not increased during the past 24 years as has been advertised, but it has declined steadily as inflated prices have prevailed. Should the assessment of the County be lowered by any great extent it would then be necessary to increase the tax rates to meet present obligations and this would not lower taxes. Our total assessment has grown immensely in the past years. This is due not to increased assessments on present property but to new buildings, subdivided acreages and more and higher market values on intangibles (stocks, bonds, notes, etc.)

I have tried to serve you well and never to betray the public trust bestowed on me in the years past. I greatly appreciate the confidence you have placed in me and now stand squarely on my record.

Again may I say that I am very sorry that I will be unable to see all of you, but let me assure you that I will be grateful for any consideration you see fit to give me on Tuesday, May 28th.

Sincerely,

**Wilton Stephens**

Democratic Candidate For Tax Commissioner of Boone County

**Setting The Record  
Straight**

DEAR MR. EDITOR:

In the normal course of events, John Q. Taxpayer little notes nor long remembers the political bickering or mud slinging that is sure to raise its ugly head in almost every campaign.

Much of it he views with apathy until one of his friends or his trusted public servants is attacked with falsehoods and untruths, by those who already feel the sting of defeat. Like a wiggling reptile in a dusty furrow, who is about to feel the sharp edge of the farmer's hoe, they squirm and writhe and spew their venom in any direction, with little regard as to where, how, or whom it strikes. It is then and then only, that John Q. Taxpayer's anger is aroused and he himself feels compelled to strike out and set the record straight.

And so it is with this letter. We, a group of Boone County Citizens, have seen and read an editorial in a local newspaper, only because, a normally paid-circulation paper, "not involved in politics" saw fit to utilize a goodly part of their front page and then distribute their paper free to boxholders over the county. In their "non-political" editorial they saw fit to attack one of Boone County's most loved and trusted public servants, namely, Wilton Stephens, the candidate for County Tax Assessor.

Our memories are not so short that we cannot recall that this same newspaper, "not involved in politics, nor shall it ever be," was calling upon us to vote for the "Tax-Happy" Chandler administration. This, we believe was the group, that if elected, would require no additional taxes. Yes, that was one of their strong campaign promises, but somehow things got a little mixed up and our income taxes "had" to be raised. This same "Tax-Happy" group has almost taxed the whiskey industry out of the State of Kentucky. There's more, but it is not the purpose of this letter to indulge in personal or bitter attacks.

The facts as we see them are simple. A strong pro-"Tax-Happy" Chandler newspaper asks us to support a strong pro-"Tax-Happy" Chandler man with the now, odorous promise, "That we will reduce your taxes." We were suckers once and we have the cancelled income tax checks to prove it, but to be a sucker twice nay Brother . . . nay!

We are proud of Wilton Stephens and we are proud that we have been able to keep a man of his integrity in the office of County Tax Assessor for twenty-four years. We resent the inference by the "non-political" editorial that we, the citizens of Boone County, are controlled by a political dynasty or a political dictator. We the citizens have elected our public officials over and over again because we have felt that they were the men best suited for the job. If and when we feel that there are better men for the job, we the voters will elect him and we will not need the advice of a pro-"Tax-Happy" Chandler newspaper to guide our hand in the voting booth.

We are a little more than proud of Wilton Stephens and his unmarred record in public office. We are proud that we have had some little part in keeping him there. It is not our premise to tell other voters how to vote, but we intend to keep Wilton Stephens in office as long as he will serve us in the honest and efficient manner that he has so faithfully done in the past.

So to the prolific spreaders of venomous untruths, who find it necessary to give their paper away in order to spread their campaign of falsehoods, may we say, that the "non-political" editorial has served at least one good purpose. Come tornadoes, storms, or floods, we intend more than ever now, to go to the polls and put Wilton Stephens back in office. We intend to make sure that no more "Tax-Happy" Chandlerites sneak into office on the false premise of reducing taxes and then wake up one fine morning to learn that we owe more in taxes than we have in the bank.

Unlike our opponents, who write "non-political" editorials under the subterfuge of being great journalistic benefactors to the community, we wish to state definitely and undeniably, that this is a political letter, written and published because a group of citizens are incensed, not only because of the attack on one of their trusted public servants, but because the voters themselves were accused of being a part of a political dynasty and a political dictatorship. Let this "Tax-Happy" crowd be advised that we, the voters, and we, the taxpayers, elect our public officials and when they serve us well, we'll put them right back in office, time and time again. We resent very strongly the accusation that we are a part of any political dynasty or dictatorship. We are farmers, businessmen, taxpayers, and voters, and as such we intend to elect men who KEEP their promises.

We know Wilton Stephens as a man, we know him as a friend, and we know him as a tax assessor and we intend to cast our vote for him, no matter how much "non-political" hodgepodge is stuffed in our mail boxes for free. We believe in Wilton and we resent your attack on us as voters. We'll give you our final answer to this type of Pseudo campaigning come May 28th.

Very truly yours,

## TO THE VOTERS OF BOONE COUNTY:

As the campaign draws to a close I should like to take this opportunity to express my appreciation to you, the people of Boone County, for the cordial way you have received me during my campaign.

It elected to this office I pledge to the citizens of the county my utmost to provide you with the continued clean government that has for many years been associated with our county.

I have not yet selected a person to become my deputy, if you people see fit to elect me to this office. I have received several applications and you may rest assured each of these will receive due consideration.

I urge each of you to exercise that privilege we are so fortunate to enjoy. So vote for the man of your choice. Your consideration and vote will be appreciated.

**JOE HOGAN, Deputy Sheriff**

Candidate for Sheriff of Boone County

## Remember IRA M. TANNER for JAILER

Be sure to vote in the primary and vote for the candidate of your choice. There are several good men in the race for jailer this year and no matter who you vote for, you can't go wrong. Each candidate deserves good fortune.

While you are considering who your choice will be, we just want to call your attention to the fact that an old friend of yours and ours, IRA TANNER, is in this race too although he will not be able to wage the vigorous campaign he would like to. Mr. Tanner had a mild heart attack in January but is feeling much better and is permitted by his doctor to get out a little more every day. However, he is not going to be able to see or talk to hardly any of his many friends before the election because election day is just around the corner.

Mr. Tanner is grateful beyond words for the many messages of support that he has received from all over the county. He is in this election race to win. So we want to say for Mr. Tanner that, although he may not get to meet you before May 28, he deserves every consideration you can give him, no matter who your final choice is.

We assure you that this message was placed in this paper by a group of Mr. Tanner's well wishers and, although we had his consent to make a statement, Mr. Tanner was not informed 'til now of what we had to say.

Please vote for IRA M. TANNER for jailer, and thank you for reading our message.

—FRIENDS OF IRA M. TANNER

Harlan Heilman, our Commonwealth Attorney, during his term in office has been a vigorous but fair-minded prosecutor who has devoted time and energy to the preparation and trial of cases in our circuit court. We believe that during Mr. Heilman's term in office we have had better law enforcement here than in any other district in this part of the state.

As an attorney in private practice, Mr. Heilman has never failed to represent clients whose cause was just, regardless of any personal or political animosity it may cause him.

Mr. Heilman represented the citizens of Boone county before the Public Service Commission to secure better telephone service for the people of this county. In this case, as well as many others, he proved to be entirely civic minded.

Although he is a man of deep religious convictions, he has never, nor has he encouraged or permitted others to parade or eulogize his religious qualities; because race, creed, nor color, has ever affected or swayed him in handling his office as Commonwealth Attorney.

We, his friends, urge you to go out on election day, Tuesday, May 28 and actively support HARLAN HEILMAN, whose ability and integrity have already been proven.

THIS AD IS SPONSORED AND PAID FOR BY  
FRIENDS OF HARLAN HEILMAN IN BOONE COUNTY

HARLAN HEILMAN

# REMEMBER!!!

## The Tax Facts About Boone County

Boone County's Real Estate Assessment Ratio is the 5th Highest in Kentucky. It barely escapes (by only 1.1) being the second highest of Kentucky's 120 counties.

JOE

**DRINGENBURG**

Candidate For  
BOONE COUNTY

**Tax Commissioner**

### Compare These 1956 Ratios:

BOONE COUNTY .....	41.3	
KENTON COUNTY .....	30.2	State
CAMPBELL COUNTY .....	29.7	Average
GRANT COUNTY .....	33.5	<b>30.8</b>
PENDLETON COUNTY .....	34.3	
MAGOFFIN COUNTY .....	16.8	

### Assessment Value Growth During Past 4 Years In Boone County

1953 .....	\$26,876,945
1954 .....	28,344,320
1955 .....	31,461,695
1956 .....	36,990,260

## TAX QUESTIONS

1. Why has Boone County's Assessment Ratio, during the past 24 years, grown to the extent that it is now 5th highest of the 120 counties?

2. Did you know that on a piece of property costing \$10,000 the property owner would pay tax on \$3,080.00 at the state average, but in Boone County, on the average, he would pay tax on \$4,130.00?

Have you examined records in the tax assessor's office to determine how high your tax assessment REALLY is?

Even if your assessment is lower than your neighbor's, YOURS ALSO MAY BE TOO HIGH . . . remember that Boone County has the 5th highest real estate assessment ratio in Kentucky.

How could your assessment miss being in the high bracket? . . . UNLESS YOU ENJOY POLITICAL FAVORITISM.

This condition has steadily grown worse in the past 24 years.

**J. R. FORD**

— FOR —

**COMMONWEALTH ATTORNEY**

TO THE VOTERS:

For the past four months I have been actively canvassing the district, however, it has been impossible to see all of you.

Reports from all counties in the district are most favorable and encouraging, and I urge my friends to continue their efforts in my behalf.

I am running my own race and am not aligned with any candidate or group of candidates and have not interfered or been connected with any other race now before the voters.

I assure you that if I am selected to serve you I will cooperate with law enforcement officers and other officials in the investigation and prosecution of all crimes. I will solicit, NOT REJECT, the aid of competent officers while major crimes within the district remain unsolved.

For your information I call to your attention the following facts:

I am 43 years of age, married, a member of the Christian Church, and a resident of Owenton, Kentucky, where I have practiced law for the past 10 years. My experience includes serving at City Judge, County Judge, and from July 1954 until January 1956 as an Attorney for the Commonwealth of Kentucky. I am one of five brothers, all having served in the armed forces during both World Wars. I am a veteran of World War II, having served four years in the U. S. Navy. Most of this service was as a lieutenant aboard a destroyer in the Pacific. During this time I received the Bronze Star Medal for directing the sinking of a Japanese submarine.

The foregoing, together with the recent unqualified endorsement given me by all candidates for all Owen County offices, should indicate that I am well qualified for the office of Commonwealth Attorney.

I appreciate the many courtesies and the kindness which have been extended me. It has been a pleasure to renew acquaintances and form new friendships throughout the district. I have no fear of your decision at the polls on Tuesday, May 28.

Your continued support and influence appreciated.

Respectfully,

**J. R. FORD**

## TO THE VOTERS OF BOONE COUNTY:

My campaign has been a very enjoyable one, renewing old acquaintances and meeting new friends who have moved into our county.

Being born in Boone County, I have always had the county's interest at heart.

As was my intention, I have made an honest effort to contact every voter, but that has been impossible because of time and people away from home.

I am indeed grateful for the gracious way in which I have been received by each of you, and also your interest in my race.

This is my first time to seek public office and I feel that my background and qualifications merit your support.

Let me urge you on next Tuesday, May 28, to nominate me as your Circuit Court Clerk, and if nominated I pledge, as an individual officer, to be ready and willing to render any service I can to you.

I assure you your support will be greatly appreciated and never forgotten.

Sincerely,

MRS. HELEN BROWN  
Candidate for Circuit Court  
Clerk of Boone County

(Pol. Adv.)

## CRITTENDEN

Sr. Nectole Alvarey Castellanos of Havana, Cuba, arrived Sunday morning for ten days visit with Don Hitch Sr. Alvarey is a professional dancer and has appeared on the Lucky Strike Hit Parade for two seasons. Prior to that time he was a feature dancer in "The Paloma Game" on Broadway, after his visit here he will leave for New York to begin rehearsals for a new Broadway musical.

Miss Wanda Turpin who is attending Georgetown College, is spending her summer vacation with her parents, Mr. and Mrs. Fred Turpin and daughter, Betty.

## Retirement of Two Good Officials

On a day when most of the well-wishing and the plaudits will be going to the incoming officers of city and county government, it is well to remember two officials who are leaving the service of Campbell and Kenton counties.

We refer to George J. Kaufmann, county clerk in Campbell, who walked out of the office he has held since 1938 to devote his full time to the practice of law. In Kenton county, Sam Furste, veteran clerk for 24 years, has decided also to retire from that post, passing the honor of the office along to his chief deputy for many years, William (Buster) Bauereis. There is a parallel also between the office in the two counties in this latter respect, for in Campbell, Edward Sheehan, chief deputy for Mr. Kaufmann, was elected without opposition to the office his chief has just relinquished.

We do not know two better men than these two retiring clerks to whom to express our best wishes today. And we do not know of any better men to whom to extend congratulations on their duties than Mr. Bauereis and Mr. Sheehan.

Mr. Furste said the office of sheriff in Kenton county is primarily a "clerk's position" and that he is eminently qualified for the post. Mason Dixon can agree to that.

# SAM FURSTE HAS PROVEN He Is a Servant of the People!

To throw MUD you must stoop mightily LOW... MUD-THROWING is Ground LOST!

Furste for Sheriff Campaign Committee

## Notes on the Kentucky Political Front

## BUILDING TRADES SUPPORT FURSTE FOR SHERIFF

SAM FURSTE is credited with a long friendship with labor. He is a former Kenton County clerk. Many union men have been his close associates for over 50 years.

FURSTE lost his left arm in an accident at the Henderson Lithograph Company, September 24, 1906, when he was 14 years old. He could have avoided the accident if he had taken a promotion to a job breaking a pressmen's strike. His loyalty to his fellow workers at that time cost him his arm.

The primary elections are slated for May 28.

## Owens, Kidwell Win In Boone Contests

### OUTSTANDING STUDENT

Judy Lynn Thompson

### Zimmer Takes Boone But Loses In Gallatin

Boone County's Democratic Primary election finished up Tuesday with more interest than had been shown all during the campaign. Burlington had more people Tuesday night than had been known in anyone's memory. There were several close races but were not the ones that had been expected to be close. The tight ones developed in the jailer's race, the representative contest, commonwealth attorney, and coroner, but the sheriff's race which was expected to be very close turned out rather the other way.

**Hensley Leads Ticket**  
R. S. Hensley led all candidates in the number of votes with 3245, while Wilton Stephens was second with 2978. Hensley defeated Mrs. Helen Brown by 2091 votes. Stephens took what was once thought might be tight by 1360 majority over Joe Dringburn for tax commissioner.

In the sheriff's race, Joe Hogan outdistanced PI Presser 2665 to 1927. The jailer's race was tightest of all with Schoggin coming from behind to miss by only 62 votes overtaking the leader, Ira Towner. Jerry Rouse led all the way to defeat Nick Shields for coroner.

**In the State Races**  
In the state and district races, Mrs. Owens had a 1038 majority over June Suter for the clerk of the Court of Appeals, and Alvin Kidwell bested Jimmy Cubbage by 973 votes to take Boone into his column for state senator. Ben Zimmer took Tinsley in Boone by 201, but lost the race due to the heavy vote for Tinsley in Gallatin county. In the tight commonwealth attorney race, Heilmann took Ford in Boone by 130 majority and this is close in the district with the winner still in doubt.

## Kenton County 4-H Delegates Chosen to Attend "4-H Week"

J. A. Blau, chairman of the Kenton County 4-H Club Council, announced this week the Kenton county delegates selected to attend 4-H Week at the University of Kentucky, Lexington, June 4-8. Each year, eight of the outstanding boys and girls in the Kenton County 4-H Clubs are selected for this honor.

According to Mr. Blau, the following boys and girls have been selected: Eddie Fisk, Patricia Fisk, Teresa Foltz, George R. Hoffman, Betty Hunter, Mary J. Linder, Justin Schneider, and Edwin Stahl.

Eddie Fisk, son of Mr. and Mrs. Dewey Fisk, Morning View, Route 1, is a former president of the Kenton County 4-H Club, was Kenton county dairy champion in 1955, and is currently enrolled in the 4-H electric, dairy and tobacco projects.

Patricia Fisk is the daughter of Mr. and Mrs. John Fisk of Demossville, Route 1, and is the 1957 state review winner. She has served as president of the Piner 4-H Club and is enrolled in an advanced clothing project.

Teresa Foltz, daughter of Mr. and Mrs. Ralph Foltz, Walton, Route 1, is enrolled in the second year of sewing and also taking the dairy project. She is a member of the St. Cecilia Club.

George R. Hoffman, son of Mr. and Mrs. Robert Hoffman, Walton, Route 1, has had an outstanding record in 4-H electric work, being enrolled in the third year electric project. He was one of the high award winners at the 1956 County 4-H Fair. George is a member of the St. Cecilia 4-H Club.

Betty Hunter, daughter of Mr. and Mrs. Milton Hunter, South Ft. Mitchell, Route 1, is currently enrolled in the third year of sewing. She is a member of the Holy Guardian 4-H Club.

Mary J. Linder, daughter of Mr. and Mrs. Charles Linder, Demossville, Route 1, is currently the first vice-president of the Piner 4-H Club. She is enrolled in sewing and good grooming projects.

Justin Schneider, son of Mr. and Mrs. Justin Schneider, Sr., 6352 Taylor Mill Road, is the 1957 president of the St. Anthony 4-H Club. He is currently enrolled in third year electric.

Edwin Stahl, son of Mr. and Mrs. Sylvester Stahl of Demossville, Route 1, has achieved his 4-H record through the tobacco and pig projects. He has participated in the district 4-H tobacco shows at Carrollton for the past two years. Edwin is a member of the Piner 4-H Club.

These trips are sponsored by the Covington-Kenton County Chamber of Commerce, Sears Roebuck, George W. Hill and Sons, Bank of Independence, Coppins, Kroger Company, and Pennys.

**SPENCER HEATON**  
Spencer Heaton, proprietor of a liquor store in Walton, died Sunday in St. Elizabeth Hospital, after an illness of almost five months. He was 58 years old.

### MISS CECILIA CODE

Miss Cecilia Code, former resident of the Old Lexington Pike, Walton, Route 1, died May 21 at the Kentucky Training Home at Frankfort, where she had been living for the past 39 years. She was 56 years old.

Surviving her are her mother, Mrs. Kate Gunning Code, Old Lexington Pike, Walton; four brothers, John, Martin and Harry Code, all of Pittsburgh, and George Code, Walton; and three sisters, Mrs. Agnes Hilliard and Miss Mary Code of Walton, and Sister Mary Elyse of St. Stephen School, Newport.

Requiem High Mass was sung at 9:00 a. m., Thursday, May 23, at All Saints Church, Walton. Burial was in St. Mary Cemetery, Fort Mitchell.

Chambers and Grubbs funeral home, Walton, had charge of arrangements.

## Man Shot In Scuffle When Resisting Arrest By Walton Officer

A Walton man, shot in a scuffle when he attempted to resist arrest, was in good condition Thursday at St. Elizabeth Hospital.

The victim, Robert Whitson, 32, was wounded in the abdomen.

The shooting occurred Wednesday when Francis Kilgore, assistant Walton police chief, attempted to arrest Whitson on a drunken-driving charge.

Chief Kilgore said he noticed Whitson driving on the wrong side of U.S. 25 near the southern edge of Walton.

"I stopped him and when I started to give him a ticket he grabbed my flashlight," the officer said. "When I tried to get the flashlight back, he grabbed for my revolver in my holster. I drew it and in the scuffle it went off."

Chief Kilgore said there were no witnesses to the shooting. The officer took his wounded prisoner to the hospital.

### WILLIAM T. FLORENCE

William T. Florence, 72, of Verona-Crittenden Road, died May 27, at St. Elizabeth Hospital, Covington. Born in Grant county, he was a farmer, and a member of the Lebanon Presbyterian Church.

Survivors include his widow, Mrs. Lottie Florence, at home; a son, Wilbur Florence of Glencoe; three grandchildren; one great-grandchild, and two sons, Mrs. Ross Calender of Williams-town, and Mrs. Mollie Roberts of Georgia.

Funeral services were held Wednesday, May 29, at 2:00 p. m., in the Hamilton funeral home, Verona, with Rev. Kelly Kennedy officiating. Burial was in Lebanon Cemetery.

### Literary Club to Meet

The Walton Woman's Literary Club will meet at the Phoenix Restaurant on Wednesday, June 5, at 2:30 p. m.

Hostesses are Mrs. J. L. Hamilton and Mrs. H. F. Mann. The new officers will be installed at this time.

## Officer Installation For Independence Job's Daughters

Miss Brenda Joyce Worthington, the daughter of Mr. and Mrs. W. W. Worthington, Piner, will be installed as Honored Queen of Bethel No. 8 International Order of Job's Daughters, Independence, Monday night, June 3, at 8 p. m., at the Masonic Hall, Independence.

Miss Brenda Joyce Worthington

Other officers to be installed are: Sandy Setters, senior princess; Joyce Hutchins, junior princess; Brenda Bailey, guide; Joyce Chapman, marshal; Sandy West, recorder; Donna Walton, treasurer; Jo Ann Ishmael, librarian; Carol Ramey, chaplain; Peggy Binder, first messenger; Geraldine Whisman, second messenger; Alice Faye Works, third messenger; Sandy Hurd, fourth messenger; Peggy Filler, fifth messenger; Barbara Brueggemann, miscellan; Jackie Smith, first guard; Carolyn Glass, senior custodian; Joy Sollee, junior custodian; Mary Black, outer guard.

The past Honored Queens to be the installing officers are: Joyce Cooper, Donna Richardson, Donna Schuster and Patsy Jones. Guardian is Mrs. Helen West and associate Guardian is Mr. Louis Lee. This ceremony will be open to the public.

### METHODIST BIBLE SCHOOL

A Daily Vacation Bible School will open at the Walton Methodist Church on Monday, June 3, at 9:00 a. m., and be in session each day until 11:00 a. m., for two weeks, closing on Friday, June 14th.

Arrangements for transportation to and from school will be made for those who need to ride. Register early. See the pastor or your Sunday School teacher. Classes for Nursery children through Intermediate (4 to 15 years of age).

Miss Carolyn Armstrong spent Monday night with Miss Sherry Stephenson.

### CHAS. W. CHAPMAN

Charles W. Chapman, 71, of Warsaw, a retired salesman, passed away May 13, of Central State Hospital.

He is survived by three sons, Charles A. Chapman of Newport, Cecil D. Chapman of Long Beach, Calif., and Paul A. Chapman of Glencoe; three sisters, Mrs. Minnie Snow of Glencoe, Mrs. George Noel of Glencoe, and Mrs. Pete Noel of Williamson, and five grandchildren.

Funeral services were held Thursday, May 16, at 10:00 a. m., in the Glencoe Church of Christ with Rev. E. Stephenson officiating. Burial was in the Glencoe I. O. O. F. Cemetery.

Hamilton funeral home, Verona, had charge of arrangements.

### FHA Picnic June 4th

The Walton-Verona F. H. A. and home economics class will enjoy a picnic at Verona Lake Ranch, Tuesday, June 4. The group will meet at the school at four o'clock or at the lake at 4:30. All girls are asked to bring a covered dish and join in the fun. Special guests will be Miss Mary Catherine Kelly, new home economics teacher for next year, and the freshman girls. See you there!

### TB Hospitals Admit 151

A total of 151 persons were admitted to State tuberculosis hospitals during April, says the State TB Commission.

With 126 discharges during the month, the number of patients in the six hospitals at the end of April was 691, the report showed. The hospitals treated 649 free patients during April.

### JUNIOR LEAGUE TO OPEN

The Boone County Junior Church League will open its season on Monday, June 3 with three games. The league is sponsored by the Northern Kentucky Protestant Association.

The following churches are represented: Walton Methodist, Beaverick Baptist, Union Presbyterian, Sand Run Baptist, Petersburg Christian, and Hopeful Lutheran. All games will start at 6:30 p. m.

The schedule for June 3 is as follows: Walton vs Beaver at Walton; Union vs Sand Run at New Haven, and Petersburg vs Hopeful at Petersburg. June 10, Beaver vs Union at New Haven; Sand Run vs Petersburg at Burlington; and Hopeful vs Walton at Florence.

### To Attend Convention

Dr. Virginia Kratz and Mrs. Mary Cress, R. N., will attend a conference on chronic diseases in Louisville, the week of June 3.

There will not be an immunization clinic on June 5 at the Boone County Health Department, due to this meeting.

Mrs. Ethel Breiden and Mr. and Mrs. A. T. Hunt went to New Liberty, Sunday and visited Mr. Hunt's sister and husband, Mr. and Mrs. U. T. Alexander, and other relatives, and decorated the graves of his parents.

## Kenton County School Tax Levy Passes by 2560 to 1563 Vote

In light of the special tax levy for the Kenton County School District was approved Tuesday, 2560 to 1,563.

Spurheading the drive for passage of the bond levy which will allow the Board of Education to assess a five-to-fifty-cent additional tax on property was the Citizens Committee for Better Kenton County Schools.

New construction projects will take up much of the funds made available by passage of the levy. It is expected that the board will assess the full fifty cents authorized.

Among the major projects that will be started by the board will be construction of two new junior high schools, one in the vicinity of Taylor Mill, and the other near Dixie Heights. They will relieve the load on Simon Kenton High School, which needs 10 classrooms now, and will need 14 more next year, and 44 more in 1962.

A new ten-room building will replace Piner School, the oldest in the county. Spring Lake and Forest Hills Schools, now in separate buildings, will be combined. Additional rooms will be added to Park Hills School, and improvements will be made in Crescent Springs and Visalia.

### GARDEN CLUB TO MEET

The Boone County Garden Club will hold its Fifth Annual Standard Flower Show on June 11 at the Boone County High School. The exhibits will be received, registered, and placed between the hours of 11 a. m. and 1 p. m.

The exhibits will be arranged in the first floor halls and in the lobby at the entrance. The show will be open to the public after 3 p. m. and will not be removed until after 8 p. m. and can be viewed all during the dinner hours.

A dinner will be served in the High School cafeteria by the members of the Garden Club and will feature home-made pies. There will be adequate parking space for all guests and there are signs in Florence showing the way to the school. If any further information is desired call Mrs. Paul Cheney, president, at Florence, AT. 3-2321, or Mrs. Wm. Weiler, AT. 3-1227. The public is invited to the show and the dinner.

American hybrid coms have been grown in India with favorable results.

### RICHTER HOME BURNS

The home of Kuit Richter on Eads Road, near Verona, was totally destroyed Tuesday afternoon by fire. The Walton firemen were called about one o'clock and when they arrived the house was too far gone to be saved.

Richter was not at home at the time and no furniture was saved. The loss was estimated at about \$15,000.

The fire had started in or near the kitchen, said Chief Worthington of the Walton Volunteer Fire Dept. There was only one cistern that could be used for water supply.

The Independence firemen stood by at Walton during the fire for emergency reasons.

## Gets BS Degree from University of Kentucky On Monday, May 27

William Carley Scott, son of Mr. and Mrs. John Scott, Sr., of Verona, received a Bachelor of Science degree in Accounting from the University of Kentucky at the nineteenth annual commencement on Monday, May 27.

While attending the University, he has been active in several organizations. As a freshman, he was granted the First National Bank scholarship. He is a member of Delta Sigma Pi, professional commerce fraternity, in which he has served as correspondent, historian, and for the past year has been senior vice-president. He is also a member of Beta Alpha Psi, National accounting honorary fraternity, and the College Chapter of Commerce.

He was graduated from Fleming County High School in 1950. Immediately following graduation he served with the U. S. Navy for four years in the Pacific.

Mrs. Scott has accepted a position as cost analyst with the International Business Machines Co., Lexington.

He is married to the former Carolyn Carpenter, daughter of Mr. and Mrs. Eckles Carpenter, Flemingsburg.

Mrs. Scott is home economics instructor in the Paris City Schools.

Mr. and Mrs. W. H. Presser and daughter attended commencement exercises at U. K. Lexington, Sunday afternoon and Monday, their son, William Presser, being one of the graduates.  
Johnnie Prather, son of Mr. and Mrs. Charles Prather, who has been quite ill in the hospital, is now home and improving slowly.

Mr. and Mrs. Jack Roberts and daughter of Florence, were the Friday evening guests of Mr. and Mrs. Charles Sullivan.

Mrs. Doretta Brooks and Mrs. Jenny Snyder have returned home from Covington, where Mrs. Brooks has been ill for two weeks at the home of Mrs. Lena Mann.

Mr. and Mrs. W. H. Bertram and family of Greenville, Ohio, attended the linen shower Friday night at Janoda, South of Walton, given in honor of Miss Shirley Lou Carpenter, bride-elect of Tommy Cook.

Mrs. Eula Cook of Mt. Zion, was the guest of her son and wife, Mr. and Mrs. Naaman Cooke, for several days last week.

Mrs. June King was the Sunday dinner guest of Mr. and Mrs. Shelby Acra. Miss Donna Lee Stephenson is out now after being confined to her home with the measles.

Pauline and Karen Chance, daughters of Mr. and Mrs. Clifford Chance, had their tonsils removed last Friday. Both are getting along nicely.

David Jarmon entered St. Elizabeth Hospital, Sunday and was operated on Monday.

Harry Johnson, the auctioneer, returned home Saturday from Booth Hospital, where he underwent an operation. Mrs. Lawrence Wilson and Mr. and Mrs. Lawrence Hendricks visited his mother, Mrs. Walter Sams, at St. Elizabeth Hospital, Saturday.

Mr. and Mrs. Richard Jones and Mr. and Mrs. Melvin Jones were Sunday guests of Mrs. Carl Jones, who has returned home from the hospital recently and is doing nicely.

Mrs. Ollie Robinson has been confined to her bed for four weeks but is some better at this time.

Mr. and Mrs. John Hanks had as guests last Thursday and Friday, their son and wife, Mr. and Mrs. Paris Hanks of Louisville, also on Thursday, their daughter and family, Mrs. Price Johnson.

Mrs. Ila Pruett returned home Saturday after visiting her sister, Mrs. Wm. Howard at Vissito, and her friend, Miss Ruth Smith of Rector Road.

Mrs. Ora Stone and Miss Marie Armstrong had as dinner guests Sunday, Mr. and Mrs. Walter Epping of Richmond, Ind., Mr. and Mrs. Eldon Pickett and two sons, David and Jeffrey, of Erlanger, Mrs. Flora Summey, Mr. and Mrs. Willie House, Mr. and Mrs. Goebel Armstrong and Mrs. Lena Pelley.

Mr. and Mrs. John Ryan had as guests last week, Mr. and Mrs. John Maxwell of Hayworth, Ill., and as dinner guests on Sunday, Mr. and Mrs. Richard Howard, Miss Flora Howard, Miss Paula King, Gilbert Maxwell and Chester Ryan.

A number of relatives of Ray Fisk, surprised him Sunday at his home at Nicholson, when they arrived to spend the day with him, which was greatly enjoyed by everyone present. In attendance were Mr. and Mrs. Ralph Perry and family, Mr. and Mrs. Robert Perry and son, all of Covington; Mr. Fisk's only sister, Mrs. Mary Alice Mackie of Cincinnati, and her daughter, Mrs. Estelle Perry of Covington.

Mr. and Mrs. J. R. Jamison of Florida, are visiting her sister and husband, Mr. and Mrs. Warren Stephenson.

Mrs. Jack Siebler of Akron, Ohio, and her father, Will Gibson, of near Crittenden, called on Mrs. Mayme Simpson one afternoon last week.

Mrs. Susie Steinhauer is leaving today to visit her son and wife, Mr. and Mrs. Hilton Steinhauer, in North Carolina.

Jim Bob Allen of India, recently joined his wife here and attended the graduation exercises at the local high school, where their daughter, Mossi, was a graduate. Last week, the Allens were guests of Mr. and Mrs. Frank DeMoisey in Norton, Va.

David Jarmon entertained a group of his friends and classmates in honor of his eighth birthday last Thursday. Present were Ronnie and Donnie Afterkirk, Ray Allen, Butch Vest, Gary Sullivan, Larry Roberts, Barbara Groger, Judy Shields, Sandy Morgan, Barbara Groger, Joella Slett, Norma and Eddie Neumeister, Melvin Davies, Jimmy, Elaine and Sandy Salyers, Paul Price, Corky and Mike Jarmon, his aunt, Mrs. Bruce Price, and his grandmother, Mrs. Emma Vest.

Mrs. Joe Leanderback, Sr. was the Sunday guest of Mrs. Marion Bush of Covington.

Mr. and Mrs. Bruce Price, Jr., were the Sunday guests of his parents, Mr. and Mrs. Bruce Price, Sr. of High St. Mr. and Mrs. George Fisk had as recent guests, his aunt, Miss Elizabeth Fisk, of Los Angeles, Calif.

Mr. and Mrs. Joe Neumeister entertained the following guests for dinner, Sunday: Mr. and Mrs. Dan Roberts and daughter, Mr. and Mrs. Bill Duchemin and two daughters, Mrs. Jimmy Miller, Mrs. Travers Vance and children, Miss Wilma Boswell and Mrs. Bennie Boswell.

Mr. and Mrs. Eugene Sizemore, Mr. and Mrs. Charles Sizemore and Mr. and Mrs. Finley Porter visited relatives in Frankfort, Sunday.

Mrs. Virginia Gaines has returned home after a visit with her brother, Grover Schneider, at Madison, Ind., who has been ill.

Miss Alva Flynn of Louisville, is spending a few days here. She is a student at the Baptist Hospital School of Nursing.

Mr. and Mrs. William House of Independence, were the Monday guests of her sister, Ora Stone. Mr. House has been very ill but is able to be out now.

Mrs. Bess Conrad, Mrs. Omer Powers, Mrs. Maude Wilson and Mrs. Blanche Franks were the Friday guests of Mrs. Mary E. Stephenson of Dry Ridge.

Mrs. Arena Stepple of Cincinnati, spent the weekend with Mr. and Mrs. James Naive and son of Banklick Road.

Dr. and Mrs. Gaines Ed Huey and daughter are moving to their home which they recently bought on Nicholson Road.

Mrs. William Parker was the Saturday guest of Mr. and Mrs. Albert Parker.

Mrs. Leona Courtney has been confined to her home from a recent fall in which she injured her leg. She is better at this time.

Miss Judy Horn spent several days the past week with her grandparents, Mr. and Mrs. Everett Bickers.

Mrs. J. H. Stephenson of Carrollton, is visiting her son and wife, Mr. and Mrs. Howard Stephenson.

Mrs. Doretta Brooks is on the sick list at her home on North Main.

Mr. and Mrs. Guy Carmle entertained their Sunday school class, Friday evening.

Mr. and Mrs. Wendell Downing and family are moving Friday to Erlanger. We regret losing these people from our town.

Miss Pamela Ryan was a recent guest of her cousins, Mary Jo and Junior Ryan.

Mrs. J. B. McCubbin is able to be out after having had throat trouble.

Mr. and Mrs. Lum Teagarden and family spent the weekend with his mother at Germantown, Ky.

Mr. and Mrs. Kenneth Johnson, Sr., Mr. and Mrs. Kenneth Johnson, Jr., Miss Thelma Johnson, Mrs. Dora Pennington, Miss Irma Rector, Miss Donna Wright, Miss Wanda Tackett, Miss Alva Flynn and Lee Pennington attended commencement exercises at Blue Mountain College, Mississippi, May 24, where Mrs. Patricia Myers was one of the graduates.

Mrs. Gertrude Daniels of Alta Vista Drive, entertained Mr. and Mrs. Marvin Pennington of Clarksville, Ind., and Mr. and Mrs. R. B. Daniels, son and daughter, of Erlanger.

Mr. and Mrs. Pete Miller and family spent the weekend with his parents, Mr. and Mrs. Charles Miller, of Germantown, Ky.

An easy way to close a long zipper in the back of a dress is to thread a string through the zipper tab, place the string over the shoulder and pull the zipper up.

# WHAT'S THE BIG SOUTH?

**WHY IS IT** that industries of all kinds are being drawn to the Southland today from every direction? There are many reasons, of course. But we think the biggest attraction of all is an intangible thing, not easy to define...

It is the sincere hospitality with which the entire town greets a new industry in its midst, making the newcomer feel right at home.

It's the way the men and women of the community so readily adapt to the specific needs of the "new plant in town"...quickly and willingly learning new skills...eagerly giving a full day's work in return for a fair day's pay.

It's the friendly, unselfish spirit of men and women in all walks of life who are genuinely proud of their home town and want to help it grow and prosper in every way they can.

Time and again it has been shown that the people of the South don't stop at just wanting new industries to locate in their community. They work at it to get them — then go out of their way to keep them happy in their new home. This is the big attraction in the South. And all in the Southland benefit!

Harry A. DeBatts  
President

## SOUTHERN RAILWAY SYSTEM

WASHINGTON, D. C.

## VERONA

Mr. and Mrs. J. T. Gore had as their Sunday dinner guests, Mr. and Mrs. Mayro Hayden, daughter, Carolyn, and Mrs. Martha Hayden.

Mrs. Laverne Burden and two children were calling on her mother, Mrs. Allie Chandler and Mrs. Ethel Rogers on Saturday.

We are sorry to hear of the passing of Mr. Willie Florence on Monday. We extend sympathy to his wife and son, Wilbur, and other relatives in his passing.

We are sorry to know Mrs. D. R. Chapman is very ill and also Mrs. Virgie Coleman. We hope for them both a speedy recovery.

Mr. and Mrs. Jim Lamm attended church at South Fork Sunday and went on to Erlanger to be there for the Baccalaureate services Sunday night. Their grandson, Freddie Reiffitt is graduating from there.

Mr. and Mrs. Arthur Brewster attended the Commencement exercises of the Eastern High School of Middletown, Ky. where their friend, Miss May Louise

Watts, was graduating. They were to have the graduation at Freedom Hall but on account of such a large crowd of about eight thousand people being present they had to have it at the New Fair Grounds. We send congratulations to Mary Lou and wish her the best of luck as she journeys on in life.

Rev. Kelly Kennedy, Mr. and Mrs. Jay Webster and Mrs. Minnie Davis left on Sunday night for the mountains to attend the funeral of Mrs. Alice Cruse who died at West Liberty Hospital Saturday morning. We extend sympathy to her children and other relatives in the loss of their loved one.

Mrs. Ellena Hamilton and children spent Sunday with her parents of Erlanger.

The Masons of Verona Lodge entertained their families Saturday night with a big supper at the Verona schoolhouse. There were about 90 present and every one reported a nice evening and enjoyed the nice talks they had by Br. Britten and Mr. Weaver.

Rev. and Mrs. Kelly Kennedy and son were entertained at the Jay Webster home Sunday.

## CRITTENDEN

Rev. Wendell Belew of Atlanta, Ga., was guest of his parents, Mr. and Mrs. Marion Belew last Friday.

Mrs. Mark Wynn fell at her home on Friday and broke her hip. She was taken to St. Elizabeth Hospital for treatment. Miss Bessie Hightower of Gordonsville, is in St. Elizabeth Hospital suffering with heart ailment.

Mrs. Lyda Doud is spending some time with her daughter, Mrs. Edward Gleason of Bridgetown, Ohio, who is very ill.

Mr. and Mrs. Sterling Vallandigham and baby of Williamstown spent Saturday with Mr. and Mrs. Herbert Wagner. Mr. Ernest Beighle remain quite ill in Lexington hospital.

Mr. and Mrs. Asa Hallon and two children at Dry Ridge, spent Sunday with her parents, Mr. and Mrs. Shelby Hise. Jackie Wilson left Sunday for service. He is stationed at Fort Knox.

## WHITES TOWER

We are sorry to say that accidents by autos last week were a little above the average in our vicinity. A little more care and thought for the other guy would cut this to a minimum. Wake up and live, you motorists.

Linda Ward of Covington was a weekend visitor of relatives in the Tower. Mrs. Joe Schadler of the Tower, was a good Samaritan one day last week during the indisposition of Mrs. Ryle.

Judy Brumback and brother, Tom, are on a visit to their father in Cleveland, while their sister, Patsy and girl friend, Nadine Ferguson are on a vacation in New York.

Rev. Bob Brumback and family of Twelve Mile Road in Campbell County were guests of his parents here one day last week.

Mr. McBee of Harris Pike, has tobacco plants ready to reset.

Richard Dorsey and the writer attended the ball game at Crosley Field Sunday. That Jeffcoat sure gave the crowd a thrill with his first homer of his career.

Rain, rain and more rain, so it makes you wonder just when you will get the rest of that garden planned. What is in the ground is sure growing but so are the weeds.

The writer believes that we have the most beautiful climbing red rose in this part of the country, so if you want proof just glance at the trellis in our front yard for a deep dark velvet type of rose in full bloom.

Bud Ryle and wife of Werk Road, Cincinnati, were callers at the farm over the week-end. The occasion being his father's 76th birthday at which neither he or Ella Mae ever forgets and this goes for our other three children and nine grandchildren and four great grandchildren too. If you could see the grand presents received by us you would just wonder how one man could be so lucky.

## COMMONWEALTH OF KENTUCKY DEPARTMENT OF HIGHWAYS NOTICE TO CONTRACTORS

Sealed bids will be received by the Department of Highways at its office, Frankfort, Kentucky, until 9:00 A. M., Central Standard Time on the 14th day of June, 1957, at which time bids will be publicly opened and read for the improvement of BOONE COUNTY, S 590 (1), SP 8-130—The Florence-Belleview (Ky. 18) Road. Drainage Structure and Approaches at Allens Fork Creek, approximately 1 mile west of Burlington, a distance of 0.237 mile. Grade, Drain and Bituminous Concrete Class I Surface.

The Special Provisions for Highway Projects financed with Federal Highway

Funds apply on the foregoing project.

The attention of the prospective bidders is called to the prequalification requirements, necessity for securing certificate of eligibility, the special provisions covering subletting or assigning the contract and the Department's regulation which prohibits the issuance of proposals after 8:00 A. M., CENTRAL STANDARD TIME on the day of the opening of bids.

NOTE: A PURCHASE CHARGE WILL BE MADE FOR EACH PROPOSAL. REMITTANCE MUST ACCOMPANY REQUEST FOR PROPOSAL FORMS. REFUND WILL NOT BE MADE FOR ANY REASON.

Further information, bidding proposal, et cetera, will be furnished upon application to the Frankfort Office. The right is reserved to reject any and all bids.

## loves to cut loose and cover the miles!

If you're looking for a real "escape artist," a car that loves to step out and get away from it all—well, it just happens that Chevy was born with that urge.

If there ever was a car that loved to cut loose and cover the miles, it's this one. Yet it's so easy to handle that it even makes city traffic seem a bit lighter and parking places a bit bigger.

Chevy's pretty easygoing out on the highway too. Not pokey. Far from it. You find, for example, there isn't a hill around that can make it breathe hard

—not with Chevrolet's high-performance V8 on the pulling end. You've got up to 245\* horsepower here for the biggest helping of driving pleasure found in the low-price field!

Chevy's new Positraction rear axle (optional at extra cost) adds still more pleasure. It delivers greater power to the wheel that grips, not the wheel that slips. You have surer control and better traction on any road surface.

Stop by your Chevrolet dealer's before another good driving day goes by.

GET A WINNING DEAL ON THE CHAMPION!

\*Optional at extra cost. 270-h.p. high-performance engine also available at extra cost.

Only franchised Chevrolet dealers display this famous trademark

See Your Local Authorized Chevrolet Dealer

## Periodical Cicada To Appear In This Area, Says Price

The periodical cicada—sometimes erroneously called the 17-year locust—will appear in Kentucky this year, says W. A. Price, Kentucky State entomologist.

Price said adults of these insects, noted for their long nymphal period (from 13 to 17 years, depending on the climate) will appear about the end of May. They will be on hand about six weeks.

Principal damage done by the cicada is not through their feeding habits but their system of laying eggs. Using their saw-like ovipositors, the female cicada cuts into the stems or twigs on shrubbery and trees and deposits eggs in the cuts; this cutting weakens the branch ends and eventually they die.

However, even in the "nymphal" stage, the insects (living underground) do considerable damage. They suck the sap from tree roots.

**HONORARY DEGREE RECIPIENTS AT UK**—Shown above are four persons selected to receive honorary degrees at the University of Kentucky's 90th annual commencement on May 27. They are (l. to r.) Curtis G. Benjamin, president, McGraw-Hill Book Company; Miss Margaret Ingels, air conditioning and refrigeration authority; Robert Pena Warren, novelist, poet, literary critic and teacher; and Omer Carmichael, superintendent, Louisville public schools. This year's graduating class numbers approximately 1,000.

Mr. Price noted the cicadas won't attack trunks or large limbs on big trees. They confine themselves to small branches, on the extreme edge of the big trees, or use smaller, younger trees for their egg-laying activities. Smaller trees easily can be ruined by the insects' pruning operations, though larger trees usually will recover.

He recommends protecting small trees and shrubs by wrapping with cheesecloth or similar material during the egg-laying period. This period extends from about a week after emergence of the cicadas until the insects disappear. Small trees adjacent to wood lots will be special objects for attack, Price noted.

Several spray applications made at night or early in the morning have given good control of the adult cicadas. The material recommended is commonly known as TEPP, used at the rate of 1/4 to 1/2 pint of 40 percent material in 100 gallons of water. Since TEPP is

a poisonous material, all precautions recommended by the manufacturer concerning its use and handling should be strictly observed.

The cicadas do take 13 to 17 years to mature into adults. The reason they appear at more frequent intervals is because there are numerous broods of cicadas which do not necessarily mature in the same year. Brood XIV is the one coming this year.

Forecasts of the 1957 brood show that it will be found all over the state; adjacent states probably will not be as heavily infested, surveys show.

### W. H. Roe at Burlington

William H. Roe, Contact Representative of the Kentucky Disabled Ex-Servicemen's Board, will be at the Court House in Burlington, Wednesday, June 5, from 9:00 until 11:30 a. m. He will assist veterans and their dependents with claims for benefits due them.

### Birthday Celebration

The birthday celebration for Mrs. Erma Stockman was a delightful affair, with a bountiful dinner of friend chicken, country ham, fresh peach cobbler, and salads galore, served on the beautiful lawn at her country home.

Those present for the occasion were: Rev. and Mrs. Joseph R. Tackett, Mr. and Mrs. John Acree, Mr. Elbert Wilson of Verona, Mr. and Mrs. Halmes Fisher and children, Joe and Caren and Miss Orpha Fisher all of Lawrenceburg, Ind., Mr. and Mrs. Hub Fisher, Mrs. Susie Norman, Mr. and Mrs. Tince Fisher, Mr. and Mrs. George Fisher, all of Walton, and the hostess, Mrs. Erma Stockman.

Mrs. Stockman received several nice gifts and a large decorated birthday cake with candles was presented by Mrs. John Acree and Mrs. Hub Fisher. All left at a late hour wishing Erma many more happy birthdays.

### WALTON LOCALS

Mrs. Ora Stone had as a guest Sunday and Monday, her cousin, Mrs. Lena Pelley of Wyandotte, Mich.

Mr. and Mrs. Lee Sanders and Mrs. Nancy Spencer of Cincinnati, were the Sunday guests of his mother, Mrs. Lena Sanders, and Louise.

Mrs. Ila Pruett is leaving Thursday to spend several weeks with her brother and wife, Mr. and Mrs. J. V. Dameron of Amelia, Ohio.

## Florence Woman's Club Meets at Home Of Mrs. Jake Cleek

The May meeting of the Florence Woman's Club was held at the home of Mrs. Jake Cleek, Richwood Road, Walton, on Tuesday, the 21st, with Mrs. William Scroggin and Mrs. Ralph Smith assisting.

Mrs. Dean Caton presided over the short business session, which was followed by Mrs. Harry Dougherty introducing the speaker, Mrs. Garnett Tolin, who gave a very descriptive and interesting book review on "Imperial Woman," by Pearl Buck.

A social period was then enjoyed by all. Members attending the meeting were Mesdames Luther Bach, Dean Caton, W. H. Campbell, Paul Chaney, Jake Cleek, Reuben Conner, Harry Dougherty, J. F. Dougherty, Sam Denham, W. F. Foote, Wilson Fullerton, Juanita Hightower, A. A. Liggett, Wallace Lucas, Roy Lutes, Herbert Riehl, Robert Tanner, William Scroggin, Ralph Smith, Robert West, W. H. Wesler, and Jay Utz.

Guests present were Mesdames John E. Murphy, J. L. Hamilton, J. C. Ranson, O. A. Bogardus, Lem Bledsoe, Julia Rouse, Anna McCabe, J. C. Bedinger, Jean Ranson, Mary Ella Logan, C. C. Bedinger, Willis Berkshire, Ruth Masters, John G. Tomlin, Sr., John G. Tomlin, Jr., and Lois Johnson.

## Surprise Birthday Party

A surprise birthday party was held in honor of Sherry Marlene Stephenson, eleven-year-old daughter of Mr. and Mrs. Lebus Stephenson, at her home on Monday, May 27, at 6:00 p. m., with a buffet supper for the following guests: John "Chip" Butler, Nelson Boyd, Jr., Jeffery Baird, Jimmy Hinsdale, Jimmy Maddox, Bonnie Riley, and Judy Fortner, all of Independence; Betty Mae Sexton of Erlanger; Mike Kocaba, Mike Eckler, Eddie Neumeister, Harry Sleet, Carolyn Armstrong, Vickie Reed, Beverly Eckler, and Marilyn Stephenson, all of Walton.

Following games, all left wishing Sherry many more happy birthdays. Miss Stephenson received many lovely gifts.

## Hickory Grove WMS Meets

A meeting of the Hickory Grove Baptist Church W. M. S. was held at the home of Mrs. J. C. Reynolds, May 7, at 8:00 p. m., with seven members and one visitor present. They were: Mrs. Dwight Maddox, Mrs. Robert Taylor, Mrs. Rudolph Cassan, Mrs. Franklin Lipscomb, Jr., Mrs. Ralph Jump, Mrs. Forest Papp, Mrs. J. C. Reynolds, and Mrs. Anna Frakes, a visitor. All enjoyed having Mrs. Frakes as she is a former member. Visitors are always welcome.

During the business session, it was reported that a cabinet had been built in the basement and dishes purchased, which were used at the Mother-Daughter banquet, given by girls of the YWA with the help of the WMS who didn't have YWA daughters. A delicious chicken supper was served and thanks is extended to everyone who took part in the banquet.

The program was taken from Royal Service, and was very interesting. After the program, Mrs. Reynolds served delicious cake, ice cream, coffee or tea, which was enjoyed by all.

The next meeting will be postponed a few days as Bible School will be held June 3-14, and a revival June 24 to July 5. The WMS will try to meet between these two events. All come to the next meeting and also be sure to attend the Bible School and revival. Rev. Lewis from Corbin, Ky., will be the evangelist.

## Beacon Class Meets

The Beacon Class of the Walton Methodist Sunday School was entertained Friday evening, May 24, at the home of Mr. and Mrs. Guy Carlisle. Wesley Burgess, vice-president, conducted the business session in the absence of the president. Guy Carlisle and Paul Kline were appointed to make the plans for painting the nursery. A picnic was planned for the regular class meeting, which will be held the third

Friday evening of next month (June 21). The place will be announced.

The scripture lesson was read by Wesley Burgess, followed by prayer by Helen Burgess. A Bible quiz and games were led by Mrs. Burgess.

A delicious dessert course was served to the following: Rev. and Mrs. A. E. Atkinson and daughter, Elizabeth, Mr. and Mrs. Wesley Burgess, Mr. and Mrs. Ward Rice, Mr. and Mrs. Arthur Doggett, Asa M. Rouse, and Mr. and Mrs. Guy Carlisle and daughter, Christy.

## Annual 4-H Week At the University of Kentucky, June 4-7

Hundreds of fresh-faced Kentucky 4-H youngsters turn their paths toward the University of Kentucky, Lexington, June 3 for the opening session of the 34th annual 4-H Week.

For one of the girl 4-H youngsters, the June 4-7 sessions will mean a trip to the National 4-H Club Congress in Chicago next December. This coveted prize goes to the dress revue winner.

For a limited number of other boys and girls, the sessions will result in state champion titles. These championships will go to teams or to individuals. Competition will be in such work areas as soil and water conservation; public speaking; bread-making; dairy foods; seed, feed and fertilizer work; and many others. Money prizes, ranging from watches to pen and pencil sets, are offered.

But the 1,200 youngsters won't be on an all-work and no-play schedule; in between their work sessions, they'll participate in group singing, tours, swimming, picnics, games and similar activities.

Only four speakers are scheduled during the week-long affair. One is Gov. A. B. Chandler, who will address the entire group at 8:30 a. m., Thursday, June 6, in Memorial Coliseum.

Dr. Frank Dickey, U.K. president, talks at 8:30 a. m., Wednesday in the Coliseum; Dean Frank J. Welch of the U.K. College of Agriculture will speak at the same time and place Friday, and on Tuesday night, at 8:30 o'clock, Dr. William H. Alexander, Oklahoma City, Okla., Christian church pastor and on authority on youth work and mental health, will address the groups.

Another highlight of the program is election of officers of the state group. For the coming year, this occurs Thursday morning; results will be announced Thursday night.

Outstanding youngsters at the state meeting will be honored, too, by several University organizations. The University 4-H Club will give a trophy to

the outstanding club member attending; recognition also will be paid to other outstanding youngsters by Farmhouse and Alpha Gamma Rho, both social agricultural fraternities; Alpha Zeta, men's honorary agricultural group, and Phi Upsilon Omicron, women's honorary home economics organization.

## Roots of Hatred

Lesson for June 2, 1957

If the hatred between Arabs and Jews today threatens to wreck the peace of the world, this is made worse by the fact that it has been going on for a long time. There is no hatred more bitter than that between brothers. The Bible shows that from ancient times, the most implacable enemies of Israel were among those people closely related to them by race. Indeed, the stories in Genesis trace this intra-family feud to two brothers, Jacob and Esau. In the story of how these two brothers became enemies, we can see some of the same roots of hatred which may be found anywhere in the world where one man or class or nation hates another.

### Inherited Quarrels

As Jacob and Esau grew up, the hatred seemed to be all on one side. Jacob may have despised his brother, or feared him, but there is no evidence that Jacob ever hated Esau as Esau for a time hated Jacob. It takes two to make a quarrel, but only one to make a hate. . . . Or is that quite true? The roots of hatred are not always in the hate; they may be in the one who is hated, or they may not be in either one. Part of the reason why Jacob and Esau, though brothers, were not brotherly, was not their fault at all. In their home, father and mother were at odds. Isaac their father and Rebekah their mother had different, even clashing temperaments. The two boys being quite different from each other, their parents at once took sides. The mother played Jacob as her favorite, while old Isaac did his best for the other brother, Esau. It can be said that humanly speaking, coming up in a divided home, Jacob and Esau could never have grown up in peace. They inherited the quarrels of their parents. And inherited quarrels never grow less bitter—usually more so.

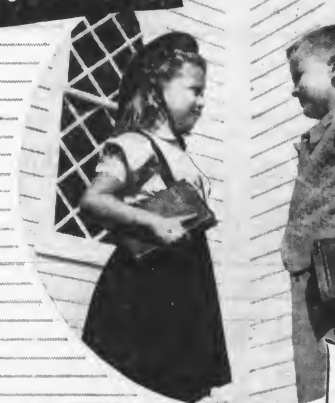

### Low-down and Crooked

If one root of the hatred which Esau bore to his brother can be traced to their parents, another certainly must be traced to Jacob himself. He was hated because he was hateful. As Billy Sunday once said, Jacob in his younger days was so low-down he had to climb a tree to look a snake in the eye, and so crooked he could hide behind a corkscrew. The famous sale of the birthright has something decidedly fishy about it. Some historians believe that Esau could not legally (as laws went at that time) dispose of his birthright, it was inalienable. In that case Jacob was promoting a criminal act. In any event, legal or not, the trade was not a fair one. Indeed it was grotesquely, monstrously out of line. One bowl of stew for a birthright! Considering the power and (in this case) wealth which a birthright carried with it, the bargain was a barefaced theft on Jacob's part. Then the theft of the blessing was even worse. It could not have been managed, one is inclined to say, if Isaac had been the least bit bright. Jacob need not have been surprised if, after that Esau had murderous thoughts. When a man finds himself the object of another's hate, the first thing he should ask is, what have I been doing?

### The Jealous Heart

But hatred grows also from roots in the heart of the hater. It is fairly clear that Esau never forgave Jacob for that birthright business. Strictly speaking, while Jacob was mean enough, Esau had only himself to blame for losing his birthright. He was so much the victim of his appetite that a bowl of stew looked bigger and more important than all the power and responsibility of a great birthright. He was by no means as near death as he said, and he had no right to lay all the blame for the bad bargain on his brother. But he did, and the thing rankled in his heart and he never, for years, forgot or forgave. So hatred may be partly the result of inherited quarrels, it may be partly rooted in a hateful attitude on the part of the one who is hated, but these other roots will wither in time unless they receive strength from the root that goes deep into the hater's soul. Conceit brings forth jealousy, and jealousy, long nourished, brings forth hate. And then not even murder is far away.

## COMRADES

Childhood is a brief span in the bridge of life. Yet it is during the early years that we lay the foundation for all that is to come.

Church School is over, and Eileen and Johnny linger on the church steps, talking about the lessons they've learned this morning. They both are excited because, under their teacher's guidance, the stories of the Bible are beginning to come alive for them.

We're not going to predict a "happy ever after" ending. We're not going to say that having met in Church School, Eileen and Johnny will go on seeing each other in church each week and that ultimately they'll grow up, fall in love, and get married. (Though, who knows? Maybe they will at that!)

But we are saying—and deeply believing—that through Church School these children and thousands upon thousands of other children are receiving religious education, an ever-expanding lesson in good fellowship, wisdom, kindness, and tolerance.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## OAK RIDGE

Carl Tomlin returned home from Baylor University, Waco, Texas, to spend the summer with his parents, Mr. and Mrs. E. O. Tomlin of Lipscomb Road. Ernie Richardson brought his friend, Ray Cattel of Shelbyville, Ky., home with him from the University of Kentucky, where they are both students. They spent the past week-end with his parents, Mr. and Mrs. T. C. Richardson. Rev. Calvin will graduate from Georgetown College on May 31. His mother,

Mrs. Ozella Perry is going to Georgetown for the graduation exercises. Rev. M. M. McFarland of Seabree, Fla., visited Rev. and Mrs. George Kelly last week-end and went with them to Chicago where all three of them will attend the Southern Baptist Convention.

Mr. and Mrs. H. R. Hutchins, Carol Tallent and Virginia Fletcher left May 28th for Syracuse, N. Y., where they will visit Bruce Hutchins and his family. Ronnie Brown of Hands Road, suffered a concussion in an auto accident on Taylor Mill Pike a week ago. He is still in St. Elizabeth Hospital but is getting along fine. His grandmother, Mrs. Ada Calloway and sister and brother-in-law, Mr. and Mrs. Edward Schuler, were on a vacation in Florida at the time of his accident.

Raymond Harris is in the Cincinnati Veterans Administration Hospital. Mr. and Mrs. Frank Poetter are building a new home between their present home and Taylor Mill School.

A Girls' Auxiliary presentation service was held at Oak Ridge Baptist Church, May 26. Those participating were—Maidens, Carol Tallent and Donna McNabb, Ladies-in-Waiting, Diane Huffman, Mary Byrd, Molly Baird and Sharon Works, Princess, Linda Yates. A reception was held following the service.

The Oak Ridge Homemakers Club held a workshop on canning chair seats at the home of Mrs. E. C. Harris, May 27.

Mrs. Ernest Adkins and sister went to Indianapolis, Saturday to watch the qualifying races at the Indianapolis Speedway.

Mr. and Mrs. Frank McClannahan (he is known as Frankie Mack, the race car driver) moved in next door to us at 683 Lipscomb Road. The week they were moving he broke his arm when the race car he was testing crashed at Hilltop Race Bowl.

Eugene Gatewood plans to attend the Memorial Day race at Indianapolis Speedway. He attends the race every year but had to miss last year as his baby son was born at that time.

The Daily Vacation Bible School at Oak Ridge Baptist Church will be held June 3-16 from 9 to 11:30 a. m.

Little Dennis Tomlin, son of Mr. and Mrs. William Tomlin, fell off his porch Saturday and got the blackest eye we ever saw.

## STAFFORDSBURG

Mr. and Mrs. William Brannock visited her brother and wife, Mr. and Mrs. Dawson Ballinger over the week-end. We were very glad to have them at church on Sunday evening.

Rev. and Mrs. J. W. Parish spent last Wednesday with Mr. and Mrs. J. A. Keeney.

The people who are planning the week day Bible School met at the parsonage on Tuesday evening to make plans. Most things are in order for the opening on June 3rd. Lack of transportation is the biggest problem. If you can help with this it will be much appreciated. Please contact Rev. Parish FL 7-8301.

Accompanying Miss Emma Yates on Sunday were her guests, Mr. and Mrs. Mayo Smith and their daughter and husband, Mr. and Mrs. Bob White, Louisville. We were glad to see all of them. Mr. and Mrs. Russell Rector, Misses Mary and Alma Stephens and Mr. and Mrs. J. A. Keeney visited on Sunday. Their sister, Mrs. Jessie Carl of Newport, and their aunt, Mrs. Lillie Smith of Grants Lick.

We called on our very dear friend, Mrs. Anna Berberick recently and were so happy to find her health much improved.

## CARD OF THANKS

We wish to express our thanks and appreciation to our friends and neighbors for their assistance during the death of our father, Charles W. Chapman. We especially want to thank the Hamilton Funeral Home, Bro. I. E. Stephenson, the donors of flowers and Miss Julia Ward Garvey, pianist and the choir. Your kindness will always be remembered.

THE FAMILY.

## KENTUCKIANS

## IN WASHINGTON

By Gil Kingsbury

## Annual Event:

Each year about this time a lot of Kentuckians interested in flood walls, dams and water-way improvements descend on Washington to tell lawmakers of their needs. This year is no exception. So, we take time out to look at the record, get their remarks.

For example, Ernest Mitchell, head of the Kentucky Chamber of Commerce, came out in favor of the Greenup, Warren and Louisville dams. "They mean," he said, "much to Kentucky." Then he proposed that additional funds be appropriated for the New Richmond Dam across the Ohio between New Richmond, Ohio, and Campbell County, Ky.

## Budget Cuts:

Warren Smith, who is President of the Mayville-Mason County Development Association, admitted the federal budget is being pared. But he said that the Ohio Valley program is both essential and productive. He wants Congress, he said, to look closely at the projects proposed.

Mrs. Martha Comer, editor of Mayville's Daily Independent, declared that projects have merit. They are, she told lawmakers, investments in the future.

## Lots of Witnesses:

The Kentucky delegation marshalled a lot of witnesses—all in favor, of course.

Lewis J. Williams, President of the Campbell County Chamber of Commerce, plugged for a complete flood control program for the entire Ohio River basin.

James Osborne, head of the Kenton County Chamber of Commerce, said that industry is locating in the Ohio River Valley because a "controlled" river is possible.

## Ashland There, Too:

John Diederich, Kentucky political leader and Ashland lawyer, said the river valley is the industrial heart of the nation. Its prosperity, he went on to inform lawmakers, is vital to the national welfare.

Well, that about sums it up. In all likelihood, Kentucky will get much of what it seeks. Other sections will, too. So, while budget cutters pare federal costs on other items, river projects the country over will continue to demand attention—financial attention, that is.

## GLENCOE

Mr. Carl Hudson was taken to St. Elizabeth Hospital Saturday.

Sympathy is extended Mrs. Foster Miller and family over the death of her sister, Mrs. Mollie Durham. Burial was in Hills Cemetery, Taylor Mill.

Mrs. Addie Webster has been very ill the past week.

Mrs. Rider had a misfortune of breaking her hip last week and is in St. Elizabeth Hospital.

Mrs. Liza Carlton has had pneumonia the past week but is better.

Leslie Miller and wife, Mr. and Mrs. Walter Noel and Mrs. Ollie Hudson visited St. Elizabeth Hospital Sunday to see Mr. Carl Hudson.

Mr. and Mrs. Tom Gordon visited Pleasant View Cemetery Sunday and saw the family.

Marvin Ray Collins is making a visit his aunt, Martha Siemon of Arkansas.

The two age groups that have the poorest diets are adolescents and adults more than 50 years old, says USDA.

Irises should be divided and replanted as soon as they are through blooming, but peonies and Madonna lilies should not be divided until August.

Experiment Station Publication  
Gives Data On Use of Manure

A four-page, letter-type publication, issued by the Kentucky Agricultural Experiment Station poultry section contains data on use of poultry manure for various crops. It is listed as Miscellaneous No. 81 and is available at the Experiment Station.

Information contained includes such things as amounts of nutrients contained in poultry manure, treatment results, a comparison of poultry manure with commercial fertilizers; using the manure on crops such as corn, small grains, pastures and hay, and burley tobacco; and vegetables and fruit.

## Mowers Tuned-Up

## DECORATION DAY

This is a day we remember the ones who had our places a few years ago, keeping this country going. Our relatives, our friends, our enemies, if we had some, and most people that ever did anything had a few enemies. I would like to come a lot of my old friends who have passed on, but I might miss some. In the last 22 years I have had some characters around the store nearly every day. With election coming up, I think of Omer Cleek, Jess Thornton and Tom Marshall, who were really busy right before election. In those days they could tell you all about it.

The greatest of all is the good young men who died in past wars to keep our great country the greatest. These were young men with a lot ahead of them. But some went through the war, came home and were killed in fast automobiles. So, when our time comes, whether in the armed forces or out on the highway, that is it. My dad died June 5, 1937, which is 20 years ago—he thought this was a fast world then. He could not have kept up today as everything happens so fast. He used to get after me for driving 60 miles an hour. What would he do in one of these 300 h. p. cars?

This was a busy day and we sold a little of everything. Carl Simpson bought one of those good power lawn mowers I have been telling you about. I have just received a 1 1/2" suction and 1 1/2" discharge water pump, mounted with a gasoline motor—this pump is ideal for pumping water for setting tobacco and other farm used. Mr. Robinson, on Ky. 16, bought a garden plow—this will give him exercise, but he said it was for his wife. Nick Trapp and Sam Black were here getting pipe threaded. Winston Brown was in getting a 1 1/2" suction and 1 1/2" discharge water pump. Heizer farm, over on U.S. 42, it here a lot.

A lady came in and bought two gallons of Jelled Magic, two gallons of Lustre-Color canary yellow, and two gallons of Bolle Liquid. Bolle Liquid is just brought down another shipment of paint. We must sell lots of paint as we are always out of some colors and we order twice a week. Just received a shipment of Armstrong linoleum rugs and linoleum—most all new patterns. We have a large selection of linoleum and rugs, 9x12 rug \$9.95, 7'x9 \$9.95 and 12'x12 rug, 18'x9 \$12.15 rug, 21'x9 \$12.15. Several patterns of linoleum for 1.00 per sq. yd. Either Armstrong or Bird and we have a nice assortment.

We received more of those 1 1/2" water pumps with the Briggs-Shaw pump, all mounted to the water. This pump will really put out the water. We also have a 1 1/2" pump to mount on a tractor. Of course we have the gear and paddle pumps which are cheaper but pump less water. You will need these

pumps as soon as the ground dries up and ready to set tobacco. Several have set some small patches of tobacco but most of them are waiting for drier weather. Today we had a lot of customers, none buying very large items, but lots of small purchases. We sold lots of paint, paint rollers and brushes. Mrs. Stanley Kacaba bought a lot of linoleum. Mrs. Chas. Robinson bought a 12x15 linoleum rug and a lot of rug border. Ben Snow also bought 36 sq. yds. of linoleum for one room—some large room. We have those bronze gear pumps now, also those centrifugal pumps mounted with a gasoline motor and one not mounted. Jack Alphin is out and working some again—he was here getting a pump, hose, plastic pipe and pipe fittings. This is one of those gear pumps and I saw Jack pump out a well into a cistern last Dr. Bachmeyer—it was lifting their water 15' and running two water hose into a cistern.

We sold several of those Perfection hand tobacco setters today. We have several in stock and more coming. We also carry repairs for them. Today we sold several metal lawn chairs and some canvas covered lawn chairs. Brewster and Ross delivered Russell and Kate Sparks, near Allen electric range—they also took Mr. and Mrs. Charles Robinson a 12x15 linoleum rug. Meanwhile Leslie Hoffman was in getting her sheep shearing machine repaired—she said she was going to shear her sheep.

Then Brewster went to Hagedorn's and brought back three power lawn mowers he had repaired. He took one of these mowers and 40' of Orangeburg pipe out to Mr. Mullins, on Brach-Piner Road, Walton, R. Brown, from Piner, was in today—he has been having some lawn mower trouble, but we hope we have his trouble repaired. We sell lots of lawn mowers, but we have very little trouble. Just like cars, once an while you get a lemon. I received some more rattle pups as the weeds will really grow now. Several are buying Benms tobacco setter pumps—we have a very good supply, but don't put yours off until the rush, get that old setter out now and check it over.

We have so much to sell you but every now and then you call for something we don't have. It is a big job keeping up the stock as we have so many small items and we don't have if divided into departments. It is up to each clerk to keep watch and when an item gets low or is out, he must put it on want book so it can be bought from the salesman when he comes. Kurt Richter brought a gallon of outside white paint and started talking about it. He said he had a lot of it, so I sold him a short run to catch those big ones on.

We have metal lawn chairs, wooden lawn chairs, hammocks on stands and off, ice cream freezers, etc.

FIGHT ON MOSQUITOES

Agriculture Commissioner Ben Butler has stressed the necessity for local cooperation in the State's aerial spraying campaign against mosquitoes.

Individuals in infested areas must employ certain control measures on their own property, Butler said. He recommended:

1) Development of a community organization to perfect a concerted control program. . . . Clean-up of all refuse around the home and drainage of standing water. . . . Chemical treatment of all stagnant pools. . . . Covering all water containers around the home. . . . Elimination or spraying of all mosquito harboring places, such as weeds, shrubs and bushes.

Evaporated Milk A Convenient Food

Thrifty housewives find that a supply of evaporated milk on the pantry shelf comes in handy in daily cooking. A concentrated form of milk, it adds a desirable richness when added to salad dressings, soups, sauces, main dishes, and baked foods.

By adding an equal amount of water, it may be used as either fluid milk, and has similar food value, say UK nutrition specialists.

Production of evaporated milk last year amounted to 2,540 million pounds, according to the USDA, or about 2 percent less than the 1955 production.

IS YOUR SUBSCRIPTION PAID?

PRECAUTIONS ARE URGED DURING TOBACCO SETTING

When tobacco setting time arrives—about the end of May—farmers should follow several simple, proved practices, says Russell Hunt, Agricultural Extension Service tobacco specialist.

He said this year's tobacco beds are in excellent shape, with a good prospect for plenty of plants. The beds are almost entirely free of the usual diseases that plague farmers.

SETTING SUGGESTIONS

1) Insure a good start in the field by spraying or dusting plants (before pulling) in the beds with the recommended concentrations of DDT to control flea beetles; this will give protection from 5 to 10 days in the field (depending on the weather) to the newly transplanted plants.

2) Use good sized plants—the stems should be about the thickness of an ordinary lead pencil—to insure a good stand the first time.

3) Don't transplant when temperature is in the 90's; if setting must be done, do it in the later afternoon or evening.

4) Cultivate the newly planted field immediately in shallow fashion to control weeds and grasses, and break the soil crust caused by setting equipment.

5) Don't use anything but water in the transplanter barrel; the specialists do not recommend use of starter solutions, regular fertilizers, or any type insecticides in the barrel.

Hunt said the disease-free conditions this year apparently stemmed from good weather and good cultural practices, such as proper ditching, use of blue-stone-lime, and insect control.

ROAD PROJECTS BEING READIED FOR COMMITTEE

An improvement of proposed Kentucky road projects will be presented soon to the Governor's Advisory Committee on Highways for consideration.

The new projects will be in addition to the \$85,000,000 federal-aid program approved April 29 by the committee for work during the 14-month period ending July 1, 1958.

This was announced by officials of the State Highway Department at the committee's third meeting May 20.

Engineers of the Automotive Safety Foundation and the department are studying the proposed projects.

The list of new projects should be ready for submission to the advisory committee by the middle of June or, at the latest, July 1, said Dwight H. Bray, chief state highway engineer.

The A.S.F. is a non-profit national engineering organization serving as consultant to the department in mapping the expanded highway program.

Bray suggested that the committee hold itself in readiness for a meeting to pass on the proposed new program as soon as the list is complete.

The \$85,000,000 program's financing is independent of the state's \$100,000,000 bond issue voted by the voters in 1956.

Money for the \$85,000,000 plan kicking off a proposed

## Dedication of Legion Home Preceded by Memorial Services

The parade and dedication of the new American Legion Home by the American Legion and Auxiliary, assisted by other organizations in Walton helped to make Memorial Day one of the most impressive in the history of our town.

Much credit must be given the Grant County School band, under the direction of Jack Snyder, for their impressive music.

The Memorial service at the cemetery was under the direction of Post Commander Truitt DeMoisey, with Rev. C. A. Donovan of All Saints Church, Walton, giving the invocation, and Rev. A. E. Atkinson of the Walton Methodist Church, reading the devotional. C. L. Cropper, Boone County Judge, gave a most impressive speech commemorating the occasion.

The firing squad, under the supervision of Clayton Spillman, assisted by the firing squad from Boone Post, A. Florence, held the audience in reverence while the guns were fired over the cemetery. Appropriate music was rendered by the band, and the service concluded by Rev. George Fike of the Walton Christian Church, who gave the benediction.

The parade then marched to the Legion home, where the dedication took place. One of the highlights of the service was the flag-raising by August Hoelscher. As the parade neared the home, the band played the National Anthem as the flag was being raised.

The service inside the home got underway with Father Donovan giving the invocation and Rev. R. DeMoisey the devotional.

The welcome address was given by Auxiliary President Mrs. Ral Day. "God Bless America" was played, led by Mrs. J. B. Johnson at the piano. Dignitaries present were Past State Commander (now Highway Commissioner) Charles Blackburn, who gave the dedicatory address; Department President Mrs. Charles Bruin, of Winchester, and Mrs. John Hurley, Sixth District President, from Norman Barnes Unit, No. 70, Covington.

In the absence of Gov. A. B. Chandler, who had other commitments, Charles Alphin, State Welfare Commissioner, from Frankfort, represented his honor. A Bible was presented to Rev. DeMoisey and a Prayer Book to Father Donovan by the Legion Auxiliary, under the able hand of Mrs. Day, for their untiring services.

## Tobacco and Corn Survey to Start June 19, Says Local ASC

Boone county is tentatively scheduled to begin tobacco and corn performance June 19, according to Walter C. Brown, office manager of the ASC, Burlington.

The ASC office is vitally interested in giving the farmer the best work possible in performance of either of these commodities. In order to do this, the office makes an effort to obtain men who can do this work efficiently. If you, as a producer, are interested in this work or know someone whom you think is qualified, please notify the SC office at once.

The rates of pay are as follows: All Allotment Crops—1, Farms with allotments but no production, \$1.00; 2, Town lots, \$1.00.

Tobacco Only—1, One type only measured, a) 60 of acre or less, \$1.50; b) 61 to 99 of an acre, \$1.75; c) 1 to 99 acre, \$2.00; d) each acre or fraction in addition to 1.99 acres, 25c.

Corn Only—1, Acreage estimate, \$1.50; 2, Acreage measured, \$1.50 plus 5c per acre.

Tobacco and Corn on Same Farm—1, Tobacco, same rates as above; 2, Corn, estimated, \$1.00, corn measured, \$1.00 plus 5c per acre.

Anyone interested in this work should contact Walter C. Brown, Office Manager, Boone County ASC Office, Burlington, Ky.

## Square Dance June 8th

Saturday evening, June 8th, at 8 p. m., the members of Moon Bros. Post 275 American Legion, will sponsor an Old Fashioned Square Dance, with Zeke and Slim, the Kentucky Boys furnishing the music.

A donation of 75c per person will be accepted at the door of the Legion Home, independence, to cover cost, etc. Refreshments will be available and entertainment will be enjoyable.

## Shirley Louise Carpenter to Wed Thomas Glenn Cook

Miss Shirley Louise Carpenter

Mr. and Mrs. Ralph Carpenter of Walton, announce the engagement and approaching marriage of their daughter, Shirley Louise, to Thomas Glenn Cook, son of Mrs. James Alphin and the late Thomas Cook, of Walton.

Miss Carpenter is a student of the University of Kentucky, and Mr. Cook is in the Marine Corps, stationed in San Francisco, Calif.

The wedding will take place Saturday, June 8, at 2:30 p. m., in the Walton Baptist Church.

## SECOND FOX KILLED

Warnings against possible spread of rabies in Boone county were emphasized Tuesday, following killing of a second wild grey fox which ran out of a woods and attacked two dogs.

The fox was killed by Roger Robinson near Spanish Villa, on U. S. 25 near Devon.

Last Friday a gray fox, slightly smaller and less mature, had been captured and banded by Kirt Hudson, Mt. Zion road, after attacking and biting two dogs. That fox died the next day, and its head has been sent to the state laboratories at Lexington for checking against rabies.

Dr. Thomas Angel Jr., Burlington, veterinarian, said the fox "clinically had every evidence of having rabies" and that because the two are known to have bitten at least four dogs, residents have been urged to keep their pets confined for a 30-day safety period.

## Vacation Bible School To Start On Monday At First Baptist Church

The Vacation Bible School will begin at First Baptist Church, Walton, next Monday, June 10, at 8:30 a. m.

All parents are urged to see that their children attend. All children, ages 3 years through 16 years, who do not attend Vacation Bible School at any of the other churches are invited. No children under three years will be accepted. A fine school is planned, all teachers are qualified after taking the prescribed training courses. Those in charge of the various departments are:

Nursery (age 3)—Mrs. Willana Kilgore, Supt., Mrs. Della Northcutt, and Mrs. Rhoda Humphrey.

Beginners (age 4)—Mrs. Maxine McCubbin, Supt., Mrs. Virginia Kacaba, Mrs. Dorothy Gibson and Mrs. Delores Newby.

Beginners (age 5)—Mrs. Ann Soden, Supt., Mrs. Ruth Souder, Miss Irma Rector and Mrs. Barbara Woolam.

Primary (age 6)—Mrs. Margaret Wilson, Supt., Mrs. Carolyn Arnold, Mrs. Thora Locke and Miss Barbara Abbarne.

Primary (age 7)—Mrs. Violet Prather, Supt., Mrs. Adeline Reed, Mrs. James Handy and Mrs. Bryant Reed.

Primary (age 8)—Mrs. Helen Chance, Supt., Mrs. Barbara Simpson, Mrs. Wilma Winburn and Mrs. Louise Stephenson.

Juniors (age 9)—Mrs. June Brewster, Supt., Mrs. Prentice Gouge, Mrs. Elizabeth Jones and Mrs. Janetta Cleek.

Juniors (age 10)—Mrs. Juliana Shields, Supt., Mrs. Bonnie Woods, Mrs. Ruth Stephenson, and Mrs. Bernice Haley.

Juniors (age 11-12)—Mrs. Doris Fennington, Supt., Mrs. Ethel Breeden, Mrs. Odella Perkins, and Mrs. Gaynelle Flynn.

Intermediates (ages 13-16)—Mrs. Emma Tackett, Supt., and Mrs. O. K. Powers.

Kitchen—Mrs. Levi Pennington, Mrs. Maude Wilson, Mrs. Gertrude Daniels, Mrs. Hallie Cook, and Mrs. Zella Baker.

Music—Mrs. Mary Rector.

General Secretary—Mrs. Gwen Soden.

All children are welcome and must obey all rules and regulations. Care will be taken to prevent injury, however, the church is not responsible in case of accident.

The school will continue for two weeks with commencement on Friday evening, June 21, at 8:00.

## MRS. ESTHER WILSON

Mrs. Esther Wilson, age 88, passed away at the home of her daughter, Mrs. Alvis Bailey of Glencoe, Ky., on June 1.

Other survivors are Mrs. Rinda Davis of Glencoe, Mrs. Rula Taylor of Dayton, Ky.; Mrs. Roxie Caudill of Lee City, Ky.; Roy, of Verona; Ruby, of Mountain Valley, Ky., and Raleigh, of Hope, Ky., also several grandchildren.

Funeral services were conducted on Tuesday at the Free Pentecostal Church in Lee City, Ky., with interment in the Robert Huff Cemetery, Balmora, Ky., with the Hamilton Funeral Home of Verona in charge of arrangements.

## MRS. BERTHA JOHNSON

Funeral services for Mrs. Bertha Johnson, 103 Audrey Avenue, Ludlow, were held Saturday at 2:00 p. m., in the Chambers and Grubbs funeral home, Walton. Burial was in the Walton Cemetery.

Mrs. Johnson, a former resident of Walton and a member of the Walton Methodist Church, died early Thursday, May 30, at Booth Hospital, Covington.

She leaves her husband, Charles M. Johnson; a sister, Mrs. Sue Stomper; two brothers, Hord and Marvin Johnson, all of Walton, and a niece, Mrs. Wesley Burgess, also of Walton.

## Simon Kenton High Delegates Attending State F.H.A. Meeting

Five members of the Simon Kenton High School Chapter of the Future Homemakers of America are attending the twelfth annual state meeting in Murray this week. The three-day session is being held on the campus of Murray State College. The chapters from the Paducah and Madisonville districts are serving as hostesses to the 650 members and advisers who are attending the meeting.

Among the convention attendees are representatives of the Simon Kenton Chapter: Jo Ann Heideman, who is serving as state treasurer this year and is having part in the opening program of the meeting; Jean Elliott and Joyce Moffett, who will receive State Homemaker's degrees today, and are narrators for the evening program on Tuesday, and Nancy Carlisle, who is serving as a recorder at one of the group meetings.

They are being accompanied by Mrs. Helen G. McElroy, F.H.A. Chapter adviser and home economics teacher at Simon Kenton High School.

An out-of-state visitor at the meeting is Patricia Lormand, vice-president of the National F.H.A., from Kaplan, La. She talked at the opening session on appreciating the F.H.A. organization. Miss Barbara Taylor, executive secretary of the Louisiana Association of F.H.A., is also to attend and appear on the program.

Dr. Dorothy Summers, associate professor of speech at East Central State College, Ada, Okla., will participate in the program by giving guidance to the group work that will be devoted to chapter problems. She will speak at a general session on "Your Part in Group Work."

The banquet will be an outstanding part of the convention with the conferring of honorary memberships and presenting of scholarships. The entertainment following the banquet is truly another highlight. The Escorts, a male quartet, widely known for their recordings, will present a program.

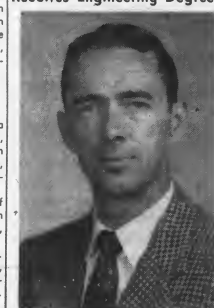

The presentation of the state office candidates is an important part of the state meeting. Miss Betty Riddell of the Bellevue Chapter is a candidate for state office from the northern Kentucky district.

Membership in the organization is limited to girls who are taking or have taken home economics in high school. The State F.H.A. Association now has 251 chapters and 13,690 members. Miss Mary Bell Vaughn, assistant director of the Division of Home Economics Education, Department of Education, is the state adviser to the group.

Officers of the state association are: President, Wanda Lovett, Junction City Chapter; first vice-president, Ann Scott, Corns, Tallapoosa Chapter; second vice-president, Romanza Oliphant, Scottsville Chapter; secretary, Frances Perry, Murray Training High Chapter; treasurer, Ann Heideman, Simon Kenton Chapter; historian, Jane Elkin, Bristow Chapter; parliamentarian, Paula McCain, Davies County High Chapter; reporter, Lois Riley, Carrollton Chapter; recreation leader, Betty Pace, Clark County High Chapter; song leader, Mary Lee Burden, Beaver Dam Chapter.

## Walton Suit May Test Kentucky's Legal Age

### Receives Engineering Degree

William R. Presser

William R. Presser, recently graduated from the University of Kentucky with a Bachelor of Science degree in electrical engineering. During his service in the Army he also attended Stanford University in California and University of Minnesota at Minneapolis.

He has accepted a position with the General Electric Company in Cincinnati. Mr. Presser is a son of Mr. and Mrs. W. H. Presser of Walton.

### Grubbs Graduates from Centre

John Grubbs, Walton, was among graduates of Centre College, Danville, at the school's 134th commencement exercises held Sunday night, June 2, with Sherman Adams, chief assistant to President Eisenhower, giving the address. All graduates earned the Bachelor of Arts degree.

Grubbs, the son of Mr. and Mrs. Wallace K. Grubbs, is a graduate of Walton-Verona High School where he was active in athletics. At Centre, he was a member of the Dean's List and Phi Delta Theta fraternity.

### Wa-Na Club to Meet

A dinner meeting of the Wa-Na Club will be held in the "Tack Room" at the White Horse on June 10, at 7:00 p. m., it was announced today by the publicity chairman.

Highlight of the evening will be the installation of officers for the coming year.

### PINER BIBLE SCHOOL

Vacation Bible School got underway at the Piner Baptist Church Monday, June 3, with 121 enrolled, according to Rev. W. Robert Shetter, pastor. The school will continue through June 14th, with Commencement Sunday evening, June 16 at 8:00 o'clock p. m. at the Piner Baptist Church. If you are between the ages 10 to 16 an invitation is extended to you. There is singing, Bible stories, memorizing God's word and hand work.

### Receives Degree from U.K.

William Carley Scott

William Carley Scott, son of Mr. and Mrs. John Scott, Sr., of Verona, received a Bachelor of Science degree in Accounting from the University of Kentucky at the nineteenth annual commencement on Monday, May 17.

Mr. Scott has accepted a position as cost analyst with the International Business Machines Co., Lexington.

## Friendly Litigation Filed in Lexington

U. S. District Court, Lexington, was asked June 1 to reinstate six former members of the volunteer fire department at Walton in a suit that also posed the question of whether Kentucky's legal age is 18 or 21.

Six teenagers among the plaintiffs said in their suit that two years ago Kentucky voters amended the state Constitution to lower the voting age to 18.

The teenagers, all past 18, claimed that "as a matter of fact, as well as a matter of law, upon adoption of the amendment the legal age of majority for all purposes was reduced from 21 to 18 years."

Plaintiffs included Ray Green, Phillip Kennedy, James Lipscomb, Thomas E. McIntyre, Donald E. Menke, and Charles R. Simpson, who were asked last month to resign from the fire department because they were under 21.

Their petition stated that in April, Walton City Attorney Robert A. Blackburn advised the plaintiffs that in his opinion teenage youths were ineligible to serve on the fire department and their membership was contrary to state statutes.

The suit also said the state Attorney General in an opinion upheld Blackburn's ruling and as a result the City Council directed Chief Charles Worthington to request resignations of fire fighters under 21.

Worthington claimed in the suit that the necessary membership of the department for ten years has been 25 men and there now are 13 on the force. He also claimed that in event of a devastating fire there is "actual danger that Walton could be wiped out."

The plaintiffs asserted the defendants usurped their authority and charged the action violated the 14th amendment to the Constitution.

Defendants are Gov. A. B. Chandler, Walton Mayor Leon Hall, and Councilmen Clifford Chance, Harris Moore, Randall Martin, Kyle Nicholson, Robert Stephenson, and D. H. Vest.

## Rev. Stewart Called As Pastor of Union Baptist Church, Union

Rev. Ray Stewart, a native of North Carolina and former Navy Chaplain, has been called as pastor of the Union Baptist Church at Union. Prior to entering the Chaplaincy in 1952, he was pastor at New Bethel Baptist Church, Verona.

For the past three years, Rev. Stewart has been pastor of the New Liberty Baptist Church, New Liberty, in Owen county.

Upon completion of his high school work, he joined the Navy under the V-12 program and attended Mississippi College and was graduated from the University of South Carolina with a B.S. degree and was commissioned an Ensign in the Navy. In May, 1951, he received his Master of Theology from Southern Baptist Seminary, Louisville.

Mrs. Stewart, a native Kentuckian, was a former secretary to Dr. W. R. Pettigrew, pastor of the Walnut Street Baptist Church, Louisville.

Rev. Stewart and Mrs. Stewart and son began their work at Union, on May 5.

The former pastor, Rev. Elbert Carpenter, resigned to enter the Navy as a Chaplain and is now assigned to St. Auburn Hospital, Long Island, N. Y.

### Graduates from Blue Mountain

Mrs. Patricia Myers, Walton, received her Bachelor of Arts degree from Blue Mountain College, Blue Mountain, Miss., on Monday, May 27. President Lawrence T. Lowrey presented her diploma.

Mrs. Myers was a unionist and majored in commerce. She participated in the May Day festivities. She was an officer in her Sunday School class, and also served on the general Sunday School Council. She was a member of Alpha Nu Delta.

She is the daughter of Mr. and Mrs. Kenneth E. Johnson, Sr., and was graduated from Walton-Verona High School.

## Golden Wedding Anniversary June 16

Rev. and Mrs. R. F. DeMoisey

Rev. and Mrs. R. F. DeMoisey of Walton, will have open house for the celebration of their Golden Wedding Anniversary, Sunday, June 16th, from 2 p. m. to 5 p. m. at the home of their son, Mr. and Mrs. Frank DeMoisey and grand-daughter, Mr. and Mrs. David Hanks, 143 South Main Street, Walton. All relatives and friends are invited.

Rev. DeMoisey, a retired Baptist minister, has held pastorates in many Northern Kentucky Baptist churches.

The couple are the parents of ten children, six of whom are living: Mrs. Charles Alphin, Georgetown and Crittenden; John R. "Frenchy", Georgetown; Frank M., Walton and Norton, Va.; Robert L., Knoxville, Tenn.; Jean Fox, Ft. Thomas, Truett R., Walton; fifteen grandchildren, and three great-grandchildren.

ed at dinner Sunday for Mr. and Mrs.  
Clarence Hall of Clearwater, Fla., Mr.  
and Mrs. Willard Sekman and family  
of Hebron, Mo. and Mrs. Andy Penn  
and family, and Mrs. Viola Roberts.

Shower  
the bride  
with

Lifetime  
Gifts

Give her gifts of steel

WHEN a special friend or relative is taking that important step  
from Miss to Mrs., shower your delight: Give her gifts of steel.

For steel gifts are stylish gifts that last a lifetime.

When you buy them for a shower or wedding, you're giving the  
bride much more than just an expression of your affection. You're  
giving gifts that will endure as long as she needs them.

Showering the bride with gifts of steel means choosing from  
countless items made to give stylish service—from coffee makers  
to canisters, folding chairs to flatware, trays to toasters, clocks to  
cutlery. No matter what you choose to give, she'll appreciate your  
good taste and thoughtfulness.

And any bride would glow with pleasure to see the lustrous  
quality shining through every gift of steel. And she can be  
assured these good-looking items will go to work in a thousand  
ways to prove their lasting value. For only steel can do so many  
jobs so well.

So when you shower the bride,  
make it a Steel Shower. And when  
you shop for the bridal gifts, make  
an investment that is fashionable and  
practical. Look for the store display-  
ing the Steel Shower symbol—and  
get the gifts that will last a lifetime.

This symbol identifies the store that's a  
Bridal Center, where you can get a  
variety of gifts styled in steel... to  
last a lifetime.

UNITED STATES STEEL  
Pittsburgh 30, Pa.

Mr. and Mrs. Chas. Denser were the guests on the recent holiday of Mr. and Mrs. L. M. Denser.  
So pleased to have Mrs. Albert Crout out to the church. She recently had a serious operation.  
Bible School is in session all this week. Would be glad to welcome more at the session every Sunday at 10.  
John Shaw who has pneumonia is reported somewhat improved. Hope he will soon be out again.

## CRITTENDEN

Mrs. Mary Schnelder was guest of Miss Laura Dickerson of Williamstown on Thursday.  
Mr. Ernest Beigle who has been quite ill for several weeks is much improved.  
Mrs. Maldon Belew and Mrs. Sterling Vandlingham and baby of Williamstown, spent Saturday here visiting their friends.  
Mrs. Bertha Hitch and son is spending their vacation at Daytona Beach, Fla.  
Mrs. McKee of Flemingsburg, is visiting her daughter, Mr. and Mrs. Alan Piner.  
Mr. and Mrs. John Davis of Shannon have moved into Mrs. Letha Brainer's house.  
Mr. and Mrs. Claude Samuels and Miss Jean Martin of Erlanger were visiting friends here Thursday.

IS YOUR SUBSCRIPTION PAID?

## OAK RIDGE

Little 5-year-old Sarah Jones, begged her grandfather, O. J. Dorman, to take her fishing in a nearby pond last week, and he was sure glad he did. Sarah caught a 15-inch crappie that weighed two pounds 4 ounces, and she is just about the proudest fisherman in Oak Ridge.  
Rev. and Mrs. Claude Mason, former pastor of Oak Ridge Baptist Church, were on their way back to Georgia, after attending the Southern Baptist Convention in Chicago, and decided to drive through Oak Ridge and visit their former church on Sunday morning. Everyone loved Rev. Mason when he was pastor here, and were delighted to see him again.  
Saturday was Knochle Day at Crosley Field and the Reds really thrilled the boys with that 22-2 win over Chicago. Several boys from Oak Ridge attended the game among those whom we saw, were Terry Tallent and Tommy Runge. Raymond Harris is out of the hospital and home again.

Vacation Bible School starts today (Monday) at Oak Ridge Baptist Church so the children of the neighborhood will be busy for the next two weeks.  
Fran Thompson has gone to Lexington to visit her cousin, Jimmy Garey, for the next two weeks.

Mrs. Jack King was hostess for the May meeting of the Annie Allen Circle. Mrs. Edward Rust opened the meeting with Scripture and prayer, followed by the business session. They decided to award a camp scholarship to the G.A. girl of the church whom they felt had worked the hardest and shown the most interest in G.A.'s. The program was then turned over to Mrs. G. C. Richardson, who presented an interesting program on "Living Water" based upon the scripture of Jesus and the woman at the well. After the program refreshments of strawberry pie and coffee was served by the hostess. Those present were Mrs. Gene Kelly, Mrs. Jack King, Mrs. Robert Butte, Mrs. Edward Rust, Mrs. H. C. Lipscomb, Mrs. Herman Whalen, Mrs. G. C. Richardson, Mrs. Charles Asch, Mrs. W. C. Talient, Mrs. Phillip King and Mrs. R. S. Richardson.

Mrs. Ernest Adkins, Miss Sylvia List and Ted Lee attended the Memorial Day Race at Indianapolis.

The Oak Ridge Homemakers Club will visit the Paul Dixon Show on WLW on June 6th.

The Taylor Mill Civic Association will meet at the Taylor Mill School at 8 p. m. June 6th. The officials from Covington are to be at the meeting to discuss their proposition of running water mains into the Taylor Mill area.

The first village in Kentucky was established opposite the site of Portsmouth, Ohio, by French traders in 1756.

## STOMACH TROUBLE?

At last stomach sufferers can rejoice. Nef formula rushed here to fight hyperacidity, dread stomach ulcer irritant. This new formula called PERANOL has the power to curb excess acidity. Men and women who formerly suffered with symptoms of distress of ulcer pains, heartburn, gas and vomiting due to hyperacidity now tell of remarkable relief after using PERANOL. PERANOL must give you the fastest results and the greatest longest lasting improvement you have ever known or it costs not a penny. So no matter what you have tried previously, try PERANOL and prove to yourself what it can do for you. PERANOL costs only \$2.50 and is sold with a money back guarantee if not completely satisfied with the results. PERANOL is sold in Walton only by Brakfield Drug Store. Mail orders filled. 3t-21

## Low first cost with concrete

Federal funds will pay 90% of the building costs of the National System of Interstate and Defense Highways. So it is only logical to pave the sections in this state with the very best paving material—that's safe, smooth-riding and durable concrete. Concrete usually costs no more to build than other types of pavement designed for the same traffic load—especially important on the new roads of the Interstate System designed for 1975's heavy traffic.

Don't be misled by incomplete statistics. Where lower cost is reported for other pavement, it is usually because it was designed for lighter loads and shorter life, or because the extra cost of subbase preparation and grading was not reported as part of paving cost.

## Reconciled

Lesson for June 9, 1957

AT THE heart and beginning of the Christian life there is not a theory, or a set of propositions, but an experience. It is the experience which is sometimes called healing, for the broken tissues of life are made whole again. It is sometimes called conversion, literally a turning-around, for in it the direction and course of life is changed. It is sometimes called forgiveness, so that the church is called the fellowship of the forgiven. But there is another word still which sums up and explains this central experience: Reconciliation. What this means can be seen in the story of a man who never really found himself until he was reconciled both with God and with man.

### Peace With God

There are two meanings (and more) of this word Reconciliation, and at the risk of insulting some reader's intelligence the difference between these meanings must be pointed out. In one meaning of the word, we say we are reconciled to something we can't help, as a cripple becomes reconciled to the loss of his legs, or a man is reconciled to his old age. Some people are "reconciled to God" only in this sense: they recognize his power and they bow to it—but they still don't like it and they do not love him. This is not true reconciliation in the Bible sense. True reconciliation means restoring a lost harmony; it means meeting with God in such a way that all the resentment, all the hostility and fear in our hearts is burned away by his Presence, and we feel ourselves at home with him. This is what happened, essentially, to Jacob at the brook where he wrestled with the mysterious stranger. Whatever we make of that story, it is plain what Jacob thought about it. "I have seen the face of God," he said. Before that day, Jacob had had only one center of his interest: himself. After that day, he was God's man. He was really born again. He had been at cross-purposes with God, now he was reconciled. God's will was his will. Thinking correct thoughts about God is never enough. One must personally meet him, personally yield to him, be personally reconciled.

### Peace With Man

Right along with reconciliation with God comes reconciliation with man. In Jacob's case, as with most persons, there was one particular man to whom he had to be reconciled—his brother Esau. When a man is converted, there is usually some particular person with whom he needs to become a brother again. It is an interesting fact that Jacob knew this well before his all-night meeting with God. But his idea of being reconciled with Esau was to buy him off, pay him to be friendly, by sending him large presents of fine cattle. After Jacob met with God, he somehow knew that this was not the way. The only thing was to meet his brother in person. What happened between them had to happen in their hearts; it was nothing that could be measured in money. And Jacob said a startling thing, something he could not have thought of saying 20 years before: "To see your face is like seeing the face of God."

### Neither Without the Other

Peace with God and with man—they cannot be separated. No man can be really reconciled to God who cherishes hate or envy or anger toward his fellow-men. And no one can be heartily reconciled with other persons who is a stranger to the love of God. The New Testament makes it quite clear who needs to be reconciled to whom. It is never said there that God needs to be reconciled to man; but always that man must be reconciled to God. It is man's heart that needs to be changed, not God's. Jesus put both of these reconciliations inseparably together, Matt. 5:23, 24. If you are offering your gift at the altar—and this was a token of reconciliation with God—and at that very moment remember that your brother has something against you, stop right there. Leave your gift, and go. Be reconciled to your brother first, and then come and offer your gift to God. God desires the gift of man's heart; but he does not desire the gift of a heart which is unconciled to a brother-man.

## A Masterpiece in the Flower Kingdom

The orchid is a flower of great beauty! It is recognized by horticulturists as a masterpiece in the flower kingdom, and reaches maturity only after seven years cultivation.

Physical beauty is the only requirement the orchid must fulfill to assume its place in the world. It is otherwise a soulless botanical specimen.

The botanist who cultivated this flower also possessed a son, and as the orchid approached maturity so also grew the child. The flower and the child were the objects of his greatest pride and affection. While his success with the orchid was certain, he failed in the greatest responsibility of his life—the training of his son.

The father's failure was caused by his inability to see the all important difference between the soulless flower and the immortal soul of his son. He thought only of the physical and mental prowess of his boy and thus neglected the child's greatest potential heritage—spiritual development. He had forgotten there was a Church! He had forgotten God!

The Church offers guidance and help to parents in the training of their children. Every parent and every child needs the sustaining strength of the Church.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	Chapter	Verses
Monday	Matthew	6: 16-18
Tuesday	Matthew	7: 15-29
Wednesday	Colossians	3: 1-11
Thursday	Romans	16: 1-16
Friday	Isaiah	28: 1-7
Saturday	Psalms	107: 1-22

## KENTUCKIANS

IN WASHINGTON

By Gil Kingsberry

### Joke:

Let's start off with a light touch this week—about the late Governor Edwin Morrow. It's a story told here by one of his old friends.

Seems that the Governor was, campaigning in a small Kentucky town. He approached a seedy looking citizen and asked for his vote.

"I wouldn't vote for you if you were the Angel Gabriel," the seedy one declared.

Whereupon Morrow replied, "If I were the Angel Gabriel, you wouldn't be voting in my district!"

### The Barkley Name:

The name of Alben W. Barkley is being kept alive here in the Capital.

Mrs. Alben Barkley Truitt, wife of a Barkley grandson, was a prominent member of a committee arranging a formal ball for cerebral palsy.

The party was a glamorous shindig with tropical flowers from South America, papier-mache birds, and a real live alligator a part of the decorations.

### Dr. Dickey's Words:

Senator John Sherman Cooper has called the attention of the United States Congress to a speech made by Dr. Frank Dickey of the University of Kentucky.

In that speech, the U. K. chief told a delegation of rural leaders from the Blue Grass State, Tennessee, and West Virginia that their efforts to develop rural areas is a real contribution to the entire nation.

The speech was placed in the Congressional Record. Unlimited possibilities, was the phrase used by Dr. Dickey in describing rural opportunities for growth.

### 35th Anniversary:

Congressman William Natcher of Kentucky had some nice words to say about the Outwood V. A. Hospital in Hopkins County which is marking its 35th anniversary.

During that time, the lawmaker told his colleagues, some 31,000 veterans have been served. During the past five years alone, 1174 tubercular patients were discharged as cured.

From time to time, attempts have been made to close Outwood. All attempts have been rebuffed.

The first paper mill in Kentucky was built at Georgetown, in August, 1792, and operated until 1836.

Centre College at Danville, and Saint Joseph's College at Bardonia, were founded in 1819.

## DAIRY PRINCESS CONTEST SET AT UK FOR JULY 8-9

Somewhere in Kentucky is a young lady who, after July 9, will turn her sights to the International Dairy Show at Chicago's International Amphitheatre. She will be the Kentucky Dairy Princess and will be awaiting competition with state Dairy Princesses from throughout the nation for the American Dairy Princess title.

The Kentucky contest will be held July 8-9 at the University of Kentucky College of Agriculture and Home Economics campus. The competition is a portion of the national Dairy Month affair conducted throughout the nation in June.

The state title is not the only thing of value to the future Princess. Her trip to Chicago will be on an expense-paid basis, and she'll get a sizeable cash award from the Kentucky chapter of the American Dairy Association as a start toward a new wardrobe.

Other finalists—so far more than 20 have been picked by various counties—will get a gift for participating.

Contestants must be 16 years of age by October 1, 1957, and not more than 25 years of age, unmarried, a high school graduate, available for personal appearances during the year, have a dairy farm background, and must NOT be a professional model. Local areas bear the cost of sending their candidates to the state finals in Lexington. Not more than one girl may be entered from any given county. Judging will be on a four-point basis, including appearance and natural attractiveness, public speaking ability, personality, and dairy background and knowledge of farming.

### IN LOVING MEMORY . . .

of our mother, Rachel Pennington, who passed away June 4, 1956—Just one year has passed today since our dear mother was called away. In our hearts you linger still, but we all know it was God's will.

It was so hard to see you go, for in our hearts we miss you so.

Your dear, sweet smile we no more shall see, but we know you are sleeping peacefully.

Sadly missed by Son, Daughter, Grandchildren & Great-grandchildren

In August, 1794, Edward West successfully ran a steamboat on Elkhorn Creek near Lexington—first on mid-western waters.

## WALTON - 5 ROOMS - VACANT

5-room frame home with basement, city water, 1/2 acre land, on Plum St., Walton. See sign. Asking \$6,250—make offer.

## REL C WAYMAN AND SONS

Hemlock 1-5107, Juniper 1-4895, Fleetwood 7-8101

## THANK YOU:

I want to thank all the voters of Boone county for their confidence in my ability to carry out the duties of the office of Sheriff.

Thanks to all my friends who helped me in any way to obtain the nomination, and to my opponent for the way he conducted his campaign.

Come out in November and vote for me again.

Thank you all very much.

JOE HOGAN

## THANKS!

I want to express my sincere thanks and gratitude to the voters of Boone county who supported me in my campaign for Tax Commissioner.

JOE DRINGENBURG

## THANKS FROM IRA M. TANNER

I want to thank all who voted for me in the recent race for jailer. You can't imagine how happy this has made me nor how I appreciate it. Also, and especially, I wish to thank all my friends who were so active and helpful in campaigning for me after the doctor released me as practically well but told me to take it easy for a few months. Without the help of my friends, I couldn't have overcome the advantage of such fair and gentlemanly opponents.

Sincerely,

IRA M. TANNER

\$185.00

DROP IN AND ASK FOR 'RALPH' OR 'TOM'

—Owned and Operated by Two Local Residents—

when watery spring pastures make fussy eaters . . .

## Purina Bulky-Las whets appetites, helps maintain top cow condition

Dairymen don't ordinarily complain this time of year about milk flow or cow condition.

But, when lush pasture grass contains up to 85% water, cows often eat so much grass they get full and won't eat their grain. They continue to milk well, but often lose weight if they do not eat enough grain while on lush pasture.

Then, when pastures turn brown, most of the grain ration will be needed to maintain the cows' bodies. Milk production usually drops off when body condition is poor.

### Maintain body condition with Bulky-Las

Top-feed palatable Bulky-Las with whatever ration you are now feeding . . . (up to one-half gallon per cow per milking). Bulky-Las stimulates cows' appetites, adds body-building nourishment to

your ration, and keeps cows producing well, right up to dry-off time. Cows go for the molasses, bulky beet pulp, alfalfa meal, vitamins and minerals in Bulky-Las.

Bulky-Las helps balance with minerals and energy the watery grass your cows eat on pasture.

No matter what kind of grain ration you are now feeding, ask us about Bulky-Las. We will gladly give you proof that Bulky-Las is tops when it comes to helping maintain cow condition.

Kill those flies now! Get the jump on the fly problem this spring. Sprinkle PURINA FLY BAIT lightly wherever flies gather. In the dairy barn, poultry house, kennel . . . and in outdoor areas, too. Flies naturally go for Purina Fly Bait. And does it kill 'em! So, be sure to check your Checkerboard Man, and beat the fly problem.

FEED PURINA . . . YOU CAN DEPEND ON THE CHECKERBOARD

## J. H. FEDDERS, INC.

Hemlock 1-2622

Covington, Kentucky

### Lawn Management Good For Control of Crabgrass

Good lawn management is one of the best ways to control the rapidly spreading pest, crabgrass, says James Herron, UK Experiment Station botanist.

Use good lawn seed (which has fewer weed seeds); fertilize in fall and spring so that the healthy grass will shade and crowd out the crabgrass; mow grass "high," i. e., set the mower to cut from 1½ inches to 3 inches; pull up scattered plants of crabgrass, and don't water in summer if possible, as the crabgrass gets the most benefit from such watering.

If chemicals are needed to kill crabgrass, three materials are available in commercial preparations under various trade names. The materials are: potassium cyanate, phenyl mercuric acetate, and disodium methyl arsenate. Commercial preparations should contain one of these three for effective control.

Follow directions closely if using the chemicals, Herron warns. Seed bare areas and fertilize them in the fall. But remember: Good management of lawns is the most helpful factor in controlling crabgrass, and the least expensive method.

"Increasing the proportion of milk in the diet should add to the length of life," said Dr. H. C. Sherman, Emeritus Professor of Chemistry, Columbia University.

### NEW ANTI-BRUCellosIS REGULATIONS ADOPTED

The state Board of Agriculture now has approved regulations calling for blood-testing of all cattle being sold through Kentucky stockyards and other sales places. Ben J. Butler, Commissioner of Agriculture, said the regulations, which have statutory authority, go into effect July 1.

Adoption of the new rules marks one of the big steps in the anti-brucellosis campaign that Butler's department and the USDA Animal Disease Eradication branch in Kentucky have taken.

Regulations require that all cattle going back to the farm from all sales be blood-tested for brucellosis. This includes all bulls and females over six months of age, unless the cattle have been brucellosis-vaccinated, and are under 30 months of age.

The seller pays a \$1 fee for the blood-testing, which will be done at each Kentucky stockyard. Accredited veterinarians and their qualified technicians will do the testing.

Butler noted that brucellosis-reactor cattle cannot be shipped interstate or interstate except to an approved slaughterhouse. They must be consigned to slaughter immediately.

Butler said the testing program does not include cattle previously tested within 30 days, or cattle from accredited brucellosis-free herds which have the proper health certificate.

The new regulations also require a

health examination of all livestock intended for the farm, Butler pointed out. This includes such diseases as hog cholera, sheep scab, and mastitis.

### Veterans' Wives May Be Due More Benefits

Many widows of Kentucky veterans have failed to apply to the Veterans Administration for increased death compensation which may be due them, Director R. R. Thomas of the Kentucky Disabled Ex-Servicemen's Board has reported. He said the servicemen's and veterans' survivor benefits act provides such benefits will be paid retroactively to January 1 if application is made by July 1.

Thomas added, the applicant will be advised by the VA whether it is better to receive benefits under the new law or to receive benefits under the old.

All widows of veterans who died in service or as a result of service-connected disability should file before July 1. The board will assist widows in applying for this benefit.

Production of nonfat dry milk last year totaled 1,484 million pounds, the highest on record, says the U. S. Department of Agriculture.

Milk is one of the best food investments at any price. There is no waste in it as every drop can be used, and the cost is low in proportion to the food value.

### ATHLETE'S FOOT GERM

Imbeds deeply—tosses crack, burn, itch—get fast DOUBLE relief—USE T-4-L BECAUSE

this powerful fungicide sloughs off the infected skin. Exposes more infection to its KILLING ACTION. When new and healthy skin appears, apply T-4-L frequently to KEEP FEET WELL—medical science says athlete's foot can come back.

IN 24 HOURS If not PLEASSED, your 40c back from any drugstore. T-4-L is colorless, instant drying, easy to use. Also use FULL STRENGTH for itchy, sweaty feet, insect-bites, poison ivy. NOW at Brakefield's Drug Store, Walton. 3t-23

### WALTON LOCALS—

Mr. and Mrs. Charles Finnell, Mr. and Mrs. Chester Sturgeon, Jo Ann and Donnie, Danny Chapman, Bobbie Rogers, Barbara Brakefield and Mrs. Cameron Brakefield were picnic guests Thursday of Mr. and Mrs. Doc Webster and sons. Mr. Louis Boh of Florence spent last Thursday with his daughter, Gertrude Webster and family.

Mr. and Mrs. Charles Hon are spending their vacation in Tennessee.

Mr. and Mrs. Charles Kraft of Erlanger visited James Webster and family of Crittendon last Sunday.

Gertrude Webster and daughters attended the graduation in Florence last Tuesday.

### Beef Cattle Feed-Water Intake Is Closely Related

Feed and water intake of beef cattle are closely related, USDA researchers have found, says George Pendergrass, UK Extension Service animal husbandman.

Cut water intake, and cattle automatically cut feed intake, the researchers found. Water intake for each unit of dry matter (forage, hay, grain, etc.) eaten is the same regardless of whether cattle are on full feed or near-starvation rations.

Body size influences water intake too. A 500-pound animal drinks 60 percent as much water as a 1,000-pound animal—not just 50 percent. A 100-pound animal drinks 20 percent as much as a 1,000-pound one, not just 10 percent.

Temperature affects water intake, according to the type ration. A 1,000-pound animal on a maintenance ration drinks 4 gallons of water a day when temperature is 40 degrees; 7 gallons, if gaining a pound a day; and 14 gallons, if not gaining but producing 35 pounds of milk daily. As temperatures rise, water consumption also rises for each category, to as high as 19 gallons a day for a 1,000-pound animal in milk.

About 40 gallons of sap from hard maple trees are required to make one gallon of maple syrup or 7½ pounds of maple sugar.

### Cecilian 4-H Club Meets

On Monday night, May 27, the Cecilian 4-H Club held its regular monthly meeting in the church basement at Independence.

The members' projects were discussed as was the camping period to be held at Camp Ernst. Also under discussion

was the bake sale to be held on June 8 at Coppin's in Covington, and another skating party was planned.

At the meeting, Tom Riley announced that Teresa Foltz and George Hoffman had been selected by the leaders to attend 4-H Week in Lexington June 4-8. The next meeting is planned for Monday, June 17.

YOU CAN EXPECT AND WILL RECEIVE

W. RALPH

## WHAT'S THE BIG ATTRACTION IN THE SOUTH?

**WHY IS IT** that industries of all kinds are being drawn to the Southland today from every direction? There are many reasons, of course. But we think the biggest attraction of all is an intangible thing, not easy to define...

It is the sincere hospitality with which the entire town greets a new industry in its midst, making the newcomer feel right at home.

It's the way the men and women of the community so readily adapt to the specific needs of the "new plant in town"... quickly and willingly learning new skills... eagerly giving a full day's work in return for a fair day's pay.

It's the friendly, unselfish spirit of men and women in all walks of life who are genuinely proud of their home town and want to help it grow and prosper in every way they can.

Time and again it has been shown that the people of the South don't stop at just wanting new industries to locate in their community. They work at it to get them - then go out of their way to keep them happy in their new home. This is the big attraction in the South. And all in the Southland benefit!

*Harry A. DeBattis*  
President

### Saturday Nights at Verona Lake Ranch for Teenagers

Starting next Saturday night, all the young folks are invited to spend the evening at Verona Lake Ranch for good clean fun. There will be no charge and the stage will be available for dancing to their favorite records.

Thurston Moore and his wife, Georgie, owners of the park, have had many requests from the youngsters of this area to have dancing and provide a place for them to go on Saturday nights. They talked to many of them and their parents and found that there isn't any place for them to dance where alcohol isn't sold and that most of these places are more frequented by adults rather than the teen-agers.

The Saturday night activities will be watched over by adults and all parents are invited to come along too for the fun. It will be good clean, wholesome fun for the youth of Boone county and the Moores hope all the youngsters will be out next Saturday night to help the first Teen-Age Center off to a good start.

### Assigned to Fort Belvoir

Private Kenneth D. Cooper, 23, son of Mr. and Mrs. Shelby Cooper of near Crittenden, recently was assigned to duty at the U. S. Army Hospital, Fort Belvoir, Va.

Cooper, whose wife, Ann, is with him at Fort Belvoir, entered the Army last December and completed basic training at Fort Sam Houston, Texas. While a civilian, he worked for the Jones and Laughlin Steel Corp., Cincinnati. He graduated from Simon Kenton High School, Independence, in 1953.

### Lane Y. W. A. Meets

The Dortha Lane Y. W. A. met at the home of Miss Jean Elliott, Monday, May 27, with five members and the counselor present.

Following the business session, the program, which dealt with future home life of the members, was presented. After the program, delicious refreshments were served.

One quart of milk weighs 2.15 lbs. To make a pound of butter, 9.77 quarts of milk are required, and 4.65 quarts for a pound of cheese. One quart of milk is required for a pound of evaporated milk, and 3.72 quarts for a pound of whole milk powder.

## Piner Girl Married The Past Weekend at West Lafayette, Ind.

Miss June Doan of the Walton-Nicholson Highway accompanied by her aunt, Miss Mary Ransler, drove to West Lafayette, Indiana last week-end to attend the wedding of Miss Brugh Sue Gabriel, daughter of Mr. and Mrs. Lewis M. Gabriel of Piner to Mr. Richard H. Menke.

The double ring ceremony was performed in the presence of the members of the immediate families and a few close friends in the Presbyterian Student Church on the campus of Purdue University at 4:30 p. m. June 1. Rev. Pugh, pastor of the groom's church, and Rev. Rasmussen, pastor of the Student Church, officiated.

The church of early American architecture was very simply decorated with urns of white flowers, palms and lighted candles. The reception following the ceremony was held in the Church's Reception Room, where the green and white color scheme was further carried out. The refreshment table was presided over by Miss Gabriel's roommates, Miss Anita Yunker of Indianapolis, Ind. and Miss Sandra Poland of Kendersville, Indiana.

The bride, attired in a ballerina length off-white Italian silk dress with long sleeves and portrait neckline edged with real lace and pearl beaded cap with a short veil, was given in marriage by her father. The bridal bouquet was white orchids and lilies of the valley with a cascade of white ribbons. Her only jewelry was pearl earrings.

Miss Doan wore an aqua Italian silk afternoon dress with matching accessories and carried lilies of the valley with a cascade of white streamers. Her jewelry was a string of pearls and the bride's gift to her, pearl earrings and a pearl bracelet.

Mr. Robert Knapp was the groom's man and the ushers were Mr. Don Licking and Mr. Robert McCurdy, all former classmates of Mr. Menke.

The groom, Richard Henry Menke, the only son of Mr. and Mrs. Henry Menke of Chicago and Lake Worth, Fla., is a graduate student in the field of Industrial Management and will receive his M. S. at the end of the summer session at Purdue.

The former Miss Gabriel will receive her B. S. in Economics at the same time.

In vitamin D milk, the milk has been fortified with vitamin D, the vitamin that has the special property of preventing rickets. Vitamin D is added by exposure of milk to ultra violet light, or by introducing a vitamin D concentrate.

Milk is outstandingly important for the mineral, calcium, for vitamin B, riboflavin, and for high-quality protein.

Nutritionists recommend the following amounts of milk for daily use: children, 3 to 4 cups; teenagers, 4 or more cups; adults of all ages, 2 cups; expectant mothers, 4 or more cups, and nursing mothers, 6 cups.

In 1790, the first Federal census of Kentucky was taken with the population tabulated as 73,677.

Common-school law, providing for tax-supported schools, was enacted in Kentucky, January 29, 1830.

Records show that in 1955, artificially sired daughters in Kentucky dairy herds averaged 9,967 pounds of milk and 399 pounds of butterfat, compared to the all-Kentucky dairy average of 4,420 pounds of milk annually.

Storage life of fruits and vegetables now can be prolonged by use of newly developed atomic radiation methods.

## STOMACH TROUBLE?

At last stomach sufferers can rejoice. New formula rushed here to fight hyperacidity, dead stomach ulcer irritant.

This new formula called PERANOL has the power to curb excess acidity. Men and women who formerly suffered with symptoms of distress of ulcer pains, heartburn, gas and vomiting due to hyperacidity now tell of remarkable relief after using PERANOL. PERANOL must give you the fastest results and the greatest longest lasting improvement you have ever known or it costs not a penny.

No matter what you have tried previously, try PERANOL and prove to yourself what it can do for you. PERANOL costs only \$2.50 and is sold with a money back guarantee if not completely satisfied with the results. PERANOL is sold in Walton only by Brakesfield Drug Store. Mail orders filled. 31-21

## SPRING SALAD RECIPE

On busy spring days, it is a good idea to have a gelatin salad in the refrigerator, ready to serve on short notice. Such a salad is especially refreshing when it is lime-flavored, suggests Miss Elizabeth Helton, Extension foods specialist at the University of Kentucky. Crisp chopped celery and canned sweetened apple sauce round out the flavor.

**SPRING SALAD**  
1 pkg. lime-flavored gelatin  
¾ c. boiling water  
1 ¼ c. sweetened apple sauce  
¾ c. finely chopped celery  
Lettuce  
Mayonnaise  
Dissolve gelatin in boiling water and let cool. Add cold apple sauce. When it begins to thicken, add chopped celery and, if desired, chopped nuts. Pour in a ring mold and chill. Just before serving, unmold on a large plate and fill center with crisp cabbage slaw. Serves six.  
Menu: Baked ham, potatoes in cream sauce, buttered carrots, spring salad, biscuits, butter and baked custard with sugar cookies.

## Specialist Asks Reports On Disease and Insects

W. W. Magill, Kentucky Agricultural Extension Service fruit specialist, asks Kentucky growers to report in writing to him if strawberry leaf-spot or strawberry leaf-roller insects are noted in their patches. The specialist said the leaf-spot disease (caused by a fungus) is widespread in Kentucky this year. There have been some reports, he said, on strawberry leaf-roller insects. Magill's office is in the Agricultural Building, University of Kentucky, Lexington, Ky.

## Sudan Grass May Be Lifesaver With Forage For Dairy Cattle

Sudan grass, a drought-resistant, high-yielding, palatable forage grass, may be a lifesaver for dairymen looking for forage for dairy cattle.

So says E. C. Trouman, Kentucky Agricultural Extension Service dairy specialist. Many Kentucky farmers grazed three to four dairy cows per acre on Sudan during short-pasture months in earlier drought years.

Seed Sudan right after corn planting is finished, usually at the rate of 20 to 30 pounds per acre. Fields can be pastured generally about six weeks after seeding.

Piper variety is recommended. It is high yielding, resistant to disease and has much less prussic acid than other Sudan varieties. Stock should not be turned on Sudan until the grass is 18" to 24" high, Troutman notes, as in some cases prussic acid poisoning has caused some trouble.

Rotational grazing of Sudan is advisable, he says further, when managed properly, pastures are rare of live-stock poisoning; these far-between cases "certainly should not keep a farmer from using such an excellent supplementary pasture as Sudan grass."

## Legume-Pasture Insect-Control Letter Available At Station

A letter-type leaflet, listed as Miscellaneous No. 87, and containing information for control of legume and pasture insects, has been issued by K. J. Sparks and Richard Thurston, UK Experiment Station entomologists.

The letter discusses equipment and formulations, applications, and gives dosage for aphids, spittlebugs, clover leaf weevils, leafhoppers, blister beetles, grasshoppers, armyworms and cutworms, and bluegrass plant bugs. The letter is readily adapted to filing for future use.

## 'New Land' May Reduce Acreage Reserve Payments

Farmers who bring new cropland into cultivation for harvest in 1957 after signing Acreage Reserve agreements will be following a practice contrary to the agreement, according to A. L. Stephens, Chairman of the Boone County ASC Committee. Such farmers may find the Soil Bank payments they receive is considerably smaller than they expected.

Acreage for which compensation will be made under the terms of an Acreage Reserve agreement, Mr. Stephens explained, is generally the smaller of 1) the number of acres designated in the agreement as the Acreage Reserve or 2) the number of acres actually in the Acreage Reserve, as determined by the County ASC Committee. In a case where new land which was not included in the cropland for the farm at the

time the agreement was filed is brought into cultivation and used for the production of a crop for harvest in 1957, the "acreage for compensation" will be reduced by the number of acres of the new cropland. Thus, the amount of the payment would be smaller than expected or it might even be cancelled entirely. If the "new land" acreage were large enough.

"The whole purpose of the Soil Bank's Acreage Reserve program is to remove part of the Nation's cropland from production, and thus avoid excess supplies," Chairman Stephens declared. "If farmers offset this agreed-on reduction of basic crops by increasing their general cropland, the program would not accomplish its purpose. Farmers should fully understand these provisions of the program so that the Soil Bank payments they receive will be what they are expecting."

## DESENSITIZE THAT ITCH IN JUST 15 MINUTES!

If not pleased, your 40¢ back at any drug center. Instant-drying ITCH-ME-NOT deadens itch in MINUTES; kills germs on CONTACT. Use day or night for eczema, insect bites, foot itch, other surface rashes. NOW at Brakfield's Drug Store, Walton. 41-23

## LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new and convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger and appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by Brakfield Drug Store, Walton. Mail orders filled. 51-23

## Kiddie Facilities at Parks

"Kentucky's State Parks haven't forgotten the kiddies in its recreational program," Mrs. Ben Kilgore, director of parks, said this week.

The parks provide well equipped playgrounds and amusement centers for the youngsters, in addition to recreation supervisors, she added. Children's life jackets are available for both swimming and fishing in the lakes and on the beaches.

In various park restaurants, special food servings for kiddies are given whenever requested. Children are always welcome at park dining rooms,

where informality is the keynote. Most of the restaurants are now air conditioned which, coupled with the excellent food, makes for pleasant dining throughout the season.

"Bring the children. We believe they will really enjoy a visit to one of our many State parks which are located throughout Kentucky," Mrs. Kilgore added.

On November 3, 1806, Aaron Burr, charged with high misdemeanor, appeared in Frankfort Court where he was defended by Henry Clay. He was acquitted December 2. His acquittal was celebrated by a brilliant ball held in Frankfort.

## TO MY MANY BOONE COUNTY FRIENDS:

Please accept my sincere thanks for your support in my race for Commonwealth Attorney. I appreciate the many courtesies and kindness shown me during my campaign.

At all times I attempted to run my race independently of any person or political group. I regret that there were untrue statements aligning me with certain political factions. These charges were without foundation and were made solely for the purpose of alienating support at the polls. They were circulated in the last hours before the opening of the polls, too late for me to refute. Had these unfounded rumors not been made, I feel that Boone county would have given me a very comfortable majority.

However, the campaign is over; the race is won, and I extend my hand to all. Again, my deepest thanks.

Sincerely,

J. R. FORD

**WHITES TOWER**

Our neighbors the Kendigs are having a sale this coming Saturday so don't miss it as they have the reputation of taking good care of all their possessions, so you can rely on what they offer for sale. Good honest people and we are sorry to lose them as neighbors.

Our noble Reds went berserk last Saturday and showed their power in the

home run department by clouting 7 home runs almost tying their former record of eight.

William Brooks of Riggs Road, and Miss Thelma Jackson of Covington were married last Saturday. Those who witnessed the ceremony said the bride was beautiful in a dress of pale blue. The groom wore the conventional black.

Better get your supply of those wonderful Gibson strawberries this week while they are at their best. There will be plenty all this week and over the week-end.

Chas. Dorsey and Jess Webster finished planting their corn crops over the week-end.

Rumors has it that a new three-acre fishing lake is in the making next door to Bide-A-Wee farm in the rear of Harris Pike on the Hasse farm. Bulldozing has been going on the past week and the lake is supposed to be in operation in 1958.

The rainy season has helped to make a flower garden out of the Tower, the flowers are flourishing and everyone has a fine supply.

Roy Adams, a driver for the Bus line to Latonia, was a visitor to the farm on Saturday and visited some of his old friends who all wish him well.

Patsy Brumback has returned from a wonderful visit to New York City but says she had rather be where she could see a little grass and trees in the wonderful place called Independence.

A pretty wedding of last Saturday was the marriage of Miss Frances Bitt of the Tower to Nabert Gauck of Covington at St. Cecilia's Church, Independence. The bride's dress was lace and pleated nylon and veil of white lace. The bride's maids were dressed in two-tone pink and blue. They carried baskets of summer flowers and buds of white orchids. The bride's mother's dress was of pink lace and white

accessories. The groom's mother in blue. The men in attendance all wore white coats and dark trousers. The bride's father was handsome in light coat and black trousers. Our best wishes go to this nice couple who will soon be in their home on Harris Pike.

**VERONA**

Mr. and Mrs. Oscar Doan and family of Williamstown, spent Sunday with Mrs. Effie Clements and family. Afternoon callers were Mrs. Flossie Edgington and Mrs. Susie Gore.

Mr. and Mrs. Jake Struve and children were calling on her parents, Mr. and Mrs. D. R. Chapman and Mrs. Vevie Webster on Sunday.

Mr. and Mrs. Woodrow Kuhn and daughter spent Wednesday night and Thursday with Mr. and Mrs. Fred Hamilton and children.

Mr. and Mrs. Jim Lamm attended the graduation at Erlanger School Friday night.

Mrs. Ethel Rogers is visiting Mr. and Mrs. Joe Aylor for a few days.

Mr. and Mrs. Dan Ashcraft of Fort Mitchell entertained Mr. and Mrs. Jim Lamm with a six o'clock dinner Saturday evening.

We are sorry Mrs. Mag Chapman and Mrs. Virgie Coleman still remain very ill.

Mrs. Ira Harris and three sons have just recently returned from California where they had been visiting her mother.

Mrs. Elizabeth Kemper visited her mother, Mrs. Lena Harris one day last week.

Mrs. Sam Sturdivent and two children have moved from Colorado to make their home here in Verona. Her husband could not come at the present but will join them here soon. We welcome them to our little town.

Mrs. Martha Hayden is visiting her daughter, Mr. and Mrs. Richard Robinson and sons of Erlanger. She went to attend the graduation of her grandson,

Jimmie Robinson, who graduated Friday evening from the Erlanger School.

Miss Nanna Jean Locks has returned home the last of this week from the Kentucky Lake where she had been on a fishing trip.

**COMMONWEALTH OF KENTUCKY  
DEPARTMENT OF HIGHWAYS  
NOTICE TO CONTRACTORS**

Sealed bids will be received by the Department of Highways at its office, Frankfort, Kentucky, until 9:00 A. M., Central Standard Time on the 14th day of June, 1957, at which time bids will be publicly opened and read for the improvement of:

BOONE COUNTY, S 590 (1), SP 8-130—The Florence-Belleview (Ky. 18) Road. Drainage Structure and Approaches at Allens Fork Creek, approximately 1 mile west of Burlington, a distance of 0.237 mile. Grade, Drain and Bituminous Concrete Class I Surface.

The Special Provisions for Highway Projects financed with Federal Highway Funds apply on the foregoing project.

The attention of the prospective bidders is called to the prequalification requirements, necessity for securing certificate of eligibility, the special provisions covering subletting or assigning the contract and the Department's regulation which prohibits the issuance of proposals after 8:00 A. M., CENTRAL

**Mowers Tuned-Up**

Now is the time to have your hand and power mowers tuned up for the grass that will soon be here.

Also new model mowers may be ordered, power or hand.

**Clifford Chance**

118 SOUTH MAIN ST., WALTON

... Chevrolet with Turboglide!

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. GET A DEMONSTRATION! The Bel Air Sport Coupe with Body by Fisher.

Chevy's come up with the newest, sweetest, smoothest automatic drive—Turboglide. It's the first and only triple-turbine transmission!

Turboglide is something really new and different in automatic drives. In the first place, there's only one forward-speed position on the control panel. There's no "Low" needed.

Turboglide handles everything with the oil-smooth action of triple turbines. You travel from a standstill to top cruising speeds with never a lurch or lag to mar your motion.

When you see a steep downhill stretch ahead, you set the selector at "GR" (Grade Retarder) and Turboglide helps slow you down.

Try Chevy's new, nothing-like-it automatic drive. It's optional at extra cost—and worth it.

## A Few Days Off

I left Thursday morning for North Carolina with Russell and Ruth Hall, also my wife, to visit for a few days with Ruth Hall's brother, who lives 4 miles south of Franklin, N. C., in a valley of the Smoky Mountains. He and his wife are just the finest folks and have a wonderful home. She is the best cook so we just had a real weekend, only it didn't last long enough as we got back Monday at noon. We all were real busy all afternoon at the store putting up merchandise and delivering a few items. We were trying to get caught up so Chick could take a few days off to go to the fire school at Lexington, Tuesday, Wednesday and Thursday. He and several of the other members are going—several go each year, and they learn lots of new tricks.

Mr. and Mrs. Alva Woods from Big Bone, bought a lot of linoleum. Edward Roberts and Omer Easton were in town—Omer bought a grape for and freezer containers. We have a good supply of freezer boxes, also large mouth glass jars that some are using.

Today, Ross delivered 20 locust posts, two rolls of

poultry fence and staples up to L. L. Sebring, south of Walton; then Brewster and Ross took Mrs. Jessie Vest at Verona a 12x15 rug and also delivered Mrs. Ralph Sparks a new square aluminum tub Maytag washers, then down to R. C. Durr's to check on the riding lawn mower we sold him—it had a pin sheared off and could not get it out of reverse, but Brewster fixed it—Speaking of locust posts, I have several to sell. We cut these early this spring. Chick and Chas. Elmore had a lawn mower trade. Chick also made up two clothes line posts out of 2" pipe for Doug Moyes, up on Johnson Street.

Miss Mary Collins and Mrs. Sam Murphy were in town shopping—Miss Mary was looking for someone to repair the gutters on her house, so I sent Mr. Schukler up to see her; he lives just south of the Baptist Church, next to James Wasson. A fellow just came after a mower tongue, another after Ford guards, another after screens, John Hartman after pipe fittings, and Lloyd Clements after electric plug. Mrs. Fred Bott brought in her electric steam iron to be repaired.

THERE'S NO DAMPNESS  
IN MY HOME. I USED STA-DRI.

STA-DRI does a real job on masonry.

STA-DRI will hold a wall of water nine feet high without leakage and contains a mold and mildew inhibitor. That's protection! And STA-DRI is supplied in a variety of beautiful colors and white—decorative quality too!

## Officers Installed at June Meeting of Local Woman's Literary Club

The members of the Walton Woman's Literary Club were delightfully entertained for the June meeting at the Phoenix Restaurant, with Mrs. J. L. Hamilton and Mrs. H. F. Mann as hostesses.

The president, Mrs. F. S. Thompson opened the meeting with the pledge to the flag, Mrs. C. G. Stephenson led in reading the club collect, "America" was sung by the group, with Mrs. A. E. Atkinson leading.

The spiritual guidance was given by Mrs. Atkinson, with an inspiring talk from the Scripture, John 14:6, "I am the way, the truth and the life," closing with prayer.

Mrs. W. D. Scroggin reported that the drive or Cancer Control had been successful.

Mrs. Julia A. Rouse and Mrs. Thompson gave reports on the Convention, which was held recently in Louisville. It was announced that the club had met all the requirements, and had been placed on the honor roll.

An event of the afternoon, was the installation of officers.

Those serving for the coming year are: President, Mrs. F. S. Thompson; vice-president, Mrs. W. W. Rouse; secretary, Mrs. W. D. Scroggin; treasurer, Mrs. Luke Jameson.

Following adjournment, delicious refreshments were served.

Guests present were Mrs. Mable Stanter, Mrs. L. L. Slayback, and Mrs. Joseph P. Tavalacci.

Members in attendance were Mrs. A. E. Atkinson, Mrs. C. S. Bedinger, Mrs. Jesse Callen, Mrs. C. S. Chambers, Mrs. J. R. Conard, Mrs. B. W. Franks, Mrs. L. M. Gabriel, Mrs. A. H. Gaines, Mrs. W. K. Grubbs, Mrs. J. L. Hamilton, Mrs. Luke Jameson, Mrs. A. R. Johnson, Mrs. Marvin Kendall, Mrs. H. F. Mann, Miss Emma Miller, Mrs. John Myers, Mrs. E. McCabe, Mrs. James Powers, Mrs. A. C. Rouse, Mrs. C. W. Rouse, Mrs. G. C. Rouse, Mrs. Julia A. Rouse, Mrs. W. O. Rouse, Mrs. W. D. Scroggin, Mrs. S. M. Sleet, Mrs. A. P. Stephens, Mrs. C. G. Stephenson, Mrs. F. S. Thompson, Mrs. D. H. Vent, Mrs. E. B. Wallace, Mrs. J. R. Wallace, Mrs. J. S. Webster and Mrs. Nicholas Welsh.

## Union O.E.S. to Meet

Union Star Chapter 461 O.E.S. will hold regular stated meeting and friendship night Thursday, June 13 at 8 p.m. in Boone Union Masonic Hall, Union.

All Eastern Star chapters are extended a special invitation to attend. Mrs. Enos Miller, Worthy Matron and Warren G. Miller, Worthy Patron, will preside.

## Wheat Farmers To Vote On Marketing Quotas June 20th

Kentucky wheat farmers vote June 20 on whether or not to have wheat marketing quotas.

To be eligible, a grower must have more than 15 acres of wheat for harvest in 1958. The "yes" or "no" votes will be for continuation or cancellation of marketing quotas and a price support rate based on 75 percent of parity on the 1958 wheat crop.

Buel Longner, Kentucky Agricultural Experiment Station agricultural economist, lists a few factors involved in the referendum.

If voted in, there would be marketing quota penalties on wheat produced on acres in excess of allotment. The penalty would be 45 percent of parity per bushel; the 1957 parity, for instance, is \$1.12 a bushel. Price support rate would be \$1.78 a bushel; this is a minimum which could be raised if the parity price increases by July 1, 1958. Acreage allotments for 1958 would be down an average of 25 percent of 1958.

If voted out, there would be no quota penalties on wheat grown in excess of allotments; price supports would be 50 percent of parity as of July 1, 1958, or a support price of "somewhere around \$1.20 to \$1.25 a bushel." The 1958 allotments would be about the same or slightly below the 1957 figure. If allotments are exceeded the only penalty is ineligibility for price support at 50 percent of parity.

A two-thirds favorable vote is needed for passage of the measure.

## To Attend Girls' State

Mrs. Aurelia Day, President of John-McEnery American Legion Auxiliary of Walton, has announced that her wife and the Walton-Vernon P. T. A. will sponsor two girls to Girls State at the University of Kentucky for one week beginning June 17th.

Miss Peggy Downing

Downing will be sponsored by the P. T. A.

The girls were selected by their teachers for leadership and high scholastic standing and will learn the fundamentals of the Government and will visit the State Capitol. Election will be held and those elected will attend Girls State in Washington, D. C.

## Walton Man Wed Saturday, June 1 in Ceremony at Dayton

The wedding of Miss Norma Sue Burton, daughter of Mr. and Mrs. Arthur Walker, of Walton, Ohio, and Mr. Robert Evans, son of Mr. and Mrs. Joe Evans of Walton, was solemnized June 1, at 4:30 p. m., at the West Main Baptist Church in Dayton, Ohio.

The church was decorated with white gladioli, ferns and candles.

Immediately before the ceremony, Mr. Jim Hendrix sang, "Walk Hand In Hand With Me," and "Because." He was accompanied on the piano by Mrs. Arthur Walker.

The bride was given in marriage by her father. She wore a gown of French silk, princess style, with round neck and pointed sleeves with bands of lace around the neck and down the front which was attached with sequins and seed pearls. She wore a finger-ring veil which was attached to a tiara of seed pearls. She carried an arch on a white satin Bible.

Miss Jessie Burch was the maid of honor, wearing a white organza dress with pink cut work over white tulle. Miss Elaine Mitchell was bride's maid wearing a white organza dress with blue cut work over white tulle. Mr. Alvin Lee Lawrence served as best man for his brother-in-law. Ushers were Andy Vasiloff and Erna Dick. Little Miss Angie McGuffey and Faye Hensley were the candle-lighters.

A reception took place immediately following the ceremony, in the church. A beautiful three-tier cake centered the serving table with hostesses, Mrs. Roy Mitchell, Mrs. Owen Burton, Mrs. Bill Matsoff, Mrs. Ed Chadwell and Mrs. Clayton Kinder.

After a brief trip, Mr. Evans and his bride are now residing at 124 Victory Ave., Lexington, Ky.

Last year Mrs. Evans taught elementary school in Dayton.

## FISKBURG OES INSPECTION

Fiskburg Chapter, 334, O. E. S., will have its regular meeting on Saturday evening, June 15, at 8:00, in the Wilmington Masonic Hall, Fiskburg. Initiation of candidates will be held. Mrs. D. J. Worthington, W. P., and A. T. Courtney, W. P., will preside.

All O. E. S. members are invited to attend the annual inspection of officers of the Fiskburg Chapter on Thursday evening, June 20, at 8:00, in the Piner School auditorium, Piner.

Mrs. Anna Bales, Worthy Grand Matron of the Grand Chapter, O. E. S., of Kentucky, will be the inspecting officer.

## Banklick Class to Meet

The ladies of the Sunday School class of New Banklick Baptist Church will hold their regular class meeting Friday, June 14, at 7:30, in the home of Mrs. Atkins on Green Road. Everyone is welcome.

## CHARLES C. GLACKEN

Services for Charles C. Glacken, a Kenton County farmer, were held at 2:00 p. m., Wednesday at the Wilmington Baptist Church, Fiskburg. Burial was in the church cemetery.

A lifelong resident of the county, Mr. Glacken died Sunday at his home in Fiskburg. He was 77 years old.

Surviving him are his widow, Mrs. Edith Jones Glacken; two sons, Wallace C. of Newport, and Melvin Glacken of Sandfortown; a daughter, Mrs. Nellie Seggal, Demosville; two brothers, Elmer Glacken of Demosville, and Homer Works of Butler, and a sister Mrs. Julia Seggal of California, Ky.

## GEORGE L. BURRIS

George Leonard Burris, lifelong resident on Boone county, died Monday at the Dry Ridge Rest Home. He was 84 years old, and an elder in the South Fork Christian Church.

Surviving him are a son, George R. Burris, of Lawrenceburg, Ind.; a daughter, Mrs. Walter Whitson, of Walton; five grandchildren, and five great-grandchildren.

Services were held at 10:30 a. m., Wednesday at the Chambers & Grubbs funeral home, Walton. Burial was in the Hance Cemetery, Gallatin county.

## MARY G. CAIN

Services for Mrs. Mary Gross Cain, Covington, were held at 2:00 p. m., Tuesday at the Chambers & Grubbs funeral home, Walton. Burial was in Independence Cemetery.

Mrs. Cain, who was 60 years old, died Saturday, June 8 at Booth Hospital, Covington. She was a native of Grant county.

Surviving are her husband, Eric Cain, four sons, Walter, Robert and Milford Cain, all of Covington, and Raymond Cain of La Puente, Calif.; three daughters, Mrs. Pete Match of Brungenfeld, N. J., Mrs. Criss Courtney of Little Ferry, N. J., Mrs. William Stevens of Covington; three brothers, Thomas Gross of Cincinnati, and Holbert and John Gross, both of Covington; three sisters, Mrs. Willie Shaw of Elliston, and Mrs. Ada Glass and Mrs. D. T. Carbin, both of Covington, and 16 grandchildren.

## Jobs Daughters' Bake Sale

Bethel 13, International Order of Jobs Daughters, Walton, will sponsor a bake sale at Hayden's Grocery, Verona, and Phoenix Restaurant, Walton, on Saturday, June 15, starting at 9:00 a. m.

## Son Born to Florence Couple

Born to Mr. and Mrs. Johnnie Edwards, of Florence, on Saturday, June 8, a son, John DeWitt Edwards, Jr., at St. Elizabeth Hospital. Mother and baby are doing nicely.

## Pre-School Clinic June 18

There will be a pre-school clinic on Tuesday, June 18, from 10:00 a. m. to 12:00 noon, at the Walton-Vernon School. This is for children entering school this fall at Walton, Verona, and All Saints Schools.

Dr. Virginia Kraft will be the examining physician. All parents are urged to attend.

## Carpenter and Cook Wedding Solemnized At Local Baptist Church

Effective arrangements of white gladioli combined with natural foliage and white tapers in branched candelabra enhanced the festum for the wedding of Miss Shirley Lou Carpenter and Mr. Tommy G. Cook, Saturday afternoon at the Walton Baptist Church.

The ceremony was performed by an uncle of the bride, Rev. R. F. DeMoisey. Mrs. Patty Myers presided at the organ with appropriate music.

Attending the bride was her sister, Miss Marjorie Carpenter. She wore white colored starched lace over taffeta with matching hat, mitts and shoes. She carried a bouquet of assorted garden flowers tied with streamers to match her gown.

The flower girl was Miss Annette Rouse, cousin of the bride. She wore white organza cinderella dress trimmed with tiny pink roses and a pink rose halo on her blond curls. She carried a white satin basket and scattered pink rose petals.

Master Larry Alphin, brother of the groom, was ring bearer. The rings rested on a white satin heart-shaped pillow.

Mr. Ronnie Cook, brother of the groom, acted as best man. The ushers were the bride's cousins, Asa M. Rouse and William H. Bestrom, Jr.

The bride's gown was fashioned with a fitted bodice of chantilly lace with long sleeves tapered to points over the hand. The satin underskirt covered with nylon tulle. Her veil of illusion was held in place by a crown of iridescent sequins. She carried a white Bible topped with a white orchid with white satin streamers. Her only jewelry was a small gold cross.

A reception followed the ceremony in the church.

After a wedding supper at the home of the bride, the happy couple left for San Francisco, Calif., where Mr. Cook is stationed with the U. S. Marines.

## AMITY CHURCH REVIVAL

Revival services will begin at Amity Baptist Church, Taylor Mill Road, on Monday, June 17 and continue through Sunday, June 23, with services each evening at 8:00.

The evangelist will be Rev. Robert Morris of the Ten Mile Baptist Church at Napoleon. The pastor is Rev. Ralph Curry. Everyone is welcome.

## Air Reserve Meeting Here

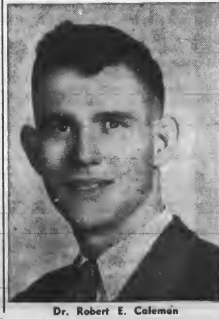

An Air Reserve meeting will be held at Walton-Vernon High School, Tuesday, June 18, at 8:00 p. m. Current Air Force movies will be shown, and someone will be on hand to answer any questions about the Reserve. Anyone interested is invited to attend.

## Revival at Walton Methodist Church

A revival will be held in the Walton Methodist Church beginning on Sunday, June 23 and continuing through Sunday, June 30. Services will be held nightly at 8:00 and each Sunday morning at 11:00.

The evangelist will be Dr. Robert E. Coleman, Professor of Evangelism at Asbury Theological Seminary, Wilmore. The messages in song and the singing will be under the leadership of Dr. David L. Stanton of Wilmore.

Dr. Coleman was born in Dallas, Texas, and is a minister of the North-West Indiana Conference, and has served as pastor of churches in Indiana, Iowa,

Rev. David L. Stanton

## BEAVER LICK REVIVAL

"Red" Turner

Revival services will begin at the Beaver Lick Baptist Church on Monday, June 17 and continue through Sunday, June 23, with services nightly at 7:45.

The evangelist will be Rev. Turner, well known TV personality, and the song leader will be Gene Collette, a former Waltonian. The public is cordially invited to attend these services.

## Closing Exercises For Methodist Bible School Set for Friday Evening

Closing exercises of the Daily Vacation Bible School of the Walton Methodist Church will be held in the church Friday evening, June 14, at 7:30 p. m. Parents and friends of all pupils are cordially invited to be present for the closing worship program and to visit the display of handwork and Bible lessons after the service.

## Services In Sanctuary, Sunday

The renovation of the sanctuary of the church will be completed in time for worship services to be resumed there Sunday. In a statement concerning the beautification and improvements, Rev. Atkinson said: We deeply appreciate the loyalty and faithfulness of our members and friends who have stayed with us during the inconvenience of services in the basement. We also wish to thank all those members and friends who by their hours of voluntary labor and by giving up their own time and using their skills to help us, have made the work possible. We wish to make a great service of Praise and Thanksgiving, Sunday.

## Daughter for Hettermans

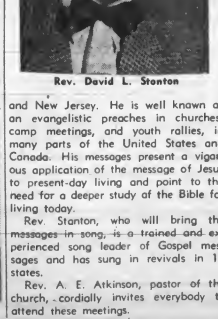

Mr. and Mrs. John Hettermans, south of Walton, are the proud parents of a daughter, Susan Marie, born on Monday, June 3, weighing eight pounds and ten ounces.

## Revival at Walton Methodist Church

A revival will be held in the Walton Methodist Church beginning on Sunday, June 23 and continuing through Sunday, June 30. Services will be held nightly at 8:00 and each Sunday morning at 11:00.

The evangelist will be Dr. Robert E. Coleman, Professor of Evangelism at Asbury Theological Seminary, Wilmore. The messages in song and the singing will be under the leadership of Dr. David L. Stanton of Wilmore.

Dr. Coleman was born in Dallas, Texas, and is a minister of the North-West Indiana Conference, and has served as pastor of churches in Indiana, Iowa,

Rev. David L. Stanton

## Annual Boone County Red Cross Meeting At Florence, June 13

The Boone County Branch of the Cincinnati Area Chapter, American National Red Cross, will hold its annual meeting and election of officers at 6:30 p. m., June 13, at Doc's Place, Florence. It was announced this week by Mrs. A. H. Gaines, Walton, acting chairman. It will mark the 40th anniversary of the Boone County Red Cross, which was organized June 28, 1917.

The general public is invited to the dinner meeting. There will be a choice of chicken, ham or shrimp at \$2.25 a plate. Reservations may be made by calling Mrs. Elizabeth Nestor, executive secretary, at Atlantic 3-3841.

Mrs. Gaines, who in addition to serving as acting chairman of the Boone County Branch serves on the board of the five county, Cincinnati Area Red Cross Chapter, will preside. Nelson Schabert, area chairman, and Miss Mabel Culler, area executive director, will be guests.

The annual meeting will also mark the first anniversary of the Boone County Red Cross as a branch of the area chapter. On July 12, 1956, the Boone County Red Cross joined with Campbell and Kenton counties in Kentucky, and Clermont and Hamilton counties in Ohio to form the Cincinnati Area Red Cross. This major signalized the beginning of an active year for Red Cross volunteers in Boone county.

Within twenty hours after the merger, a tornado blasted its way through Walton, leaving a trail of destruction. The Boone County Branch of the Red Cross was immediately on the job. And directed by Robert Eads, disaster chairman for the county, and R. D. Frost, branch chairman, the Red Cross stayed on the job following the emergency period helping those in need repair and rebuild their shattered homes. \$22,500 in Red Cross aid was provided and all of it was given as an outright gift.

During the past year, the Boone County Branch, working with other community groups, was also on the job providing emergency assistance such as food, clothing, bedding and shelter to victims of fires and other one-family disasters.

Increased activity in many other fields of Red Cross service has taken place in the past year, according to Mrs. Gaines. "First aid has been taught to community groups to train them to meet home or highway accidents and prepare them to care for injuries suffered in disasters or civil defense emergencies."

Boone county has also participated in the "Coffee Hour" at the Ft. Thomas Veterans Hospital. This is a Sunday morning service in which Red Cross volunteers provide refreshments for the veterans following church services. In recent months, plans have been developed for a Junior Red Cross enrollment program in Boone county schools, Mrs. Gaines added. This will give local boys and girls an opportunity to share their school-produced items with patients in nearby hospitals and with youngsters in foreign lands.

Home service activity has continued as in the past with many services being given servicemen, veterans and their families.

At the current time, and to be the major step forward in the coming year, according to Mrs. Gaines, is the recruitment of volunteers to serve as leaders and members of the many Red Cross volunteer services, such as Motor, Gray Lady Service, Production Service, Staff Aide Service, Social Welfare Aide Service, Canteen Service, Nurse's Aide Service, etc. All of these Red Cross services and many others in the five county Cincinnati area are supported through the United Appeal, the joint campaign of the Chest and Red Cross.

## HORACE G. TALBUSH

Horace George Talbush, a native of Lawrenceburg, Ind., died Monday at his home on Froggton Road, Walton. He was 66 years old.

Surviving him are his widow, Mrs. Mildred Tann Talbush, and a sister, Mrs. Aileen Henderson, of Michigan.

Services were held at 2:30 p. m., Wednesday at the Chambers & Grubbs funeral home, Walton, with Rev. R. F. DeMoisey officiating. Burial was in the Independence Cemetery.

## Graduates From Cincinnati

Mrs. Gertrude Daniels attended the commencement exercises at the University of Cincinnati, June 7th, when her son, Robert Blaine Daniels received his degree in electrical engineering.

## STAFFORDSBURG

A very pretty and imposing wedding ceremony here at the church in Saturday evening June 8th at 7:30, united Miss Virginia Wolfe and Mr. Curtis Nove. The church was attractively decorated with white gladioli.

Following the ceremony a reception

was held at the home of the bride's parents in Wischer Drive. We wish for them a long, happy and useful life.

The Staffordsborg Homemakers held their June meeting at the home of Mrs. Lee Faulkner on McCollum Rd.

Such a busy season on the farm and illness cut the attendance, but all present enjoyed the meeting very much. Causing most of the interest was a discussion of their trip being planned for middle of July. Their itinerary includes visits to Jamestown, Williamsburg, Yorktown and other interesting places. If you are planning a trip this summer call Mrs. Bluch Rich Fl 7-2673 or information or reservations.

Mr. and Mrs. Dawson Ballinger and Mr. and Mrs. Robert Cooper called on Mr. and Mrs. David Kennedy in Sunday afternoon.

The Daily Vacation Bible School which opened on Monday June 3th was well attended and enjoyed by all. We have often been told that when the Lord wishes something done He calls on a busy person. One can believe that for all who were helpers here were leaving their home tasks and gladly uniting in this effort. The sessions closed with a picnic on the lawn on Friday and presentation a diploma and display of work done on Sunday evening.

Mr. and Mrs. J. A. Keeney called on Mr. and Mrs. Geo. Hamilton and Mrs. Bessie Mills on Walton Nicholson Road on Sunday afternoon. Other guests were Mr. and Mrs. Stanley Fooks, Mrs. R. Mudman and son Stephen. The big event was the birthday celebration of Mrs. Fooks and Mrs. Hamilton.

John Shaw is much improved from his recent illness. He is thanking a few of his good neighbors for helping get his corn planted.

Staffordsborg Homemakers Club met at the home of Mrs. H. T. Faulkner for the June session, conducted by Mrs. Bluch Rich.

International Day was observed, highlighted by a talk on, "Inside Russia" by Mrs. J. C. Beall, citizenship chairman. Mrs. J. C. Rich gave a reading on "Lincoln's Wife".

Mrs. Bluch Rich gave a report of advisory council, informing members that "Basic Clothing," "Lighting," and "Legal Affairs," were the projects for the coming year.

Appointed on the nominating committee were: Mrs. Ralph Howard, Mrs. L. J. Rapp and Mrs. Stella Richardson.

Attending were Mesdames Melvin Bruggen, Thomas Byrne, Chesterhill, Ralph Howard, Doris Binder, E. B. Rich, Emil Stein, Roy Payne, Geo. Keeney, H. L. Faulkner, Inez Beall, Anthony Wolf, Stella Richardson, Bluch Rich, Edith Ware and one visitor.

## INDEPENDENCE

Attends Spring Luncheon

Mrs. Suddie Johnson and Mrs. Margie Maphet were guests of Mrs. George H. Miller, formerly of Covington, and her sister Mrs. Leslie Walker in Chattanooga Tenn. While there they were the guests of the Cosmos Woman's Club Spring Luncheon at Fairyland Park on top of Lookout Mountain. The program included an exciting style show presented by one of the leading department stores. Then leaving by train for Montreat, N. Carolina, they were the guests of Miss Priscilla Maphet. They enjoyed the scenery and college grounds of Montreat. Then motored home to Independence with Mrs. Maphet who will be their guest for the next few weeks. She will also visit a brother, Emmett, in Covington.

## BARTH MOTORS

IF you  
had to say

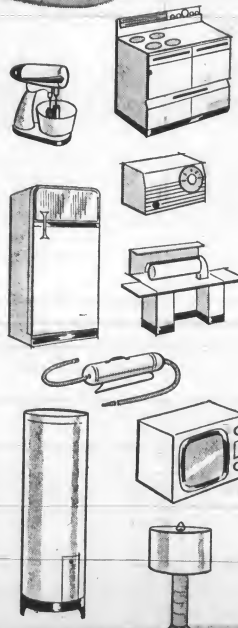

"thank you"

every time electricity  
served you...

...you'd be exhausted before the end of a single day! Ever think of those silent helpers that way? How many actual drudgery jobs they take over for you... and how they keep your home warm, or cool... light it for safety and beauty... and bring you worldwide news and entertainment... for practically just pennies a day!

This continuous service doesn't apply just to the home, either, for when you are away at work, or school, or wherever your schedule may take you... electricity is busy making your life more comfortable,—more convenient.

So, we say, with pride—that we believe electric service is the one item on your budget that helps you

round-the-clock—for very modest pay!

Boone Circuit Court

Columbia Federal Savings & Loan Assn.

Plaintiff

Versus

NOTICE OF SALE

Cecil B. Souder, et al., Defendants.

By virtue of a judgment and order of sale of the Boone Circuit Court rendered May 31, 1957, in the above cause, I shall proceed to offer for sale at the Court House Door in Burlington, Kentucky, to the highest bidder, at public auction on Monday, the 1st day of July, 1957 at One O'clock P. M., or thereabout upon a credit of 6 and 12 months, the following described property to-wit:

Index S-132, Plat 1-39  
111 South Main Street, Walton, Ky.

Situated on the Northwest corner of Main Street and Chambers Avenue and fronting sixty (60) feet on Main Street and extending back two hundred and seventy-five (275) feet, more or less, on Chambers Avenue; and being sixty (60) feet wide, more or less, at back line. This lot adjoins Clark's Addition, as shown on Plat No. 1-39 in the records of the Boone County Court at Burlington, Ky., and as described in D. B. 62-256.

For the purchase price, the purchaser must execute bond, with approved surety, bearing legal interest from the day of sale, until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms. Amount to be raised by sale \$7,636.06 together with interest, taxes and costs herein expended.

R. S. HENSLEY  
Master Commissioner  
Boone Circuit Court.

County Beer License	\$12.00

**C. D. BENSON, Clerk**  
BOONE COUNTY COURT

## THANKS

I want to express my appreciation to my many friends who supported me in my unsuccessful nomination for Sheriff of Boone County. Your deep interest and support during the campaign will remain a pleasant memory forever.

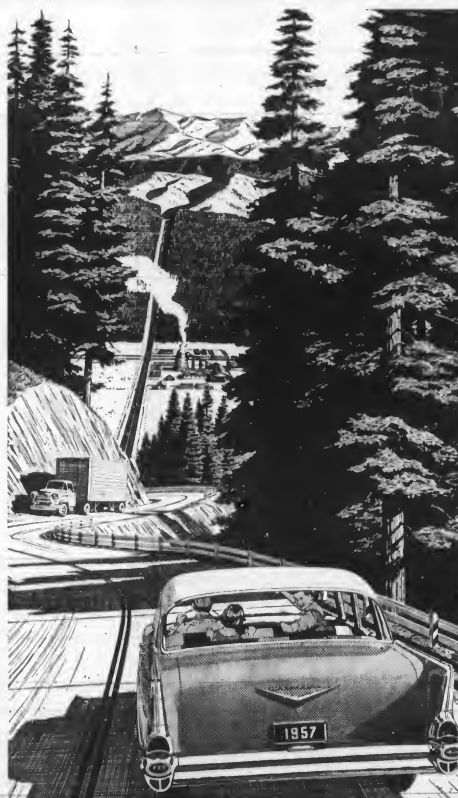

I again want the public to know that I received no support from the state administration at Frankfort nor from any other faction as was circulated during the recent campaign. I made my race as an individual. I paid for my entire campaign and received no financial aid as was likewise told during the campaign. I furthermore want the voters of Boone County to know that I harbor no ill will at the decision of the majority. I was harbor no ill will at the decision of the majority. I was been successful, that I could not fulfill, and I definitely was not bound to anyone or group. I made no ill statement about any other candidate in order to win.

Again I express my sincere thanks and I hope that I can serve the citizens of the county as an individual for years to come.

Sincerely,

**CECIL (PI) PRESSEH**

New Chevrolet Bel Air 4-Door Sedan with Body by Fisher

*It's got  
the  
heart  
of a lion*

(but it's a lamb to handle)

To know a Chevy in all its glory, head one into the open—the more mountains the better. You'll soon see why so many people dote on that smooth sure Chevrolet response and stout-hearted power. Chevy's performance makes their dollars look big!

You don't have to urge this car along. A Chevrolet comes alive with the flip of an ignition key. The power is charged with gumption. The wheel responds in a twinkling to tight corners or turns. And on a back road a Chevrolet steps with ease over ruts, that would look like barricades to lesser suspension systems. In short, a Chevy shows "savvy." You can, too. See your Chevrolet dealer!

MORE PEOPLE DRIVE  
CHEVROLETS THAN ANY

when watery spring pastures make fussy eaters...

## Purina Bulky-Las whets appetites, helps maintain top cow condition

Dairymen don't ordinarily complain this time of year about milk flow or cow condition.

But, when lush pasture grass contains up to 85% water, cows often eat so much grass they get full and won't eat their grain. They continue to milk well, but often lose weight if they do not eat enough grain while on lush pasture.

Then, when pastures turn brown, most of the grain ration will be needed to maintain the cows' bodies. Milk production usually drops off when body condition is poor.

**Maintain body condition with Bulky-Las**  
Top-feed palatable Bulky-Las with whatever ration you are now feeding... (up to one-half gallon per cow per milking). Bulky-Las stimulates cows' appetites, adds body-building nourishment to

your ration, and keeps cows producing well, right up to dry-off time. Cows go for the molasses, bulky beet pulp, alfalfa meal, vitamins and minerals in Bulky-Las.

Bulky-Las helps balance with minerals and energy the watery grass your cows eat on pasture.

No matter what kind of grain ration you are now feeding, ask us about Bulky-Las. We will gladly give you proof that Bulky-Las is top feed for helping maintain cow condition.

**Kill those flies now!** Get the jump on the fly problem this spring. Sprinkle PURINA FLY BAIT lightly wherever flies gather. In the dairy barn, poultry house, kennel... and in outdoor areas, too. Flies naturally go for Purina Fly Bait. And does it kill 'em! So, be sure to check your Checkerboard Man, and beat the fly problem.

FEED PURINA... YOU CAN DEPEND ON THE CHECKERBOARD

### Family Tensions

Lesson for June 16, 1957

"THE family is a divine institution. That is to say, God invented it. He thought of it before men did. He intended it. So it should be a success. Yet the family is also a human institution—that is to say, all homes are made up of human beings. Every home therefore suffers from the ailments that nag at all things human. A successful home succeeds in spite of all the human handicaps. A home that does not succeed, fails because these handicaps strain it too much.

Dr. Foreman

**Tensions**  
A favorite modern word for these stresses and strains within a home is "tensions." The word is new but the thing is old. Tension is what makes the teen-ager scream, and her mother feels like screaming. "I can't stand this another minute!" Tensions are what make meal-times regular battle-grounds, what give mothers nervous prostration and fathers peptic ulcers before their time, what may make children remember their childhood with a kind of shudder. Tensions are what keep juvenile delinquents from going home, tensions may even be the beginning of lost minds. Now the thing is old, as was just said. In the home of Jacob, who was a God-fearing man, there was plenty of it. There was tension between him and his wives, between the wives themselves, between some wives and some sons, between the sons, between him and his sons. The family, so to speak, was pulled every which way, and actually at last broke up.

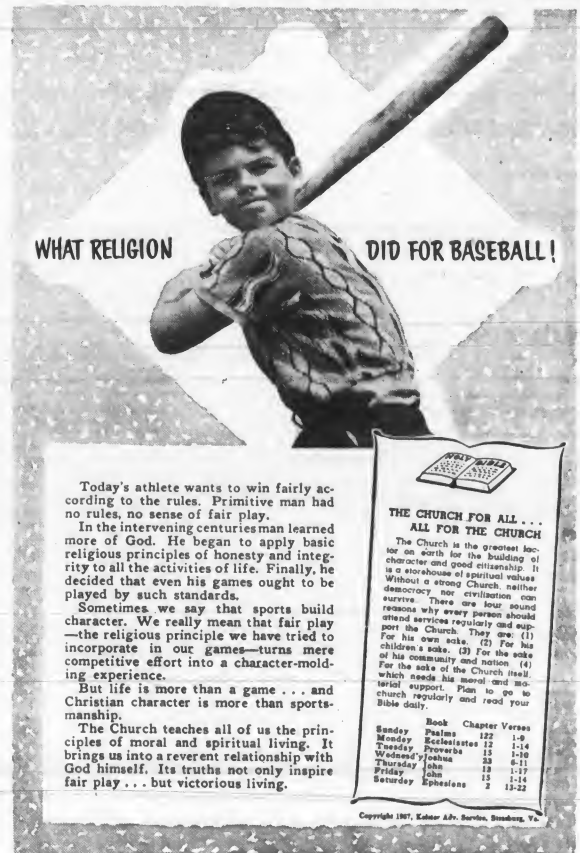

**What Can't Be Helped**  
Some tensions cannot be helped. They are in the nature of things. In a home there are persons of different ages, sexes and temperaments. This cannot be avoided. Yet the "battle of the sexes" rages from generation to generation; younger people find older people sometimes very hard to get along with, and vice versa. In Jacob's home he was much older than his wives very much older than his sons. Men and women in those days and times probably differed even more sharply than now, kept separate as they were for much of the lives. And in Jacob's home temperamental differences surely could hardly have been more striking. The thing to remember is that, since these strains cannot be helped, something good can be made of them. The man's point of view is different from the woman's, of course, but it takes both of them to make a healthy human point of view. Youth needs the caution and the wisdom of older people; older people need the optimism and enthusiasm of younger people to keep them from withering on the vine. Different temperaments can balance one another. A home can capitalize on its very handicaps.

**What Can Be Helped**  
Nevertheless, some strains and stresses are just the result of human meanness, human sin. They can be helped, they call for repentance and change. Consider the home of Jacob. His wives did not get along together; but while it was in those times legal enough, it was foolish for a man of his temperament to have married all those four women, especially as he loved only one of them. Some of the trouble arose from young Joseph's 17-year-old conceit. Perhaps he couldn't help but dream of grandeur, but he did not need to tell those dreams at the breakfast table. And some of the trouble lay in Jacob's playing up his son Joseph.

**How to Help It**  
A foundation-stone for harmony in the home or anywhere else, is harmony with God. One who lives close to God will remember that God's will is always for peace, never for strife. The soul conscious of being forgiven by God will be more ready to forgive others. The spirit blessed by the grace of God—and God's grace comes only to the humble—will not be forever standing on its rights and complaining about its wrongs. It would be a good thing for many a family all nervous with many tensions, to read together the thirteenth chapter of 1 Corinthians, the great chapter on love in practice, and then spend a while in silence, each one thinking: Does this describe me? And if not, do I not need God's forgiveness, and

WHAT RELIGION

DID FOR BASEBALL!

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) Which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

	Book	Chapter	Verses
Sunday	Matthew	12	1-9
Monday	Ecclesiastes	12	1-14
Tuesday	Proverbs	13	1-10
Wednesday	Isaiah	33	1-10
Thursday	John	13	1-17
Friday	John	13	1-17
Saturday	Isaiah	2	13-22

**OAK RIDGE**

Mrs. W. C. Tallent, Editor

The students of Simon Kenton School went to Coney Island last Thursday and they returned tired and sunburned but reported having a wonderful time.

The Oak Ridge Homemakers Club were guests at the Paul Dixon TV Show last Thursday and several of the members received very nice gifts.

Darlene Sizemore and Carol are attending the 4-H Club Camp at Camp Ernst, this week.

Mr. and Mrs. W. C. Tallent and children, Terry, Carol and Kevin, visited relatives in Lexington, Winchester and London, Ky., over the week-end.

Mrs. Clyde Clark of Latonia Lakes entertained several friends with a Stanley Party on Saturday night.

June 6th, Mr. and Mrs. Orvan Douglas celebrated their 30th wedding anniversary by attending the Paul Dixon show.

Mrs. Kenneth Galloway entered St. Elizabeth Hospital on Saturday and will undergo surgery on Tuesday. On Wednesday she and Mr. Galloway will observe their 45th wedding anniversary.

Carl Tomlin will work for the Recreation Commission at Saylor Park during the summer vacation.

Phillip Meyers, of London, Ky., is visiting his cousin, Terry Tallent.

**CRITTENDEN**

Mr. Collingworth who has been in St. Elizabeth Hospital, has been removed to Dry Ridge Convalescent Home.

Miss Brenda Riley spent a week visiting her aunt, Mrs. Herman Beach at Lawrenceburg, Ind.

Mr. and Mrs. Cleve McAllister has sold their house and lots to Mr. and Mrs. Everett Glass of Owenton.

Mr. William Lillard has sold his home to Miss Dorothy Menefee.

Miss Bessie Hightower of Gardnersville, who spent the winter months with Mrs. Lyda Doud has been taken to Dry Ridge Convalescent Home.

Miss Dorothy Menefee sold her home to Mr. and Mrs. William Lillard. This place is known as the Menefee Hatchery at Flingsville.

Geraldine Roberts, Judy Halbrook and Kern Kelley have the measles.

Miss Mary Reed and Mr. John Reed spent Saturday with their brother, Judge William Reed at Carrollton. Mr. Reed has been in Louisville Hospital but has been able to return to his home.

Mrs. McKee of Flemingsburg, returned home Saturday after spending a week with her daughter, Mrs. Olan Piner and Mr. Piner.

Mr. and Mrs. Shelby Hisei and two children spent from Friday to Sunday with his brother and family at Richmond, Kentucky.

Mr. Ernest Belgie who has been quite ill for several weeks in Lexington hospital, is much improved and is at the home of his daughter, Mrs. Verner Burgess at Lexington.

BYRON KINMAN, Sheriff of Boone County, Kentucky

Subscribed and sworn to before me this 8th day of June, 1957.

WILLIAM P. McEVROY, Notary Public, Boone Co., Ky.

My commission expires March 19, 1958.

**To The Democratic Voters of Boone County**

Although unsuccessful in my attempt to be elected State Senator in the 26th Senatorial District, I am most appreciative of the fine vote received in your county. The friends who helped me to achieve this will long be remembered. I trust in some way I will be able, some day, to repay those of you who have been so kind.

Sincerely yours,

## 1930

June 11, 1930, a day I'll never forget, when I was burned so bad with electricity. I was left here for a reason and I have tried to do a lot of good in our community. I have made a lot of friends and some enemies. They are not too bad, only they just didn't agree with me. Actually, with all the disagreements I have had, there is no one I hate. When in business in a country town, you have a few conflicts that get to be personal that you do not have in the city. But the 22 years I have been in the hardware have been very good ones and I have been lucky to have good help all the time.

Mrs. Hubert Dixon, over on Crittenden-Bullock Pen Lake Road, next to the Joe Leary farm, came after lawn fence, linoleum and paste. The Gadd boys, on Salem Creek Road, bought a large child's wagon and a ball bat. Mrs. Raymond Baker bought some linoleum yard goods and a 12x15 linoleum rug. Mrs. Dora Pennington, Ball Luster-Kate enamel finish and Bole Alto Vista, bought a lot of plastic articles for the kitchen. Mr. and Mrs. Nick Parr came after 125' of hay rope. Mrs. Durr, Raymond and Shorty Durr's mother, bought a lot of linoleum and some dishes.

Mr. and Mrs. Sidney Caldwell bought Bole paint and a portable electric mixer. Some fellow wanted to know if Bole outside white paint was as good as Dupont and Sherwin-Williams. Can you imagine comparing that good Bole paint with other paint, when it is in a class by itself. We sell lots of it every day, especially Bole Luster-Kate enamel finish and Bole Liquid Put finish. I added an alkali-base flat wall paint, put out by Chicago Paint Co., which is very hay rope. Mrs. Durr, Raymond and Shorty Durr's mother, bought a lot of linoleum and some dishes.

We had lots of customers today — Mrs. Ethel Sheppard, Hattie Benson, Gladys Colston, Mrs. Clifford Moore and others I can't recall. We sold more lawn mowers today — the grass is growing and the old mowers are giving out. Now is the time to get a good trade on a new mower. We are selling a lot of containers for the freezer and we have a very good supply of all types. I have a used electric water pump on 13-gallon tank in good condition. I have a 52-gallon new table-top electric water heater for \$125. I have a portable gasoline motor and 1 1/2" water pump mounted together for only \$148.50.

I have plenty of plastic pipe and rubber hose for watering tobacco or gardens. We have plenty of weed killer for spraying your corn, also several types of tractor pumps for pumping water and spraying. Several of our best selling hays are now selling several furs and fork handles. Some of the ladies are buying new

hoses and I have some nice, light ones just right, with small handles. We have Real Kill's full line that will kill most any insect around the house. I also have Duont's Marlate that kills anything that crawls or flies around the garden or farm.

I also have 7 1/2% Methoxychlor, a real dust for the garden. Today, Mr. Morgan, over on Percival Road, bought garden dust and a duster. I had several new customers, some buying mowing scythe, mower repairs, tobacco seeder repairs, perfection hand tobacco seeder, tank sprayer repairs, dishes, pitcher and glasses, electric clock, kitchen lamp, thermometer, lamp chimney, burner and wick, chisel handle, bit brace, cold hoes, punches, steel cable, plumbing supplies, and lots of paint. Emmet E. Word bought another new Mastercut power mower — he has had one for three years and wanted a new one, so he picked another Mastercut.

I have a lot of fans for your churches, if it gets hot enough to use them — stop in and I will give you some for your church. I have sold several ice cream freezers and croquet sets. John Hetterman was in and said he shipped 57 lambs that weighed 88 lbs. and brought 24c per pound — that is the best I have heard this year. I like to keep up with these farmers and then I can see how some of them are progressive and others just farm. Mr. and Mrs. Elsie Henderson, from Gallatin county, brought over their Sunbeam lawn mower for repair — Chick fixed it and then Mr. Henderson and I had a trade — I kept his old mower and he took home a new Sunbeam. If you want a good, used mower, this is it. Mrs. Baxter, down at Richmond, called for 12' loc fence posts, so I had to go to the farm and brought them back for her.

I have a few of the new middle size rural mail boxes and a metal mail box for only \$4.95. We have metal lawn chairs for \$4.95 and \$9.95, also porch swings, 4' and 5' size, \$10.95 and \$14.50. Elsie Jack bought a piece of linoleum. C. O. Carlisle bought a piece of linoleum. Mr. and Mrs. R. L. Salmons got a few items for themselves, also some linoleum and shades for a neighbor's house. I have a good power lawnmower. Delbert Messner got a used power mower.

There are so many people who are customers of mine that I do not know. Every week we get a new group and they seem to like a country hardware store, where they can dig in and find what they want or ask for something they think you don't have and you take them out in the warehouse or upstairs and find it. We did sell a lot of those drop-in electric water heaters but I guess people don't use them any more — I have a 52-gallon table-top electric water heater to sell, cheap. I also have a 30' fully automatic electric Perfection range to sell at a bargain.

## Officers Elected At Annual Meeting Of Boone Co. Red Cross

Mrs. Alan H. Gaines, Alta Vista Drive, Walton, was elected chairman of the Boone County Branch of the Cincinnati Area Red Cross Chapter. She has been serving as acting chairman for the past five months. R. D. Frost, former branch chairman, was presented an award of merit for his services to the Red Cross in Boone county.

Elected as vice chairman were Dr. John Bustetter, Florence, and R. D. Frost, Bellevue. Mrs. Jack Caldwell, Burlington, was elected secretary, and Mrs. J. P. Brothers, Florence, was named historian and corresponding secretary. Mrs. Gaines will also continue serving on the board of the five-county Cincinnati Area Red Cross Chapter.

Elected to the board of the Boone County Branch were: John McEvoy, Mrs. J. P. Brothers, Dr. John Bustetter, R. S. Hensley, Rev. R. A. Johnson, Mrs. R. C. Eastman, Mrs. Gaylord Van Der Veer, Mrs. L. C. Masters, Mrs. Alan Slayback, Mrs. A. A. Liggett, R. D. Frost, Mrs. Jack Caldwell, Wilson Stephens, Robert Ellis, Mrs. Noel Watson, Rev. Robert Wallace, Mrs. M. A. Yelton, Mrs. Albert Pfalzgraf, Mrs. Ralph Pfalzgraf, Mrs. Stanley Kasper, Mrs. H. C. Steward, Mrs. Walton Rogers, John E. Crigler, Howard Adams, Mrs. Ellis, Everett Jones, Mrs. Bertha Jackson, Mrs. Alan H. Gaines, Mrs. Evelyn Sizemore, James S. Webster, George W. Ryan, Malcolm Simpson, James Spencer, and Mrs. Jay Webster.

The annual meeting marked the 40th anniversary of the Boone County Red Cross, which was founded June 28, 1917, and its first anniversary as a branch of the Cincinnati Area Red Cross Chapter.

Out-of-county guests at the meeting were Miss Babe Culler, executive director of the area chapter, and Howard Bremer, director of field service for the area chapter.

## 182 4-H Members Attend Camp Ernst From Four Counties

One hundred and eighty-two 4-H members, leaders and agents from Kenton, Campbell, Pendleton and Boone Counties attended camp at Camp Ernst last week. Total participation from each county was: Kenton 75, Campbell 41, Pendleton 26 and Boone 40.

Those on the honor list selected as medal campers from Boone County were Donnie Maddox, silver medal; and Bill Mathis, bronze medal.

Senior Star Camper Awards were won by Arlene Sue Akin, Sue Graves, Phyllis Kirtley and Nancy Prigge. Junior Star Camper Awards were won by Sherry Denham, Sally Graves and Donna Sue Huey.

4-H members winning these honors were selected on their leadership, ability and participation in activities at camp.

Boone County 4-H members serving on the Junior Council, who did a wonderful job in helping plan the program and various other activities while at camp were Nancy Prigge and Donnie Maddox. Mrs. Robert Reimer, Hebron, and Mr. and Mrs. Willie Mathis, Verona, 4-H Leaders, gave freely of their time and efforts to make this a most successful camp by teaching classes and being leaders at camp. The Extension Office and the 4-H boys and girls attending camp wish to thank these 4-H Leaders for their helpfulness and splendid cooperation in all the activities during camp.

Other 4-Hers attending camp from Boone County were: Johnny Akin, Kathryn Cogor, Carol Collins, Pamela Eades, Ruth Fair, Brenda Sue Francis, Kay Hambrick, Johnny Harris, Margie Hazlett, Karen Lee Johnson, Mark Jones, Eleanor Kidwell, David King, Lou McWhorter, Betty Maddox, John Michael, Elsie Moss, Nancy Muench, Sherry Riddell, Elaine Roberts, Janie Ryle, Emily Seikman, Eddie Simpson, Mary Smith, Beth Stevens and Tom Weas.

## McNeely Circle Meets

The McNeely Circle met June 6th with Mrs. Bryan Rector, Mrs. Pamela Eades, Mrs. Charles Steers, Mrs. Carl Gerth, Mrs. Grace Knox, Mrs. Bryan Ross, Mrs. Stanley Knoch, Mrs. Leonard Cook. After the meeting delicious refreshments were served.

## ALBERT W. KITTLE

Services for Albert William Kittle, a Boone county farmer who collapsed and died Sunday of a heart attack, were held Wednesday at 10:30 a. m., at the Chambers and Grubbs funeral home at Florence. Burial was in the Petersburg Cemetery.

Robert Brugh, Boone County coroner, said Mr. Kittle collapsed at his home on Burlington-Idelwild Pike. He was 54 years old.

Survivors include a daughter, Mrs. Mike Kittle, a son, Karl B. Kittle, and his mother, Mrs. Artie Kittle, all of Burlington, Route 1; two sisters, Mrs. Nellie Bryant and Mrs. Leola Noble, both of Cincinnati; a brother, Russell Kittle, Burlington, and two grandchildren.

Rev. Karl McGraw of Bullsburg Baptist Church, officiated at the services.

## "State Honorary Membership" Given Mrs. McElroy by FHA

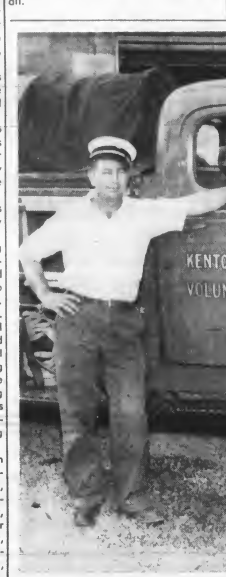

Mrs. Helen G. McElroy, home economics teacher at Simon Kenton High School, Independence, received "state honorary membership" at the 12th annual meeting of the Future Homemakers of America, held June 4-6 at Murray State Teachers College. She was given this award for her outstanding service in the F. H. A.

There were 12 chapters represented from Northern Kentucky: Carrollton, Owen County, Boone County, Lloyd Memorial, Simon Kenton, Bellevue, Dayton, Campbell County, Morgan, Butler, Falmouth, and Harrison County.

Four schools from this area were named Honor Roll chapters for the year 1956-57: Campbell County, Highland, Carrollton, and Simon Kenton. There were 57 honor roll chapters in the state of Kentucky. The district scrapbook received a "superior" rating.

## Mary Simpson Circle Meets

The Mary Simpson Circle met at the home of Mrs. J. R. Tackett on June 6th. Mrs. Gertrude Daniels, Circle leader, presided at the meeting. Those present were Mrs. Maude Wilson, Edith Percival, Cara Osborn, Blanche Frank, Leona Myers, Leona Jump, Wilma Winburn, Bonnie Woods, Bess Conrad, Ruth Sander, Emma Tackett, Virgie Fisher. Refreshment were served and enjoyed by all.

5th ANNUAL FESTIVAL—The firemen and Ladies Auxiliary of the Kenton Community Volunteer Fire Dept. are preparing for the 5th annual festival, to be held Friday and Saturday nights, June 28-29, on Highway 177, 1,000 feet south of the firehouse, Kenton, Ky. The "Home-towners," with Buddy Ross, will put on two shows. Also on the program for two shows are the "Kentucky Boys," Slim and Zeke. The Klotz Bros. band will be on hand to play for those who want to dance. There will be rides for the kiddies, also booths and refreshments. There will be \$200 cash given away during this festival. Don't forget the date, Friday and Saturday, June 28-29. Working on the festival committee are, left to right, Harold, Roy Hammond and Hugh Klotz. Harold "Topsy" Ishmeal is festival chairman. Everyone is invited to attend.

## Kenton County Youth Gold Medal Camper At Annual 4-H Camp

Richard Carlisle, son of Mr. and Mrs. John Carlisle, Morning View, Route 1, was named one of the two Gold Medal Campers at award ceremonies concluding the annual Northern Kentucky 4-H Club camp. The annual camping event was held at Camp Ernst, Burlington, on June 10-14. Other high award winners from Kenton county included Bob Jackson, son of Mr. and Mrs. Robert Jackson, Morning View, Route 1, Silver Medal winner, and Judy Hayes, daughter of Mr. and Mrs. Tim Hayes, Independence, Route 1, Bronze Medal winner.

Kenton county 4-H campers selected for senior camper awards were Peggy Binder, Byrna Cook, Patsy Jackson, and Rusty Richardson. Junior camper awards were presented to Jerry Binder, Karen Leitch and Carol Tallent. Other Kenton county 4-H members attending the week's camp include: Sharon Allford, Connie Anderson, Connie Bagby, Brenda Bailey, Buddy Beck, Edward Binder, Jerry Binder, Peggy Binder, Marie Browning, Karen Brueggan, Sharon Brueggan, Stanley Budke, Barbara Carls, Beverly Carlisle, Nancy Carlisle, Karen Christian, Linda Cross, Madelyn Cross, Charlene Cummins, Linda Figgins, Eddie Fisk, Jeffrey Fisk, Billy Ford, Patsy Gatewood, Sarah Grant, Jean Hagaman, Carolyn Hayes, Judy Hayes, Joan Henry, Marvin Hensley, George Hoffman, Nancy Holoyoke, Sandy Hopton, Pam Hurd, Sandra Isaacs, Darlene Kohrs, Carolyn Kowitzke, Janice Kennedy, Patty Kidwell, Charlotte Lakes, Billy Lawler, Sandra Lawler, Linda Martin, Vickie Martin, Freddie McDaniels, Gary Mullins, Jennifer Nager, Douglas Neuspickel, Larry Parshall, Donna Price, Forest Rankin, Judy Rapp, Cheryl Ransom, Larry Reel, Danny Sam, Dorlene Sizemore, Carol Streine, Stephen Vincent, Linda Wilson, Barbara Walsing, Brenda Worthington, and Wayne Zimmerman.

Kenton county 4-H members attending camp were accompanied by Mrs. Jake Isaacs, Mrs. Jesse Grant, Mrs. E. V. Wilson, Jr., Miss Zelma E. Byerly, County Home Demonstration Extension Agent, and Thomas L. Riley, Associate County Agricultural Extension Agent.

Members of the Beacon class and their families at the Walton Methodist Sunday School will meet Friday evening, June 21, at 6:00, at Verona Lake Ranch. Bring a picnic basket.

Several of the activities in which Tom has participated are as follows: Attended previous F. F. A. State Conventions, Attending leadership training camp at Hardinsburg, Ky. for 3 years. Some of the positions that Jim held in the F. F. A. were as follows: Chairman of Co-operation committee in his Junior Year, Vice President in his Senior Year. Jim received his Green Hand degree upon entering the F. F. A. and his Chapter Farmer degree in his Sophomore year.

Tom's farming program consisted primarily of beef, corn, hay, tobacco and pasture improvements. He plans on attending U. of K. in the fall and take up agriculture.

## DEMONSTRATION WINNER

Mrs. Phyllis Kirtley, daughter of Mr. and Mrs. Reuben Kirtley of near Union, captured the championship prize in the general demonstrations when she showed: "How to put a zipper in a skirt," during 4-H week, at Lexington, according to Mary Ann McCormack, acting home demonstration agent.

Bill Mathis, son of Mr. and Mrs. Willie Mathis, won a blue award on his speech, "Resources Unlimited."

Other 4-H members attending 4-H week from this county were Sally McEvoy, Mary Jo Dixon, Nancy Prigge, Donnie Maddox and David Crigler. These boys and girls were chosen to attend because of outstanding 4-H work during the past year.

## Special P. T. A. Meeting

A special call meeting of the Walton P. T. A. will be held Monday, July 1, at 8:00 p. m., in the home of Mrs. Wesley Burgess on Edwards Avenue. Members are urged to be present as important business is scheduled.

## Social at Independence

The ladies of St. Cecilia Church, Independence, will hold their monthly card party, from 1:00 to 4:00 p. m., in the church basement. Donation 50 cents, refreshments included. The public is cordially invited to attend.

## Two Simon Kentonians Gel "State" Degrees At F.F.A. Convention

Alvin Gibson and Richard Hatfield attended the Kentucky F. F. A. State Convention, June 7, 1957, at voting delegates from Simon Kenton High School.

Jim Courtney of R. 2, Crittenden, Ky. and Tom Stephenson of R. 1, Crittenden, both members of the 1957 graduating class at Simon Kenton received their State Farmer degree at the 28th Annual Kentucky F. F. A. State Convention at Louisville, Ky.

The State Farmer degree is a coveted degree held by only twelve students in the twenty year history of Vocational Agriculture at Simon Kenton.

Jim's farming program consists primarily of dairy, hay, tobacco, corn and farmstead improvement throughout high school. Jim is planning on working with his dad on the farm on a partnership basis. Jim took an active part in several F. F. A. activities which were as follows: Attending previous F. F. A. State Conventions, Attending leadership training camp at Hardinsburg, Ky. for 3 years.

Some of the positions that Jim held in the F. F. A. were as follows: Chairman of Co-operation committee in his Junior Year, Vice President in his Senior Year. Jim received his Green Hand degree upon entering the F. F. A. and his Chapter Farmer degree in his Sophomore year.

## High Winds Hit This Area Last Thursday

Dr. Virginia Kratz, Health Officer of Boone county, called for a 30-day quarantine of all dogs in Boone county, today, because of numerous reports of rabid animals in the area—so better keep your pet tied-up.

## 30-DAY DOG QUARANTINE

Dr. Virginia Kratz, Health Officer of Boone county, called for a 30-day quarantine of all dogs in Boone county, today, because of numerous reports of rabid animals in the area—so better keep your pet tied-up.

## CHARLES E. HARMON

Charles E. Harmon, a retired employee of the Citizens Telephone Co., died Sunday at his home on South Main St., Walton. He was 72 years old and had been employed for 33 years as an installer and repairman. He held a life membership in the Pioneers of America organization of the telephone company. He is survived by his widow, Mrs. Ruby Padgett Harmon; three daughters, Mrs. Robert Redman of Taylor Mill Pike, Mrs. Louise Lovings of Covington, and Mrs. Kenneth Stephens of Burlington; four stepsons, Sidney Price of Fall River, Mass., Charles Price of Covington, La., Roy Price of the U. S. Air Force in Africa, and Thomas Price of Scott Air Force Base, Illinois; a sister, Miss Ora Harmon of Covington, and seven grandchildren.

Services were held Wednesday at 2:30 p. m., in the Chambers and Grubbs funeral home in Walton. Burial was in the Independence Cemetery.

## JESSE A. SHIELDS

Jesse A. Shields, Independence, Route 1, died Sunday at Booth Hospital in Covington. He was 63 years old, and an inspector at the Newport Steel Plant.

Surviving are his widow, Mrs. Ollie Miller Shields; four daughters, Mrs. Jessie Landrum of Felicity, Ohio, Mrs. Hazel Allen of Birmingham, Ala., Mrs. Shirley Huff of Fletcher, Ohio, and Miss Joan Shields at home; four sons, Clarence Shields of Independence, Robert Shields of Fletcher, Ohio, and Donald and Raymond Shields, both at home; a stepson, Carl Smith of Lexington; a brother, Rollie Shields of Ludlow, Ray, and 16 grandchildren.

Services were held Wednesday afternoon at the Swindler funeral home in Independence, with burial in the Independence Cemetery.

Survivors include his wife, Mrs. Sallie Wheeler Ellis, Glenco; three daughters, Mrs. Earl Stone of Covington, Mrs. Frank Wheeler of Glenco, and Mrs. Charles Bales of Glenco; two sons, Parker Ellis of Glenco, and John Ellis of Warsaw; 12 grandchildren, and 13 great-grandchildren.

Funeral services were held Sunday, June 16, at 2:00 p. m., in the Glenco Baptist Church, with Rev. Harold Earl officiating. Burial was in the Oakland Cemetery.

Hamilton funeral home, Verona, had charge of arrangements.

## HICKORY GROVE REVIVAL

Revival services will begin at the Hickory Grove Baptist Church, Highway 16, at Nicholson, on Monday, June 24, and continue through Friday, July 5, with services each evening at 8:00.

Rev. Jim Lewis of Corbin, Ky., will be the guest speaker, and the pastor, Rev. Vernon F. Lipscomb, Jr., will lead the singing. Everyone is welcome.

## Seamon Visits San Francisco

Earl L. Eades, seaman, USN, son of Mr. and Mrs. Eades, Walton, Route 2, and husband of the former Miss Carol Mueller of Erlanger, aboard the attack aircraft carrier USS Kearsarge, visited San Francisco, Calif., June 13-17, following a major Pacific Fleet training exercise with the U. S. First Fleet off the California coast.

## Completes Basic Training

Army Private Richard G. Ballinger, son of Mr. and Mrs. Hazel Billings, Morning View, completed eight weeks of basic combat training June 15 at Fort Knox, Ky., under the Reserve Force Act program.

Acting sergeant, 18-year-old soldier attended Dixie Heights High.

## Thirteenth Unlucky For Lipscomb Store

High winds hit the Walton area last Thursday, June 13, and did considerable damage, particularly to the Lipscomb Farm Supply building in Walton.

Henry Lipscomb, owner of the concern, will be remembered as one that was hard hit last year when the tornado hit this area. This time the damage was even worse than a year ago. The roof was almost a hundred percent loss with even the sheathing going off in a unit, hitting the corner of the old school building and damaging it.

It will be remembered that both of these storms hit this building on the 13th of the month and if Mr. Lipscomb wasn't superstitious before, he probably is now.

There was other small damage in the community, mostly to trees and windows.

## IGA GROCERY OPENS HERE

Beightle Bros. Grocery held a formal opening last weekend of their new IGA store in Walton, and received one of the biggest crowds ever to attend an affair of this sort in this area.

The Beightle boys have been operating at this location for some time but just recently affiliated themselves with the IGA organization, which was done to give better quality, service and price.

The grand prize of a \$650 milk stake will be drawn on the Dotty Mack TV show on Channel 9 this Thursday night.

## MRS. MARGARET ACKLEY

Services for Mrs. Margaret Ackley, former operator of restaurants in Florence, Cincinnati and New Richmond, Ohio, were conducted Saturday morning at the 34th funeral home, Florence, Burial was in Forest Lawn Cemetery, Erlanger.

Mrs. Ackley, who was 56 years old, died Tuesday, June 11, at her home in Florence. She was in partnership with her husband, Armon, and her son, Edward, in the operation of the restaurants.

A native of London, Ky., she had lived in the Greater Cincinnati area for many years. She was a member of Bristow Chapter, 31, O. E. S.

Besides the husband and son, she leaves five brothers, two sisters, and a granddaughter, Terry Lynn Ackley.

Besides the husband and son, she leaves five brothers, two sisters, and a granddaughter, Terry Lynn Ackley.

## Artificial Breeding Is Considerable Help To the Dairy Industry

The artificial breeding program, started in 1946 in Kentucky, has helped the dairy industry considerably, a check of the records show.

For instance, 452,343 cows have been bred since the program began, with a breeding efficiency of 68 to 70 percent. This is equal to or slightly superior to natural service.

The average Kentucky cow produces about 4,220 pounds of milk annually, but the average cow enrolled in the Dairy Herd Improvement Association averages about 8,000 pounds; DHIA cows which are artificially sired produced an average of about 9,000 pounds of milk.

Not only do the artificially sired cows produce well, they are good in conformation. The grand champion Jersey cow at the International Dairy Show in Chicago, in 1955, was a Kentucky cow artificially sired by a bull proved in Kentucky.

Those present were Sandra Smith, Beverly Glynn, Lynelle Flynn, Betty Code, Norma Neumeister, Joan Dawson, and Mrs. James. Everyone had an enjoyable time.

Mrs. Katherine Hopperton was taken to St. Elizabeth Hospital, Covington, on Sunday, where she was to undergo surgery. All her friends wish her a speedy recovery.

## Sunday School Class Meets

His Followers class of the Walton Baptist Church held their meeting at the home of Miss Lora Osborn.

Those present were Sandra Smith, Beverly Glynn, Lynelle Flynn, Betty Code, Norma Neumeister, Joan Dawson, and Mrs. James. Everyone had an enjoyable time.

Mrs. Katherine Hopperton was taken to St. Elizabeth Hospital, Covington, on Sunday, where she was to undergo surgery. All her friends wish her a speedy recovery.

Mrs. Letha Brauner of Crittenden, and Mrs. Lotta Powers were Sunday dinner guests of Mrs. Carrie Rouse.

Mr. and Mrs. Raymond Beach and son spent Sunday with their daughter and family, Mr. and Mrs. Bobbie McCubbin of Ludlow.

Mr. and Mrs. Clifford Rouse of Huntington, West Virginia, spent several days recently with his sister, Mrs. Martha R. Wallace.

Mr. and Mrs. Lee Steinhauer of California, and Mrs. Susie Steinhauer spent a week in Hartsville, S. C., visiting Mrs. Susie Steinhauer's son and family, Mr. and Mrs. Hilton Steinhauer.

Mrs. J. D. Burgess is enjoying a two weeks vacation at her home on South Main Street.

Mr. and Mrs. Joe Stephenson entertained their parents, Mr. and Mrs. J. J. Zapp of Covington, and Mr. and Mrs. Howard Stephenson, for dinner Sunday.

Mr. and Mrs. Franklin Rouse of Huntington, West Virginia, spent several days recently with his mother, Mrs. Julia A. Rouse, and her parents, Mr. and Mrs. V. P. Kerns of Fort Mitchell. Mr. and Mrs. Scott Lancaster and Mrs. William Lancaster entertained at dinner Sunday for their son and family, Mr. and Mrs. Bobbie Lancaster.

Mrs. William Ryan was the Monday evening guest of Mr. and Mrs. Richard Ryan and family.

Mr. and Mrs. E. L. Steinhauer are vacationing at Dale Hollow, Tenn.

Mr. and Mrs. Nick Welsh and Mr. and Mrs. Clarence Stephenson were the Saturday evening guests of Mr. and Mrs. Arthur Doggett and sons of Verona.

Mrs. J. B. McCubbin and son were the Monday evening guests of Mrs. Floyd Humphrey and family.

Mrs. Cameron Brakefield is a patient at Holmes Hospital, Cincinnati.

Mr. and Mrs. Buddy Grubbs and family are visiting her father in Louisville, Ky.

Mrs. Woodrow Treadway and son spent Monday in Cincinnati, where her son was treated for a throat ailment.

Mr. and Mrs. R. C. Vance were called to Georgetown, due to the death of his brother's wife, Mrs. Harry Vance.

Mrs. Emma Flynn remains about the same at the home of her son, Leon Flynn on Stephenson Mill Road.

Eugene Loy, who is in the Air Force, stationed in Africa, was on a furlough to visit his wife the past week.

Garnet Glacken, of the U. S. Navy, stationed at Balbridge, Md., is here visiting his sister, Mrs. Wallace Glenn, and other relatives.

Gerald Dixon of Dayton, was the Monday and Tuesday guest of his mother, Mrs. Robert Goodpaster.

Mrs. M. L. Carey is home from the hospital and recuperating slowly at her home on Beaver Road.

Mr. and Mrs. Joe Evans had as guests several days last week, Mr. and Mrs. Robert Evans of Lexington; Mr. and Mrs. Marvin Deitz and three children of Portland, Oregon; Mr. and Mrs. Carl Deitz of Junction City, and Mr. and Mrs. Dallas Patterson of Kings Mountain, Ky.

Mr. and Mrs. Leon B. Hall and family left last week for a vacation in the southern part of Kentucky.

Herman Reckers of Middletown, Ohio, and Ed Jones of California, were the Saturday guests of Mr. Reckers' sons, Ora Stone, Flora Summey and Marie Armstrong.

Mrs. Este Ransom has as guests her grandchildren, Kenneth and Ileen Ransom, of Sunny Acres.

Mrs. Stanley Kacaba is a patient in St. Elizabeth Hospital, Covington.

Walton Chapter, Order of Eastern Star, held its regular meeting at the Masonic Hall, Monday evening, with Mrs. Herman Newton, W.M., and John E. Stephenson, W.P., presiding. Those attending were Mr. and Mrs. Clayton Jones, Ora Stone, Dora Stephenson, Mr. and Mrs. Robert Sebastian, Mr. and Mrs. Charles Owens, Elizabeth Thompson, Ethel Breeden, Gladys Gerbrun, Ioleen Scott, Mr. and Mrs. O. A. Fields, Mary Phillips, Evelyn Sizemore, Laura Rader, Eldon Rice, Herman Newton, Adeline Reed, Ruby Treadway, and Edith Stephenson.

The Walton Homemakers met with Mrs. Stanley Allen last Friday. The lesson was given on hairpin lace styles.

The president, Mrs. Stanley Allen, presided at the business session. Officers to be installed in September are: Mrs. Stanley Allen, president; Mrs. Robert Sebastian, vice president; and Mrs. Barbara Simpson, secretary-treasurer.

Projects for the coming year are: Vases and deeds, flower arrangements, leathercraft, food preparation. Mrs. Ruth Ashcraft, home management; Elaine Penick, flower arrangements; Marie Penick, leathercraft. Those present: Mrs. Mayme Simpson, Ora Stone, Elizabeth Thompson, Barbara Simpson, Ruth Ashcraft, Carrie Rouse, Thelma Rust, Anna Mae Bush, Queenie Webster, Anna Lancaster, Beulah Robinson, Bonnie Woods, Margaret Jamieson, Mary Stephens, Helen Racey, Elaine and Marie Penick, Louise Fornash, Wilma Winburn, and the hosts, Mrs. Allen.

Mrs. Carrie Johnson, Mr. and Mrs. Lawrence Wilson, Mr. and Mrs. James Vessels and family and Mrs. John W. Powers and granddaughter, Vickie, were guests of Mrs. Johnson's son and wife, Mr. and Mrs. Lawrence Johnson, and family of Taylor Mill Road, one day last week.

Mr. and Mrs. Lawrence Wilson had as guests Sunday, Mr. and Mrs. James Vessels and family, and Mrs. Carrie Johnson, all of Texas; Mr. and Mrs. Carl Jones, Mr. and Mrs. Omer Johnson and daughters, Mrs. Ellison, and Mr. and Mrs. Robert Hendricks and daughter.

Mrs. Dora Fields is visiting her son and wife, Mr. and Mrs. John Fields, at Dry Ridge.

Ora Stone and Flora Summey attended the wedding reception in Kenton county of their cousin, Chester Bird, who was married Saturday afternoon to Mrs. Nellie Rowland of Covington, by Rev. R. F. DeMoisy.

The Annie Allen Circle met June 12 at the home of Mrs. Phillip King. The president, Mrs. Edward Rust, opened the meeting with scripture reading and prayer. Mrs. Jack King was appointed as program chairman for the W. M. U. meeting June 20. Mrs. W. C. Tallent taught the last four chapters of the mission study book, "So Sure of Life," by Violet Wood. The meeting was dismissed by prayer by Mrs. Charles Asch. Others present were Mrs. Helen Rich-

ardson, Mrs. Virginia Richardson, Mrs. Jerry Lipscomb and Mrs. Violet Gatewood.

Mr. and Mrs. Floyd Carter and children of Florida, are visiting her parents, Mr. and Mrs. T. C. Richardson, at Lipscomb Road.

Mr. and Mrs. Warren Dorman and son, Johnny, of Shelbyville, visited his parents, Mr. and Mrs. O. J. Dorman of Lipscomb Road, last weekend, and took their nephew, Donnie Jones, back to Shelbyville, with them for a visit.

Gertrude Dorman and mother, Mrs. O. J. Dorman, left by plane Monday for Warm Springs, Ga.

T. C. Richardson had an enjoyable visit recently from his brother, Jerry Richardson of Indianapolis, Ind. Mrs. Kenneth Galloway is reported to be improving from her recent operation. She is a patient at St. Elizabeth Hospital.

The Knothole boys had a tag day last Saturday and those boys really worked to sell their tags. I saw one boy out on a corner in Erlanger at 6:30 a. m.

If anyone got through Independence without buying a tag, he must have been a master at sales resistance. One boy stood outside the Dairy Cottage on Taylor Mill Pike all day in the hot sun and sold tags to everyone who stopped.

There was a good congregation of parents at the Oak Ridge Baptist Church on Sunday evening to see the commencement services of the Daily Vacation Bible School, which had been held the past two weeks. There were 180 enrolled in the school this year.

The hot weather of Saturday and Sunday surely played havoc with the paving on Taylor Mill Pike. Several serious breaks developed, where sections of concrete raised up several inches, making driving hazardous for the heavy weekend traffic. The highway department was prompt about working on the breaks and putting out warning signs.

The men of Taylor Mill Church of Christ have really been working on their new building the past few days and have all the windows and doors in and the roof on.

Mr. and Mrs. Charles Miller went to Lexington, June 1, to attend the wedding of their son, Charles William Miller to Miss Jo Ann Jefferson.

## WHITES TOWER

More rain and more trouble for those who are trying to get their hay in. It seems that just about the time it gets dry enough to start on the job one of those thunder showers they are always predicting, comes along and stops all activities.

Gardens are just beginning to grow as the last few nights have been warm and that is what it takes to make everything look good in the vegetable line.

Lots of excitement in the Tower last Wednesday as the lightning set fire to an electric light pole near Harris Pike and wires fell on our telephone lines and we were without phone service for about twenty-four hours; also also little Sara Dorsey caused her mother and grandparents an anxious half-hour when she hid in a closet to keep from going to bed. After a frantic search by all of us she walked out wondering what it was all about.

The Kendig sale was well attended and good prices were realized for all that was sold.

Jess Webster had the misfortune to have a nice heifer calf drown in his pond near his barn. The calf got out of the barn one night last week and was found in the pond the next morning and the banks are not steep either.

We are glad to report that Floyd Smith had a very favorable report from his doctor on his last visit.

Bud Ryle just returned from a business trip to St. Louis and he and his wife called on the writer, Sunday.

Charles Ward was a Sunday visitor in the Tower.

Mr. Gadd and family have moved into Mrs. Herb Gross' house near Harris Pike.

Our new neighbors have moved into the Kendig place and are gradually getting settled in their new home.

The dewberry crop is a complete failure this year; maybe too much rain as that is as bad for that crop as not enough.

## GLENCOE

A revival meeting starts tonight at Oakland Baptist Church. Bro. McGuire will conduct the services each evening, with Robert Jones as song leader.

Sympathy is extended Mrs. Sallie Ellis and family in the death of her husband, Will Ellis.

Mrs. Lona Higgins entertained her daughter, and family the past few days.

Mr. and Mrs. Collins entertained 'Bro. Adkins, Sunday.

A large crowd attended the shower given Mrs. Frances Ashcraft and husband.

Frank Reynolds' two sons from Covington, called to see him Sunday.

Mr. and Mrs. Walter Noel are enjoying a new car.

Mrs. Sallie Maddox and Mrs. Ann Maddox were shopping in Carrollton, Friday afternoon.

Mr. and Mrs. Silva Reed have moved into their home here in Glencoe, coming from Florida.

On Sunday a party was given at the Mr. and Mrs. Albert Sharp place on Bowman Creek Road, for their 25th wedding anniversary by their children: Genevieve, Paul and Lula. A very enjoyable day was spent by all with dinner served on the lawn. Many nice gifts were received.

Those present were Mr. and Mrs. Edwin Biery and daughter, Becky; Mrs. Margaret C. Eger, Mrs. Henrietta Zoeller, Mr. and Mrs. David Bloom and sons, Ricky and Mikie, Mr. and Mrs. Marion Schnitzler, Mr. and Mrs. Donald Schnitzler and children, Donnie Jr. and Debbie; Mr. Sam Parker, Mr. and Mrs. George Parker and daughter, Patty, Mr. and Mrs. Carl Senter and family, Mike, Lois, Ted and Charles; Mrs. Rose Estel and sons, Arthur and Robert, and daughter, Betty, Bobby Lang, Mr. and Mrs. Walter Jones and Una Mae Jones; Mr. and Mrs. Joe Messingschlager, Mr. and Mrs. Paul Damon, Mr. and Mrs. Charles Brooks, Mr. and Mrs. Donald Carr, Mr. and Mrs. Pete Keehner, Mr. and Mrs. Glenn Bunn, Mrs. Florence Steinfeld,

Mr. and Mrs. W. C. Pepples, Mr. and Mrs. Carl Zoeller and son, Jimmy; Wayne O. Dwyer, Mr. and Mrs. John Riggs, Mrs. Easter Casson and son, Frankie Casson; Mr. and Mrs. Henry Hawkins, Rev. and Mrs. Frank Kuriger and family, Connie Sue and Frank Forrest; Mrs. Leona Pretot and children, Annis, Sandra and Danny; Miss Jane Pollard, Miss Jean Pollard, Miss Judy Steinfeld, Mr. and Mrs. Delbert West, of Ohio; Mr. and Mrs. Richard Brookover and family, of Manchester, Ohio; Mr. and Mrs. Walter Roden, Mrs. Lena Grizzle, Mr. and Mrs. Von West and family, Mike, Jennie and Christy.

We were all so glad to hear that Mrs. Violet Barnes was able to return home after spending the past few weeks in the hospital, where she has been quite ill. But all her friends and neighbors wish her a speedy recovery.

Mr. and Mrs. Rudolph Casson of Recton Road, had for Sunday guests their son, Mr. and Mrs. Clarence Casson and Mrs. Casson's niece, Mr. and Mrs. Vernon F. Lipscomb and daughter, Connie Sue, Mr. Virgil Casson and Mrs. Virginia Grimes. All had a wonderful time together.

Miss Ruth Schmidt had unexpected guests Monday evening, Miss Amelia Rockie of Fort Thomas, and Miss Alice Stubbs, Dayton, Ky. Mrs. Allene Lipscomb is attending school at U.K. or the next eight weeks. Vacation Bible School is now under way at Kenton Baptist Church and have had a good attendance. Phillip Casson and Jozeetta Flinkinger, Thomas Duval and Thelma Callett all went to Butler State Park Sunday on a picnic and reported a nice trip.

## FISKBURG

Mr. and Mrs. Joe Wilson entertained with a dinner Sunday in honor of Father's Day. Those present were Mr. and Mrs. Mutt Martin of Fiskburg, Mr. and Mrs. Ottis Hampton and daughter, Mr. and Mrs. Newt King and son, Mrs. Ethel Glacken, all of Covington, Mr. and Mrs. Rodney Jordan and son, Miss Peggy and Danny Taulbee, all of Winchester, Mr. and Mrs. Everett Wilson and son of Sharonville, Ohio, Mr. and Mrs. Ben Hopperton of Verona, Carol O. Wilson and Miss Bea Witmore of Chattanooga, Tenn.

Mr. and Mrs. Ellick Belew had as Sunday guests, Mr. and Mrs. Clyde Belew and family of Aurora, Ind., and Mr. and Mrs. Elmo Menefee of Covington.

Mrs. Rhoda Martin went to St. Elizabeth Hospital, Tuesday to visit her sister, Mrs. Katherine Hopperton, of Verona.

## Nitrogen Needs of Corn Listed by U. K. Specialist

Nitrogen needs of corn vary according to soil on which the crop is grown and on fertilization practices, says Gene Corder, UK Agricultural Extension Service specialist.

If corn follows a legume crop which has been plowed down, 30 to 50 lbs. of actual nitrogen (100 to 150 lbs. of ammonium nitrate or its equivalent) should be applied for yields of 70 bushels or higher. If the corn does NOT follow a legume, 60 to 100 lbs. of actual nitrogen should be applied at planting time with as good results as smaller applications at planting and in side-dressing operations later.

If the soil is sandy, it will pay to apply the smaller amount (30 pounds of nitrogen) at seeding and the remainder in side-dressing, Corder says. All the nitrogen can be side-dressed if the corn follows a legume, plowed under.

If the recommended amount of nitrogen was not applied at planting time on silt or clay-loam soils, it should be side-dressed, Corder says.

IS YOUR SUBSCRIPTION PAID?

## Garden Work Now Calling For Several Practices Says Expert

Gardeners should be concerned now with three phases of production—side-dressing with fertilizer, mulching, and succession planting—says Clyde Singletary, UK Experiment Station horticulturist.

Mulching conserves moisture and aids in weed-control, stimulates growth by making fertilizers more quickly available, keeps the soils at a more even temperature and keeps such fruits as strawberries and tomatoes off the ground. Mulching materials include black plastic, straw, sawdust, leaves, and water-proof paper.

In side-dressing, nitrogen is the most important element. Use ammonium nitrate or nitrate of soda. All the vegetable plant needs should NOT be applied at planting time as they will give too much nitrogen at one time. Split the nitrogen requirements between the planting and side-dressing time.

Tomatoes, beans, sweet corn, potatoes and other garden crops should get side-dressing in early June, generally. Use about 150 pounds of ammonium nitrate per acre; this is equivalent to about 3 cups (1½ pounds) for each 100 row feet. Double the amount is using nitrate of soda.

Succession planting involves having a regular supply of vegetables without a surplus at any one time, Singletary says. Plant at regular intervals to do this.

The greener the lettuce, the richer it is in Vitamins A and C. Lettuce is a low-carbolic food, containing 95 percent water.

The first 4-H club camp in Kentucky was held in Ballard county in 1916; the second was in Daviess county.

A new antibiotic, oligomycin, shows considerable promise in the control of oak wilt, say foresters.

## TOMATO LATE BLIGHT HITTING STATE CROPS

Keep a close watch on tomato and potato fields for the disease "late blight," the Kentucky Agricultural Experiment Station pathology department advises.

R. A. Chapman, pathologist, said the disease has been found in Caldwell and Whitley counties. In Caldwell county, he said, a 2-acre field, set with plants from southern sources, has been plowed under because of loss from the disease.

Commercial growers and home gardeners are urged to keep a close watch on their tomato and potato plantings for the first signs of the disease. Samples should be sent to him, Chapman said, for inspection and analysis, at the agronomy department of the Experiment Station, Lexington.

Spray tomatoes and potatoes with either Zineb or Maneb, according to manufacturers' directions, Chapman informed, at weekly intervals during rainy weather, or periods of cool weather with heavy dew.

In dry weather, the interval between sprayings may be lengthened to 10 days to two weeks. These sprays will control other diseases as well as late blight, he said.

## 14 Percent of Dairy Farms Furnish 69 Percent of Milk

In Kentucky, 56 percent of the dairy cows are located in herds of from 1 to 9 cows, and the remaining 44 percent are established in 14 percent of the herds.

This means that 69 percent of the whole milk produced in Kentucky comes from only 14 percent of the farms; or, only one out of 7 cows in Kentucky are in herds that are major producers in the state.

Average size of Kentucky dairy herds (in the 56 percent group located in herds of from 1 to 9 cows) is 3.3 cows.

## Acetic, Butyric Acid Forms of 2, 4-D Used On Clover

The butyric acid form of 2, 4-D or MCP (herbicide materials) was less toxic to seedling plants of red clover than were the commonly used acetic compounds of these materials, reports the UK Agricultural Experiment Station agronomy department after tests in 1956.

Joe F. Freeman, weed control specialist, and N. L. Taylor, legume breeder, said a butyric formulation known as 4-(2, 4-DB) appeared to be more toxic to pigweed in the test plots and less toxic to red clover seedlings than either MCPA, an acetic material, or 4-(MCPB), a butyric "Even the higher rates of the 4-(2, 4-DB) did not materially affect the stand of red clover, although the vigor of the clover was reduced somewhat," they reported.

This reduction in plant vigor was not apparent in regrowth of plants after cutting in August; and differences in stand due to chemical treatments had largely disappeared by August 14, except on plots treated with 2, 4-D."

The Kenland red clover was sowed April 25, 1956, in soil heavily infested with pigweed and crabgrass. The test materials used were applied at the rate of one-quarter, one-half, one, and two pounds per acre as first treatments on one set of plots April 19 as the "second trifoliate leaves of clover were unfolding. The second treatment was applied on a second set of plots on June 2 as the clover reached the 5-to-7 trifoliate leaf stage. Spray volume was 19 gallons per acre."

Freeman and Taylor noted the 2, 4-D (acetic) was the most toxic to red clover and to the pigweed.

Rural crimes increased by 15.5 percent in 1956, compared to a 12.7 percent increase in city crimes.

## DID YOU KNOW

- Over 25,000 people visited the park last year from Kentucky, Ohio, and Indiana?
- We have 75 picnic tables?
- There is a beautiful picnic woods by the lake with acres of cool shade trees?
- Our park is open every week day; no admission for picnicking?
- We have pony rides, games, and concessions?
- There are free swings for the kids?
- World famous stars appear in person every Sunday with three big shows?

Above, top right, are Mr. and Mrs. McClancy and daughter, Janice, and Mr. Proffitt and his son, Jerry, enjoying a real fine picnic lunch at Verona Lake Ranch, Verona. Below is a view of the crowd at one of the recent shows there. People visit this pretty 100-acre park every day, from the three-state area, and quite often folks come from farther away to see their favorite stars in person, on Sundays.

Verona Lake Ranch is owned by Thurston Moore and his talented wife, Georgie, who MC's the Sunday shows. Her amiable personality, cutting-up, and dances are making her a favorite with thousands of folks. The shows at the park are country music in flavor but whether you like country music or not, you'll enjoy them. Hundreds of huge trees around the park and you can sit in the shade and watch the show. The outdoor amphitheater has new seats

this season which will take care of 1500 people, and the acoustics are perfect. Picnic tables are throughout the park and if you don't bring a picnic lunch, three refreshment stands are open on Sundays to serve you. There are pony rides for the youngsters and plans are under way now to add a merry-go-round as soon as possible. Games and other amusements keep the young-in-heart happy and a big souvenir building is on the grounds with a wonderful selection of souvenirs, novelties and gifts.

Just recently, Saturday night teenage dances were started on the big stage and everyone—young and old—are invited to enjoy the fun and dance to their favorite records. Admission is free, no beer or alcohol is sold or allowed—it's a good place for your children to spend Saturday evening. There have been many group picnics already at the park this year too, with

many big ones scheduled. Among the local groups who have already had get-togethers there is the Methodist Church of Walton, the 4-H and Home Economics class and the sophomores class from Walton High School.

The park is open every day and there is no admission during the week. You can picnic free, play ball, horsehoes or anything you like, at no cost. Free swings are available for the children every day. Fishing in the big lakes is just \$1.00 during the week and 50c extra on Sunday, after you pay the regular 75c admission price. There is a special coupon in this issue of the Advertiser which will admit you to the park on Sunday, June 23 for just 50c—you'll save 25c. This is a good opportunity for all the folks who have never visited the park, to do so. Make a day of it and find out what a nice park we have right here at home.

#### MT. ZION HOMEMAKERS

The June meeting of the Mt. Zion Homemakers Club was held in the home of Mrs. Clyde Howell with Mrs. Roger McGuire presiding. Devotional was read by Mrs. Charles Hemphill. Committee chairmen were appointed by the president for the coming year. Articles to be made for the Homemakers' booth at the fair were discussed. The Mt. Zion

annual picnic is to be held July 17 at Mrs. R. E. Vanderschmitt's lovely estate—Rose Gate.

Members present were Mesdames John Beutel, Ramer Burns, Frank Damaschko, Charles Hemphill, Andy Insko, Don Abernathy, Noel Denham, Bernice Brown, Roger McGuire, R. E. Vanderschmitt, Hubert Winburn, Homer Flagg, John Schiro, Clyde Howell, and guests, Mrs.

Lula Parsons and Mr. and Mrs. Charles Carpenter.

Don't trim oak trees during late May and June, if possible; the wounds are avenues of infection for oak wilt, a fungus disease now present in Kentucky. Insects can carry the fungus and they will be attracted to open wounds on trees.

#### WILMINGTON W.M.S.

The W. M. S. met at the Wilmington Baptist Church, Fishburg, on Wednesday, June 5, at 10:30 a. m., with 13 ladies and seven children present.

The meeting was called to order by the president, Mrs. Naomi Spiegel. Plans were made for the Bible school, starting June 17 and continuing through June 28. An interesting talk was given by Mrs. Beverly Gatto on her and Rev. Gatto's trip to the Southern Baptist Convention in Chicago, Ill. Mrs. Wilson had charge of the program. Those on the program were Mrs. Naomi Spiegel, Mrs. Ada Spiegel, Mrs. Blanche Harker, Mrs. Wilma Mullins, Mrs. Lena Bagby, Mrs. Nell Rapp, Mrs. Beverly Gatto, and Mrs. Ora Pfanstiel. A song, "My Faith Looks Up to Thee," was followed with a prayer by Mrs. Spiegel.

Those present were: Mrs. Spiegel, Mrs. Rapp, Mrs. Bagby, Mrs. Spiegel, Mrs. Mullins, Mrs. Harker, Mrs. Fisk, Mrs. Beighle, Mrs. Fisk, Mrs. Pfanstiel, Mrs. Gatto, Mrs. Wilson, and the 7 children.

At noon, a nice lunch was enjoyed. Mrs. Rapp was hostess for the coffee. Mrs. Bagby gave a very nice talk on mission study, and Mrs. Rapp read the minutes and had roll call. There were 621 cards sent to the sick, 48 phone calls and 25 visits made to the sick.

#### Kill Strawberry Leaf-Spot Fungus By Reducing the Amount Over-Wintering

Strawberry producers should control leaf-spot, a fungus disease, by reducing the amount of the fungus that can over-winter, says R. A. Chapman, UK Agricultural Experiment Station pathologist.

The fungus has been widespread this year, he says, especially in the Blake-more variety; the diseased spots appeared as light-colored centers surrounded by borders of dark red tissue; usually the disease is no particular problem, though this year it was

heavy enough to cause a large amount of damage.

Reducing the amount of fungus that overwinters is beneficial, he says; the fungus—lives in dead leaves on the ground and living leaves on the plants. When patches are renovated in the summer, "it will be worthwhile to mow the plants and rake the trash into the middles and burn it. This is good practice in any patch and will be particularly important in patches with heavy leaf-spot infestations; this removes considerable amounts of the fungus that would otherwise be a source of infection during the summer and next spring."

The fungus thrives in moist conditions; hence, it will decrease in the drier summer months. It will continue to live

and spread, however, in weedy patches for a long time; thus, weed control is also a good practice.

Chapman said that if prolonged rainy periods occur and the disease spreads in the summer, "use a copper fungicide to reduce the amount of the fungus that can over-winter. If the 1958 spring is cool and wet, patches heavily infested in 1957 should get the copper fungicide again when the plants start to grow. To help plants in heavily infested patches recover from the disease, recommended applications of fertilizer, following renovation and in the fall, should be made."

#### Low maintenance cost with CONCRETE

Concrete pavement on the National System of Interstate and Defense Highways will stay safe and smooth-riding far longer and cost less to maintain than any other type of pavement. This is important to taxpayers because, although Federal funds pay 90% of the building cost, this state must pay for all maintenance forever. Official records from 24 state highway departments keeping such records show concrete costs 26.2% to 58.9% less to maintain than any other pavement.

And with continuous-service concrete there is no heavy cost in lost days and weeks of service while these vital roads are closed for repairing or resurfacing.

## God Remembers

Lesson for June 23, 1957

Did God become God of love recently, or was he always that? This point has bothered some readers of the Bible, for in the New Testament it is made plain that God is love, but in the Old Testament very little is said about this. —Or so it used to be thought. Now that we have the Revised Standard Version, we can see that the Old Testament likewise speaks often of God's "steadfast love," an expression translating a Hebrew word which used to be translated "mercy" or "grace." God's steadfast love is the root and reason of his mercy and his grace.

### Happy Endings?

"If God were all-powerful he could keep evil from happening, and if he were all-loving he would not let it happen. But evil happens, so there cannot be a god." So runs an old objection to religion. But, it never bothered the writers of the Bible. Their faith was of a stouter sort. Some people cannot believe in God unless he writes, so to speak, a happy ending for every one's story. Now the Hebrew people loved stories with happy endings, and perhaps Joseph's is such a story. In one way it has a happy ending.—Joseph, slave-boy becomes the Grand Vizier of Egypt. Joseph, the boy, his brothers were going to murder, becomes their unknown benefactor. And yet—in its setting it is not quite happy. The same book of Genesis which begins with "In the beginning, God—" ends with the stark expression, "In a coffin in Egypt." Not very hopeful. Further, when you think of all the other stories tied in with that of Joseph, you will admit that not all the threads of this story are neatly tied off in bow-knots of happy endings. What became of Potiphar's wife? the Midianite slave-traders? the baker who made a dinner for the birds? the free Egyptian people who became slaves of the king? Not all true-life stories end just as we might wish.

### Sin and Freedom

It can be said that the stories of good people come out well and the stories of bad people come out badly. There is some truth in that. There is this much truth at any rate: God has never yet abolished sin, and he permits sin's effects to continue to be terrible. The only way to abolish sin outright would be to destroy freedom; for sin is simply man's misuse of the freedom God has given him. God could, no doubt, have made the human race so that they could be wound up like clocks to run right no matter what. But he made men, not machines. And the tragic fact of sin is a fact. Thus every man's story is spoiled more or less. In deed there are no perfect men. God is God of love; but he is not the kind of God who would force all men to do right, regardless; nor is he the kind of God who will see to it that no matter what a man does, he is bound to be happy ever after. It is not only that men are affected by the results of their own sins. Worse than this are the injustices, the tragedies, caused for the innocent by the sins of others.

### But God Remembers

Nevertheless, God does not forget. He is not careless nor powerless. Among the many truths in the story of Joseph suggests is the doctrine called Providence. Put into simple words, this means that God thinks of things beforehand. In ways we do not understand, for it is his doing and not ours, God works, both in spite of and because of the worst that sinful men can do, works to bring good out of evil. Joseph's brothers and Potiphar's wife were sinners; yet God used their sins, in his providence, to bring good into the lives of countless people. Two questions not cleared up in the Old Testament have more light cast on them by the New. Will evil and good go on side by side forever? The story of Joseph does not look so far ahead. The New Testament shows clearly, No; God will one day make a final separation of good from evil. And then what about those good persons whose lives end in tragedy? The New Testament reminds us that we never see the real end of any one's story in this world; coffins—in Egypt or elsewhere—end chapters, but no coffin ends a Last Chapter!

## WEDDING DAY

"With this ring I thee wed."

Our marriage is beginning where a marriage should begin—in Church. Our hands meet across the Bible. My eyes fall to the printed page, and the verse I see there is so appropriate that I catch my breath in awe and amazement.

Here is the story of a king who long ago sought for a virtuous woman and was told that her price would be far above rubies. Here are detailed the qualities that a truly virtuous woman would have—faithfulness, industry, thrift, compassion, courage, strength, honor.

As I look up at my new husband, I feel a surge of humility. I make a silent pledge that these words in Proverbs will be my guide as his wife. They're a challenge, I know. A big challenge! But, with the help of the Church, I'm going to try to live up to them.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor for growth in the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization, can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verse
Sunday	Psalm	125 1-5
Monday	Proverbs	31 10-31
Tuesday	Ecclesiastes	11 1-10
Wednesday	Matthew	23 1-12
Thursday	John	2 1-12

## STAFFORDSBURG

The L. J. Rapp family enjoyed a week-end visit from his brother, Jesse Rapp, who was enroute to his home in Magee, Ark., following a business trip to Washington, D. C. He reports that their sister Miss Minnie Rapp is not so well, being in the hospital. So let's all remember her with cards sent to Magee, Ark.  
Rev. and Mrs. Parish were guests on Sunday at the Robert Cooper family.  
We were very glad to have John Shaw able to be back to church and Sunday School after his recent illness. They had all callers on Sunday afternoon and evening Mr. and Mrs. Billy Cummins of Latonia, and Mr. and Mrs. Gregg of Williamson.  
Mr. and Mrs. E. P. Keeney and their daughter of Chicago, surprised his family with a week-end visit. Mr. and Mrs. Morris Wharton and children also were here and on Saturday evening Mr. and Mrs. John Klette and daughter brought her father, a delicious coconut cake.  
W. E. Hanna was much rested and refreshed following a week's visit with his sisters and their families in Lexington, Cynthia and Berry, Ky.  
Mr. and Mrs. Chas. Denner and children were guests on Sunday of Mr. and Mrs. L. M. Denner.  
The W. S. C. S. met on Thursday evening with Mr. and Mrs. Leslie Damon. An interesting program was enjoyed despite the lack of electric lights. Next meeting will be July 11 at the home of Mr. and Mrs. E. B. Rich. Come!  
Several from this neighborhood visited the revival at the Evangelical Methodist Church conducted by Rev. Harry Wood.  
"Want you folks in this community, please call me with news items. How can I write news, when I haven't heard it?"  
Mr. and Mrs. Howard Barnett had as Sunday guests her mother and brothers from Lexington, Ky.  
Fluorescent tubes for home lighting are available in seven colors—deluxe warm white, deluxe cool white, standard warm white, standard cool white, soft white, white and daylight. Each type is designed to highlight and harmonize with different colors in the home.  
The 1956 pack of frozen fruits and vegetables was almost one-fourth larger than in 1955, setting a new record.

## LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight, here is the really thrilling news to come along in years. A new and convenient way to get rid of extra pounds easier than ever, so you can be slim and trim as you want. This new product called DIATRON kills both hunger and appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by Bracketfield Drug Store, Walton. Mail orders filled. 51-23

"Ade" beverages are more than a cooling drink in summer. They are a tight source of vitamin C, just as are all citrus fruits. You can replace a cup of white milk with one cup of skim milk or buttermilk plus a medium part of butter for an equal amount of food value in calories and vitamin A.

## FOR RENT —

# for BUYING SELLING TRADING FANS!

First, we have a lot of free hand fans for your church or home, if you will stop and get them; then we have electric fans in 10" to 20" table fans for 12.50 to 37.50, and window fans, 10" to 20" for 14.50 to 49.50. Of course we have the G. E. three, 10", 12" and 16" table fans, 16.95, 29.95 and 49.50. Be careful what you buy as there is a lot of junk on the market. If you buy from CONRAD, top grade or junk and it is defective, CONRAD will take care of it. This statement is my best advertisement but sometimes it hurts as some companies have failed to back me up in replacements.

We have some of the best customers, such as Lula and Richard Howard, who have been my friends for 30 years and my customers for over 20 years—they have bought truck loads of hardware from me and mostly on credit as Richard works for Union, Light, Heat and Power Co. as a truck driver for a weekly salary and Lula pays some each week. We take her payment and give her a receipt, the carbon copy, and then we put the original on the ledger. Today she asked me to check up and see what she owed, and to find she had overpaid 5.20—she had the laugh on us for our bookkeeping.

Tuesday, June 11, one of the best days we have had in the store this year. Gladys Colston was in a few minutes checking on her lawn mower. Mrs. Beulah Stephenson came after transplant solution for the boys down on the farm. Ross took 40 sq. yds. of inoleum over to Mrs. Morris Cheesman on Hempling Road. Chick took two pieces of inoleum down to Mrs. Snaps at Glencoe. Brewster took Mary K. Black's 12x15 inoleum rug. Clarence Vest and Bill Smith came over and bought a rubber tire wagon. We have sold so many of these and they must be grade A for we have no complaints.

I saw Joe Kennedy and Frank Wood out at the Sales Barn. I told Joe what a fine Hereford bull I got from him. He has some wonderful Hereford cattle and he sells a lot of them. I have some very good stock water tanks in 4, 6 and 8-barrel size. We sell lots of tools, pots, pans, flower pots, paint brushes, lamp chimneys, fence, pump repairs, water pumps for your tractor to pump water or spray. We also have water pumps mounted with gasoline motor to pump water out of pond or cistern. These are very handy to have on the farm.

Today, Chick threaded up a lot of pipe for Rev. Curtis at Boone Lake Farm. Mrs. Russell Vest, Verona, came with Harold's wife and bought 27 sq. yds. of inoleum. Ross took it over. Lloyd Clements and son bought the best Roadmaster bicycle I had in stock. I took in a 20" boys' bike in good condition—if you

want a cheap bicycle. Mrs. Claude Reeves stopped for a can of Boice ground coat to go under varnish stain. We sold several cans of paint, some Jellied Magic and some Boice Lustre-Kote and Liquid Solin. That new V-23 flat alkali base paint we just put in stock is doing a nice job.

June 13, which must be a unlucky day for Walton and vicinity. Last year it was July 13 that we had that terrible tornado. This time it blew down several trees, blew the roof off the old gymnasium, which is Henry Lipscomb's feed store, and tore a big hole in the old schoolhouse. We went to the farm and there were tree limbs all over the road and fields between Walton and the farm. Half of one side of my feed barn roof was blown off and the roof out to the farm was blocked with tree limbs, but plenty of help, a chain saw, and a tractor soon cleared the way.

We have electric fans in all sizes and types. A large 20" window fan for 49.50, a table pedestal fan, 20" size, for only 37.50. Of course the old reliable 16" G. E. fan for only 49.50. Also we have 10" fans for 16.95. Come and look before you buy. We have been selling several Jamesway poultry feeders in legs, also 5- and 8-gallon fountains. We also have 8-gallon fountains and smaller feeders for chicks. Just received a lot of ratius plow shovels and bolts. The weeds and grass will grow now. Mowing scythes and grass sickles are in demand now.

Mrs. Acres bought Casper a nice hammock on metal stand—they make a very nice gift for your husband and maybe he will buy you one. Russell Baker came up and looked over my power lawn mowers and he picked out what he thought they needed down at their church—later William Robinson came and took it down to the church. Orrin Britt was in and bought Vera, his wife, a new hoe. Ray Frontier, his neighbor, bought several items that he didn't buy here a while—she came from Grant county, same as my wife. Clay Nick bought his wife some point for the inside of their house.

We received several new patterns in inoleum rugs and in roll goods—a nice selection of 9x12 rugs for 3.95 to 12.75; 12x12 for 18.95, and 12x15 for 21.95. We have several remnants of inoleum at reduced prices. Get some of these as they are bargains.

We have some new patterns in 6' and 9' wide to cut off whatever you want. Mrs. Virgie Fisher just gave Chick the size of room and the pattern she liked for us to cut her a lot of inoleum out of one of those new patterns we just received.

I saw several of those inoleum rugs go out and I did not know any of these customers. We have a lot of new people who come to Walton every week. I don't seem to know as many people as I used to.

## New Officers Installed At June Meeting of Wa-Na Woman's Club

The Wa-Na Woman's Club of Walton held its annual dinner meeting on Monday, June 10, in the Tack Room of the White Horse Restaurant, South of Covington, on U. S. 25, at 6:30 p. m. A delicious dinner was served in most pleasant surroundings followed by the installation of officers for the coming year.

The newly elected officers were Mrs. Asa M. Rouse, president; Mrs. Carl Conner, first vice president; Mrs. Barbara Brakfield, second vice president; Mrs. George Arnold, secretary; Mrs. Dale Stephens, treasurer; and Mrs. Robert Oser, historian. The installing officer was Mrs. Homer B. Snook, Governor of the Fifth District, Kentucky Federation of Women's Clubs.

Mrs. John Mayhugh, Jr. presented the historian's report on all activities in which the club had participated during the past year. This report was given in a most charming manner.

Members and guests were present. Mrs. George Arnold, Mrs. Paul Beigle, Mrs. Richard Bachmeyer, Mrs. Leonard Cook, Jr., Mrs. Wallace S. Grubbs, Mrs. Stanley Vallandigham, Mrs. George W. Ryan, Mrs. Ward Rice, Mrs. Jack Conner, Mrs. Charles Prather, Mrs. George Fiske, Mrs. Chester Sturgeon, Mrs. W. W. Rouse, Mrs. Charles Holder, Mrs. Lula Peyer, Mrs. Jack Rouse, Mrs. Dale Stephens, Mrs. Mayhugh, Mrs. James Webster, Mrs. Clayton Jones, Mrs. Lewis Webster, Mrs. John Mayhugh, Jr., Mrs. D. L. Maddox, Mrs. James Falls, Mrs. Robert Oser, Mrs. Carl Conner, Mrs. Gayle McElroy, Mrs. Barbara Brakfield, Miss Dune Doan, Mrs. Martha Martin, and Mrs. Homer B. Snook.

## MRS. GWEN OLDHAM

Word was received in Northern Kentucky, June 18, of the death of Mrs. Gwendolyn Oldham, 56, a native of Boone county, who died in Dayton, Ohio where she had resided for the past year.

Mrs. Oldham, a former school teacher in this county, is survived by a daughter, Mrs. William Cheney, Jr., wife of Capt. William Cheney, Jr., jet pilot at Wright-Patterson Air Force Base, Dayton, and three grandchildren.

Services were held June 20 at the Smith funeral home, Florence, Burial was in the Bellevue Cemetery.

## Boone DAR Meets At Historic Golden Lamb, Lebanon, Ohio

The Golden Lamb, Ohio's oldest hotel, which is located in the southern part of the state, in the town of Lebanon, and in the county of Warren, was built in 1803 and has been a hotel ever since. To and from its doors the stage coaches of an earlier day carried many traveling notables, among which was Kentucky's Henry Clay. Many of the traditions and romance of that bygone day still linger through many years have gone down the avenue of time. Here it was that on June 12 the Boone County Chapter, D. A. R., held its regular June meeting, known as the annual Daniel Boone Memorial Luncheon.

Mrs. Hazel Spencer Phillips, Curator of the Glendower Museum, was the guest speaker. Mrs. Phillips, who has family connections in both Ohio and Kentucky, charmed her audience when she explained, "Here it was that the courageous pioneers who blazed the trail through the wilderness established the first settlement and, here around century-old forest trees, serene and remote was built the Golden Lamb." She also told the story of Glendower, the handsome residence that was fashioned in true colonial style. This beautiful residence is now a museum. It contains some of the finest of antique furniture collected in that part of the state. These beautiful furnishings along with the wide hallway and fine rooms of this home lend a spirit of welcome and peace.

Guests included Mesdames Nell Blankenbaker, Lois Johnson of Milan, Italy, Fanny Scott, Joseph Fried, Myrtle Tunney and Misses Virginia Nestor, Linda Blackburn, Lela Wolfe, and Judy Roberts, and Mr. Louis Braun and Mr. Rufus Tanner.

Members present were Mesdames Ashlin Logan, J. P. Brothers, Jennie Dean, Fred Bennett, J. B. Wolfe, Rufus Tanner, Davis Gaines, Virginia Goodridge, Garnet Tolin, Clarence Wolfe, Allen Conner, Charles Goodridge, Louis Braun, Floyd Roberts, Clifford Coyle, and Sidney Conrod.

BOONE COUNTY 4-H CAMP WINNERS—Boone County 4-H campers receiving awards as outstanding campers at Camp Ernst are pictured here with Glen McCormack (rear center), assistant

county agent, and Champ Clarke, Kentucky Utilities Company farm service advisor. The 4-H'ers are, from left, Sally Graves, Donna Sue Huey, and Sherry Denham, junior star campers; second row, Arlene Akins, Sue Graves, Nancy Ann Prigge, and Phyllis Kirtley, senior star campers, and back, Bill Mathis, bronze medal camper, and Donnie Maddox, silver medal camper.

## Order Eastern Star Holds Inspection at Walton Masonic Hall

Walton Chapter, Order of Eastern Star, held a special meeting at the Masonic Hall, Wednesday night of last week for inspection. Worthy Matron Florence Newton and Worthy Patron John Stephenson presided.

Other officers were Margaret Fields, associate matron pro-tem; Clayton Jones, associate patron; Adeline Reed, conductress; Evelyn Sebastian, associate conductress; Ora Stone, secretary; Helen Jones, treasurer; Dora Stephenson, warder; Stanley Allen, sentinel; Tolene Scott, organist; Elizabeth Thompson, chaplain; Ethel Breeden, marshal; Gladys Gebron, Adu; Ruby Treadway, Ruth; Mary M. Allen, Esther; Norville Gullion, Martha, and Evelyn Sizemore, Electa.

Inspecting officer was Mrs. Anna Biles, Worthy Grand Matron, Hodgenville, Ky. Other grand officers were Richard Connett, worthy grand patron; Elmira Rheinhardt, grand organist; Grace Johnson, grand Martha; Anna Powers, deputy grand matron, District 3, O. A. Fields, deputy grand patron, District 3.

There were seventy-five visitors and members present. Mr. and Mrs. Charles Owens were affiliated with the chapter, coming from Cincinnati, Ky. Refreshments of cake and soft drinks were served after the meeting.

## MRS. EDITH M. PITCHER

Mrs. Edith May Pitcher, a lifelong resident of the Big Bone area of Boone county, died Friday, June 21, at the home of her daughter, Mrs. Amelia Weaver, of Permisson Grove. She was 83 years old.

Mrs. Pitcher, who lived on Walton Star Route, was an active member of the Big Bone Baptist Church until her illness several months ago. She was a member of Licking Valley Council, 10, Daughters of America, Covington. Besides her daughter, Amelia, she is survived by three sons, Henry Pitcher of Independence, Roy Pitcher of Walton, and Rev. Harold Pitcher of Covington; a sister, Mrs. Pearl Whartman of Union, six grandchildren, and nine great-grandchildren.

Services were conducted Monday morning at the Sixth funeral home, Florence, with burial in Big Bone Cemetery.

## Pooled Wool Sold

The Boone County Wool Pool received its clip June 18 and 19 at Walton and Burlington, respectively.

Sheep Growers of Boone County sold their wool through the Pool, receiving \$61.50 for clean wool, this was clear of all expenses. Reject wool sold for \$53.50. Mr. Robert Grant, President, said that there was about 100 pounds of reject wool received.

Mr. Grant said this was the highest price received for wool by Boone County Sheepmen in the past eight years. He also said that it was considerably more than growers received outside of the Pool.

Dropout rate of youngsters between the 9th and 12th grades in cities of more than 200,000 population runs about 40 percent, the U. S. Department of Health, Education and Welfare says.

## WINS SCHOLARSHIP

Miss Mildred Lee Durr, daughter of Mr. and Mrs. Raymond Durr, has been awarded a scholarship to Georgetown College. The scholarship was awarded Miss Durr on the basis of leadership in extra-curricular activities in school, community, and church, and on the basis of her fine scholastic record in high school.

Miss Durr was a member of the 1957 graduating class of Simon Kenton High School, Independence. She plans to enter Georgetown College in September, where she will major in mathematics.

Certificates of merit will be awarded to the top achievement winners in each county. Deadline for reports is October, 1957. Contest details may be obtained from county or home demonstration extension agents.

The 4-H Club Achievement Contest is one of five competitions in the farm incentive program of The Courier-Journal, The Louisville Times and WHAS, Inc.

The 4-H Club Achievement Contest is one of five competitions in the farm incentive program of The Courier-Journal, The Louisville Times and WHAS, Inc.

On Friday night, families are invited to be fully present in church and to sing together.

Saturday will be a special youth rally and all youth in the city are invited to be present and join in praising our Savior, Jesus Christ.

Sunday night will be praise and testimony night.

Rev. A. E. Atkinson, the pastor; the evangelist, Dr. Robert E. Coleman, and the song leader, Rev. David Stanton, cordially invite all who can to come to these meetings.

On Thursday, an all-out effort will be made to fill the pews of the church. The service will be followed by a night of prayer, ending at about midnight, for those who will remain. As many as are willing and able are urged to attend this meeting.

## U. S. Savings Bonds Are Prizes In 4-H Achievement Contest

Kentucky 4-H Club members can win \$800 in U. S. Savings Bonds prizes in the 1957 State Achievement Contest in Home Economics and Agriculture.

Two state awards of \$100 bonds will go to the champion in home economics and the champion in agriculture selected on the basis of projects, leadership and participation in 4-H club, community and county activities.

Those who attended the wedding were Mr. and Mrs. William Roberts, and children, Miss Louise Conrad, Miss Patricia Worthington, and Bobby Medley.

Immediately following the wedding the couple left for a short trip to Natural Bridge. They will make their home in Hazard, Ky.

James C. Turner, Kenton county farmer, died June 18 at his home on Maher Road. He was 81 years old.

Surviving him are his widow, Mrs. Eva Hickman, four daughters, Mrs. Shirley Webster and Mrs. Thelma Petty, both of Covington, Mrs. Mabel Meier of Walton, and Mrs. Margaret Wayman of Florence; a son, Samuel Turner, Covington; a sister, Mrs. Daisy Reeder, Newport; eleven grandchildren, and eight great-grandchildren.

Services were held Friday, June 21, at the Swindler funeral home, Independence. Burial was in the Independence Cemetery.

Training at Breckinridge

Pvt.-1 Terry L. Smith, Walton, Ky., of Co. "C" 365th Engr. Bn, Williamstown, is taking basic training at Camp Breckinridge, Ky.

Lt. Col. House commander of 387th Engr. Co. commanded Pvt. Smith for his outstanding performance as a Guard.

Pvt. Smith will return with Co. "C" 365th Engr. Bn. to Williamstown, Ky., on June 30, 1957.

New Haven 4-H Picnic

Fifteen 4-H members of the New Haven 4-H Club enjoyed a picnic and 4-H Tour, Monday June 17, on Garfield Hamilton's farm near Union, Ky.

The 4-H members visited each other's homes and observed one another's projects.

Miss Phyllis Kirtley, a Jr. Leader in 4-H work, of Union and Glen McCormack, Assistant County Agent, led the picnic and tour.

Verona 4-H Club Picnic

The Verona 4-H Club held their summer picnic, June 19, at the home of Mr. and Mrs. Willie Mathis. Twenty-five 4-H members were present and enjoyed the day by playing games led by the Assistant County Agent, Glen McCormack.

The 4-H members were reminded and encouraged to enter their projects in the Boone County 4-H and Upupa Fair, which will be held August 22, 23, and 24 at the Boone County Fairgrounds, Burlington, Ky.

## Boone Cancer Crusade Goes Beyond Quota

### SPLIT SQUIRREL SEASON

Kentucky again will have a split squirrel season and the bag and possession limit will remain the same as last year, according to an announcement by the Fish and Wildlife Resources Commission.

Dates for most of the seasons and bag limits were announced by the Department following a meeting of the Commission recently. Seasons for deer, waterfowl and doves have not yet been set. The latter are set by the Federal Government while for deer the Commission is awaiting the findings of a survey on the deer herd.

The squirrel season will open on August 15 and continue through October 15. That will constitute the first phase, while the second part will open on November 20 and continue through December 17. The bag limit will be six a day or a total of 12 over two or more days of hunting.

### WAGNER-MOSLEY

Miss Mazie Wagner and Mr. Sam Mosley were united in marriage at 3:00 p. m., Saturday, June 22, at the home of Rev. R. F. DeMaize, Walton.

The bride is the daughter of Mrs. Nellie Roberts of South Main Street, and Mr. Mosley is the brother of Mrs. Travis Dunn, Walton, and is from Hazard.

For her wedding, the bride wore a white lace dress and white accessories. Her corsage was pink roses. She was attended by Miss Joyce Ann Schwab. Mr. Mosley's best man was the bride's brother, Donald Wagner.

Those who attended the wedding were Mr. and Mrs. William Roberts, and children, Miss Louise Conrad, Miss Patricia Worthington, and Bobby Medley.

Immediately following the wedding the couple left for a short trip to Natural Bridge. They will make their home in Hazard, Ky.

### JAMES C. TURNER

James C. Turner, Kenton county farmer, died June 18 at his home on Maher Road. He was 81 years old.

Surviving him are his widow, Mrs. Eva Hickman, four daughters, Mrs. Shirley Webster and Mrs. Thelma Petty, both of Covington, Mrs. Mabel Meier of Walton, and Mrs. Margaret Wayman of Florence; a son, Samuel Turner, Covington; a sister, Mrs. Daisy Reeder, Newport; eleven grandchildren, and eight great-grandchildren.

## Total of \$2,389.73 Raised During Drive

The 1957 Cancer Crusade in Boone County went over the top—the quota was \$2,389.00 and the amount collected was \$2,389.73.

Mrs. W. D. Scroggin, president of the Boone County Cancer Crusade, issued the following statement: "It is with a sense of sincere appreciation and gratitude that we extend our deepest thanks to the volunteers for the outstanding Cancer Crusade accomplishments. We congratulate and commend you for the contribution made to the program of cancer control, and to the citizens of Boone county, for without your help this could not have happened."

A list of the chairman and their quotas are: Mrs. Marvin Kendall, \$419.26; Verona, Mrs. G. C. Ransom, \$104.50; Florence, Mrs. William Campbell, \$915.32; Constance, Mrs. Charles Herbstreit, \$73.26; Taylorsport, Mrs. Vaughn Hemphill, \$41.50; Burlington, Mrs. Raymond Combs, \$280.74; Hebron, Mrs. Omer Dolwick, \$225.15; Bullsleville, Mrs. S. B. Nunnelly, \$140; Bellevue, Mrs. Al Bates, \$50; Petersburg, Rev. A. C. Day, \$41.50; Union, \$88.50, and Richmond, \$1.

Mrs. Scroggin added, "My thanks also to the board members and staff who worked with me in making this year's Crusade a success, educating the public to the dangers of this dread disease."

### Service Station Robbed

Lawrence Wilson's Ashland service station was broken into Sunday night. Thieves gained entrance by breaking a lock and knocking out a section of the wall. Quite a few things were taken, but through the cooperation of Chief Simmons and the State police, four young men were apprehended Monday and are awaiting trial in Covington jail.

### American Legion

## Picnic Set for July 4 At Woodland Inn

The Johnson-McElroy Post No. 277, American Legion, Walton, Ky., will hold its Annual Picnic on July 4, 1957 at the Woodland Picnic Grounds, 2 miles South of Walton on U. S. 25. The picnic will start at 11 a. m. and run until closing.

The Ladies Auxiliary will operate a food booth, so fellows take your wives out of the kitchen on this holiday and eat at the picnic.

The Post is giving away \$225. in cash during the picnic. Donations on the tickets for the drawing are \$1.00 per book of 5 tickets.

There will be fun and amusements for all to enjoy. Let's get into the festivities of Independence Day by attending the American Legion Picnic.

### MORRIS R. CHEESEMAN

Morris R. Cheeseman, 64, a farmer, died early Monday at his home on U. S. Highway 25, three miles south of Walton.

Surviving him are his widow, Mrs. Emma McClure Cheeseman, four sons, John and Robert Cheeseman, both of Walton; Morris Cheeseman of Morning View, and Raymond Cheeseman, at home; four daughters, Mrs. Nellie Collins, Mrs. Helen Rich, and Mrs. Tillie Smith, all of Walton, and Mrs. Emma Anderson of Petersburg; four sisters, Mrs. Florence Ruessler, Erlanger, Mrs. Gertrude Lawrence, Cincinnati, Mrs. Lucille Richardson, Eminence, Ky., and Mrs. Esther Napier of Bromley; two brothers, George Cheeseman of Visalia, and Richard Cheeseman of Morning View, and 21 grandchildren.

Services were conducted at 2:00 p. m., Wednesday in the Chambers and Grubbs funeral home, Walton. Burial was in the Independence Cemetery.

### W. H. Roe at Burlington

William H. Roe, Contact Representative of the Kentucky Disabled Ex-Service Men's Board, will be at the Court House in Burlington, on Wednesday, July 3, from 9:00 a. m. until 1:30 a. m. He will assist veterans and their dependents with claims for benefits due them as a result of their military service.

by entertaining a few of her friends for  
the weekend: Margaret Ann and Rose  
Mary Hoffman and Debbie Newman.

Mrs. Richard Ryan and children are  
spending two weeks with their parents,  
Mr. and Mrs. Don Troutman, Livia, Ky.

Mrs. Daisy Yelton returned home  
Monday after spending several days with  
her daughter, Mr. and Mrs. Elmer  
Durey, of Covington.

Misses Lynnette and Kathleen Flynn  
spent the weekend with their cousin,  
Betty Sexton, of Erlanger.

Mr. and Mrs. Russell Soden and son  
of Tucson, Ariz., Rev. and Mrs. Harold  
Soden and children of Oregon, are  
spending their vacation with their par-  
ents, Mr. and Mrs. William Soden of  
Nicholson Road.

O. K. Powers is a patient at St.  
Elizabeth Hospital, Covington.

Mr. and Mrs. Bert Hendricks and  
daughter, Mr. and Mrs. Lawrence Wil-  
son and son spent Sunday afternoon  
with Robert Sturgeon at Hazlewood  
Hospital, Louisville. He is improving  
slowly.

Mrs. Stanley Kacaba, who has been  
in the hospital, is home and doing nice-  
ly.

Miss Glenda Crouch of Verona Road  
spent the weekend with Mrs. Gertrude  
Daniels.

Phyllis Halt, small daughter of Mr.  
and Mrs. Henry Halt, Jr., has been very  
ill in St. Elizabeth Hospital.

Mr. and Mrs. C. O. Worthington of  
Newwood, Ohio, Mrs. Andy Saylor at  
Blue Ash, Ohio, and Mr. and Mrs. Orie  
Evans of Newwood, were Sunday guests  
of Mr. John Hanks.

Mr. and Mrs. Earl Waters motored  
to Lexington, Saturday and then had  
dinner in Cynthiana.

## KENTUCKIANS

### IN WASHINGTON

By G. H. Kingsbury

#### State Parks:

If the national trend is any indication, Kentucky parks should be in for a banner year. The last count, made here in the Capitol, shows patronage up nine percent.

The commonwealth has an enviable reputation for its excellent park system. But Kentucky could still have more parks. Ohio, for example, has 113. California has 143. Since 1950, there has been a 72 percent increase in the number of camp sites.

#### Symmes Hails:

While Congress debated civil rights, we took ourselves to the Library of Congress for a look at some ancient Senate action.

Senator Richard Johnson of Kentucky, back in 1823, asked the Upper House to give John Cleves Symmes of Newport some financial help in promoting a voyage to the interior of the earth.

It was Symmes' contention that the inside of the earth is hollow and inhabitable. He further insisted that you could descend into the interior through openings at the two poles. Nothing came of the idea—except ridicule.

#### Medical College:

Another bit of Kentucky history in the archives in Washington proves there is nothing new under the sun.

The Kentucky General Assembly, in 1823, authorized a lottery for \$25,000 to build a medical college at Lexington. All of which brings up today's story of the scramble for money to build the new University of Kentucky medical college.

#### Mail Call:

For Montgomery County reader: Adjournment of Congress is anybody's guess. August 15 looks like best bet now.

To Gallatin County writer: Address Senator Earle C. Clements at the Capitol, Washington, 25, D. C.

Reply to Greene County question: Paul Kelly, aide to the late Chief Justice Fred Vinson, is now aide to Congressman John Watts of Kentucky.

Answer to Harrison County student: Six Kentucky newspapers have correspondents in Washington, three from Northern Kentucky, two from Louisville, and one from Henderson.

#### Dickey Inauguration at UK

Dr. Frank G. Dickey will be inaugurated September 24th as the seventh president of the University of Kentucky, according to plans announced by UK Vice President Leo M. Chamberlain. About 550 universities, colleges, foundations and educational organizations have been invited to send delegates to the ceremony. Dr. Dickey became president of the University last September succeeding Dr. Herman L. Donovan, who retired after 15 years in the presidency.

## Some Timely Tips For Vacationers

Vacation time has rolled around again and soon many Kentucky families will be setting out on their yearly journey for several weeks of fun and relaxation.

Many of the vacationers will be visiting Kentucky State parks. But no matter what the destination, the following timely tips will serve as a check list prior to leaving home. This list includes many of the annoying details which come to mind early in the trip:

Have you temporarily stopped deliveries of newspapers, milk and laundry?

Have you shut off home utilities, such as water, lights, gas and refrigerator?

Are the dog, cat, fish or birds provided for?

Have arrangements been made for mail to be picked up and forwarded if necessary?

Have all precautions been taken to discourage prowlers?

And here's a check list for the car: Are the tires entirely safe? Is there a good spare tire, tire jack, wrench, pliers and flashlight in trunk? Have the lubrication, wheel bearings, transmission and differential been checked?

Is the insurance up to date? Does the insurance cover fire, theft, collision, property damage and public liability?

Are the clutch, brakes, transmission cooling system, fuel system, ignition system and steering gear in good working order?

Other tips to remember: Don't drive too fast—allow ample time to reach your destination. Don't drive too far at one time. Don't drive when tired. Stop early for accommodations or make reservations ahead each morning.

The USDA estimates it takes 40 gallons of water to grow feed to produce one egg and 1,800 gallons of water to produce feed for one pound of beef.

IS YOUR SUBSCRIPTION PAID?

## Armyworm Threat This Year Appears To Be About Over

Grain fields in Kentucky this year apparently won't be subjected to a heavy invasion of armyworms, says the UK Agricultural Experiment Station entomology department.

Few of the moths that lay the eggs from which the armyworms develop are being trapped now in light traps, says Kenneth Starks, entomologist, indicating that egg-laying is near completion. There apparently was only a light hatch from eggs laid earlier, he says, as very few of the armyworms were found in state fields in a recent check.

For chemical control of these various pests, see the Kentucky Agricultural Experiment Station's Miscellaneous Publication No. 87. It is available at county agents' offices or the bulletin room, Experiment Station, Lexington.

For a true comparative cost of foods, compare the costs per serving. The price per pound can be very misleading.

## What Is Greatness

Lesson for June 30, 1957

"THE habitual vision of greatness" has been called the secret of the ancient Greeks, one of the world's most wonderful people. Many would say that the ancient Hebrews were even more wonderful; and they too had their "habitual" vision of greatness. In our Old Testament are stories of great men, for whom even today little children are named. These great men and women too are of different kinds, you might say only one of a kind. Joseph was the kind of great man Americans love to honor. He was an immigrant, for one thing, a poor boy, with nothing but the clothes he wore, when he first crossed the border of Egypt. He was a man who rose through all the layers of society, against very great odds. He was the "big executive" type, and immensely rich besides. Now it is not true that such men are always hailed and honored. Sometimes they are no more loved than General Bullmoose. But when such men do give their fellow-citizens a lift of pride, it is because of that something Extra which we call greatness.

### The High Soul

Every truly great man or woman has some qualities or gifts which are unique in him, and are partly brought out by his own special circumstances. The greatness of an Abraham Lincoln, for instance, is not that of a Dwight L. Moody, and neither of these is quite like Helen Keller. But there are some features to be found in all persons who deserve the word "great." Joseph in Egypt is a good example of these. First of all is what can be called the High Soul. His house of life is open to the sky. He is guided by his faith in God. To such a man, faith is not a thing to be analyzed, or talked about. It is something to be lived, and lived by. Every single important step in Joseph's life is connected by his biographer with God; and Joseph himself shows that he was conscious of God's guidance. Even that decisive moment when he was being sold to Midianite slave-traders—a moment which just then he would hardly have connected with God—he later saw was an act of God. "It was not you who sent me here, but God," said he to his brothers later. What will God think of this? Was not an afterthought with him, but it entered into his decisions beforehand.

### The Open Mind

Great men have their prejudices, no doubt; what human being is entirely free of them? But a great man is capable of living above his prejudices. He can revise his opinions. Neither the man who is forever changing his mind, nor the man who can never change it, is likely to achieve greatness. When Joseph's first son was born, he called him by a name which means "making-to-forget." "God," said he, "has made me forget... all my father's house." Joseph at that time, and for years before and after that time, had no communication with his home back in Palestine. To be sure, his family could neither read nor write; but Joseph could easily have sent a message telling them he was alive and doing very well indeed. On the contrary, he seems to have been quite content to be cut off from home. Very likely he thought the less he had to do with his rascally brothers, the better. But when the famine time came, he got acquainted with his brothers again, discovered in one of them, at least, a noble spirit, and he so far revised his attitude that he invited the whole family into Egypt near him.

### The Wide Heart

Joseph's treatment of his brothers showed more than a willingness to reconsider his prejudices. He had a heart willing to forget the past, willing to return good for evil. To men who had been as mean to him as they could possibly be, he was as good and generous as he could possibly be. Most of us think we are mighty virtuous if in return for a dirty deal we do just a tiny grudging act of kindness. That is better than vengeance and began paying in return; but the great man is far above measuring what he gives by what has been given him. True greatness includes more than justice; it includes forgiveness and mercy. It is used to say about God, "He will forgive—that's his business."

## BIG NEWS!

The Church may not have its name blazoned across every front page, but it is big news just the same.

From infancy to old age, the Church offers many things to each and every individual.

The Church introduces human beings to God.

The Church develops man's spiritual life through experiences of worship.

The Church emphasizes the beautiful through its architecture, its services, whether ritualistic or informal, its music.

The Church develops leaders through its many activities.

The Church broadens man's outlook through its work of sending the gospel to those in far-away places.

The Church exemplifies the brotherhood of man through the welcome it extends to all who believe.

Last, and most important of all, the Church offers salvation and the assurance of eternal life for every believer.

Big news—the Church! Can you afford to miss it?

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor in work for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither survive. There are four sound reasons why every person should attend services regularly and support the Church: (1) For his own sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Commissioner's Sale

Commonwealth of Kentucky  
Boone Circuit Court  
Columbia Federal Savings & Loan Assn.  
Plaintiff  
Versus  
Cecil B. Souder, et al., Defendants.  
By virtue of a judgment and order of sale of the Boone Circuit Court rendered May 31, 1957, in the above cause, I shall proceed to offer for sale at the Court House Door in Burlington, Kentucky, to the highest bidder, at public auction on Monday, the 1st day of July, 1957 at One O'clock P. M., or thereabout upon a credit of 6 and 12 months, the following described property to-wit: Index 5-132, Plat 1-39  
111 South Main Street, Walton, Ky.

Situated on the Northwest corner of Main Street and Chambers Avenue and fronting sixty (60) feet on Main Street and extending back two hundred and seventy-five (275) feet, more or less, on Chambers Avenue; and being sixty (60) feet wide, more or less, at back line. This lot adjoins Clark's Addition, as shown on Plat No. 1-39 in the records of the Boone County Court at Burlington, Ky., and as described in D. B. 62-256.  
For the purchase price, the purchaser must execute bond, with approved surety, bearing legal interest from the day of sale, until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms. Amount to be raised by sale \$7,636.06 together with interest, taxes and costs herein expended.  
R. S. HENSLEY,  
Master Commissioner  
Boone Circuit Court. 3t-24

Texas researchers say about an ounce of molybdenum added to 2 million pounds of poultry feed can mean an extra \$18,000 worth of chicken at market time.  
Ice cream production in 1956—which was 650,985,000 gallons—was more than double that of 1940.

THE BEST PLACE TO  
**EAT**  
IN COVINGTON

## COMMONWEALTH OF KENTUCKY DEPARTMENT OF HIGHWAYS NOTICE TO CONTRACTORS

Sealed bids will be received by the Department of Highways at its office in Frankfort, Kentucky, until 9:00 A. M., Central Standard Time on Wednesday, July 3, 1957, at which time they will be publicly opened and read for the improvement of:  
Boone County, RH 1002 A-M1—The Mackville-Waterloo Road from RH 1012 to RH 1038, 2.2 miles. Bituminous Surface Class A-2 Seal.  
Boone County, RH 1008 A-M1—The Big Bone-Union Road from RH 1001 to Ky. 338, 5.3 miles. Bituminous Surface Class A-2 Seal.  
Boone County, RH 1012 A-M1—The East Bend Road from Ky. 18 to Ky. 338, 10.6 miles. Bituminous Surface Class A-2 Seal.  
Boone County, RH 1015 A-M1—The Church Road from RH 1008 to RH 1081, 1.6 miles. Bituminous Surface Class A-2 Seal.  
Boone County, RH 1018 A-M1—The Gunpowder Road from US 42 extending northeast 0.8 mile. Bituminous Surface Class A-2 Seal.  
Boone County, RH 1018 A-M2—The Gunpowder Road from US 42 extending southeast 2.0 miles. Bituminous Surface Class A-2 Seal.  
Boone County, RH 1026 A-M1—The Connelton Road from Ky. 18 to Ky. 1017, 2.2 miles. Bituminous Surface Class A-2 Seal.  
Boone County, RH 1033 A-M1—The Rice Pike Road from US 42 to RH 1008, 2.4 miles. Bituminous Surface Class A-2 Seal.  
Boone County, RH 1056 A-M1—The West Mt. Zion Road from US 25 extending west 1.1 mile. Bituminous Surface Class A-2 Seal.  
Boone County, RH 1057 A-M1—The Gray Road from Ky. 20 to Ky. 237, 2.2 miles. Bituminous Surface Class A-2 Seal.  
Boone County, RH 1058 A-M1—The Tom Bonar Road from Ky. 236 to Ky. 1017, 1.1 miles. Bituminous Surface Class A-2 Seal.  
Boone County, RH 1063 A-M1—The Hicks Road from US 42 to Ky. 338, 2.6 miles. Bituminous Surface Class A-2 Seal.  
Boone County, RH 1064 A-M1—The Kennington Road from Ky. 16 extending northwest 2.5 miles. Bituminous Surface Class A-2 Seal.  
The attention of the prospective bidders is called to the prequalification requirements, necessary for securing certificate of eligibility, the special provisions covering subletting or assigning the contract and the Department's regulation which prohibits the issuance of proposals after 8:00 A. M., CENTRAL STANDARD TIME on the day of the opening of bids.  
NOTE: A PURCHASE CHARGE OF \$2.00 WILL BE MADE FOR EACH PRO-

## POSAL. REMITTANCE MUST ACCOMPANY REQUEST FOR PROPOSAL FORMS. REFUNDS WILL NOT BE MADE FOR ANY REASON.

Further information, bidding proposal, at cetero, will be furnished upon application to the Frankfort Office. The right is reserved to reject any and all bids.  
DEPARTMENT OF HIGHWAYS  
FRANKFORT, KENTUCKY  
Frankfort, Kentucky  
June 11, 1957

## Stilbestrol No Help In Test Swine Rations

Stilbestrol pellets used on swine produced "not consistent stimulation of growth" and stilbestrol fed in a protein supplement likewise indicated "no significant improvement" in growth-rate or feed efficiency of growing-fattening pigs.  
That's the report of Georgia researchers, whose findings are being circulated in Kentucky by Grady Sellards, Kentucky Agricultural Extension Service swine specialist.  
Stilbestrol is a synthetic growth-producing chemical, used successfully by many beef-cattle feeders.  
The researchers said:  
"Use of stilbestrol pellets implanted under the skin (in three separate tests) caused no consistent stimulation of growth in pigs. Another researcher indicated no significant improvement in growth rate or feed efficiency when stilbestrol was fed in the protein supplement of growing-fattening pigs. Feed-

ing of stilbestrol in combination with an antibiotic produced no faster growth than the antibiotic alone. No significant effect on rate of gain or feed efficiency was noted when stilbestrol was fed at several different levels in the diet of growing pigs."

## Piner Homemakers

The June meeting of Piner Homemakers was held in the home of Mrs. Roy Tomlin.  
After the morning business session, a delicious luncheon was served by the

hostess. In the afternoon session, Mrs. Frank Elliott gave a lesson on making copper planters. The meeting adjourned to meet again in September at the home of Mrs. William Wolterman.  
Those present were Mrs. John Lunsford, Mrs. Frank Elliott, Mrs. Nina Tomlin, Mrs. Chester Mullins, Mrs. James Kidwell, Mrs. Marion Martin, Mrs. J. C. Cavanaugh, Mrs. William Wolterman, Mrs. Dewey Fisk, Mrs. Angelo Pellizzori, Mrs. Malcolm Oliver, Mrs. E. H. Spaulding, Mrs. Charles Flynn, Mrs. Owen Flynn, Mrs. John Dwyer, Mrs. Otis Fisk, and Mrs. Leslie Smith.

### Economists Advise Fertilizer Use To Build Farm Income

THE most profitable farms today are the ones that use land, labor, capital and management in the best combination, reports the Middle West Soil Improvement Committee in a recent statement by Ohio farm economists.

R. J. Tompkins, of Ohio State University, says that farmers can increase their net income by proper use of fertilizer, improved and adapted varieties of seed, labor-saving tillage practices, weed and insect control.

E. T. Shaudys, another Ohio economist, says that the key to economic efficiency is "to produce where the last dollar spent for machinery, fertilizer, building tile, livestock and other items just returns a dollar of income."

Larger farms, he says usually can more fully utilize their equipment and labor and spread part of their costs over more pounds of pork, beef and milk, or over more bushels of grain.

Farmers with smaller than average acreages, says the committee, can be competitive with the larger operators by using fertilizer to actually "increase the size of their farms."

### MILTON M. LUCAS

Milton M. Lucas, retired Boone county farmer, died Tuesday at his home in Florence. He was a member of the Florence Baptist Church.

Surviving him are three daughters, Mrs. J. C. Jones of Bethel, Ohio, Mrs. Roy Thompson of South Fort Mitchell, and Mrs. Leon Ryle of Erlanger; two sons, Raymond and Wallace Lucas, both of Florence; two brothers, George Lucas of Walton, and John Lucas of Cincinnati; two sisters, Mrs. Fannie Glacken of Lexington, and Mrs. Grace Points of Cincinnati; nine grandchildren, and two great-grandchildren.

Services will be held this (Thursday) afternoon at 2:00 in the Florence Baptist Church. Chambers & Grubbs funeral home, Walton, had charge of arrangements.

### Cecilia 4-H Club Meets

The monthly meeting of the Cecilia 4-H Club was held on Monday evening, June 17, at St. Cecilia School, Independence.

The roller skating party to be held at Lloyd's in Latonia, was discussed, also the recent bake sale, held at Coppen's. Also brought up for discussion was a family picnic, to be held soon. Lunch was served after the meeting.

The next meeting will be held July 15, at which time the fair will be considered.

### CARD OF THANKS—

We wish to thank our kind friends for their cards and sympathy during the illness and death of our father, also the ones who sent flowers. We especially want to thank Bro. DeMaisey and Bro. Henson for their comforting words, Fay Conner for the lovely music, and Chambers & Grubbs for the arrangements.

Mr. & Mrs. Walter Whitson  
George R. Burris, Sr.

### Top-Dressed Alfalfa Comes Back Faster, Gives Extra Feed

YOUR legume-grass meadows will make a faster comeback after the first hay cutting if you give them a good top-dressing of fertilizer, reports the Middle West Soil Improvement Committee.

"This can give you more hay per acre," says the committee. It can help cut feeding costs for dairy and beef herds and mean more profit per animal per acre.

Among other advantages,

Alfalfa lasts longer, gives more hay and lower feeding costs when fields are top-dressed regularly.

says the committee, are: 1—The fertilizer helps increase the life span of the legumes. Thus you save time, money and labor by not having to reseed your meadows so often; 2—Hay from the fertilized meadows is usually higher quality and more nutritious, with a bigger protein content.

The committee points out that legumes use up big amounts of phosphate and potash. So it is important to use a fertilizer top-dressing that contains these nutrients. How much fertilizer to add depends on the needs of individual fields, says the committee.

A soil test can give information on just how much of each nutrient the land requires for top yields.

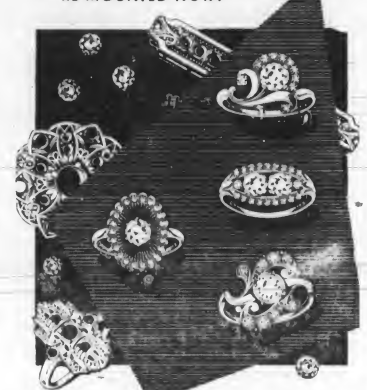

In general, college agronomists advise applying 300 pounds or more per acre of a phosphate-potash fertilizer, such as 0-20-20, or 0-10-30, depending on the soil's need for nutrients," the committee says.

### Watering Most Important In High Producing Garden

High quality vegetables from the garden are obtained when the soil stays moist—not wet—says Clyde Singletary, UK Experiment Station horticulturist.

Most vegetables contain more than 90 percent moisture and a cucumber is approximately 99 percent water, for instance.

Soil must be well drained, Singletary says, for highest quality—but avoid keeping the soil wet.

Most vegetables require one inch of rainfall or its equivalent in irrigation water each week of their growing season to give best yields and quality. Irrigating with proper fertilization is very profitable when growing vegetables.

Proper cultivation is a must, too, he says. When soils are well manured and a cover crop is grown and tilled under each year, most soils do not need cultivation, except to control weeds.

Soils which pack and become hard must be stirred enough that water will penetrate and not run off. Keep cultivation shallow, cutting as few plant roots as possible. Mulching will reduce cultivation to a minimum if properly done.

### LOSE UGLY FAT

#### IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new and convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger and appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by Brakfield Drug Store, Walton. Mail orders filled. 51-23

Milk in this country is the best in the world. Our system of efficient, low-cost production, distribution, sanitation, pasteurization and supply create a standard which dairymen throughout the world come here to study. Dr. S. M. Babcock perfected the test for fat content of milk and cream in 1890.

### Be SAFE This Summer—ASWIM and Afloat

If you find yourself suddenly in trouble, don't reach for the sky. That's the quickest way down. Keep arms below surface and try to lie flat in water to keep afloat.

Pick a safe place for bathing, preferably one supervised by life guards. At least be sure someone is nearby who can help you if you get into difficulty. Distances are deceiving—swim half as far from shore as you think you can, then you'll have strength to swim back.

GOING SWIMMING? Make sure you know the above water safety rules, recommended by the American Red Cross. Best precaution is to learn how to swim. Don't try to show ability you don't possess.

### WALTON LOCALS

Saturday, June 22, was the wedding day of Alice Faye Goerler and James Meese. The bride is the daughter of Mr. and Mrs. John Goerler of Banklick Station Road. Mr. and Mrs. Jack Turner witnessed the marriage.

Mrs. Robert Perry of Ludlow is in St. Elizabeth Hospital following a heart attack on June 22. She is the sister-in-law of Virgil Perry of Banklick Station Road and of Mrs. Scott Lancaster of Walton. She is slowly improving.

Of every dollar spent for groceries, 8 cents is for transportation costs.

Our sad-faced friend is Bill McGoo,  
Who thought he'd bought a car brand-new;  
And while he got a "special deal"  
His disappointment he can't conceal!  
While others drive in Swept-Wing style  
Poor Bill just mutters curses vile:  
"They got new styling, features, too—  
"I bought a 'deal'—boo-hoo, boo-hoo!"

**Moral: Yesterday's looks and features are no bargain at any price!**

No car is a bargain if it's obsolete in styling and engineering features. And the Swept-Wing Dodge actually *obsoletes* other cars in its field with its low, low look of tomorrow and revolutionary advances like Torsion-Aire Ride, Push-Button TorqueFlite and Total-Contact Brakes. So don't get "bargain-talked" into yesterday's styling and features. The *same money* buys the car that's years ahead. See your Dodge dealer. Join the swing to the Swept-Wing Dodge.

### VERONA HOMEMAKERS

Verona Homemakers met at the home of Mrs. D. Burchett. Salute to the flag was followed by the regular business session and discussion of a tour.

Those present were: Mrs. Minnie Davis, Mrs. Iva Vest, Mrs. Pearl Lamm, Mrs. Frances McCormick, Mrs. Lillian Stephenson, Mrs. Etta McManama, Mrs. Lizzie Noel, Mrs. L. Jackson, and the hostess and daughters, Joyce and Darlene, and son, Dallas.

The following officers were elected for next year: President, Mrs. H. N. Jackson; vice president, Mrs. A. M. Davis; secretary, Mrs. Frances McCormick; treasurer, Mrs. D. Burchett; membership, Mrs. Pearl Lamm; publicity, Mrs. Lillian Stephenson; citizenship, Mrs. Iva Vest; program chairman, Mrs. Edith Hamilton.

The next meeting will be a combination meeting and family picnic and will be held July 19 at the home of Mrs. Lillian Jackson.

### CARD OF THANKS

We wish to express our deep appreciation to everyone who was so kind and helpful in the sickness and passing of our husband and father, Charles E. Harmon.

We especially thank Dr. J. M. Huey for his untiring efforts, the Chambers and Grubbs Funeral Home, Rev. Ray Johnson, Rev. Joseph Tackett, neighbors and friends, flower donors and those who gave food.

Mrs. Ruby Harmon and Family 11\*

## OAK RIDGE

Alan Yates flew in from New York recently for a few days visit with his parents. Alan has been working in New York for several months now. Jack Yates, his brother, has gone to the Great Lakes to work as a merchant seaman for the summer.

Congratulations to Mr. and Mrs. Frank Egan on the birth of their baby son on June 18. They now have three sons.

The Taylor Mill TV and Appliance Store has moved into their new store at Taylor Mill and Ridgeway, next door to the drug store.

Robert Tomlin flew in from Washington, D. C. Saturday night for a few days visit with his parents.

Mrs. H. R. Hutchins is enjoying a visit from her sister, Mrs. B. K. Dewey, of New Orleans, La.

Mrs. O. J. Dorman returned home from Warm Springs, Georgia last Friday. Her daughter, Gertrude, will remain in Warm Springs for several weeks for physical therapy treatments.

Mr. and Mrs. Ernest Meyers and sons

Stephen, David and Phillip, of London, Ky., visited her sister, Mr. and Mrs. W. C. Tallent over the week-end. They left their son, Stephen to visit his cousin, Mr. and Mrs. L. E. Thompson and children have gone to Lexington for a few days vacation.

The Oak Ridge Homemakers Club met June 18 at the home of Mrs. Ollie Miller on Valley View Drive. The meeting was opened by the president, Mrs. Harry Collier and the Devotional was led by Mrs. Ollie Miller. Mrs. E. C. Harris gave a short report on Lebanon, for International Day. Mrs. Aubrey Wheeler read a paper on care of shrubs. A trip to Natural Bridge State Park on July 20 was planned. A nominating committee was appointed with Mrs. C. E. Piper as the chairman. The Club had four members who qualified for Blue Ribbons in Reading this year. They are Mrs. Joseph Wren, Mrs. W. C. Tallent, Mrs. E. C. Harris and Mrs. Ollie Miller.

Mrs. Kenneth Galloway returned home from the hospital on Sunday and is feeling much better.

Phillip King also got home from the hospital on Sunday with strict orders to rest. Phillip has been taking a full course in Law College the past year and work-

## Kenton-Community Firemen Picnic

**ANNUAL PICNIC JUNE 28-29**—The Kenton Community Volunteer Fire Department will hold its annual festival on Friday and Saturday, June 28-29, at Kenton, Ky. It will be held at a new location this year, 1,000 feet south of the firehouse on Highway 177.

The firemen have a good program of free entertainment for the public again this year, from WLW-T, the Hometown-

ing a regular eight hour shift on the railroad.

Mr. and Mrs. W. O. Mitchell had their son, Perry B. Mitchell and his family of Louisville as guests the past week-end.

## VERONA

Miss Betty Casper and Marion Arch Waller were married June 15 at Newark, N. J.

Mrs. Lula Fulton, Palo Alto, Calif., and Mrs. Laura Lamm of Covington, have been visiting Billie Mae Waller in Louisville.

Mrs. Pattie Waller, B. M. Waller, and Mrs. Grace White attended the wedding of Marion Arch Waller in Newark, N. J., June 15.

Mrs. Pattie Waller has gone to Alton, Ill., to spend the summer with her sister, Mrs. Frank White, and family.

Mr. and Mrs. Bernard Wilson was calling on Mr. Elbert Wilson and Mrs. Pattie Willeford Sunday afternoon.

Mr. and Mrs. Harry Chapman, Mr. and Mrs. Clifton Webster and son, and Mr. and Mrs. Leo Webster was calling at the D. R. Chapman home Sunday afternoon. We are glad to report Mrs. Chapman much improved. Hope to see her out soon.

Mr. and Mrs. Mayra Hayden and Mr. and Mrs. Ray Gullion attended church Lawrenceburg, Ind. Sunday.

Mrs. Flonnie Edgington was calling on Mrs. Minnie Davis, Sunday afternoon.

Miss Norma Locke was calling on Miss Nola Rose Yates Saturday evening.

Mrs. Dora Burchett and three children left Sunday afternoon for Corbin, Ky. to visit her parents. Her husband will join them the last of this week. They will go on to Tenn. next week to visit his parents and other relatives in Va. before returning home.

We are glad to hear Floyd Chapman is back home from the hospital and doing nicely.

Mrs. Mary Spaulding is back from the hospital, but isn't feeling so good, we hope for her a speedy recovery.

Mr. Jim Bob Hamilton was calling at the Lloyd Yates home Sunday afternoon.

Mrs. Ethel Rogers returned home Sunday after spending a week with her brother and family.

## GLENCOE

Mr. and Mrs. E. W. Collins of Glencoe will celebrate their Golden Wedding Anniversary on Sunday June 30. There will be open house at their home in Glencoe from 1 to 4 o'clock and everyone has been invited.

Mr. and Mrs. Tom Gordon spent Sunday with Mr. and Mrs. Walter Noel.

The Revival closed Sunday night with Bro. McClure, pastor of Big Bone Baptist Church doing the preaching. There was 13 additions.

Mr. and Mrs. Paul Chapman and two sons spent Sunday afternoon with Mr. and Mrs. Jean Hamilton and family. Other guests were Mr. and Mrs. Less Miller and daughter Linda.

Mr. and Mrs. Ed Shinkle entertained Bro. Beach Sunday, as he supplied the pulpit for the pastor.

Mrs. Lona Higgins and Mrs. Sarah Miller attended church at Oaklin Sunday night.

Mrs. Emily Rider is slowly improving at St. Elizabeth Hospital, Covington.

ers featuring Buddy Ross with Freddie Langdon, Jay Neas and Kenny Price; the Kentucky Boys, Slim and Zeke, and the Blotz Bros. band will furnish music for dancing.

There will be rides, booths and refreshments—all this adds up to two evenings of fun and entertainment, so make plans to bring the family and attend. There will also be given away

\$200 in cash.

Pictured above are some of the department's Life Squad, left to right, Assistant Chief Charles Grizzoli, Engineer Roy Hammond, Lieutenant Harold "Topsy" Ishmael who is picnic chairman, Chief Cecil Ishmael, Captain Hugh Mullins, and Lieutenant Bernie Parr. Don't forget the dates—June 28-29, and come to the picnic!

## CRITTENDEN

Mr. and Mrs. William Roberts and Mrs. Nora Young and son Jackie left Saturday morning for Penn. to visit his brothers, Mr. Elmer and Harvey Roberts.

Mr. and Mrs. Harry Waller and two children of Mississippi are visiting his parents Mr. and Mrs. Marvin Waller.

Marlene and Donnie Roberts are recovering from the measles.

Mr. and Mrs. Bob Clements are moving to Mrs. Letha Brunner apt. and Mr. and Mrs. Marvin Waller are moving into their new home on Violette Rd.

Mr. and Mrs. Charles Turgate have moved into their new home on Shady Lane.

Rev. Wendell Belew and three children of Georgia are visiting his parents Mr. and Mrs. Marion Belew.

Mr. Emery Wilson and Mrs. Anna Burnes were married Wednesday evening June 19th at the home of the Prest in Walton.

Mr. and Mrs. Bradus Scroggin and daughter Ann at Covington spent Sunday with Mr. and Mrs. Samuel Scroggin.

Miss Barbara Jones of Cincinnati and Mr. Mark Isan of Chattanooga, Tenn. are spending several days with Mr. and Mrs. Carl Jones.

house wiring can suffer from a deficiency, too . . .

if it hasn't had a check-up within the past 15 years!

Your electrical contractor would diagnose the trouble as **LOW HOUSEPOWER**—or you could call it "tired wires!"

Let's assume that your house wiring was installed fifteen or more years ago—when few appliances and an average amount of lighting were the only drain on your electric outlets. Now, with more and more wonderful time-saving electrical appliances being added to your home—those poor old "tired wires" just can't take the load.

Here's a simple way to bring your house wiring up to **FULL HOUSEPOWER**! Ask your electrical contractor what is needed, and tell him you want the whole job **handed** on our easy **WIRE on TIME plan**. Then you can really begin to . . .

**The Union Light, Heat and Power Company**

Of the low-price three . . .  
**FORD is the lowest priced...**

**FORD is the longest car...**

**FORD is the most powerful—V-8 or 6!**

And Ford is built to hold onto its value . . . to be **WORTH MORE** when you sell it, too!

\*Based on manufacturers' suggested retail delivered prices.

Every way you figure it, you get a whale of a lot more automobile for your money in a new '57 Ford. Of the low-price three . . . Ford has the longest car—over 17 feet of sculptured-in-steel beauty . . . Ford has the greatest power in both V-8 and Six engines—plus a whole new family of V-8's with a wide range of horsepower to suit every need. The all-new "Inner Ford" has new suspensions, front and rear, which are integrated and balanced to give you big-car, luxury riding comfort and handling ease. Yet, with all of its plus-value features, Ford is still the lowest-priced of the low-price three. Come in and let us make you an offer. See how easily you can enjoy big-car fun and comfort in a new '57 Ford.

## WHITES TOWER

Lt. Richard has gone to a base in Ala. for a two months period of training and then will go to Lexington for 3 years as an instructor.

Mrs. Carlos Pelly of Independence was a guest of her grandmother in the Tower Saturday.

Judy and Tom Brumback and Linda Word were weekend guests of relatives here over the weekend.

Mrs. Agnes Pope of 13 West 8th St. Covington, who died Saturday was a sister of this writer's wife. Burial was at Bellevue, Boone County, Wednesday.

Mr. Cobb and sons cut and baled 300 bales of nice hay on Bide-A-Wee farm last week.

Mr. Walter of 3L Highway received a bad injury to his foot when a loose piece of wire became entangled in his power mower and pierced his ankle.

The rain has continued all day this Monday the 24th and it looks now that we are going to get too much which is unusual for this time of year.

## Dairy-Type Appraisal Study Underway On Artificially Sired Cattle In Kentucky

An appraisal study of artificially sired dairy cattle in Kentucky now is being conducted by the University of Kentucky dairy department and the Kentucky Artificial Breeding Association, concentrating on dairy types.

Aim of the survey is to determine the transmitting ability of sires to daughters, of certain desirable characteristics such as size, strong toplines, level rumps, straight hind legs and desirable udders. From 10 to 20 "approved progeny" are necessary for judgment to be passed on the sire's transmitting ability, says Ted Howard, dairy specialist; information gained is passed on to the herd owner so he can, if he desires, more cows with certain weak points to bulls that are "transmitting strong" for these points.

Howard said daughters of bulls at the KAPA stud, and daughters of the stud's bulls, which are in milk, are currently being studied. The appraisal does not grade or rank the animals, Howard said, but merely tries to describe them.

IS YOUR SUBSCRIPTION PAID?

## Modern Laundry Area Is Great, But Essential Equipment Works Anywhere

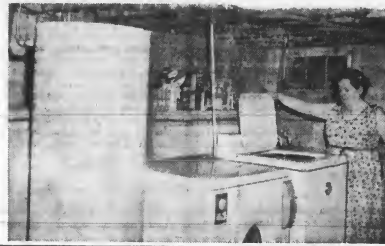

By IRA MILLER  
Farm Electrification Bureau

It's not always possible to have your laundry where you want it in older farm homes unless you're planning an extensive modernization program. Until that big day comes most farm families just "make do" with the space available, crowding into it the equipment they need while waiting for dreams to materialize. Pictures above and below are typical of many such situations.

Poor idea? Not at all, we think it's good. There'll come a time when this farm wife will move her electric water heater, automatic washer and dryer upstairs where it will be next to or a part of her big kitchen. That's the plan and money is being set aside regularly for that purpose. Until the builders arrive, however, there's the present to think about. Modernization, in this case, is for the future. But the equipment necessary to help her be a full-time partner with her farmer-husband could be had today. And that's the way many farm families are approaching their housekeeping problems. Buy the automatic laundry equipment they need when they can and install it where space permits.

In this case the farm laundry is in a basement room. An electric water heater was selected because it can be installed anywhere nearest the point of greatest hot water use and does not require a flue. Better lighting is on the way, and mom, dad and the kids are happy while waiting for that first-floor dream laundry to make its appearance in the days ahead.

Tips on power-mower handling: Start them on level ground—and keep your feet away from the cutter blade or bar. Methods of increasing Vitamin D in milk were made practicable in 1932.

From 1910 to 1955, average age of U. S. farmers increased from 41.9 to 49.3 years. Fluid milk was first included in the Army ration in 1933.

## BEECHGROVE HOMEMAKERS

On June 19, the Beechgrove Homemakers Club of Kenton county celebrated the 20th anniversary of the club at the home of Mrs. Gus Schodler, with Mrs. William Meyers as co-hostess.

An honored guest on this occasion was Mrs. Bryant Armstrong, the organizer and a charter member of the club. Mrs. Schodler and Mrs. William Endres have the distinction of being members of the club since its origin. During the past years the Beechgroves have given much of their time in learning and in benefiting others less fortunate. They have sponsored the 4-H clubs every year, contributed in membership, 100% toward the Teen-Age Contests in Independence, have been members of the Consumers' League of Cincinnati, have helped many needy families in the county, repaired and remodeled toys at Christmas time for the unfortunate children, remembered the TB patients with Easter treats and the Cerebral Palsy children have reason to remember them, at one time made over 2800 Christmas ornaments for the Indian reservations, compiled beautiful scrapbooks for the children's wards in the local hospitals and schools. They hope to have a great many more years together to continue this work.

The 100% members for the past year are Mesdames William Endres, F. M. Powers, Frank Afterkirk, Roy Kummer, Russell Quick, Roger Robinson, Vera Ott, E. A. Sterling, William Wolsing, and Raymond McHale.

Plans were completed for the family picnic to be held July 28 at the farm of Mrs. Gus Schodler.

Members participating in the hospitalities of the day were: Mesdames William Endres, F. M. Powers, Roy Kummer, Vera Ott, Stanley Parker, Louis Lee, George Finnell, Russell Quick, Ed Sterling, William Meyers, Verner Stephens, Roger Robinson, Frank Afterkirk, Marvin Procter, William Wolsing, Gus Schodler, and Raymond McHale.

Mrs. Frank Afterkirk gave the final lesson on Exterior Beautification with "The Care of Evergreens." An interest-

ing social program was planned by Mrs. Verner Stephens.

The next meeting will be in September at the home of Mrs. William Wolsing with Mrs. Frank Afterkirk assisting.

## Beacon Class Picnic

The Beacon Class of the Walton Methodist Sunday School met Friday evening for a picnic supper at Verona Lake Ranch.

Those enjoying the occasion were Rev. and Mrs. A. E. Atkinson and daughter, Elizabeth, Mr. and Mrs. Paul Kline and baby, Mr. and Mrs. Arthur Doggett and sons, Dennis and David, Mr. Doggett's mother, Mr. and Mrs. Guy Carlisle and daughters, Christy and Connie, Mr. and Mrs. Asa Rouse and son, Mills, Mr. and Mrs. Ward Rice and sons, Ricky and Michael, Mrs. Margaret Bachmeyer and children, Barbara and Ricky, and Gene Roberts.

Rations made with high quality proteins improved leanness of swine carcasses and had an effect on quality of the meat, plus the gain ability of the animals, a USDA test shows.

## FEDERAL LAND BANK LOANS

**Increase YIELDS INCOME**  
with a Long Term  
Federal Land Bank Loan

NATIONAL FARM  
LOAN ASSOCIATION  
Member of the Federal Land Bank System

## Answers to Your Questions:

### Q. For what purpose can I get a loan?

- A. Loans may be made for any agricultural purpose and other requirements of the owner, some of which are:
- To purchase farm real estate
  - To refinance mortgages and other indebtedness
  - To pay family living expenses
  - To make improvements to land and buildings
  - To provide a home for the owner or members of his family
  - To purchase livestock and equipment.

### Q. What security is required?

- A. Land bank loans must be secured by first mortgages on farm land. Loans are not made on the current sale value of farms, but are based on normal agricultural value as determined by a land bank appraiser.

### Q. What is this normal value?

- A. Normal value is defined as "the amount a typical purchaser would, under usual conditions, be willing to pay and be justified in paying for the property for customary agricultural uses, including, farm home advantages, with expectation of receiving normal net earnings from the farm and from other dependable sources." Generally speaking, normal values are long term values established for the purpose of making long term loans on a basis that will avoid over-lending in peak periods and underlending in depression periods.

### Q. What is the repayment plan?

- A. A land bank loan is made on an amortization plan. The payments include interest on the unpaid balance and such amounts to be applied on the principal as will pay off the debt within the term for which it is written.

### Q. What is the term of the loan?

- A. Loans may be made for terms of 5 to 40 years. The most common terms are 20, 33 and 35 years. The objective is to fix the term of the loan to the debt-paying capacity of the borrower and his farm. Renewals are no longer necessary.

### Q. Can you pay extra principal payments?

- A. A borrower may repay part or all his loan ahead of time if he is able and wishes to do so. There is absolutely no penalty for doing this. The land bank will also accept payments to be set aside and applied to future installments at the direction of the borrower.

### Q. What is the rate of interest?

- A. The interest rate on land bank loans is the lowest generally available to farmers from any lender treating all its borrowers alike as to interest rate. Being cooperatively owned by the farmers it serves, and being the largest lender in the farm mortgage field, enables the land bank to "set the pace" in low cost farm loans. Any farmer obtaining a land bank loan at the current low rate of 5% knows his rate cannot go higher throughout the life of the loan.

### Q. What is the cost of obtaining a land bank loan?

- A. There is no charge for either an application or appraisal. The applicant is required to furnish satisfactory evidence of title and pay recording fees. The charge for making a title report is a matter between the applicant and the attorney or title company that prepares the title evidence. There is no charge for its examination by the Federal Land Bank.

### Q. How do I get a land bank loan?

- A. By contacting the secretary-treasurer of the National Farm Loan Association serving the area in which your farm is located and making application. He will have the farm appraised and take other steps necessary to complete the loan.

IS YOUR SUBSCRIPTION PAID?

## THE FIRST HALF

The first half of this year is over and it has been a rough one in several ways. Our weather has been stormy with tornadoes all over the country; our farmers have had a rough winter and spring; our small business people are feeling themselves when they think they are making money; our labor unions are striking for more money. If they win, it will take a long time to get back what they have lost in striking so long. But they generally get what they strike for. Whenever the strikes start, merchandise goes up. I put up some good screws last week that had just come in. There was one box on the shelf, left from the last shipment, maybe several years old, a slow selling size—the old box was marked 60c—had to mark the new ones 2.65, nearly four and one-half times as much. This is too much advance, but everything else has advanced. The merchandise the consumer buys has advanced every year for the past ten years, but the farm produce has advanced very little, if any. How long can this situation last? I don't know what they are doing other places, but in Northern Kentucky a farmer has to have an extra job to keep up. Several farmers are working in the city and the wives and children are milking a lot of cows and raising the tobacco, so this way they are doing very well, but how long can this go on—Mama may break down!

Suppose we are in a very good place after all. But everyone has to work if we keep our bills paid. There is only one thing that bothers me and that's our bank account gets smaller each year. How many of you have more money in the bank now than you did last year at this time? I don't, I can tell you that. But after talking to James R. Allen, who is here now, he says he has more money in the bank now than he had when he came here on vacation, and their daughter, Maui, will return with them and back here in the fall for school. James says we should be proud to be in this country as most of us know, but we don't take time out to realize what a fine place we have. The few days I was in the hospital gave me time to think of how busy everyone was and we don't take time to visit our friends. They are sick in a hospital and we don't want to leave them for a few minutes. Keeps the morale up. Every now and then I would look up and see an old friend coming through the

door, and when the mailman came, thanks for all those cards from all of you.

For a few days I am not working I walk around and see all the things to sell that we fail to mention each week. But if you want hardware, CONRAD has it. We have galvanized 4, 6, and 8-barrel stock water tanks. We have that new 36" chain link lawn fence in 100' rolls. Rostus and S-shovel cultivators, extra shovels for both 3-ton wagon on rubber for 145.00. We are closing out the lawn mowers—now is the time to get a good buy. Porch swings at last year's price, also metal lawn chairs from last year. Sponge rubber for the foot. Plastic covering for lawn chairs in three colors; hammocks with or without metal stand; a few badminton sets for 9.95; croquet sets in all prices, in 4 and 6-ball, from 4.95 to 16.50. Ice cream freezers in all sizes.

Laundry tubs on legs, in single and double, also that large Dub-Tub in bath tub size. A very good selection in large and small toys, all sizes of wagons and bicycles, bicycle tires and tubes with lots of other bicycle parts. Boys' cowboy saddle, bridle and martingales, black with lots of silver spots and trim. We have lots of harness parts, as well as collars, harness, bridles, check lines, bridle and most any part you need. I have two of those bulb controllers to put on that bad bulb so he can't see you. I have some grass catchers for your reel type power mower. I have some 12" tree pruners, also some 24" pruners, extension ladders, ladder jacks, all size wheelbarrows and all types of hay equipment.

I saw a few items in the store today that you should be able to use, such as a bird cage, all sizes in waste cans, bread boxes, canister sets in chrome, plastic and metal, bed lamps, camp stove, camp cot and stool, kitchen stool, medicine cabinets in three sizes, cold pack canner, National pressure canner, all types of freezer boxes, bags and paper, cheap line of electric fixtures for the home. We have lots of electric irons, toasters, percolators, and mixers, but since the trade stamp days started we sell very few small appliances. Some day we will trade these for some hardware we can sell. Then I saw a small electric drill for 12.95, 18.50 and 24.50. A heavy duty 3/4" electric drill for 39.50, a tool grinder motor and all-in-one unit, was 34.50, now 25.00, two hand-turn sickle grinders, were 8.95, now 5.00 each. Two 4" wood worker's cabinet clamps for half-price; lots of rods; sets of tools, wrenches, pipe dies, pipe vise, all reduced.

We have some of the finest cutlery, such as butcher knives, paring knives, scissors and pocket knives in Case brand, also some pinking shears in Case and Wix brands; also Baker pocket knives.

## Cattle Sold Through Stockyards Must Now Have Blood Test

Blood-testing of all cattle being sold through Kentucky stockyards opened on Monday, July 1st.

Ben J. Butler, state commissioner of agriculture, reminded farmers and stock yards operators of the date this week; the new regulations, aimed at controlling brucellosis and other infectious diseases, went into effect Monday.

Under the new rules, all cattle being sold through Kentucky stockyards or other sales places, must be blood tested or the infectious diseases.

All cattle going back to the farm from all sales must be blood tested for brucellosis. This includes all bulls and females over six months of age, unless the cattle have been brucella-vaccinated and are under 30 months of age.

The seller pays a \$1 fee for the testing, to be done at each Kentucky stockyard by accredited veterinarians and qualified technicians. The testing can be accomplished quickly and will not delay sales or deliveries.

Brucellosis-reactor cattle cannot be shipped interstate, Butler noted, except to an approved slaughter house. Reactor cattle must be consigned to slaughter immediately. Some cattle may be returned to feed lots or grazing areas, if permits are procured and the cattle kept out of contact with other livestock.

The testing program does NOT include cattle previously tested within 30 days, or cattle from accredited brucella-free herds which have the proper health certificate.

In addition to brucellosis, the live-stock must be inspected for other diseases, Butler noted, such as hog cholera, sheep scab and mastitis.

## Entertainers Rotary Club

Boris Litwin, co-owner of Ellis Farm, near Walton, entertained the Cincinnati Rotary Club with a lawn party, Saturday afternoon and evening at the farm on Chambers Road.

The party began with the showing of yearlings, mores and foals, followed by dinner and bingo. The evening ended with the group watching a news reel film of "Little Pache," one of the farm's racing horses, winning two stake races. One hundred members and guests enjoyed the party.

## Cincinnati Girl Weds Corbin Man at Baptist Parsonage, Saturday

The home of Mr. and Mrs. Revel Lawrence, 1486 State Ave., Cincinnati, was the scene of wedding festivities on Saturday, June 22, when her daughter, Miss Betty Pennington, was married.

Betty, the daughter of Mrs. Lawrence and Mr. Felix Pennington, Burlington, was united in marriage to Mr. Ernest Duncan, son of Mr. and Mrs. E. R. Duncan, Corbin, Ky., Saturday afternoon in the home of Rev. J. R. Tackett, Walton. Their only attendants were Mr. and Mrs. M. J. Crouch, of near Walton.

The bride was beautiful in a strapless ballroom length formal of pink nylon net and tulle and wore an illusion veil of pink nylon. She carried a bridal bouquet of white carnations. Her only attendant, Mrs. Jean Crouch, was attired in a light pastel blue lace dress with permanent pleats and she carried a bouquet of pink carnations. The groom and his attendant, Mr. Myrick Crouch, wore white carnation boutonnieres.

The bridal party had their pictures taken in Cincinnati, then returned to the bride's home where a most bountiful and delicious buffet dinner of baked country ham and fried chicken, with all the trimmings, was served. About twenty-five relatives and close friends enjoyed the meal in the beautifully decorated home of Mr. and Mrs. Lawrence.

Later in the evening a reception was held for several guests. A four-tier wedding cake and Hwain punch was served. The happy couple received many beautiful and useful gifts.

The bride and groom then left for a honeymoon in the Smoky Mountains. After their return, they will be at home to their many friends at 1446 State Ave., Cincinnati.

Mrs. Duncan is a sister of Marvin Pennington of Clarksville, Ind., and of Mrs. Jack Berkshire, Walton.

## Annual Meeting and Electric Farm Show

That big red-letter day, July 8, is just around the corner!

On that day members of the Owen County Rural Electric Cooperative and other people in the area will converge on the Alexandria Fairgrounds, at Alexandria, Ky., for another big annual meeting and electric farm show.

There will be a continuous flow of professional entertainment, contests, and prizes, as well as other activities beginning with registration for co-op members at 10:00 a. m., local prevailing time, and continuing throughout the day and evening. The program is free and open to the public.

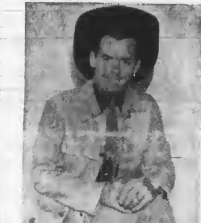

A cast of top-notch entertainers will provide fun for young and old.

Heading up the cast as emcee and fun-maker are Peter Rich, world-famed ventriloquist, and his wooden-headed friend, Oscar. Dunsany, the magician, will combine magic tricks and good, clean comedy to the delight of everyone.

Also on the bill are Lane and Lindell, doggie dancers, who have performed all over America. Commille's dog show, featuring dogs as clever as any in the country, will delight young and old alike. Rounding out the program will be Ralph Shannon and his musical "Top Hands."

The Top Hands play everything from western tunes to rock'n'roll. Interest in the every-popular beauty contest, sponsored by G. E. Supply Co., Louisville, has been increasing as farm show time nears. Last minute entries in this and the handicraft contest, sponsored by Dormeyer, and the talent contest can still be accepted. Check with the co-op for details.

An unusual addition this year, and one promises to be a popular and profitable feature for some, is the "Appliance Auction Jamboree." During this event co-op members will have the chance to buy name-brand electric appliances at auction. Sales will be handled through local dealers and regular guarantees will prevail.

RALPH SHANNON

Co-op members will take care of business matters during the business meeting at 1:45 p. m.

## AGRICULTURE TEACHER

Robert Barnes, son of W. B. Barnes of Covington, Route 5, a graduate of Simon Kenton High School and of the University of Kentucky, has accepted the position of Vocational Agriculture Teacher at Simon Kenton High. Mr. Barnes is married to the former Audrey Cross and they have one daughter. He received his B. S. degree in agriculture from UK in 1956. Mr. Barnes taught agriculture at Butler High School the past year, and is now residing at Morning View.

John L. Gray, who has taught Vocational Agriculture for the past 11 years at Simon Kenton, has resigned and plans to teach Science at Simon Kenton. Mr. Gray wishes to express thanks for the cooperation and wonderful attitude to all he has worked with in these years, and hopes that the same cooperation will be extended Mr. Barnes.

## "Our Future Community Leaders"

Top row, left to right, Asa Mills, 3-year-old son of Mr. and Mrs. Rouse, 3-year-old son of Mr. and Mrs. Asa M. Rouse, Plum Street; Jean Reed, 19-month-old daughter of Dr. and Mrs. Gaines E. Huey, Walton, R. I.; Oscar Dean Webster, 11-year-old son of Mr. and Mrs. John H. Webster, Stephenson Mill Road, Walton. Bottom row, left to right, Jeffrey Lee Gadd, 5-month-old son of Mr. and Mrs. Lonzo Gadd, Crittenden, Route 2; Myrna Gayle Babby, 2-year-old daughter of Mr. and Mrs. Robert S. Babby, Walton, Route 1; Linda L. Campbell, 9-year-old daughter of Mr. and Mrs. William M. Campbell, Morning View, Route 1.

Top row, left to right, Jonathan Oser, 11-year-old son of Mr. and Mrs. Robert Oser, Alta Vista Drive, Walton; Elaine Campbell, 6-month-old daughter of Mr. and Mrs. James Ray Loney, South Main St., Walton; Richard Lee Cook, 1-year-old son of Mr. and Mrs. Naaman W. Thornton, Union.

## RECEIVE PROMOTIONS

Several promotions have been made in Company C 365th Engineers Bn. at Williamstown, during the past week. Those from this area who were honored were: 1st Lt. Jack M. Conner of Walton; Master Sergeant William H. Lillard of Crittenden; Sergeant First Class James R. Loney, Walton; and Sergeant Billy G. Tomlin, Route 3, Williamstown. These promotions were effective May 1, 1957.

Company C is under the Command of Capt. Wilbur D. Bingham. The unit meets every Tuesday night from 8 to 10 o'clock at the Reserve Center in Williamstown.

## DR. H. C. WHITE

Services for Dr. H. C. White, 84, former Kenton county health officer, were held Tuesday afternoon at the Swindler funeral home, Covington. Burial was in Independence Cemetery.

Dr. White died last Saturday at the Veterans Administration Hospital in Cincinnati, following a long illness.

## DAIRY PRICES THE SAME

Dairy prices at about the same level of a year ago are expected for the remainder of 1957, says the Kentucky Experiment Station's biweekly economic outlook letter, issued this week.

In most markets, fluid milk prices averaged slightly above those of a year ago for the first months of 1957, the letter says. "However, milk production has been running two percent higher this year, government purchases of dairy products, to support prices, are about the same as a year ago and are expected to equal about four percent of all milk production again this year."

Available feeding rations for dairy producers are likely to continue for the rest of 1957, the economists say. The feed cost-milk price relationship of the last two years is still below the long time average, "which reduces the profit margin squeeze on dairymen."

## Officers Installed at June Meeting of the Florence Woman's Club

The Florence Woman's Club held its June meeting at the home of Mrs. L. L. Liggett and enjoyed a lovely picnic luncheon. Co-hostesses were Mrs. Wm. Fitzgerald and Mrs. Roy Lutes.

Following the luncheon, the meeting was opened and presided over by Mrs. F. Dean Caton. A pledge to the flag was led by Mrs. G. Robt. Tanner, and the club collected presented by Mrs. J. F. Daugherty. Spiritual values, chairman Mrs. Luther Bach, then read the 19th Psalm. The secretary, Mrs. L. L. Liggett, and the treasurer, Mrs. J. Robert West, gave their reports, which were approved as read.

The guest speaker, Mrs. H. B. Snook, Governor of the Fifth District of the K.F.W.C., then entertained the group with a report on the national convention of G.F.W.C., held at Asheville, N. C., at which 1500 women were present.

Mrs. Snook then installed the following officers for the coming year: President, Mrs. Roy Lutes; vice president, Mrs. William Scroggin; secretary, Mrs. Herbert Riehl, and treasurer, Mrs. Jay Utz.

Members present were Mesdames Luther Bach, C. F. Blankenbaker, Dean Caton, William Campbell, Paul Chaney, Jake Cleek, T. C. Crume, Harry F. Daugherty, J. F. Daugherty, W. R. Davis, Sam Denham, William Fitzgerald, L. F. Foote, M. C. Owens, William Lorton, J. J. Jacobson, A. A. Liggett, Wallace Lucas, Roy Lutes, John Pierce, Herbert Riehl, R. R. Ragland, Fanny Scott, William Scroggin, Robert West, Robert Tanner, W. H. Wesler, and Jay Utz. Guests were Miss Jane Scott, and Mrs. H. B. Snook.

## CHURCH RALLY ENDS

The Zion Baptist Church, Walton, terminated its rally Sunday, June 23, with the five clubs reporting over \$700 raised. The No. 111 club, with Mrs. Dorothy Johnson, captain, and Mrs. Alice Sanders, treasurer, turned in a total of \$226.07, with more proceeds to come.

Mrs. Johnson wishes to thank each and everyone who donated.

Zion Baptist Church is pastored by Rev. Edward Crawford. Mrs. Mary Ellen is secretary, and Kirtley Steile is treasurer.

## Boy Scout Bake Sale

There will be a Boy Scout bake sale on Saturday, July 13, at the Gross Appliance Store, Independence. The sale starts at 10 a. m. Come in and get your favorite bake goods.

## Court Bound by Statutes Listing 21 As Majority

### FLORENCE STUDIES "WATER FUTURE"

Possibility of conducting a survey of the Florence water and sewer system was discussed this week at the meeting of the Florence city trustees. It was said such a survey would cost approximately \$12,000.

Plans for a joint meeting of Florence and Boone county officials to discuss the sanitation and water problems were discussed.

Florence officials awarded a contract to Jay E. Harris, contractor, to pave Virginia avenue with concrete at a cost of \$8,865. Cost of the project is to be paid by abutting property owners.

## Walton's Baseball Team to Play Games At the Verona Park

The Walton baseball team of the Boone County League, who has been a road club to date, will play the remaining eight games of its schedule at the Verona park, as a home team.

The first game at Verona will be played Saturday, July 6, at 2:00 p. m., when they meet Burlington.

Mike Ryan, a former Minor League, is now playing with the locals. Loyne Cheesman is expected to be on the mound with Dallas Justice catching. Top sluggers for Walton are Stormy Linton, Bill Hopperton, and Tony Dempsey.

Dyke Vest, a Waltonian, will probably do the pitching for Burlington, and Son Benson, another well known performer, will be in the outfield.

You are invited to attend this game, and all others. No admission—just a free-will offering.

Walton turned in a surprise in the Boone county last Saturday by defeating second-place Airport, 7-4, on the loser's diamond. The win was the second in eight games for Walton, and the third loss in eight for Airport.

Loyne Cheesman was the winner. He fanned nine and scattered 11 hits. The loss halted a five-game winning streak for Airport. Don McGuire started for the losers and fanned eight. Ron Ral and finished.

Paul Black, Don Rice, Dallas Justice and Bill Cody each had two hits for the winners. McGuire had two for the losers.

## Verona, Union 4-H's Picnic

The Verona 4-H Club held its summer picnic at the home of Mr. and Mrs. Willie Mathis, with 25 members present. Assistant County Agent Glen McCormack had charge of games.

Members were reminded to enter their picnic at the Boone County Fair, Aug. 22-23-24, at the Burlington fairgrounds.

Fifteen 4-H members of the near Haven 4-H Club enjoyed a picnic and tour on the Garfield Hamilton farm near Union. Miss Phyllis Kirtley, junior 4-H leader, of Union, and Mr. McCormack led the picnic and tour.

## Drivers Licenses For "L to Z" Group On Sale Here July 19-20

R. S. Henley, Boone County Circuit Court Clerk, reminds motorists to renew their drivers' license in the "L to Z" category that expire July 31, 1957. The licenses will be offered for sale at the following locations in the county on the dates shown:

Verona, Bank, July 16.  
Bellefonte, Bank, July 17 (afternoon)  
Union, Bank, July 18.  
Walton, Firehouse, July 19 and 20.  
Petersburg Food Market, July 23.  
Hebron, Hebron Garage, July 24.  
Constance, Ellis Store, July 25, 12:00 to 4:00 p. m.  
Taylorsport, Sprague's Grocery, July 25, 4:00 to 8:00 p. m.  
Florence, Denham's Drug Store, July 26, 27, 29, 30 and 31.

Persons may obtain a license "for others, and upon receipt of the old license, the fee and postage, a new license will be mailed to applicants. Mr. Henley says that his office in Burlington will be open all day on Saturday, July 20 and 27.

## Suit Is Dismissed by U. S. Judge Swinford

An attempt to prove that the right of suffrage is a right of manhood failed last Friday in the Eastern Kentucky Division of the United States District Court, Covington. A complaint was filed on behalf of Charles Worthington, Walton fire chief, and 12 volunteer firemen between the ages of 18 and 21, who claimed they were discharged illegally because of their age.

Named as defendants were Leon B. Hall, Mayor of Walton; Councilmen Clifford Chance, Harris Moore, Randall Martin, Kyle Nicholson, Robert Stephenson, and D. H. Vest, as well as Governor Chandler.

Chandler was named in an attempt to have the court order the Governor to call a special session of the Kentucky Legislature to repeal all laws rendered invalid by the 1955 Kentucky amendment lowering the voting age to 18.

William Simpson, Assistant Attorney General of Kentucky, appeared for Mr. Chandler and filed a motion to dismiss the complaint.

Judge Mac Swinford upheld the motion and immediately dismissed that part of the complaint which named the Governor. He stated that no court could order the Governor of Kentucky to call a special session.

The judge then asked Edgar M. Powers, Herodotus attorney, who filed the suit, if he were serious in contending that the lowering of the voting age made invalid all statutes applying to minors over 18.

Powers told the court that the age of 21 was an arbitrary age set up first in the Magna Carta and was now commonly accepted in English speaking countries. However, he referred to other countries where the age of majority ranged from 18 to 24.

Powers stated that the 14th amendment was being violated by the state when it will not permit voters over 18 to be recognized as being of majority age. Such action he said implies that the State of Kentucky has given the right of suffrage to infants who cannot handle their personal affairs.

He referred to a constitutional amendment in 1792 which refers to the "right of electors." He referred also to historic findings of outstanding jurists, one of whom wrote: "of the right of voters, who have intelligent zeal with the power to understand various issues of government and select others to represent the people."

Another jurist, he said, wrote that manhood was the time when the disability of infancy is removed and the enjoyment of civic rights are enjoyed.

He quoted Jefferson as using the expression, "manhood suffrage."

"Are we to assume," he said, "that the people of Kentucky have chosen voters from infancy . . . that they have chosen children to elect their representatives in government?"

"I advise the court that the history of the world points out clearly that political rights and legal action are bound together. The right of vote given those between 18 and 21 has given this some group the right of adulthood," Powers said.

Judge Swinford ruled, however, that the court was bound by the state's list 21 as the age of majority and dismissed Powers' suit. Powers immediately announced that he would appeal Swinford's ruling.

## Attend R. A. Camp

Lee Pennington and Frankie Stephenson of the First Baptist Church, Walton, attended the State Royal Ambassador Camp, Intermediate week, June 24-29, at Cedarhurst Baptist Assembly, Bagdad, Ky. These camps are sponsored by the Kentucky Baptist Brotherhood Department, and under the direction of J. C. Ball, executive, State Royal Ambassador secretary.

## Girl Scouts to Meet

The Girl Scouts will have a meeting on Friday afternoon, July 5, at 3:30, at the Walton City Building. All members are urged to be present.

## STAFFORDSBURG

Mr. and Mrs. L. J. Rapp paid a visit to her brother, James Stephens and family at North Vernon, Ind., on Saturday. Their niece and nephew, Emily and Don Stephens, returned with them to spend a few days.

Mr. and Mrs. Don Parish and sons spent Friday with their parents, Rev. and Mrs. J. W. Parish.

Mr. and Mrs. Dawson Ballinger caught up with their visiting last week on Monday, visiting Mr. and Mrs. William Bronck of Kelat, on Friday, Mr. and Mrs. Stanley Fooks of Verona; and on Sunday, Mr. and Mrs. Walter Maddox of Crittenden.

Mr. and Mrs. Paul Damon enjoyed a visit from their daughter and husband, Mr. and Mrs. John Hamner of Georgetown.

Rev. and Mrs. Parish spent Sunday with Mr. and Mrs. J. A. Keeney.

Mrs. Caroline Armstrong and son, Harry, entertained all of her children and grandchildren, also Mr. Harry Wilson, on Sunday. It was a wonderful day for a family and all enjoyed both the dinner and visiting together.

Mr. and Mrs. Charles Denner and children called on Mr. and Mrs. L. M. Denner on Sunday evening.

Morris Wharton of Dayton, spent Saturday here.

Sunday, July 7, will be communion day. We hope for a good attendance. This we should consider a great privilege. Our Lord left this as a memorial. So let us think about it, pray about it and come with great anticipation.

**Last Week's Items**  
George Klein has been ill for several days. We hope he is soon better.

Mr. and Mrs. George Finnell entertained with a family dinner recently. Among those present were Mr. and Mrs. Wayne Richardson and daughters of Williamson, Mr. and Mrs. J. B. Richardson, Mr. and Mrs. Dawson Ballinger, Rev. and Mrs. J. W. Parish enjoyed a visit from their daughter and family, Mr. and Mrs. Ricketts and sons of Louisville, recently. They all went to the Zoo. On Sunday another daughter and family, Mr. and Mrs. Powell and son of Campbellville, came to spend the day.

Mr. and Mrs. J. A. Keeney had as recent Sunday guests, Misses Alma and Mary Stephens and Mr. and Mrs. Morris Wharton and children.

Mr. and Mrs. Howard Barnett enjoyed a visit from her uncle and aunt, Mr. and Mrs. May of Mt. Sterling, a couple of days recently.

One dozen lemons will make about 16 glasses of lemonade.

Variety of cheeses cut from a cheese tray should be cut in chunks rather than slices. It tastes better that way, with the flavor more evident.

## GAS TAX REFUNDS START ON JULY 1st

Kentucky farmers can apply, starting July 1, 1957, for refund of federal taxes paid on gasoline used in their farming operations. The federal tax amounts to two cents a gallon, or \$20 per thousand gallons.

Applicants must be owner, or tenant or operator of a farm, to get the refund. No refunds are allowed on gasoline used off the farm, in processing, packaging, freezing or canning operations. However, a farmer may claim a tax refund on gasoline used on his farm by a neighbor or custom operator who performs farming operations for the applicant.

Form 2240 should be available at local Internal Revenue Service offices or the post office. In some instances, county agents' offices will have the forms.

Form 843 is to be used for applying for refunds of federal tax paid on diesel fuel, or special motor fuels, such as butane or propane.

Despite a lot of forests, the U.S. is still the world's largest importer of timber, getting 10 percent of its used timber last year from other countries.

## Entertained Sunday

Mr. and Mrs. E. E. Wilson entertained Sunday with a bountiful dinner in honor of Nellie Hudson's birthday. Those that were present were: Mr. and Mrs. E. Walton, Mr. and Mrs. Jesse Sebree, Milton Sebree, Mr. and Mrs. R. E. Heilerman and children, Mr. and Mrs. John Heilerman, Mrs. McClellan, Miss Nannie Thompson, Mrs. Lucy Beatty, Mrs. Lula Evans of Chicago, Mr. and Mrs. B. K. Wilson of Muncie, Ind.; Mr. and Mrs. C. L. Wilson of Muncie, Ind.; Mr. E. J. Wilson of Dayton, Ohio; Mr. and Mrs. Odis Forhan of Taylor Mill Pike; Mr. and Mrs. Robert Lovelace of Loveland, Ohio; Mr. and Mrs. Roy Lynch of Forest Hills, Ky.; Miss Mary Ann and Donald Lee Lynch, Miss Betty Craig of Covington; Walter Fulman of Covington; Mr. and Mrs. Walter Johnson, Mr. and Mrs. E. Losey and three daughters, Mrs. May Forehan of Morning View, Mrs. Mary Frifith and son of Cincinnati; Mr. and Mrs. C. R. Washum of Cincinnati; Mr. and Mrs. Roy Washum of Cincinnati; Mr. Oadly Carlisle of Covington; and Rachel Linton of Taylor Mill Pike.

Canned lemon and lime juices are available in 6, 8, 12, 16 and 32-ounce containers. It takes about one ounce of canned juice to make a glass of lemonade.

## OAK RIDGE

Mrs. Ollie Miller entertained several friends last Friday with a luncheon and Stanley Party.

Ernie Richardson is visiting his sister, Mrs. Floyd Carter in Florida.

Mr. and Mrs. H. R. Hutchins and son in law, Louis Crawford, are visiting relatives in Mississippi and Louisiana.

Mr. and Mrs. E. O. Tomlin are vacationing in New York and Delaware, with their son, Robert Tomlin, of Washington, D. C.

Mrs. Ruth Green and son, Jerry, of Steger, Ill., visited Mrs. Ernest Adkins for a week recently.

The Junior Girls Auxiliary of Oak Ridge Baptist Church enjoyed a winner roast, July 1st, at the home of Mrs. Shirley Talbot.

Mr. and Mrs. Jack King and children are vacationing in Florida.

Mr. and Mrs. Beckham Miller and children attended a family reunion at Butler State Park on Sunday.

## KENTUCKIANS

### IN WASHINGTON

By C. L. Kingsbury

#### Appropriations:

Several Kentuckians have written to inquire about those appropriation bills. They want to know if all the cuts made by Congress have been approved by the President.

Well, only four of the 12 appropriation measures have been signed into law. In each case, the congressional slices have been approved. Biggest slice—a husky 29 percent—came in the Commerce Department budget which was clipped by 250 million dollars.

Several other measures are nearing final action and by the time this report reaches print, others may be signed into law.

#### Hot Weather:

A group of Kentuckians in Washington, beset by the heat wave, went on a Potomac River picnic the other evening.

One refugee from the heat made this observation: "If they are giving trips to Washington as prizes on quiz shows, first prize should be one week in the Capital, and second prize should be two weeks!"

## Cotton Crop:

As Kentuckians we concern ourselves about tobacco and cattle and other farm products and problems.

However, a recent Department of Agriculture report brings this surprising information: Kentucky produces more than 10,000 bales of cotton each year worth more than \$1,500,000.

Fulton county is the top producer but Ballard, Calloway, Carlisle, Graves, and Marshall have their share of cotton pickers.

#### No Taxes:

Congressman William Natcher of the Second Kentucky District took time the other day to call his colleagues' attention to the city of Madisonville, Ky.

There, he said, no taxes will be necessary to run the city. Furthermore, he reported that for the past two years no city taxes were levied.

The city operates, the congressman reported, on profits from the light and waterworks departments.

## Mulching Successful For Raspberry Plants

Mulching has given the most outstanding results of all the various cultural treatments tried with raspberries at the Kentucky Agricultural Experiment Station, horticultural report.

Raspberries respond well to mulching because their roots are shallow although the plants form a lot of vegetative growth and mature their fruit crop at a time when the natural supply of moisture is frequently limited.

The mulch helps conserve soil moisture, keeps berries clean, holds down weed growth, reduces erosion, keeps soils loose, makes cultivation unnecessary and holds soil temperature at a more uniform level in summer and winter.

Straw, straw manure, waste hay, marsh grass, grass clippings, sawdust, ground corncobs, leaves, buckwheat hulls or any material free of seed will serve as mulches. They may be applied anytime, but early spring after pruning is generally best. Maintain a mulch cover several inches deep at all times and apply additional mulch every other year.

Farm workdays seem to be shortening; hired hands averaged 9.2 hours daily compared to 9.3 hours in 1956 and 9.5 hours two years ago.

## Top-Dressed Alfalfa Comes Back Faster, Gives Extra Feed

YOUR legume-grass meadow may come back after the first hay cutting if you give them a good top-dressing of fertilizer, reports the Middle West Soil Improvement Committee.

"This can give you more hay per acre," says the committee. "It can help cut feeding costs for dairy and beef herds and mean more profit per animal per acre."

Among other advantages,

Alfalfa lasts longer, gives more hay and lower feeding costs when fields are top-dressed regularly.

says the committee, are: 1—The fertilizer helps increase the life span of the legumes. Thus you save time, money and labor by not having to reseed your meadows so often; 2—Hay from the fertilized meadows is usually higher quality and more nutritious, with a bigger protein content.

The committee points out that legumes use up big amounts of phosphate and potash. So it is important to use a fertilizer top-dressing that contains these nutrients. How much fertilizer to add depends on the needs of individual fields, says the committee.

A soil test can give information on just how much of each nutrient the land requires for top yields.

In general, college agronomists advise applying 300 pounds or more per acre of a phosphate-potash fertilizer, such as 0-20-20, or 0-10-30, depending on the soil's need for nutrients," the committee says.

## FEDERAL LAND BANK LOANS

**Increase YIELDS INCOME**  
with a Long Term Federal Land Bank Loan

## Answers to Your Questions:

- Q. For what purpose can I get a loan?  
A. Loans may be made for any agricultural purpose and other requirements of the owner, some of which are:  
To purchase farm real estate  
To refinance mortgages and other indebtedness  
To pay family living expenses  
To make improvements to land and buildings  
To provide a home for the owner or members of his family  
To purchase livestock and equipment.
- Q. What security is required?  
A. Land bank loans must be secured by first mortgages on farm land. Loans are not made on the current sale value of farms, but are based on normal agricultural value as determined by a land bank appraiser.
- Q. What is this normal value?  
A. Normal value is defined as "the amount a typical purchaser would, under usual conditions, be willing to pay and be justified in paying for the property for customary agricultural uses, including farm home advantages, with expectation of receiving normal net earnings from the farm and from other dependable sources." Generally speaking, normal values are long term values established for the purpose of making long term loans on a basis that will avoid over-lending in peak periods and under-lending in depression periods.
- Q. What is the repayment plan?  
A. A land bank loan is made on an amortization plan. The payments include interest on the unpaid balance and such amounts to be applied on the principal as will pay off the debt within the term for which it is written.
- Q. What is the term of the loan?  
A. Loans may be made for terms of 5 to 40 years. The most common terms are 20, 33 and 35 years. The objective is to fix the term of the loan to the debt-paying capacity of the borrower and his farm. Renewals are no longer necessary.
- Q. Can you pay extra principal payments?  
A. A borrower may repay part or all his loan ahead of time if he is able and wishes to do so. There is absolutely no penalty for doing this. The land bank will also accept payments to be set aside and applied to future installments at the direction of the borrower.
- Q. What is the rate of interest?  
A. The interest rate on land bank loans is the lowest generally available to farmers from any lender treating all its borrowers alike as to interest rate. Being cooperatively owned by the farmers it serves, and being the largest lender in the farm mortgage field, enables the land bank to "set the pace" in low cost farm loans. Any farmer obtaining a land bank loan at the current low rate of 5% knows his rate cannot go higher throughout the life of the loan.
- Q. What is the cost of obtaining a land bank loan?  
A. There is no charge for either an application or appraisal. The applicant is required to furnish satisfactory evidence of title and pay recording fees. The charge for making a title report is a matter between the applicant and the attorney or title company that prepares the title evidence. There is no charge for its examination by the Federal Land Bank.
- Q. How do I get a land bank loan?  
A. By contacting the secretary-treasurer of the National Farm Loan Association serving the area in which your farm is located and making application. He will have the farm appraised and take other steps necessary to complete the loan.

## WHITES TOWER

Colonel Robert Mathis and his sidekick, Tom Brumback, brought their power saw up to the farm over the week-end and removed a large locust tree from the yard of this writer. Some little argument came up as to whether it should be cup-up before being cut down or cut it down and then up, but that as soon settled satisfactorily and the tree removed in jiffy time.

Mrs. Inabitt and Mrs. Webster have been on the sick list the past week but are some better at this writing.

Tomatoes are just getting bigger and greener but on account of the wet cool weather don't seem to ripen at all.

During the eight day vacation Bible School at Decoursey Baptist Church, 14 persons were converted and one rededicated. Highest daily attendance was 202. Bro. Rador is the pastor.

The family of Mrs. Agnes Pope wish to thank Miss Ruth Ann Cox and Mrs. Mary Collins for their beautiful singing and Bro. Bob Brumback for his consoling words at the funeral of their mother and sister last Wednesday.

Jim Ross and the writer visited Woolper Creek fishing last Monday and had pretty fair luck, but no whales.

Mr. and Mrs. Carlos Petty of Independence, are visiting the former's father in Cleveland, Ohio.

## FARM REAL ESTATE VALUES IN BIG RISE

Market value of farm real estate on March 1 this year was seven percent ahead of the same date's figure in 1956, the USDA reports.

Kentucky is one of the price jumps in the union where the price jump has been noted.

On March 1, 1957, the market value of U. S. real estate was estimated at 109.5 billion dollars, some 6.8 billion dollars higher than the preceding year. The jump represents a continuing trend; the only states where the trend was not noted were drought-hit states.

Demand for living space and for industrial, service and recreational areas is charged with the reason for the rise. About a million acres annually are lost to such sources, the USDA says. Farmers' lands also have increased in value due to technological advances that require larger operating units.

Serve children small servings of food, particularly when they are new to him. An adult-size serving can look like a mountain to him.

## 100-Bushel Yields Cut Growing Costs Boost Corn Profits

THE cost of growing corn can average only 35 to 55 cents per bushel when farmers harvest 100 bushel-plus yields per acre, reports Dr. Kermit C. Berger, University of Wisconsin soils specialist.

"This compares with a production cost of \$1 or more per bushel when corn yields average only 40 or 50 bushels per acre," says Berger in a statement summarized by the Middle West Soil Improvement Committee.

Berger bases his low-cost, high yield estimate on corn yields in the Wisconsin Corn Pace-makers program.

In this program, University specialists make individual recommendations for farm by farm for top yields. In each case the men make sure that enough fertilizer is used, based on soil tests, so that the corn will have all the nutrients it needs to make high yields.

Also included are suggestions on the number of plants per acre that are needed. The farmers are given information on how to control insects, diseases and weeds. They are advised about methods of seed-bed preparation and cultivation that have given top results at low cost.

Corn yields have averaged 100 bushels per acre among participating farmers in the five years the program has been in operation, Berger says. In 1956, more than 575 farmers participated in the Pace-makers program, compared to 173 the first year the program was launched.

"Farmers who closely follow our recommendations are averaging 140 bushels of corn per acre," Berger reports. "We have had yields as high as 212 bushels and a good many ranging from 170 to 180 bushels."

## ROSES DEMAND WEEKLY CARE

The wet weather and high humidity of the past few weeks have been just right for the development of mildew on roses, says N. R. Elliott, landscaping authority at the University of Kentucky. The fungus disease gets on bloom stems and young leaves, causing a whitish, mildew appearance. If not controlled early, drastic pruning and burning of the affected parts may be necessary. Sprays or dusts are available to take care of the situation, Elliott said.

## Farm Size Can Be "Doubled" Without Buying Extra Acres

WISE use of fertilizer can help farmers increase the size of their farm business without buying a single extra acre, reports the Middle West Soil Improvement Committee.

In a recent statement by W. H. Henneberry, Michigan State University agricultural economist.

Henneberry points out that fertilizer can help produce more bushels of corn and small grains and extra tons of hay and forage from the same number of acres, or from fewer acres.

"The extra bushels of corn, wheat and soybeans and extra tons of hay and forage, that

come from building your soil," says the committee, "are the ones that increase your profits."

"You get more crops per acre, per man and per machine. There are no extra acres to plow, no extra seed bed to work up, no extra acres to cultivate or harvest. That means low cost production that gives greater net returns per unit and per acre."

"These extra profits from fertilizer can provide money to buy a new car or tractor, modern plumbing, new furniture, a labor-saving electric kitchen or other comforts and conveniences, a farmer's family desires."

Nor will you get the best results from the legumes and improved crop varieties you plant, or the insect control, tillage and soil conservation practices you use.

J. A. Stritzel, of the Iowa agronomy staff, says that proper use of lime and fertilizer in the amounts needed on acid soils can mean greater financial returns for the farmer.

He recommends testing the soil before adding lime. This helps you avoid putting on too much or too little.

Black spot is another disease that is affecting roses in some areas of the state. While all varieties may become diseased, some are more susceptible than others.

Control is difficult once the disease has infested the leaves, hence the wise thing is to prevent infection, Elliott said. Control should be started in the early spring when the leaves are just beginning to unfold, a spray or dust being applied every week all summer, or just before a rain. The spray or dust must be applied to both upper and under sides of the leaves, and liberally on the ground around the plants.

Control materials are sold under various trade names, but they all contain sulfur and usually copper.

Roses that have not yet been treated may lose most of their leaves and not produce many flowers. Mr. Elliott advises the dust or spray treatment and a feeding of the bush to help the growth of new leaves so that there will be blooms next year. Otherwise, the devitalized plants may winter-kill.

Sanitation is of utmost importance in rose culture, says Mr. Elliott. This fall, clean up and remove all old, dead leaves that have fallen from the bushes. Then just before winter sets in, dust or spray the plants and ground around them. Before growth starts in the spring again repeat the dust or spray treatment.

## Deaths from Farm Accidents Greater In Under-20 Group

A plea to farm mothers of young children for greater "safety-consciousness" has been made as a result of a study of accidents on farms (excluding the farm home) by the National Office of Vital Statistics.

The records show that the largest number of accidental deaths occurred among the 15-to-19 year-olds; the next largest number among children from 10 to 14 years old and those under 5 years.

Operation of farm machinery caused about a third of the accidental deaths. Next in order were fatalities from drownings, firearms, falls, animals, and burns. Burns and drownings were causes of death of most of the 5-year-olds, and firearms and lightning among those 15 to 19 years of age.

The number of drownings clearly shows that mothers need to see that children learn to swim, know and obey the rules of water safety, and that they don't go in water without adequate supervision. They can also see that firearms and matches are always stored out of reach of young children, and that older children are instructed in the use of firearms, say home management specialists at the University of Kentucky.

STOP THAT ITCH— IN JUST 15 MINUTES!

If not pleased, your 40c back at any drug store. Try instant-drying ITC-ME-NOT for itch of eczema, ringworm, insect bites, foot itch or other surface itch. Easy to use day or night. Now at Broker-Field Drug Store, Walton 4-27.

## Economists Advise Fertilizer Use To Build Farm Income

THE most profitable farms today are the ones that use land, labor, capital and management in the best combination, reports the Middle West Soil Improvement Committee in citing recent statement by Ohio farm economists.

R. J. Tompkins, of Ohio State University, says that farmers can increase their net income by proper use of fertilizer, improved and adapted varieties of seed, labor-saving tillage practices, weed and insect control.

E. T. Shaudys, another Ohio economist, says that the key to economic efficiency is "to produce where the last dollar spent for machinery, fertilizer, building life, livestock and other items just returns a dollar of income."

Larger farms, he says usually can more fully utilize their equipment and labor and spread part of their costs over more pounds of pork, beef and milk, or over more bushels of grain.

Farmers with smaller than average acreages, says the committee, can be competitive with the larger operators by using fertilizer to actually "increase the size of their farms."

## DESIGNED FOR THE FUTURE

## Safety WITH CONCRETE

The National System of Interstate and Defense Highways will save an estimated 3,500 lives a year. That's because it's designed for safety. To make the most of this chance for safer highways in this state, these roads should be paved for safety—with concrete.

Rigid concrete doesn't soften—it doesn't ripple and washboard under traffic. Its low crown doesn't interfere with steering. Its gritty-textured surface grips tires for safe, sure stops, even in the rain and its lighter color greatly improves visibility at night. You drive in comfort and confidence over the safest, smoothest-riding surface that highway engineers know how to build—today's new concrete roads.

## PORTLAND CEMENT ASSOCIATION

### KENTON UTOPIA CLUB

The Kenton Utopia Club met at the home of Mr. and Mrs. Herbert Works on Independence Station Road, recently. Plans are being made for those wishing to attend camp, held every year on August 3-5, at Camp Daniel Boone. Those to attend this year are Mr. and Mrs. George Finnell, Jr. and Mrs. Herbert Works.

It was decided by the group, to send a check for \$12.50 to the 4-H Club Council for prize money for the 4-H fair in August. Tom Riley showed a very interesting film on Kentucky State Parks. Those attending were Mr. and Mrs. William Barnes, Mr. and Mrs. George Finnell, Jr., Mr. and Mrs. George Walsing, Jr., Mr. and Mrs. Charles Brown, Mr. and Mrs. Charles Cummings, Mr. and Mrs. Tom Riley, Mr. and Mrs. Herbert Works, and John Hettemer.

### BOONE UTOPIA CLUB

The Boone County Utopia Club was honored to have Carl Sheriff of the Federal Land Bank, Williamstown, as a guest at their meeting June 27, at the Boone County Fairground. Mr. Sheriff spoke on "The Importance of the Wise Use of Credit." Mr. Sheriff explained the different types of credit which a farmer can use in this day and age. Credit is another tool which the farmer can use today. Without the use of credit many a farmer would be unable to buy a farm until later in life.

Following Mr. Sheriff's talk, Mr. and Mrs. Grant Maddox of Florence, entertained the club with a wicker roast.

### POISON ALGAE IN PONDS DANGEROUS TO LIVESTOCK

If water in farm ponds has a distinct bluish-green tinge, check for poison algae, says Joe Clovon, County Agricultural Agent in Boone county.

Poison algae are dangerous to livestock in some cases. "The condition occurs in July and August generally, pond waters take on a definite bluish-green tinge and areas along the banks will be similarly colored."

Treat with bluestone (copper sulfate) using 8 pounds of the material per million gallons of water. Extension Service Leaflet 191, available of the county agent's office in Burlington, describes how to figure pond water capacities.

The bluestone, sprayed or placed in a porous cloth sack may be dropped thru the pond until dissolved. Bluestone is not harmful to fish at recommended rates.

Clovon noted that hot weather's high temperatures stimulate growth of the algae. If poisoning is suspected, consult a veterinarian, he said. Livestock should be kept away from contaminated ponds.

### Completes Army Radio Course

Private Sherry D. Burkhardt, son of Mr. and Mrs. Jesse Burkhardt, Morning View, Route 1, was graduated June 28 from the radio relay and carrier operation course at the Army's Southeastern Signal School, Fort Gordon, Ga.

The eight-week course trained Burkhardt to operate and maintain field radio relay, carrier and associated equipment. Burkhardt entered the Army last February and completed basic training at Fort Knox. He attended Simon Kenton

### FOR ATHLETE'S FOOT USE A KERATOLYTIC, BECAUSE—

IT SLOUGHS OFF infected skin to expose buried germs and fungi to its killing action—this is keratolytic action. T-4-L Solution is medically proved. It is instant-drying, so easy to use day or night.

No matter how severe your case, no matter how many remedies have failed you, if not pleased with liquid T-4-L IN ONE HOUR, your 40c back at any drug counter.

T-4-L is a STRONG keratolytic fungicide, greaseless, colorless. Also fine for itchy and sweaty feet, eczema, insect bites, poison ivy. NOW at Bracketfield Drug Store, Walton. 31-27

## Wheat Profits and Yields Boosted by Plant Food Use

Costs per bushel go down and profits go up when a wheat crop is properly fertilized.

FERTILIZER can help boost wheat yields at least 8 1/2 bushels per acre, reports the

Middle West Soil Improvement Committee, in citing a recent statement by Floyd W. Smith, Kansas State College agronomist.

Smith reports that wheat responds more profitably to fertilizer use than any other crop. The 9 1/2 bushel increase, he said, could be accomplished by the use of only 25 pounds of nitrogen per acre, plus necessary phosphate and potash fertilizer.

An extra four bushels per acre, he said, can be added to the wheat yield by doubling the nitrogen application.

Smith says that fertilizer can increase wheat yields in dry years as well as wet ones.

Farm experience in some other Midwestern states indicates that it often pays to use 200 to 300 pounds of a complete fertilizer containing nitrogen, phosphate and potash, such as 10-10-10, reports the Middle West Soil Improvement Committee.

High School, and before entering the Army, was employed by the Andrew Jergens Soap Co., Cincinnati.

### Entertains at Dinner

Mrs. Herman Simmons of North Main Street, had as Thursday dinner guests, Mrs. Alfred Hume of Verona Road, Mrs. Jess Pipes, Mrs. Marion Washum, and Miss Peggy Pipes of Taylor Mill Road, Mrs. Brenda Speagle, Mrs. Robert Pipes, Mrs. Carol Letsey and Mrs. Barbara Brown of Covington, and Mrs. Ann Dixon and two daughters, Kay and Claudetta, of Walton.

### Dorthea Lane Y. W. A.

The Dorthea Lane Y. W. A. of the Walton Baptist Church met recently at the home of Miss Jean Elliott. The program was entitled, "Foundations That Crumble." Refreshments were then enjoyed by all.

Sunday afternoon, June 9, the Y. W. A. journeyed to Petersburg, where they plan to form a similar group. There were five members and a counselor present.

The Dorthea Lane girls held their second meeting of the month, Monday evening, June 24, at the home of Betty and Loretta Johnson, with eight members and the counselor present. Patsy Marksberry led in the song, after which Barbara Abherve read the calendar prayer. Plans were made for a weekend at Camp Bethel. The program was entitled, "To Be or Not to Be." Those present were Janice Osborne, Irma Rector, Barbara Abherve, Betty Johnson, Shirley Saylor, Jean Elliott, Patsy Marksberry, Dora Pennington, and Loretta Johnson.

### Perspiration Stains Need Early Attention

Give perspiration stains on dark cottons early attention if possible, says

Miss Dorothy Threlkeld, UK Extension clothing specialist. The longer perspiration stays in, the more difficult it is to remove. Avoid pressing the stain, as it may set it.

She calls attention to suggestions of USDA textile chemists: Wash the stain thoroughly in warm water, rubbing soap

or detergent into it. If the fabric has discolored, sponge a fresh stain with a vinegar-water solution; for an older stain, a little ammonia and water. Rinse thoroughly after either treatment.

BY DR. KENNETH L. FOREMAN

## Woman in Command

Lesson for July 7, 1957

THIRTY-THREE centuries is a long time. Records made 3300 years ago have been broken long since. It would be a rash person to say that a modern Christian woman should stay inside the limits set for women 3300 years before Christ. No person of that far-away time can be a precise model for Christians today. Nevertheless we can learn something from the ancients.

One question which—oddly enough—has been bothering the race for probably longer than 3300 years, Dr. Foreman is this: What is woman's place? It is just as absurd a question as the other one which—also oddly enough—is never asked: What is man's place? The odd thing is that we assume that man's place is anywhere, while woman's place is some way limited. We assume that man can go where he pleases, while women have to ask men's permission. This notion is a hang-over from ancient times when it really was a man's world far more than now. Nevertheless even in those distant days an able woman could make her own place in the world. Miriam, sister of the famed Moses, is a case in point. She was a woman of a strong mind, a natural leader. There is no "story" of Miriam. There is a story of Joseph, a story of Moses. But the picture of Miriam, like the majority of Bible characters, is drawn with a very few strokes. All we have is glimpses; yet from these we can learn something of an interesting woman.

### Smart Girl

Miriam was older than her brother Moses, — not just a year or two older, but old enough, by the time he was born, to manage that business about getting his mother for a nurse. Undoubtedly her mother had coached her for the interview with the princess (see Exodus 2); but all the same, the girl must have had sense. She was smart enough to step up to her Royal Highness just at the right moment. A little too soon and she would have been shooed off as a little slave-girl coming where she had no right to be. A little too late and the Princess would have chuckled the baby back into his sea-going bassinet, or else bundled him off to the palace with one of her own maids. But just at the right instant little Miriam bobs up with the right question.

### All the Women Went After Her

On the morning after the night when the Israelites crossed the Red Sea, we meet Miriam again. This time she leads the song of triumph and praise, celebrating the fall of Egypt's might and the liberation of her people. Singing and playing and dancing, she is one of her own maids. But just at the right instant little Miriam bobs up with the right question. All the women went after her. "All the women went after her," we are told. It is not true that women follow men only; a strong sensible woman has little trouble in securing feminine support. The other hint is that Miriam, in her primitive way if you like, was leader of her people in two respects: she was interpreting for them the great event of the Exodus ("just a lucky wind," no doubt some were saying) as an act of God, and she was leading in creative art. It is rather suggested that the "Song of Moses" was at first the Song of Miriam. In short, Miriam took the lead where she could and as she could.

### Too Far

And yet this leader could show up in a bad light, as the story in Numbers 12 shows. It appears she had fallen into the blunder made by some dictators since: she tried to run the private affairs of other people. In a way, she could have argued that Moses' marriage was her affair, since she "was in the family; and what woman does not feel a natural interest in all marriages, especially those of her own close kin? But the moral is short and clear: When a leader becomes a dictator, even God is no longer patient.

## "THY WOODS AND TEMPLED HILLS..."

Samuel Francis Smith was a student at Andover Theological Seminary when he wrote "My country, 'tis of thee." That was in 1832, two years before he was ordained a minister. "America" never became our national anthem—probably because it is sung to the tune of the British anthem, "God Save the King." But it has remained one of our greatest hymns, its words familiar to almost every American. In a simple, moving way it seems to express both the spirit of our nation and the faith of our churches. And in its stirring climax, addressed to the Author of Liberty, these become one. Samuel Francis Smith, with other great Americans, taught us to seek our national welfare in constant religious devotion. He saw no denial of America's freedom—but rather its fulfillment—in the humble acknowledgment: **GREAT GOD, OUR KING!**

### THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest institution on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself. Plan to go in for regular support. Plan to go in for Bible study.

	Book	Chapter	Verses

## farm facts FOR KENTUCKY FOLKS

by Wm. C. Johnstone  
AGRICULTURAL REPRESENTATIVE  
KENTUCKY BANKERS ASSOCIATION

**PARITY FIGURES.** Parity is a measure of equality. In agriculture it is a measuring stick used to compare costs, prices and income of farmers with those of other groups of American citizens. It provides economists and lawmakers a means of comparing the well-being of agriculture with other segments of our population. It also might help young farm people decide whether they wish to cast their lot with agriculture or choose other means of earning a living. I doubt if any true friend of agriculture believes that every man who wants to farm should be guaranteed a profit from that profession any more than would be guaranteed to lawyers, doctors, merchants or manufacturers. There will always be those in agriculture who, because of the lack of ability, capital, vision or energy, will be unable to earn a satisfactory living from the farm. Present day requirements for capital, knowledge, training and business ability for successfully operating a farm are higher now than ever before, and are more demanding than those of almost any other profession.

No true American should be satisfied to see agriculture remain in the state of disqualification which now exists between agriculture and other important segments of our economy. For instance, the USDA says that if the average farmer received a return of 4 1/2% on his investment his labor income would be only about 70 cents per hour.

In comparison most businessmen expect 10 to 15 per cent on this investment and the average factory worker earns \$1.98 per hour. In 1956 the per capita income of all farm people was \$889. In the same year the per capita income of non-farm workers was \$2010. This is an unhealthy spot in an otherwise prosperous country.

**ALFALFA TIME.** August is one of the best times to sow alfalfa in Kentucky. But between now and then there is a lot of preparation to be done—soil testing, applying lime, phosphate and potash, if needed, working up a good seed bed, purchase and inoculation of the seed. Promising new varieties to try include Narragansett and DePulis. Be sure to sow some grass with the alfalfa. Brome, Kentucky Blue and Orchard Grass make excellent combinations.

### NAVY KENTUCKY CO.

Youths who enlist in the Navy's Kentucky State Company will be sworn in at Louisville in ceremonies aboard the USS Grafton, a patrol craft, at her moorings in Portland Canal, on July 15, it was announced this week.

Rear Admiral F. M. Hughes, Commander of the Fifth Naval District, Norfolk, Va., will fly to Louisville for the occasion to administer the oath to the Kentuckians, who will leave for the Naval Training Center at Great Lakes, Ill., for nine weeks training.

July 10 is the deadline date for enlisting in the Kentucky State Company. Further information is available by calling the Covington Recruiting Station, JUniper 1-2418.

### LOSE UGLY FAT

IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new and convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger and appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by Brakfield Drug Store, Walton. Mail orders filled. 5t-23

### VERONA

Claude Johnson and son of Vevey, Ind., visited his aunt, Mrs. Etta McManama, from Monday until Wednesday.

Mr. and Mrs. D. R. Chapman and Mrs. Vevie Webster had for their Sunday afternoon guests, Mr. and Mrs. Will Crouch of Glencoe, Mrs. Bess Riley of Covington, Mr. and Mrs. Tommy Winters and two children of Cincinnati, Mr. and Mrs. Ross Chapman of Concord, Lea Webster of Crittenden, Mr. and Mrs. Herbert King and granddaughter of Covington.

Mr. and Mrs. Everette Carr of Cincinnati, were calling on Mr. and Mrs. A. M. Davis from Monday until Thursday.

Mrs. Herschel Yancey spent Sunday afternoon with her mother, Mrs. Martha Hayden.

Mr. and Mrs. J. D. Adams and niece, Mona Sue, from Whitesburg, Ky., spent Sunday with Mr. and Mrs. Mayro Hayden. They will visit other friends here before returning to their home, as Mr. Adams is on vacation.

Mrs. Flonnie Edgington was calling on Mrs. Mag Chapman and Mrs. Vevie Webster, Tuesday afternoon. Mrs. Chapman is able to be up and going around in her home after having been quite ill.

Mr. and Mrs. Tom Yates and two children were calling on his brother, Mr. and Mrs. Lloyd Yates, and Nola, Sunday afternoon.

We are glad to know the baby girl of Mr. and Mrs. Joe Perkins is much improved. She has been suffering from blood clots caused from the measles. We hope she will soon be OK again.

Congratulations to the newly weds, Mr. and Mrs. Marion Arch Waller. We were glad to see them at church Sunday; and Mr. and Mrs. Joe Ed Morris, who were married Saturday.

Miss Shirley Crowe has returned home from the hospital. She was operated on for appendicitis and is getting along nicely.

We are sorry they had to take Mrs. Bernard Spaulding back to the hospital last week. We wish her a speedy recovery.

Mr. and Mrs. Lee Rust of Erlanger were calling on Mrs. Martha Hayden, Sunday afternoon.

Mr. and Mrs. Ira Harris took Carol Ann back to the hospital at Columbus, Ohio, Sunday to have some braces fit on her feet. She is suffering from polio.

Mr. and Mrs. Worth Collins celebrated their 50th anniversary Sunday. One hundred and seven relatives and friends gathered at their home to enjoy the day together. May they have many more years to enjoy together.

Mr. and Mrs. Noel attended a wedding of their friends Saturday in Cincinnati.

Bro. Huston from Vevey, Ind., has been called as pastor of the Glencoe Baptist Church and will move here soon. We welcome these fine people.

The Daily Vacation Bible School was well attended at the Glencoe Church of Christ.

Mrs. Eveland Boaz is still in the hospital. She requests your prayers.

Milk will not cause you to put on weight if it is included in your daily allotment of calories. Skim milk has about half the calories of whole milk, and has all the food value except the fat and vitamin A.

I have a little extra time this week so I would write a little about our city of Walton and its trading area—Walton is located in the southern end of Boone county, just at the edge of Kenton county. It is 20 miles south of the Ohio River, 60 miles north of the Blue Grass, 45 miles east of the Licking River, and 10 miles west of the Licking River. It is located on U. S. 25, which runs on a ridge from the Ohio River to Lexington. The water that falls on the east side of this ridge goes to the Licking River and the water on the west side goes to the Kentucky River, and Walton is the highest point between Lexington and Covington, right in the hub of five counties, Boone, Kenton, Grant, Pendleton, and Gallatin. Walton is in a large trading area as every side road is building up with houses. Walton gets a lot of business out of Kenton county. We have so many extra good customers all the way from Elmore and Morning View, then around by Crittenden to Mt. Zion, into Gallatin county, Napoleon and Glenoe, over to the Ohio River and up to Big Bone, then to Union, across Mt. Zion Road through Kenton county to Taylor Mill Road, and all side roads each way off Taylor Mill.

We have a lot of customers who come to Walton to our good doctor and our two dentists. We are lucky to have three doctors like these; also our lumber company, the feed mill, our dry goods stores, our groceries and we have the best for a country town. Our service stations and garages. Webster and his television service; Gross with his appliance store; Taylor with his appliances and electrical service; Thos. Griffin, the best repair man in the country; Henry Lipscomb and his farm supply store—he is one of our competitors that I really take my hat off to after what he has gone through, two tornados in a year—I bought over \$100 worth of grass seed from him and I could have bought it wholesale, but I'll help a man like Henry one time and this from my view point has been a rough year; our locker plant; our toy factory, our barber shops; Rouse sign shop; Ryan hardware and department store; they sell lots of items; also our hardware store; we have the best for a country town. Our service stations and garages. Webster and his television service; Gross with his appliance store; Taylor with his appliances and electrical service; Thos. ## WALTON FIREMEN'S PICNIC STARTS TODAY

### Annual Boone County Dairy and Pasture Meet Held July 8

Boone county dairymen heard Garland Bastin, Dairy Specialist, and Dr. H. H. Pierce, Agronomy Specialist, from the University of Kentucky, speak at the annual Boone County Dairy and Pasture Field Day, Monday, July 8. The meeting was held on J's Acres, Limaburg, owned by Dr. J. A. Vesper, and managed by Albert Rouse and son.

Mr. Bastin discussed buying and the use of bulk tanks, pointing out that when you purchase a bulk tank that the dairymen should be sure they can get service on the tank. He discussed the care and operation of tanks and different types of tanks that may be used; also the regulations for installing tanks.

Mr. Bastin stated that according to information available now that dairymen must have at 12 to 20 cows before buying a tank. These cows should be high producers. He warned not to buy too small tanks as many dairymen have increased the number of cows after installing tanks.

Mr. Bastin pointed out that there was mineral troughs in each field which was a good practice, also Mr. Rouse had watering troughs so that cows will not have to enter the ponds. Watering troughs keep down mastitis.

Mr. Rouse took the group on a tour of the dairy barn, showing the milking parlor, the automatic cow sprayer and the self-feeding lazy susan which is a circular feeding trough around the silo, powered by an electric motor. Silage is fed on this trough.

Dr. Pierce discussed improved pasture and hay program with the group. He stated that to have high milk production and to pay for the high cost of equipment, dairymen must have good quality pasture and hay crops. He stated that Bromus Grass was the aristocrat of all grasses, that legumes and alfalfa was an ideal mixture and very high in total food value. But to have the above must have good soil and soil management.

The group made a tour of the farm, seeing good cover crops of orchard grass, bromus grass and alfalfa. A large number attended the meeting.

#### Other Meetings Scheduled

Other meetings that will be of interest to farmers in this county during July will be: Annual Tri-County Fruit meeting, July 23, 2:00 p. m., at the Bill Moore orchard, Limaburg and Hebron Road, and the annual Tobacco meeting, July 25, 10:00 a. m., at the farm of Roscoe Akin, and at 2:00 p. m., at the J. C. Benton farm on Old Lexington Pike, near Walton.

#### Blackleg Season Here

The blackleg season is here, says Joe Claxon, County Agent, and vaccination is one of the best safeguards against this animal-killer. Arrival of the pasture season increases the danger of blackleg. Animals under two years of age are most frequently affected. Farmers should have their animals vaccinated at one or two weeks of age, and re-vaccinated by the time they are four months old.

Veterinarians note that the disease organism lives in the soil and is resistant to heat, cold, drought or floods. In areas where the disease has occurred before, all calves should be vaccinated by a veterinarian each year.

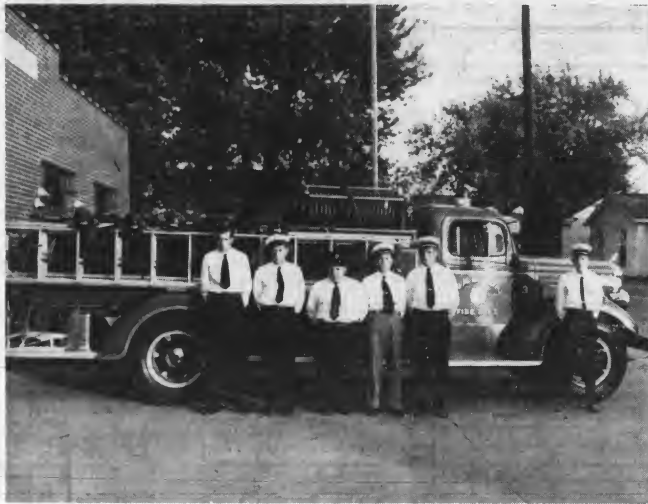

#### MRS. MARY MORTON

Requiem High Mass for Mrs. Mary Morton, 82, or 241 Main St., Florence, a former Regent of the Daughters of the American Revolution, will be sung at 9:00 a. m., today (Thursday) at the St. Paul Church, Florence. The Stith funeral home, Florence, has charge of arrangements.

She leaves a daughter, Miss Martha Morton, New York; two sons, William Morton of Seattle, Wash., and Bruce Morton of Sacramento, Calif.; a sister, Mrs. S. T. Lockwood, Florence; two brothers, Edward Platt of Los Gatos, Calif., and Frank Platt of Fort Meyers, Fla., and five grandchildren.

#### Classes to Hold Picnic

A picnic will be held at the Hall property, Friday evening, July 12, at 7:00, for the Alpha, Gleaners and Fidels classes of the Walton Baptist Church. All members and their families are invited. Please bring basket lunch.

Members of the Walton Volunteer Fire Department pictured above with one of the pumpers, are, left to right, Frank Watts, Harold Jones, Charles Northcutt, Chief Chick Worthington, Jimmy Bonar, and Gene McElroy.

#### MRS. DORA MARKESBERY

Mrs. Dora Markesbery, oldest member of the Florence Methodist Church, died Monday at the home of her daughter, Mrs. Pearl Baker, 254 Main St., Florence. She was 86 years old.

Surviving her are three sons, William, Nelson and Bert Markesbery, all of Florence, 12 grandchildren, and 16 great-grandchildren, and two sisters, Mrs. Salie Maloney of Cincinnati, and Mrs. Harley Holliday of Covington.

Services were held Wednesday at 2:00 p. m., in the Stith funeral home, Florence. Burial was in the Florence Cemetery. Rev. M. C. Yates of the Florence Methodist Church officiated.

#### Sunday School Class Meets

His Followers class of the Walton Baptist Church had a wienner roast at the home of Norma Neumeister. Those who attended were Saundra Smith, Beverly Gerth, Lynelle Flynn, Norma Neumeister, Betty Gode, Josh Dawson, and Mrs. Jones. Visitors were Bethie Thompson, Oona Kane, and Joyce Harrison.

### "Our Future Community Leaders"

Above, left, are Margo Luane, 4, Melodee Lynn, 2, and Scott Leslie, six months, the children of Mr. and Mrs. Wallace S. Grubbs of 57 Alto Vista Drive, Walton. Right, are Deborah Gay, 5, Melinda Kay, 3, and Rusty, 2 years, the children of Mr. and Mrs. George R. Arnold, Route 2, Walton.

Above, left, are Sandra Lou, 5, and Betty Jean, 3, the daughters of Mr. and Mrs. E. C. Stephenson, Walton, Star Rt. Right, are Janet Lou, 6, and Eldred Allen, 8, the children of Mr. and Mrs. Eldred Fisk of Morning View.

### Wedding Set for July 27

Mr. and Mrs. John Bruce of South Fort Mitchell, announce the engagement of their daughter, Mary Ellen, to Ensign Charles Thomas Wells, son of Mr. and Mrs. Bert Wells of Maysville, Ky.

Miss Bruce graduated last June from the University of Kentucky, where she majored in Home Economics. She is a member of Alpha Xi Delta Social Sorority. For the past year she was a member of the teaching staff at the Walton-Verona High School.

Mr. Wells also attended the University of Kentucky, where he majored in Business administration. His Social Fraternity is Kappa Sigma. He is presently stationed at Pensacola, Fla., where he has completed his Navy pilot training.

The couple will exchange nuptial vows on July 27 at the Madison Avenue Presbyterian Church, Covington. All friends are invited to attend the open ceremony and reception which is to take place at 7:30 p. m.

Miss Mary Ellen Bruce

### Walton PTA Plans Play Presentation On August 30-31

The Walton P.T.A. held a special meeting in the home of the president, Mrs. Helen Burgess, on July 1, with six members present. The meeting was called in regards to a play the P.T.A. is going to have August 30-31, called Laugh-O-Rama.

The following committees were appointed: Publicity and advertising, Mrs. June Brewster, Mrs. Helen Belcher, and Mrs. Sue Miller; cast, Mrs. Myrtle Young, Mrs. Beulah Smith, Mrs. Louise Fomash, Mrs. Theoda Locke, Mrs. Adeline Reed, Mrs. Rosemary Clements, Mrs. Audrey Spencer, Mrs. Virgie Redd, Mrs. Blanche Roberts, and Mrs. Helen Burgess. Refreshments were served.

Every member of the P.T.A. is asked to do all they can to make this play a success. More information will appear in this paper at a later date.

#### W. W. C. Club to Meet

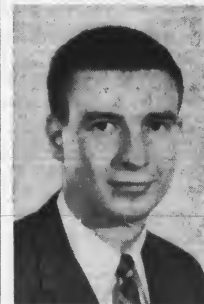

The W. W. C. Club of New Banklick Baptist Church will hold its regular monthly meeting Friday night, July 12, at 7:30, at the home of Mrs. Lawrence Overby of Banklick Station Road.

#### Daughters Have A Son

Dr. and Mrs. J. Franklin Daugherty, Independence, are receiving congratulations on the arrival of an 8-pound, 10-ounce son, born June 30, and answering to the name of John Franklin, II. Rejoicing in the event are two sisters, Rebecca and Michelle.

### To Continue Through Friday & Saturday Nites

#### PRACTICING DENTISTRY

Dr. John Maddox

Dr. John H. L. Maddox, son of Dr. and Mrs. D. L. Maddox, a recent graduate of the University of Louisville School of Dentistry, is now practicing with his father in Walton.

Dr. Maddox graduated from Walton-Verona High School in 1950, and is married to the former Lucille Risner of Verona. He is a member of the Psi Omega Dental Fraternity.

#### Local Students at U. K.

Fifteen students from Boone county are among 3,290 students enrolled at the University of Kentucky for the summer term.

Included are students from 113 Kentucky counties, 31 other states and 19 foreign countries.

University Dean of Admissions Chas. F. Elton said that this figure does not include students who are enrolled or will enroll later in the summer for special workshops, shore courses and seminars. Students from Boone County include George Baker, Vera Mae Conrad, Watson Craft, Richard Gist, John Dumbacher, Donald Fullerton, Ovie Lee Griffith, Garland Huff, Mary Huff, Peggy Ann Kelly, Elmer Kidwell, Robert Maddox, Billy Ray Marksberry, Donald Ockerman and Gordon Simpson.

#### Democratic Club to Meet

The Boone County Democratic Woman's Club will hold their regular meeting at the T&G Restaurant, Walton, on Thursday, July 11 at 8 p. m.

#### METHODIST DEDICATION

Rev. John F. Baggett, D. D.

On Sunday, July 14, the Walton Methodist Church will hold a special service to dedicate the Sunday School classrooms built some years ago. Rev. John F. Baggett, D. D., administrative assistant to Bishop William T. Watkins, who leads the Louisville area of the Methodist Church, will preside at the services at 2:00 p. m.

Dr. Baggett will also preach at the morning service at 11:00. The pastor, Rev. A. E. Atkinson, invites all members of the church to be present at both of these services. A cordial welcome awaits all who visit the church in any of its worship services.

### Event to Be Held On High School Court

The Walton Volunteer Fire Department is presenting its annual picnic this weekend—Thursday, Friday and Saturday nights—at the department's grounds on High School Court.

This organization is composed of volunteer members who contribute their time and efforts to the prevention, as well as the extinguishing of fires, as evidenced by the fact this community has not had a major fire loss in more than two years. Don't you think they are deserving of your support in their picnic effort?

Members of the local department attend a fire school each year at the University of Kentucky to learn latest methods of fire fighting, and bring them back so that these techniques may be applied in our own community.

Members of the department, not pictured at the left, are Guy Carlisle, Russell Grover, Buddy Grubbs, David Hankinson, Jack Conner, Ed Berkemeier, Ed Egan, and Johnny Still.

As in the past, the department has gone to no end to assemble the best of entertainment for this gala picnic, including a swing for the kiddies, a hot rod ride, plenty of ponies, and other attractions.

Available for the adults will be music, games, drinks, and food—those delicious and ever-popular fish sandwiches.

New equipment is constantly being added to the department and this picnic is the firemen's only means of support. So plan to come out and enjoy yourself.

#### Attend Bagdad RA Camp

Five boys from the First Baptist Church, Walton, attended the State Royal Ambassador Camp, Junior week, July 1-6, at Cadmore Baptist Assembly, Bagdad, Ky. They were Mike Kacabak, Eddie Neumeister, Harry Slett, Ronnie Tackett, and Paul Wilson. A total of 191 campers attended.

### Kenton Community Firemen's Picnic Is A Huge Success

The Kenton Community Volunteer Fire Department, according to Chief Cecil Ishmael, has come through another wet annual picnic with flying colors. Although the weather was bad, Kenton Community Fire Department had the largest crowd at its annual picnic since it was organized, for which the firemen and Ladies Auxiliary are thankful and grateful to those who made it possible and especially to the wonderful crowd of people who did not complain about the parking conditions of wet grounds.

"We want to thank," the Chief said, "all our advertisers on our picnic program, also England's water service, Geo. Bach, St. Cecilia, St. Matthew and Mary, Elmore Fire Department, John Kinsella, and Ed Knöchelmann for the loan of trucks and equipment; also Chester Coggins & Sons. We are grateful to all the people who donated pies, cakes, and novelties. We want to thank the Walton Advertiser for its usual good job on our handbills and advertising card—we have never had a complaint about their printing work. We want to thank Captain Klein, R. C. Richardson and Jack Warming for the good traffic work. Chairman (Topsy) Ishmael extends his thanks to all the people who worked so hard to make the picnic the biggest yet. "We have forgotten to thank anyone for organization, for its usual good job on our handbills and advertising card—we have never had a complaint about their printing work. We want to thank Captain Klein, R. C. Richardson and Jack Warming for the good traffic work. Chairman (Topsy) Ishmael extends his thanks to all the people who worked so hard to make the picnic the biggest yet. "We have forgotten to thank anyone for organization, for its usual good job on our handbills and advertising card—we have never had a complaint about their printing work. We want to thank Captain Klein, R. C. Richardson and Jack Warming for the good traffic work. Chairman (Topsy) Ishmael extends his thanks to all the people who worked so hard to make the picnic the biggest yet."

English poet Lord Byron sang of Daniel Boone and referred to him in the long poem "Don Juan" as "General Boon, back-woodsman of Kentucky."

### KENTUCKIANS

#### IN WASHINGTON

By C. H. Kingsbury

#### Clubs and Tax:

Quite a few clubs—including fraternal orders, veterans clubs, and civic clubs—around Kentucky are thinking about new clubhouses. If they are, they might hold up action a few weeks or so.

The House has passed a bill which exempts clubs from paying a 20 percent federal tax on all dues or assessments to be used for building or remodeling purposes.

The measure is now before the Senate and there should be action within the next month or six weeks. So if you can hold out, you might save paying some heavy taxes.

#### Bibb Lettuce:

There was a discussion the other day on Bibb lettuce and we volunteer the information that the popular leaf was developed by an ancient senator from Kentucky, George Bibb of Lexington and Frankfort.

He served more than 140 years ago in addition to his agricultural pursuits. Senator Bibb was twice Chief Justice of the Kentucky Court of Appeals and served in the General Assembly as the successor to Henry Clay. Also, he was Secretary of the Treasury under President John Tyler. He married twice and was the father of 15 children.

#### Next question!

**Industrial Expansion:**  
Kentucky communities seeking new industry—and that includes all of them—might be interested in a new agency in the Commerce Department.

It's called the Industrial Expansion agency and it's just getting organized. Those civic-minded groups and individuals interested can get more information by asking their congressmen to look into it—or by writing the Commerce Department direct.

#### A Few Replies:

Here are a few notes to Kentuckians wondering what happened to their pet bills: School construction: Action slated soon in the House. Final passage doubtful. . . . Tax reduction: No chance except in isolated cases. . . . Civil rights: Filibustered to death in the Senate. . . . Adjournment: No one seems to know. Senate is holding up completion of work. . . . Reduction in spending: Outlook is bright. . . . New farm legislation: All is confusion. Fundamental changes unlikely.

### LOSE UGLY FAT

#### IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new and convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON curbs both hunger and appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight endangers your heart, kidneys. So no matter what you have tried be-

fore, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$3.00 and is sold with this strict money back guarantee by Brakefield Drug Store, Walton. Mail orders filled. 5i-23

#### STOP THAT ITCH— IN JUST 15 MINUTES!

If not pleased, your 40c back at any drug store. Try instant-drying ITCH-ME-NOT for itch of eczema, ringworm, insect bites, foot itch or other surface itch. Easy to use day or night. Now at Brakefield Drug Store, Walton. 4i-27

### FOR ATHLETE'S FOOT USE A KERATOLYTIC, BECAUSE—

It SLOUGHS OFF infected skin to expose buried germs and fungi to its killing action—this is keratolytic action. T-4-L Solution is medically proved. It is instant-drying, so easy to use day or night.

No matter how severe your case, no matter how many remedies have failed you, if not pleased with liquid T-4-L, IN ONE HOUR, your 40c back at any drug counter.

T-4-L is a STRONG keratolytic fungicide, greaseless, colorless. Also fine for itchy and sweaty feet, eczema, insect bites, poison ivy. NOW at Brakefield Drug Store, Walton. 3i-27

DON'T BUY ANY CAR BEFORE YOU DRIVE A CHEVY . . . ITS BEST SHOWROOM IS THE ROAD.

Beauty in motion—Chevrolet Bel Air Sport Sedan with Body by Fisher.

Here's why Chevy's best showroom is the road!

Because Chevrolet's sleek good looks, its advanced features, are only part of the story. The big bonus is its remarkable roadability, the crisp precision handling that has posted an entirely new standard for cars in every price class. There are reasons for this, of course: Chevrolet's balanced weight distribution that takes

excessive loads off the front wheels, the wide stance of outrigger rear springs, Ball-Race steering, spherical-joint front suspension. Sure, you can admire the sculptured lines in the showroom. But Chevy's a car specifically designed for beautiful motion—you have to travel in this one to know just how terrific it is. Try it, this week!

## To Give Advice

Lesson for July 14, 1957

TO GIVE advice is easy; to give advice that people will take is not so easy. To give advice that people will be glad they took, is hardest of all. Besides, some people are harder customers for advice than other people. Old people sometimes are more stubborn than young ones; successful people may not listen so readily to criticism as will those who have failed; and members of one's own family may pay less attention than a anybody else.

Dr. Foreman

### Old Man Jethro

There is a story in the Old Testament of a very old man who gave advice to another man who was younger than he, but still an old man too. The younger man had been tremendously successful, but much more so than his father-in-law had ever been. Yet it was the father-in-law who gave the advice. His name was Jethro and he lived about as far off all the beaten tracks as a man could go. When the young Moses had fled from a murder charge, naturally he had gone as far from civilization as he could; and there he came across Jethro, priest and stock-raiser. Moses had married one of his daughters, a somewhat stupid girl, no match for the brilliant Moses. Now, fortyodd years later, with all the glory of the great escape from Egypt fresh upon him, Moses had brought his grumbling people (most ungrateful for their freedom!) out to this same remote region to get organized for their march to Canaan. All day long Old Jethro watched his son-in-law, sitting in the midst of a swarming crowd, all talking at once, no doubt, asking questions, demanding attention, complaining of grievances, accusing their neighbors, wanting Moses to settle all their quarrels. It was too much for any man, even a Moses. Old Jethro gave him a simple piece of advice: Set up a graded system of judges. Don't try all the cases yourself, only the hard ones. So Moses took the advice . . . and it worked so well that, forty years or so later, Moses seems to have believed that he himself had thought of the bright idea first.

### Character

Why did Moses take the advice of Jethro so quickly? Of course the main reason, no doubt, was that having lived with Jethro for nearly forty years, Moses had listened to the old man before and knew he did not talk nonsense. But what was it that made Jethro worth listening to? To put it into terms of our own problems: What do I need, to get my own advice taken by other people? How can I learn to give advice that people will follow and like? The first thing needed, in order to give advice wisely, is character. Jethro was a man of God. Possibly his idea of God was not up to the Christian standard, perhaps not even up to that of Moses. But the God he knew, he revered and served. Then he was not only religious, he was practical. He knew what would work and what would not. A man of deep faith and conviction, who is also solidly practical, is the best kind of counselor, and people know it.

### Acquaintance

Another thing: Jethro and Moses had lived side by side for forty years. Jethro knew Moses like a book, he knew his ability and his limitations. Advice is not best given by total strangers. Sometimes people in trouble will appeal to complete strangers for advice, but that is only because they don't like to tell some local man (or woman) the whole truth. In giving advice, the counselor needs to know as much as possible about the whole background of the person he is advising.

### Concern

More than acquaintance is needed, to be a welcomed adviser. The aged Jethro could see that Moses was wearing down, under the impossible burdens he was trying to carry. If Jethro had not cared, he would hardly have offered advice. But he did care; and Moses knew it. Advice is not best when served cold. A good counselor advises from the heart not less than from the head. With the head, one can analyze a situation; but only with the heart can the adviser put himself in the place of the one he helps.

## LOOKING FOR GOD

Some say you find God just as well in a garden, in the woods, or on a golf course as in a church—that God is everywhere. But be honest about it.

Are you not more apt to think of weeds, or mosquitoes, or a poor shot than you are of God? And after all, you have made this outing to seek pleasure.

But when you go to church, it is with the specific intention of worshipping. Here you engage in prayer, praise and thanksgiving. Here you mingle with people who are seeking God and have come to feel His presence. In the quiet beauty of a church you find few outside distractions, and you know that this place is dedicated to the service of God.

For peace and happiness which comes from really feeling God's presence, worship in the house of the Lord this Sunday—make it a regular practice.

### THE CHURCH FOR ALL . . .

ALL FOR THE CHURCH  
The Church is the greatest factor on earth for the building of character and good citizenship. It is a atmosphere of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend service regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	Book	Chapter	Verses
Monday	Jeremiah	18	1-10
Tuesday	Matthew	13	10-23
Wednesday	John	10	23-30
Thursday	Acts	4	18-23

## VERONA

Mr. and Mrs. Wendell Firrel and two children spent Saturday with her uncle Mr. and Mrs. Jim Lamm.

Mrs. Mable Webster and daughter of Walton was calling at the D. R. Chapman home last Sunday afternoon.

James Whitson of Covington spent Monday night with his aunt Mr. and Mrs. H. D. Edington.

Mrs. Vevie Webster was visiting Mr. and Mrs. Hobart Greenwell of Erlanger Sunday.

Mr. and Mrs. Elmer Refitt and Mr. and Mrs. Rannie Refitt was calling at the Jim Lamm home Sunday afternoon.

Mrs. Arsolia Hayden, Mrs. Susie Glore, Mrs. Martha Hayden was calling on Mrs. Beo Webster who has just returned from the hospital, we wish for her a speedy recovery.

Mrs. Fannie Edington was calling on Mrs. Etta McManama, Sunday afternoon.

Mr. and Mrs. Leonard Davis and four children are visiting his parents, Mr. and Mrs. A. M. Davis.

Mr. and Mrs. Boyd Williams entertained Mrs. William's nephews from June 29th until July 4th. They were Mr. and Mrs. William Ernest Seales and two children and Mr. Robert Seales, all of Chicago, Ill. They left for Chicago Sunday.

The two Seales brothers and Garry and Leray Williams spent from Thursday until Saturday down on Eagle Creek fishing. Boyd Williams joined them Friday evening to go fishing, but old Eagle raised so they didn't get to fish.

Mr. and Mrs. Bill Gadd and baby Phillip of Whites Tower, Mr. and Mrs. Johnnie Hanerly and his mother and his three children of Newport spent last Sunday with Mr. and Mrs. Boyd Williams and children.

Mrs. Gaines of Walton, was visiting her daughter, Mrs. Helen Renaker, and Mr. Renaker, Wednesday.

## GLENCOE

Eagle Creek was the highest in many years washed away all the crops.

Sympathy is extended to the family of Johnnie Noel, who passed away Saturday afternoon at St. Elizabeth Hospital.

Mrs. Violet Coom has returned home from Baptist Hospital, Louisville. We hope for her a speedy recovery.

Mrs. Sallie Maddox and daughter called to see Mr. John Clark Beatty at Owenston Hospital Saturday night.

Leslie Millig of Janesville, called to see Georgia Noel, Saturday, who lost all her crops.

Bra. Beach, son of Clay Beach, filled the pulpit here at the Baptist Church Sunday, and brought inspiring messages both morning and evening.

Mrs. Edith Irons spent the weekend with her sister Mrs. Mertie Wilson.

Mrs. Addie Webster celebrated her 89th birthday Sunday with all her children coming with well filled baskets and left wishing her many more happy birthdays.

Jimmie Dan Tallert left for service last week. We pray God be with him as he serves his country.

Perennial wheat is a possibility with in the next 10 years, says the USDA; researchers are now breeding commercial wheat to distant related wheat grass (Agropyron); some of the experimental varieties produce yields comparable to commercial wheat the first year and are also resistant to leaf and stem rust.

An angry man is Sylvester T. Bly,  
Who today was sold a piece of "blue sky."  
He'd stepped in a showroom—out of the rain,  
Was sold a new car before he could explain  
How he hated the styling—so high and square  
And in new features it was really bare.  
"I got a real bargain—the buy of my life—  
But how do I ever convince my own wife?"

**Moral: You're paying for a new car...make sure you get one!**

When you buy a new car, put your money on tomorrow—not yesterday. Swept-Wing Dodge actually *obsoletes* other cars in its field. Should you invest in high, boxy styling when Dodge offers the low, low look of tomorrow? Should you invest in outmoded coil springs when Dodge offers new Torsion-Aire Ride? Should you invest in an old-fashioned lever-type transmission when Dodge offers the ease of Push-Button Driving? In other things, too—engines, brakes, interiors—Dodge is years ahead. So put your money on tomorrow. See your Dodge dealer. Join the swing to the Swept-Wing Dodge!

## Specialist Advises On the Best Use Of Home Freezers

It takes all-around good management if you are to get the greatest satisfaction from your home freezer. The kinds of food to freeze, the containers to use, the amount to freeze, and how it should be done must all be decided, says Miss Elizabeth Helton, UK Extension foods specialist. Her recommendations:

1. Freeze only the kinds and varieties that freeze best.
2. Freeze products when they are in topnotch condition for eating, and as soon as possible after picking to save flavor, color, texture and vitamins. Freezing maintains the quality the food had at the start—it does not improve it.
3. Select the container or wrapper best suited for the product to be frozen—in glass, folding cartons with plastic or cellophane liners, parchment, plastic bags of good quality, wax paper for short-time storage, locker paper of the proper weight, or heavy duty aluminum foil.
4. Freeze the size package suitable for your family.
5. Chill all foods before packaging. Prepare syrups in advance for fruits, and store in refrigerator until used.
6. Follow instructions for sealing the container to prevent the food's drying out, and to preserve food value, color, flavor and texture.
7. Label each package, including date of placing in freezer.
8. Keep an accurate inventory of the packages in the freezer; it will help prevent packages being "lost" and held

## Color Caravan Rolling

Thousands of TV fans throughout WLW-Tele-Land were recently given a "sneak preview" of things to come, when the brand new WLW-TV Color Mobile Unit was displayed on Ruth Lyons' "50-50 Club". The huge 32' long, 27,500 lb. van, housing the most ultra-modern RCA equipment available, was seen for the first time in this area when Ruth took her cameras outside the studios for a close inspection of the fabulous mobile unit. It was fitting that this first look at the new equipment should be given on "50-50 Club"—the program slated to be the first locally originated color television show when WLW-TV takes to the color airwaves early in August. In keeping with the long-established tradition of Crosley Broadcasting Corporation "firsts" in the industry, this latest step marks the first Mobile Color Unit purchase by any independent broadcasting station. Pictured here, WLW-TV Chief Engineer, Howard Lepple explains one of the features of the plus quarter-million dollar "station on wheels." David S. Newburg (r) of the Broadcast Field Sales Office of RCA, stands beside one of the unit's three color cameras, obviously approving of the proceedings.

longer than the recommended period of storage.

9. Don't freeze more than your family will use, even if the supply at hand is abundant.

10. For quickest freezing, place the packages against freezer plates or coils. Leave a little space between packages for air circulation. After packages are hard-frozen, they may be stacked for storage at zero or below. Use a freezer thermometer to check temperature.

To make a banana milkshake, mash a ripe banana and one cup of milk and a scoop of ice cream. Blend thoroughly with a beater, blender or mixer, and serve in a tall frosted glass.

According to history, Christopher Gist was the first white man to enter the area that is the city of Frankfort today. That was in 1751. Then, 19 years later, Daniel Boone killed an Indian warrior within what is now the capital city's corporate limits.

Three airlines—Eastern, Delta and Piedmont—serve Lexington.

## Farm Machinery Highest In Cause of Farm Deaths

A rundown of safety statistics for the period 1949-1953 on causes of accidental deaths on farms show that machinery accounted for 31.1 percent. This was the highest percentage of 10 accident categories, the Kentucky Agricultural Extension Service says.

Classed category to machinery as death causes was drowning—which accounted for 12.9 percent of the fatalities.

Chitterlings (known as "chittlins" south of the Ohio River), long a Kentucky delicacy, have been put on sale in several Chicago supermarkets as a frozen food.

## Welder and Farm Headaches

### Handy Machine Helps Make Quick Repairs

By IRA MILLER  
Farm Electrification Bureau

The nightmare of a farmer faced with planting and harvesting his crops is a breakdown of some critical piece of equipment. When a breakdown is compounded by the threat of rain or the closing in of dusk, the biggest aspirin tablet made is no cure for the accompanying headache.

WELDERS—do many of the quick repair jobs on farms

Charge it off to experience and start over? It has been done. But it's an expensive way to deal with trouble, particularly since equipment breakdowns have a habit of recurring at the same time periods every year. And those often are the very times when town repair shops have more work to do than they can handle.

These are the reasons which led to the development of limited input transformer electric arc welders designed especially for use on rural power lines. Thousands of them have been sold in recent years and nobody can calculate the dollars, time and frustration which they have saved. It's not difficult to learn to weld, as many farmers—and farm boys—have discovered. Although most electric welding is done on mild steel, it is by no means limited to this metal.

remove rusty bolts and rivets, and to burn through pieces of metal which can't be cut in any other way. Repairs often can be made without removing the damaged part from the machine.

The new equipment which has been made and the old equipment which has been modified for special purposes are almost endless. Farmers have made such equipment as wagons and trailers, milk can trucks and racks, feed carts, elevators, buck rakes and many other things. The electric welder is an indispensable tool on numerous farms and its use is growing steadily in those areas where maintenance of equipment is a "must" to successful agricultural operations. The strength of a properly made weld is equal to or greater than that of the material welded. Where necessary, the weld can even be made water and air-tight.

## Methodist WSCS Meets

A program on the topic, "Strangers Within The Gates," and "The Heart of a Stranger," was presented by Mrs. Zada Clare at the July meeting of Circle No. 1 of The Woman's Society of Christian Service, held at the parsonage of the local Methodist Church. Mrs. Pearl Bedinger conducted the business session.

Mrs. Clarence Stephenson gave the Devotional, "Love Through Christ." Vocal selection was presented by Mrs. A. E. Atkinson and Mrs. Clarence Stephenson, Prayer by Mrs. Carrie Rouse.

Mrs. Atkinson was hostess for the social period that included refreshments.

The attendance included Rev. and Mrs. A. E. Atkinson, Mesdames Botta Conrad, Martha Wallace, Zada Clare, Latta Powers, Lula Hudson, Beulah Robinson, Carrie Rouse, Pearl Bedinger, Irene Stephenson, Arthur Doggett and Miss Emma Jane Miller.

The food industry, from grower to retailer, has about 8,000 additional customers to feed each day at the current rate of population increase.

## 4-H AND FFA DAIRY SHOW

The annual 4-H and FFA district dairy show will be held August 21 at Williamstown, according to Glen McCormack, Assistant Boone County Agent.

The show is sponsored jointly by the Kentucky Department of Agriculture, the 4-H department, the University of Kentucky, and the Kentucky Association of Future Farmers of America.

In last year's show there were 179 entries and this promises to be an excellent show again this year.

## OLD-FASHIONED BARN DANCE

On Saturday, July 20, the St. Pius Parish will sponsor a genuine old-fashioned barn dance in Foltz's barn at Dudley and Turkeyfoot Roads.

The Lucky Pennies from WLW-T's Midwestern Hayride, will provide music. Slim Nelson, who also appears with the Lucky Pennies, will do the calling. Dancing from 8:30 p. m. to 12:30 a. m. Donation \$1.00. Tickets may be purchased at the door.

## STAFFORDSBURG

Rev. and Mrs. J. W. Parrish enjoyed a visit from her sister from Louisville. Mr. and Mrs. L. M. Denser and Mr. and Mrs. Charles Denser and children returned from a visit with William Tiemon in Houston, Texas.

Mr. and Mrs. Morris Wharton and children and Mr. and Mrs. J. A. Keeney were guests on Sunday of Misses Alma and Mary Stephens of Independence, who had also as guests Mr. and Mrs. H. K. Loomis and Miss Jane MacKie of Covington.

Mr. and Mrs. Clinton Henry and children visited with Mr. and Mrs. L. J. Rapp on Sunday. The Henrys have recently moved to Cincinnati.

Mr. and Mrs. J. J. Barnett spent the weekend with their daughter and family the Ray Martins of LaGrange who are entertaining a new son.

The fellowship supper on Saturday evening was much enjoyed by all present. We were disappointed not to have a picture, but the film would not fit our projector.

Rev. Ogles will preach or us next Sunday morning, then adjourn for dinner at the church and have the quarterly conference in the afternoon.

Miss Hope Keeney of Houston, Texas, is convalescing satisfactorily following surgery June 28 at the Methodist Hospital in Houston.

Mrs. Denver Binder is driving the Bookmobile at this time.

It looks good to see a light again in the L. N. Hoffman property since the newlyweds Mr. and Mrs. Mills are now living there.

## OAK RIDGE

Mrs. Ruby Lipscomb of Hamilton, O. who used to be a neighbor of ours, surprised us with a visit this week. She will visit several of her friends and former neighbors before returning to Hamilton. Linda Yates and Carolyn Zeph are among the high school musicians attending the State Band Camp at the University of Kentucky this week.

Mrs. E. C. Harris is quite ill at St. Elizabeth Hospital. "Doc" Morrison of Latonia Lakes, was rushed to the hospital Friday with a heart attack.

The Taylor Mill Life Squad was busy Saturday making three runs Saturday night they were called to an automobile wreck on a bad curve on Taylor Mill Pike, where a young Covington soldier was killed. There are two yellow blinker lights on that curve, warning motorists that it is a dangerous curve.

Mrs. L. E. Thompson entertained her entire family at a dinner and family reunion on Sunday. There are 31 present for dinner, most of them are from Fayette County.

Mr. and Mrs. Clifford Weldon and son of Belleville, Ill., are visiting her parents.

## FEDERAL LAND BANK LOANS

**Increase YIELDS INCOME**  
with a Long Term Federal Land Bank Loan

## Answers to Your Questions:

- Q. For what purpose can I get a loan?**  
A. Loans may be made for any agricultural purpose and other requirements of the owner, some of which are:  
To purchase farm real estate  
To refinance mortgages and other indebtedness  
To pay family living expenses  
To make improvements to land and buildings  
To provide a home for the owner or members of his family  
To purchase livestock and equipment.
- Q. What security is required?**  
A. Land bank loans must be secured by first mortgages on farm land. Loans are not made on the current sale value of farms, but are based on normal agricultural value as determined by a land bank appraiser.
- Q. What is this normal value?**  
A. Normal value is defined as "the amount a typical purchaser would, under usual conditions, be willing to pay and be justified in paying for the property for customary agricultural uses, including farm home advantages, with expectation of receiving normal net earnings from the farm and from other dependable sources." Generally speaking, normal values are long term values established for the purpose of making long term loans on a basis that will avoid over-lending in peak periods and underlending in depression periods.
- Q. What is the repayment plan?**  
A. A land bank loan is made on an amortization plan. The payments include interest on the unpaid balance and such amounts to be applied on the principal as will pay off the debt within the term for which it is written.
- Q. What is the term of the loan?**  
A. Loans may be made for terms of 5 to 40 years. The most common terms are 20, 33 and 35 years. The objective is to fix the term of the loan to the debt-paying capacity of the borrower and his farm. Renewals are no longer necessary.
- Q. Can you pay extra principal payments?**  
A. A borrower may repay part or all his loan ahead of time if he is able and wishes to do so. There is absolutely no penalty for doing this. The land bank will also accept payments to be set aside and applied to future installments at the direction of the borrower.
- Q. What is the rate of interest?**  
A. The interest rate on land bank loans is the lowest generally available to farmers from any lender treating all its borrowers alike as to interest rate. Being cooperatively owned by the farmers it serves, and being the largest lender in the farm mortgage field, enables the land bank to "set the pace" in low cost farm loans. Any farmer obtaining a land bank loan at the current low rate of 5% knows his rate cannot go higher throughout the life of the loan.
- Q. What is the cost of obtaining a land bank loan?**  
A. There is no charge for either an application or appraisal. The applicant is required to furnish satisfactory evidence of title and pay recording fees. The charge for making a title report is a matter between the applicant and the attorney or title company that prepares the title evidence. There is no charge for its examination by the Federal Land Bank.
- Q. How do I get a land bank loan?**  
A. By contacting the secretary-treasurer of the National Farm Loan Association serving the area in which your farm is located and making application. He will have the farm appraised and take other steps necessary to complete the loan.

**Ford wins the battle of the builds**

• Sure! Many people buy Fords because of their long, low, whistle-collecting looks. Do you blame them? But beauty alone isn't enough to earn for a car the No. 1 spot in America's heart. And that's just what Ford has earned. The real secrets of Ford's success are the extra values that go into building a Ford. Let's look at a few of these features. Ford shares them only with a select number of America's most expensive cars. But you get them at low Ford prices.

1. Only Ford in its field offers a frame design that lets you ride within the frame side members for greater roominess, more smoothness and increased safety.

2. Only Ford in its field gives you a modern V-8 engine with rigid, deep-block design for smoother, quieter, longer-lived operation.

3. Only Ford in its field offers automatic variable rate rear springs that automatically adjust to give a smoother ride no matter how rough the road conditions.

4. Only Ford in its field offers new swivel-bolt ball-joint front suspension that "rolls

with the punch" on rough, bumpy roads.

5. Only Ford in its field offers as many as five strengthening roof cross members for a more rigid roof . . . greater quiet and safety.

6. Only Ford offers such a savingful car. A Ford Six beat all other cars in the 1957 Mobilgas Economy Run in the miles-per-gallon department.

7. Only Ford in its field offers a frame with 3 tubular cross members. There are 5 cross members in all . . . enabling the frame to withstand stress from all directions.

8. Only Ford, among all makes, electronically balances every V-8 engine while it's operating under its own power.

9. Only Ford in its field offers so much soundproofing for a quieter ride under all road and weather conditions.

10. Only Ford in its field offers such a well sealed body for greater freedom from dust and weather wherever you travel.

11. Only Ford in its field offers rear door assist springs and two-position front door checks for easier entrance and exit.

## PAINT

That is one of the most talked-about subjects in our business, today. We have built up a paint business in the past 20 years that is one of the best, for this size store. We have what, I think, the best line of paint from a small manufacturer and jobber—The Bolce Paint Co., right here in Cincinnati, Ohio, who has a motto, "a satisfied customer is a Bolce customer" and I try to carry this out as I have been selling the same people Bolce paint for 20 years and some have tried other brands and come back to Bolce paint. We have that Jelled Magic interior paint, which Bolce sells—he tried a long time to get me to sell Jelled Magic, as I had done a swell job with Bolce Liquid Satin and Bolce Lustre-Kote, but it was hard for me to add another interior paint—it has its place and we sell a lot of it. Some have called for a flat alkali base wall paint so I just added V-23 in about 10 colors—it really works and 4.50 a gallon.

Everyone that uses Bolce outside house paint says it covers and goes faster than any paint they ever used. We sell lots of implement paint, aluminum paint, asbestos fiber roof coating in aluminum and black. We also have green roof paint and that old Bolce red roof and barn paint that is "red," not brown when it dries. A lady came in just last week and said I want a quart of that Bolce non-yellowing white enamel, it is the best I ever used and it stays white. We have Bondex and Sta-Dri for concrete walls and we have that rubber base floor enamel for concrete porches and floors, it goes a long way and stays on and we have it in gray, red and green. We also have a full line of tubes of all colors. We have all stains, varnish stains, shellac, clear lacquer, automobile paints, varnishes of all kinds—if you have a spot or a wall covered with grease and stains and want to paint it, put on a coat of Seal-Loc—it covers everything, even a old black soil pipe and it will not come off. Then you can put any color over it.

We have all types of caulking in tubes, quarts and gallons, both white and gray. We have putty, turpentine, linseed oil, alcohol, lacquer thinner, roof cement, roof coating, and most anything in the paint line. Clarence Browning, who is asking about that Bolce outside white paint—he took home a gallon to try—he is getting ready to paint his house. Mrs. Art Smith bought a quart of aluminum to paint their oil drums. Mr. and Mrs. Walt Spaulding stopped in just about closing time and we had a lawn mower trade. I sold that Perfection all range to Jack Powers, on Brocht-Piner Road. I have some used Maytag washers for \$45.00, \$50.00 and \$55.00—we sold so many small items today and I have no idea who bought what and where it all went.

July 4, 1957—there has been so many happenings since last July 4. So much destruction all over our country; so many killed by automobiles every holiday and every year. Mr. Obermeier, over at Nicholson, got wire fence and barbed wire. Several were buying fishing license and fishing tackle. July 4 is a big fishing day so so many try to go somewhere to get off the highway. Brewster fixed up a sprayer boom for O. J. Struve to spray the weeds in his corn with weed killer. This was a real week to put up hay and lots of people were taking advantage of it. We sold several hay forks, hay rakes and pulleys. Today was a big day and we sold several gallons of outside white and Martha Wallace 5 gallons of Bolce ivory outside paint to paint her house. I called for 2 rolls of 6" mesh netting for Chas. Prather. John Wood was in getting plumbing supplies. He does a lot of repair work and does a good job.

Kermit Hampton bought a Myers pitcher pump and ordered some repairs for a Myers lift pump. I ordered these repairs from Ashland, Ohio, where they are made. Last week I did not mention our new dentist, Dr. John L. Maddox, who is in with his father, as I did not know exactly what John was going to do until he made his official notice the past week. I saw Chas. Steers, who had just come from the Maddox dentist office and finished having all his teeth pulled—he said that son of Doc's is right on the job—he will be a real dentist. I told John years ago, when he started going to school, to be a dentist. I hoped he would get out of school in time to make a set of teeth—well, I still have my natural teeth but I don't know for how long.

William Webb, who owns and lives on the old Lexington Pike just north of Leonard Cook, in the house that Stanley Ranson built, and Bill has really fixed it up. He bought 5 gallons of Bolce outside white paint. Chick went to the warehouse to get more Bolce outside white and said it was getting low, so I called Bolce and told them to send down another 100 gallons of outside white. It will be down tomorrow on their truck—they really give service. Mrs. Banker, down at Kensington Fishing Lake, bought 2 quarts of Jelled Magic semi-gloss. She likes it very much. Mrs. Watson, over on Church Street Road, bought a quart of ripple green lustre kote—she says it really covers. I really love to sell Bolce paint because we have so few complaints and when we do, Bolce says satisfy them, which we try our best to do. So when you need PAINT as well as HARDWARE you save money, time and troubles when you buy at CONRAD'S!

## Sheepmen's Incentive Payments Explained By State Chairman

Incentive payment rates for shorn wool under the 1956 program will amount to 40 percent of the dollar returns each producer received for his wool, according to Mr. Roy C. Gray, Chairman, Kentucky State Agricultural Stabilization and Conservation Committee. This means that for every \$100 received by the producer from the sale of shorn wool, payment of \$40 will be made. The method of payment calculation results in the grower who receives the highest price for his wool being eligible for a larger incentive payment than the grower who gets a lower price for the same quality and quantity of wool.

Mr. Gray also explained that the payment rate on sales of unshorn lambs—to compensate for the wool on them—will be 71 cents per hundredweight of live animals sold. No payments will be made on mohair sold during the 1956 marketing year because the mohair price received by producers averaged 84 cents per pound, which is well above the 70 cents per pound incentive payment set by the U. S. Department of Agriculture.

The shorn wool payment rate was determined on the basis of the average price producers received for shorn wool during 1956, according to prices reported by farmers in their applications for payment.

County ASC offices have begun making payments. It will not be necessary for the producers to contact the county offices as all payments will be mailed to the producers who filed applications. The applications for the payments must have been filed with the ASC office by April 30. The payments will be made on shorn wool and lambs marketed between April 1, 1956 and March 31, 1957. To be eligible for payments, the wool must have been shorn after January 1, 1955 and lambs must never have been shorn.

The wool programs for 1956 and 1957 are substantially the same, the Chairman said, but there is a change from the 1955 program in the lamb payment method. Under the 1956 program, each producer who owned lambs for 30 days or longer and sold them unshorn is eligible for a payment. Under the 1955 program, the entire payment was made to the last owner who sold the lambs for slaughter. The 1956 and 1957 lamb payments will be shared by the producers or feeder owners who held the lambs over 30 days on the basis of the gain in weight during each ownership.

Mr. Gray points out that the incentive price for the 1957 marketing year is being continued at 62 cents per lb. of grease basis. The payment rates for the 1957 program will be determined in mid-1958 when the average wool price on 1957 marketings becomes known.

Deductions of 1 cent per pound from shorn wool payments and 5 cents per hundred pounds of live weight from unshorn lamb payments will be made for the advertising, promotion, and related market development activities on wool and lambs. The deductions were approved in 1955 in a producers referendum.

## SOFTBALL GAMES WANTED

The Firemen of Kenton Community Volunteer Fire Department according to Chief Cecil Ishmael, would like to book some softball games with other Volunteer Departments, Churches or other organizations.

The Firemen of Kenton Com. F. D. would like to see enough Volunteer Departments get together to form a league among themselves. The only qualification being that each player be an active fireman in the department. Any fire department or other organization interested may contact any fireman of Kenton Com. or call Eddy Workman, FI. 7-2994. Bring your own brand of Liniment.

## ATTEND CAMP

Six Junior G. A. girls of the Walton Baptist Church spent the past week at Cedarstone Baptist Camp, Ballard, Ky. They were: Linda Duchemin, Paulette Chance, Brenda Duchemin, Debbie Altekirk, Vichi-Reed and Phyllis Gibson.

## CARD PARTY

The ladies of St. Cecelia Church, Independence, Ky., will hold their monthly card party and social on Wednesday July 24th from 1:30 to 4:00 in the church basement. Donation 50c. Refreshments included. The public is cordially invited to attend.

## Tobacco Field Meeting

The Boone County Annual Tobacco Field meeting will be held Thursday, July 25, according to Joe Claxton, County Agricultural Extension Agent, Boone County.

There will be two meetings in the county. The morning meetings will be at 10:00 a. m., on the farm of Roscoe Akin, located off Burlington-Ideleville Rd. The afternoon meeting will be at 2 p. m., on the farm of J. C. Benton, located north of Walton, just off Highway 25 on Old Lexington Pike, south of Richmond.

Mr. Russell Hunt, Extension Tobacco Specialist, University of Kentucky, will discuss Tobacco Production for 1957 and there will be a tour of the tobacco fields on each of the above farms.

The public is invited.

## Discharged from the Army

Mr. and Mrs. Jerald Dixon of Devon, left last Thursday for Fort Dix, N. J., where they met their eldest son, S/3c Jerry B. Dixon, who was discharged from the Army on Friday. He spent the past 2 1/2 years in Germany. Young Dixon graduated from Simon Kenton High School, Independence, in 1953.

## Many Attend Owen County RECC Picnic At Alexandria July 8

More than 2,000 persons turned out for the annual meeting and electric fun show at the Owen County Rural Electric Cooperative Corporation, held July 8, at the Alexandria Fair Grounds, Camp-cott, Tenn.

Elected as directors of the local organization were: J. R. Bentle, W. M. Smith, A. W. Ayers, Walter Luttrell, and Howard Green. Miss Ann Kelly of Falmouth, Route 5, won the beauty contest, sponsored by General Electric Supply Co., Louisville, and received the title of Miss Owen County RECC of 1957. She will compete for the state title in September at the State Fair. Second place went to Miss Margie A. Jones of Owenton, and the third-place finalist was Miss Mary Jane Truss of Eliston.

The talent contest was won by Miss Brenda Robbins of Union, and Mrs. Carroll Sansom of Alexandria, Route 2, won the handicraft contest, sponsored by Darneyer.

All these winners will compete later in state contests.

## Durr Gets Highway Job

A contract for construction on the Florence-Belleview road in Boone County has been awarded to R. C. Durr, Walton, according to an announcement by Robert Humphreys, Commissioner of Highways.

The company submitted a low bid of \$44,804.81. The contract calls for: Bituminous concrete surface class 1 gravel aggregate; wet crushed limestone for dense graded aggregate base and entrances; 0.237 miles.

## "Our Future Community Leaders"

Above, left, is William Ray, the 12-months-old son of Mr. and Mrs. William L. Johnson, 17 Verona Road, Center, is Nellie E., the 6-year-old daughter of Mr. and Mrs. Edward Egan, 10 Welsh Ave., Walton, and on the right is Susan E., 5 years old, also the daughter of Mr. and Mrs. Edw. Egan.

Joy, 7-years-old and Kenny, 4-years-old, children of Mr. and Mrs. Jack Armstrong, 66 Sanders Drive, Florence.

Miss Elizabeth Anne Casper, daughter of Mr. and Mrs. Ferdinand E. Casper, 779 Vase Ave., Orange, N. J., and her brother, William E. Casper, 779 Vase Ave., Orange, N. J., and her brother, William E. Casper, 779 Vase Ave., Orange, N. J., and her brother, William E. Casper, 779 Vase Ave., Orange, N. J.

## P-T. A. PLANS SHOW

Today the Walton-Verona P. T. A. announced that arrangements have been completed for the presentation of the Circus Spectacular, "Laff-O-Rama", which will be presented on August 30-31 at the Walton-Verona High School gym. "Laff-O-Rama" billed as Your Home Town Circus, is the new forward look in community entertainment and all acts are presented on the floor, or the arena portion, of the building, for the Circus is too large to be produced on an ordinary stage. More details will appear in this paper later.

## DAVID FISK

David Fisk, a retired farmer, died Saturday at the home of a daughter, Mrs. Edna Armstrong, of Independence. Mr. Fisk who was 82 years old, was a native of Fiskburg.

In addition to Mrs. Armstrong, he is survived by another daughter, Mrs. Thelma Fight, Warrensburg, Mo.; two sons, David, Taylor Mill, and Maynard, Fiskburg; 15 grand-children and six great-grandchildren.

The Rev. Kirtley Jolly, pastor of the Independence Baptist Church, officiated at services Tuesday at the Swindler funeral home, Independence.

Burial was in Wilmington Cemetery, Fiskburg.

## Legion Auxiliary Elect Officers; Beatrice Glenn is President

Johnson McElroy American Legion Auxiliary Unit No. 277, Walton, Ky., had election of Officers for the coming year which are as follows. President Beatrice Glenn, Vice President Eva Waters, Secretary Emma Jane Spillman, Treasurer Emma Cluser, Historian Mildred Robinson, Chaplain Florence Ryan, Sgt. at Arms Sylvia Day, Mrs. Alice Feldhouse elected in Executive Committee, 3 year term.

We have four new members to join our unit which are Mrs. Mildred Robinson, Mrs. Florence Ryan, Mrs. Hilda Noe, and Mrs. Roy Brown. Two other members who have joined recently are Mrs. Bobbie Joan Glenn and Mrs. Lois Laye.

Mrs. Carrie Johnson of Texas visited the New Legion Home while visiting relatives in Walton and stated she would like to present the American flag to the Legion Home in Honor of her son Paul of whom the Legion Post was partly named.

Since returning home Mrs. Johnson has sent the American flag to the American Legion and Auxiliary members to which we are forever grateful and will always be an honor to our home.

## EMMA BRUEGGEMAN

Mrs. Emma Brueggeman, sister of Sister Mary Henrietta, Oldenburg, Ind., died Monday at her home, Pleasant Valley Road, Boone County. She was 61 years old.

In addition to Sister Henrietta, Mrs. Brueggeman is survived by her husband, Lawrence; three sons, Bernard, So. Ft. Mitchell, and Richard and Albert, of Florence; two daughters, Mrs. Mary Kunkel, Union, and Mrs. Dolores Butler, Walton; two brothers, George and Frank Reichtin, Covington, and another sister, Mrs. Loretta Cottingham, Covington, and 15 grandchildren.

The next funeral mass was sung at 9 a. m. Thursday in St. Paul Church, Florence. Burial in St. John Cemetery.

## CIRCLE MEETING

The Mary Sampson Circle of the Walton Baptist Church met at the home of Mrs. Ben Conrad, July 11.

After the devotional led by Mrs. Gertrude Daniels, circle leader, a chapter in the book on Prayer was discussed and led by Mrs. Relda Powers.

Refreshments were served to Mrs. Relda Powers, Mrs. Edith Percival, Mrs. Maude Wilson, Mrs. Blanche Franks, Mrs. Ruth Souder, Mrs. Wilma Winburn, Mrs. Bonnie Woods, Mrs. Larcia Myers, Mrs. Gertrude Daniels, Mrs. Ben Conrad. The next meeting will be at the home of Mrs. Relda Powers.

## SYLVAN EDWARDS

Sylvan DeWitt (Doc) Edwards, owner of Doc's Place, an Elmore restaurant, and Boone County land owner, died Tuesday at his home above the restaurant. Mr. Edwards, who was 65 years old had been treated for a heart condition since July 1.

In addition to Doc's Place, Mr. Edwards owned a large farm on U. S. 42 near Union.

He is survived by his widow, Mrs. Ruth Edwards; a daughter, Mrs. Millard Steinhoff, Florence; a son, John, who was his business partner; a brother, Garland, Greenup; two sisters, Mrs. Clara Freeman and Mrs. Orrie Hall, S. Point, and three grandchildren.

Services will be conducted at 10:30 a. m. Friday at the Fifth funeral home, Florence. Burial will be at Carthage.

## "First Boone Countian, 18,000 B. C." Topic of Historical Society

The Boone County Historical Society will meet in the old Town Hall in Florence on Friday, July 19, 1957, at 8 p. m.

Mr. Robert Moody, of Union, and a student at the University of Kentucky, will be the speaker. Mr. Moody is the outstanding student of prehistoric life in the county. He will talk about the man who was here before white man and he wishes to call his subject, "The First Boone Countian: 18,000 B. C."

The people of the county will have an opportunity to pause in their mad rush about making and spending money to give some thought to the people who lived here before the first English, German, and Scotch-Irish came here about 1800.

The first Boone Countian moved in about 20,000 years ago. He left evidences of his sojourn that have been more durable than many of the structures of modern man.

Boone County is rich in the remains of this early resident. His forts, his dwellings, and his burials are all about us.

Where he came, how long he stayed, how he vanished are matters that baffled those curious persons who concern themselves with such matters.

The Boone County Historical Society endeavors to give a varied program. There are meetings on family history, church and town history, folklore and anything that will help preserve the history of the community.

I have been attending the meetings you know how interesting they can be. If you have not been attending you are invited to come. Bring someone with you.

Anyone interested is invited to attend the meetings of the Boone County Historical Society.

## FOLTZ REUNION

On Sunday July 14, a family reunion and basket picnic of the Foltz family was held at Foltz's Wal-Nut Farm on Wal-Nut Road, near the intersection of Nicholas Pike. The following Ancestors, Uncles, Cousins and their families of Ralph Foltz attended.

Aunts and Uncles were, Mr. and Mrs. Peter Foltz, Miss Frances Foltz, Mr. and Mrs. Foltz Jr., Mr. and Mrs. John Foltz, and Mrs. John Bilz, and Mr. and Mrs. Albert Klemm. Cousins were, Mr. and Mrs. L. Beck, Dave, Carol, Linda, Phyllis, Janine and Matt, Mr. and Mrs. Ed Parrish, Gary, Chuck and Tommy, Misses Gayle Neises and Evelyn Weckbach, and Mrs. J. Foltz, Jr., Tommy and Mike, Mr. and Mrs. B. Korenbrock, Nancy, Barbara, Bobby and Benny, Mr. and Mrs. P. Wegener, Johnny and Mary Beth, Mr. and Mrs. R. Dougherty, Terry, Timmy, Mary Ann and Kevin, Mr. and Mrs. J. Bilz, Charlotte and Jackie, Miss Clara Foltz, Tommy and Timmy Priesthoff, Mrs. Barbara Stevens, Martha and Billy of Morrow, Ohio, Dr. and Mrs. Louis Foltz of Louisville, Ky., Dr. Jeanne Foltz of Dayton, Ohio, Mr. Matt Foltz of Ft. Wayne, Ind., Mrs. Foltz, Teresa, Sue, Sue and Rose Marie. About seven cousins and families and one uncle and aunt were absent from the group. A good time was had by all until the rains came.

## Legion Auxiliary Drawing

Due to the terrible storm that came up at our 4th of July Picnic at Woodland Inn, the American Legion Auxiliary was unable to have our drawing at that time.

The drawing will be this coming Saturday July 20th, time, 2 p. m. at Broke-fields Drug Store.

The Ladies Aid of the Walton Methodist Church will meet all day Saturday, July 20th at the church.

## Litterbug Campaign Sponsored by Wa-Na Club; Asks Support

The Wa-Na Club have entered the Community Betterment Contest sponsored by the General Federation of Women's Clubs. Their project is a drive against "litterbugs." Two trash disposal cans have been purchased by the Club and placed in front of Phoenix Restaurant and Seebert's Grocery. Other cans are hoped to be purchased for the north end of town at a later date.

They are asking the citizens and parents to help the Club in their project by training themselves and their children to use the cans instead of the street for candy wrappers, bottles and other litter.

The F.H.A. girls at the school are also working with the Club on the "Litterbug Campaign." Cans are on the school grounds and Mrs. Foltz has placed one on Alta Vista. Let's all cooperate with the Club and use these containers instead of the street. Keep our town cleaner and more attractive!

## FRUIT MEETING SET

There will be a Tri-County Fruit Meeting at 2:00 p. m., Tuesday July 23 on the Fruit Farm of Bill Moore, located off Limburg-Hebron Road, on Cannons Lane according to Joe Claxton, County Agent of Boone County.

Mr. Moore has built a "squirrel" fruit picker. This is a new conception of picking fruit by lifting the man, hydraulically, into the air to pick the tree.

Mr. M. M. Magill, Extension Specialist in Fruit, University of Kentucky will discuss the current fruit problems with the growers.

This meeting includes fruit growers from Boone, Campbell and Kenton Counties. The public is invited to this meeting.

## Lawrence's Have Daughter

Mr. and Mrs. Alvin Lawrence are the proud parents of a baby daughter, born July 10th at St. Luke Hospital. She has been named Connie Denise and weighs 8 lbs. 4 oz.

Mr. and Mrs. Joe Evans of Alta Vista Drive are the proud grandparents.

## TAYLOR MILL CHURCH

Taylor Mill Church of God located on Taylor Mill Pike one mile south of White's Tower will open with a revival Friday night July 19, 1957 at 7:45 p. m. Rev. Lloyd Tate of Cincinnati, Ohio will be the evangelist.

On July 21, 1957 the Church will sponsor a singing Convention. Mrs. Gladys Hobbs is director of the Convention.

Regular Weekly Services are Wednesday night Prayer Meeting at 7:45 p. m. Friday night, Saturday night, Sunday night and Sunday School 10 a. m.

## Training Given 4-H's For Dairy Judging Team at State Fair

4-H members are training at 1957 Dairy Judging Team which will represent Boone County at the State Fair.

The following members are training for the team, Arlene Akin, daughter of Mr. and Mrs. Roscoe Akin, Burlington, Sue Graves, daughter of Mr. and Mrs. Bill Graves, Hebron, Mary Jo Dixon, daughter of Mr. and Mrs. Jerald Dixon, Independence, Jimmy Graves, son of Mr. and Mrs. Robert Graves, Hebron, David Crigler, son of Mr. and Mrs. Woodford Crigler, Hebron, and Donnie Maddox, son of Mr. and Mrs. Grant Maddox, Florence.

These 4-H members have judged at the following dairies in Boone County, Northway Farm on Florence-Burlington Road, J's Acres at Limburg, Dr. Hoffer's Farm, Hebron, and Robert Yowell's Farm Yowell Lane.

These members are learning to place the cow and are both oral and written reasons, according to Glen McCormack, Assistant County Agent.

## Hamemakers Hold Picnic

The annual picnic of the Independence Homemakers Club was held at the home of Mrs. V. Vogelpohl at L.L. Highway. Air lunch, games are played.

Those attending were: Mesdames, C. Davis, W. House, D. Hacker, F. Summey, Mr. and Mrs. H. L. Witt, Miss B. Brodard and guests Sharon Knipper, Bonnie and Jack Stiner, Jane Kunkel, Carol, and Mrs. V. Vogelpohl and hostess Mrs. V. Vogelpohl.

Open Sunday, 6 a. m. to 8 p. m.

## WHITES TOWER

Fish are biting like mad on all lakes, streams and rivers and the writer and Richard Dorsey are going to try our luck below Dam 38 and around Middle Creek and Gunpowder just below Rabbit Hash, Ky. our old home. Watch for notice of a big "fish fry" in the Tower next week.

Spots are appearing on the lower leaves of tobacco in the Tower. Probably the result of too much rain the past six weeks.

If you have anything the matter with you from ingrowing toenails to ulcers, tune in your radio in the early morning and suffer no more.

Mr. and Mrs. Carlos Petty are now located in Cleveland, Ohio where Mr. Petty has a good job with a big trucking firm. We wish this nice young couple every success in their new home.

Tomatoes are rotting on the vine and no one knows what is causing this, un-

less it is too much wet weather.

Peppers, red beets and tomatoes will be on sale at the farm over this weekend also a few blackberries by the quart for first comers who like the old fashioned blackberry cobbler, a rare delicacy if made right.

Leutenant Richard Dorsey, son of Mr. and Mrs. Charles H. Dorsey of the Tower has returned from a 6 weeks stay in Alabama on a training tour. He will now go to Lexington where he will assume the post of Assistant Professor of Air Science at the University of Kentucky, beginning his new duties Aug. 1.

Not much news this week but we put a new subscriber on our growing list as Lester Briggs our local painter gave us the price of our newsy paper, the Walton Advertiser. A wise investment. Later, as you will soon find out.

We talked to several farmers this week and all were unanimous in their opinion the second cutting of the hay crop is the best ever, and we only hope that the weather will be more co-operative than in the first crop.

Alf Behmyer and Mr. Kidd had pretty good luck fishing in Bide A Wae lake over the weekend.

## STAFFORDSBURG

We were glad to have Rev. H. C. Ogles with us on Sunday at the morning service. After having dinner in the dining room the quarterly conference was held in the afternoon.

Mr. and Mrs. Wm. Godker visited relatives here the past week and were accompanied to their home in Oswego, N. Y. by Mr. Earl Hanna.

Rev. and Mrs. Parish are expecting a visit from their son Rev. Allen Parish and wife from West Virginia.

Mr. and Mrs. Tom Nunery and son Tom and Mrs. Bert Nunery left Monday to visit a sister in Canada.

We are looking forward to having our missionary friend Mr. Ray Watson and wife with us on Sunday Aug. 4th. Come hear him.

Dawson Bollinger, Ronald and J. B. Losey have suffered an attack of flu, but are feeling better.

The W. S. C. S. met on Thursday evening with Mrs. E. B. Rich. In the absence of our president Mrs. J. J. Barnett the meeting was conducted by our Vice President Mrs. John Shaw. Several members participated in the program which was on other nationals living among us. At the close of the meeting delicious refreshments were served to the following: Mrs. Russell Armstrong, Miss Emma Yates and aunt Mrs. J. W. Parish, Mrs. Denver Binder, Mrs. Dewey Parsons, Mrs. Don Keeney, Mrs. Howard Willowby, Mrs. John Shaw, Mrs. Dawson Bollinger, Mrs. Harry Rees, Mrs. Geo. Fennell Jr., Mrs. J. A. Keeney and Mrs. Leslie Daman. Next meeting will be with Mrs. Harry Rees on Aug. 15.

Mr. and Mrs. Jno Hammer visited her parents Mr. and Mrs. Paul Daman on Sunday.

## Kentucky Records 340 Deaths from Accidents In Four-Year Period

Safety statistics on Kentucky, compiled for the years 1949-1953 show that 340 persons died in that four-year period from farm accidents, says the Kentucky Agricultural Extension Service. Of the total, 329 were males and 11 were females.

Machinery accidents claimed the highest toll, just as it does in national accidents, the report says; 88 Kentuckians died as a result of such mishaps.

Other categories, the report shows, were as follows: Animal-caused deaths, 20; burns, 16; drownings, 40; firearms, 58; lightning, 13; electric current, 10; falls, 51; blows from falling objects, 19; and miscellaneous causes, 25.

The U. S. total for the same period was 11,463 male deaths and 1,152 female deaths. Of the 48 states checked, 31 had lower machinery-caused death rates than Kentucky.

Fancy-packed jars of canned vegetables indicate that the recommendation to fill jars quickly was not followed.

### Bradford 14 Good Faith 4

The Masonic ballgame was won by Bradford 14 over Good Faith. Harvey Beers, Gene Coppage had home runs for winners, with Tubby Willoughby and Smokey Ingram each getting triples.

### Personal Interest

R. X. West and family of Main St. returned recently from a week's visit in Cocoa and Cocoa Beach, Fla.

Mr. and Mrs. LeRoy Filer of Bowman Rd., celebrated the Fourth of July by having a picnic lunch and games with the following guests attending, Mr. and Mrs. Lawrence Teeter and daughter Barbara, Mr. and Mrs. Wm. Crosby and family Mr. and Mrs. R. X. West and daughter, Sandra. During the early afternoon a swimming party was arranged for all at the Kenton Lakes swimming pool.

Mrs. Horace Dawson of Main St. was confined to her home for the day due to illness.

Mrs. Randall Wagner of Shaw Road is now visiting her parents in Jonesville, Va. The boys, Stevie, Gary and Timmie accompanied her.

Mr. and Mrs. Charlie Dorsey and family will spend this week in the Great Smokey Mts. They are on a two week vacation.

Bob Carr and family are spending most of their vacation at various large lakes in their cousin's boat, a fast little job called a 10x10 (10 hp engine on a

10 ft boat).

Bob, Dennis and family of McCullum Rd. recently had an old Army buddy of Bob's for a 3 day visit from So. Carolina. Visit Florida?

If there are families who are wondering whether to chance the long trip from here to Florida for the first time to see if they would enjoy their vacation. Let me say that you should go, you will enjoy yourself by seeing many interesting and historical places, by feeling the warm Ocean breeze that carries a bit of a salt smell, to see the many many more varieties of trees and flowers that can only grow in the tropical sector. It is all a great sight and one that you will enjoy, every minute that you are away.

Now then, after returning and knowing by actual experience what Fla. has to offer, you will probably get the same feeling as I, why go so far, in the summertime, when Kentucky has as much to offer vacationists. Winter time is different, but not summer time. You and your family can have a most enjoyable time by spending your hard earned vacation at Kentucky Lake (near Paducah, Ky.) and not be as worn out by the time you arrive at your cabin. So to be sure, tour Kentucky First, you will find that many thousands of dollars have been spent just for you to enjoy your vacation time.

## WALTON LOCALS

Mr. and Mrs. George Fisher had six o'clock dinner with Mrs. Emma Stockman on Sunday.

Mr. and Mrs. Tince Fisher, Mrs. Emma Stockman and Mr. George Fisher attended the funeral of their cousin, Mr. Harry Pentecost of Centerville, Ind. last Friday. Funeral services were held at the Jones & Placke Funeral Home at Richmond, Ind. and he was laid to rest in Glenn Haven Cemetery there.

Mrs. Doris Kennedy of Guilford, Ind., spent the week with Mr. and Mrs. John Worthington.

Mrs. Frank Dils called on Mr. and Mrs. John Worthington one day last week. Tracy and Mark Moore of Verona Lake Ranch are vacationing for a week at National Bridge, Ky., with their grandparents Mr. and Mrs. C. S. Moore.

### Rose Marlowe Circle

The Rose Marlowe Circle of the Walton Baptist Church met in the home of Mrs. Helen Chance Thursday with Hazel Johnson, Gaynelle Flynn, Theora Locke, Lucette Neumaister, Emma Tackett, June Brewster and the hostess, Mrs. Helen Chance.

The program was on prayer taught by Mrs. Emma Tackett. Refreshments of punch and cookies were served. The

next meeting will be in the home of Mrs. Gaynelle Flynn on August 8, at 2:30 p. m.

**THE BIBLE SPEAKS**

International Union  
Bible School Lessons

BY DR. KENNETH J. FOREMAN

**Rugged Faith**

Lesson for July 21, 1957

A MAN who at the age of 40 was not afraid to give a minority report even in the face of a threatened lynching; a man who at 85 was still asking for the hardest job and the most dangerous job in the country; such a man is worth more than a glance. Such a man was Caleb, a much younger contemporary of Moses. We first hear of this sturdy man when he and Joshua stood out alone against the overwhelming pessimism of the majority "Report on Prospects." Twelve tribal leaders had been chosen to go into Palestine and see what things looked like. Ten of these leaders brought back the word (and archaeology shows it was true): The country is full of well-built, well-fortified cities. We shall not take it without a fight. But then they went on to say: We shall lose the fight. Forget all about the conquest of Canaan; it can't be done. We are no better than grasshoppers!

**God-Conscious**

On the facts, Caleb and Joshua agreed. A beautiful land, well-defended cities, plenty of fighting certain. But on the recommendations they had something different to say. "Do not fear," they said. "The Lord is with us." But no one believed them unless it was Moses. The people were so far from believing them that they threatened them with death by stoning. The difference between Caleb and Joshua, on the one side, and the masses of the people on the other, was the faith of these men. The majority thought only, "We can do nothing." This tiny minority thought: "We can do a great deal—if God is with us." The majority looked at the situation and found it hopeless, because they found it godless. Caleb looked at the same situation with hope and confidence, because he saw God as the most important part of it. The reason why faith is strong is that faith is God-conscious.

**On God's Side**

Merely being aware of God is not the whole of faith—not the whole of the rugged faith of Caleb. It is quite clear from what Caleb said, that he wanted to be, and believed he was, on God's side, and carrying out God's purposes. Faith not only sees God in hard situations, faith lines up with God, so far as God's will can be seen. There is a great deal of difference, for example, between faith as we find it in Luther and as we find it in Hitler. Both of them were men of strong faith. They believed themselves to be men of destiny. But then why were they so different? The difference was in this: Luther wished nothing higher than to follow the will of God, whereas Hitler led him; Hitler if he believed in God at all, expected God to support his own ambitions. A Hitler cracks up at the last; but a Luther does not. So Caleb outlived his entire generation, for his hope and his faith were planted in God, not in himself.

**Without Fear, Without Pride**

Faith in God like all good things can be turned into a sort of mockery of itself, a cheap or grotesque imitation of reality. Faith can be a cover-up for fear. It can be used as a retreat to get out of attempting hard things. Once a young man was pleading in a great gathering of Christian leaders, for men to go out as Christian missionaries, "this is a day when missionaries were very few. An older minister rose and told the young man to sit down: "When God is ready to convert the heathen, he will do it without your help!" That minister was using his faith to conceal his own unwillingness to risk the dangers of being a missionary. Some parents are so much afraid of vaccination that they will refuse to let their children be vaccinated—we believe in God, they say. True faith is a rugged thing, as Caleb's was. It asks for the hardest tasks, it is not afraid of work or danger. Then faith can be twisted into pride; Hitler is an example of that, so was Napoleon. So was the Grand Inquisitor; so have been any number of tyrants in the church and out of it. True faith creates confidence, but not conceit. When a man of faith begins to confuse himself with God, rugged faith has changed to brittle arrogance.

**CAN YOU LAUGH AT DUCKLINGS?**

Betty can laugh at ducklings. She remembers that classic of the Ugly One who grew up to be a stately swan.

Betty laughs because she understands the story. She knows that some people, like ducklings, often scorn someone who is different.

But she knows, too, from her religious training, that there are times when a person must face the scorn of others and be different. In fact, already she has found that a primary aim of Christianity is to change life for the better... to help the individual be different so the world can be different.

Not everyone can laugh at ducklings. Some folks take quite seriously the dread of being different. For instance, there are men and women who don't attend Church, but who would like to. They simply feel awkward about breaking away from an indifference which they think is expected of them.

You can make it easy for the hungry-but-hesitant to attend Church. Always invite someone to worship with you.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake; (2) For the sake of his children's sake; (3) For the sake of his community and nation; (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verses
Sunday - Psalm	119	10-17
Monday - Isaiah	55	6-13
Tuesday - Matthew	23	23-39
Wednesday - Matthew	23	23-39
Thursday - Ephesians	1	1-10
Friday - James	1	12-18
Saturday - Revelation	2	8-11

## WANTED —

WANTED—Someone to cut, bale and put in barn, about 30 acres mixed hay. ATLantic 3-3798. 2t-28

## HAY TIME

If you drive out through the country now, all you can smell is new mown hay. That second cutting of alfalfa is really good this year. You can hear the tractor mowers running and then the rake and some are baling. Someone called today for wire bales and we had them. Someone else wanted a knife for an Oliver horse-drawn mower and we had it. Another wanted some guards for a Detroit mower and we had them.

Joe Richardson came after 80 feet of 1-inch plastic pipe and fittings. James Baker is building a new home down by his father's, Russell Baker on U. S. 42. He has been here several times getting pipe and fittings also a lot of other items in building a house. Layne Cheesman also is in several times. He is moving I suppose as he came after refrigerator cart. They have been buying cold pack canners, pressure canners, and canning supplies. We sell fruit jars, jelly glasses and deep freeze containers. We have those large preserving kettles that we have had so many calls for. Also that large enameled straight side pots. We have a large assortment of rotary rakes, strainers and colanders.

Mr. and Mrs. Paul Worthington just moved to Walton in the house South of Clarence and Edna Combs. We sold them a Maytag washer. We sold a lot of pots, pans, skillets, iron board, pad and covers to two young ladies in Covington. Brewster sold a set of laundry tubs on legs to some folks over in Kenton County. We have a few hand and power lawn mowers left and will sell at a bargain. I don't want to carry them over. I sold a fellow a pair of leather breast straps and two halters. I have a shipment of whips coming, several different kinds. I sold a lot of plastic pipe and fittings, also some galvanized fittings. We sold a lot of wiring material to a fellow building a cottage at Bullock Pen Lake. We sold several pieces of fishing tackle to Carl Simpson and children. Mrs. Ethel Sheppard was trying a find a mixer bowl for her Electric Mixer.

Mrs. R. L. Salmons bought a gallon of Porch and Deck Enamel, the best grade of Balco's, the best is hard to keep on a wood porch as the weather really works on it. I slipped off about two hours and went down to Sparta to the sheep sale. They really had the sheep, all ages and kinds. There were a lot of fellows from up this way buying sheep and they bought some good ones. My Kruse Hardware salesman Larry Kroeger, was here today and I hardly had time to give him an order. We were very busy and

Brewster is on his vacation. Chick slipped off long enough to take a 12x15 Armstrong Rug over to Mrs. William Florence and while there he repaired her water pump. Then he went down to Ira Dixon's and put a wick in his kerosene water heater. J. R. Flynn has used a lot of that Balco Paint. He came back today for another gallon of Outside White. Mrs. Ora Stone bought some Liquid Satin flat wall paint. Mrs. Morris Sturgeon bought an Ice chest, very nice for picnic. When I wrote about Walton two weeks ago I forgot or did not mention everyone individually. I missed a few but not on purpose. Leon Hall who does a lot of Electric Service work, John Woods who does a little of everything as well as service a lot of water systems and furnaces. Mrs. Cole who operates the cream station, Otis Readnow with feed, coal, fertilizer, fence and gates, Colston and Speagle coal and feed business.

We sold lots of paint today inside and outside. J. R. Flynn bought PTZ capsules and powder for his sheep. Sam Vest came in and said he and Bob Hodges loaded 39 lambs down at my farm and took to the stockyards, that makes 85 we have shipped. We have about 50 to go yet. This has been a very bad lamb year but we have had a lot of hardware items. We sold square wash tubs, Perfection two-burner Oil Cook Stove, cold pack canner, galvanized wash boiler, all types of canning supplies, plastic pipe and fittings, all sizes of galvanized pipe and fittings. We sell wiring material and fixtures, ping pong balls, ball gloves badminton sets, child's wagon, bicycle, thermos jug, lunch kits, Ratonone, tank grayer, calf show halter, moving syringe, single trees, mower repairs, rustus plow, shovels, cultivator shovel, hay forks, grapple hay forks, mule shoddes, house powder. P. T. Z. powder, balls, rope, chains, snaps, bridge bits and bull rings.

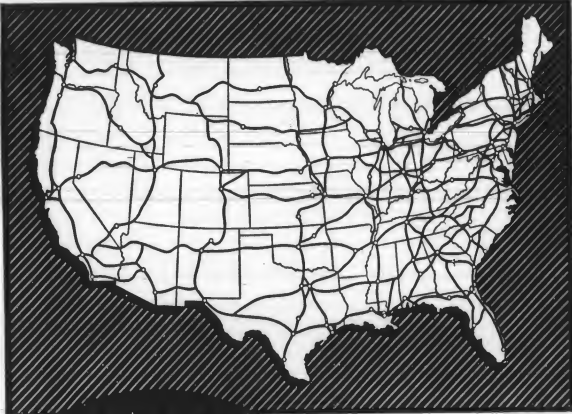

We are having some trouble with power lawn mowers, so many are using them too long without changing oil or letting them run low in oil. These mowers are guaranteed for 90 days but not if they are run without oil. Otherwise we have had very good luck with the mowers we have sold this year. I just brought out from the top wholesale house a very nice assortment of plastic models, in boats, planes, cars and guns. Some of these planes will fly. We sell several rolls of lawn fence, gates, diamond mesh, farm gates, and field fence.

## Concrete for the Interstate System

The Federal-Aid Highway Act of 1956 has given to the people of the United States the greatest road building program in history. Men of vision have planned the National System of Interstate and Defense Highways as a legacy to future generations for the unlimited progress and full mobility of an America on wheels.

Concrete roads of modern design will save lives and dollars far into the future—long after inferior road surfaces crumble and collapse. No other paving material can approach the durability, safety and economy of concrete. It's the one pavement that meets all the needs of today's and tomorrow's traffic... when driving will again be a pleasure on long-lasting, safe, smooth-riding modern concrete highways.

## Wallon Legion Post To Install Officers On Friday, July 26

The 408.8 degree team of the Sixth District, led by Jack Weimer of Newport, will install the new officers of Johnson McElroy Post, 277, American Legion, Walton, at the Post home on High Street, Friday, July 26, at 8:00 p. m. This is an impressive ceremony and the public is cordially invited to see this inspirational installation.

Walter Winkum will be installed as commander; William Robinson, first vice commander; Gilbert Glenn, second vice commander; Roy Brown, adjutant; Joe Glenn, finance officer; Bud Robinson, chaplain; and Clayton Spillman, sergeant at arms.

Tuett DeMoisey, past commander, will preside at the opening of the session in his capacity as vice commander of the Sixth District.

There will be a fish fry immediately following the installation for those present and the visiting degree team. Grand Chief Howard Feldhaus will be in charge of this phase of the program.

All members are especially urged to attend and bring their guests.

## MRS. LUCY E. MUNSON

Mrs. Lucy Ellen Munson (nee Perry) passed away July 19 at the home of a niece, Mrs. Raymond House, on Sparta, Route 2. She was 87 years old, and a native of Owen county.

Survivors include a daughter-in-law, Mrs. Inez Munson, and several nieces and nephews.

Services were held Sunday, July 21 at 2:00 p. m., in the Oakland Baptist Church, with burial in the Owen County Cemetery.

Hamilton funeral home, Verona, had charge of arrangements.

## Blaze Destroys Barn

Fire of undetermined origin destroyed a barn on the farm of James Tomlinson on Walton-Nicholson Road, early last Saturday. Loss was estimated at \$1,000.

The blaze was discovered by a passer-by. The Independence Volunteer Fire Department found only the framework standing upon arrival. Assistant Chief Warner Cox reported twenty volunteer firefighters responded to the blaze.

## Cecilian 4-H Club Meets

On Monday evening, July 15, the regular monthly meeting of the Cecilian 4-H Club was held at St. Cecilia Church in Independence.

The fair, to be held at Simon Kenton High School, August 7, was the main topic of discussion. A tour for members was also discussed, to be held after the fair.

## Walton Firemen's Picnic Nets \$2500.00 for Dept.

The Walton Volunteer Fire Department's annual picnic was very successful; the department will clear nearly \$2,500, which will be used for maintenance and any new equipment that may be needed.

The firemen wish to take this opportunity to thank each and every individual who helped in any way during the picnic; also all the various organizations who loaned equipment for the picnic, churches, neighboring fire departments, Legion Post, and everyone else who helped in any way by making donations, etc.

This kind of cooperation really helps the moral of a group of men who are trying to do a fine service for the City of Walton and surrounding area. The department says, "thank you!"

## Electric to Be Off Friday

According to James Vest of UH&P, electric power will be off on the Hebron and Petersburg line from 1:00 to 3:00 p. m., Friday, July 26, for repairs, weather permitting.

## Enjoy Western Trip

Mr. and Mrs. J. E. Falls and nephew, Dumont Gouge, returned this week from a 3500 mile tour through the Western states. They visited Pike's Peak, Garden of the Gods, Denver, Colorado, returning home through the state of Oklahoma, Arkansas, Dallas, Texas. All reported that the stop over at Kentucky Lake on their return trip was the most beautiful scene of all their trip.

## TO WED SATURDAY

Miss Rhoda Greene

Mr. and Mrs. Woodrow Greene, Walton, announce the marriage of their daughter, Rhoda, to Mr. Roland Robinson, son of Mr. and Mrs. Fred Reinhardt.

The wedding will take place on the lawn at the home of the groom, 6598 Taylor Mill Road, on Saturday, July 27 at 7:00 p. m. An invitation is extended to all for the ceremony and reception.

The bride, a graduate in the class of 1955-56 of Walton-Verona High School, is presently employed by Delta Airlines at the Boone-Kenton County Airport.

The groom, a graduate in the class of 1953-54 of Simon Kenton High School, is now serving in the National Guard of Cincinnati, and will leave in August for six months active duty.

## Jump Family Reunion Held at the Jackson Home Sunday, July 7

The Jump family reunion was held at the home of Mr. and Mrs. H. N. Jackson, Stephenson Mill Road, July 7.

Those attending were Mrs. Anna Spigall, Mrs. Ora Webster, Mr. and Mrs. Elmer Jump, Mr. and Mrs. Floyd Jones, Mr. and Mrs. Ben Jump, Mr. and Mrs. Frank Jump, Mr. and Mrs. Harry Jump, Mr. and Mrs. Lloyd Shields, Mr. and Mrs. Jim Woods, Mr. and Mrs. Ralph Jump, Mr. and Mrs. George Edmonson, Mr. and Mrs. Russell Jump, Mr. and Mrs. Glenn Jump, Mr. and Mrs. Milton Starfill, Mr. and Mrs. Forest Webster, Mr. and Mrs. Wilbur Butler, Mr. and Mrs. Harley Webster, Buddy Clifton, Son Down Jump, Judy Shields, Barry Woods, Connie, Donna and Ralph Jump, Jr., Kathy and Gary Edmonson, Roy and Bobbie Jump, Toni Webster, Karen Butler, Blane Dale Webster, Larry Smith, Gary Bladen, Gene Long, Charles Hurlinger, Kenny Hurlinger, Bill Oster, Paula Sue and Linda Gale Tonkin. Afternoon callers were Mr. and Mrs. Walter Hurlinger of Park Hills, LeRoy Hurlinger, Carol Hurlinger, Jim Hurlinger and Steve Frisch, all of Covington.

## "Our Future Community Leaders"

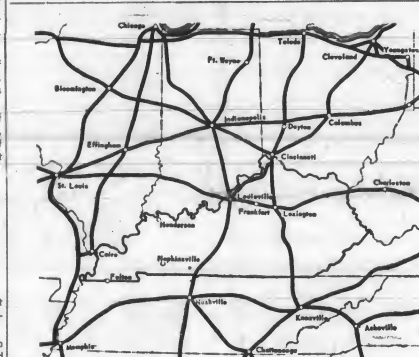

Pictured above, left to right, are Ernest Lee Arnold, 2, son of Kathryn Arnold, Church St., Walton; Mary Margaret Eason, 5, daughter of Roy Eason, Walton; and Beverly G. Arnold, 8, also the daughter of Kathryn Arnold. Bottom row, left to right, Peggy Ann Fisk, 8 months, the daughter of Mr. and Mrs. S. W. Fisk, 12 East 6th St., Covington; Linda Fay Lunsford, 9, daughter of Mr. and Mrs. Basil Lunsford, Route 1, Walton; and Vellena Kichwell, 4, the daughter of Mr. and Mrs. William Kichwell, 57 South Main, Walton.

# Independence Firemen's Picnic Set For Fri. - Sat.; Many New Features

INDEPENDENCE AND COMMUNITY FIREMEN, who will conduct their Annual Picnic This Friday and Saturday are shown above: (left to right) Bob Strain, Joe Jackson, Donald Messingschlager, Stanley Kehrs, Bob Vogelthal, Pat Durr, Captain Art O'Neal, Asst. Chief Ethelbert Carlisle, Asst. Chief Billy Bach, Asst. Chief Goble Armstrong, Joe Maus, Rescoe White, Earl Appel, Cliff Coleman, and Herb Sheron.

Gov. A. B. Chandler has called for full speed in advancing Kentucky's greatest multimillion dollar highway building program in history. Map outlines proposed general locations of the superhighways in this region with Kentucky's share totaling 641 miles. The map covers a five-state area.

## GROVER DRAKE

Grover Hendrick Drake, a former, died last Friday at his home on Parkers Grove Road, near Piner. He was 72 years old.

Mr. Drake was a member of Goshen Christian Church, Piner. He is survived by his widow, Mrs. Annie West Drake; a daughter, Mrs. William Hewitt of Crittenden; a sister, Mrs. Bennie Barrett of Kalamazoo, Mich.; and a granddaughter.

Services were conducted Monday afternoon at the Chambers and Grubbs funeral home, Walton. Burial was in the Independence Cemetery.

## Vacation Bible School Held at Morning View Methodist Church

Vacation Bible School was held at the Morning View Methodist Church from June 24th through July 5th. The attendance was forty-six. Rev. Harold Daniels was pastor, attended every day. The Superintendent was Mrs. Frank Elliott. A lovely picnic on the grounds of Mrs. Clarence Duncan and had a lovely Commencement program.

Those attending were: Binners Class, teachers, Mrs. Charles Earls and Mrs. Roy Cheeseman, Cindy Cheeseman, Gary Cheeseman, Jean Earls, Harold Earls, Ronnie Tabor, Jerry Tabor, Phyllis Tabor, Kay Combs, Debbie Dunn, Dennis Robinson, Dawn Adams, Vicki Finnell, Jo Ann Duncan, Jane Duncan, Jane Duncan, Sherry Schodler, Suzanne Schodler.

Primary Class, teachers, Mrs. Carl Smith and Mrs. Dale Cross, Rebecca Jo Cheeseman, Darla Jean Smith, Patsy Ann Smith, Debbie Gilbert, Kandy Wrenn, Donna Hutchins, Patsy Merritt.

Junior Class, teachers, Mrs. Don Finnell and Mrs. C. Duncan, Jeff Duncan, Steve Forehan, Terry Cross, Dale Cross, Jo Ann Rust, Janis Merritt, Linda Forehan, Jackie Daniels.

Intermediate Class, teachers, Rev. Harold Daniels, Beverly Rust, Sue Conn, and Annabelle Hunt.

## Working In Florida

Miss Shirley Collins, daughter of Mrs. Helen E. Collins, and sister of Billy Collins, is employed at the Circle F Dude Ranch Camp in Lake Wales, Fla. She is a counselor for girls and also has charge of vesper services in the evening.

Miss Collins has completed her freshman year at Transylvania College in Lexington, where she is majoring in Physical Education. She expects to be home August 18 and will return to Transy this fall.

## An Every Member Canvass August 4 by Walton Methodists

Walton Methodist Church will conduct an every member canvass starting August 4, according to Arthur Daggett, canvass general chairman.

The canvass is an effort to strengthen the local church by enlisting more active support from members. It will be launched on Sunday afternoon, August 4, when two-man teams call at the homes of fellow Methodists to present the results of a local church study.

After church needs have been pointed out, each family member will be asked to assume a greater responsibility in church affairs; such as, becoming a Sunday school teacher, youth counselor or choir member.

Members will also be asked to consider their financial pledge to the church program in the light of needs discovered in the survey, according to Mr. Daggett.

Currently three committees are preparing for the canvass. Committee chairmen are C. O. Carlisle, G. O. Carlisle, and Malcolm Simpson. Rev. A. E. Atkinson is pastor of the local church.

## Ice Cream Social Aug. 3

An ice cream social, sponsored by Job's Daughters of Independence, will be given on the Courthouse lawn, Independence, on Saturday, August 3, beginning at 7:00 p. m.

Home-made cake and ice cream; soft drinks, a fish pond, and an auction of fancy work will be enjoyed.

## Revival at Beaver Lick Christian Church

A revival meeting will be held at the Beaver Lick Christian Church, Highway 42, beginning on Sunday, July 28, and continuing through Sunday, August 11.

This meeting will feature two fine young people, Miss Judy Rohmiller at the piano, and Jack Land as song leader. Rev. Chester Land, pastor, will do the preaching.

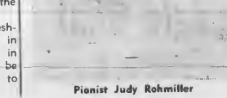

There will be many special features during the revival. One evening a group of 100 children will do some good old-fashioned singing—these children are very talented and deserve your support.

At the opening of the meeting, Sunday evening, a very talented trio will be presented, and each evening there will be special talent. If you miss any service, it may be the most important night of the meeting.

Services will start each evening at 8:00, and all members, friends and neighbors of the church are cordially invited and urged to attend.

Song Leader Jack Land

Pianist Judy Rohmiller

## Revenue To Purchase New Fire Equipment

The Independence and Community Volunteer Fire Department, of Independence, will hold its 21st annual picnic on this Friday and Saturday, July 26-27, on the Independence Court House grounds.

The department has been purchasing new equipment recently and are planning on purchasing more in the near future, and it is these picnics that supply the revenue for these improvements, so better to serve the residents of the community.

There will be entertainment for all, including a fish pond and rides for the children; there will be music by Steve Ammerman and His Ridge Runners, dancing and refreshments. A pony, complete with saddle and bridle, will be one of the feature prizes to be awarded, as well as cash prizes in the amount of \$300.

The firemen cordially invite you to be present and enjoy the evenings of fun and relaxation—and help the firemen fight YOUR FIRES!

## A. T. SPILLMAN

Alfred Tennyson (Red) Spillman, a retired Dry Ridge farmer, died last Friday at his home. He was 77 years old.

Survivors include his widow, Mrs. Stella Spillman; two daughters, Mrs. Robert Goodpastor of Walton, and Mrs. Ed Chipman of Verona; three sons, Clark and Maurice Spillman, both of Dry Ridge, and Clayton Spillman of Walton; two brothers, Earl Spillman of Williamstown, and Frank Spillman of Cincinnati; four sisters, Mrs. Lola McCoy, Mrs. Emma Penick, Miss Esther Spillman, and Mrs. Angel Humphrey, all of Dry Ridge.

Services were held Sunday afternoon at the residence, with burial following in Hillcrest Cemetery, Dry Ridge.

## SURPRISE PARTY

A surprise Anniversary Party was given at the home of Mrs. Leona Dorn by the girls on the 11-to-7 shift at the Booth Hospital, Covington, in honor of Helen Miller, of Covington, on Friday, July 12th.

A delicious covered disk luncheon was served to the following guests: Helen Hedges, Covington; Elizabeth Gison, Ft. Mitchell; Virginia Johnson, Covington; Beatrice Glenn, Walton; Jean Dunn, Newport; Helen Speers, New Richmond, Ohio; Mary Jagers, Covington; Eleanor Gilbert, Newport; Rosie Ball, Ludlow; Mable McMullins, Covington; Lora Sullivan, Covington; Marie Walters, Newport; Margaret Downey, Covington; Mildred Yunkers, Covington; Lois Cain, of Fiskburg, Joan Lee Cain, Fiskburg, and the hostess, Mrs. Leona Dorn.

Mr. and Mrs. Lee Sanders of Cincinnati, were the Sunday afternoon guests of his mother, Mrs. Lena Sanders.

Mr. and Mrs. Goldie Johnson of Covington, are the proud parents of a little son.

Put Up Variety of Foods Is UK Recommendation

Putting up snap or green beans is the order of the day with many housewives, but even though the crop is abundant, don't use all your canning or freezing space for them.

Too frequent serving of any food is the best way to create a distaste for it, say Extension food specialists at the University of Kentucky. Instead, can or freeze several kinds of vegetables or fruits in recommended amounts, and all will be enjoyed throughout the winter.

An easy way to determine amounts of the different vegetables to can or freeze is to multiply these recommended amounts for one person by the number of individuals in your family: green beans, 6 quarts; peas, 5 pints; greens, 6 quarts; tomatoes, 20 quarts; soup mixture, 6 quarts; corn or butterbeans, 7 pints; sauerkraut, 2 quarts, and cypriots or beets, 7 quarts.

A total of 42 quarts of fruits are recommended per person, including berries, cherries, grapes, plums, rhubarb, peaches and pears. In addition, 5 quarts of apples should be put up.

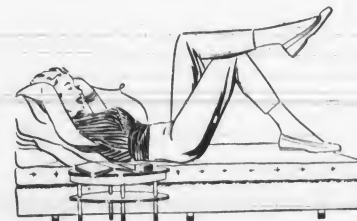

IS YOUR SUBSCRIPTION PAID?

**CARD OF THANKS—**  
We wish to thank the many friends and neighbors for their kind words and deeds shown us in the passing of our beloved husband and father, Grover Drake. We will be eternally grateful, and pray that each and everyone will be rewarded for his faithfulness.

### WHITES TOWER

The tobacco patch of Charles Dorsey in the Tower is almost all in full bloom and called by the early heavy rains.

Mr. Leinkreter of Latonia and his daughter and son-in-law Jimmy Ryle and wife visited the Tower Thursday and picked about three or four gallons of blackberries to make jelly of which they are very fond.

We would like to hear from anyone

who honestly believes that there is as good a place to spend your vacation as at home. At home you can relax, rest when you want too, if that bores you go out, and do a little work, then come in fix what you want to eat and take it easy till the next meal.

An old landmark on Taylor Mill Pike disappeared last week when the old Obel barn was torn down on the pike near Schumaker Road and "Old Decoursey" pike. This barn had been there for probably 75 years and makes way for another new subdivision.

Serious trouble has developed for tomato growers in and around the Tower as tomato's when only ripe are about half rotten and some vines are dying at the bottom. Mr. Inhabit of the Tower has beans that look just like the pictures in the seed catalogues. They are the best we have ever seen grown around here and just as tender and stringless as could be. His whole garden is wonderful and denotes a lot of care and hard work.

Mrs. Floyd Smith has entirely recovered from a siege of weed poisoning, we are glad to report.

Mr. and Mrs. Floyd Hemmingsway of Sugar Camp Road and close friends of Mr. and Mrs. Ray Darrell have moved into their new home on Senior Road.

Mr. and Mrs. Charles Dorsey and son Richard and wife and little daughter Sara have returned from a ten day tour and vacation to Smokey Mountains, Chattanooga, Tenn., thru Ala. and several southern states and report a very interesting trip.

Mr. and Mrs. Bud Ryle and Mr. and Mrs. Harold Schrader have returned from a Florida vacation and where they caught one hundred pounds of Red Groupers on ordinary fishing tackle of their own.

Pasteurization does not affect the nutritive value of milk, but it does protect its health giving qualities.

### GLENCOE

Mr. and Mrs. Tom Gorden had a home coming Sunday when all their family on both sides came with well filled baskets. Guests were Mr. and Mrs. Walter Noel in the afternoon. A surprise shower was given Mr. and Mrs. Billie Beech, grandson of Mr. and Mrs. Gorden

who was recently married. They received many nice gifts.

Mr. and Mrs. Westey Collins are visiting his parents Mr. and Mrs. E. W. Collins the past few days.

Mrs. Blanch Poland is now on her vacation. We are always glad to see Blanche home.

Revival services start at the Glencoe Church of Christ, Sunday night. Everyone is invited to attend.

Mr. and Mrs. Arch Maddox called Friday night at Owenton Hospital to see Mr. John Clark Beatty who is slowly improving.

Mrs. Ollie Hudson, Vivian Hamilton, son and daughter and Mrs. Walter Noel called on Mr. and Mrs. Les Miller Monday.

Mrs. Emily Rider is getting along nicely at the home of Mrs. James Adams.

### STOP THAT ITCH—IN JUST 15 MINUTES!

If not pleased, your 40c back at any drug store. Try instant-drying ITCH-ME-NOT for itch of eczema, ringworm, insect bites, foot itch or other surface itch. Easy to use day or night. Now at Brakefield Drug Store, Walton. 4t-27

## STAFFORDSBURG

Rev. and Mrs. J. W. Parish and Mr. and Mrs. Don Ricketts and sons of Louisville, are spending the week with Rev. and Mrs. Alan Parish in West Virginia.

We were glad to have as a guest minister at both services on Sunday, a former pastor, Rev. Elmer Kidwell of Florence. He with Mrs. Kidwell and their daughters were guests of Mr. and Mrs. Dawson Ballinger.

While Mrs. John Shaw was away on the trip sponsored by the Homemakers Club at Jamestown, Va., and other points of interest, the folks at home enjoyed a visit from their sister and aunt, Mrs. David Sovern of Anderson, Ind.

We were glad to have Mrs. J. J. Barnett home after she spent several days with the Rev. Ray Martin family of LaGrange. She tells us the new member of the Martin family, Kenneth Jennings, is doing fine. The older son, Richard, is spending a few days visiting his grandparents.

Miss Hope Keeney, who has been a patient in Methodist Hospital, Houston, Texas, is now at her home 3402 Purdue, in Houston.

Mr. and Mrs. Ray Mills and sons enjoyed a visit from their daughter and family, Mr. and Mrs. Joe Sudkamp and sons on Sunday.

Morris Wharton and Samuel Wasson of Dayton, spent Saturday here where they did some much needed roof repairing.

Mr. and Mrs. J. A. Keeney accompanied Miss Mary and Alma Stephens to spend the day with their sister, Mrs. Jessie Crail of Newport, who is quite ill.

## BAPTIST WMU MEETS

The meeting of the Baptist W.M. S. on Thursday July 18 at the church was called to order by Mrs. Helen Chance, president with the group repeating the "Watchwords."

Those answering the roll call were, Mrs. Gaynell Flynn, Mrs. Edith Gerth, Mrs. Niola Steers, Mrs. Bonnie Woods, Mrs. Margaret Wilson, Mrs. Lucette Neumeister, Mrs. Grace Knox, Mrs. Anna Johnson, Mrs. Bess Conrad, Mrs. Relda Powers, Mrs. Helen Chance, Mrs. Maude Wilson, Mrs. Julia Pennington, Mrs. Emma Tackett, Mrs. Larena Myers, Mrs. Ruth Souder, Mrs. Mary Rector, Mrs. Juliana Shields, Mrs. Mable Johnson, Mrs. Bertha Soden, Mrs. Anna Stephens, Mrs. Hallie Cook, Mrs. Iona Atherton, Mrs. Virgie Fisher, Mrs. Wilma Winburn and we were pleased to have Mrs. Camille Ferguson as a visitor.

The program was presented by Mrs. Goynell Flynn, "The Peninsula of Malaya", with members given parts telling what our missionaries are doing for God in this far away country.

The meeting was closed by calling the missionaries to Malaya by name and praying for each of them.

When the Lincoln family, consisting of Thomas, his wife Nancy, and their son and daughter, moved from Hodgenville to Indiana in 1816, they were ferried across the Ohio River at Cloverport.

## McNeely Circle Meets

The McNeely Circle met with Mrs. Grace Knox on July 11 with eight members and one visitor present.

Those attending were Mrs. Bryan Rector, Mrs. Charles Steers, Mrs. Carl Gerth, Mrs. James Gibson, Mrs. Woodson Ashcraft, Mrs. Bryan Rust, Mrs. Kenneth Johnson, Mrs. Leonard Cook, and Mrs. Grace Knox.

After the business hour, they were served refreshments. The next Circle meeting will be August 9 at 1:30 with Mrs. Leonard Cook.

## Goshen Missionary Meet

The Goshen Christian Church Missionary meeting was held in the church basement, Wed. July 10, from one to four o'clock in the afternoon. The business meeting at held, then a short program was put on called GO, by the ladies

with songs and prayer. The meeting was enjoyed by all.

Those attending were, Mrs. Ruth Worthington, Mrs. Ruby Worthington, Mrs. Ester Gleen and son, Mrs. Susie Beagle, Mrs. Janice Morgan and children, Mrs. Inez Vastine, Mrs. Joan Ashcraft and children Mrs. Rachel Daniels, Mrs. Eulah Lafollette and children. The next meeting will be held August 21.

## Services at Lebanon

There will be services at Lebanon Presbyterian Church on Sunday afternoon, July 28, at 2:30, with Rev. E. O. Kreuer of the Crescent Springs Presbyterian Church officiating.

Rev. Kreuer will conduct the communion service and all members are urged to be present. The public is also cordially invited to attend. Services are held at Lebanon the second and fourth Sunday.

AUCTION  
JULY 27, 1957

Harvie's Tavern, U. S. Route 25, approximately 2 Miles South of Walton, and 3 Miles North of Crittenden, Kenton Co.

The heirs of Alex Harvie, deceased, have signed a contract with me to sell at absolute auction for the high dollar at 2:00 P. M., July 27, 1957, on the premises, the property known as Harvie's Tavern.

The property consists of a building with bar room, kitchen, store room, and living quarters; said building is situated on a lot facing 150 feet on U. S. Route 25, approximately 2 miles south of Walton and 3 miles north of Crittenden, in Kenton county.

The fixtures consist of one soft drink box, one beer box, two refrigerators, cooking grill, bar, back bar, cash register, tables and chairs, and there is running water in the building.

Said property will be sold for the high dollar for cash. You are invited to attend this sale and buy a good piece of business property.

in your home this fall!

During the more relaxed season—summertime—make a few mental notes on the improvements you'd like to make in your home lighting before the shorter days begin. How about some good light in those work areas—kitchen, laundry room, your sewing corner? And, if you have school-age children—are their study spots supplied with adequate light?

After a leisurely survey of the lighting improvements you feel your home should have, talk it over with your electrical contractor, and if additional wiring is necessary to give your home full HOUSEPOWER... remember our easy "Wire on Time" payment plan. Your contractor can supply you with full details.

GOOD LIGHT is inexpensive—  
with your low electric rates around here!

THE UNION LIGHT, HEAT AND POWER COMPANY

## Biggest Sellers...because they're Biggest Savers!

You can tell from the way they're put together that Chevrolet trucks stay on the job... save on the job!

A truck with built-in stamina—that's Chevy. Whether highballing down highways or roughing it across rugged terrain, or doing delivery duty in town, dependable "can-take-it" Chevrolets are cutting

downtime to the barest minimum.

A truck with a choice of ready-to-go power—that's Chevy. From an advanced lineup of eight engines—140 to 210 hp—you can save by choosing the power precisely matched to your job. Thanks to compact weight-saving design, Chevrolet's V8's deliver high power per pound of engine weight—power that works harder for you. Chevy truck 6's are famous for their stay-

ing power. Whichever engine you choose, you know it's got the power to back up every inch of brawn in every Chevrolet Task-Force truck.

A truck for your job—that's Chevrolet, too. From pickups to middleweights to high-tonnage tandems, there's one just right for your job. See your Chevrolet dealer. He'll show you a model that's practically made to order for your kind of hauling.

## WALTON LOCALS

Mr. and Mrs. Herman Simmons and son, Greg and Mr. and Mrs. Thurston Moore spent Wednesday evening in Cincinnati visiting Kiddies Land.

Mr. and Mrs. Bobby Brown of Covington, Mrs. Coral Letsey and Robert Loomis of Detroit, Mich., were visiting Mr. and Mrs. Marion Washum on Friday.

Dr. and Mrs. Paul Nolting and children of Indianapolis, Ind. were recent dinner guests of Mr. and Mrs. Herman Simmons of North Main Street.

Mark Moore, little son of Mr. and Mrs. Thurston Moore of Verona Lake Ranch, is very much improved after being ill with intestinal flu.

Mr. and Mrs. D. K. Johnson were recent guests of their son, Lloyd Johnson, and Mrs. Johnson at Hamilton, O.

Mrs. Erma Stockman and Mrs. Daisy Yelton were shopping last Thursday in Covington and had dinner with Mrs. Yelton's daughter, Mrs. Cecile Derry. Mrs. William Parman and two sons of Chelfield Lake, Ohio, spent a couple of days recently with their grandparents, Mr. and Mrs. D. K. Johnson, Walton.

Mrs. Erma Stockman was visiting Miss Sallie Hayes of Warsaw on Wednesday.

Mrs. Daisy Yelton was visiting Mrs. Erma Stockman last week and while there they visited friends at Verona, also.

Wednesday called on Mrs. Yelton's niece Mr. and Mrs. Walter Boner of Loveland, Ohio.

## Scout Bake Sale A Success

Boy Scout Troop, 8, of Independence wishes to thank everyone who helped to make their bake sale a huge success. The prize cake was won by Nancy Carlisle of Morning View.

## VERONA

Mrs. Pattie Willeford returned to her home here Wednesday after a vacation with her son, Ernest Willeford, wife and baby of Georgia.

Mr. and Mrs. Harold Rasenstiel and family, Mr. and Mrs. Harry Edgington took a trip to Cumberland Falls and other points of interest in the mountains last Sunday.

Mrs. Elizabeth Kemper and Mrs. Rhodes of Warsaw, brought the Sunbeam children from Warsaw Baptist Church up to visit little Carol Ann Harris one afternoon last week. They all enjoyed the afternoon very much.

We extend sympathy to Mrs. Ed Chipman and the rest of the family in the passing of her father, Mr. Spillman of Dry Ridge last Friday.

Mr. and Mrs. Harvey Hughes and Mrs. Florence Edgington attended the funeral of their cousin, Mr. Ole Pettit, at Calvary Baptist Church at Lotonia on Friday afternoon. We extend sympathy to his family in the loss of their loved one.

Miss Nala Yates is visiting Mr. and Mrs. Ray Violett for a few days. Mr. and Mrs. Mayra Hayden and Mrs. Susie Gore were calling at Kemper and Arnold Funeral Home Sunday evening, to see Mr. Edd Wright, who passed away Saturday morning. His funeral was held Monday afternoon at the funeral home, Owenton.

Mrs. Martha Hayden is staying with her grandson, Jimmie Robinson, at Erlanger, for a few days while the rest of the family are on their vacation at Knoxville, Tenn.

Mr. and Mrs. Fred Hamilton and son Freddy Jr., took a trip to the Smoky Mountains last week. Little Freddy said he saw three big bears and one little cub on his trip. This was his first trip and he sure enjoyed it very much.

Mr. and Mrs. Lloyd Yates and daughter had for their afternoon guests on Sunday, Mr. and Mrs. Raymond Baker and daughter, Mr. and Mrs. Raymond Baker Jr. and son, Mr. and Mrs. Harold Vest and two children, Mr. and Mrs. Ray Violett and son and Mr. Joe Jones and sister.

Richmond, named for Richmond, Va., was first settled in 1784 by Col. John Miller. When the city was made the seat of county government, the first court was held in Miller's barn, the site of the present courthouse.

## Light Bearers Class Picnic

The Light Bearers Sunday School class met at the home of Mrs. Lillian Jackson for their regular meeting and family picnic, with Rev. Kelly Kennedy as a guest.

Those attending were Mrs. A. M. Davis, Mrs. Etta McManama, Mrs. Effie Clements, Mr. and Mrs. Pat Sturdivent, Mr. and Mrs. Lindsay Brasher, Marlene Webster, Mrs. Locke, Linda and Delilah Coyie, Mrs. Lizzie Noel, Mrs. Lena Harris, Mrs. Gene Coyle and children, Evelyn, Barbara and Eddie, Mr. and Mrs. H. N. Jackson and granddaughter, Paula Sue and Linda Gale Tankin of Withamsville, Ohio.

## AVOID INJURING TOBACCO

Avoid injuring tobacco with insecticides application, says Joe Claxton, County Agricultural Agent.

Do not concentrate the spray in the bud, it is much more sensitive than the older leaves and is easily burned by heavy applications of insecticide. Spray

nozzles should be passed rapidly over the plant at a distance of 15 to 18 inches from the foliage.

Do not use improper or worn-out nozzles. Use the spray nozzle for the particular type of insecticide, for instance, the emulsion concentrates call for a certain type. Do not use wettable-powder type nozzles for emulsion concentrates. Do not treat plants when temperature

is more than 90 degrees F. Spraying during late afternoon or in the evening if a sprays are necessary in hot weather. Do not spray tobacco with equipment that has been used for 2,4-D. Tobacco is very sensitive to 2,4-D. The designation "equipment" also includes measuring caps, funnels, etc.

BY DR. KENNETH J. FOREMAN

### Idols Old And New

Lesson for July 28, 1957

IF ANY of the readers of this paper had seen the pillar of Baal that the hero Gideon pulled down, they might not have noticed it at all. It may have been nothing more impressive than a post or pole of some kind, with or without some other image close beside it. Standing up or knocked over, it wouldn't seem to amount to much. And yet Gideon was accounted a hero for destroying it; a hero, because there were many people in the place who thought that tearing down that pillar was nothing short of sacrilege. For to them it was sacred, the most sacred object in the village. When Gideon tore it down, he actually risked his life at the hands of his fanatical neighbors.

#### Idols Overseas

There is hardly any kind of thing, no matter how ugly, ridiculous or disgusting, that has not become an object of worship somewhere, some time. American Christian travelers to India are generally shocked by the "gods" of Hindu temples. Aside from the unmentionables, there are absurd things like Ganesha, a fat little god with an elephant's head; or little stone bulls on whose heads garlands of yellow flowers will be laid as a tribute. Elsewhere there are great fat Buddhas, plated with gold or carved out of stone sitting out beside a mountain road, before whom offerings are placed, of money, food or drink. There are mountains and lakes and waterfalls and trees, local sights for the tourist, which are regarded with superstitious awe. Not an hour goes by, on this planet of ours, without some sort of honor—prayer, gifts, sacrifice—being offered to things which "having eyes see not, having ears hear not"—sometimes in human shape, sometimes beastlike, sometimes very hard to classify!

#### Idols in America

Why do people do such silly things? Perhaps it is for the same reason that Americans worship their idols. Yes, we do have idols in our enlightened land, though they are seldom called by that name. Whatever a man hangs his heart on and depends on, as Luther said,—that is his god. And if what we hang our heart on and depend on is the true God, then worshipping him and serving him is true religion. But if what we hang our heart on and depend on is not the true God, then whatever we worship, it is an idol, and worshipping it and serving it is not only nonsense, it is sin. Here in America the name of one idol is The Public. Politicians fall down and worship this idol, so do actors and advertisers. Keep the Public happy and careless, for once you lose its favor, you are lost. Another idol is called The Majority. If if more people do a thing (or don't do it, as the case may be), then that is the Last Word. Some people would no more think of going against the majority view than they would think of going against God. Indeed for such people the Majority, to all intents and purposes, might as well be God. For they don't listen to God with half the eagerness with which they always want to know what "everybody" does or thinks, before they will decide for themselves.

#### Only the Brave Break Idols

It took courage, more and physical, for Gideon to destroy the idol of Baal. It always takes courage to tear down idols. It takes even greater courage to destroy idols oneself has made and worshipped. People who do not follow popular idols are regarded as little queer, if not more than a little sour. Idol-breakers, people who "object" popular opinions and prejudices, not only have to get over their fear of what people will think,—they have to get over their fear of the idol itself. Whether it is the primitive African, afraid of the volcano he worships, or the ordinary American idolater, a worshipper of money or popularity, it takes courage to break, or to break with, an idol of any kind. But once the break is made, once a man's trust is placed in the true God alone, he can smile at the idol whose crawling slave he used to be. (Based on outline copyrighted by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. Released by Community Press Service.)

## ONE IDEA OF GOD

At the entrance to the valley where they buried their kings an ancient and industrious people carved the Sphinx.

This was their idea of God: the body of a lion, suggesting power . . . the face of a man, suggesting personality . . . the whole amazing image suggesting their belief in a MIGHTY deity who could be KNOWN.

Today, in our churches, we worship God as Jesus Christ revealed Him: almighty but merciful . . . knowing and eager to be known . . . loving man and seeking man's love . . . saving all who believe in their Saviour—His Son!

Can the ancient Sphinx have any significance for men and women like ourselves who have before us the Gospel and example of Christ?

Only this: As long as it remains, the awesome Sphinx will remind us of man's search for God. Just as our own church bells remind us of our opportunity to know, love, and serve Him!

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in the world for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verses

## CRITTENDEN

Mr. and Mrs. Wilbert Clay and son, and Billy Jump spent Thursday with Mr. and Mrs. Leo Gouge.

Mr. Ernest Beighe who has been quite ill at the home of Mr. Marion Belev has been taken to the home of his daughter Mrs. Virginia Burgess at Lexington.

Mr. Paul Alexander is in St. Elizabeth Hospital suffering with a broken arm and broken leg caused by falling off a load of hay.

Mr. Fred Hopperton remains quite ill at St. Elizabeth Hospital.

Mr. Ben Humphry was taken back to St. Elizabeth Hospital last week for treatment. He was stricken with Polio about two years ago.

Mrs. Florence Knight of Danville, Ill. is visiting her sister Mrs. Carl Flynn. Mr. Charles Trinker, who was burned three months ago, still remains in St. Elizabeth Hospital, his condition is fair. He had 1st, 2nd and 3rd degree burns when an oil stove in the chicken house exploded. He is having skin grafting.

Mrs. Dewitt Ranson (formerly Kathleen Wilson) remains ill her home in Latonia. She was a former resident of Crittenden.

Mr. and Mrs. Walter Cooke had as guests Sunday Mr. and Mrs. Russell Cooke of Morning View and Mr. and Mrs. Cecil Wallace and three children of Falmouth.

Mr. Walter Cook had his hand cut and arm hurt severely Saturday while leading a weaver and drier at the home of Charles Alphin on Lebanon Road. He was taken to office of Dr. Daldrop where first aid was rendered and sent to St. Elizabeth Hospital where he had several stitches to close the wound and his arm put in cast.

Sunday guests of Mr. and Mrs. Alan Piner were Mr. and Mrs. Evan Martin and daughter, Mr. and Mrs. Alton Woodard and son of Williamstown, Mr. Jas. Cox and friend of Latonia, Mr. and Mrs. Bill Hinch of Covington. Mrs. Piner has been very ill with infection of bone in her shoulder.

Mrs. Ida Menefee was taken to the hospital Tuesday for x-rays.

Mr. Melvin Mullins celebrated his 77th birthday. Those present Sunday were Mr. and Mrs. Johnnie Howarth of Bramley; Mrs. Rich Glenn and children of Piner; Mr. Ira Mullins and son, Bobby Mullins, Mr. and Mrs. Clarence Riley, Mr. Roy Mullins, Miss Betty Lou Phillips of Bramley; Mr. Billie Laitch of Independence; Mr. and Mrs. Paul Israel of Covington; Mrs. Billie Baker and children of Fort Mitchell; Mr. and Mrs. Charley Whitley of Crittenden; Mrs. Agnes Mullins of Piner; Mr. and Mrs. Marshall Tugate and daughter of Constance; Mr. and Mrs. Diana Elliott. Dinner was at the home of Mr. and Mrs. Clarence Riley.

## Thomas Advises War Orphans On College Aid

Now is the time for young persons to take action if they plan to enroll in school or college this fall under the War Orphans Education program, Director R. K. Thomas of the Kentucky Disabled Ex-Service Men's Board advises.

The program is for sons and daughters of war veterans who died of injuries or diseases resulting from their military service in World War I, World War II or the Korean Conflict. Generally, war orphan students must be between 18 and 23 years of age.

It will be better to arrange admittance now for these two reasons, Thomas said: First, students will have plenty of time to select the college of their choice. Many colleges are now crowded and delay in applying may result in not being able to enter the desired school. Second, a month or more is required for the Veterans Administration to process and approve an application for schooling.

War Orphan students may receive up to 36 months of schooling, generally in institutions of higher learning. They are paid up to \$110 a month for each month in school.

In addition to the educational benefits provided by the Veterans Administration for war orphans, such students who attend colleges or universities supported by the State of Kentucky are entitled to certain benefits provided by the Commonwealth.

Representatives of the Kentucky Disabled Ex-Service Men's Board will assist war orphans in applying for these schooling benefits, Thomas said.

## Wilmington W.M.S. Meets

The Wilmington Missionary Society of Fiskburg, met at the church, Wednesday afternoon, July 3, at 1:30. Nine women and three children were present.

The meeting was called to order by the president, Mrs. Naomi Segal. Prayer was given by Mrs. Nathalie Bailey.

and Mrs. Wilma Mullins read the minutes and had roll call.

The program was from the Royal Service and the subject was the peninsula of Malaya.

Attending were Mrs. Wilma Mullins, Mrs. Nathalie Bailey, Miss Brenda Kay Bailey, Mrs. Annie Collins, Mrs. Marietta Wilson, Mrs. Naomi Segal, Mrs. Lula Fisk, Mrs. Blanch Harker, Mrs.

Obra Pfantiel, and three children.

Mrs. Segal had charge of the program, and taking part were Mrs. Mullins, Mrs. Bailey, Mrs. Harker, Mrs. Collins, Mrs. Segal, Mrs. Wilson, Miss Bailey and Mrs. Fisk.

Fifty cards were sent to the sick, 37 visits and 43 phone calls made.

A traveling salesman was Harry G. Blowe,

Who could sell ice cubes to an eskimo,

But he fell for a line slicker than his,

From a new car salesman—wow! what a whiz!

The car had style—years out of date,

The features were new—back in '48!

Harry's still smiling, the tears hardly show,

But how he wishes he could get back his dough!

## Moral: Don't get "bargain-talked" into yesterday's styling and features!

Like a lot of people, Harry was looking for a "good buy" in a new car. But no car is a bargain if it's outmoded before you drive it a mile. For the same money, Harry could have stepped up to a dashing Swept-Wing Dodge—so new it actually obsoletes other cars in its field. Obsoletes their high, boxy design with the low, low look of tomorrow. Obsoletes their old-fashioned features with such advances as Torsion-Air Ride, Push-Button TorqueFlite and Total-Contact Brakes. So don't do what Harry did—please. See your Dodge dealer today.

Join the swing to the Swept-Wing Dodge!

# for BUYING SELLING TRADING BUCKEYES

I read those articles in the paper about the hill-billies in Kentucky and then five Buckeye salesmen came in to sell me merchandise to haul across the bridges they were going to burn. The character who wrote that first article should be sent down in Eastern Kentucky to work for a year among the finest Americans in our land. Maybe not the best educated but for good common sense and with a little chance they catch on quick. They are honorable and do just like they promise you. We people of Kentucky are all hillbillies and we don't like to be, as the boys in the mountains say, "made light of."

If there is a person across that Ohio River that thinks he is smarter than a hillbilly, send him over and I'll show him a hillbilly mountain boy who never had much chance for education who will outsmart him any time in the everyday living. I know some hillbilly school teachers who are doing a fine job teaching school in Cincinnati, and the children seem to like it. This all started just because some newspaper reporter needed something to write about and he turned over a bee hive. We have had a lot of fun over it, but some people don't call it fun or funny.

Jack Rouse who, with his father, Wendell Rouse, do a very high class sign business, was here after steel. They make some of the best in signs. I don't believe I mentioned the Tie Factory, operated by Evelyn Sizemore, who employs several ladies, and one of them, Leona Hall, one of our electric repairmen, has quit working for the Union Light, Heat & Power Co. and is in the business full time for himself. Give him a call today. Chick had it almost to himself—Ross came in about ten o'clock, I went to Cincinnati, Ross left at two, and I came back about four. Brewster is on his vacation. Chick was over a while for Junie Bender for an Oliver mower—we were out of blanks. He sold lots of small items, pipe and pipe fittings, electric fans, thermos jugs, fishing tackle, gun shells and cartridges. We sold a large size Skill electric saw to Wilbur Kell, also a large extension cord. Chick sold several feet of gray linoleum—this has been a very good selling item for us.

I believe this was the hottest Saturday we have had for a long time—Brewster on vacation, Ross worked all day, then Chick and I really sweat out. I sold Mr. and Mrs. Ed Black a very nice electric fan. Chick sold Mrs. Barlow, who lives in the pink house in the north end of town, a window fan. Ross sold a lady a croquet set. Orin Britt bought Barbara a pony saddle and mower repairs for his wife. A lady I don't know bought a National pressure canner. We have sold several of these this year. Mr. and Mrs. Roy Eason bought a lot of linoleum for their kitchen, and Jerry Maxwell bought water hose.

We were busy today selling carpenter tools, wiring material, lawn fence, National pressure canner, aluminum kettles, cold pack canners, fruit jars, point, stove pipe, down spout strainers, roof coating, Sto-Dri, that real water proof coating for your cement walls. Mrs. Huber, the wife of Mr. Huber, the jeweler, who owns the building next to the Electric Shop, has been redecorating the apartment—they expect to live in it for awhile, as the new highway took their home. They have been using a lot of Boice paint, both in flat and gloss. Larry Alho and I had a lawn mower trade. I have two used rotary mowers to sell cheap.

This was a very busy day—we sold a lot of everything. Ray Gullion, from Verona, came over and we had a Maytag washer trade. His old one for a new one. Tom Carr and daughter were here after a mower tongue—Chick drilled the holes in it for him and Gullion took it over for Mr. Carr. John Hanks bought a window fan, and Chuck took it down and put it in the window. Mrs. Cecil Stewart, on Alta Vista Drive, also bought a window fan and Chuck put it in. S. C. Combs, who lives in the store and didn't take us long to trade. Wilbur Snow called and said his wife was sick and he needed a large fan, so I took him one after supper. Two fellows stopped and bought a lot of pipe and fittings for their cake out of the lake—they are building several cabins out at Bulluck Pen Lake. We have plenty of fans of all kinds and prices, also we have lawn chairs, hammocks, croquet sets, badminton sets, thermos jugs, ice cream freezers, heavy galvanized water coolers in 3-, 5- and 10-gallon sizes. I also have a white enameled water cooler. I have a 12-gallon 110-volt electric water heater for only 49.50 and a 52-gallon double element Hoffman electric water heater for 99.50. I have two rebuilt square aluminum tub Maytag washers, \$95 each. I have two used round tub Maytag washers, \$75 each. A few lawn mowers left and I don't want to carry them over, so now is the time to trade. Bill and Frances McCormick were in today, so was Bill Scroggins.

Average consumption of ice cream by Americans in 1956 was slightly more than 18 pounds, in contrast to 1 1/2 pounds in 1909, in early days of commercial ice cream production.

Without milk, to get the adult requirement for calcium alone, a person might have to eat, besides the usual egg, meat, bread, butter and cereal, about 30 servings of vegetables and fruits a day.

Operation of farm machinery causes about a third of farm accidental deaths; next in order are drownings, firearms, animals and burns. Such figures these days, says the Extension Service, accent the necessity for safety on the farm. The week of July 21 has been designated Farm Safety Week. Here's the rundown on accidental deaths by category:

## Simon Kenton FFA Members Attend Hardinsburg Camp

Six members of the Simon Kenton Chapter, Future Farmers of America, attended the FFA leadership training center at Hardinsburg, Ky., recently.

Those attending were James Green, Stanley Parker, Bob Jackson, Victor Hightower, Neal Beach, Jim Kennedy, and Advisor Bob Barnes.

Activities at the center included special training for all officers and committee chairmen in how to be the most efficient in their work. During the afternoon special interest classes, such as photography, conservation, casting, rope making, beginner swimming, and electrical work were attended by members.

Jim Kennedy was the captain of a team of twenty boys, Bob Jackson placed second in the under-water swim and also got an award for his leadership ability.

All of the boys were very proud of their blue ribbon cottage award, which was received for having one of the best kept cottages at camp. This was quite an accomplishment for the boys in all twenty of the cottages were trying very hard to win this honor.

After the classes, a well planned recreational program completed a perfect day. The week ended for the boys with a trip through Mammoth Cave and a short visit to Lincoln Memorial on the way home.

## LIBYA VISITOR IN KENTON

Kenton county is to be host, from July 29 to August 9 for Saleem Hedia, agricultural Extension worker from Libya. According to University of Kentucky College of Agriculture and Forestry, Mr. Hedia is one of sixteen foreign agricultural workers from seven different countries in Kentucky for a three month stay. Purpose of the foreign agricultural worker's visit in Kentucky is to learn first-hand the methods and procedures used by local county agricultural agents in conducting an educational program with farm people.

During Mr. Hedia's two-weeks stay in Kenton county, he will spend several nights with local farm families.

For the past four years a former Kenton county, Clyde Richardson, has been in charge of agricultural development in Libya. Mr. Hedia served a portion of this time as an assistant to Mr. Richardson.

## UK Fall Semester To Begin September 16

New students planning to enter the University of Kentucky in September must submit an application to the Registrar's office not later than August 15 according to Dr. Charles F. Elton, dean of admissions and registrar.

Registration schedule for the fall term is as follows: September 16-18, classification tests and physical examinations for all new students; September 19, registration of all new freshmen; September 19-21, registration of all other students according to an alphabetical schedule, and September 23, classwork begins.

## Beauty Contest Is Scheduled at Boone County Fair Aug. 22-24

There will be two added attractions at the Boone County 4-H and Utopia Fair, at Burlington, August 22-23-24.

On Thursday night, August 22, there will be a beauty contest, and on Saturday, August 24, at 9:00 a. m., a tractor pulling contest, according to John Crigler, chairman.

The beauty contest will be directed by the Boone County Chamber of Commerce. There have been eleven entries to date, according to Harry Mays. Mr. Mays is in charge of registering, and any girls interested may call his home in Florence. Mr. Mays states that rules for the contest have been in the newspapers but they may be acquired at the County Agent's office in Burlington.

The tractor pulling contest is open to Boone county only. The rules are in the fair catalog, which may be acquired throughout the county. The committee in charge of this event are: Webb Smith, Herbert Cress, R. F. Woodward, and Sam Roberts.

Mr. Crigler said that all fair committees have been working hard to make a fair that will be one of the outstanding county fairs in the state of Kentucky, as it has been in past years.

## Completes Radio School

Private Melvin J. Vinson, 23, whose wife, Rosemary, and parents, Mr. and Mrs. Clarence W. Vinson, live on Bowman Road, Independence, was graduated July 19 from the radio relay and carrier operation course at the Army's Southeastern Signal School, Fort Carson, Colo.

The eight-week course trained Vinson to operate and maintain field radio relay, carrier and associated equipment.

He entered the Army last March and completed basic training at Fort Carson, Colo.

## Methodist Sunday Schools to Hear Radio Address

A unique part of the Sunday School lesson in all Methodist Churches in the Covington District on Sunday, August 4, will be a radio message by Rev. H. C. Ogles, D. D., Superintendent of the Covington District. The message will be broadcast over WZIP (1050 on your dial) from 10:15 to 10:30 a. m.

The message will emphasize the final stage of the Every Member Canvass and Enrollment in which all Methodist Churches are engaged at this time. The final stage will begin at 2:30 p. m. when teams of trained and commissioned workers will visit all members and friends of the church to enlist their support in the program for the future of the church, which has been developed and adopted by the congregation.

Rev. A. T. Atkinson, pastor of the local church, requests all teachers to cooperate in the plan and to arrange to have a portable radio in their classroom Sunday and to adjust their lesson to listen to the message, in their own class room.

## "Our Future Community Leaders"

Above are, top row, left to right, Vicki Sharon Burden, 3-year-old daughter of Mr. and Mrs. Prentiss Burden of Walton, Route 2; Karen Leek 6-month-old daughter of Mr. and Mrs. Walter Leek of Verona; and Ricky Leek, 1-year-old son of Mr. and Mrs. Thomas Leek of Verona.

Bottom row, left to right, Michael Leek, 3-year-old son of Mr. and Mrs. Thomas Leek of Verona; Ronald Allen Coyle, 3-year-old son of Mr. and Mrs. Ray Coyle of Morning View, Route 1; and Gary Dean Courtney, 6-year-old son of Mr. and Mrs. Leoma Courtney of John St., Walton.

Top row, left to right, are Leus Calvin Jo Arnold, 10 years old, Gladys G. Arnold, 7 years old, and Linda Lou Arnold, 9 years old, all children of Kathryn Arnold, Church St., Walton.

Bottom, left to right, Bonnie Jean Ferrell, 9-year-old daughter of Mr. and Mrs. Leroy Ferrell of Independence, Route 1; Terry Lee Jones, 6-year-old son of Mr. and Mrs. Richard L. Jones of Crittenden; and Larry Gene Courtney, 9-year-old son of Mr. and Mrs. Leoma Courtney, John St., Walton.

## REVIVAL AT UNION

A revival at the Union Baptist Church will open Sunday, August 4 with home-coming day and a basket dinner at the noon hour.

The services will continue each evening at 8:00 through August 14. Rev. Raymond Stewart, pastor, will bring the evangelistic messages, with Rev. Jan Fields, assistant pastor of the Florence Baptist Church, being song leader.

Visitors are always welcome.

## STEPHEN CALVIN FISK

Stephen Calvin Fisk of Shaw Road, near Independence, died Saturday, at his home. He was 69 years old.

Surviving him are his widow, Mrs. Maude Hampton Fisk, a daughter, Mrs. Dorothy Denier of Glenaca, a son, James C. Fisk of Elmwood; his father, Harley Fisk of Winston Park; a brother, Griffin Fisk of Winston Park; four grandchildren, and three great-grandchildren.

Services were held at 2:00 p. m., Tuesday, July 30, at the Swindler funeral home, Independence, with burial following in the Independence Cemetery.

## NELSON JARRETT

Nelson Jarrett, age 73, of Verona, died about 11:30 p. m., Sunday, July 28, near Florence, enroute to the Veterans Hospital, Cincinnati. A native of North Carolina, he moved to Verona nine years ago, and was a retired farmer. Mr. Jarrett had served with the Army during the Philippine Insurrection.

Mr. Jarrett, until about a year ago, had carried the mail from the railroad to the Post Office, being employed by the L&N Railroad in this capacity for about two years.

Surviving are two daughters, Mrs. Pearl Baker of Walton, and Mrs. Don Murray of Verona a sister, Mrs. A. A. Miller of Walton, and three grandchildren.

Services were held at 8:00 p. m., Tuesday at the Hamilton funeral home, Verona, with Rev. Kelly Kennedy officiating. Services were also held at the Macedonia Baptist Church, Burning Springs, Ky., on Wednesday at 2:00 p. m., with burial following in the church cemetery.

## Kenton County 4-H Club Fair to Be Held Wednesday, Aug. 7

Plans have been completed for the twenty-fourth annual Kenton County 4-H Club Fair, to be held Wednesday, August 7, on the Simon Kenton High School grounds near Independence. The event is open to all 4-H Club members of Kenton county.

All girls' 4-H Club entries, clothing, foods, handicraft, must be made by 10:00 a. m., Tuesday, August 6, in the cafeteria of Simon Kenton High. These entries will be judged Tuesday morning.

All boys' 4-H Club entries must be made by 10:00 a. m., Wednesday, August 7, in the rear of Simon Kenton.

Named by the 4-H Council were the following committees: Chairman, Boys' Registration, William R. Brown; Dairy and Livestock Department, Stanley Bird, Wilmer Steinhauer, John Hetterman, Robert Jackson and William Barries; Poultry and Rabbit Department, John Tewes and Robert Scott; Crops Department, William R. Brown and Ralph Foltz; Electrical and Woodwork Departments, Stanley Parker, Mrs. Mary Kordenbrock, and Mrs. Joseph Beckman; Girls' Registration, Mrs. Gurney Mitchell, Mrs. Thomas Stephenson, and Mrs. Wilmer Steinhauer; Clothing Department, Mrs. Sylvester Stahl, Mrs. Melvin Bruggen, Mrs. Melvin Strain, Mrs. Ralph Foltz, Mrs. Everett Cooper, Mrs. John Fisk, Mrs. Charles Grizzell, Mrs. Fred McMillan, Mrs. Irene Mann, Mrs. Robert Jackson, Mrs. Robert Hoffman, Mrs. Roy Hammond, Mrs. Joseph Blou, Mrs. Willis Streine, and Mrs. Marion Martin; Feed Department, Mrs. Blach Rich, Mrs. William Endres, and Mrs. Jesse Grant; Handicraft Department, for 4-H girls, Mrs. William Lawler.

One of the largest 4-H electric exhibits in the Cincinnati area is expected, according to local 4-H electric project leaders.

Several new classes have been added to the 1957 4-H Fair—in the garden section, classes have been added for cucumbers, mango peppers and sweet corn; in the foods department, classes have been added for oatmeal cookies, butterscotch fingers, peanut butter cookies and brownies.

Kenton County 4-H members have been advised to study carefully their 4-H Fair catalogs and to make their entries according to the rules and regulations, as outlined.

## Behanan In Germany

Army PFC Logan E. Behanan, 19, son of Mr. and Mrs. William Behanan, Walton, is participating in annual training tests with the 264th Field Artillery Battalion at a maneuvers area near Grafenwör, Germany. Behanan, a cook in Battery C, arrived overseas last September. He entered the Army in May, 1956, and completed basic training at Fort Sam Houston, Texas.

## Revival at Church of God

The revival now in progress at the Taylor Mill Church of God, Whites Tower, will continue through August 11 with services each evening at 7:30. Rev. Lloyd Tate of Cincinnati is the evangelist. You are welcome.

## Son Born to Cheesmans

Mr. and Mrs. William R. Cheesman, Morning View, are the proud parents of an 8-pound, 3-ounce son, William Grant Cheesman. A late child, the sisters await the arrival home of the new heir.

## Waterfield Approves Big Bone Development

### TRAINING ABOARD 'CAN'

Midn. 1/c Robert K. Caldwell

On a summer training cruise aboard the destroyer USS Forrest Royal, Midn. 1/c Robert K. Caldwell shoots the son of Mr. and Mrs. James K. Caldwell of Walton, Route 2, and is a student at the U. S. Naval Academy.

Caldwell has visited Rio de Janeiro, Brazil, and Trinidad, British West Indies. The cruise will end at Norfolk, Va., August 6, after gunnery training exercises at Guantanamo Bay, Cuba.

## Fair Catalogs Are Now Available Throughout County

Constance Service Station, Constance; Hunter & Hetzel Grocery, hill top near Constance; Dunn's Grocery, Donaldson Highway; Whitaker's Grocery, Bulls-head; Scathorn's Grocery, Idlewild; Les Ryle's Grocery, Mackville; Aylor's Grocery, Grant; Clause Cross Roads Market, Rabbit Hash; Scott's Garage, Rabbit Hash; Everett Jones' Grocery, Big Bone; Arnold's Grocery, Beaver Lick; Duck Head Inn, Highway 42, at Mud Lick; Ryan Department Store, Walton; Robinson's Store, Richwood; Carter's Corner Store, near Union; Evergreen Grocery, Evergreen Drive, Florence; Lucas Hardware, Florence; Florence Hardware, Florence; County Agent's office, Burlington; and R. V. Lents, Florence.

The fair will be held at Burlington, August 22-23-24. The fair Council has left nothing undone to make this year's event the biggest fair ever held in this county.

The beauty contest, for both babies under two years, and beauties from 15 to 22; tractor pulling, and tractor driving; cattle show, horse show; team pulling; music; agricultural exhibits, floral exhibits, and Homemakers exhibits, together with many other attractions are to be featured.

## Spends Leave at Home

Private Wilbur R. Reynolds, 19, son of Mr. and Mrs. William Reynolds of Crittenden, spent a 14-day leave at home after completing basic training at Fort Carson, Colo. He has returned to Fort Chaffee, Ark. for his next assignment. Pvt. Reynolds is a former Grant County High School student.

Pvt. Wilbur R. Reynolds

## As A State Park If Land Is Acquired

Acting Governor Harry Lee Waterfield told State Conservation Commissioner Laban Jackson and a group representing the Big Bone Park Development Association recently that when the association acquires the land, "The State will see that it is developed."

The Big Bone committee, headed by Walter Ferguson, Union, and William Fitzgerald, Florence, discussed possibilities of a new park in Boone county with Waterfield.

The group plans to acquire land and return soon with a program for development of a park about 20 miles south of the large population center of Northern Kentucky and Cincinnati.

"We are very anxious to assist the Big Bone development in every way we can," Jackson said, after the meeting with Waterfield. "In line with the desire of Governor Chandler and Acting Governor Waterfield, we hope to make Kentucky a great tourist region. Big Bone would be one of the new links in the chain of tourist developments we plan for the future."

"Kentucky is just one day's drive from 25 percent of the population in this country. Our Commonwealth has tremendous possibilities. It has many historical attractions, natural and otherwise."

## ICE CREAM SOCIAL

Job's Daughters of Independence will sponsor an ice cream social on the Courthouse lawn, Independence, on Saturday, August 3, beginning at 7 p. m. Home made cake and ice cream, soft drinks, fish pond, and an auction of fancy work will be featured. You are cordially invited to attend.

## Move Near Independence

Mr. and Mrs. Virgil Hagan and two children, Norman and Vergie, arrived July 21 to take up residence near Independence. They spent the past year in Florida, but formerly lived on Green Road.

They are visiting Mrs. Hagan's brother, Wayne Cooke, of Independence, until they located a house.

## W. H. Roe at Burlington

William H. Roe, contact representative of the Kentucky Disabled Ex-Servicemen's Association, will be at the Court House in Burlington, on Wednesday, August 7, from 9:00 until 11:30 a. m. He will assist veterans and their dependents with claims for benefits due them as a result of their military service.

## Kentucky's New Egg Law Explained; Fees Are \$5.00 to \$50.00

Nothing is more unpalatable nor creates poorer public relations for egg dealers than a bad egg in the breakfast skillet.

So-called edible eggs are being eliminated through compulsory candling under Kentucky's new egg law. The main purpose of the law, adopted by the 1956 General Assembly, is to assure the egg consumer a quality product. The law also protects the legitimate producer and dealer from unscrupulous practice by competitors.

The law requires that eggs of inferior quality be discarded and specified that if eggs are being sold on a graded basis, U. S. grading standards be complied with. To defray the cost of administering the law the Legislature authorized the State Agriculture Department to sell licenses to egg retailers, processors and jobbers operating in the Commonwealth. License fees range from \$5 to \$50.

Farmers selling eggs produced from their own flocks and restaurants, hotels and establishments using eggs in manufacturing are exempted from the law.

"Wickland," known as the "home of three governors," stands among stately trees near Bardonia. The estate once belonged to Dr. Walter Broashear, the Bardonia physician. A Lexington surgeon who performed the first successful hip-joint amputation on record.

Annie Laura Craycraft of Cincinnati, is spending the week with her grandparents, Mr. and Mrs. D. K. Johnson.

Mr. and Mrs. Gilbert Groger and Mr. and Mrs. Russell Groger and daughters spent Sunday with Mr. and Mrs. Robert DeGrummond.

**FAKE CANCER "CURE"**  
The State Health Department has reported receipt of a warning on a fake cancer remedy from the Federal Food and Drug Administration.

The department said the federal agency has issued "a public warning that the Hoxey treatment for internal cancer, distributed by the Hoxey Cancer Clinics at Dallas, Texas, and Portage, Pa., is worthless and may be dangerous to those who rely upon it instead of obtaining competent medical treatment."

Persons considering the Hoxey treatment were advised to obtain a copy of the warning notice from the Food and Drug Administration, Washington 25, D. C.

When Kentucky was admitted to the Union in 1792, the population was 100,000 and by 1800 the settlers numbered more than 220,000.

Cumberland Gap National Historical Park, 20,184 acres covering parts of three States, was designated a Federal area September 14, 1955.

## KEEP HOME FREEZER IN GOOD CONDITION

Home freezers should be completely defrosted and cleaned once or twice a year when the frost is from 1/4 to 1/2 inch thick. This advice comes from UK Extension home management specialists, who urge that defrosting be done before the peak time for freezing foods, if possible.

Follow the instructions for cleaning and servicing that came from the manufacturer when the freezer was bought. If they have been misplaced, see the sales agent or write to the manufacturer for a new booklet.

A home freezer operating normally should run about 18 hours out of 24. A dirty condenser can cause it to run 20 hours. Add a thick coat of ice crystals to the inside of the box and running time may increase to 22 hours. Then when a load of food is put in, the motor may run all 24 hours.

Even if the freezer doesn't break

down, as well it may under such conditions, the quality of the food in the freezer will quickly decline as the inside temperature rises. Inefficient operation also runs up the electric bill, warn the specialists.

To defrost, disconnect the freezer and wrap the packages in several layers of newspaper, stacking them tightly in a box or covering them with a blanket. Scrape the ice off the inside of the freezer, and hasten the defrosting by the use of an electric fan. Never use hot water, or you may have trouble starting the compressor.

When all the frost is off, wash the walls with warm soda water, rinse and dry. Connect the freezer, cool to zero degrees, and replace the food.

To keep the freezer free of frost, unwrapped food must NEVER be placed in the freezer. The tremendous pull of the freezer removes the moisture from such foods, depositing it on the walls of the freezer as frost.

## INDEPENDENCE

### Personal Interest

Mr. and Mrs. Art O'Neal are the proud parents of a baby girl, born the 4th of July.

Mr. and Mrs. Robert Messingchlag of Steep Creek Road, are the proud parents of a baby girl, named Patricia Mochel.

Miss June Ann Moses of Richardson Road, underwent an emergency appendectomy July 17 at St. Elizabeth Hospital.

Kenneth Clark and family of Bowman Road, moved to Miami, Fla., last week.

Word has been received here of the birth of a 7-pound, 12-ounce son to Mr. and Mrs. James R. Kiser of Yorktown, Va. He has been named Robert Russell. The couple also has a little daughter, Toni Lea. Also rejoicing are the grandparents, Mr. and Mrs. Robert Earl Williams of Apple Drive, and Mr. and Mrs. Russell Kiser of Hogrefe Road.

### Thanks and Appreciation

Members of the Independence and Community Volunteer Fire Department and members of the Ladies Auxiliary of the fire department, wish to express their sincere thanks and appreciation to all workers, helpers and donors to their annual firemen's picnic, held last Friday and Saturday evenings in Independence. It is the cooperation of these people that gives the public fast and efficient service that is needed to cope with such a crowd. These members also extend thanks to the many people who attended the affair, making it one of the most successful picnics ever held. It seems this year everyone knows of the importance that good equipment and fire-fighting apparatus needed to protect our homes and property cost money and everyone turned out, in some way, to help this department in its fund-raising picnic. Thanks again!

### Annual Ice Cream Social

The annual home-made ice cream social, sponsored by members of Bethel 8, Job's Daughters, Independence, will be held Saturday, August 3, at the Independence Courthouse. The serving will begin at 7:00 p. m. and there will be home-made cake, ice cream, soft drinks, a fish pond for the kiddies, and an auction of fancy work. The public is invited to attend this wonderful affair, whereas could you go to be served by the best looking girls in Kenton county?

### Just A Thought

Another reason you can't take it with you is that it goes before you do!

### Careless—Curses

A Troy, N. Y. man was driving along a highway when he tossed a lit cigarette from a front window. It blew back through an open rear window and set fire to the rear seat. His 1956 model car was a total loss. A safety precaution while driving, use your ash tray, you also avoid becoming a litter bug. Keep our highways clean!

### Bradford Softball Team

The next and last game to be played by members of the Bradford ball team will be played against Unity 478 at the Ludlow ball field, Wednesday evening, August 14. This game is scheduled to begin promptly at 6:30 p. m. and the public is cordially invited to attend. All Independence residents should be proud to encourage our players during the game.

### A, B and C Teams

William Eger of Madison Pike, Nicholson, will be recruiting boys in this area to try out at ball practice in order to establish another team. This will make three teams, classed as A, B and C.

## Be SAFE This Summer—ASWIM and ABOAT

He then rocks forward slowly, keeping elbows straight until his arms are approximately vertical, exerting steady pressure on chest.

To start, the operator places hands on victim's back so thumbs touch and heels of hands are just below line running between armpits.

Then he rocks backward, slowly sliding hands down the victim's arms to just above the elbows.

THESE are correct positions for the back pressure-arm lift method of artificial respiration recently adopted by the American Red Cross. Victim is placed prone, elbows bent, one hand upon the other. Cheek is placed on hand, face turned slightly to one side. The operator kneels at the head of the victim during the resuscitation effort.

C. More information on this will be given next week. The two teams now playing have won many games and are considered top teams in the league. With many youngsters now available, the third team, though new in the field, should rise quickly next ball season.

## GLENCOE

Mrs. Helen Duncan of Warsaw, called to see her grandmother, Mrs. Lisa Carlton, and Blanche, Sunday afternoon. Sympathy is extended Mrs. Kitty Beatty over the loss of her husband, John Clark Beatty, who passed away Sunday afternoon.

Mr. and Mrs. Robert Minor of Taylor Mill, spent Sunday with Mr. and Mrs. Paul Chapman and sons.

The revival starts at Sugar Creek Church of Christ, Sunday night, and everyone is welcome.

Bro. Ralph Boots preached at the Glencoe Baptist Church, Sunday morning and evening. Two wonderful messages were given. He was entertained in the home of Mr. and Mrs. Ed Shinkle.

Mr. and Mrs. Robert Jones entertained her mother from Carrollton.

Mr. and Mrs. William Tharp and son have moved in the Walter Noel house. We welcome these fine people.

Mrs. Nora Littrell has not been so well the past three weeks. We hope for her early recovery.

Alfalfa hay cured in a sack to save all the leaves contained 22 percent total protein and only 18 percent fiber compared with 16 percent protein and 30 percent fiber in other, high-quality alfalfa hay, say Illinois experimenters.

Americans last year ate an average of 53 pounds of eggs and 31 pounds of poultry meat.

## DAMP, HUMID WEATHER WILL BRING ON MILDEW

More than one housewife has found this summer that warm, humid weather provides the perfect condition for mildew. The reason is that the spores in the air that cause mildew like dampness and warmth, plus the darkness of closets.

Preventives are a dry atmosphere, good ventilation and cleanliness, says Miss Verna Lotzke, UK Extension specialist in clothing. So hang garments as loosely as possible in a closet ventilated frequently with an electric fan in the doorway. If necessary, keep the closet dry by burning a small electric light there constantly. See that soiled clothing is not left to attract the spores.

Both towels, dish towels and wash cloths should be thoroughly dried before being placed in the hamper. Leather pieces, such as shoes, suit cases and brief cases should be stored on a shelf, rather than on the floor.

Miss Lotzke calls attention to the recommendations of the USDA in combating mildew. Silica gel, activated alumina and calcium chloride, often sold under trade names, help control mold growth by absorbing moisture from the air.

Silica gel and activated alumina are not harmful to fabrics, and can be hung in cloth bags in closets, placed in open containers on closet floors, or spread in the folds of clothing stored in drawers, boxes or trunks.

Calcium chloride can be placed in open containers in closets, but should not come in contact with clothing, as it can make holes in them. Chemicals that give off mildew-discounting fumes also are helpful in trunks or bags made as airtight as possible. Parachlorobenzene (PDB), commonly used for moth control, also controls mildew. Scatter crystals of the chemical between folds of stored clothing, or hang bags of crystals of closed garment bags. Before using PDB, remove buttons, ornaments and hangers of plastic, as it sometimes damages them.

Henry Clay and Humphrey Marshall fought their famous duel at the mouth of Silver Creek below Louisville, on January 19, 1809.

The Bank of Kentucky was organized with authorized capital of \$1,000,000 in December, 1806.

The Lexington library with 400 volumes was established in 1796.

Ashland, home of Henry Clay at Lexington, was bought by the University of Kentucky in January, 1866.

In 1922 the U. S. Hospital for service men at Outwood, near Dawson Springs, was completed.

Use of milk in half-gallon containers increased from 27 percent of milk purchased in 1912 to 40 percent in March of 1957.

## CRITTENDEN

Paul Alexander, who has been in St. Elizabeth Hospital for two weeks, suffering with a broken arm and broken leg, returned home Saturday.

Fred Hopperton, who has been in St. Elizabeth Hospital suffering from gall stones, has returned to his home.

Mrs. Mary Schneider was shopping in Cincinnati, Wednesday.

Mr. and Mrs. Marion Belew and grandson, Eugene Belew, are spending two weeks vacationing in the west. Returning home they will visit places of interest in the western states and old Mexico.

Miss Carol Brown of Latonia, spent Saturday here with friends.

Mr. and Mrs. Claude Samuels and Miss Geon Martin of Erlanger, were visiting Mr. and Mrs. Charles Alphin, Saturday evening.

Ernest Beighe is critically ill at a Lexington hospital.

Mrs. Lou Corner spent Sunday with her grandson, Mr. and Mrs. Ranny Corner, of Piner.

Mr. and Mrs. Olan Piner were guests of Mr. and Mrs. Alton Woodyard at Independence, Saturday night. Ice cream and cake was served in honor of Mr. Piner's birthday.

## FAMILY REUNION

A family reunion was enjoyed Sunday at the home of Mrs. Flora Woods and family of High Street.

Those attending were Mr. and Mrs. Jones Snow and son of Williamstown, Mr. and Mrs. Floyd Humphrey and daughters, and Mr. and Mrs. J. B. McCubbin and son of Walton, Mr. and Mrs. Orville Collins, Mr. and Mrs. Larry Collins, Mr. and Mrs. Ray Woods and sons, Virgil Pennington and daughters, all of Covington, Mr. and Mrs. John Woods, Mr. and Mrs. John A. Tuggle of Cincinnati, Mr. and Mrs. James Bowling, Alvin Pennington, Billy Bowling, Mr. and Mrs. Bill Turner and sons, Mr. and Mrs. Clyde Spurlock and sons, Mr. and Mrs. Arnold Bowling, Mr. and Mrs. Seth Carter and sons, Mr. and Mrs. Palmer Bowling and sons, all of Hamilton, Ohio, Mrs. Julia Pennington and son, Elcanor, of Walton.

Cook and cool fresh pineapple before it is added to gelatin, or the gelatin will not solidify.

Alternate grazing can increase pasture incomes from 15 to 25 percent.

## Thurman Orders Firms to Cease Business in State

Insurance Commissioner C. P. Thurman has ordered certain out-of-state corporations to cease their business transactions in Kentucky.

Explaining his actions, Thurman said the corporations were in effect running an unlicensed insurance business in Kentucky. They were selling "warranties" on certain listed parts of automobiles to the purchaser of the automobile.

The contract, sold by auto dealers desiring to use the plan, stipulated that the listed parts were in good working order and would require no repairs or replacement—under normal usage—for a year, Thurman said.

Since the corporations were not primarily responsible to the purchaser of the vehicle and were not obligated to warrant the parts of the automobile and did so voluntarily by means of a contract for a premium, then they be-

come insurers, Thurman said. "In intent," he declared, "to protect the Kentucky public from such practices rather than cast reflection on business firms. If corporations want to conduct an insurance business in Kentucky then they must take the necessary steps to qualify themselves and obtain a license as required by the Kentucky Insurance laws."

## Double Wedding Is Solemnized at Bank Lick Baptist Church

New Banklick Baptist Church was the July 20 setting of a double wedding, performed by Rev. Robert Hopkins.

Miss Joyce Driskell, daughter of Mr. and Mrs. Robert Driskell, Sr., Bristow Road, Route 4, Erlanger, became the bride of Bobby Roe Goerler, son of Mr. and Mrs. John Goerler, Banklick Station Road, Route 1, Walton. The bride wore a beautiful waltz-length dress of white lace and chiffon with shoulder-length veil. Her maid of honor was Miss Norma Jean Johnson. She wore light blue lace and chiffon. Donald Walton was the groom's best man.

Miss Laverne Collins, daughter of Mr. and Mrs. John Collins, Banklick Station Road, Route 1, Walton, became the bride of Mr. Robert Driskell, Jr., son of Mr. and Mrs. Robert Driskell, Sr. of Bristow Road. The bride wore a beautiful waltz-length dress of white lace and chiffon with shoulder-length veil. Her maid of honor was Miss Norma Jean Johnson. She wore light blue lace and chiffon. Donald Walton was the groom's best man.

A reception followed the ceremony at the Driskell home. Guests attending were: Mr. and Mrs. John Collins, Harold, Elaine, Diane and Johnny Collins, Mrs. William Gabbard, Mr. and Mrs. James Meese, Mrs. Emma Collins, Mrs. John Goerler, Betty Goerler, Mr. and Mrs. Oscar Driskell, Mr. and Mrs. Robert Driskell, Sr., Connie, Peggy, Debra Driskell, Mr. and Mrs. Linzie Wagner, June, Joan, Judy, Edwin, Wendall and Gary Wagner, Ronnie and Timmy Goff, Mr. and Mrs. Mason Schodler, Freddie, Marilyn and Pamela Schodler, Jim Karp, Jim Smeal, Dick Embry, Herbie Haley, Dave Houston, Jerry Elliott, Mr. and Mrs. Murphy Ferguson, Patsy Kimberlain, Nelson Collins.

Mr. and Mrs. Virgil Perry, Mr. and Mrs. Donald Perry, Ruby Perry, Lizzie Lykins, Mr. and Mrs. Franklin Kidwell, Donna Kidwell, Mr. and Mrs. William Kidwell, Mr. and Mrs. Robert Graham, Mrs. W. D. Cook, Thelma Ector, Tina Glass, Kathy Glass, Mr. and Mrs. Lawrence Glass, Mr. and Mrs. William McPherson, Miss Bonnie Black, Mr. and Mrs. Robert Webb, Judy Webb, Carl Dunn, Robert Dunn, Bobby Dunn, Ethel Stephenson, Walter Owens, Mr. and Mrs. Jack Sturgeon and children, Mrs. Gladys Smith, Charles Steinfert, Mr. and Mrs. George Schodler, George, Jr., Dianne, Susan, Michael and Nelson Schodler, Mr. and Mrs. James Kanotzer and Ruth, Mr. and Mrs. Robert Matteoli, Rev. and Mrs. Robert Hopkins.

Mrs. Gertrude Sturgeon, Mrs. Ida Beckett, Virginia Sturgeon and daughter, Marguerite Sturgeon, Virgil and Bill Sturgeon, Alma Atha, Pearl Purnell, Shirley Purnell, Mr. and Mrs. James Underwood, Gary and Jimmy Underwood, Joyce Plunkett, Violet Switzer, Mr. and Mrs. Delbert Enders, Betty and Mary Enders, Mr. and Mrs. William Enders, Dick Reeves, Kathy Hall, Mr. and Mrs. John Vallandingham, Franklin and Judith Vallandingham, Mr. and Mrs. George Jump, Linda and Barbara Jump, Mr. and Mrs. Robert Walton.

F.F.A. ELECTRIC CLASS—Future Farmers from Boone and Kenton counties study motors during the electrical class at the F.F.A. Leadership Training Center, Hardinsburg. Here Ralph Winkle

(second from right) of The Union Light, Heat and Power Company, explains a motor part. The other instructors and the F.F.A. members are (from left) Gary Russell, Kentucky Utilities Company; Ray Maxwell and Bob Austin, Boone County F.F.A. Chapter; Bob Jackson, Simon Kenton Chapter, and Virgil Rains, Kentucky Rural Electric Cooperative. The electrical class is sponsored by the Kentucky Inter-Industry Farm Electric Council.

Donald Walton, Mr. and Mrs. Orlie Switzer, Miss Marilyn Carr, Miss Billy Martin, Shirley Switzer, Ronald Brown, Harry Bond, Susan and Betty Bond, Mr. and Mrs. Elmer Dunn, Mr. and Mrs. Ray Kumer, Mike Johnson, Janet Ingle, Mr. and Mrs. W. G. Fite, Jerry, Ricky, Eddie and Billy Fite, Mr. and Mrs. Melvin Martin, Mrs. Elton Hopper, Linda Walton, Mr. and Mrs. H. Clark, Raymond Kimberlin, and Robert Van Ahlefeldt.

### Birthday Dinner at Verona

A most enjoyable day was spent on Sunday, July 28, at the home of Mr. and Mrs. Ben Hopperton, in honor of Mrs. Hopperton and Mrs. Irene Bickers' birthdays. Those who came to help them celebrate were:

Mr. and Mrs. Joe Wilson, Mr. and Mrs. Mutt Martin of Fiskburg, Mr. and Mrs. Chester and sons of Cincinnati;

Mr. and Mrs. James Delaney of Latonia; Mr. and Mrs. Everett Wilson and son of Sharonville, Ohio; Mr. and Mrs. Joe Ed Morris and Allen Morris of Covington; Poodle Coyle, Miss Melania Mullins, Miss Kathleen Mulligan, all of Verona; Mr. and Mrs. Carl Wilson of Chattanooga, Tenn.; Mr. and Mrs. Eddie Hillman and sons of Maderia, Ohio; Mrs. Irene Bickers and son, Butch Humphrey, and Henry Yancey of Walton.

### Extension Service Issues New Circulars, Leaflets

Six leaflets and four circulars have been issued recently by the Kentucky Agricultural Extension Service for the general public.

They are: Circular No. 547, Raspberry Culture in Kentucky; Circular No. 548, Controlling Common Garden Insects; Circular No. 549, The Feeder Pig Enterprise in Kentucky, and Circular No. 550, Making and Feeding Grass Silage.

The leaflets: No. 190, Fertilizer-Insecticide Mixtures; No. 191, Control of Algae in Farm Ponds; No. 192, Eliminating Brucellosis; No. 193, Lamb for Kentucky Tables; No. 194, The Kentucky Area Testing Plan for Brucellosis, and No. 196, Small Grain Varieties for 1957.

Single copies are available on request to the Bulletin Room, Experiment Station, Lexington.

### HOPEFUL EV. LUTHERAN CHURCH

Florence, Kentucky  
Rev. Wilford C. Butts, Pastor  
Sunday School, 10:00 a. m.  
Church Services at 9:00 and 11:00.

Luther League, Sunday, at 6:30.  
Evangelism committee meeting Sunday at 8:00 p. m.

### GASOLINE TAX REFUNDS

Farmers in Boone county will be notified by William M. Gray, District Director of Internal Revenue, that it will not be necessary for them to apply for Form 2240, Claim for Refund of Federal Tax on Gasoline used on the Farm, if they filed a claim during 1956. Forms for 1957 will be sent by the Internal Revenue Service direct to each farmer who filed such a claim.

Farmers who intend to file a claim this year for the first time may obtain forms and instructions, after July 31, from Joe Claxon's office in Burlington, or from the District Director of Internal Revenue, Room 24, Federal Building, Louisville 2, Ky.

IS YOUR SUBSCRIPTION PAID?

ton. All left at a late hour wishing them many more happy birthdays.

Mr. and Mrs. J. W. Thornton and two children of Walton, and Mrs. Lucy Thornton and Mrs. James Vest of Florence, returned Tuesday from a vacation trip to Daytona Beach, Fla.

Masonic Fellowcraft Degree  
Walton Lodge, No. 719, F and A. M. will confer the Fellowcraft Degree, Friday evening, August 2, at 8:00. All members are urged to be present, and all Master Masons from neighboring lodges are cordially invited to attend.

## OAK RIDGE

Mrs. E. C. Harris returned home from the hospital Saturday and we are happy to report she is better. Her sister from California is visiting her for two weeks.

Mrs. Joseph Wren entertained Mrs. Ollie Miller, Mrs. Howard Bell, Mrs. Chester Tallent and Mrs. Helen Burgess at a luncheon last Friday.

Mrs. Jesse Bailey underwent surgery at St. Elizabeth Hospital, July 20, but we are happy to report it turned out not to be serious and she made a speedy recovery.

Mrs. H. R. Hutchins recently returned home from visiting her mother in New Orleans, La.

Linda Yates and Carol Tallent spent last week at the Intermediate G. A. Camp at Camp Cedars, near Bagdad, Ky.

Mr. and Mrs. William Cobin became the proud parents of a baby girl, Brenda Joyce, July 19. They now have three girls and one boy.

Miss Gertrude Dorman returned home from Warm Springs, Ga., July 25. Her mother, Mrs. Oral Dorman, went there and accompanied her home by plane.

Mrs. Sid Richardson and daughters, Sandy and Peggy, had a lovely vacation in Chicago, last week. Gary and Robert Richardson spent the week at the R. A. camp at Bethel while their mother and sisters were away.

Joe Maus took Chester Tallent and James Maus on a trip up the Ohio River on his boat last weekend. He and Mrs. Maus hope to make a trip down the Mississippi and through the Gulf of Mexico, in their boat this winter.

Mr. and Mrs. Edward Rust and son, Dickey, returned from a two weeks vacation in Daytona Beach, Fla., last week.

Mr. and Mrs. Charles Miller went to Chonate Field, Ill., last weekend to visit their son, Charles, who is stationed there, and to bring their son, Jackie, home with them. Jackie had been visiting his brother for a week.

Mr. and Mrs. George Anderson, Mr. and Mrs. Ellsworth Winn, Mr. and Mrs. Frank Butler and Ray Mathem attended the Commonwealth Life Insurance Co. convention at Virginia Beach, last week.

Walter Moore, father of Mrs. Jack King, underwent eye surgery at St. Elizabeth Hospital last week. He got along fine and expects to be home in a few days.

Mr. and Mrs. Donald Kenner brought their new baby home from the hospital last week.

Mrs. Fred Rinehart was probably very upset when she woke up and saw it raining Saturday morning with the wedding of her son, Roland Rabison, and Rheda Greene scheduled for 7 p. m. on their lawn. The weather cleared in time for the affair to go as planned.

Mary Ellen Bruce and Ensign Charles Wells were married in a beautiful ceremony at the Madison Avenue Presbyterian Church, Saturday evening. Out-of-town guests for the wedding, who visited the bride's parents, Mr. and Mrs. John Bruce of Senov Road, were Mr. and Mrs. W. B. Walls and Mr. and Mrs. R. N. Marshall and daughter, Susan, and Mr. and Mrs. Raymond Roe

and sons, Barry and Bruce, all of Richmond, Va., and Mrs. Horace Buitt of Alexandria, Va. The groom's parents, Mr. and Mrs. Bert Wells, Mayville, Ky., came up for the wedding also.

Mrs. Ed Egger, Mr. and Mrs. Chas. Auch and sons, Mike and Mark, Mr. and Mrs. Roscoe Egger and daughter, Carol, and Frank Egger and son, Rodney, went to London, Ky., last weekend to attend the Egger family reunion, which was held at Levi Jackson State Park, on Sunday.

## VERONA

Mr. and Mrs. Raymond Stephenson and sons had as their Sunday dinner guests Mr. and Mrs. Q. B. Swann of Cave Spring, Mr. and Mrs. E. D. Fisher and children, who have been stationed in Germany for quite a while, were on their way to Baltimore, Md., to make their home there.

Sgt. and Mrs. Harley Littrell and children from the M. P. Receiving Center at Camp Gordon, Georgia, has been taking his vacation with his parents, Mr. and Mrs. Conner Littrell and other relatives.

Mr. and Mrs. Leo Webster and friend Mrs. Menefee of Crittenden, Mr. and Mrs. Ross Chapman of Concord, Mr. and Mrs. Harry Chapman of Verona spent Sunday afternoon with Mr. and Mrs. D. R. Chapman and Mrs. Vevie Webster.

Miss Judith Rouse of Bradenton, Fla. is visiting relatives here. Her parents, Mr. and Mrs. Joe Rouse and sons, will be leaving Florida the first of August to visit relatives here and take their daughter back with them.

Mr. and Mrs. Mayra Hayden and daughter entertained Bro. and Mrs. Sower and three sons of Falmouth, on Sunday.

Mr. and Mrs. Jim Lamm of Verona and Mr. and Mrs. Ted McClure of Erlanger spent from Wednesday until Friday at Mount Washington, Ohio, visiting old friends, Mr. and Mrs. Oscar Simpson and family.

Mr. and Mrs. Alfred Kemper and sons of near Warsaw, were visiting Mr. and Mrs. Ira Harris and her mother, Mrs. Lena Harris, and her niece, Miss Judith Rouse went home with her to spend the week.

Mrs. Lizzie Noel was calling on Susie Glone and Flonnie Edgington a while on Sunday afternoon. Mr. and Mrs. Curtis Chandler were also afternoon callers.

Mrs. Edith Chandler spent from Tuesday until Sunday with Mrs. Allie Chandler and Mrs. Ethel Rogers.

Mr. and Mrs. Jim Lamm spent Sunday with his sister, Mrs. Rheda Jump and son and daughter.

Mr. and Mrs. Tom Yates and children were calling on his brother, Mr. and Mrs. Lloyd Yates and daughter, on Sunday afternoon.

It has been estimated that a half-acre continuously cropped can produce \$300 to \$400 worth of food.

## Check-up of Corn Fields Can Pay Off in Bigger Returns

A field check-up tells whether corn is well fed or hungry for nutrients. Well fed corn gives high yields, high profits per acre.

It cost pay Midwestern farmers to spend a few hours in their corn fields this summer checking up on the job they've done, reports the Middle West Soil Improvement Committee.

"Such a check-up can help you cut down your costs of production and get bigger yields next year per hour and per acre and per dollar invested in corn production," says the committee.

Here are some things to look for, says the committee.

1—Are all the stalks green all the way to the bottom? Off-color leaves and stalks indicate that something is wrong with the feeding of the corn plants. Either there are not enough nutrients in the soil, or something is interfering with the uptake of nutrients from the soil by the plants. Perhaps the soil is compacted so roots don't penetrate properly. Maybe insect damage is limiting the root system.

2—Are there enough stalks to use the fertility in the soil? The number of stalks needs to match the yield goals you had in mind when you planted the

field and fertilized the crop?

3—Is the soil loose and open, so air and water can get in and the plant can develop a strong root system? If the soil is solid underfoot—not soft and cushiony—then attention to the soil tilth may well pay good dividends next year. Perhaps organic matter is being used up faster than it is replaced. In this case you can build up the soil's tilth and structure by returning organic matter in the form of green manure or cover crops or crop residues put back in the soil.

4—What about the water supply for the crop? Is it running short? Is there run-off from the field before the soil is soaked up to field capacity? If that's the case, then something needs to be done to keep the water on the field and see that it gets in to the soil rather than washing away.

"Whatever conditions you find," says the committee, "you can profitably give them attention. This can help you do a better job of growing corn next year, so your costs of production will go down and your profits will go up."

## THE BIBLE SPEAKS

International Union  
of Christian Workers  
BY DR. KENNETH J. FOREMAN

### Foreigner

Lesson for August 4, 1957

AMERICA has always been a land of foreigners. The first human beings who ever came to these shores were natives of other lands. We think of the Indians as having lived here always, but their ancestors came from Asia across the Bering Strait. Some ancestor of every one who reads this sentence was once recently—or long ago—an immigrant to this country. And still they keep coming. The coming of Hungarians is fresh in our minds; but they are only one among many races in our American melting pot. In this we are more like Brazil or Australia than like long-settled countries such as Norway and Scotland.

### Motives

Why don't people stay put? Why this age-long trek from one land to another? Sometimes it is a mass-movement, sometimes a mere trickle of individuals. But migration is almost never aimless. There are always reasons. The story of Ruth, in the Bible book named for her, is the story of an immigrant girl, and very suggestive for our times too. This particular young woman left her native land to go among strangers at a time and place when strangers and migrants had a much harder time of it than they do even now. But her motives were simple, strong and good. She went from Moab to Judah because she loved her mother-in-law Naomi, the mother of her dead young husband. One of the most beautiful expressions of devotion, by the way, to be found anywhere, is in the book of Ruth where the young woman declares her determination to follow Naomi wherever she goes—a small poem of love, from a daughter-in-law to her mother-in-law. Ruth's motive in moving from her native country to a strange one was simply her love for her family. Many persons have come to America for no other reason than this, that their families had come or were coming. Think of the Hungarian families who want to stay together; of the war brides from Germany and Italy and Japan; of the newcomers from Greece, China, Ireland and all over the world, who as soon as they got through customs have headed straight for some city where they could live near their relatives. Most foreigners arrive with mixed motives; so did our own ancestors. And some of those motives are just as good as Ruth's.

### Contributions

Ruth, like most immigrants, had to start at the bottom of the ladder, both economically and socially. She was one of the extremely poor for whom the ancient law had been made: Do not harvest our fields clean—leave some gleanings for the poor of the land. So in her humble way, picking up what she could find in the fields of Boaz, Ruth contributed to the "labor pool" of her new home. Boaz was bright enough to see that Ruth had something to contribute besides physical strength. (She could carry a 90-pound sack of grain without help.) She had character of a rare sort. It took courage on the side of Boaz to decide to marry her, for he would be going against the prejudices of his neighbors, even against the law, which banned Moabites down to the tenth generation—and Ruth was only the first! But Boaz knew that this young woman, as wife and mother, would be an asset to his family and his country. And we know how right he was; how she became an ancestor of King David and even of the greater King Jesus.

### Welcome

It is only natural for people, families, communities and even nations to become ingrown, to be suspicious of strangers. Some places hardly ever admit any one to their closed circle. In a Virginia community a daughter of one of the "First Families," speaking of a neighbor, said, "Her family came here only 60 years ago—they don't really belong here!" What a lonely life that neighbor must have led! Newcomers have to prove themselves, as all men must, but it is shabby treatment not even to give them a chance. Happy is the community, and blessed the church, that will be as quick to help the needy among its newcomers, and to perceive the good in them, as Boaz was with Ruth, the penniless immigrant.

## MY PRIVATE MOVIE

There was a day last summer that I keep tucked away in the back of my mind, like a miniature mental movie all my own. Sometimes, when other days aren't quite as bright as this one was, I take it out and reel off a private showing.

It was a Sunday. We'd been to church. Lee and the three children and I. Then we went home and packed up a big picnic lunch and took it down to the creek. It was one of those perfect summer days poets have written about. Everything tasted better than it could possibly have been. When we'd finished eating, the kids sailed their boats while Lee and I stretched out on the grass and looked up in the blue sky, all dotted with fleecy white clouds.

We didn't say anything, but I know that we were both thanking God for all the blessings he'd bestowed on us. I know that we were feeling, just then, particularly at peace with ourselves, and with the universe. I was thinking, too, of our kids as they'd come out of Sunday School that morning, with their bright faces glowing, and I gave a silent vote of gratitude to my parents for having raised me in the Church. Now I was able, in turn, to pass on this priceless heritage to my own children.

In this high pressure, jet-propelled age we're living in, we need so much to guide our children in the right way. Without the aid of the Church I, for one, would be at a total loss—and that afternoon I realized it, with particular emphasis.

I suppose, when you come right down to it, we really didn't do so much, that Sunday. But it was a day that left me with a feeling of family unity, of togetherness . . . I shall never forget.

Sometimes, when things are "at sixes and sevens," a parent needs to take time out to remember just how precious a family is. Whenever I find myself in danger of forgetting—I just dust off my movie and live that Sunday all over again, to myself.

Copyright 1957, Keltor Adv. Service, Birmingham, Va.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in growth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verset
Sunday	Deuteronomy 11	18-23
Monday	Isaiah	24 14-16
Tuesday	James	1 2-10
Wednesday	Psalm	8 1-9
Thursday	Proverbs	8 20-44
Friday	Mark	9 33-37
Saturday	Mark	9 33-37

# Farm Facts

## FOR KENTUCKY FOLKS

by Wm. C. Johnstone  
AGRICULTURAL REPRESENTATIVE  
KENTUCKY BANKERS ASSOCIATION

CHANGES—A few days ago I was on radio station WHAS helping celebrate its thirty-fifth anniversary. Incidentally, it is almost 35 years since I drove my first T-Model Ford over gravel roads and through two toll gates to get from Lexington to Campbellsville to begin my work there as county agent.

In reviewing the major changes affecting Kentucky's agriculture that have taken place during that period, the following seemed to be the six most important: (1) The displacement of man power and horse power by mechanical power; (2) The coming of electricity to the farm, thereby replacing kerosene lamps; hot kitchen ranges and out-door toilets; (3) The introduction of hybrid

corn and new crop varieties, including Korean lespezo and Ky 31 Fescue; (4) The discovery of new chemicals to control insects, diseases and weeds; (5) Adoption of new techniques in livestock production, especially in poultry and turkey production, and including artificial insemination of dairy cattle and the use of antibiotics; and (6) The change in the farmers' attitude towards the conservation and improvement of our soil.

These changes have been largely responsible for the great increases in crop yields—for instance, the per acre yield of corn in Kentucky increased about 70 percent. Among other things they have made the country home and its people as up-to-date as those of the city and they have brought about a need for a much larger amount of capital and credit by the farmer.

But the greatest change of all has been in the farmer himself. Thirty-five years ago the average farmer was slow to take up new ideas; he was suspicious of county agents and book-learning; today, he is not only receptive to new ideas but he is right on the heels of research workers for something new.

The race for efficiency on the farm is fast. The farmer of the future must be well educated and wise, and well-versed with cash and credit because progress will continue, probably at a faster rate, during the next generation and only those with tremendous ability will be able to survive the competition.

### CHOICE OF CONTAINERS IMPORTANT IN FREEZING

Suitable containers must be used for freezing fruits and vegetables if you are to be assured of successful results, says Mrs. Pearl Haak, Extension foods specialist at the University of Kentucky.

Of first importance is their moisture-vapor resistant quality that will prevent loss of moisture from the product or absorption of "foreign" odors. When moisture evaporates from frozen fruits and vegetables, they become tough and dry and have an off-flavor.

Tin cans and glass jars are preferred for fruits in syrup, although plastic boxes, heavily constructed paper containers and Cellophane and plastic bags may be used on occasion if necessary. Any of the above containers may be used for fruits in dry sugar or for vegetables.

Research shows that tin cans are the most practical for freezing, as they can be used many times; their set-in lid makes a tight seal possible, and they stack easily. They are sanitary, economical and easy to thaw and empty, Mrs. Haak points out.

Glass jars are also reusable from season to season. The lids should be either straight or tapered so they can be filled or emptied easily. They are especially good for fruits, as the jars can be emptied without the pieces of fruit being broken and before all the ice crystals have thawed.

When plastic boxes are used, they should be filled to the filling line or suction, which takes place in freezing, will pull the top down in the center, causing the corners to rise. On the other hand, if the box is too full, the center of the cover will bulge.

"Plastic bags of good quality are serviceable, particularly when they are placed in boxes for protection. Both bags and boxes may be reused."

Mrs. Haak warns against the use of waxed milk cartons or cottage cheese tubs for freezing foods. They are not heavily enough waxed for this purpose, she said.

Hardsburg in Breckinridge county came into existence in 1780 as a fort built by William Hardin, soldier and frontiersman, known to the Indians as "Big Bill."

## WHITES TOWER

The Cincinnati Reds can take you up to the heights and then drop you off into the deep, dark abyss of despair. How can a ball club that has the fielders and the hitters that they have do this to us? One day they hit like demons, the next day they couldn't buy a hit for a million dollars.

Glad to hear that Mr. Walters has entirely recovered after his unfortunate encounter with his power mower.

Someone has started the habit of dropping their pets, mostly cats, in the tower, as they pass in cars. If you don't want your pets have them put out of the way painlessly by the S.P.C.A. Otherwise they may starve if left on the road.

The men's and women's Bible classes of Decoursey Baptist Church held their regular weekly meeting at the home of Mrs. Ryle in the Tower, Friday of last week. Each one brought something to eat, which was served on the lawn at 6:30 p. m. After the lunch Bro. Radar made a very interesting talk and Bro. Cox told of his experience in the western desert on his trip to California.

Everyone seemed to have a good time and were benefited both spiritually and socially and we enjoyed having these good people and hope they come again.

Mrs. Lennie Krueger of the Kalkfett Road was a very lucky lady Friday when her car skidded during the storm and went over a steep 12' embankment next to the writer's garden. A wrecker had to lift the car almost straight up to get it back on the road. Luckily it did not turn over as that could have been fatal to the driver. Mrs. Krueger drove the car away, none the worse for her experience. She remarked at the time that the Lord must have been with her.

Bro. Bob Brumback and family of Campbell county, were Saturday visitors in the Tower.

Jess Webster and wife had as guests last week, Mr. and Mrs. Cecil Chapman and daughter from Long Beach, Calif. Mrs. Webster was a guest of the Liberty Cherry Co. at the Red's ball game last Friday night.

Mrs. Inabirt is on the sick list at this writing.

Jackie and Paula Smith spent last week in Washington, D. C., visiting their sister, Mrs. D. Cooper. Mrs. Smith, their mother, went there Friday and brought the girls home with her Monday. They report a very interesting visit.

Mr. and Mrs. Frank Cox have returned from a trip to her father's in California.

## CONTROLLING WEEVILS

Controlling the various types of weevils in corn is a difficult process but it can be done, says Joe Glasgow, County Agricultural Agent, Boone County.

Three types of insects cause the most damage to stored corn, the Kentucky Experiment Station's entomologist says. They are the "Weevil" from the Angoumois moth, the principal offender, and the rice weevil and the granary weevil.

The Angoumois moth lays its eggs in corn in the fields; when the corn is stored the eggs hatch out and the resulting larva bore into the grain to feed on it. Later the larva changes and eventually the life cycle is completed, the moth emerging from the stored corn to lay more eggs.

There may be as many as five or six generations of this moth each year. Control is best gained by cleaning the crib thoroughly, burning the sweepings and spraying the crib (before a new crop is stored) with DDT insecticide. Spray floor and sides with one gallon of five percent emulsion, or mix two pounds of 50 percent wettable powder in five gallons of water. Both solutions should take care of about 1,000 square feet of surface.

The rice weevil enters with harvested corn, or can infest stored corn. The granary weevil infests stored corn simply by having been present in previous stored corn crops. It cannot fly.

To stop these pests, clean the crib thoroughly of trash and burn the sweepings, then spray walls and floor with two pounds of a 50 percent wettable Methoxychlor powder in five gallons of water, this will take care of about 1,000 square feet of space.

If corn is badly infested and not acceptable at mills for grinding feed it out to livestock as soon as possible.

If corn is shelled before storage use a seed protectant known as Pyrethrum with the stored, shelled corn. This material will not clear up an old infestation but will protect the new lot of grain. Fumigation is an excellent control method of corn cribs are the closed type. Don't let corn decay as this attracts other types of insects that ordinarily will not attack undecayed stored ear corn.

Giant strawberries and blackberries from South America may be used to breed into our present commercial lines. Drawings, 12.9 percent; firearms, 12.7 percent; falls, 11 percent; animals, 6.3 percent; burns, 6.2 percent; blowing objects, etc., 6.6 percent; electric current, 3.4 percent; lightning, 3.1 percent; and others, 7.5 percent. These totals are exclusive of at-home or on-highway accidents.

Survey of the U. S. this year showed that horn-flies, cattle gnats and lice, stable flies, and biting flies were the most unpopular insects last year, based on "popularity" reports from farmers. Mosquitoes and house flies were rated the most pesky from the human standpoint.

## KENTUCKIANS

### IN WASHINGTON

By Gil Kingsbury

#### Praise for Postmaster:

H. H. Morris, the postmaster of the House of Representatives, has a silver plaque to mark his 25th anniversary on Capitol Hill.

Postmaster Morris first tramped up Capitol Hill in 1932 when he joined the staff of the late Virgil Chapman, then a member of the House of Representatives. He continued with him in the Senate and, then on the death of the senator, he returned to the House in various capacities.

On his 25th anniversary he received tribute from all employees of the lower chamber. Incidentally, H. H. holds from Henry county—New Castle.

#### Lymen Ginger:

Congress was introduced to Dr. Lymen Ginger of the University of Kentucky via the Congressional Record.

The president of the National Education Association was presented to all lawmakers by Senator Thurston Morton of Kentucky.

The NEA, the senator pointed out, is fortunate in prevailing upon Dr. Ginger to take over the job. He then went on to quote an editorial from the Lexington Leader in which Dr. Ginger was given credit for the state's minimum foundation program.

#### More Praise:

Praise also came from the other Kentucky senator, John Sherman Cooper. He appeared before the Senate Committee on Agriculture and urged that this country continue its program of shipping surplus foods to other nations.

However, Senator Cooper heaped praise on the churches of the nation—as well as other organizations—who sent such abundant supplies to foreign parts.

"Their work," said the Somerset lawmaker, "is inspired by noble purpose," as well as other organizations—who sent such abundant supplies to foreign parts.

Mr. Siler Speaks:

Congressman Eugene Siler, who hails from Southeastern Kentucky, warned Congress not to permit Canada to build gas pipelines into the United States to compete with our coal supplies.

He pointed a finger toward his own coal-producing district. He told of unemployment in the coal fields brought about by competition from foreign fuels.

The interesting part of his discussion concerned Kentucky's coal reserves. We have enough spare coal, said he, to last for 900 years—all buried beneath the soil of the commonwealth. That is—to use an understatement—a lot of coal.

### Waterways Considered Important To The Well-Being of Farm Land

Watch waterways in farm fields, says Lyle Leonard, conservation specialist of the Kentucky Agricultural Extension Service, they are the most important spots on the farm — and often the most abused.

Waterways often are plowed with the rest of the field, but this is a poor practice; it frequently causes gully development, making excellent channels for run-off to carry away valuable soil.

If waterways were neglected up to now, here's what to do: Plant it thickly in sudan grass or sorghum; this will hold

during summer; then disk it down in late summer and do permanent seeding.

If side ditches are washed out along sod waterways that are too narrow, the erosion can be controlled temporarily by filling them with brush or spoiled hay. Make the waterways wider next year, Leonard says. When sod waterways have small washed-out sections, cut sod immediately and fill these wash-outs.

Don't use waterways for vehicular travel if it can be avoided. Wheeled vehicles kill grass in the tracks, and ditches soon start; these are hard to control, particularly if the tracks are up and down the slope.

## Over Half Gone!

1957 is over half gone and we are buying for fall because anytime after Labor Day they start buying heaters. I have already had two customers wanting to buy a heating stove and several wanting to sell me a used heater. We have a lot of heaters already in and more coming. Now is the time to check your heating system, even if the weather is hot so we can put you to the test and get it done as soon as the weather cools off.

Today we sold lots of roof coating to Mrs. Marvin Darlington, also some to Alfred Hume. Brewster was back on the job after two weeks rest. He went up to Mr. Denton's at Midway and repaired his pump, also measured for some linoleum. Mr. and Mrs. Robert Stephens at Union bought a Maytag washer. Mr. Carlisle, the joller at Independence bought a horse bride. We have those whigs in now that everyone has been asking for. We received a shipment of large size cold pack canners and some large straight-size kettles. Let your canning supplies at Conrad's.

We sold some of most all in the hardware business today. I had two lawn mower prospects and at the price I made them I don't see any reason why they won't be back. Leon Hall came after a h.p. Heavy Duty Motor, these milk coolers have a heavy duty motor. Nathan Northcutt Jr. and wife bought some fishing tackle, they are going to Florida on a little vacation with part of her family. Bolce brought down another load of paint, we must sell a lot of this paint as we get a large shipment every week. We get it fresh and you don't have to stir so much to mix it.

Mrs. Henry Gilvin and Mrs. Clarence Vinson came over today and bought a lot of linoleum. We have some very nice patterns to select from. C. O. Carlisle and Rose made two long bolts and Carlisle took home two gallons of Bolce's Outside White and one of my best 3 1/2 inch paint brushes. Dora Pennington bought enough paint for her porch and she just had built. I have sold several croquet sets this year, mostly the better ones. Today we sold several dozen fruit jars, we have the regular jars and the wide-mouth jars, also all the caps, lids, rubber rings both in two piece and zinc. National Pressure Canners have been selling this year and we have a good supply also most all the parts for them. We have been selling cold-pack canners in both sizes. We have a new shipment on the way in both sizes. We have jar funnels, jar wrenches and tongs.

Leonard Cook bought a new truck and came up for one on steel to steel to build a body. Chick drilled 10 pieces of angle iron for him to hold flat to bottom rails and the flat iron to go around the edge. Edward Roberts came after a gallon of plastic roof cement and 5 gallon can of asbestos fiber roof coating.

Mrs. Nora Hodges bought two quarts of gray porch enamel for her porch. It is hard to keep any kind of paint on a porch floor where the weather hits it. Roy Kenney was here twice today, he is repairing his buildings. Woodrow Ross brought in his mower knife and Chuck put in several new sections. I saw him putting in a pitman wood but I never asked who for—we do a lot of this type work. A small job that no one else will do, try us.

The truck unloaded a lot of canning supplies, such as fruit jars, jar lids, rubber rings and all the different sizes and types. We have a lot of canning supplies, also deep freeze supplies, cold pack canners, National pressure canners, model 21, at last year's price of only 29.95—this one holds pints, quarts and half-gallons. Croquet sets must be the big seller as my salesman said he had sold more this year than ever before, and I know we have. I have one hammock with a metal stand for only 12.95—it's a bargain! I have six used Maytag washers, all in good condition, and will give years of service.

Mrs. Steve Kirk and daughter from Piner, were in and bought several hardware items. Mrs. Margaret Smith, down at Beaverlick, bought a 12x12 Armstrong linoleum rug and some rug border. Ed Hapington got a very nice window fan. Gilbert Maxwell bought a 20" table fan, also some chisels and a hammer. Mrs. Myra Crouch bought a lot of screen wire and several other small items. Chick sold an electric hot-plate, also a lot of tools, some fence pipe and pipe fittings, fruit jars, linoleum, paint, Bandex, Sta-Dri, roof coating, beetle dust, and a sprayer.

We have those Dayton water systems and are selling both the jet and piston for 97.50. We also have five used Maytag washers, in good condition—try one and see. They are OK! John Napier and wife just came in and bought a round-tub Maytag washer. I sold several pieces of harness—we sell lots of halters and parts of harness. Ed Black bought a mowing scythe and I believe he will have to use it as no one has offered to help him. We just received some galvanized water coolers and water kegs. We sold a lot of small items today.

We sold glass, putty, caulking, tubes of colors in oil, down spout strainers, hinges, door bolts, door hooks, brass, chair, padlocks, files, back saws, blades, towel bars, toggle bolts, screw eyes, cup hooks, chicken leg bands, scythe handles, V-belts, pulleys, screen door hinges, solder acid, solder, Bruc floor cleaner, bridge bits, snaps, rivets, hog rings, scard, point brushes, rubber pump buttons, milk strainer, cold pack canner, pyrex casserole, curtain rods, etc. Come to Conrad's!

Brugh, Walton; Mrs. Blanche C. Ransom, Verona; Mrs. G. W. Talin, Burlington; Clifford E. Barnes, Grant; Charlie Carpenter, Erlanger; Estel Ryle, Burlington; Robert Ute, Burlington; Gayle McElroy, Walton; Melvin Aylor, Burlington; Beatrice Glenn, Walton; Maro W. Green, Burlington; Newton Sullivan, Grant; Charles Pepper, Burlington; G. C. Kelly, Burlington.

Nick Farrell, Verona; Nellie R. Egan, Walton; Lloyd Campbell, Florence; Harold Hodges, Union; Rebecca S. Brown, Walton; Joe Dance, Walton; J. Benton, Walton; Guy Carlisle, Walton; Ralph Mauer, Franklin E. Butler, Walton; R. Z. Asbury, Ludlow; Mrs. T. C. Crume, Florence; Gladys Klopp, Petersburg; Ralph Schwartz, Florence; Ross J. Bailey, Florence; H. N. Ockerman, Burlington; Gayle McElroy, Walton; Ralph Sparks, Walton; Willard Ryle, Grant; Delbert Dunn, Burlington.

David Clare, Grant; Ben Kottmeyer, Burlington; Joe Louderback, Walton; Mrs. Charles Dean, Florence; Edward Black, Walton; Stanley Banta, Petersburg; Wilton F. Kidd, Burlington; Mrs. Donald Stephenson, Walton; W. D. Scroggin, Verona; Harold Davies, Burlington; James S. Smith, Walton; Thaddeus Ryle, Union; Lloyd Rouse, Florence; Owen Bethel, Jr., Florence; C. D. Gaines, Burlington; Mrs. Dayon C. Adams, Florence; Mrs. Lloyd Campbell, Florence; C. L. Lancaster, Burlington; and F. N. McWhorter, Petersburg.

## Priming Burley Is A Profitable Practice

Priming burley tobacco in most years will increase both yield and value of the crop per acre, says the Kentucky Experiment Station.

The practice—removing leaves from the plant as they mature, leaving up the thin-barked (desirable) leaves up the plant and thus improve the over-all quality, says C. E. Bortner, tobacco scientist.

The majority of burley is "stalk-cut" at harvest time, and none of the leaves are removed before this cutting operation; consequently, in certain years, many of the ripe leaves drop off the plant and are lost.

"Priming" the greatest possibilities lie in the field of quality," Bortner says. "By removing the bottom three to four leaves in the first priming, the grower, knowing those leaves are safe in the barn, will allow the remainder of the plant to stay in the field until ripe, thus improves the over-all quality of the crop."

Priming more than once may save additional leaves which, if properly cured, will be of higher quality than when stalk-cut. With two primings and stalk-cutting, there will still be thin-barked tobacco on the bottom of the stalk-cut plant, an additional increase in quality.

Three primings, Bortner says, has in all years tested prevented loss of any leaves, remainder of leaves on the stalk-cut plants also were better quality. Priming more than three times has not been proved profitable as yet, Bortner says; the third priming itself also was not profitable except in wet years when leaf damage loss on unprimed tobacco was heavy. "Full effect of priming on quality has not been recognized as yet because the price incentive has not been sufficiently large for this type of tobacco to pay for the labor necessary to prime beyond the point of saving leaves," he says.

Curing primed leaves properly is highly necessary, in fact, the best curing cures, some additional heat will be necessary, Bortner warned.

## NAPIER-BICKERS

Carl Bickers of Richmond, and Mary K. Napier of Verona, were united in marriage Friday afternoon, August 2, at the Walton Christian Church, with Rev. George E. Fiske officiating.

The couple departed for a brief tour through the southern part of Kentucky.

## Camping Trip Enjoyed

The classes of W. E. Duchemin and Jimmy Allphin of the Junior Department of the Walton Baptist Church enjoyed a camping trip Friday night, August 2. Those who went were Harry Sleet, Marvin Portwood, James Portwood, Bobby Denton, Donald Mee, David McMillan, Mr. Duchemin and Mr. Allphin.

## Wins Blue Ribbon

Mrs. Ethel Breeden, one of the best cake bakers in this area, won first prize at the Grant County Fair on her famous jam cake. This is just one of the many prizes she has won with her cakes.

## State Issues Largest Bid-Call of Year For Road Work

The Kentucky Highway Department is seeking bids August 23 on 56 road improvement projects covering about 165 miles—the largest bid-call of this construction year. The bids will be opened at 9:00 a. m. (EST), August 23 at the department office in Frankfort, according to Commissioner Robert Humphreys.

Of the proposed projects, more than 40 are on rural highways or rural secondary roads, totaling about 120 miles of work. The office of Rural Highway Commissioner J. B. Wells, Jr. said this was the largest single proposed letting of rural contracts of this year.

Two more projects to be built in Kentucky under the 9-to-1 federal aid program are included in the bid call. They are: About 4 miles grade and drain work in Hardin county on the proposed superhighway that ultimately will extend from Louisville to the Tennessee state line and about 2 miles extending the Watterson Expressway near Louisville from U. S. 60, the Shelbyville Road, to near U. S. 42, the Louisville-Cincinnati road. Both these projects call for four-lane divided highways.

Ten bids—with the lowest \$1,169,487—recently were received for initial construction of the first stretch of the proposed four-lane superhighway. The lowest bid by Sam Nally Co., Bardonia, and Nally & Gibson, Springfield, was for grading and drainage of 6.264 miles. The contract was awarded on August 2. This stretch extends from about a mile south of the Kentucky Turnpike to near the Nolin River in Hardin county.

## "Our Future Community Leaders"

Above, top row, left to right, Kathy Lee Hendricks, 3-year-old daughter of Mr. and Mrs. Robert G. Hendricks, 33 High St., Walton; Jeffery Watts, 2½-months-old son of Mr. and Mrs. Frank Watts, 42 North Main St., Walton; and John L. Webster, 12-year-old son of Mr. and Mrs. John H. Webster, Stephenson Mill Road, Walton. Bottom row, left to right, Jeffery Wayne Burden, 8-months-old son of Mr. and Mrs. Prentis Burden, Route 2, Walton; Candace Thornton, 9-year-old daughter of Mr. and Mrs. Jesse W. Thornton, North Main St., Walton; and David Edward Egan, 8-year-old son of Mr. and Mrs. Edward Egan, 10 Welsh Ave., Walton.

## Leadership Training Conference Held for All F. H. A. Officers

Northern Kentucky District Future Homemakers of America attended a leadership training conference recently at the Future Farmers of America camp at Hardinsburg, Ky. A three-day conference was held for all district and state officers to give them training in their office duties.

Plans were also made for the fall district meeting. The theme of the conference was, "U. R. A. F. H. A. Leader." There were fourteen districts and 225 girls attending. The girls from the Northern Kentucky district were:

Jean Elliott and Becky Wilcoxson, Simon Kenton High; Mary Jane True, Grant County; Judy Lynne Scott, Dixie Heights; Belle Gardner and Faye Kohls, Campbell County; Linda Sue Morris, Butler; Jane Lawrence, Carrollton; Barbara Wilson, Dayton; and Jackie Grassheim, Highlands.

Advisers of these girls are Mrs. Gertrude McElroy (Simon Kenton); Mrs. Helen Hausman, Campbell County; and Mrs. Christine Wallace, Carrollton.

## Department Award Presented to Johnson- McElroy Legion Post

Johnson-McElroy Post, 277, Walton, was presented a Department award at the last meeting of the Post by District Vice Commander Truett DeMaisey, on behalf of the American Legion, Department of Kentucky, Commander, Harold Dabbs, for the Post's outstanding record in all phases of Americanism and membership for the year 1957.

This is an outstanding award and only a few posts each year are selected for this honor. The local Post's officers were formally installed by the 4088 Honor Society of the Sixth District of Kentucky, led by Sixth District Commander Bob Dean, Latonia Post 203. He was most ably assisted by George Ams, Bob Keys, Dick Swope, Stump Wilson, Jack Lancaster, Jack Weimer, Jake Swope and Ed Thoburn.

According to those present, including members of the degree team, this installation was one of the most impressive ever presented by this unit of the 4088. One of the local members said, "We were very gratified to have two such fine things happen to us on successive weeks."

## DISTRICT FREIGHT AGENT

Richard W. Parr

Richard William Parr, son of Mr. and Mrs. Nick Parr of near Morning View, has been promoted to District Freight Agent at Buffalo, N. Y., with the B&O Railroad.

Parr started working with the B&O in Cincinnati, and has been with them in Memphis, Tenn., Kansas City, Mo., and most recently in Newark, Ohio, as Traveling Freight Agent.

Mrs. Parr and son, Bill, will soon join Mr. Parr to take up residence in Buffalo.

## MRS. ROSE ARMSTRONG

Services for Mrs. Rose Jo Ann Armstrong, Main St.—Independence, were held Wednesday afternoon at the Independence Christian Church. Burial was in Independence Cemetery.

Mrs. Armstrong, who was 66 years old, died last Sunday at St. Elizabeth Hospital, Covington. She was a lifelong resident of Kenton county.

Surviving here are her husband, Frank J. Armstrong; three daughters, Mrs. Ethel Carroll of Ryland Heights, Mrs. Thelma Canaday of Independence, and Mrs. Hazel Armstrong, at home; four sons, Bradford of Pleasure Isle, Arthur and Woodrow of Independence, and Edward Armstrong of Covington; a sister, Miss Edna Conley of Covington; four brothers, Joseph Conley of Erlanger, Wilbur Conley of Alexandria, and James and Donald Conley, both of Dayton, Ohio, and 10 grandchildren.

## Shower for Bride-to-Be

A shower was given for Miss Betty Rogers, bride-to-be of Delbert Norriscutt, Thursday evening, August 1, at the home of Mrs. Buddy Grubbs, with Miss Margie Carpenter and Mrs. Joe Stephenson serving as co-hostesses.

The affair was held on the beautiful lawn with the color scheme of blue and white. Miss Rogers received many nice and beautiful gifts.

Refreshments were served to Mrs. Livonia Elliott, Mrs. Charles Rogers and daughter, Bobbie, Mrs. Peggy Mountourie, Mrs. Ruth Vest, Mrs. Rose Watson, Mrs. Betty Carlisle, Mrs. Martha Jane Carpenter, Mrs. Alys Lusby and daughter, Pamela, Mrs. Carole Hankinson, Mrs. Juanita Schleyer, Mrs. Margie Ison, Mrs. Rose Mary Clements, Mrs. Audrey Spencer, Mrs. Mary Stephenson, Mrs. Margie Carpenter, Mrs. Margie Stephenson, and Mrs. Sharon Grubbs.

## HUGHES CHAPEL WSCS

The Hughes Chapel W.S.C.S. met for its regular monthly meeting July 17 at the home of Mrs. William Brown, of Walton. After the delicious meal, the program was conducted by Mrs. Rose Kite. Program subject was, "Strangers Within the Gates." The purposes were to call attention to some of the many places in the world where large colonies of people, different in some respect from their neighbors, in race, nationality, color, religion, or economic status, form virtual "islands" in the population, isolated, shut off by man-made barriers and to show that many islands of isolated groups of people await His Word and that there will be no wholeness in the church until they are included in the fellowship. Hymns used were, "For You I Am Praying." Prayer was by Mrs. Pearl Bedinger. Scripture read by Mrs. Clarence Struve was from Leviticus and Matthew. Mrs. Walter Robinson gave information on the work of the Methodist Church in Malaya since 1885. Finding it not feasible to work among the Muslim Malays, the workers concentrated on the Chinese and Indians.

Regular business was transacted and announcements made. Mrs. Lula Hudson dismissed with prayer. Mrs. Feagan was a guest. Next meeting will be on August 14 at the home of Mrs. Charles Baker, Jr., Beater Road.

## Farmers Urged To Test For Brucellosis

### Take a Look!

Ye Editor of the Advertiser asks you, as a subscriber, to "take a look" at the top of your paper, where your name is printed, and right behind that is your expiration date—if it is passed, then you are overdue—won't you kindly take care of it NOW! Since newspaper is almost impossible to get and "higher than a cat's back," we must take off all those who are overdue—beginning August 15, and we sure want YOU as a reader.

### Return from Florida Vacation

Mr. and Mrs. Leslie A. Damon of Taylor Mill Pike, have returned home from a vacation which they spent at Daytona Beach, Miami Beach, Sarasota and Clearwater, Florida. They also visited Silver Springs, Cypress Gardens, along with many other points of interest, including a boat cruise.

### Son Born to Ryans

Mr. and Mrs. Clifford Ryan, South Main St., are the proud parents of a son, born Monday, August 5, weighing seven pounds and one ounce, and named Randy Wayne. The Ryans have another son, Ricky.

## Dr. T. L. Leathers to Open Dental Office In Warsaw; June Grad

Thomas Lee Leathers, formerly of Verona, was awarded his dental degree from the University of Louisville at the commencement ceremonies in June. Dr. Leathers pursued his pre-dental studies at Illinois Wesleyan University, Bloomington, Ill., where he was a member of Theta Chi, national social fraternity. He also has membership in the national dental fraternity, Delta Sigma Delta.

Dr. Thomas Leathers

His wife, Marilyn, also graduated in June from the University of Louisville School of Dental Hygiene. She had previously attended Illinois Wesleyan University, where she was a member of Kappa Kappa Gamma, national social sorority.

Mrs. Thomas Leathers Dr. and Mrs. Leathers will reside in Warsaw, where they plan to practice.

## 318 Cattle Condemned During First Month

Acting State Veterinarian Dr. Robert H. Singer warned farmers today that they may be risking financial loss by not requiring that all cattle bought or sold at stockyards and public sales for return to the farm be tested for Brucellosis prior to sale.

### May Be Condemned to Slaughter

Dr. Singer stated that reports had reached his office in Frankfort that some stockyards were not blood testing cattle before they went into the sales ring. Often the purchaser would buy a cow or bull only to find that it was brucellosis infected. In such cases, the animal must be sent to immediate slaughter, and often at prices considerably lower than the purchaser had paid for the animal on hour or so earlier.

### Help Seller Test

The State Veterinarian pointed out that pre-sale testing was also advantageous to the seller because the prospective purchaser could buy with the confidence that the animal in question was a healthy one. He added that some yards operators had reported to him that the selling price of a pre-tested animal ran \$15-\$25 higher than for one that had not been tested.

### 7.4 Per Cent Fail Test

This regulation requiring testing of cattle being returned to the farm has been in effect since July 1, this year. During the first month, 4,275 cattle were blood tested to be returned to the farm. Of this number, 7.4 per cent either were branded as reactors or were designated "suspect." Neither reactors nor suspects may be returned to the farm and must be sold for slaughter immediately.

A total of 3,591 cattle passed the blood test and on additional 367 calves four to eight months of age were vaccinated against brucellosis. 318 cattle were condemned.

### Marlowe Circle to Meet

The Rose Marlowe Circle of the local Baptist Church will meet this (Thursday) afternoon at 2:30 in the home of Mrs. Leo Flynn.

## Building and Loan Adopts New Plan For Cheaper Loans

As of July 1, directors of the Walton Pictorial Building & Loan Association of Walton, has made available to borrowers loans on the direct reduction plan. This is the plan now normally in use by all of the larger associations in this area, and a departure from the old plan in use by the association since its formation in 1887.

In essence, the new plan provides for borrowers to make direct loans upon which they will pay monthly payments of \$4.15 for each \$250 borrowed each payment being first applied to the interest due at the time and the balance is applied to the principal. In this manner, a loan, if paid regularly, will be fully retired in six years.

The new plan does not involve the application of dividends as has been done in the past and which has been causing controversy, according to A. H. Gaines, president. The new plan is very simple and is very similar to a bank loan payable monthly.

Over the past several years, the directors have been conservative and have created a strong association. At the present time surplus and reserves of the association total approximately one-half of the amount of all loans outstanding.

The directors declared a 2% dividend for the first half of 1957 and it is felt that another such dividend will be declared at the end of the year. This 4% investment, coupled with the two-to-one ratio of loans to reserves, makes this association one of the best investments in the community and one of the strongest associations in this entire area.

Mrs. Carol Letsey returned to her home in Detroit, Mich., after visiting her sister, Mrs. June Simmons of North Main Street.

Mr. and Mrs. J. B. Johnson and son, Tommy, are spending a vacation in Florida.

Mr. and Mrs. Richard Ryan and Mrs. Howard Stephenson spent last Friday in Covington.

# WHITES TOWER

Tommy Brumback is in St. Elizabeth Hospital after an accident in which his motor scooter's wheels locked and threw him into some rocks, injuring his knee badly, necessitating an operation to remove the small gravel embedded in the flesh. At this writing his condition is good and barring complications he will be home soon.

Mr. and Mrs. Carlos Petty of Cleveland, made a short visit to the latter's mother here last week.

A tree toad has taken up residence on Charlie Dorsey's porch and little Sarah has adopted it for a pet. At night she puts it on the ledge under the slide and it stays put till next morning when it hops down and plays around all day but is there at night to be put back on the ledge, where it stays all night. Just one of those things that are hard to explain about peculiar pets.

Lieutenant Richard Dorsey and family are moving to Lexington, Wednesday, where he assumes his new duties as assistant professor of Air Science at U. K.

The writer and Dick Dorsey made a trip to Dam 38 last Tuesday, and Dick caught about seven pounds of beautiful perch and cats. We neglected to take along a casting rod and didn't have any luck at all as we had to fish close to shore, and only fresh water "chubs" were biting there. However, we know better now and watch for a report of our next trip.

Any new subscriptions for our paper or renewals can be handed to the writer and will save you the price of a money order, which have gone up.

Fishing worms are scarce as hens' teeth, which probably accounts for the fact that fish are biting like mad on all lakes and streams, and as the old fisherman says, that's a sign of good fishing.

Do you want to go fishing near home where you can bring home a nice mess of fish, perch and cats? If you want to go this week, just call FL 7-5432 and make arrangements.

Our Reds could have won Saturday's game and the first one Sunday by the simple method of walking Willie Mays in each game at the right moment. It seems to us giving him one base instead of four is good strategy.

## Home-grown Sweet Corn Rates First In Flavor

Home gardeners have the edge on housewives who buy at markets as for sweet corn is concerned, for sweet corn, to be really sweet, should be cooked within minutes after being harvested. The reason is, explain UK foods specialists, that this vegetable can lose as much as 50 percent of its sugar within 24 hours after harvesting, particularly if it is not kept cold.

**ATHLETE'S FOOT GERM** Imbeds deeply—toes crack, burn, itch—get fast DOUBLE relief. USE T-4-L BECAUSE

This powerful fungicide sloughs off the infected skin. Exposes more infection to its KILLING ACTION. When new and healthy skin appears, apply T-4-L frequently to KEEP FEET WELL—medical science says athlete's foot can come back.

IN 24 HOURS, if not PLEASED, your 40c back from any druggist. T-4-L is colorless, instant-drying, easy to use. Also use FULL STRENGTH for itching, sweaty feet, insect bites, poison ivy. NOW at Brakefield Drug Store, Walton. 3t-32

## Promise to God

Lesson for August 11, 1957

A SURE way to lose any one's respect is to fail to keep a promise. If a promise simply cannot be kept, as in case of illness or accident, no one will hold a failure against you. But a man will more quickly make excuses for himself than others will make for him. The brighter side is true too: no better way can be found to build up a solid reputation than to become known as a person who always keeps promises once made. No brilliance, to charm, makes up for keeping promises. What a letter of introduction this would make: "The bearer is a young man of fine background. He graduated with honors. He has great charm of manner, his knowledge is enormous for his age. He has only one drawback: you can't depend on him!"

### Promising God

Belief in God is feeble, even among good people, than it ought to be. One proof of this is the fact that many people, if not most of them, will be deeply ashamed of not keeping their promises to human beings; but will not take very seriously their failure to keep promises made to God. If a man owes a church pledge, and also some local store, he will pay the store bill first, and if he can only pay one, you know which gets the cash. If "ratting" on promises made to God is taken lightly; if only shows how lightly men believe in God.

If the Bible teaches anything it is that promises made to him mean for more than when made to ordinary people. The short name for such promises is "vows." Protestants make them as well as Roman Catholics. A promise seriously made, either to do something for God, or for his people because they are his people (especially the church); or a promise solemnly made in God's presence, calling on his name as a witness, is a vow. As the Bible teaches, nobody has to make a vow; but once made, the vow must be kept. Examples of vows are those made at baptism (by the parents, if a child is involved, or by the one baptized if he is old enough), at confirmation, or "joining the church," or when making a pledge of money to a church; or the vows taken by a bride and groom; as well as all sorts of private vows. "...and Changelt No!"

"He that sweareth to his own hurt, and changelt not," comes in for special praise, in the 15th Psalm. The story of Hannah tells of just such a person. She promised her first child to God. In her days and circumstances, this meant giving the child up and seldom seeing him again after the first few years. She had been bitter about her childlessness, and of course was overjoyed when little Samuel was born. Giving him up meant being childless all over again—but she kept her promise. She had five other children later, but she did not expect this when she presented her one son, her first-born, in the temple. It's easy to make promises, even easy to keep them when keeping them is pleasant. But your really devoted Christians, solid to the core, are those who keep their promises to God no matter what.

### If Some One Knows

Human nature being what it is, even a promise to God is more likely to be kept if we know some one else knows about it. Hannah's vow was known to Eli the priest, eventually, and we may guess that he suspected it from the start. No doubt this helped her to be faithful. So marriage vows are spoken not alone in God's presence but in the company of witnesses. So vows taken at joining the church, or confirmation, are taken in front of the whole congregation. This is why baptism of a child or an adult, should never be private. If we were angels, a promise made to God in secret would be just as well kept as one made in public. But since we are human, and weak in faith, it helps if some ear besides God's hears our vows.

Based on outline copyrighted by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. Released by Community Press Service.

## FRONT and CENTER!

Front and center in this little community stands the Church.

Your church may not be so centrally located but all that it stands for is front and center in your community life:

The worship of the God who made us and all that exists . . . The teaching of love and unselfishness as the highest good for all men . . .

The preaching of the worth and dignity of each individual . . . The motivation for service in the community . . .

The battle against evil in high places and low . . .

Your community needs the Church and all that it stands for—front and center!

And the Church needs you!

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and spiritual support. Plan to go to church regularly and read your Bible daily.

Book	Chapter	Verses
Sunday	Psalm	23 1-16
Monday	Matthew	7 13-28
Tuesday	Matthew	20 20-28
Wednesday	Matthew	26 36-46
Thursday	Matthew	12 1-21
Friday	1st Corinthians	4 7-18
Saturday	1st Thess.	5 15-22
	Jonah

## INDEPENDENCE

### Personal Interest

Mrs. D. T. Bagby of Main Street, suffered a slight stroke last week. She is recovering slowly at her home.

Mrs. Frank Armstrong of Main Street, died last Monday morning at St. Elizabeth Hospital. Funeral services were held at the Swindler funeral home.

Mr. and Mrs. LeRoy Filer and family of Bowman Road, will begin their vacation next week. Plans are made to visit most of the state lakes in Kentucky.

Mr. and Mrs. Thomas Cain and family of Independence Station Road, returned from a trip through Ohio, Pennsylvania, New York, and Canada. They made a short visit at Niagara Falls. They enjoyed their trip very much.

## FOR SALE

### Dry Cleaning Plant

Reasonably Priced  
Good Equipment

**Taylor 4-6951**  
WILLIAMSTOWN, KY.

### Thanks and Appreciation

Members of Bethel 8, Job's Daughters of Independence, wish to extend their sincere thanks and appreciation to all who attended their annual ice cream supper, held on the Courthouse lawn, last Saturday evening. Though it rained during the most crowded part of the supper, many stayed and enjoyed their home-made ice cream and cake.

### Meeting of Job's Daughters

The next regularly stated meeting for members and officers of Bethel 8, Job's Daughters, will be held Monday, August 12, at 7:30 p. m. This meeting will be held in the Lodge Hall, and Brenda Worthington, Honored Queen, urges all officers to be there early. All attending distinguished guests will be honored. All members are cordially invited to be present.

### Just A Thought

Our older generation didn't think anything of getting up at 6:00 in the morning. Our younger generation doesn't think much of it either!

### DON'T SCRATCH THAT ITCH! IN JUST 15 MINUTES.

Your 40c back at any drug store if not pleased. Easy-to-apply ITCH-ME-NOT deadens itch in MINUTES, kills germs on CONTACT. Fine for eczema, ring worm, insect bites, foot itch and other surface itches. Guaranteed locally by Brookfield's Drug Store, Walton. 4t-32

In canning, keep the raw product as cool as possible until it is given the heat treatment.

## CRITTENDEN

Linsley Cull, Jr., formerly of this place, but now of Covington, has returned home from St. Elizabeth Hospital much improved. He suffered hemorrhages of the nose.

David Humphrey is visiting his aunt and uncle, Mr. and Mrs. Wilbur Arnold in Ohio.

Mrs. Dorothy Riley visited Mrs. Mayme Smith at St. Elizabeth Hospital, last Tuesday.

Mrs. Bertha Hitch spent Friday with her sister, Mrs. George Hedger, of Dry Ridge.

Ira Cornelius still remains quite ill at St. Elizabeth Hospital, suffering from a stroke.

Fred Hopperton, who was taken back to St. Elizabeth Hospital last Tuesday, is slowly improving.

Mr. and Mrs. William Lillard and family have moved to Flingsville, to the home they bought from Miss Dorothy Menefee.

Ernest Beighle remains quite ill at a Lexington hospital.

## The Right Broker-

Choosing the right broker when you're planning to sell or buy a house can spell the difference between unnecessary delay and disappointment, loss of money, and a satisfactory deal.

We have a constant, changing list of houses in Northern Kentucky. Call us, your wishes will receive careful attention.

Mr. and Mrs. Paul Iseral and Miss Janice Iseral of Covington, spent Sunday with Mr. and Mrs. Clarence Riley.

Mr. and Mrs. W. R. Case and family have returned home after spending their vacation in the Southern States.

Miss Dottie Perkins of Williamstown, visited Miss Sarah Mae Hise, Saturday.

Mrs. Olan Piner entered Booth Hospital, Monday for surgery.

Mrs. Mottie Menefee will go to St. Elizabeth Hospital Monday for an operation.

Mr. and Mrs. Marion Belew returned home Sunday from a two weeks vacation in the Western States and Mexico.

## STAFFORDSBURG

We appreciated so much having Rev. and Mrs. Ray Watson and sons with us Sunday for the morning service. They are scheduled to leave August 11 for Brussels, Belgium, on the first part of their journey to the Belgian Congo as missionaries. Ray told us almost his life story—how as a boy just entering his teens he heard a cousin, who was visiting in his parents' home, tell of her work in Africa. This stayed in the back of his mind through all of his high school years, his Army service, and college work after his return. He married his school-day sweetheart, Miss Vivien White, and bought a "drug store" in Ludlow. They were good workers in the Methodist Church and seemed to have a very near perfect set-up for satisfied living. Always there was the call to missionary service. Finally came the answer, "Here am I Lord, send me."

So now after selling their home and business and spending several years in the necessary preparation, they are ready to start on their mission. The Methodist Churches of this district are paying most of their salaries. Just as important are our continued interest and our prayers. Several members of Rev. and Mrs. Watson's families were here at the services also. We were glad to see all of them. Come often!

Rev. and Mrs. Parish had as guests Sunday, Mr. and Mrs. Powell and son. Mrs. Powell and son remained for a few days visit.

Mrs. J. W. Fryer and children are expected the first of this week to visit her parents and relatives.

Mr. and Mrs. Dawson Ballinger and Mr. and Mrs. J. B. Richardson were among those in this neighborhood who enjoyed visiting with Saliman Hedio, a native of Libya. He has worked for some time with Clyde Richardson, who is stationed in Libya. He told us of his countrymen and way of life and observed our way.

like  
ice cream  
and soda pop...

... you use more electricity in the summertime for comfort and enjoyment. That's the reason why your electric bills may be higher now, because you've really been putting that wonderful helper—ELECTRICITY—to work for you!

Greater demands on the washer, dryer, water heater—to keep your family supplied with fresh, cool clothing—and always plenty of hot water for refreshing baths and showers.

Your refrigerator and freezer work overtime during the hot summer months, too, but aren't they a blessing?

And, of course, air conditioning makes it so pleasant indoors, that barely a day goes by that television isn't a source of wonderful relaxation and entertainment.

You certainly can

in the summertime,  
for very little extra cost!

**The Union Light, Heat  
and Power Company**

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. GET A DEMONSTRATION!

**NUMBER ONE IN  
CROSS-COUNTRY  
ECONOMY TEST  
—CHEVROLET!**

Drive the car that recorded up to 17% greater fuel savings in a conclusive transcontinental economy test of the three leading low-priced cars—sanctioned and certified by NATA. Running from Los Angeles to New York, Chevy proved that it costs least to operate of all three!

It just goes to prove that Chevy offers more of the important things that make for happier driving. Remarkable pep and handling ease;

that kind of road-holding ability usually associated with sports cars; and, to round it off nicely, outstanding economy. Drive one soon at your Chevrolet dealer's.

## 22 YEARS

22 years ago (August 5, 1935) I bought one-half interest in this hardware store from E. E. Fry, as my father owned the other half, which he had bought from Barnett Franks in 1931. Mr. Fry and Mr. Franks had bought this store from Edwards Bros. in 1918, and built a new building in 1923. The best records I can find is that Edwards Bros. started here in 1887, which makes this business 70 years old. Mr. Fry died in 1936, my dad died in 1937. They had run this store as Conrad and Fry for several years—now it was all up to me. I have worked hard to make a success and to make those before me proud that a young man could do something, as several said I would fail because no one man could run that store, as it had been run as a partnership before.

But I had some good help—Sam Hudson, Raymond Brewster and Chas. Worthington, and Dr. R. E. Ryle was my banker. I took advice from older men who had made a success. My wife has been a big asset—she has worked ten years for the power company, and has always helped me with my bookkeeping and any problems. When you don't know what to do, just consult your wife; she is generally right. Also my mother for her help and all my good friends and those hundreds of customers that have been so faithful all these years.

Today, we put up a lot of new stock, a rubber tire wagon, a lot of fishing tackle, wire fence, poultry netting, staples, nails, roof coating, staplers, clothes line wire, rubber extension cords, galvanized pipe and fittings, garbage cans, window fans, electric motors for that milk cooler, and washing machine. We keep a very good supply of motors for all your needs. I ordered a lot of new plastic pipe and fittings—we sell lots of this pipe. I also ordered several dozen window shades. Mr. Williams, down at Pleasure Lake, bought tools and several other items. I have a lot of good customers from Kenton county.

J. C. C. just came in, he has been out west, all the way to the coast. Several have been to work, vacation and are ready to return to work. Chick is in his vacation these next two weeks, and we will do our best to keep him. Just as soon as we have someone out on the road, the customers will come and all in a hurry, so when business is slow, some of us will leave and head home, and I don't know why.

Miss Menette and Mrs. Frank Knight bought a lot of linoleum; they are from Crittenden. Garrett Robinson, on Verona Road, bought a 20' table fan. Some fellow came in the other day and wanted to know if

that Bolce point was as good as a certain other nationally advertised point. I told him to take 2 gallons and if it was not as good or better I would refund his money. Saturday, he bought 2 more gallons, so he must have been satisfied.

A very hot and humid day! We sold several fans. Mrs. Harlan Coomer, up at Crittenden, bought the last window fan I had. Now I suppose I'll have to get more. I never know how many to buy or how hot it is going to get. We sold several wide-mouth fruit jars, also ice cream freezer and plastic clothes basket. Chick sold Mrs. Bailey, over on Ky. 17, a square aluminum tub Maytag washer. They delivered Mrs. Robt. Stephens' to her over at Union. Carl Eskam came after a grass board for his mower. Several have been calling for horse whips—I have a nice assortment for you to select from.

Brewster and Ross put down a room of linoleum for Mr. Denton, up by Midway Garage. Carl Bickers came after a roll of 72" poultry netting to keep his chickens in. We are so busy these days all at have little time to take care of customers, which is our job. We sold a lot of pipe and fittings, also electric wiring material today. I sold a pair of stirrups, a halter, a red tassel, a stirrup leather strap, a rope lead, a riding bridle, a work bridle, hoof nippers, hoof knife, curry comb, brush, box rivets, single wire twisted bit. We think we don't sell much hardware but we run out of several items now and then.

We have some bargains in lawn chairs, both metal and canvas, also I have one hammock, on a metal stand, for 12.95. I have several used Maytag washers, in good condition, for 45.00 up to 95.00. We sold several gallons of that Bolce paint in outside white, red, red and barn, Jellied Magic for inside, aluminum for the gutters and metal fence. We have a 3-ton rubber tire wagon, complete with tires, for 149.50. I have a 4-barrel stack water tank for 18.50, and a 8-barrel tank for 38.50.

I have some light weight chain mesh fence, 42" high, for 19.50 per 100'. This makes a very nice lawn fence. Today, we received a shipment of fruit jars and all the lids, discards and metal fence. We have a 3-ton rubber tire wagon, complete with tires, for 149.50. I have a 4-barrel stack water tank for 18.50, and a 8-barrel tank for 38.50.

Mrs. Robt. Slayback, Sr., Mrs. Owen Flynn, Mrs. Clara McMillan, Cecil Sargent, Robt. Slayback, Jr., and Sam Hudson were some of our customers today.

WALTON, KENTUCKY — THURSDAY, AUGUST 15, 1957

Volume 42 - Number 33

1957 Winners in the  
Kenton County 4-H  
Club Fair Announced

Miss Betty Jane Cook, Route 1, Morning View, was named the dairy sweepstakes winner of the 1957 Kenton County 4-H Club Fair. The event was held Wednesday, August 7, on the Simon Kenton High School grounds, near Independence. Other outstanding dairy winners included Judy Hayes, Route 1, Independence, who received the Kroger trophy; Bobby York, winner of the Holstein division; Jackie Jackson, Jersey division winner; Johnnie Lunford, Brown Swiss division winner. Miss Cook received the award for being the outstanding dairy showman.

In the beef cattle division, James Hinsdale showed the top junior calf, and Gary Mullins the top senior calf. Paul Kunkel placed first with his fat lamb in the sheep section, and Richard Kunkel showed the top pig in the swine classes.

Best poultry exhibitor was Miss Carolyn Sue Hayes. Premiums in the various garden classes were divided among Richard Kunkel, Ann Wicklund, David Duncan and Paul Drake, Jr. Top winner in the tobacco show was Eddie Fisk.

In one of the largest 4-H electrical exhibits in the Cincinnati area, the Mary Hoffman, Ricky Williams and Bobby Jackson were top money winners. Jerry Binder was named top exhibitor in the woodwork section, while the best 4-H secretary's book was shown by the Pioneer 4-H Club.

**Judges in Boys' Division**  
Harold Bray, Director of Markets Division, State Department of Agriculture, Frankfort, judged the dairy cattle, beef cattle, sheep, swine, and the garden project entries. Garnet McKenry from the 4-H Club Department of the University of Kentucky, judged record books in the boys' division and assisted with the dairy classes. Miss Dorothy Nanny and Stanley Parker of the Owen County Rural Electric Cooperative judged the electric projects.

**Girls' Department**  
An increase of 34 entries over last year was recorded in the girls' division. Girls 4-H projects were judged Tuesday by Miss Ruth E. Harris and Miss Joann Geverts, Home Economics teachers in the Newport schools, and Miss Dorothy Nanny, Home Economics of the Owen County Rural Electric Co-op.

An added feature for the first day was a luncheon for leaders and workers, held in the school cafeteria. Mrs. Bluch Rich and Mrs. Joseph Bluch were in charge of this activity.

Leaders assisting with the girls' activities were: Mesdames Wilmer Steinhauer, Charles Cross, Sylvester Stahl, Melvin Bruestner, Ralph Fols, Melvin Strain, Everett Cooper, John Fisk, Charles Grizzell, Irene Mann, Robert Jackson, Robert Hoffman, William Lawler, E. J. Ehlman, Milton Hunter, Ambrose Powers, William Wainwright, Joseph Beckman, Mary Kordenbach, Jake Isaacs, E. V. Wilson, Jr., Jesse Grant, Ray Hammond, Palmer Jones, Bluch Rich, Joseph Bluch, and Miss Zelma E. Beyerly.

Sandra Krebs of Holy Guardian School, won the Kroger trophy on her sleeping ensemble, consisting of house coat and pajamas.

Other awards included: Apron and patcholders, Judy Rapp, first; Kathleen Powers, second; Joan Rust, third. School dress, Hilma Fisk, first; Brendo Luttrall, second; Rose M. Messing, third. Lounge ensemble, Sandra Krebs, first; Betty Lee Hunter, second; Carol Hayes, third. Sleeping ensemble, Teresa Foltz, first; Judy Koub, second. Play outfit, Myrna Cook, first; Judith Hayes, second. Dress-up, costume, Sarah Stahl, first; Rose Hoffman, second; Lynne McDaniel, third.

Semi-tailored, Patricia Fisk, first; Alice Works, second; Brenda Worthington, third. Party dress, Mary Hillman, first; Janet Mueller, second. Butterscotch fingers, Sandra Lawler, first; Linda Wilson, second; Lynda Munson, third. Peanut butter cookies, Harold Cox, first; Sandra Lawler, second; Charon Bruggen, third. Oatmeal cookies, Mary Ehlman, first; Sandra Lawler, second; Sarah Grant, third. Brownies, Patsy Jackson, first; Sandra Lawler, second; Linda Line, third.

## TO STUDY MUSIC

**Jerry L. Hatfield**  
Jerry L. Hatfield, son of Mr. and Mrs. Gerald Hatfield of Independence, will enter the College-Conservatory of Music in Cincinnati, this fall, where he received a scholarship as a trombone major. He is a graduate of the class of 1957 of Simon Kenton High School, where he played in the band under the direction of Robert Roden.

Rogers-Northcutt  
Wedding Solemnized  
At Richwood Church

The Richwood Presbyterian Church was the scene of the wedding, at 2:30 p. m., Saturday, August 10, of Miss Betty Rogers, daughter of Mr. and Mrs. C. F. Rogers, to Mr. Delbert Northcutt, both of Walton. The Rev. R. F. DeMaize officiated.

The bride, who was escorted by her father, wore a floor-length gown of chantilly lace over satin. Her fingertip-length veil was draped from a matching lace head-piece set with tiny seed pearls. Her bouquet was a white orchid and lilies of the valley.

Miss Bobbie Jean Rogers, the bride's sister, was her only attendant. She wore blue lace over white tulle with matching head-piece. She carried a bouquet of lilies and white mums.

Mr. David Hankinson was best man, and ushers were Messrs. Wallace S. Grubbs, and Donald Northcutt, a brother of the groom.

The bride's mother chose a navy sheer with white accessories, while the groom's mother wore pink lace with white accessories. Both wore white orchids.

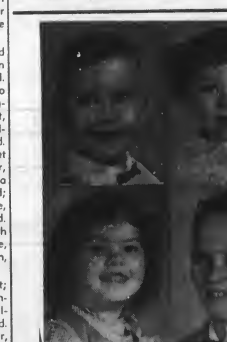

A reception was held following the wedding in the church's fellowship hall.

The bride chose as her going-away suit a light blue linen with matching hat and white accessories. The couple left on a honeymoon in the South.

## Attend Bethel Camp

Miss Kathleen Flynn and Miss Carolyn Armstrong attended the Bethel Baptist camp, last week.

## "Our Future Community Leaders"

Pictured above, top row, are Rickie Ryan, the 2-year-old son of Mr. and Mrs. Clifford Ryan, South Main Street, Walton; Paula Lou King, 2-year-old daughter of Mrs. June King, Church St., Walton; and Bambi Linn Kidwell, 2-year-old daughter of Mr. and Mrs. William Kidwell, South Main, Walton.

## MISS EMMA RYAN

Services were held last Thursday at the Stith funeral home, Florence, for Miss Emma Ryan, Florence, with burial in Highland Cemetery, Ft. Mitchell. Miss Ryan, who was 66, died while vacationing in Utah. She moved to Florence eight months ago from Cleveland, Ohio, where she had been employed for 40 years at the White Motor Co. She retired as supervisor of personnel records.

She was a graduate of Oberlin (Ohio) Business College, and was a member of the United Brethren Church, Green Springs, Ohio.

She leaves a sister, Mrs. Evelyn Brady, with whom she made her home at 230 Main St., Florence, and a niece, Mrs. Mary Chesser, also of Florence.

Pioneer Engineers'  
Reunion at Verona,  
August 17 and 18

Kentucky's first annual Pioneer Engineers' Club reunion will be held at Verona Lake Ranch, Verona, Ky., on Saturday and Sunday, August 17 and 18, according to Thurston Moore.

Steam engines and threshers will be seen in action on the grounds; old automobiles, 1900 Olds, 1906 Brush, 1909 Buick, and others; ox team and covered wagon; Indian relics and guns, and an actual gun shoot with muzzle loaders, dating from 1819.

There will be stage shows Saturday night and Sunday afternoon, plus a band concert. The McCormick Bros. of Grand Ole Opry lane, will be the Sunday afternoon attraction, with an all-star cast. There will also be square dancing Saturday night and Sunday. Church services will be held on the grounds Sunday morning.

For the ladies, there is a 24-hour merry-go-round, swings, and ponies. You are invited to attend and join in the good old fun of years gone by.

## ELMER O. ELLIOTT

Services for Elmer Ott Elliott, retired Kenton county farmer, were held Tuesday afternoon at the Chambers & Grubbs funeral home, Walton.

Mr. Elliott, who was 71 years old, died last Sunday at St. Mary Hospital, Cincinnati. He was a member of the Goshen Christian Church, Piner. Surviving him are two sons, Roy and Jimmy Elliott, both of Morning View; a daughter, Mrs. Donald Macy, Vandalia, Ohio; two brothers, Monte and Claude Elliott, both of Sardinia, Ohio; three sisters, Mrs. Iva Rust of Verona, Mrs. Beura Wagner of Cincinnati, and Mrs. Barbara Schuler of Covington; six grandchildren, and one great-grandchild.

Evangelistic Services  
At Richwood Church

The Rev. Allen Oakley, assistant minister of the Westminster Presbyterian Church, St. Louis, Mo., will be the guest preacher for a week of evangelistic services at the Richwood Presbyterian Church. There will be services each evening at 8:00, August 18 through August 23.

Busy making plans for their new volunteer posts as Red Cross Motor Chairmen are Mrs. A. M. Rusconi of Fort Mitchell (seated) and Mrs. Mary A. Yealey of Walton.

Two Northern Kentucky women, Mrs. Mary A. Yealey of Walton, and Mrs. A. M. Rusconi of Fort Mitchell, have been appointed volunteer chairmen of Red Cross Motor Service for Boone and Kenton counties. The announcement was made this week by Mrs. Robert E. Yeall, volunteer Motor Chairman for the Cincinnati Area Chapter American National Red Cross.

Kenton chairman, Mrs. Rusconi, who lives at 112 West Orchard Road, Fort Mitchell, has been active in Red Cross volunteer work in Kenton county since 1954. She volunteers her services to Red Cross because, "I believe it to be a worthwhile organization and their untiring services are above any other organization I know of."

Boone chairman, Mrs. Yealey, 15 Bedinger Ave., Walton, is becoming a Red Cross volunteer, is taking on one

more job in her busy life. She is a substitute rural mail carrier and engages in farming in Boone county, and is looking forward to this new venture. The newly appointed chairmen will coordinate activities from their counties with the Red Cross area office in Cincinnati and will recruit volunteer drivers for Motor Service. They are now receiving their field training at the Red Cross Memorial Building in Cincinnati.

Red Cross motor service volunteers provide free transportation for clinic patients referred to the Red Cross by 66 social agencies, they drive patients from the VA hospitals to baseball games and other sport events and assist all Red Cross services as well as the United Appeal, the joint campaign of the Community Chest and The Red Cross.

Walton - Verona  
Schools Open On  
Tuesday, September 3

The Walton-Verona School, both at Walton and Verona, will open on Tuesday, September 3 this year. This is one of the earliest opening in several years. Superintendent Robert Ison states that school will only last one-half day Tuesday, but will have full days there after. The lunch room will be open on Wednesday.

In reviewing the faculty for this year, Supt. Ison, proudly stated that the entire faculty this year were all thoroughly qualified, and that for the first time for many years, not one "emergency teacher" was being used. Two late additions to the faculty were Jack Connor and Colman Shields, who taught last year, but only recently decided to return again.

The enrollment in the high school last year was 141 and is expected to increase this term. The Walton grades last year had 30 and Verona 113, and both expect an increase.

## WALTON PTA MEETS

Mrs. Helen Burgett, president of the Walton P. T. A., called a special meeting of the group for August 9, to make plans for the play, Laughtons, which they are sponsoring. Plans were made and some of the committees reported on what had been accomplished.

Members present were Mary M. Allen, Frances Afterkirk, Louise Fornash, Myrtle Lyon, Beulah Smith, Sue Miller, Margie Isen, Helen Belcher, Emma Tackett, June Brewster and the president, Helen Burgett.

Mrs. Burgess received a telegram from the company who will help with the play stating they could not come August 30-31, but would be able to be here September 5-6. Further details will be given later.

## Engagement Announced

Miss Shirley Riggs

Mr. and Mrs. Leonard Riggs, Burlington, announce the engagement and forthcoming marriage of their daughter, Shirley Faye, to Mr. Thomas Ray Johnson, only son of Mr. and Mrs. J. B. Johnson, Walton.

Miss Riggs, a graduate of Burlington High School, is now employed as an IBM operator for R. L. Polk, Cincinnati. Mr. Johnson, a graduate of Walton-Verona High, is now a senior at the University of Kentucky, where he is majoring in business administration.

DISTRICT DAIRY SHOW  
SET FOR AUGUST 21st

The annual Kentucky 4-H District dairy show is set for August 21, at Williamstown, Ky. This show is a forerunner to the state competition.

Boone county 4-H boys and girls will compete for ribbons and cash prizes, donated by the State Department of Agriculture.

Boone County Fair  
To Again Feature  
Horse-Pony Shows

The Boone County Fair will be held August 22, 23 and 24 at the Boone County Fair Grounds, ¼ mile North of Burlington, on Idlewild Road.

Provisions have been made for 10 acres of extra parking space for the convenience of the public. Parking and the grand stand are free, which is a feature for which the local fair is quite proud.

One of the attractions which is always of interest to the public is the horse and pony shows. Lillard Scott and Courtney Kelly will be ring masters again this year, and Earl Huffman, Aubra, Ind., will serve as master of ceremonies at the horse shows and all events of the fair. The horse show judge will be William Rogers, Lexington, Ky. The first show will be on Friday night, August 23, at 7:45; the second, Saturday afternoon, August 24, and the final, Saturday night, at 8:00. Mr. Scott said that a good number have made reservations and that there will be some fine horses in the show this year; also that this should be one of the best horse shows that the Boone County Fair has ever had.

Other events of importance are the beauty contest, Thursday night, Aug. 22, at 8:30, under the direction of the Boone County Junior Chamber of Commerce. Henry Mays, Florence, will be in charge. The winner will represent Boone county in the state contest which will be held during the annual state meeting of the Kentucky Fair and Horse Show Association, in January, at Louisville.

The dairy show will be held at 11:00 a. m., Thursday, August 22; horse pulling contest, 2:30 p. m., Friday, and the tractor pulling contest at 9:00 a. m., Saturday.

Southern States  
Holds Its Annual  
Meeting In Walton

Approximately 355 members of the Southern States Cooperative, their families and friends in the Walton area heard reports of their Cooperative's services for the 1956-57 fiscal year which ended June 30, at their local annual membership meeting held recently at Walton.

In addition to the report given by District Manager Kenneth Littell, members were elected to the local Southern States Walton Advisory Board and the local Farm Home Advisory Committee representing members of the area.

According to the report, the more than 330,000 members of Southern States, in its six-state operating territory, put through their organization \$193,000,000 worth of purchasing and marketing volume during the 1956-57 fiscal year.

Henry Lipscomb, manager of Lipscomb Farm Supply, the local service agency, gave the report of local operations and services. W. W. Worthington, Piner, was chairman of the meeting.

A feature of the meeting was a panel discussion, which was moderated by Kenneth Littell. Members of the panel were Wilton Stephens' W. W. Worthington, Mrs. Bluch Rich and Mrs. P. E. Bush.

Rev. Joe Fiske, Walton, gave the invocation. Group singing was led by Mrs. W. W. Worthington.

Elected to the local Advisory Board were Levi Pennington and Evan M. Hance, both of Walton.

Named to the local Farm Home Advisory Committee were Mrs. Russell Rector of Atwood, and Mrs. Leo Flynn, Walton. Elected as Chairman and Secretary of the local board for the coming year were Wilton Stephens, and Myrick Crouch, and as Chairman and Secretary of the FHA Committee, Mrs. Leo Flynn, and Mrs. Joe Dosmachko.

W. W. Worthington was chosen to represent the local board as its delegate at the Southern States Annual Stockholders Meeting to be held in Richmond, Va., November 7-8. Evan Hance was chosen as alternate. Others who will attend the Richmond meeting representing the community are Myrick Crouch, Wilton Stephens and Henry Lipscomb.

Emerson Young and W. E. Duchemin visited the Magoffin Baptist Bible Institute, last Wednesday.

## WHITES TOWER

Almost two and one-half inches of rain fell in the Tower, Sunday. Little damage was reported as the ground was so dry it drank up the most of it.

Chas. Dorsey and All B'Hymer were fishing near Monterey, Ky., over the weekend but without much luck.

With the present spiral of rising wages and increased cost of living make you wonder what's to become of the white collar workers, the pensioners and those who have to live on a fixed income.

C. H. Simpson and wife, Emily, of Lexington, were weekend guests of the latter's father and wife last week and helped Mr. Walters celebrate his 67th birthday.

Bob Shepard and wife of Covington, were Sunday visitors in the Tower. From the way the land lays and from the grading that has been done it looks as though the new Reinhart subdivision being made near Schumaker Road on Taylor Mill Pike is going to have some beautiful lots, as they are high and dry and perfect drainage.

Our dog, Bullet, was hit by a car on the pike here last week and injured quite badly.

Lieut. Richard Dorsey and family are new residents of Lexington, since the first of this month.

## GLENCOE

The revival at the Glencoe Church of Christ closed with eight added to the church, under the preaching of Bro. Henry Reynolds.

Mr. and Mrs. Jack Allphin and daughter, Sidney, called on Mr. and Mrs. Collins, Sunday.

The homecoming held at the Glencoe Church of Christ, Sunday, was well attended. Bro. Holdberry, pastor of the Elmore Church of Christ, and his family, and Bro. Reynolds, wife and four children were present.

Paul Chapman's oldest son is home from the hospital and doing nicely.

Mrs. Laura Connelly has sold her store to Mr. and Mrs. Les Miller of Jonesville, and they opened up a new store about the first of the year. Best wishes to these fine people.

Mr. and Mrs. Chester Roberts have moved back to Glencoe, to their nice home here.

Mrs. Lona Higgins entertained her brother, Robert Elliott, over the weekend.

## It's Col. Brugh, Suh!

Col. R. E. Brugh

R. E. Brugh, local concrete block manufacturer and present owner of Boone county, was presented a commission as a Kentucky Colonel on Thursday, August 1, by State Senator

Alvin Kidwell, Sports. The signatures of Acting Governor Harry Lee Waters, and Thelma L. Stovall, Secretary of State, appeared on the document. So it's Colonel Brugh now.

## Blanching of Vegetables Explained By Specialist

That there is confusion among some housewives, as to whether blanching of vegetables must be done before freezing or canning, is seen in the number of telephone calls made to Extension foods specialists at the University of Kentucky.

All vegetables to be frozen must be blanched or scalded to halt the action of enzymes that would otherwise cause loss of food value, flavor, color and texture, says Mrs. Pearl Hook, UK canning authority.

She recommends blanching a small amount of the vegetable at a time in a wire basket or cheese cloth. Use a gallon of boiling water to a pint or pound of vegetable, so that boiling will not stop when the vegetable is lowered into it, or so that it will resume boiling quickly.

After the recommended time for scalding, chill the vegetables in ice water, drain well and pack for freezing immediately. It takes about as long to cool vegetables in ice water as to blanch them in boiling water.

Vegetables will keep best and have a fresher flavor if they are frozen within 6 hours after being gathered, says Mrs. Hook.

Here are the commended minutes for scalding, depending on the size of vegetables:

Lima and green beans, 2 to 3 minutes; broccoli and cauliflower, 3 minutes; corn on the cob, 7 to 11 minutes; whole kernel corn, 4 minutes; cream style corn, add 1/4 cup water to 1 cup of corn and bring to boil; kale, turnip, mustard or spinach greens 1 to 2 minutes; akra, 3 to 4 minutes; and summer squash cut in 1/2-inch slices, 3 minutes.

Vegetables that are to be canned may be packed raw into glass jars or in tin cans, or they may be preblanched and packed hot. Raw food should be packed tightly in the jar as it shrinks

during processing; hot food should be packed fairly loosely, and should be at or near the boiling point when placed in the jar. All vegetables except tomatoes should then be processed in a steam pressure canner.

## Park Bonds To Be Issued by Kenucky This Year, Report

The Commonwealth intends to place on the market later this year all or part of a \$3,188,420 revenue bond issue for improving Kentucky's parks, it was announced this week by State officials in Frankfort.

Lt. Gov. Waterfield said the Property and Buildings Commission still has under consideration the "whole problem" of how to sell the bonds.

State Conservation Commissioner Laban Jackson revealed a program which would put a park area within 60 miles of every Kentuckian. The bond issue, which would also finance improvements at 14 state parks, was recommended by Hammer & Associates, a professional consulting firm of Louisville and Atlanta.

Plans are being made to make Buckhorn, in Perry county, a complete state park, including lodge facilities.

Other proposed park sites are Falls of the Rough in Breckinridge county; Bunker Hill in Pulaski; Boonesboro, in Madison; Kincaid, in Pendleton; Big Bone, in Boone, and Cruses Creek, in Kenton. Existing sites would be expanded at Pine Mountain, in Bell county; Greenbo Lake, in Greenup, and My Old Kentucky Home, Nelson county.

"A network of well located parks would greatly benefit all Kentuckians," Commissioner Jackson said. "The parks would keep travelers in our state longer. Last year, the parks here did more than \$2,000,000 worth of business, while the entire state derived some \$500,000,000 from visitors," Jackson added.

About 30 charcoal plants in the mid-South region produced more than 74,000 tons of wood charcoal last year, on an increase of 3 percent over 1955.

Form-fire losses in 1956, says the USDA, reached \$145 million.

## KENTUCKIANS

## IN WASHINGTON

By G. H. Kingsbury

### Big Landlord:

Do you know who's the biggest landlord in the commonwealth of Kentucky?

It seems to be Uncle Sam who, at last reports, owns about 4 percent of all the land in the state. The bulk, of course, is in national forest and national parks but post offices, army posts and the like also figure in the calculations.

As big as that appears to be, Kentucky is in better shape than most of the western states. Uncle owns about 87 percent of Nevada and more than 70 percent of Utah.

### River Story Told:

Senator Thurston Morton took time out to tell the Upper House all about the wonders of the Ohio River. He reached back in 1669 to report that La Salle was the first white man to see the river. He told the story of the steamer Sprague which moved 60 barges of coal from Louisville to New Orleans in 1907.

Today, so the Kentucky senator informed his colleagues, the Ohio River Valley has surpassed the Rhine as a chemical center. Expansion in the past seven years has been tremendous—perhaps as much as 10 billion dollars in new construction.

### Old Kentucky Home:

That recent attempt to censor and change the words of "My Old Kentucky Home" has aroused a little debate in Congress. Rep. John Watts even introduced a resolution to look into network censorship.

One lawmaker from the South charged that such action smacks of Hitler and his drive to change history by rewriting. He called it "intellectual brainwashing."

Another author, quoted in the Congressional Record, suggested that the next step would be to change Abie's Irish Rose, Damn Yankees, the Mikado and other works which might reflect on minority groups.

It's all over—that attempt to give federal aid to education. On the last day, however, Congressman Perkins of Kentucky made a plea for the bill. He quoted Superintendent of Public Instruction Bob Martin, KEA Secretary Marvin Dodson and the new president of the National Education Association, Dr. Lyman Ginger.

They pointed to Kentucky's need, the attempts being made in the state to improve schools and build new classrooms. And Rep. Perkins declared that many Kentucky counties are unable to finance new buildings. All failed, however, and by a narrow margin of five votes, federal aid was defeated.

## VERONA HOMEMAKERS

The Verona Homemakers met at the home of Mrs. Lillian Jackson, July 19. A picnic for members and their families was enjoyed, followed by a short business session.

Those present were Mrs. Elizabeth Crowe and son, Harold, Mrs. Edith Hamilton and husband, Mrs. Ethel Fooks and husband, Mrs. Lizzie Noel, Mrs. Etta McManama, Mrs. Lillian Stephenson, husband and sons, Clifford and Jimmy, Mrs. Pearl Lamm and husband, Mrs. Dora Burchett and daughters, Joyce and Darlene, and son, Dallas, Mrs. Minnie Davis and grandson, Chris, Mrs. Frances McCormick and husband, Mrs. Jackson's daughters, LaWanda Long and children, Greg, Marla and Victor, Mr. and Mrs. Paul Tunkin and daughters, Diane, Paula, Linda, Karen and Carol, all of Withamsville, Ohio, Mr. Jackson and the hostess.

The next meeting will be held on September 6, at the home of Mrs. A. M. Davis.

## What happens when a NEW PAYROLL comes to town?

MORE SPENDING MONEY isn't the only thing a new factory payroll brings to town. A survey made by the U.S. Chamber of Commerce shows that 100 new factory workers also mean this to a community:

296 more people  
112 more households  
51 more school children  
107 more passenger car registrations  
174 more workers employed  
4 more retail establishments  
\$590,000 more personal income per year  
\$270,000 more bank deposits  
\$360,000 more retail sales per year

Here's a convincing proof, we think, that whatever helps the Southland to develop industrially is a real contribution to the long-range growth and

prosperity of the South. The Southern helps in many ways.

Our own Industrial Development Department aggressively seeks new industries for every available plant site. Our nation-wide advertising program continually invites business enterprises of all kinds to "Look Ahead—Look South!" for greater opportunity. Our modern rail service helps provide the economical and efficient mass transportation so indispensable to industrial progress and growth.

New payrolls—and all they mean to a community—are "coming to town" all over the South. Last year 23,000 new jobs were created by industrial expansion along the Southern Railway System alone. Many in the South helped bring this about. All in the South benefit!

Harry A. Doughton  
President

## Changes In Acreage Reserve Provisions For '58 Announced

General provisions of the Soil Bank's 1958 Acreage Reserve program, including its application to the winter wheat crop which will be planted this fall, were announced by Acting Secretary of Agriculture True D. Morse following Congressional action authorizing continuance of the program for the coming year.

The Acreage Reserve is that part of the Soil Bank under which farmers agree to reduce their acreage of "basic" crops below their established acreage allotments. It was in effect on a limited basis in 1956, and for the full 1957 crop-year. The Conservation Reserve, the other Soil Bank program, calls for shifting general cropland to conservation uses under contracts running for 3 or more years.

Changes in Acreage Reserve provisions for 1958, as compared with previous years, include the following:

1. Establishment of a total crop acreage figure for each farm to be based primarily on past production history and known as the "Soil Bank base," with the requirement that total harvested acreage in 1958 be held below the "base" by the equivalent of the number of acres placed in the Soil Bank. (This "Soil Bank base" provision has been in effect for the Conservation Reserve since the beginning of that program. For 1958, it will apply to farms taking part in either or both of the Soil Bank programs.)

2. A limit of \$3,000 on the total of 1958 Acreage Reserve payments which can be made to any one producer, as required by legislative action. Commenting on the announcement of the 1958 program, Acting Secretary Morse said, "The Acreage Reserve is an emergency program to encourage needed adjustments in the production of surplus crops. It provides special payments to offset loss of net profits while the adjustments are being made."

"With their recent experience with such hazards as drought, hail, and flood in mind, farmers will have a special interest in a secondary but very important income-protection advantage of the program. Producers who put acreage in the reserve are guaranteed substantial income for this land, even if later on natural disaster hits their farms."

"Farmers with limited financial reserves or with debts are finding this overall income insurance an important protection while it is available."

"The primary objective of the Acreage Reserve, of course, is to help cut down the accumulated surpluses which are such a load on the back of agriculture. In carrying out the program for 1958, we want to make major progress toward this goal. Based on experience of the past two years, we are making the announced changes in operating procedures to increase the effectiveness of the program."

"One major problem has been the tendency to shift production from Acreage Reserve crops to other crops which contribute to over-all surpluses. The Soil Bank base provision, with its limit on total harvested crops, will help to check this undesirable diversion. "We regret the need to impose further controls on farm production, adding limitations to make other limitations work. In the present emergency, however, we must try to make the Acreage Reserve more effective in adjusting 1958 production."

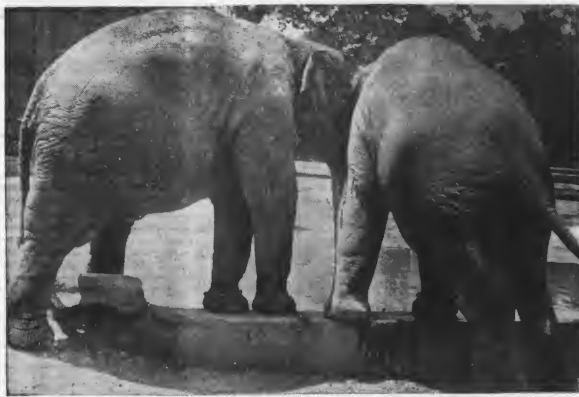

"This tightening up of the program is in line with recommendations made by the Senate and House conferees, in their report on the Department's 1958 appropriation bill."

### Soil Bank Base

Crops making up the "Soil Bank base" will, in general, be all crops produced for harvest on a farm, except hay crops. In addition to the six "basic" crops, they will include among others such crops as the grains, annual grasses cut for seed, oilseeds, cowpeas, commercial vegetables, field and farming peas and beans.

The Soil Bank base for individual farms will be established by county ASC committees primarily on the basis of the average acreage of land devoted to Soil Bank base crops during the past two years—1956 and 1957. Where a farm already has a "base" established under the Conservation Reserve program, that base will apply. In the Acreage Reserve agreement, participating farmers will agree to limit their harvest of Soil Bank base crops. The limit, called the "permitted acreage," will be determined by subtracting the number of acres in the Acreage Reserve from the total in the Soil Bank base. (Provisions of the Conservation Reserve program also call for reductions below the Soil Bank base. Where the two programs are in effect on a farm, the required reduction in harvested acres, below the Soil Bank base, will be the total of the acres in the

## Pssst . . . Charlie . . . COLOR'S Here!

Obviously, even the Cincinnati Zoo is all agog about the advent of local color on WLW Television. Dumbo (1), author of the recent book, "I was an elephant for the WLW Publicity Dept." is seen here spreading the news about the big event in local television. On Friday, Aug. 9, WLW Television's "50-50 Club" bowed in as the first locally originated color television program. Ruth Lyons and all her regular gang were on hand for the gay and colorful festivities. The "50-50 Club" is now seen in COLOR each Mon.-Fri. from Noon to 1:30 p.m. On the day after the start of local colorcasting, a second WLW Television program debuted in COLOR. On Sat. Aug. 10, "Midwestern Hayride" took its first color trip. Now it can be seen each Sat. night from 10-11:00 p.m. in COLOR. WLW-Television viewers can now see an avg. of 17 1/2 hours of color programming each week . . . with more to come in the near future! No wonder even the elephants are talking.

Acreage Reserve and the Conservation Reserve for that year).

Harvesting more total acreage from a farm than the "permitted acreage" will make the producer subject to a civil penalty. In addition to the loss of Acreage Reserve payment. The civil penalty is 50 percent of the payment which would have been made for compliance with all provisions of the program. (This is the same civil penalty which applies if the producer permits grazing of the Acreage Reserve, takes a crop from it that year, or harvests more acres of the "Acreage Reserve" crop than the difference between the farm allotment and the Acreage Reserve.)

### Payment Limitation

In accordance with legislative provisions, not more than a total of \$3,000 in Acreage Reserve payments for 1958 can be made to any one producer. If acreage of two or more eligible basic commodities is put into the Acreage Reserve, the \$3,000 limit applies to the total of all Acreage Reserve payments. (This limit does not include payments under the Conservation Reserve program. There is a separate limit of \$5,000 in the total of Conservation Reserve annual payments which can be made in any one year. If a producer puts acreage from the farm in both the Acreage Reserve and the Conservation Reserve, he could be eligible for payments up to \$3,000 and \$5,000, respectively—or a total of \$8,000 for the year).

### Other Provisions for 1958

Individual payment rates for the 1958 Acreage Reserve will be determined primarily on the basis of average per-acre rates. For each reserve crop except tobacco, there will be a "national" average rate of payment per acre. Then state and county rates will be established. These will vary in accordance with productivity and other factors, but in total will reflect the "national" rate. For tobacco, individual rates will be determined on the same basis as for 1957—the established unit rate per pound multiplied by the yield figure for the farm.

County ASC committees will determine per-acre rates for individual farms. These will be based on the county "average" rate for all crops except tobacco, but they will vary among farms primarily according to relative productivity.

The individual farm per-acre rates will be available before Acreage Reserve agreements are signed. There will be provision for appeals to county and state ASC offices if a producer is not satisfied with the per-acre rate or with the "Soil Bank base" established for his farm.

Farmers who took part in the 1957 Acreage Reserve program will be paid a 10 percent premium above the 1958 compensation rates, if they put the identical land in the Acreage Reserve program for 1958.

In addition to the provision that noxious weeds must be controlled on Acreage Reserve land, participants in the 1958 program may also be required to control erosion. Otherwise, the land designated for the Acreage Reserve may be left idle, or a soil or water conservation practice may be carried out on it. It is possible for participating farmers to qualify for Agricultural Conservation (ACP) cost-sharing practices on land in the Acreage Reserve.

After the deadline for signing agreements covering a particular crop under the Acreage Reserve for 1958, participating farmers will not be permitted to withdraw from the program, except in some cases involving "new" commercial corn counties. (For the 1957 program, there were special provisions under which in certain circumstances

a producer could withdraw voluntarily from an Acreage Reserve agreement up to the time he received notice of the last basic crop allotment for his farm.)

### Winter Wheat First in 1958 Program

The 1958 Acreage Reserve program will be available first for winter wheat, to be seeded this fall for harvest next year. Details of the program for spring seeded crops (spring wheat and the other "basic" crops which are eligible for the program) will be announced before their sign-up period next spring.

The information needed by ASC county committees in determining individual farm rates of payment under the 1958 wheat Acreage Reserve program, and completing other preliminary work, was sent from Washington through state committees in advance. County committees in general will be in position next week to start notifying farmers regarding these payment rates, and also helping to determine

the Soil Bank base which must be established for each farm before the signing of agreements. With this information available, wheat farmers will be able to make plans for their Acreage Reserve participation.

The sign-up period for winter wheat is scheduled to open on August 26 and close October 4 this year. During this period, all farmers who have an "old farm" wheat acreage allotment for 1958, and who normally grow winter wheat, will be eligible to sign an Acreage Reserve agreement with their county ASC committee.

Before the signing of an agreement, however, a "farm Soil Bank base" must be established for the farm. Each producer is responsible for furnishing the county ASC committee the production history and other information needed to establish this base. This information should be supplied at least 15 days before the end of the sign-up

period.

The "national" average rate for the 1958 Acreage Reserve will be \$20.88 per acre—with available wheat price supports averaging \$1.78 per bushel. This rate will be translated into varying state, county, and individual farm per-acre rates. For the 1957 wheat Acreage Reserve, the average rate of payment per acre available to producers on a national basis was approximately \$20.04 per acre—with wheat price supports averaging \$2.00 a bushel. The average payment for those who actually signed agreements for 1957 was about \$18, reflecting the fact that the land put in the reserve was of less than average yield.

Except for the legislative limitation of \$3,000 on the total of Acreage Reserve payments to any one producer, no limits are placed on the number of acres which may be offered for the 1958 program.

Of the \$500 million authorized by Congress for the 1958 Acreage Reserve, \$178 million will be allocated to the wheat Acreage Reserve—for both spring and winter wheat.

In acceptance of agreements, preference will be given to those farmers who first sign agreements. In the event more acreage is offered than can be accepted within the money available for the wheat Acreage Reserve program.

For 1957, the total Acreage Reserve authorization was \$750 million. Of this total, \$276.6 million were allocated for possible wheat Reserve participation.

Agreements actually signed for 1957 under all Acreage Reserve programs called for total payments of \$614 million. Of this total, \$231 million were obligated for the wheat Reserve.

Detailed provisions of the 1958 Acreage Reserve program for winter wheat, and how it will apply in various areas and on individual farms, will be available at county ASC offices.

Gen. Zachary Taylor, on the way to Washington in 1849 for his inauguration as president of the United States, stopped in Frankfort where he was feted and dined by local gentry.

Scientists have isolated and kept alive basic particles of cells which control the breathing process in fruits and vegetables, says the USDA.

Length of life of flower seeds varies considerably, depending on the type of flower. Morning Glory seeds may live 5 to 10 years.

A fryer, technically, is a young chicken weighing over 2 1/2 pounds but less than 3 1/2 pounds. A broiler weighs less than 2 1/2 pounds.

An angry man is Sylvester T. Bly,

Who today was sold a piece of "blue sky,"

He'd stepped in a showroom—out of the rain,

Was sold a new car before he could explain

How he hated the styling—so high and square

And in new features it was really bare,

"I got a real bargain—the buy of my life—

But how do I ever convince my own wife?"

**Moral: You're paying for a new car...make sure you get one!**

When you buy a new car, put your money on tomorrow—not yesterday. Swept-Wing Dodge actually obsoletes other cars in its field. Should you invest in high, boxy styling when Dodge offers the low, low look of tomorrow? Should you invest in outmoded coil springs when Dodge offers new Torsion-Aire Ride? Should you invest in an old-fashioned lever-type transmission when Dodge offers the ease of Push-Button Driving? In other things, too—engines, brakes, interiors—Dodge is years ahead. So put your money on tomorrow. See your Dodge dealer. Join the swing to the Swept-Wing Dodge!

**FRANKLIN E. BUTLER**  
 COMMONWEALTH LIFE  
 Route 1, Walton, Ky.

Dear Mr. Husband:

Suppose you dropped in your bank and the banker took you over to the teller's cage. There he handed you a crisp \$1,000 bill. "I'm going to set aside a safe-deposit box for your wife," he says. "In it I'll put just as many of these bills as you say. Then I'll give you the key to take home to your wife. If at any time—even on your way home—you should be taken out of the picture, all your wife has to do is come down here with the key, identify herself, and take those \$1,000 bills home."

"Of course there'll be a charge for this accommodation, but nothing like you'd think. All we are going to ask is that you pay us interest on the money in the box. We won't even charge you the usual loan rate of 4½ to 5%. All we'll ask is about 2½% annually. What do you think of the idea?"

If your banker made such a proposition, you would take it in a minute, wouldn't you—because you know that if you are taken out of the picture your family is going to need money and lots of it.

Well, your banker can't make such a proposition, but MY COMPANY CAN—that is, it will make a contract with you to pay your wife whatever amount you say if you're taken out of the picture, and the only charge will be about 2½% of the amount annually.

How many thousands do you want us to set aside for your wife? I know it all sounds too good to be true, but I'll stop by your home Friday evening and prove every word of it.

 Yours very truly,  
**FRANKLIN E. BUTLER**

**INDEPENDENCE**
**Personal Interest**

After a recent accident, caused by a locked wheel on a motor bike, Tommy Brumback of McCullum Road, underwent surgery to remove two pieces of rock from his leg. Tommy is now home and his leg is mending rapidly.

Mr. and Mrs. Robert X. West and daughter, Sandra, of Main Street, and Mr. and Mrs. LeRoy Filer of Bowman Road, traveled to St. Mary's Lake, near Celina, Ohio, last week expecting to see some boat racing. On arrival, they found that racing will be held the last Sunday of August. While there they toured around the vast lake and enjoyed the swimming, picnic luncheon and various other activities. This weekend began a two-weeks vacation for the Filer family, who will spend this week at Wolf Creek, located near the southern border of Kentucky.

**Just A Thought**

The best acting in Hollywood is done by the stars congratulating the Academy Award winners.

**Calling All Ball Players**

All boys interested in playing on the new Independence C. Knottale team, come to practice Friday, August 16, at 6 p. m., at Simon Kenton baseball field. Manager of this team will be Roy Powers, FL 7-2341.

**Independence Christian Church Picnic**

The members and friends of the Independence Christian Church enjoyed their annual outing, held at the La Soursville Lake Amusement Park. Picnicking, boating, rides, and ball-playing were enjoyed by all. Many improvements have been made, new rides have been erected, and a general over-hauling has been made at this park to enable more people to enjoy a full day of fun and frolic.

**Tour Kentucky First**

More and more Kentuckians have enjoyed their vacation traveling by touring Kentucky, because they have found that our state has as much, and in some state parks, more, vacation facilities to offer than any other state in our nation. A report of previous years and of this year shows that reservations well in advance is a must in order to be sure of having a place to stay upon arrival. I believe the most up-to-date, all-around facility for fun and enjoyment, you can't beat Kentucky Lake, near Gilbertsville. There you are sure every member of your family will find a week or two of entertainment, food prices are reasonable and very tasty, and to get there by auto it takes only an 8 or 9 hour drive. Tour Kentucky first, you'll find more for less, when you do.

**Crab Grass**

It's high time to tackle crab grass and weeds if you are to live up to those intentions of doing something about your lawn this year. The Agriculture Department says autumn is the best time for seeding cool-season grasses, and weed killing should be done two or three weeks before seeding. Getting rid of crab grass is no one-shot operation, the Department says. Three to five treatments with chemicals at intervals of seven to 10 days are usually necessary, and the control program may have to extend over several seasons. Compounds containing potassium cyanate work better for late summer application than those with

phenyl mercuric acetate. Adding 2,4-D aids effectiveness.

Mower control: Crab grass develops from seeds produced the previous year. The Department points out. Mowing to prevent seed heads from maturing cuts down on reinfestation; also, the Department adds, crab grass does not tolerate shade. Cutting your lawn no shorter than 1½ inches helps provide a dense turf that keeps crab grass from sprouting.

**New Money**

If you keep an eye out for that sort of thing, you'll see some changes made in dollar bills this autumn. The Treasury Department has started printing on new rotary presses that replace the old flat-bed types, \$1.00 bills that will go into circulation about Oct. 1. They'll be the first paper money to carry the motto, "In God We Trust," authorized by Congress two years ago. The bills also will bear the signature of the new Secretary of the Treasury, Robert B. Anderson, and "Series 1957" instead of the current "1935 E."

**Bee Strings**

Note this, from medical authorities, should you get stung by a bee during garden puttering or while on a summer outing: Don't pull the stinger with your fingers, that pinches the poison sac at the stinger's base and forces venom into the skin; instead, scrape the stinger out with a knife blade or fingernail. Cold applications help reduce swelling and household ammonia or a paste of bicarbonate of soda and water helps relieve discomfort.

### Kentucky Fair Sept. 6-15 to Extol State's Agriculture

Agriculture, Kentucky's foremost industry, will occupy the seat of honor at the 1957 State Fair. In a supporting role will be stage shows, exhibitions and contests.

Held for the second year in the gigantic Fair and Exposition Center, Louisville, the fair will feature a fun-packed National Square Dance Contest, tuneless International Fiddle Contest, bronco bustin' Rodeo, model plane flying contest, tractor driving contest, beauty contest, and a fabulous dream home display.

Other entertainment will include spectacular revues with some of America's best known stars of radio, TV and screen—Pat Boone, Johnnie Ray, Dorothy Lamour, the Mills Brothers, and the Fontaine Sisters. A pro football game between the Baltimore Colts and the Chicago Cardinals will be a last day attraction to sports lovers and, of course, there'll be the midway for all children.

Directors of this year's fair, which will be September 6-15, have designed a program equally interesting to the city and rural folks. A constant program of educational entertainment will be conducted.

By visiting one display, city folks can learn how their milk is processed by watching its flow from the cow, through glass pipe, to the milk bottle. Farmers will be interested in displays showing new methods developed by manufacturers of farm equipment and other farmers of the state.

The most complete event of its kind staged in Kentucky this year, there'll be, "More that's free, more that's new, more to see, more to do," at the 1957 Kentucky State Fair.

#### J. P. BROTHERS

Requiem High Mass for John Proctor (Proc) Brothers, who was noted for the country home he cured and sold at his general store in Limaburg for 37 years, was sung Saturday morning at St. Henry Church, Elsmere. Burial was in Hopeful Cemetery, Florence. The Chambers and Grubbs funeral home, Florence, had charge of arrangements.

A veteran of World War I, Mr. Brothers died Wednesday, August 7, at the Cincinnati Veterans Hospital after a long illness. He was a member of Boone Post, No. 4, American Legion. He was active in business circles and Democratic affairs in this county.

He leaves his widow, Mrs. Florence Dons Brothers; a daughter, Mrs. Janet Wolf, and a son, John Brothers, Jr., both of Limaburg, and a brother, L. F. Brothers, Dallas, Texas.

#### STATE CHAMBERS URGED TO HONOR NEWSPAPERS

Observance of Newspaper Week, October 1-8, was urged last week upon the various local Chambers of Commerce by E. R. Mitchell, President of the Kentucky State Chamber of Commerce.

"It seems to me," Mr. Mitchell said, "that we have taken our home-town newspaper too much for granted and that we have neglected one of our most faithful public servants. Every week your editor and members of his staff go to press with their boost for the home town and their pat on the back for dozens of their fellow citizens."

"But who remembers to say a kind word for the editor and his newspaper?"

Mr. Mitchell is manager of the Union Light, Heat & Power Co. of Northern Kentucky.

#### Surprise Birthday Party

Eddie Neumeister was surprised recently on his birthday by friends and school mates. Refreshments of cake, punch, and ice cream were served. Those present were Richard Clements, Charles Schleyer, Bernie Spencer, Paul Wilson, Melvin Davis, Ronnie Tackett, James Portwood, Mike Kaca-ba, Mike Eckler, Davey Jarnan, Pauline Chance, Sherry Stephenson, Linda Duchemin, Clara Roberts, Patty Jump, Bobby Woolam, and Harry Sleet.

MISS OWEN COUNTY FAIR—Miss Mary Richardson, daughter of Mr. and Mrs. Charles Richardson, Owenton, is shown here with her prize, a silver pitcher, after winning the title of "Miss Owen County Fair" for 1957 during the recent fair program. She will compete later in a statewide contest.

#### Lespedez Crops Hit By Fungus Disease

Annual lespedeza crops are being hit hard in Kentucky by a fungus blight, William Stroube, Kentucky Experiment Station agronomist, said this week. The fungus is the one known as "aerial blight."

Little can be done about the fungus, Stroube says; he advised farmers that "it would probably be better to harvest the lespedeza for hay now if the blight is serious, as it is liable to become worse if the present high humidity conditions continue."

The fungus, most noticeable in areas where the rainfall has been unusually heavy, kills the leaves from the bottom of the plant upward. Leaves become a dull gray to brown and are usually matted together with a cob-webby growth of the fungus. The disease may cause a loss of from 90 to 100 percent of the leaves and seriously reduce seed yields.

#### CECILIAN 4-H CLUB

The annual 4-H Fair was held at Simon Kenton High School, August 7. The club members of St. Cecilia were winners of many blue ribbons for their exhibits of clothing, electric, gardening, dairy and poultry. One of the members was the lucky winner of the trophy for dairy, given by the Kroger Company. Leaders were quite proud of the members.

On Monday, August 12, all went on a tour of the capital at Frankfort. A very good time was had. Members owe a vote of thanks to the leaders for their untiring and unpaid work given in the past year.

#### Group Attends Revival

Thursday evening, August 8, a group of 81 members and friends of New Bethel Baptist Church, Verona, attended services at the Shiloh Baptist Church to hear their former pastor, Rev. Kelly Kennedy, who conducted a revival there. The wonderful message was greatly enjoyed by everyone present.

#### McNeely Circle Meets

The McNeely Circle of the Walton Baptist Church met with Mrs. Leonard Cook, Sr., August 8, with 10 members present. Mrs. Mary Rector, leader, opened the meeting with prayer, who also taught the book of prayer.

Those present: Bertha Soden, Glenna Dunn, Martha Gibson, Edith Gerth, Viola Steers, Virginia Kacaba, Grace Kneas, and Helen Chance. After the meeting refreshments were served.

#### Opens Cincinnati Office

According to announcements received here recently, William W. Ryle, formerly of Walton, has completed his medical training and is now practicing Osteopathic medicine and surgery in Cincinnati. His office is located at 1870 Madison Road.

#### ICE CREAM SOCIAL

The Happy Helpers Class of the Walton Methodist Church is sponsoring an ice cream social, Saturday, August 17, beginning at 6:30 p. m., on the lawn of Mr. and Mrs. Lloyd Watson, south of town. Home made and factory made cream will be available, along with home made cake. Coffee will be available for those who desire it. You are cordially invited to attend.

#### Injured In Fall

Marla Jean Breen, the 4-year-old daughter of Mr. and Mrs. William Breen of Florence, fell last Thursday, out of a swing, and received a severe cut on the mouth. She is in St. Elizabeth Hospital for several days.

#### Bake Sale August 17

The Boone County Junior Chamber of Commerce will have a bake sale at Ryan's Department Store, Walton, on Saturday, August 17. Home made cakes and pies.

Evergreen trees thrive by having their leaves or needles washed every 15 to 20 days, says N. B. Elliott, UK horticulturist. Don't neglect to water the roots thoroughly.

#### Free Access to Clean Water Will Uplift Production of Milk

Tests show that cows which have free access to clean water produce up to 25 percent more milk than cows watered only once a day, says Ed Trautman, Kentucky Agricultural Extension Service dairy specialist.

Providing plenty of clean, fresh water is one way to beat the summer milk-production slump, he says. Dairy cows require about 300 pounds of water to produce 100 pounds of milk, and the average daily water consumption per cow will be from 12 to 15 gallons; and there is a very definite relationship between amount of milk a cow produces and amount of water she drinks.

Pipe clean drinking water to drinking cups in the barn or outside to watering troughs, he says, where cattle are allowed to run in ponds, the water frequently will become contaminated, drainage from the barn or barn lots to water supplies also can carry germs.

Body temperatures are higher in the summer, Trautman notes, which means water needs are more pressing than. Comfortable cows produce more milk and one way to insure their comfort is a supply of clean drinking water.

#### Leaf-Hoppers Damaging Forage Crops In State

Leaf-hoppers, mainly the potato leaf-hopper, a tiny, yellowish-green, wedge-shaped insect, is attacking Kentucky forage crops heavily, says Kenneth Sparks, Kentucky Experiment Station entomologist. Damage is heaviest in the central part of the state, he says.

Dry, hot weather favors the insect; they like thinner stands of alfalfa particularly, and will cause stunting of the plants and leaf-drop. In addition, the insects inject some type toxin during feeding.

Because the insects are so tiny and because the leaves they attack turn yellow, many farmers frequently will mistake the damage for boron deficiency. Leaf-hopper damage is very similar in appearance to boron deficiency.

One quart of 25 percent Methoxy-chlor emulsion concentrate in 10 gallons of water will cover an acre, Sparks says. Each stand of alfalfa may need one spraying. There is a 7-day waiting period before grazing or cutting.

#### Beets, Carrots Available For Family Use In Winter

Carrots and beets can be available during the winter if gardeners will follow a few simple rules, says Clyde Singletary, Kentucky Experiment Station vegetable specialists.

Plant beets and carrots to mature in October; put plantings in rich soil and fertilize with the equivalent of 1,000 pounds of 5-10-10 per acre if not previously fertilized this year, keep ground free of weeds, and moist in dry weather.

Imperator and Chantenay are good carrot varieties; Detroit Dark Red and Crosby Egyptian are proved varieties of beets.

Harvest beets and carrots before a hard freeze which would injure the roots; a light frost, however, will not injure the plants. Remove tops from the roots and store in well ventilated, cool, dry cellar. A temperature of around 40 degrees F. is ideal.

Superstitions about the periodical cicada (called the locust) are untrue, entomologists say; the cicada's sting will not kill a person, nor does the W-shaped marking on the wings mean war. They do not harm blockier rises, either, as often reported.

Southeast of Winchester is the site of Eskipakithiki, an Indian village from about 1718 to 1754, believed to have been the last one in Kentucky.

### Friend for Life Lesson for August 18, 1957

WHEN Jonathan died, his friend David sang a song about him which has come down to us in the Bible (II Sam. 1:17-27) as a sample not only of David's genius as a man's poet, but as a gem in the literature of friendship. The curious feature of it is that at the time of Jonathan's death David was technically and actually a rebel against the government in which Jonathan was an officer. The army, in the defeat of which Jonathan was killed, would have been sent against David except that the Philistines were at the moment Public Enemy Number One. And in fact David was officially an ally of those same Philistines whose troops crushed Jonathan's. Strange background for friendship! No friendship has stood the final test unless it is a friendship "in spite of" what tries to break it up; easy-going friendship may not be very strong when the test comes.

#### In Spite of Rivalry

One thing that breaks up friendships in a hurry is a situation in which both friends are rivals—for a job, for a promotion, for a girl, for money. Now Jonathan was David's rival for the most important (and glamorous, too) job in their country: nothing less than being King. Jonathan was the Crown Prince, David only a commoner; but David had the backing of the prophet Samuel. This meant that David had the approval of God, for that high place, as Jonathan did not. It was harder for Jonathan not to be jealous of David than for David not to be jealous of Jonathan. But Jonathan was David's good friend in spite of that. Sometimes a friendship, well started, will keep right on when a rivalry opens up. But is not so often that men already rivals will become friends. Jonathan knew from the start that David had his eye on the throne, for when first Jonathan heard of him, he was trying out for his sister's hand in marriage. Eastern courts being what they were, and still are, that ordinarily spelled trouble for the future; but not for Jonathan. Win or lose, he was still a friend.

#### In Spite of the Foe

Another thing has spoiled many a budding friendship: family interference. For years, all Jonathan could have heard at home about David was "nothing good." Saul hated the very sight of David, and in fact tried over and over again to kill him or get him killed. It reached the point where once at dinner when David's name was mentioned, and Jonathan offered a perfectly sensible excuse for his not being there. King Saul broke out in a red rage, insulting Jonathan and his mother besides, all because Jonathan was acting decently about David.

What your family says about people—the preacher, the school teacher, the mayor, the President, or the next door neighbor—is hard to get away from. It's hard to see good in people when those closest to you see nothing but meanness. It takes a real friend to be able to listen to slander by the earful, and not believe a word of it. It takes a pretty strong backbone to run the risk of breaking with your family in order to stand by somebody they don't like but who you know is worth two of you.

#### In spite of Inferiority

Jonathan was, as the stories about him show, a popular man, and an able one. He would have made a better king than Saul . . . but not better than David. He knew this. For all his popularity, he was less popular than David. The people loved Jonathan, but most of them could see that David would make a better leader of the nation. If Jonathan found this hard to take, he said not a word about it that any one remembered. He did not get himself all choked up in an "inferiority complex." It is easier to be a good friend to people less able than yourself, less good-looking, less popular, less anything good, than it is to be a good friend to some one who, on most counts, outrates you. All friends wish their friends well. But the acid test of friendship is this: Can you wish your friend well when you know that his success means your eclipse?

### Away from it all

Would you like to be able to go to a retreat like this when you are worried—a place where you could be alone with your thoughts—a place where you could untangle your problems?

If you would, then you are like most people. Everyone needs a retreat, at moments. And everyone has one! It isn't a mountain cabin or a seaside cottage—but it is a place far better suited to prayer and contemplation, a place to sort out old errors and make new resolutions. It is your church.

Let your church be your sanctuary. Go to it when you are troubled. You will find within its walls your moment of peace, and you will walk out into the street again far better able to make the most of your life.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest force for an uplift in the building of character and good citizenship. It is a stronghold of spiritual values. Without a strong Church neither democracy nor civilization can survive. There are four sound reasons why every person should support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself! Which needs his moral and material support! Plan to go to church regularly and read your Bible daily.

	Book	Chapter	Verses
Sunday	Psalms	46	1-6
Monday	Psalms	46	7-11
Tuesday	Isaiah	40	27-30
Wednesday	Isaiah	40	31-32

## OAK RIDGE

Mr. and Mrs. Sonnie Bates have entertained relatives from four states at their home the past week. These include Mr. and Mrs. Cliff Thurmon of

Wisconsin; Mrs. R. J. Cooper of Memphis, Tenn.; Mrs. Merle Coviness and son of Dyersburg, Tenn.; Mrs. Minnie Summers of Flint, Mich.; and William H. Bomer of Dayton, Ohio.

Mrs. Frank Poetter fell at her home Sunday morning and suffered painful facial bruises.

Norma Hale and Dretta Christian of Lexington, are visiting Judy Thompson this week.

Lightning struck the home of Mr. and Mrs. Homer Harris, Sunday morning and frightened them badly but caused only minor injuries.

The Oak Ridge Homemakers Club held their annual picnic at the home of Mrs. Howard Bell, Valley View Dr., with Mrs. Bell and Mrs. Ollie Miller as hostesses. Mrs. Edith Piper led in several games following a picnic lunch in a grove of trees in Mrs. Bell's back yard. Those present, besides those previously mentioned, were Mrs. Thos. Renaker, Mrs. Chester Barton, Mrs. W. C. Tallent, Mrs. W. O. Mitchell, Mrs. Harry Callier and a guest, Mrs. Everett Tittle.

Mr. and Mrs. Eugene Tallent and daughter, Edith, of Winchester, Ky., spent the weekend with Mr. and Mrs. W. C. Tallent.

Mr. and Mrs. Bruce Hutchins and children, Mike and Michelle, of Liverpool, N. Y., are visiting Mr. and Mrs. H. R. Hutchins.

Mrs. E. C. Harris is still very ill at her home.

Dr. Franklin Daugherty and W. C. Tallent have gone to Camp Breckinridge, Ky. for two weeks active duty with the Army, training with the 100th Division.

Miss Judy Thompson celebrated her 13th birthday Friday night with a party for several of her friends. Games were played, hot dogs were roasted on the outdoor grill, cake and cokes were served and there was dancing, croquet and bannetion for those who wished to participate. Guests included Beverly Poetter, Tonya Thompson, Norma Hale, Theresa Allen, Dretta Christian, Carolyn Nitschke, Thos. Moore, Carl Ward, Gerald Smith, David Marsh and Terry Tallent.

Miss Katherine Maus, daughter of Mr. and Mrs. Joseph R. Maus, Stephens Road, was married August 10 to Mr. Joseph McDonough of Cincinnati, at St. Cecilia Church, Independence. They will live in College Station, Texas.

Miss Carol Wintling, entering a group of tenth-grade friends with a party at her home Friday night.

## CRITTENDEN

Mrs. Bertha Mitch spent Monday with her son, Mr. and Mrs. Kenneth Mitch of Erlanger.

Ira Cornelius passed away at St. Elizabeth Hospital, Tuesday, August 6 after an illness of eight days.

Mrs. Olan Piner has returned home from Booth Hospital and is slowly improving.

Fred Turkin has bought the Blaine Hardware Store on Main St., Dry Ridge, and Mr. Blaine has purchased Mr. Turpin's store building. Mr. and Mrs. Turpin and daughters will move to Dry Ridge soon. We are sorry to lose these good people from our community.

Mr. and Mrs. Leo Webster visited Mrs. Ira Menefee at St. Elizabeth Hospital, Wednesday night.

Miss Pasty Hancock is spending her vacation in Florida.

Mr. and Mrs. Verner Doan of Covington, visited Mr. and Mrs. Marion Belew, Thursday.

A birthday party was given for Miss Marlene Roberts, who was four, at the ball park, Tuesday evening. Those in attendance were Mrs. Alvin Alphin, Mrs. Fred Brown, Sr., Mrs. Charles N. Brown, Mrs. Walter Cooke, Mrs. Osa Hallon, Mrs. William Stephens, Sarah Mae Hise, Donna Brown, Vickie and Gene Hallon, Linda Burnett, Patty Mann, Janet Iseral, Geraldine Roberts, Junior Riley, Dennis Mann, Donnie Roberts and the mother, Mrs. Geo. Roberts. Games were played, ice cream and cake, and soft drinks were served.

Mrs. Cora Doy is visiting her sisters, Mrs. John Tello and Mrs. Ernest Mangold at Newport, Ind.

Mrs. Irene Glacken is visiting her sister in Chicago, Ill.

Dennis Humphrey, 5-year-old son of Mr. and Mrs. C. Humphrey, was badly cut on the arm when he fell into a glass door. He was rushed to the doctor where it took several stitches to close the wound.

Mr. and Mrs. Wendell Belew and children of Atlanta, Ga., are visiting his parents, Mr. and Mrs. Marion Belew, over the weekend.

Mrs. Mayme Smith returned home Wednesday from St. Elizabeth Hospital, much improved.

Mrs. Ira Menefee, who underwent surgery at St. Elizabeth Hospital, Saturday, is getting along as well as can be expected.

Miss Dorothy Menefee and Mrs. Frank Knight have moved into Miss Menefee's house she purchased from William Lillard.

Mrs. Kenneth Holbrook and two children spent Thursday with her parents, Mr. and Mrs. Fred Carter, at Zion Station.

Mr. and Mrs. Marion Crowe and daughter, Billie, of Georgetown, and Mr. and Mrs. Allen Harmon and four children of Lexington, were visiting friends here Sunday.

Miss Kathryn Riley spent the week with her aunt, Mrs. Ray Eason, and Mr. Eason of Walton.

Mr. and Mrs. Marion Belew visited Ernest Beagle at Lexington, Sunday.

Mr. and Mrs. Shelby Hise and family spent Sunday with his brother at Richmond, Ky.

## VERONA

Weekend guests of Mr. and Mrs. Corner Littrell were Mr. and Mrs. Jesse McMillan, Mr. and Mrs. Garsett Smith, Carolyn Sue and Jimmy, L. Littrell, of Covington; Eldon Stephenson, of S. Air Force, and friend, Miss Jenny Yelton, of Florence; Mr. and Mrs. Russell Littrell, Gary Lee and Connie Jo Littrell, of Greendale, Ind.

Mr. and Mrs. Robert Bran entered at dinner recently for her brother, E. J. Roberts and family, Mr. and Mrs. Art Tomlinson and family, Mr. and Mrs. T. C. Roberts and family, all of Covington, and Mrs. R. W. Collins of Ellettsville Station.

Mr. and Mrs. Marion A. Waller of Louisville, were calling on his aunt, Mrs. Lizzie Noel, one afternoon recently.

Mayo Hayden was called to Erlanger, on Sunday of last week, to see his mother, Mrs. Martha Hayden, who was ill with a heart condition. We hope she will soon be able to return to her home here.

Mr. and Mrs. Masdens of Louisville, were recent guests of Mr. and Mrs. R. E. Bran.

Mr. and Mrs. Bernard Wilson, Elbert Wilson and Mrs. Pattie Willeford were recent Sunday guests of Mr. and Mrs. Chas. T. Wilson of Florence.

Mr. and Mrs. Joe Rouse and two sons have arrived from Florida, to visit relatives here and at Florence.

Mr. and Mrs. Jim Lamm, Mr. and Mrs. Elmer Reffitt, and Mr. and Mrs. Rennie Reffitt were recent Sunday guests of Mr. and Mrs. Frank Wolfe of Lyndon, Ky. On their way home they called on Mr. and Mrs. Bill Notton.

We extend sympathy to Mrs. Don Murray, and Mrs. Pearl Baker of Walton, in the passing of their father, Nelson Jarrett, who passed away recently.

James Whitson of Covington, was a recent over-night guest of Mr. and Mrs. H. D. Edginton.

Mrs. Dairy Yelton spent a few days last week with Mr. and Mrs. Jim Lamm.

Mr. and Mrs. Wilbur Harris and two sons of Missouri, visited relatives here for a few days. They come in to be with Mr. Harris' sister, Mr. and Mrs. Joe Rouse, who are also here.

Mr. and Mrs. Ray Violette and son at Park Hills, were calling on Mr. and Mrs. Lloyd Yates and daughter, recently.

Mrs. Allie Chandler and Mrs. Ethel Rogers attended the Jones reunion at the Burlington fairgrounds. Over 70 were present for the occasion.

**ATHLETE'S FOOT GERM**  
Imbeds deeply—toes crack, burn, itch—get fast DOUBLE relief.

**USE T-4-L BECAUSE**  
This powerful fungicide sloughs off the infected skin. Exposes more infection to its KILLING ACTION. When new and healthy skin appears, apply T-4-L frequently to KEEP FEET WELL—medical science says athlete's foot can come back.

**IN 24 HOURS.**  
If not PLEASSED, your 40¢ back from any druggist. T-4-L is colorless, instant-drying, easy to use. Also use FULL STRENGTH for itchy, sweaty feet, insect bites, poison ivy. NOW at Brokerfield Drug Store, Walton.

**ADMINISTRATRIX NOTICE—**  
All persons having claims against the estate of Nelson Jarrett, deceased, are requested to present same, properly proven according to law, and all persons indebted to said estate are requested to call and settle with the undersigned.

2-33 ZELLA BAKER, Admx.

**CARD OF THANKS—**  
We thank all who were so kind and sympathetic to us during our recent bereavement. Thanks for the cards, food, and flowers. Special thanks to Dr. Huey for his effort to give relief, to Hamilton funeral home for kind,

efficient service; to Rev. Kennedy and Rev. Tackett for their words of consolation and prayers; to Mrs. Scott and Mrs. Hamilton for their songs; to Rev. Kennedy, Mrs. Bernard Wilson, and Arthur Brewster for accompanying us on our long journey to the cemetery at Burning Springs. Your kindness will live in our hearts forever. "God bless each one of you," is our prayer.

Zella Baker and Stella Murray, 11-33 Daughters of Nelson Jarrett

American farmers produced about 40 percent more goods in 1956 than in 1940, says the USDA.

## CARD OF THANKS —

I wish to express my appreciation to all the kind blood donors and for all the beautiful cards I received while I was in the hospital. Sincerely, 11-33\* MRS. ANNA HOELSCHER

## Summer Handling of Lambs Includes Weaning, Treating

Any lambs which were not ready for market by July 15 should have been weaned, treated for internal parasites and turned on the cleanest pasture available, says R. C. Miller, Kentucky Agricultural Extension Service sheep specialist.

Such lambs will make only slow gains in the hot part of the summer, he says, but can be finished at small costs on pasture in the fall after nights cool off, provided the lambs are kept healthy. Running lambs in cornfields—after the corn reaches the tassel stage—has become more popular in Kentucky. The lambs apparently do no damage to growing corn, though occasionally they pull off a lower leaf or two; they eat grasses and weeds in cornfields. Pasturing them there is also a good way to break up the parasite cycle; the corn field is free of parasites the sheep might pick up, since the field has been plowed and has not had sheep on it for months. Keep a phenothiazine-salt mixture available to these lambs, though.

Farm wage rates in April, 1957, were about four percent above that of 1956.

# AUGUST 13

Are you superstitious about the 13th? Well, I was born 50 years ago on Friday, 13, 1907. I have had a lot of close calls in these 50 years, such as three broken arms, two broken collar bones, three ribs, burned up with a flash of 33,000 volts in 1930, which burned both feet and both hands, losing one finger on my right hand, had two car wrecks but not injured. I think I have been very lucky to be living today.

We were not very busy so I went out to the stock sales for an hour and when I came back the store was full, but we soon took care of them. They sold linoleum, linoleum rugs, hoe handles, roof paint, cow spray, hedges, sprayer repairs, pressure cooker, fruit jars, tremors lug, lawn chairs, freezer containers, horse bridle, bridle bit, halters, fish tackle. Leon Hall sold a Dayton water pump for me. I sold lawn fence and field fence. Brewster sold a lot of pipe and fittings. Albert Stephens bought a 52-gallon electric water heater. He put the pipe on it and John Wood stopped today and put the electric on it. So now he has plenty of hot water and heats it the cheapest way. I have some 30-gallon and 52-gallon electric water heaters for 79.50 and 99.50. I have a deal where I can sell you a 350-gallon-per-hour water pump on 13-gallon tank for only 99.50. I have plenty of plastic pipe and fittings, galvanized pipe and fittings. George Whitaker, from down Banklick way, bought a lot of soil pipe and fittings, also 112' of 4" Orangeburg and fittings. Leon Hall just stopped in and picked up a Dayton water system and took it somewhere and installed it.

Mrs. Ray Newman, from over at Union, called and said her Maytag washer motor had quit, so Brewster took a new motor and went over. It was not the motor but the pump that had gone bad. He went to Hagedorn's to get parts for the pump; then when he started to put the pump on he found a hole in the housing so he made a new pump. He came in for lunch and went back after lunch, took the pump off and piped the water straight through. A lot of time for one little job, but that is what you get now and then.

Mr. and Mrs. Dominico, from down on U. S. 25, were here today with their daughter. They bought a little of everything, including two gallons of Bolco outside white paint. Mr. and Mrs. Chas. Carpenter came up this afternoon. Charlie wanted a long bolt for his potato plow so Brewster made him one. I sold several kettles for canning, cold chisels, collanders, rotary ricers, fruit jars, lids and all supplies. I have

sold several kraut cutters this year. I have stone jars for your canning needs. Omer Kine came up and talked to me a long time—he is quitting all that hard work and going to fish and fox hunt.

I have aluminum heavy bodied asbestos roof coating for 3.75 gallon. I have a thinner aluminum Galsolite roof coating for metal roofs for 3.75 gallon, then I have Sheffield's Super-Krome aluminum, which is very bright for any surface; also Bolco's red label aluminum is heavy bodied and covers lots of surface. I have a very good red roof and barn paint and it is "red." Then I have that black asbestos roof coating in 5-gallon cans for 3.75 and the paste roof cement in gallons for only 1.25. Get your buildings ready for the fall and winter rains.

Today, we received a lot of plastic water pipe and 2 Dayton water systems. I sold an Eclipse rotary lawnmower to Mr. Hand, who had an Eclipse reel type lawnmower—once you use an Eclipse, you will buy another. Conrad, over at Hebron, came over hunting jelly glasses—we had them. A lady I did not know came in and bought a cold pack canner and 2 2-gallon stone jars. We have waxed paper and aluminum foil, paper plates, napkins, spoons, forks and cups for your picnic. We have some picnic baskets and they're equipped with silverware and plates.

Today, we sold lots of hardware and paint. I sold a fellow 2 gallons of Bolco Liquid Sotn wall paint—late this afternoon he came back after 2 more quarts to finish the job—he said that it was good paint and it covered new sheetrock with a very nice finish. We sold lots of white creosote paint; this is very good for outbuildings and fences. I sold out of that heavy bodied aluminum roof coating but I have more now. If you have an old, leaky metal or felt roof, put a coat of this on, it really does the work, or if you want something cheap, we have that black asbestos fiber roof coating in 5-gallon cans for 3.75.

Today, we sold Sta-Dri for those basement walls—if they leaked last winter, now is the time to stop that leak for the coming winter. Use Sta-Dri, it comes in white and colors. I have had more compliments on that rubber base paint and floor enamel—it will stand the weather and will stay on wood or cement.

Just received a large shipment of aluminum ware, pots, pans and kettles, in Walkersware, and also the light weight aluminum.

John Wood put in a new Dayton piston water system for me out at Mr. and Mrs. Jim Woods. Mrs. R. C. Durr called about her riding Mastercut mower. We had to get her a new one, the third they've had had this season. Shop at Conrad's.

George McCay Binder

George McCay Binder, son of Mr. and Mrs. Ed Binder, 486 Hemlock Road, Latonia Lakes, has been selected to represent Simon Kenton High School at the Junior Red Cross Training Center, Miami University, Oxford, Ohio, August 11-18.

Young Binder was selected because of his leadership ability, both in school and at the Red Cross Chapter.

A freshman and honor student at Simon Kenton last year, he was president of his Literary Club, sergeant of arms in his home room, chaplain of the Junior Hi-Y Club, a member of the Speech Club—rated superior for his Junior High prose reading at Bellevue, and competed in the state at Lexington, April 10, where he rated excellent.

A member of the Safety Council, he attended the Safety Institute at Central High School, Cincinnati. He was a representative to the Kentucky Youth Assembly, Frankfort, April 1-3; played on the Junior High basketball team, and on the Knottville baseball team of independence; is a Life Scout in Troop 21, where he holds the offices of Senior Patrol leader and Scribe; is a member of the Taylor Mill Church of Christ and an active member of the youth group there.

#### Visit Eden Hill Farm

New hay-making machinery for the "hillside farmer" was one of the features shown at the annual tour of the Kenton County Utopia Clubs to the Eden Hill Test-Demonstration Farm, on Sunday afternoon, August 18. Field demonstrations on methods of establishing pasture and forage crops and on the use of the tractor created much interest as did the tobacco variety trials. Dairy, beef cattle and sheep buildings and equipment have been added to the University of Kentucky farm during the past few months.

The 950-acre farm was purchased in 1955 for the University of Kentucky through contributions by farm people in the Eden Hill area of Northern Kentucky.

#### Free Red Cross Recordings To Be Made at Fair

Northern Kentucky residents will have an opportunity to send a free "Voice from Home" to their servicemen overseas at the Boone County 4-H and Utopia Fair at Burlington, August 22, 23 and 24. The announcement was made this week by Mrs. A. H. Gaines, volunteer chairman of the Boone County Branch of the Cincinnati Area Red Cross, and Mrs. Roy Nestor, executive secretary.

Mrs. Gaines said the Red Cross will make free recordings, which can be played on any 78 r.p.m. record player, and give mailing envelopes for local residents wishing to send personal greetings to members of their family who are in the Armed Forces overseas. Persons making the recordings are asked only to provide postage and mail the records. This Red Cross service is available for wives, children, parents and relatives of military personnel overseas. Families of veterans in distant V.A. hospitals in the U.S. are also eligible to make recordings, Mrs. Gaines said. She urged those interested in recording to write out in advance a cheerful roundup of family news of not more than 500 words.

Since the service is designed as a morale builder for servicemen overseas, she stressed the importance of keeping the messages happy and the need to avoid subjects which would cause servicemen to worry about home conditions.

The recording sessions will be held 1:00 to 4:00 p. m., daily at the fair August 22, 23 and 24. All sessions will be conducted in the Red Cross First Aid Center, which will also be staffed by Red Cross first aid personnel who will provide emergency care if needed by persons attending the fair.

"Voice from Home" is a year-round program of Red Cross Home Service, which along with Red Cross First Aid Service is supported through the United Appeal, the joint campaign of the United Red Cross in the five-county area.

## Kindergarten to Be Housed in Baptist Church This Year

As you may be aware, the Walton Woman's Club of Walton, is continuing its sponsorship of the Walton Kindergarten. They will again have as Kindergarten teacher, Mrs. James S. Webster, whose abilities are well known in Northern Kentucky.

If you have a child of Kindergarten age, that is, five years old before January 1, you are extended an invitation to take advantage of these facilities. Classes are being held this year in the Sunday School rooms of the Walton Baptist Church, Beginners' Department. Tuition is as before, \$10 per month if transportation facilities are used, and \$8.00 per month if they are not. Registration will be held in the class rooms from 9:00 to 11:30 a. m., Wednesday, September 4, and classes will begin Monday, September 9. The class session are held from 9:00 to 11:30 a. m., and a light refreshment is served each day without charge.

Any questions you may have will be gladly answered by any of the following: Mrs. Sharon Grubbs, Walton 312; Mrs. Carolyn Rouse, Walton 190; Mrs. Elizabeth Rouse, Walton 1163; Mrs. James Webster, Walton 1183; or Mrs. Frances Stephens, Walton 1472.

It is hoped you will take advantage of these opportunities afforded your child, which he or she so richly deserve.

#### MRS. BERNADINE PARR

Mrs. Bernadine Duvelius Parr, age 84 years, widow of the late Martin Parr, died at her home in Kenton, Thursday evening, August 8. A lifelong resident of Kenton county, she moved to her present home six years ago, where she made many friends and led a busy and useful life, able to do for herself until three weeks before her death. She was a devoted member of St. Mary's Catholic Church, Morning View, since infancy, and attended services regularly.

She leaves to mourn her loss two sons, Nick Parr of Demossville, and Henry Parr of Kenton; three grandchildren, Mrs. Hugh Mullins and Bernice Parr, both of Kenton, and R. W. Parr of Buffalo, N. Y.; one brother, Fred Duvelius, of Leland, Ohio; five great-grandchildren, several nieces and nephews, and a host of friends.

Funeral services were held Monday morning, August 12, from the home of her son, Henry Parr, with Requiem High Mass at 9:30, conducted by her pastor, Rev. Al Greisinger. Burial was in the church cemetery.

Palbearers were her three grandsons, Bernie and R. W. Parr, and Hugh Mullins, and three great-nephews, Gregg, Bob and Donald Barberick.

#### REVIVAL AT CONCORD

Dynamic Gospel sermons on what the Bible teaches about sin, hell, heaven, judgment, second coming of Christ, how can I know I'm saved, and other vital subjects relating to true Christianity will be heard during these meetings.

Rev. Clyde Kendall

Revival services will be held at the Concord Baptist Church, south of Verona, on Ky. 16, will begin September 1 and continue through September 10, with services nightly at 8:00.

Rev. Clyde Kendall, a World War II pilot and a graduate of the Southern Baptist Theological Seminary, Louisville, will be the evangelist.

Dynamic Gospel sermons on what the Bible teaches about sin, hell, heaven, judgment, second coming of Christ, how can I know I'm saved, and other vital subjects relating to true Christianity will be heard during these meetings.

#### MARRIED RECENTLY

Mr. and Mrs. Chester Bird

Of interest to their many friends in Northern Kentucky was the wedding of Mrs. Nellie Rowland of Covington, to Mr. Chester Bird of Independence, which was performed in a quiet ceremony at 5:00 p. m., Saturday, June 15, at the home of Rev. R. F. DeMoisey, Walton.

Mrs. Jean Stephenson and Mr. Bill Rowland, daughter and son of the bride, were the couple's attendants.

Following a dinner at Oelsner's, the couple departed for a wedding trip of three weeks in Florida.

#### Fish Fry and Social

The Ladies Auxiliary of the Walton Volunteer Fire Department will sponsor a fish fry and social, Saturday, August 31, at 7:30 p. m., on the Firemen's picnic grounds on High School Court, Walton. The public is cordially invited, and the Auxiliary will appreciate your support in any way.

## Top United Appeal Leaders Named In Division No. 10

Top leaders in Division 10 have been named and are at work recruiting community volunteers in Kenton county for this fall's United Appeal. It was announced this week by Roy Klein, Taylor Mill Pike, who is division chairman, and Russell Rector, of near Independence, who is vice chairman.

This year's \$5,480,066 United Appeal for 117 agencies in the five-county Cincinnati area, will help 22 chest agencies and three branches of the Red Cross in Northern Kentucky.

Heading the big once-a-year drive in District A, which covers the Northern Run area, is Mrs. Mabel A. House, Route 1, Box 466, South Fort Mitchell. In addition to her U.A. volunteer work, she is active in the Ladies Auxiliary to the Sandfordtown and Community Volunteer Fire Department, and the Covington Daylight Chapter, 375, Order of Eastern Star.

In District B, which covers White Tower, Gayle Alford, 667 Walt Road, is chairman. He is safety superintendent for the Cincinnati and Suburban Bell Telephone Co., a trustee of the Taylor Mill Board and is active in the Masons.

William R. Brown, Rich Road, is chairman of District C, which covers Piner. He is principal of the Piner Elementary School.

District D, which covers Independence, is headed by Willard Shropshire, Bramlage Road, Route 1, Walton. He is principal at Dixie Heights High School.

A husband and wife team is in charge of the United Appeal in District E, which covers Spring Lake, Visalia and Decoursey. Mrs. Harold J. Halphill, Box 313, Route 5, Ryland Heights, is serving as chairman, and her husband, a salesman for A. B. Dick Products, is co-chairman. He is also active as a teacher in the Latonia Christian Church, and in the Ryland Heights Volunteer Fire Department and the Blue Lodge of Masons, Independence. Mrs. Halphill is also a teacher in the church, president of the combined Auxiliary to the Kenton and Boone County V.F.D., and active in the Ryland Heights Ladies Auxiliary, and the Ryland Homemakers.

Speaking for the division, she said, "The Lord commanded us in Mark 12:33, 'Thy shalt love thy neighbor as thyself.' When we heed this commandment we are concerned with our neighbors well being. There is no better way than to contribute to the United Appeal."

#### "Soldier of the Month"

Specialist Third Class Ellsworth F. Rhodes, whose wife, Joyce, lives on Walton, Star Route, recently was named Soldier of the Month for the 550th Antiaircraft Artillery Battalion, Norfolk, Va.

Specialist Rhodes, a radar operator in the battalion's Battery C, was selected in competition on a basis of neatness, knowledge of military subjects, and efficient performance of assigned duties.

The 20-year-old soldier entered the Army in February, 1956, and received basic training at Fort Leonard Wood, Mo. He graduated from Lloyd High School, Erlanger, in 1954, and his parents, Mr. and Mrs. James C. Rhodes, live at 133 Kenton St., Erlanger.

## Club Formed to Promote Park In Cruises Creek Area

The Cruises Creek Lake Club, an organization designed to acquire funds with which to buy the necessary land for establishment of a state park in that area, was formed at a meeting last Friday night in the Piner School.

Foster Guttridge was named temporary chairman. Officers elected included L. M. Gabriel, president; James K. Lockhart, first vice president; A. A. Brown, second vice president; William Walteman, secretary, and Mr. Guttridge, treasurer.

Promoters of the Cruises Creek area have been assisted by Labon Jackson, state commissioner of conservation, and Earl Wallace, commissioner of the Department of Fish and Wildlife Resources, that the state will build a dam there once the land is acquired, Mr. Gabriel reported.

The Cruises Creek site is one mile north of Piner and seven miles south of Independence in Kenton county.

Thirty-two persons, most of them land owners, attended Friday's meeting.

"We feel confident we will be able to get the land needed to set up the section as a state park," Mr. Gabriel said.

The next meeting of the club has been scheduled for 8:00 p. m., Friday at the Piner School.

#### CARRIE STEPHENSON

Mrs. Carrie Stephenson, widow of Vincent Stephenson, a farmer, died Monday at the Covington Rest Home, 736 Garrard Street. Mrs. Stephenson, who was 81 years old, lived on Moffett Road.

She is survived by a son, Donald Stephenson, at home, and several nieces and nephews.

Services were conducted at 2:00 p. m., Wednesday at the Swindler funeral home, Independence, with burial following in the Independence cemetery.

#### Services at Lebanon

There will be services at Lebanon Presbyterian Church Sunday afternoon, August 25th at 2:30 p. m. by Rev. Charles Owens from Louisville. The public is cordially invited.

## "Our Future Community Leaders"

Left to right, top row, Donnie Ray Poole, 3 1/2-year-old son of Mr. and Mrs. Joe Poole; Verona; Layna Corsetta Cheesman, 23 months old, and Dayna Fae Cheesman, 4 1/2 months old, daughters of Mr. and Mrs. Dayne Cheesman, Park Ave., Walton.

## "This Is Fair Week" Many New Features

#### BOONE FAIR SPEAKER

Jack Morgan

"Emphasis of the 1957 Kentucky State Fair will be on agriculture. The State Fair, in our opinion, should be a showcase for Kentucky's agriculture resources." These words will be included in a speech by Jack Morgan, agriculture director, Kentucky State Fair, to be given Saturday, August 24, of the Boone County 4-H and Utopia Fair, Burlington.

Morgan will call attention to several new attractions for farm people in this year's fair—demonstration Grade A milking parlor, a daily championship livestock ring, stage show conducted by 4-H and FFA boys and girls, and one whole day devoted to farm bureau recognition.

#### Social at Independence

The ladies of St. Cecilia Church, Independence, will hold their monthly card party and social on Wednesday, August 28, from 1:30 to 3:00 p. m., in the church basement. Donation, 50 cents, refreshments included. The public is cordially invited to attend.

#### Get Oil Equipment

The Rednour Coal & Feed Co., Walton, announces that they will handle fuel oil and all other oil products for farm and home. They have a new truck being delivered within the next few days. They plan to have a large storage tank installed, giving their customers the best in coal or oil products.

#### BEAVER HOMECOMING

Homecoming will be held at the Beaver Baptist Church on Sunday, August 25. Rev. Calvin Perry, the pastor, will hold regular services at 11:00 a. m., which will be followed by dinner at noon. Each one attending is asked to bring a basket of food.

Rev. R. F. DeMoisey, a former pastor, will be the speaker at 2:00 p. m. Another former pastor who will be present is Rev. Melvin Riley. All members and friends of the church are urged to be present.

## Fair Council Invites Everyone to Attend

The big event of the week in Northern Kentucky will be the opening of the Boone County Fair, today, at Burlington.

All big shows held in the grandstand will be free. Free parking for all—ten acres of extra parking space has been added for the convenience of the public.

There will be amusement and entertainment for all; exhibits of the products of the land, and the ladies will show their jams, canned fruit and vegetables, flowers and hand work.

There will be contests for all, even the babies in the Baby Show, and Grandma and Grandpa in "The Oldest Person at the Fair Contest," as well as the Beauty Contest for the young ladies. Style Revue, Tractor Pulling Contest, Horse Pulling Contest, Tractor Driving Contest, Pig Scramble for boys twelve and under, Dairy Shows, Horse Shows, and many other interesting grandstand shows.

The Boone County Fair Council invites the public to attend this annual event, where Southern hospitality is extended you. It is the policy of the Council to serve the public with pleasure that they may enjoy themselves while they attend the Boone County Fair, Aug. 22-24.

#### BOONE YOUTH MEETING

The Boone County Youth Division of the Northern Kentucky Association of Protestant Churches will hold its second official meeting at Hopeful Lutheran Church, August 26, at 5:00 p. m. The program will include recreation, fellowship singing, a business session, and worship service led by the young people and minister of the Burlington Baptist Church. Each person is to bring his own picnic lunch.

The group will consider plans for coming activities and will hear a report from the Tri-county youth organization to the Association. The program will close at 9:00.

#### Visiting Here from Georgia

Dr. and Mrs. Andrew M. Smith are vacationing on their farm on U. S. Highway 25, south of Walton. Dr. Smith is pastor of the First Baptist Church, Tallapoosa, Ga.

## "You Were There" Program Presented At WMS Meeting

The Walton Baptist W. M. S. met at the church Thursday, Aug. 15, at 1:30 p. m. Mrs. Helen Glance called the meeting to order with the group recitation of "Watchwords." Mrs. Violet Praitheer was asked to lead in prayer.

The state mission program, "Building For Christ in Kentucky," will be observed September 9-13, at 1:30 p. m., in the church. Those attending circle meetings of that week will observe prayer for that day in their circles.

The ladies were pleased to have 11 Sunbeam children and their leaders present as it was Sunbeam Focus Week.

Those answering roll call were: Mrs. Helen Glance, Mrs. Niala Steers, Mrs. Margaret Wilson, Mrs. Anna Johnson, Mrs. Grace Knox, Mrs. Emma Tackett, Mrs. Edith Garth, Mrs. Maxine McCubbin, Mrs. Virginia Kacaba, Mrs. Edith Percival, Mrs. Bonnie Woods, Mrs. Julianna Shields, Mrs. Wilma Winburn, Mrs. Violet Praitheer, Mrs. June Brewster, Mrs. Leona Jump, Mrs. Willona Kilgore, Mrs. Mary Rector, Mrs. Bess Conrad, Mrs. Hallie Cook, Mrs. Gaynelle Flynn, Mrs. Geraldine Jones, Mrs. Virgie Fisher and Mrs. Lorena Myers. Visitors were Mrs. Flora Summey and Mrs. Clifford Jones.

The program setting was in the church yard with a make-believe program, "You Were There." An informal talk was conducted on the program, "Giving the Water of Life in Europe." The meeting was closed with prayer for each of the missionaries on the prayer calendar for the month.

Mrs. William Justice was the Friday guest of Mrs. Lena Sanders and Louise Sanders.

Mrs. Lawrence Wilson and son, Paul, spent last Sunday in Covington.

Mrs. Christine Hunsick and Mrs. Effie Beach gave a wedding shower at the First Baptist Church, last Monday evening, in honor of Mrs. Rheda Greene Robison.

Mr. and Mrs. Woodrow Brown, David and Jolina Brown, and Mrs. Barbara Albert and baby have returned to their home in El Cajon, Calif., after a visit in the home of Mr. and Mrs. Harry Reed. Mr. Brown is a brother of Mrs. Reed and had not been home to Kentucky for 13 years. He enjoyed visiting with friends and relatives both here and surrounding towns.

Mrs. Orif Ratcliff remains ill at her High Street home.

Mrs. Viola Wynn returned home Monday after a several weeks visit with her son and family, Mr. and Mrs. Billy Wynn, of Cheyenne, Wyoming.

Mrs. Flora Howard and Mrs. John E. Ryan entertained with a musical lanterns shower, last Thursday evening at the Ryan home on High Street, for their sister, June, bride-elect of Russell Aco, who are to be married August 24, and reside in the Lula Hudson apartment.

Those attending the shower were: Mrs. James Allphin, Miss Frances Chapman, Mrs. Maggie Chapman, Mrs. Matland Baker, Mrs. Johnson, Mr. and Mrs. Bert Mossie, Mr. and Mrs. Harry Allphin, Mrs. Jack Allphin and daughter, Mr. and Mrs. Shelby Aco and son, Mrs. E. Alexander, Mrs. Glenna Rice, Mrs. Georgia Stephenson, Mrs. Dora Stephenson, niece and daughter, Mrs. Jeanetta Cleek, Mrs. Bill Smith, Mrs. Bruce Cox, Mr. and Mrs. Bob Benton, Mrs. Lillie Chapman, Mrs. Eva Waters, Mrs. Lois Lay, Mrs. Virginia Kacaba, Miss Lena Kacaba, Mrs. Sophia Kacaba, Ula Cook, Mr. and Mrs. Naaman Cook, Mr. and Mrs. Bill Justice, Mrs. Roy Brown and children, Mr. and Mrs. Richard Howard, Mrs. Ena Vittore and granddaughter and Miss Carol Nordmeyer.

Over 100 Sunbeams, 3 to 9, of the North Bend Association, enjoyed a Mission day program at the First Baptist Church, Walton, on August 16, during Sunbeam Focus Week. They were accompanied by their leaders and parents. The program presented by the youth of the local church was in the nature of an airplane trip through mission land.

Mrs. J. R. Tackett and her G. A. girls served as air hostesses, and one hostess accompanied each flight of 10 children. The visit to the American Indian village set up by Mrs. Bonnie Woods and her group of Sunbeams, on the lawn of the Hall house; an African clinic, set up by Mrs. Mary Rector and colored friends from the Zion Baptist Church; a Hawaiian village, set up by Mrs. Violet Praithier and her Sunbeams; a Japanese garden, tended by Miss Irma Rector, Donna Wright and their YWA leader, Mrs. Dora Pennington; a Mexican party, tended by Mrs. June Brewster and her GA girls; an Alaskan puppet show, presented by Norma Neumeister and Debby Afterkirk. After group singing and introduction of all leaders and their children, Mrs. Emeco Brice, Florence, a Japanese bride, accompanied by her 15-month-old daughter, Dorothy, showed many things of interest she had brought from her native Japan. Mrs. Brice dressed a GA, Beverly Gerth, in Japanese attire, which was greatly enjoyed by everyone. This was the first program of this type ever held in the association, and was very successful, thanks to the young people of Walton Baptist Church.

Mr. and Mrs. Ernest Cooper, Jr. had as guests over the weekend, her brother and wife, Mr. and Mrs. Honey Osborn, and two children, Leslie and Teresa, of Ohio. Teresa stayed for a longer visit.

The Ladies Auxiliary of the Walton Volunteer Fire Department held its August meeting at the home of Mrs. Sharon Grubbs. After the business session, all members enjoyed a buffet luncheon served by the hostess. Members present were: Mrs. Betty Carlisle, Mrs. Ruth Best, Mrs. Mary Berkeimer, Mrs. Edw. Hetzel, Mrs. Nellie Egan, Mrs. Delores Wilson, Mrs. Grubbs, Miss Elizabeth Grubbs, and Mrs. Medley.

Mr. and Mrs. Wesley Burgess and sons and Mrs. Sue Stamper, Wilma Good and Marvin Hudson spent Sunday in Rising Sun, Ind.

The Happy Helpers class of the local Methodist Church held its regular monthly meeting August 13 in the church basement. The president, Lloyd Watson, had charge of the business session. Those present were Mr. and Mrs. Lloyd Watson, Mr. and Mrs. Charles Carlisle, Mr. and Mrs. Malcolm Simpson, Mrs. Scott Lancaster, Mrs. Howard Stephenson, Mrs. Livonia Elliott, Miss Emma Jane Miller, Sam Hudson, and baby Roberts.

Mr. and Mrs. Ed Egan and family attended a reunion at Boyd, Ky. About a hundred were present for the Boyer-Perrin reunion.

Mr. and Mrs. Joseph Ryan entertained Sunday with a birthday dinner in honor of their son, Joe Ryan, Jr., on his seventh birthday. Those present were Mr. and Mrs. Richard Ryan and family, Mr. and Mrs. G. W. Ryan and family, Mr. and Mrs. Elmer Sims, Mr. and Mrs. Russell Ryan, William Ryan, and Miss Nancy Ryan.

Mrs. Wesley Burgess and sons, and Wilma Good spent Monday in Covington.

Mr. and Mrs. Paul Beghly have returned home after a week's vacation at Myrtle Beach, S. C.

Mr. and Mrs. Lavern Ryan of Covington, are the proud parents of a baby girl, born Saturday, Aug. 17 at St. Elizabeth Hospital. The paternal grandparents are Mr. and Mrs. Charles Ryan of Verona.

Mrs. Boyd Courtney of Salem Creek Road, Walton, entered Booth Hospital Monday afternoon, where she underwent surgery Wednesday morning at 8:00. This is the third time within six months that Mrs. Courtney has undergone surgery. She is in room 305.

Sgt. and Mrs. Norman E. Eckler and children, Norman, Jr. and Katherine Ann, left for camp last Friday, where Sgt. Eckler will be a drill instructor. Eckler returned home from Japan, July 11, and has been visiting his parents, Mr. and Mrs. Roy Eckler of Verona Road, with whom his wife and children have made their home since April.

Jimmy Burdine, formerly of Walton, now serving with the armed forces in Germany, is a patient in a hospital in Frankfurt, Germany.

He would be pleased to hear from anyone. His address: Sp/3c James Burdine, RA 15549723, 537th Ord. Co., APO 36, New York, N. Y.

### VERONA

Mrs. Lillie Mae Cooke and daughter, Delores, and Mrs. Effie Clements went nine miles on the other side of Williamstown Saturday to get Mrs. Clements' sister, Mrs. Virgie Salton and brought her back home with them. She still remains very ill.

The Dyer children's cousin, Miss Sharon Gale Courtney of Cincinnati, spent from Friday until Sunday and then Sunday afternoon her mother and Mr. and Mrs. Bob Miller came. Others who visited at the Dyer home were Mr. and Mrs. Earl Dyer and two daughters, Mr. and Mrs. Roger Keaton and family, Mrs. Margie Keaton and three children, Mr. and Mrs. A. M. Davis, Mr. and Mrs. Robert Halsey of Morgan County. They were on their way home from Texas where they had been visiting her parents and the first time to visit the Dyers. They hadn't seen each other for sixteen years. They were glad to see each other again, and Mr. and Mrs. Eli Crase and son from Cincinnati.

Mr. and Mrs. Fred Hamilton and children and Mrs. Vevie Webster spent Sunday attending the Webster reunion at the home of Mr. and Mrs. Hobart Greenwell of Erlanger.

Mrs. Alma Atha and grand daughter were calling on Mrs. Fannie Edgington last Tuesday afternoon.

Sorry to hear of Mrs. Blanche Ransom falling and spraining her ankle last week. Hope to see her out soon.

Mr. and Mrs. Robert Porter entertained with a big dinner Sunday in honor of Mr. and Mrs. Fennell Porter of Latonia. Those who attended were Mr. and Mrs. Fennell Porter, Mr. and Mrs. Arthur Porter, Mr. and Mrs. Morris Porter all of Beechwood, Ky.,

Mr. and Mrs. Jess Munson, Mr. and Mrs. Chester Munson and daughter, of Norwood, Ohio, Mr. and Mrs. Norman Ferguson and daughters, of Dry Ridge, Ky., Mr. and Mrs. Bobbie Porter and host and hostess, Mr. and Mrs. Robert Porter. They all left wishing Mr. and Mrs. Porter many more happy anniversaries.

Mr. and Mrs. Lloyd Gibbs of Miami Fla., were calling on her brother, Mr. and Mrs. H. D. Edgington on Sunday. They were on their way back to Florida. Mr. Gibbs had been under a doctor's care ever since he arrived here but he was feeling some better Sunday.

Mr. and Mrs. Raymond Stephenson and sons visited her aunt, Mrs. Lou Harris of Lexington on Sunday.

Mrs. Lillie Mae Cooke and daughter, Delores, and Mrs. Effie Clements spent from Thursday morning until Friday evening with Mr. and Mrs. Jim Clements of New Point, Ind.

Mr. and Mrs. Lloyd Yates had as their guests Sunday, Mr. and Mrs. William Whitson and son of Michigan, Mr. and Mrs. Hess Vest of Walton, Mr. and Mrs. Harry Chapman and Mrs. Rose Hamilton of Verona.

### GLENCOE

Revival started at the Masadonia Church at Jonesville Monday and goes through this week. Bro. Ray Johnson will do the preaching. Come out and hear this word of God.

Every Webster from India, called to see Mrs. Addie Webster.

Joe Paul Hall is visiting his mother Mrs. Mattie Hall this week.

Mrs. Bertha Stephenson and all her children visited the Sugar Creek Church Sunday after which all returned to the home of Bro. Stephenson for a home coming and all had a wonderful day together.

Mrs. Sarah Noel visited her brother and family, Mr. and Mrs. Charley Wilson on Sunday at Pleasant Home.

Mr. and Mrs. Arch Maddox attended the sale of Mrs. Kitty Beatty on Saturday afternoon at Jonesville.

Mr. Charley Pipes has been fishing the past few days but having no luck.

It is poor economy to try to save seeds from flowers in this latitude. Better ones are produced in other sections at a moderate price.

## Independence R-1

Rev. and Mrs. J. W. Parish enjoyed a visit from their nephew, Mr. and Mrs. C. W. Parish and family of Nelson County, Ky., over the week-end.

Mr. and Mrs. L. J. Rapp had as Sunday guests Mr. and Mrs. Clinton Henry and children of Cincinnati.

Mr. and Mrs. J. A. Keeney have had as guests for the past two weeks Mrs. J. W. Fryer and children, Edward and Alan Susan and Kenneth of Delos, Texas. Over the week-end Mr. and Mrs. Morris Wharton and children, Louise and Lynn of Dayton, Ohio and Mr. and Mrs. John H. Klette and Ruth of Park Hills.

We were glad to have with us at Sunday morning worship Mr. and Mrs. James Kenney who recently moved to the Butler neighborhood.

Mr. and Mrs. Howard Barnett entertained visitors on Sunday.

Rev. and Mrs. Parish, Miss Emma Yates and Mrs. Robert Cooper are leaving on Tuesday for the Methodist Conference at Barbourville.

Mrs. Anthony Wolf and Mrs. H. L. Faulkner were welcome guests at the Staffordburg Church on Sunday.

Mr. and Mrs. Dawson Ballinger called on the Fryer and Keeney families on Wednesday night.

Paul Damon who is undergoing tests at Mayo Clinic in Rochester, Minn., has not at last report, found the cause of his illness. We hope and pray for his recovery.

## Future Homemakers Select Dress Fabrics

CINCINNATI, O. — Selecting fabrics for dresses they will make and later display at the World's Conservation Exposition and Ploving Contest, September 17-20 at Peebles, O., are members of the Future Homemakers of America Club from Manchester, O., and surrounding area. The girls, who will model their dresses at a style show being sponsored by J. C. Penney Company at the Exposition, are shown above making their fabric selections under the guidance of William G. Pinches, Penney store manager, and Mrs. Hazel Weeks, far right, home economist for Central District schools, Manchester, O. Left to right are: Bonnie Little, Route 1, Manchester; Barbara Bowman, Pike Street, Manchester; Martha Bee Shreffler, Route 1, Manchester; Mr. Pinches; Wanda Eads, 507 W. 4th Street, Manchester; Nancy Foster, E. 7th Street, Manchester; and Mrs. Weeks, 209 East 8th Street, Manchester.

Word was received recently that Paul Keeney injured his hand while working. He is recovering nicely.

## Civil Service Examination

The United States Civil Service Commission today announced an examination for the position of Facilities Maintenance Specialist at a salary of \$5440 a year. This position is with the U. S. Naval Ordnance Plant, Louisville, Ky.

Applications and further information can be obtained at any post office or the Board of U. S. Civil Service Examiners, Departments of the Army and Navy, 445 Federal Building, Louisville, Ky.

Applications will be accepted until August 29, 1957.

## KENTUCKIANS

IN WASHINGTON  
By Gil Kingsbury

### Foreign Aid:

You can prove anything with the same set of figures! The truth of that statement was proved the other day on the floor of the House by a congressman opposed to foreign aid.

He pointed out that Kentucky has 1664 workers directly benefiting in foreign aid programs. He gave similar figures on other states. And then the lawmaker declared that so few American workers depend on foreign aid for work that the program should be dropped.

The next speaker, taking the same set for figures, used them as argument for foreign aid. You take your choice.

### Paid Tours:

Thousands of Kentuckians, here on vacation, have shelled out 25 cents for a tour of the Capitol. Most of them have gone away happy with the results.

One lawmaker, however, objects. He says the paid tours are undignified. He declares the guides make as much as \$10,000 a year. He wants it all stopped.

We admit the protesting congressman has a point, but we must also admit that the guides do an excellent job and we recommend a tour to our friends from home.

### Divorce Problems:

Another congressman has a problem involving Kentucky, a soldier and his wife—and a possible divorce.

Seems that the sergeant, now overseas, got a message from his spouse. She told him, in no uncertain terms, that she would not accompany him to Texas, Kansas or Oklahoma. Further, she told the Indiana soldier, she would accept assignment to Kentucky or Ohio.

The commanding officer assigned the man to Kansas. The wife now threatens a divorce. The congressman has been asked to help solve the problem.

### Biggest Chunk:

The other day Congress approved a bill awarding a three million, nine hundred thousand project to the Kenton County Airport—money for the home of a reserve unit of the Air Force.

That allocation was the largest given to any air reserve unit. Building is to start as soon as possible and will be complete early in 1959. All of which will bring a new industry—and big payroll—to that part of Kentucky.

The Kenton County Airport, incidentally, is located in Boone County.

We are authorized to announce  
that

# R. E. BRUGH

will be a candidate for the office of

## POLICE JUDGE

in the

# CITY OF WALTON

in the regular November election.

—Your Support Will Be Appreciated—

## Make it a Family Affair

## that new Study Lighting for the months ahead!

With back-to-school time almost here—preparations are in full swing to provide your children with the best of everything to start the new school year. So, naturally, good lighting in their study areas at home is a must. But don't forget the "out-of-school" members of the family! They need adequate study lighting, too. Mom needs it when she pores over that new dress pattern—or recipe . . . and Dad will welcome good lighting in his workshop—or perhaps his den, if his occupation requires a lot of paper work at home.

GOOD LIGHTING all over the house is most important . . . and one of the many ways you can

THE UNION LIGHT,  
HEAT AND POWER COMPANY

## Clipping Crabgrass Necessary In Control

Two suggestions on how to control crabgrass, the annual weed to be found in many lawns at this time of year, come from N. R. Elliott, Extension specialist in landscaping at the University of Kentucky.

(1) Continue to cut the grass regularly to prevent maturing and scattering of seeds, and (2) avoid watering the lawn at this season, as to do so only encourages the growth of the weed.

It is a serious mistake, he said, not to clip the lawn at regular intervals, even though the bluegrass shows little or no growth. Crabgrass is an annual, and cutting off the weed seeds, followed by raking and burning, is a step in next year's control, and should be continued until after two heavy frosts.

Bluegrass, on the other hand, is a cool weather crop, now in its resting period. It will come back with cooler weather.

Mr. Elliott explained that the Experiment Station at the University has found that September 15 is the best time of year to sow bluegrass seed. It should be of exceptionally high quality, and free of all other seeds.

If the seed is reasonably good, use 1/4 pound of seed to 1,000 square feet, and if it is on the "light" side, increase the amount to 1/2 pound, he advised. Sowing should follow the clipping and raking of the lawn.

About 99 percent of the calcium in the body is used for the framework, the other 1 percent remains in body fluids, such as the blood. Without this calcium, muscles can't contract and relax, and nerves can't carry their messages.

Around 200 or more flavors of ice cream are manufactured today, says the USDA, but the favorite is vanilla because it blends with all kinds of toppings.

Nazareth College was founded in Nelson county in 1814.

## Milk Production Jumps As Body Weights Increase

Studies of dairy cows made by a northern state indicate that as body weights increase within breeds, milk production increases.

Garland M. Bostin, Kentucky Agricultural Extension Service dairy specialist, said the study showed that when Jerseys, for instance, weighed 100 pounds more than the usual weight for that breed, milk production went up 490 pounds annually; for Guernseys, each 100-pound body weight increase resulted in 750 pounds more milk, and Holsteins, 970 pounds.

The larger cows consumed more feed, he said, but had a higher income over feed costs than did the smaller cows of some breed.

For that reason, he says, dairymen should try to improve their program of raising herd replacements, "larger animals within a particular breed will usually have less trouble at their first calving and also will have a higher milk production level for the first lactation; heifers not properly grown out will usually be less efficient throughout life than heifers with normal growth."

In breeding heifers, dairymen should watch for proper size; if this proper size is attained earlier than normal, take advantage of it by breeding for an earlier calving.

Following are the recommended weights at which heifers should be bred, and their satisfactory calving weights in that order: Ayrshire, 600 pounds and 850-950 pounds; Brown Swiss, 750 pounds and 1150-1250 pounds; Guernseys, 550 pounds and 800 to 900 pounds; Holsteins, 700 pounds and 1100-1200 pounds, and Jerseys, 500 pounds and 750 to 800 pounds.

## Staffordburg WMS Meets

The Staffordburg Woman's Missionary Society met recently in the home of Mrs. Lydia Rees.

"A Trip to A Mission Field" was the title of the program. Miss Emma Yates told the story, "A Trip to A Mission Field." Mrs. Kennedy gave a talk about, "Visiting A Mission In Mexico." The meditation was given by Mrs. Parish.

Following the program a delicious lunch of punch, ice cream and cake was served by the hostess, to the following: Mrs. Kennedy, Miss Yates, Mrs. Faulkner, Mrs. Don Keeney, Mrs. Howard Barnett, Mrs. Dawson Ballinger, Mrs. Dewey Parsons, Mrs. Parish, Mrs. E. B. Rich, Mrs. John Shaw, Mrs. Howard Willoughby, Mrs. J. J. Barnett, Mrs. George Fennell, Jr. We were glad to have a visitor with us, Mrs. Keeney's daughter, Mrs. Ruth Fryer, of Dallas, Texas—Reporter

WALTON 95

WALTON, KY.

BY DR. KENNETH J. FOREMAN  
Background Scripture: Amos  
Devotional Reading: Amos 9:1-3

### Crusaders

Lesson for August 25, 1957

WHEN Amos, the hired man, stood up in the city square at Bethel to make a speech, no doubt people laughed. It looked funny to see a man in overalls making like a politician. They laughed; but they did not keep on laughing. He did not talk like a politician at all. It was like nothing they had expected. It was more like . . . well, like a prophet, only there hadn't been a prophet at Bethel since any one cared to remember. It was like a prophet. Dr. Foreman only Amos himself didn't want that title. The country was full enough as it was, of prophets who were happy as June-bugs, and about as effective. The one time they hummed went something like "Everything is for the best in the best of possible world's."

#### What Is a Crusader?

Amos did not see it that way. He drew such a dark picture of the country and the times, and the prospects, that the leading citizens were worried. Get that man out of here! they said. He's not good for business, he's not good for the church, he's not good, period. But Amos kept right on. We do not know how long he lived after those exciting days in Bethel, but his speeches are not dead yet. We can call him an early type of crusader. No popular occupational.

A crusader is next door to a crank, and some crusaders are cranks, and all cranks are nuisances; so most people shy away from the very word. However, we have other words meaning much the same thing. To crusade—it's no different from "stand up and fight," "stand up and be counted," "go out on a limb," "carry a torch for—," "go to bat (or to the mat) for—." Words change from century to century, but the thing is always the same. The crusader is a man with two slogans. He does not always put it this way, but these two are always samples of his attitude to life and the world around him: Something is wrong with the world: fight it! Something is wrong with the world: right it!

#### Crusading From the Bottom

If you think all's well with the world you are no crusader. If you think a lot is wrong with the world but nothing can be done about it, you are no crusader. But even if you can say Amen to those two slogans just now mentioned, you are still no crusader if all you do is stand there and yell. A true crusader wants other men to join his fight. That was true when the word began to be used, in the years when European army after army went out to the mid-east to win back the Holy Land. It is still true, a crusader is a rouser of men, not merely an aroused man.

What makes a crusader tick? They both feel the weight of the world's evil, but in different ways. The crusader from the bottom is a man who has felt the evil. Amos was in that class. He came from the very bottom drawer, a hired man in a submarginal area, next to beggars, about the most underprivileged of the underprivileged. He well knew what social and economic injustice are; he had been a victim of both. So today and always, some of the most effective crusaders are men and women who have personally been victimized by the evils they set out to destroy. Some of the greatest temperance workers and crusaders have been men whose own lives had been wrecked by alcohol.

#### Crusader From the Top

The crusader from the top, on the contrary, is a man or woman who has never personally suffered from the evils they fight. They are people with both sympathy and imagination. Wilberforce in England and Lincoln in America had never been slaves, neither had John Woolman; but they felt the evil of slavery more keenly than some slaves did. Frances E. Willard, founder of the Women's Christian Temperance Union, had never been an alcoholic. The greatest crusader of all time was surely Jesus Christ. Should we not say that he was a crusader from the top?

## MY FRIEND

Folks used to wonder what Grandpa Brown and I had in common. He must have been close to eighty when I was just a kid. But I remember him as one of the best friends I ever had.

He was a wonderful old man, with a simple, native wisdom. We used to go fishing together, and he would talk to me about God and Faith and Love. I remember he used to say people shouldn't wait until they're in trouble before going to Church. "When you're happy," he told me, "take time out to offer a prayer of thanks for your good fortune."

The Church, he used to say, had acted as a balance wheel for him during good times, and a bulwark during bad times.

Down through the centuries the Church has made great Christians out of unassuming people, who in turn have transmitted the blessings of the Church to the oncoming generations. I hope I can impress Grandpa Brown's Faith and Wisdom upon others as I was impressed by him.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in society for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

	Book	Chapter	Verses

## INDEPENDENCE

### Personal Interest

Mr. and Mrs. Richard Beverly Cain of Independence Station Road, recently arrived home from Scotland where Richard has been stationed with the Air Force for the past two years. Mrs. Cain is a native of Ireland and enjoys the many wonderful ways of our country. We all hope that she will continue to enjoy our customs and will soon feel that she is one of us.

Mr. and Mrs. Robert X. West and family and Mr. and Mrs. Leroy Filer attended the Boat Racing at New Richmond, Ohio last Sunday. Two accidents were witnessed where one driver lost his boat and another was injured very seriously.

A kitten belonging to Virgie Hogen of Banklick Road, was returned home from the Vet Hospital last Monday after having stayed for three days for a minor operation. The kitten is convalescing nicely and will be as good as new within a short time.

### Mailing Packages

Standing in line to mail gift packages should be a faster-moving chore next Christmas. That's because the Post Office Department will put into use by then at many offices, a new parcel-post guidebook. It speeds the job of looking up mailing charges. Copies of the guide are to be available to persons and firms who mail a lot of packages.

### Teen-Age Canteen

Last Friday evening, the members and friends of the Independence, Ky. Teen-Age Canteen held their first dance of this season a great many young people enjoyed the Rock & Roll rhythm of the juke box records. All the latest and the most popular songs were played and many new ones will be available next Friday evening. If you teen-agers wish to enjoy an evening (7:30 to 11 p. m.) of all-around dancing with cakes and potato chips being available, just attend the Friday night dances held in the Legion Home on the North edge of Independence. If your parents want to attend, you are most cordially invited, other parents will be on hand to welcome you to an evening of entertainment.

### Autumn Vacations

There are real benefits to taking a vacation after summer's end. A great many resorts drop their rates after Labor Day—by a fourth, or a third, sometimes even more.

### Little Stingers

Ants in your home or garden get you bothered? There's advice for your problem in a newly revised publication of the Department of Agriculture. Its title: "Ants in the Home and Garden—How to Control Them." Single copies free from the Office of Information, USDA, Washington 25, D. C.

### Just a Thought

The difference between a man and a woman buying a hat is about four hours.

### CARD OF THANKS—

We wish to express our deep appreciation to our many relatives, friends, neighbors for their thoughtfulness and kindness extended to us in the loss of our loved one, Hugh Hemingway. We especially want to thank the ministers, Rev. Franklin Lipscomb and Rev. Calvin Perry, also Mrs. Mary Maddox and Mrs. Lee Cummins for the music and songs, the T. M. Swindler funeral home, the pallbearers, and the flower donors.

MRS. MARIE NEUSPICKEL AND FAMILY

About 4 quarts of skim milk are required to make a pound of cottage cheese.

## WHITES TOWER

Mr. and Mrs. Floyd Hemingway of Sugar Camp Road, have been entertaining their cousin, Miss Elsie Schuster of Fredonia, Pa., over the week-end. Miss Elsie also visited her many other friends in this section.

Starting today Monday we are going to furnish all comers with fine solid eating tomatoes for 5c per lb. Thus we will find out whether everyone is raising their own tomatoes or if they are giving them away at some point in the vicinity.

Bide-A-Wee lake was visited by several friends Saturday but no luck much.

Richard Dorsey and family were down from Lexington last week to attend the funeral of his uncle, Daniel Dorsey of Vevay, Ind.

The tree toad over at the Dorsey home never showed up until little Sara came down last week when she found him in his old quarters under the swing. We wish someone would explain that. Sounds kinda fantastic but true. Kinda makes us believe in that old Hindoo superstition that when a person dies their spirit enters into some animal about the place.

Mr. Cox and sons cut a fine crop of hay on the farm here Friday. They will be putting it in today Monday, the day we mail our items to the "Old Reliable".

We have a big crop of banana peppers and they are going like hot cakes, and that is just what they are and no kidding.

The way the Reds have been going lately seems to rate a Congressional investigation. A pitcher for the enemy on base five times out of five. BAH!

We were sorry to hear of the death of Daniel Dorsey, a brother of Chas. Dorsey of the Tower, who lived near Vevay, Ind. Dan had a heart attack and was taken to the hospital where he lived only a few days. Mr. Dorsey was a long time resident of Poplar Grove.

### COMMONWEALTH OF KENTUCKY DEPARTMENT OF HIGHWAYS NOTICE TO CONTRACTORS

Sealed bids will be received by the Department of Highways at its office, Frankfort, Kentucky, until 9:00 A. M., Central Standard Time, on the 6th day of September, 1957, at which time bids will be publicly opened and read for the improvement of:

BOONE COUNTY, SP 8-230—The Beaver Lick-Big Bone Road (Ky. 338) from Bib Bone to 3.956 miles northwest of Big Bone, a distance of 3.956 miles. Bituminous Surface.

BOONE COUNTY, SP 8-430—The Hume-Vernon Road (Ky. 491) from Junction Ky. 16 at Verona to Grant County line, a distance of 2.637 miles. Bituminous Surface.

The attention of the prospective bidders is called to the prequalification requirements, necessity for securing certificate of eligibility, the special provision covering subletting or assigning the contract and the Department's regulation which prohibits the issuance of proposals after 8:00 A. M., CENTRAL STANDARD TIME on the day of the opening of bids.

Note: A charge of \$2.00 will be made for each proposal. Remittance must accompany request for proposal forms. Refunds will not be made for any reason.

Further information, bidding proposals, etc., will be furnished upon application to the Frankfort Office. The right is reserved to reject any and all bids.

## OAK RIDGE

Rev. and Mrs. G. F. Kelly are on an auto trip through the midwest, where they plan to travel in Nebraska Wisconsin and North Dakota, the only three states they have not yet visited. They are accompanied by their daughter and son-in-law, Mr. and Mrs. William Batson. They will return by way of the University of Illinois where the Batsons will reside this winter while William continues his studies.

Mrs. Lucretia McCune visited Mrs. T. C. Richardson last week-end. She has recently moved from Covington to Sugar Camp Road.

Mr. and Mrs. Herman Whalen went to Connorsville, Ind., last week to attend the funeral of his uncle, Jesse Vandiver.

Mr. Sonnie Bates went to Greenfield, Tenn., last week to attend the funeral of his sister-in-law, Mrs. Fred Bates.

Edith Tallent of Winchester, visited Carol and Terry Tallent last week-end but was called home suddenly on Monday evening by the death of her aunt, Miss Eliza Marshall. Miss Marshall was formerly a teacher in the Kenton County school system.

Mr. and Mrs. L. E. Thompson has as guests last week, Mr. and Mrs. S. E. Hale and children and Mr. and Mrs. James Gorey and son, Jimmy, all of Lexington. Phyllis Hale is spending this week with Fran Thompson while Judy Thompson went to Lexington to spend the week with Norma Hale.

Mr. and Mrs. Eugene Gatewood had as visitors recently, Miss Janet Kay Spaulding of New Albany, Ind., and Mrs. Lucille Gatewood and Alana of Louisville.

Mr. and Mrs. Ernest Adkins and children, Dolly, Darlene, Joe and Donnie spent the week-end visiting relatives in Indianapolis, Ind.

Eggs were the only major food commodity group for which the retail price index averaged lower in January through June this year than last.

## Winter Rates for State Parks Are Announced

Winter rates for Kentucky's State Parks were announced in Frankfort, by Mrs. Ben Kilgore, director of parks. The new rates will be effective November 1 to April 1.

Guests have a choice of the American or the European plans at the three state parks which have lodges and dining facilities open throughout the year, Kentucky Lake, Cumberland Falls, and Kentucky Dam Village.

Under the American Plan, a guest will receive both room and meals for \$40 a week or \$7.50 a day. The European Plan, with lodging only, gives the visitor a flat 33 1/3 percent reduction from the regular daily rate.

"Now is the time to start planning for a delightful vacation in November, December, or early next year, in one of these three attractive state parks," Mrs. Kilgore said.

# for BUYING SELLING TRADING

## AUGUST 20th

A very busy time, it seems, on the farm—some are mowing the fields off, some are putting up hay, cutting alfalfa, some are cutting tobacco, some are repairing fences and buildings. We have been selling lots of roof paint and outside paint, as it is a fine time to paint. I think the next 60 days is the best weather of the year and you really feel good. We have a lot of work to do and we sell and install about 60 heating stoves every year. We put up a lot of furnace pipe, clean a lot of all heaters, and put new pipe on them.

Mrs. Lena Sanders has already selected her Perfection oil heater, to be installed later. John Sleet said put him back a large size Perfection oil heater and we can set it up later. B. H. Cotton brought in his old furnace pipe, so we can fix him one like it. Mrs. Edgar Colston wants her furnace pipe put up first so she can be ready. We have so many jobs of all descriptions to do. Some we have to call for help, so Leon Hall and John Wood come to our rescue. All have good wood mechanics in Walton, for most anything.

This was a very hot day and the humidity was terrible. Groger brought in a load of hardware, then here came United States Store Co. truck with 20 coil heaters and 2 coil ranges. Later in the day, Ross went to L&N Depot and brought up 27 cartons of aluminum ware and to top it off, Cumberland Material Freight unloaded a shipment from Lexington, also a shipment of Dr. Hess animal medicine, such as PTZ pellets for sheep. So this was one day we really worked. Mrs. Jerry Maxwell brought three linoleum rugs and on ice cream freezer.

George Whitaker came back after 175' of 3/4" plastic pipe. Mr. Powell, over beyond Independence, wanted us to bring him a Sunbeam lawn mower. Mr. Wayman, down on Richardson Road, came after a pair of tires for his lawn mower. Roger Arnold bought his wife a very nice anniversary gift. We have the pots and pans now in the heavy weight aluminum and in the light weight, also lots of large kettles and canners. We have National Pressure Canners that hold pints, quarts and half gallons, for 29.95, also both sizes in enameled cold pickers.

We have a 7-quart size cold picker in aluminum for 4.95. Get ready to cut tobacco; we have tomahawks for 95c and spears for 75c and 1.25. Today, Groger unloaded 78 cartons of freight from Kruse Hardware, a lot of stove pipe and all the fittings. Brewster unpacked that riding lawn mower sent from Stratton & Terstege, to replace the defective one for R. C. Durr—that is the second replacement this

year and that company will replace everything they sell that is defective, large or small. I received a nice bargain on panel rollers for 98c and 7-inch covers for 79c.

We have had several lookers for heating stoves, even as hot as it is, but about this time every year people start looking for heating stoves. August 15 was squirrel day, and there were several buying licenses and shells. We sold no guns, but I just received a 410-ga. double barrel shotgun, also a 22 and 410-ga. over and under rifle shotgun—these are two very good guns for squirrels. Oatney Worthington just came in and bought a hand saw. Mrs. Richardson, over at Nicholson, came back after two cow stanchions, she also bought two deck chairs. Now is the time to get a bargain on an electric fan; we don't want to carry them over.

One of Groger's trucks unloaded Warm Morning coal heaters; the other one unloaded a large shipment of hardware from Stratton & Terstege of Louisville, and another from W. Birmingham Co., at Cleveland. We have put up all kinds of stock this week from the smallest item to the largest we sell. Ed Hopperton bought a coil of 3/4" soft copper and fittings to pipe in another cistern; Kirtley Steele did the work. George Whitaker came after 45' of 1 1/2" plastic pipe, he is putting in the water supply at his place down beyond Banklick.

Mrs. Elva Brown, over beyond Verona, bought 4 gallons of Bolter outside white paint. That Bolter paint is really good; if you don't think so, just take a look at the red roof and barn paint down at my farm, also the green roof paint on the house roof, and outbuildings. We painted the house last year with Bolter outside white. We sold lots of galvanized water pipe and fittings, also bar iron and round iron. We sold a lot of iron chain, iron cold shuts, bolts, lock washers, strap hinges, hinge nails, glass, putty and caulking today.

Edward Roberts and wife came up to get a few things for Omer Easton, her father. Mr. Pate, over at the Waltonian Hotel, bought a piece of linoleum for his bathroom. Well, we have our fall items out where you can see them. We just received a lot of new heating stoves, such as Warm Morning and U. S. coal heaters, also Perfection oil heaters. We just received a truck load of 273-gallon fuel oil tanks. Today, Brewster cut and drilled holes in 14 pieces of angle iron for Chas. Colcord's new hay bed. Chick is back after two weeks vacation, and he and Ray have had their vacations and are ready to go. We put up a lot of stove pipe, elbows, etc. today.

BE SAFE—Insure your property, livestock, tractors, tools, with Gallatin County Fire, Wind & Lightning Insurance Co., Warsaw, Ky. For Gallatin, Grant and Boone counties, call J. E. Beach, Niagara 3-2322. 11

LIXINGTON, KY.

TO WED SEPT. 7th

Miss Carolyn Geurin

Mr. and Mrs. R. B. Geurin of Highland Park, Mich., announce the engagement of their daughter, Carolyn, to Robert Thomas Pruett, son of Mr. and Mrs. C. C. Pruett of Orlando, Fla., and former resident of Walton. Both are students at the University of Kentucky.

The wedding will take place on Saturday, September 7.

### Homemakers Plan Tour

The Walton Homemakers Club is planning a bus trip to the Kentucky State Fair on Wednesday, September 11. The group will leave Walton at 7:30 a. m. and return at about 8:30 p. m. Cost of the trip is \$4.75 and includes bus fare and admission to the fair grounds. Contact Mrs. Leo Flynn, Walton 745, or write, Route 2, Walton.

### Fish Fry and Social

The Ladies Auxiliary of the Walton Volunteer Fire Department will sponsor a fish fry and social Saturday, August 31, beginning at 7:30 p. m., on the firemen's picnic grounds on High School Court. The public is cordially invited and the Auxiliary will appreciate your support.

### Revival Services Scheduled

Revival services will begin at the Taylor Mill Church of God, Saturday, August 31, with Rev. M. B. Nicewander, Bluefield, W. Va., as evangelist. Services each evening at 7:30. Mrs. Wanda Gadd is pastor at the present time.

### Completes Basic Training

Army Private Richard J. Thompson, 22, whose wife, Wanda, lives near Crittenden, recently completed eight weeks of basic combat training under the Reserve Forces Act program, at Fort Knox. Thompson is the son of Mr. and Mrs. Richard B. Thompson, Route 1, Williams-town.

## Free Red Cross Nursing Service Classes Offered

There is still time and openings for residents of Boone, Campbell, and Kenton counties to enroll in free Red Cross "Care of the Sick and Injured" and "Mother and Baby Care" classes. It was announced by Nursing Services of the Cincinnati Area Red Cross, which is supported through the United Appeal.

Registrations are being accepted for a "Care of the Sick and Injured" class and three "Baby Care" classes to be held at the Red Cross Memorial Building, 720 Sycamore St., Cincinnati. If 16 to 20 persons are interested in taking either of these courses in their community, they may arrange to have a Red Cross nurse teach the classes at a convenient neighborhood location.

The "Mother and Baby Care" classes of the Red Cross Memorial Building will begin September 11, September 12, and September 17. They will be taught from 7:30 to 9:30 p. m. once a week for six weeks. The classes, which cover pre-natal and post-natal instruction, are taught in the evening so that both fathers and mothers-to-be may attend together.

The "Care of the Sick and Injured" class will be taught from 1:30 to 3:30 p. m., beginning on Thursday, September 12. It will meet once a week for seven weeks and will teach class members to recognize signs of illness, show them how to give food and medicine to a patient safely and accurately as ordered by the doctor, and how to make a bed with a patient in it. The course includes information on Civil Defense nursing which is important in case of disaster. There is also "do-it-yourself" information on how common household articles can be used to make a backrest, foot support, and other useful sick-room items.

Any interested person may register for these classes by calling the Cincinnati Area Red Cross at Parkway 1-2665, or the branch offices in Boone (ATLantic 3-3841), Campbell (UNiversity 1-7700) or Kenton (HEMlock 1-1533) counties.

### Completes "Boot" Training

Harold D. Rouse, son of Mr. and Mrs. William D. Locke, High School Court, Walton, graduated from recruit training August 17 at the Naval Training Center, Great Lakes, Ill. The graduation exercises, marking the end of nine weeks of "boot camp," included a full dress parade and review before military officials and civilian dignitaries. In nine weeks of instruction, the "raw recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

## Social Security Aids More Than 760 In Boone County

More than 760 beneficiaries in Boone county were getting monthly social security payments totalling \$36,920 at the end of 1956. The number of beneficiaries increased by 103 over 1955 and the total of monthly benefits being paid in the county, at the close of the year, was \$6,218 over the total being paid a year ago. R. H. Chapman, District Manager of the social security office, announced today. These increases, he noted, result in part from the protection provided to farm families by the coverage of farm employment and self-employment under social security.

He pointed out that self-employed farmers were first brought under social security in January, 1955. Those over retirement age at that time, or who reached retirement age before the end of 1956, became insured if they reported self-employment income of at least \$400 for 1955, and again for 1956. The number of farm claims filed in 1957 will be much greater, Chapman said. For example, during the six months, January-June, 1957, 151 farm claims for benefits had been filed.

Benefits paid to farmers and their dependents, moreover, figures in the nationwide totals for 1956. At the close of the year, over 9 million people were receiving almost one-half billion dollars in monthly benefit payments.

### Arrive Here from Scotland

Mr. and Mrs. Richard B. Cain arrived here recently from Prestwick Air Force Base, Ayr, Scotland. Mr. Cain has been in the air force for five years. Last October he was married to Miss Jean Hayes, Ayr. At present, they are residing on Station Road, Independence.

### "LAFF-O-RAMA" SEPT. 5-6

Mrs. Olive Sigwart

Mrs. Olive Sigwart arrived here this week to direct and coordinate the activities of the local citizens who will participate in the various activities in connection with "Laff-o-Rama," an arena presentation which will be staged on September 5-6 at the Walton-Verona High School gym for the benefit of Walton-Verona P.T.A. and school equipment.

Mrs. Olive M. Sigwart who is working under the sponsorship of the P.T.A. comes to Walton highly recommended. She holds a degree from Carnegie Tech in dramatics and has been interested in music, drama, Little Theater, radio and TV production. Mrs. Sigwart met with Mrs. Helen Burgess, Mrs. June Brewster, Mrs. Sue Miller and Mrs. Blanche Roberts, who are members of the local P.T.A., which is presenting the big event. Plans are being made for various phases of the promotion, and those who are to perform are being chosen, so coordination of the affair will start at once.

## Appointed United Appeal Residential Division Head Here

Russell M. Hall, former mayor of Walton, has been appointed chairman of the Boone County United Appeal Residential Division, according to William Macdon, III, 1937-1958 Northern Kentucky Residential Division Chairman.

Mr. Hall, division supervisor for the Union Light, Heat & Power Co., said, "This is an opportunity that presents itself once a year to assist our less fortunate fellow men. In Boone county, we share our worldly goods with those who are not able to help themselves."

Russell M. Hall

Past president of the Rotary Club of Walton, Mr. Hall lives with his wife on Sycamore Drive in Florence. His son, Robert, is serving with the U. S. Army in South Korea. In Northern Kentucky, 22 Chest agencies and three branches of the Red Cross will receive support from the five-county campaign this fall for \$5,480,066 for 117 agencies. Help the happy way!

### PUBLISH REPORTS

The Walton-Verona Board of Education is publishing this week, a detailed financial report in the Advertiser, so that taxpayers may know just how the school money is being spent.

Next week, the City of Walton will also publish a detailed account of their financial matters, so you as citizens may be fully informed.

This is exactly as the law requires but there are many towns and school boards that are not complying with the law. Our local officials are to be commended.

### Undergoes Eye Operation

Johnny Simmons, little son of Chief and Mrs. Herman Simmons, has returned home from St. Elizabeth's Hospital, Covington, greatly improved following an eye operation on Wednesday of last week.

### Completes Basic Training

Army Private James D. Morgan, son of Mr. and Mrs. Woodrow Morgan, Route 1, Verona, recently completed eight weeks of basic combat training under the Reserve Forces Act program, at Fort Knox. Morgan was graduated from Gallatin County High School, Warsaw, in 1957.

### Ice Cream Supper Saturday

The Kenton Community Volunteer Fire Department will give a home-made Ice Cream Supper this Saturday night at the firehouse, Kenton, Ky. Auxiliary President, Mrs. Harry Redman announced there would be home-made pie and cake also. Serving will start at 6 p. m. Proceeds will be used for the Fire Department and Life Squad.

### Literary Club to Meet

The Walton Woman's Literary Club will open the new season at 12:30 p. m. Wednesday, September 4, with a covered dish luncheon at the home of Mrs. W. D. Scroggins, Verona Road. The speaker will be Mrs. H. D. Snook, Governor of the Fifth District.

### BIRTH CERTIFICATES

Supt. Robert Isen of the Walton-Verona School wishes to inform the parents of first grade pupils, that a birth certificate must be presented on the first day of school by all pupils.

### SHEEP PROTECTIVE ASSOCIATION TO MEET

The Annual meeting of the Boone County Sheep Protective Association will be held at 10:00 a. m. Saturday, August 31, according to Mr. Russell Sparks, president.

The meeting will be held in the County Agent's office, Burlington. Mr. Wayland Rhoads of the State Department of Agriculture will be at the meeting to discuss the Kentucky dog law as it relates to sheep problems in the county.

Mr. Sparks states that officers and directors will be elected at the meeting and all claims that are approved will be paid.

All sheep growers of the county are invited to attend this meeting.

## 4-H District Dairy Show Held Aug. 21 At Williamsstown

The Northern Kentucky 4-H District Dairy Show was held at the Grant County Fair Grounds, Wednesday, August 21, with one hundred seventeen 4-H Dairy Calves shown. Boone County 4-H Dairy members had thirteen entries, according to Mr. Glen McCormack, assistant County Agent. John Akin, Burlington, walked away with the Junior Grand Champion award in the Jersey class, and first ribbon of the American Jersey Class. His 2-year-old Jersey Cow won in the blue class.

Arlene Sue Akin won blue with her 2-year-old Jersey cow, white with her Jersey Junior calf and was placed in red place with her Guernsey Junior calf.

Jimmy Graves, Hebron, two-year-old cow and Junior calf, both Guernseys, placed in the red ribbon class. Sue Graves, Hebron, had three entries, a Holstein Senior calf and a Senior yearling calf, placing in the white and red classes, respectively. Sue's Junior yearling Jersey calf was placed in the red class.

Mary Jo Dixon, near Florence, showed three entries, a Guernsey cow, three-years-old and two Guernsey Senior heifer calves placing these animals two in the red and one in the white class.

The 4-H members also showed in the Showmanship Class. This show was sponsored by the State Department of Agriculture. It is a way to teach our boys and girls to be good citizens, cooperation and to be the leaders for tomorrow.

Many of the Dairy Animals in this show will be exhibited in the State fair in Louisville.

### Kindergarten Registration

Registration for pupils entering the Walton kindergarten this year will be held on Wednesday, Sept. 4, from 9:00 until 11:30, in the Sunday school rooms of the Walton Baptist Church.

## "Our Future Community Leaders"

Above, top row, left to right, Jana Lee Cain, 3-year-old daughter of Mrs. Lois Cain, Demosville, Route 1; Andrea Kay Ballard, 2-year-old daughter of Mr. and Mrs. Kinley Ballard, Jr., Crittenden, and Gary Nolan Cain, 2-year-old son of Mr. and Mrs. Nelson Cain, South Main St., Walton.

Second row, left to right, Kathleen Newby, 5-months-old daughter of Mr. and Mrs. James Newby, High St., Walton; Terry Leana Courtney, 1-year-old son of Mr. and Mrs. Leoma Courtney, John A. Walton, and Giva James Newby, 8 years old, also the daughter of Mr. and Mrs. James Newby.

At right, Alyce Lynn Egan, 9-year-old daughter of Mr. and Mrs. Edward Egan, Welsh Ave., Walton.

## Horse Show Ends Boone Fair, Saturday

### MRS. ORA NORTHCUTT

Mrs. Ora Northcutt, widow of Dr. Joseph D. Northcutt, noted Northern Kentucky surgeon, died last Friday in Booth Hospital, Covington, following a short illness. She was 73 years old. Mrs. Northcutt resided at 25 Locust St., Florence, with her brother and sister-in-law, Mr. and Mrs. Russell Byrd.

Her only other survivors are three sisters. Mrs. Northcutt was a daughter of the late Theodore Byrd, who was president of the Bank of Alexandria for many years.

She formerly made her home in Covington, but had lived in Florence for the past 26 years. She was a member of the Burlington Road Homemakers Club. For many years she had been an active member of Fourth Street Baptist Church, Covington.

Services were held Sunday afternoon at the 5th funeral home in Florence. Burial was in the Oakland Cemetery, Grant's Lick.

### Special Meeting of PTA

There will be a special called meeting of the Walton-Verona P. T. A. on Thursday at 1 o'clock at the Walton school.

## Annual Committee Meeting Held At Dry Ridge, Aug. 27

The annual district meeting of county chairmen of the four standing committees of the Kentucky Federation of Homemakers was held at Dry Ridge, Tuesday, August 27, in the Christian Church.

The committees represented were citizenship, membership, reading, and publicity in the counties of the Northern Kentucky District. Counties represented were Campbell, Boone, Kenton, Grant, Carroll, Owen, Bracken, Pendleton, Trimble, Gallatin, and Henry.

The purpose of the meeting was for the training of county chairmen so they in turn can train the local chairmen in their counties.

Miss Zelma E. Byerly, home demonstration agent in Kenton county, attended the meeting and assisted with the reading training program. Others attending from Kenton were Mrs. Lawrence Miller, county vice president; Mrs. Gordon McNeil, county citizenship chairman; Mrs. Ray McHale, county publicity chairman; Mrs. Donald Riddell, county reading chairman; Mrs. George Musser, county membership chairman, and Mrs. Harold Buxton, district reading chairman.

## Florence Girl Wins In Beauty Contest

The Twenty-fifth Annual Boone County Fair closed with a Horse Show, Saturday night with "Lucky Flame" winning Grand Champion stakes of the five-gaited class, E. Crockett, rider, Dr. Harry C. Holton, Florence, owner. In the best boy or girl rider under sixteen years, H. Times, owned and ridden by Thomas Worman, Milford, Ohio, was placed first. In the Fine Harness Stallion Class, Dr. Holton, Florence, won first again. Ringmasters for the Horse Show were Mr. Courtney Kelly and Mr. Lillard Scott, both of Burlington. Mrs. Ron Tandy Campbell, Boone, Ky., played the organ for the Horse Show, which was enjoyed by the audience.

Mr. John Crigler, Chairman of the fair Board, said the crowds were very good, although it rained Saturday night. If it had not rained the crowds would have exceeded all-time attendance records for all the days.

The Dairy Show was one of the outstanding, according to Mr. Wilford Scott, Superintendent. He stated that most of the animals exhibited would be shown at the State Fair. Grand Champion Jersey female was shown by Larry Turner, Cynthia; Grand Champion Guernsey female was shown by James Cloe, Berry, Ky.; Grand Champion Guernsey Male was shown by Judy Baldwin, Cynthia; Grand Champion Holstein Male, by Booneville Farms; Grand Champion Female Holstein, Wooten, Ron Tandy Campbell, Boone, Ky., played the organ for the Horse Show, which was enjoyed by the audience.

The Beauty Contest was one of the big attractions of the Fair with Miss Judy Wilson, 4 Wallace Ave., Florence, winning the title of "Miss Boone County Fair." She will represent Boone County at the Annual meeting of the Kentucky State Fair and Home Demonstration Association, held in January at Louisville. Second winner was Miss Patricia Scheben of Grant and third honors was won by Miss Diana Synder, Taylorsport. The contest was sponsored by the Boone County Chamber of Commerce.

The Tractor Pulling Contest, which was one of the new attractions of the Fair this year, had a large number of entries with Mr. Alex Jones, Burlington, winning first in the light weight class and Mr. Vaughn Hempling, first in the heavy weight class.

The 4-H Leaders of the county reported that 4-H entries were large with outstanding project work exhibited. The Dairy Showmanship was won by Sue Graves, Hebron, with the best Dairy Female and all around Dairy member won by Mary Jo Dixon near Florence. The 4-H Style Revue was held Thursday night. Grand Champion was won by Miss Nancy Prigge of Union.

## Cook and York Win Blue Ribbons At 4-H Dairy Show

Among the blue ribbon winners at the 1957 Northern Kentucky District Dairy Show was Miss Betty Jane Cook and Bobby York, Kenton County 4-H club members. The event was held Wednesday, August 21 at the Grant County Fairgrounds, Williamsstown.

Miss Cook, of Morning View, placed second with her Junior yearling Guernsey calf, while Bobby York, also of Morning View, placed second with his Holstein Junior calf. He also received a red ribbon on his senior yearling Holstein.

Jackie Jackson, Morning View, received a red ribbon on his Jersey senior calf. Four-H members from Boone, Campbell, Grant, Harrison, Kenton, Owen and Pendleton counties exhibited 117 dairy calves in one of the outstanding shows held in the state. The Northern Kentucky show is one of eight sponsored by the Kentucky State Department of Agriculture, the Agriculture Extension Service of the University of Kentucky, and the Department of Vocational Education.

## INDEPENDENCE

## Personal Interest

Mr. Oscar Rankin and Mr. Ed Armstrong of Nicholson had an exciting moment when a black Studebaker came charging across both front yards narrowly missing their front porches. For spaces so small, and for the auto so big it is a wonder severe damage wasn't done. The occupants of the car were just shook up.

Little Becky Dawson, daughter of Mr. and Mrs. Horace Dawson has been under the doctor's care due to an ear and throat infection. At this writing, Becky is improving slowly.

## Just A Thought

There was a time when a fool and his money were soon parted, but now it happens to everybody.

## Teen Canteen

As expected by the members of the Independence Teen Canteen, a very large number of teen-age girls and boys showed up for an evening of fun and frolic at the American Legion Home last Friday evening. More parents also were present and all seem to have had a wonderful time.

If you teen-agers are interested in being among kids your own age, listen to good music, or dancing, or sipping cold cokes with potato chips, this is your chance. There will be another Teen Canteen this Friday evening, some place, and commencing at 7:30 p. m., August 30th. Come and enjoy your self, bring your parents, friends, neighbors and let them have a good time, too.

## Back The Attack on Accidents

The National "Back The Attack on Traffic Accidents" campaign faces a severe challenge over the Labor Day week-end. Millions of children will be transported home from summer camps for the beginning of school. Throughout the country the highways will be crowded with people taking their final week-end trip for the summer as the vacation season draws to a close. Unfortunately, for several hundred, the National Safety Council predicts it will be their final trip.

You cannot control the other driver but you can anticipate his driving errors. Drive with self-control—drive defensively.

## Bradford Star Chapter

The regular Officers' meeting will be held next Tuesday, Sept. 3, at 7:30 p. m. in the lodge hall in Independence. All officers are urged to attend this meeting.

Virginia Carr, Worthy Matron and Mel Appel, Worthy Patron, will preside at this meeting.

The regularly stated monthly meeting for members of Bradford O.E.S. Chapter 493 will be held on Tuesday, September 10. All members of the Order are cordially invited to attend.

## CRITTENDEN

Billy Ray Hitch formerly of this place, but now of Covington, was badly injured in a car wreck last Friday night on the C. & O. bridge. He suffered the loss of one eye and the other injured. He is in St. Elizabeth Hospital.

Mr. and Mrs. Lester Young and son, Jackie Sturgeon, moved from the Clidense Iseral house to Covington this week.

Miss Linda, 6 year old daughter of Mrs. Irene Lane, broke her arm last Friday. She was taken to St. Elizabeth Hospital and her arm put in a cast. Mrs. Walter Cooke spent Saturday with her cousin, Miss Lula Adams of Covington.

Mr. and Mrs. William Dance and two children of Dayton, Ohio are spending their vacation with his sister, Mrs. Lorena Hustell and daughter, Virginia Dell.

Mrs. Ira Menefee returned home from St. Elizabeth Hospital last Thursday. She is much improved.

Mrs. Ernest Beighle still remains quite ill at the home of his daughter, Mrs. Virginia Burgess in Lexington.

Mrs. Olan Piner visited her son-in-law, Billy Ray Hitch, at St. Elizabeth Hospital Monday. He was injured in a car wreck Friday night.

Johnnie Hise returned home Wednesday from St. Elizabeth Hospital after he underwent surgery for removal of his tonsils.

Mrs. Paul Stephenson and three children of Knoxville, Tenn., were visiting Mrs. Walter Cooke and Mrs. George Roberts on Thursday evening.

Mr. Don Hitch is spending his vacation in New York this week.

COMMONWEALTH OF KENTUCKY  
DEPARTMENT OF HIGHWAYS  
NOTICE TO CONTRACTORS

Sealed bids will be received by the Department of Highways at its office, Frankfort, Kentucky, until 9:00 A. M., Central Standard Time, on the 6th day of September, 1957, at which time bids will be publicly opened and read for the improvement of:

BOONE COUNTY, SP 8-230—The Beaver Lick-Big Bone Road (Ky. 338) from Bib Bone to 3.956 miles northwest of Big Bone, a distance of 3.956 miles. Bituminous Surface.

BOONE COUNTY, SP 8-430—The Hume-Verona Road (Ky. 491) from junction Ky. 16 at Verona to Grant County line, a distance of 2.637 miles. Bituminous Surface.

The attention of the prospective bidders is called to the prequalification requirements, necessity for securing certificate of eligibility, the special provision covering subletting or assigning the contract and the Department's regulation which pro-

hibits the issuance of proposals after 8:00 A. M., CENTRAL STANDARD TIME on the day of the opening of bids.

Note: A charge of \$2.00 will be made for each proposal. Remittance must accompany request for proposal forms. Refunds will not be made for any reason.

Further information, bidding proposals, etc., will be furnished upon application to the Frankfort Office. The right is reserved to reject any and all bids.

## WHITES TOWER

Tom Brumback has returned from a visit to his father and sister, Mrs. Carlos Petty of Cleveland.

Vegetables of all kinds in the gardens are going fast and it won't be long now until you will have to go to the city grocery and pay fabulous prices for the some things you have been kicking about paying half that price to the poor farmer who produces the stuff.

A few welcome showers fell in the Tower Saturday night and really helped to liven up some of the late corn and other vegetables.

Cutting and housing tobacco is the order of the day in the Tower this week. Several very fine crops are being put in the barn.

## FARM FOR SALE

58 acres, 5-room house, barn, metal corn crib, good outbuildings, on Parkers Grove Road, in Kenton county, 1 mile off Bricht and Piner Road (Route 14), and 2 miles from Piner, Ky. School bus at door, electricity, tobacco base. Selling because of death of husband, Graver Drake. Can be seen by calling

FLEETWOOD 7-2326

CHARLIE STEERS

WALTON 921X

Mr. and Mrs. Inabitt had as guests last week from Indianapolis, his brother and wife.

Some very fine mushrooms have been grown in the Tower this season and are now on sale at roadside stands.

Jimmy Jones and father of Latonia Lakes called on the writer one day last week. Jimmy is a postman out of Latonia Station, our old headquarters.

Miss Ruth Ann Cox visited her aunt in Detroit several days last week.

The Loyal Soldiers and the Golden Rule Sunday School Classes of DeCoursey Baptist Church will meet at the home of Mr. and Mrs. Frank Cox on Friday, August 30 at 6:30 for their regular monthly meeting. Bro. Luther Fox will be the guest speaker.

Louisa Bass is very ill at St. Elizabeth Hospital at this writing.

We are sure glad to hear that Lindsey Brashear was brought home from the hospital, Friday, and is doing nicely.

James Whitson, Covington, spent from Saturday until Monday with his aunt, Mr. and Mrs. H. D. Edington.

Mrs. Florine Edington has been suffering from a throat infection but is some better.

Mrs. Aralia Hayden, Mrs. Susie Gloré and Florine Edington spent Thursday with Mrs. Lucy Donnelly and son, Robert, of New Liberty. Congratulations to Bro. and Mrs. Ralph Curry on the arrival of a new grandson, last week, their first.

Congratulations to the newlyweds Mr. and Mrs. Ralph Adams. They were married at Williamson Baptist Church, Saturday evening. They will make their home in Louisville, where he is employed.

Mrs. Martha Hayden is staying with her son, Mr. and Mrs. Mayro Hayden, this week. Mrs. Hayden still remains on the sick list. We hope for her speedy recovery.

Mr. and Mrs. Florian Adams, Mr. and Mrs. Warren Rich and children attended the wedding of the Adams' son, Ralph, at Williamson, Saturday evening.

Mrs. Pattie Willeford was calling on Mrs. Florine Edington, Saturday afternoon.

## GLENCOE

Sympathy is extended Bro. Stephenson and family in the passing of his wife, Bertha.

Mr. and Mrs. Wesley Collins are visiting his mother and father, Mr. and Mrs. E. W. Collins, at Williamson, Saturday evening.

Congratulations to Mr. Melvin Courtney for his fine work in the Odd Fellow cemetery.

Mrs. Ollie Hudson and Mrs. Georgia Noel spent Tuesday with Mrs. Robert Minor at Taylor Mill. It being her birthday.

Jasper Smith, wife and daughter of Cincinnati, came through Glencoe looking at his old home town and enjoying coming back. It has been several years since he was here.

Mr. George Poland and family and Mrs. Mary Collins and family are enjoying having their sister, Martha and family, over for the week-end.

## CARD OF THANKS—

We would like to thank everyone for their kindness and sympathy shown at the passing of our father, E. O. Elliott. Our gratitude is extended especially to Mrs. Albert Morgan, Mrs. Ruby Worthington, who sang, and the organist who accompanied her, the directors of the Chambers & Gibbs funeral home, and to the donors of the beautiful flowers. May God's richest blessings abide with you all.

MRS. CEILE MACY,  
11-35 ROY & JIMMY ELLIOTT

## NOTE OF APPRECIATION—

I wish to thank everyone who was so thoughtful and kind during my hospitalization and recuperation. The cards were all greatly appreciated. They are great morale boosters. Thanks, so much!

11-35 W. H. PRESSER

Drivers Advised  
To Use Caution  
Over Labor Day

"Take time for teamwork in traffic," State Safety Commissioner Don S. Sturfigill urged Labor Day weekend motorists. He pointed out that seven persons were killed over the Labor Day weekend last year and 15 died during that period in 1955. Sturfigill said all available State Police officers will patrol highways during the weekend and mobile roadblocks will be utilized.

"Driving in today's traffic is not a one-man show," the safety official said. He said if drivers were constantly aware of this fact they wouldn't pull such stunts as changing lanes without warning, bumper chasing, making sudden stops, and making turns from the wrong lane.

"When you're driving courteously, you're also protecting yourself," he emphasized. "A driver rarely causes an accident without suffering some injury himself." The commissioner gave these tips:

Keep alert. Develop defensive tactics. Study the road ahead for accident situations.

Think ahead. Plan emergency measures. Know your own and your car's capabilities.

Be adaptable. Get the "feel" of changing traffic, road and weather conditions. Adjust speed immediately.

Pace yourself by the traffic around you.

Take only your share of the road—in the proper place. Keep in the proper lane.

Obeey all traffic laws, signs, signals and the dictates of common sense and courtesy.

## HUGHES CHAPEL WSCS

The regular monthly meeting of Hughes Chapel W.S.C.S. was held August 14 at the home of Mrs. Chas. Baker, Jr. The program was preceded by a delicious pot luck meal.

The program subject was "A Missionary Pilgrimage Travelogue." The purposes were to give a picture of the Methodist Church at work in the Caribbean Island territories of the United States and to point out the importance that people of the islands give to the personal testimony of the words and actions of the citizens of continental United States.

Program was opened with hymn "Footsteps of Jesus" followed with prayer by Mrs. Lula Hudson. Scripture Psalm 8, was read by spiritual life leader, Mrs. Clarence Struve. Mrs. Charles Baker Jr. gave meditation and information on Puerto Rico. Mrs. Richard Mullikin gave information in regard to a tour of Puerto Rico and a meditation, content of which stressed that one of Jesus' last sentences on earth began with the stirring command, "Go....." Mrs. Wm. Brown told of the experiences one would encounter on a trip by plane to Vieques Island. Mrs. Young told of St. Croix of the Virgin Islands, and it was mentioned that Miss Erma Elliott was a pioneer missionary worker from the Women's Division of Christian Service assigned to serve the children of St. Croix.

Regular business was cared for and the program closed with hymn "The Kingdom is Co-Coming" and dismissal prayer by Mrs. Pearl Bedinger. Next meeting will be on the regular date, September 11. There were present nine ladies and six children.

## Beacon Class Meets

The Beacon Class of the Walton Methodist Church was entertained last Friday evening by Mr. and Mrs. Victor Carpenter in the church basement.

The meeting was conducted by the vice president, Wesley Burgess. A report was given by the nursery committee chairman, Mrs. Guy Carlisle. Discussion was held regarding a teacher for the class. By phone the group was invited to the home of Mr. and Mrs. Asa M. Rouse for the September meeting.

A most interesting film on "Safe Driving" was shown by Jack Conner. A delicious dessert course was served by the Carpenters to the following: Mr. and Mrs. Asa Rouse, Mr. and Mrs. Guy Carlisle, Mr. and Mrs. Arthur Doggett, Mr. and Mrs. Ward Rice and son, Michael, Rev. and Mrs. A. E. Atkinson and daughter, Elizabeth, Wesley Burgess and son, Mike, Paul Kline, Jack Conner, and Mr. and Mrs. Carpenter.

## Sampson Circle Meets

The Mary Sampson Circle of the Walton Baptist W. M. S. met at the home of Mrs. Relda Powers for the August meeting. Singing and the devotionals were led by Mrs. Joe Tackett, in the absence of circle leader, Mrs. Gertrude Daniels.

Mrs. Bonnie Woods taught and led the discussion on the book on prayer. After the meeting, refreshments were served.

There were 12 members present. The next meeting will be held in the home of Mrs. Wilma Winburn.

Ice cream manufacturers are the biggest users of frozen strawberries.

## Surprise Birthday Dinner

A surprise birthday dinner was given for Ernest Hughes, on his 64th birthday, by his sister, Elva Hughes, and Mrs. O. L. Black, at their home on High Street.

Those who enjoyed the occasion were Mr. and Mrs. Garfield Cook and Garfield Cook, Jr., of Erlanger; Mr. and Mrs. Bud Gasser of Florence; Mrs. Mort Williamson and daughter, Darlene, and Maggie Black of Big Bone; Mrs. William W. Aylor, Jerry, Kenny, Janey, Danny and Mary K. Aylor of Union; Mr. and Mrs. Harry Alphin and her daughter, Eva Smith, Jr., and Mrs. N. T. Welsh, Mr. and Mrs. Nathan Northcutt, Mrs. Edith Black and Mary Kathryn Black, Mr. and Mrs. John Woods, Tommy Black, Ernest and Elva Hughes, and Mr. and Mrs. O. L. Black, all of Walton.

All had a very enjoyable day together, and left wishing Mr. Hughes many more happy birthdays. Mr. Hughes received many cards and gifts on this occasion for which he is most thankful.

Waterfield Urges  
PTA Membership

Acting Gov. Harry Lee Waterfield has urged Kentuckians to enroll as members of a local Parent-Teacher Association. In proclaiming October "Parent-Teacher Membership Enrollment Month in Kentucky," Waterfield said:

"The Kentucky Congress of Parents and Teachers is an organization dedicated to the welfare of children and youth of our State and has as its goal the mental and spiritual development of our children and the affording of every education advantage to them."

The lieutenant governor urged "all persons interested in providing for our school children the benefits that are attainable through the objectives of the Parent-Teacher organization to enroll" in the P.T.A.

The organization, Waterfield said, "has endeavored to interpret to the general public the problems confronting our Kentucky schools and has accomplished much toward giving the children of our Commonwealth many advantages so earnestly desired by her citizens."

## Entertains With Dinner

Mr. and Mrs. B. Stephenson of Route 4, Erlanger, entertained with a six o'clock dinner on Wednesday of last week in honor of their son, Eldon, who is home on leave from San Antonio, Texas.

Those present were Mr. and Mrs. Edward Bates, Mr. and Mrs. Chester Bird and family, William Lloyd, Miss Jennie Yelton, Mr. and Mrs. Donald Stephenson and sons, Miss Rebecca Roland, Miss Mae Roland, and Kenny Bates.

IS YOUR SUBSCRIPTION PAID?

Standard for Canned Food  
Explained by Fair Judges

What are the characteristics that make some jars of canned fruits or vegetables at the Kentucky State Fair blue-ribbon winners?

Here are the most important points as seen by Miss Elizabeth Helton and Mrs. Lucille Warren, UK Extension foods specialists, who will judge the canned foods at the fair. The food should have the natural color of freshly cooked products. They should appear to be young and tender, neither tough and stringy nor under-mature. Both fruits and vegetables have their best texture, color, flavor and nutritive value when they are at their prime maturity.

The jar should show good use of space, being neither too crowded nor too loosely packed. The liquid should be clear and free of sediment and right in amount for the food used.

One-half-inch head space should be provided for all foods except corn, shelled beans and peas, all of which need from 3/4 to 1 inch head space. All spots and soil should have been removed in preparation.

The pieces of fruit or vegetable should be about the same shape and size. The product should be of firm

quality, rather than mushy, ragged or over-cooked. Fancy, elaborate packs are not approved, as they require too long time for packing.

There should be no signs of spoilage, such as gas bubbles, mold, leaky seals, cloudy liquid, or white sediment in bottom of jar.

## W. H. Roe at Burlington

William H. Roe, Contact Representative of the Kentucky Disabled E-Service Men's Board, will be at the Courthouse in Burlington, Wednesday, September 4, from 9:00 until 11:30 a. m. He will assist veterans and their dependents with claims for benefits due them as a result of their military service.

The proportion of working women, ages 45 to 54 years, doubled between 1940 and 1956. There were increases also in the 10-year age-groups preceding and following those years. However, in the 20-24 age group, the reverse was true, possibly the result of high marriage rates, early marriages, high birth rates, and increased college enrollments.

Cynthiana in Harrison county was named for Cynthia and Anna, two daughters of the town's first settler, Robert Harrison.

## Lesson for September 1, 1957

**Dr. Foreman**

The ancient Hebrews were a democratic people in some ways, but in others they were most unlike us. At the time of King Josiah, the king was not to mean an elective office. "And his, son reigned in his stead" is the regular formula. So the Hebrews had no king who was elected by the people who should be their kings. They took whatever son the royal harem produced first. For good ones (there were some) the king had ones they were thankful they were not worse. King Josiah, whose story may be read in the Background Scripture, was a good king. But it was custom and tradition that made him king, not the people. With us it is different. We have no king, and no one who should occupy our places of great power. November is coming; many will be elected, many more defeated. In our American elections. It is not too soon to ask ourselves seriously, "What is our choice? Shall we stand under our captain dome?" Sometimes the choice offered us makes us discouraged so that we stay at home and don't vote. But if we have a good choice between two third-raters, a good third-rater is better than a poor one. If we have good men in our capitals, let's elect them. If we have good men in our cities, let's elect them.

It's a peculiar thing, but often true, that although candidates for local offices can be better known than those for state or national office, racial and ethnic minorities are often elected to the small offices rather than to the larger ones. For some reasons, local government gets less attention from the voters. In a single large city, today controls more power over more people than King Josiah ever did. It is in the "little capital" if you like, the county seat, that the public affairs sometimes take the wrong turn. Where there is a public program well conceived and organized, it can look good as a public program. But if it is badly run, it comes to the state's attention. When it goes through the local courts, it can turn into some pretty rotten trickery. In a certain state, for example, the legislature for a very good purpose had to be cut off from a dozen or more counties because the officials there had been lining their pockets with easy money. It was a scandal that had small sense of responsibility who takes pains to elect good senators and presidents, but who when it comes to voting the local ticket, just says, "I don't know," because it's easiest.

The same truth is, King Josiah's reforms didn't stick. They didn't, because they were reforms from the top. Even an absolute monarch can make his country no better than his people want it to be. It is true, we ought to have the best officials, from town to county to state to nation, that we can elect; but even if they were all praying, intelligent, devoted Christians, they cannot make this a better country merely by passing laws. Like Josiah, our men in government can make this a better country. Only if we the people want to have it so.

The Church helps us keep open our spiritual *right of way*. And not only church-worship, but personal prayer, Bible reading and family worship rightfully deserve a place on our timetable.

The church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Though a strong Church neither sustains nor civilization can survive, there are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) for his children's sake (3) for the sake of his community and nation (4) for the sake of the Church itself. He needs his moral and material support. Plan to go to Bible class regularly and read your

Open Sunday, 6 a. m. to 8 p. m.

spending several days with Mrs. Nina Harris. They have been friends since childhood and whenever one of them is sick the other drops everything and goes to visit her. Mrs. Harris has been very ill for several weeks but is slowly improving.

Rev. Frank Kilkerson is vacationing at his parents' home in Chattanooga, Tenn. The Rev. R. F. DeMaisey is filling his pulpit at Oak Ridge Baptist Church while he is away.

Mr. and Mrs. R. S. Richardson and children and Mr. and Mrs. T. C. Richardson went to Indianapolis, Ind. August 25th to visit Mr. Richardson's brother, Jerry.

Mr. and Mrs. L. E. Thompson and children, Fran and Connie, went to Lexington over the week-end to get their other daughter, Judy, who has been visiting here.

Chester Tallent returned from Camp Breckenridge looking like an Englishman in the new summer Army uniform of shorts and knee length socks. His Battalion is known as the Billy Goat Battalion and for their two weeks at camp each summer, all the members of the Battalion grow a mustache and goatee. Needless to say, their wives see to it that they shave them off as soon as they return.

Willie Betty Mitchell of Louisville, has been visiting her grandparents, Mr. and Mrs. W. O. Mitchell. She plans to return home on Wednesday to get ready for school.

Mr. and Mrs. Jesse Bailey and daughter, Marilyn, went to Shelbyville last week-end.

Little Sarah Jones celebrated her 6th birthday with a party on August 24th.

William Harris suffered a broken arm in an accident at his work this week.

Mr. and Mrs. Eugene Gatewood entertained his brother and wife from Louisville over the week-end.

## Independence R-1

We are glad to have our minister returned to us or another year's work. Let us all put our shoulder to the wheel. Let us work for and expect the Lord to give us a good year.

Mr. and Mrs. Charles Losey and son, J. B. Losey, Mr. and Mrs. Ronald Losey and son of Owen, were guests on Sunday of Mr. and Mrs. William House of Independence, Ky.

Mrs. Caroline Armstrong and son, Harry, had a good time on Sunday, her daughter, Alice.

Mr. and Mrs. Roy Mills announce the arrival of a little granddaughter, born to Mr. and Mrs. Joe Sudkamp. Mrs. J. W. Fryer and children, after spending two and half weeks here, departed for their home in Dallas, Texas on Thursday.

Mrs. C. S. Rapp and son called on Mrs. J. W. Fryer on Tuesday.

Mr. and Mrs. Robert Cooper were surprised on Monday evening, Aug. 19 when a number of friends invited by their daughter, Joyce, arrived to help them celebrate their twenty-fifth wedding anniversary. We wish them many returns.

## Here are the winning answers!

**Q.**  
What is the lowest priced car?

**DRESSMAKING —** Telephone Walton 741X. Mrs. William Gibson, Jr., Stephenson Mill Road, Walton. 21-35

## SCHOOL DAYS

Next week is the starting of the 1957-58 school term. The boys are not exactly ready but they will be there. Today, Jimmy Stone, Joe Romes and Lee Pennington were in the store wanting a job to get some money for starting to school, but I had nothing for them. I wish I had so I could watch things move as they were really ambitious. We have a lot of paper, pencils, pens, composition books, note books and most everything you need. School days are the greatest in your life, so take advantage of them so you can tell the other fellow what to do instead of doing it yourself.

Brewster started out today cleaning oil heaters and getting them ready for winter. I went down to the farm early today, took Red back and we dipped 120 head of sheep. Mrs. Hodges had a large dinner and we ate too much. We brought up a sled and the boys put a new pair of sleds on it. We do most all kinds of jobs here at this store. Rans put in new guard plates on Sam Winkle's mower. Everyone is getting ready to cut tobacco. We have plenty of spurs and tomahawks, also Feng-Sen to burn under your tobacco after you put it in the barn to kill worms and stop houseburn.

Mr. and Mrs. Bran, over Verona way, came over with Mrs. Collins from Elston, and bought a Coleman fuel oil heater and a 275-gallon oil tank to be installed after Sept. 1. Arthur Linton stopped in and bought a Perfection fuel oil heater for his home. He has used one in his barber shop for years. Jim Huey, over at Union, bought a gallon of Balce red roof and barn paint, also a gallon of black asbestos roof coating to repair his gutter. Bob Balce, one of the owners of Balce Point Co., and the Jelled Magic paint, who also made Jelled Magic paint. Brewster and Red went to Mr. Easton's at Richmond, who is Oakley Easton's father, took his oil heater outside and cleaned, then put it up, ready to use; and then they took a large oil tank out to Mrs. Lena Sanders and put it back ready to install her new Perfection oil heater as soon as she is ready.

Brewster went to August Trapp's and cleaned their oil heater, ready for winter. I have a new set of electric water heaters. A 30-gallon double element for only 79.50 and a double element 52-

gallon heater for 99.50, both with a five-year guarantee. The boys uncured and set up two new cold ranges. We sell these every year to put in those cold kitchens. L. M. Gabriel, from Piner, bought 12 gallons of Balce cream outside paint for his house. Clarence Stephenson, who lives on Richmond Court, bought 3 gallons of Balce outside white paint.

Chas. Maloney, who is building several houses in Walton, bought galvanized pipe and fittings, also drain pipe and a lot of plastic pipe. Jack Hanlon, our Dayton water pump man, brought us three more water systems. We have a Dayton water system to sell for 89.50, also a few of the better dayton pumps to sell for 99.50. Brewster went down to Mr. and Mrs. Turner's at Barkick and cleaned their oil heater, then he put up new furnace pipe for Mrs. Edgar Colton. Then installed four new venetian blinds for W. A. Salmons, Fairview Court.

The ladies down at Zion Baptist Church came up and bought 24 sq. yds. of linoleum and 23' of rubber matting for down at the church. Red and Chick cleaned and washed the windows—that is some job to take everything out, wash the windows, then mop the floor, let it dry, then clean everything and refill the windows. We don't get any sympathy from the ladies when they come in, as they say, we do that kind of work every day. Mr. Piner, who has a cottage at Bullock Pen Lake, close to Fred Hopperman, has been buying a lot of plumbing supplies. There are several cottages around Bullock Pen Lake.

We were up in Grant county visiting, Sunday—we drove around to see the new lake at Williamson. They have some layout. They have a boat dock, a swimming pool and about 25 cottages to go. Lots of people there just looking around. We sold lots of hardware Saturday, as warm as it was, they were looking at heating stoves. We have some real buys in Dayton and Duro water systems—check with us before you buy. Melvin Platt, who has after furnace pipe, Brewster waited on him; later he came back for Brewster had given him a wrong size in one pipe—he didn't make those mistakes often.

Mr. Cornelius, over at Verona, came over after an electric motor for his milking machine. Well, all three of us are farmers now, as Chick bought a farm last week adjoining his father's up on Mt. Zion, and Sherman Road. He is really busy every chance he gets when not in the hardware store; he is also chief of the fire department. He is a hard worker here at the store every day. Brewster and Red are getting the jail work started, putting up all tanks, installing new furnace pipe and new heaters.

### CONRAD HARDWARE

ALL TYPES OF HOUSEHOLD APPLIANCES

## Boone County Polio Chapter Gets \$2,550.00

The Boone County Chapter of the National Foundation for Infantile Paralysis has received a check for \$2,550 to provide financial aid to local polio patients, according to Mrs. R. J. Schwenke, chapter chairman, said today.

The money was made available by the Foundation's National headquarters when local March of Dimes funds raised last January proved insufficient to cover the county's polio fighting needs. The chapter has given a total of \$7,550 in the past financial assistance to six patients this year.

"It is reassuring to know that the whole March of Dimes organization stands behind each chapter, ready to finance patient care for the remainder of the year where it is urgently needed, as in our chapter," Mrs. Schwenke said.

Although mass vaccination programs have dramatically lowered the incidence of polio cases throughout the country, financial aid to patients in all chapters is still estimated at more than \$15,000,000 for this year.

"At the end of 1956 there were more than 80,000 persons in this country still disabled as a result of paralytic polio. In past years, people for whom the Salk vaccine came too late," Mrs. Schwenke said, "These are persons who could be helped by further treatment. You just don't walk off the battlefield and leave your wounded behind. We must do all we can to rescue them from their world of helplessness and restore them to a productive and happy life. That's what we mean today when we speak of a 'forward look at the polio patient'."

"We know what paralytic polio can mean in terms of human suffering and the whole morale-crushing disasters it can cause when it strikes in the family," said Mrs. Schwenke.

"It is imperative that everyone under 40 take advantage now of the Salk vaccine protection. It is the one sure way we have of eliminating epidemic polio and its crippling effects from our national life."

## Advanced Training Over

Private Richard G. Ballinger, 18, son of Mr. and Mrs. J. W. Ballinger, Route 1, Morning View, completed eight weeks of advanced individual artillery training Aug. 23, at Fort Chaffee, Ark.

Ballinger received instruction in the fundamentals of artillery and the firing of the 105 millimeter howitzer. He is a former student at Dixie Heights High School.

## Signup Open For '58 Wheat Acreage Reserve

Beginning August 26, eligible farmers who wish to participate in the 1958 winter wheat Acreage Reserve program may sign agreements at the ASC office, Russell Rector, Chairman of the Kentucky County Agricultural Stabilization and Conservation Committee, announced today. The signing period for the winter wheat program extends to October 4 of this year.

Rates of payment for individual farms will vary up and down from a county average rate per acre according to the relative productivity of the farms and other factors.

Farmers who are eligible to sign 1958 Acreage Reserve agreements for winter wheat are those who have "old farm" wheat acre allotments for 1958 and who normally grow winter wheat.

Chairman Rector explained that, under the 1958 program, each producer will be responsible for furnishing the County ASC Committee with the production history and other information needed to establish a "Soil Bank base" for his farm, and this must be done before the agreement may be signed. The necessary information should be supplied at least 15 days before the end of the signing period on October 4.

The "base" will be determined primarily on the basis of the average acreage of land devoted to Soil Bank base crops during 1956 and 1957; the base crops, in general, are all crops produced for harvest on a farm, except hay crops. If a farm already has a "base" established under the Soil Bank's Conservation Reserve program, that base will apply.

Farmers who earn payments under the 1958 Wheat Acreage Reserve program must reduce their wheat acreage below the farm's wheat allotment, must comply with any other allotments set for crops on their farm, and must not harvest more total acreage than the permitted acreage, which is in general the Soil Bank base less the number of acres put in the Soil Bank.

## MRS. MATTIE DUDGEON

Mrs. Mattie McCormick Dudgeon, member of a widely known Boone county family, died Sunday morning in St. Elizabeth Hospital, Covington. She resided on South Main St., Walton, and was 75 years old. Survivors include a daughter, Mrs. Wilford M. Rice, Walton; a sister, Mrs. Stella Murphy, Lexington, Ky.; three brothers, Dr. J. F. McCormick and William B. McCormick, both of Verona, and Thomas McCormick of Sherman, and two grandsons, Wayne and Donald Rice, both of Walton. Mrs. Dudgeon was a member of the Walton Baptist Church, and was the widow of Tilden Dudgeon, who operated a general store in Walton for many years.

Services were held at 2:00 p. m., Tuesday at the Chambers & Grubbs funeral home, Walton. Rev. Joseph R. Tinkert, pastor of the Walton Baptist Church, and Rev. R. F. DeMaize, officiated. Burial was in New Bethel Cemetery, Verona.

## Florence Woman To Speak at First Wa-Na Club Meet

The Wa-Na Woman's Club of Walton will hold its first meeting of the new club year, Monday, September 9th at 8:00 p. m. at the Phoenix Hotel.

The topic will be International Relations and our speaker, Mrs. W. A. Daly of Florence, Ky. Mrs. Daly has traveled in Europe and has many interesting pictures and commentaries to present.

The hostesses will be Mrs. Gayle McElroy, Mrs. Leonard Cook, Jr., Mrs. George Fisk, and Mrs. Clifford Ryan. Spiritual Guidance will be given by Mrs. Paul Beighle. Members are requested to answer the roll by paying dues.

As a reminder, our first meeting is always quiet night, and we extend invitations to anyone who is interested in Club work to attend.

## Family Reunion Held

Mr. and Mrs. Paul Watson and Mr. and Mrs. John Klein of South Taylor Mill entertained Sunday with a family reunion.

Those present were Mr. and Mrs. William A. Grant and son, William and George of Manhattan, Kan.; Mr. and Mrs. Charles Klein, Mr. and Mrs. Bert Cost and son, Curtis, of Dayton, Ohio; Mr. and Mrs. William K. Durr and son, John, of East Lansing, Mich.; Mr. and Mrs. George Klein and Mr. and Mrs. John Riggs of Morning View, Mr. and Mrs. Roy D. Klein and little son of Erlanger; Mr. and Mrs. Roy B. Klein and daughter, Karen, Mr. and Mrs. Edgar Riggs and son, Glenn, Mr. and Mrs. Russell Klein and children, Rita, Linda and Steve, Mrs. Lorena Martin and son, Edgar, Mr. and Mrs. Lyrran Richardson and children, Larry, Donna, Chela and Johnny, Miss Isabel Browning, Miss Joyce Goede and Mr. Val Bliz.

## Alpha Class to Meet

The Alpha Sunday School Class of the Walton Baptist Church will meet at the church on Thursday, Sept. 5 at 7:45.

## "Our Future Community Leaders"

Top row, left to right, John Robert Jones, 4-year-old son of Mr. and Mrs. Richard L. Jones, Crittenden; Jimmy Shields, 5½, and Jerry Shields, 4½, sons of Mr. and Mrs. Robert L. Shields, Route 2, Walton.

## License Dogs Now To Avoid Penalty Says the Warden

Clifford Stephens, Boone County Dog Warden announced this week that persons who have failed to purchase license for their dogs should do so at once and avoid penalty.

It is the Kentucky State law that all dogs over six months of age be licensed and vaccinated against rabies.

No livestock or damage claim is valid unless person filing claim has his own dogs licensed, Mr. Stephens stated. Any livestock owner must license all dogs owned or harbored by him before he can be reimbursed for livestock losses.

Any person failing to have dogs properly licensed are subject to a fine of not less than one hundred dollars or imprisonment for not less than five months or both, or both fine and imprisonment.

Dog licenses are good for one year from July 1 to June 30 and cost \$1.50 each. Licenses are on sale at the Boone County Sheriff's office, court house, Burlington and also at Conrad's Hardware Store, Walton and Craig's Store, Rabbit Hash.

## Reserve Training Over

Army Reserve Specialist Third Class Audrey L. Worthington, son of Mr. and Mrs. A. F. Worthington, Route 2, Walton, completed two weeks of active duty training Sept. 1, at Fort Benjamin Harrison, Ind. Specialist Worthington received his annual summer training with members of his reserve unit, the 463d Finance Disbursing Section, regularly at Bowling Green. He attended Bowling Green Business College.

## Marlow Circle Meets

The Rose Marlow Circle of the Walton Baptist Church met in the home of Mrs. Leo Flynn for the August meeting with ten present.

The next meeting will be with Mrs. Julia Pennington, September 12, at 2:30 p. m. Please try to be present at this meeting.

## Candidate for Judge

R. E. Brugh, Walton, has announced as a candidate for Police Judge of the Walton Police Court, subject to the regular November election.

Bob served the city as Police Chief for 13 years and as Boone County Coroner for 10 years. He said that all support would be appreciated.

## White-Fredrick Wedding

Miss Mary Etheline White, daughter of Mr. and Mrs. Frank White of East Alton, Ill., and the grand-daughter of Mr. and Mrs. Walter Vest of Edwards Ave., Walton, was married recently to Donald James Fredrick of Mosinee, Wisconsin.

## To Clean Cemetery

All persons interested in the Lebanon Presbyterian Cemetery please appear on Saturday Sept. 7th, bring lunch and help clean and spray the cemetery. We need your help so please come.

## Hickory Grove Homecoming

There will be a home coming and dedication, of the new Sunday School Building, on Sunday September 8th, at the Hickory Grove Baptist Church, according to Rev. Lipscomb, pastor.

Also included in the days activities will be the presentation of a new Harmon Electric Organ to the church by the Young Adult Music Class.

Guest speaker of the afternoon service will be Rev. D. B. Eastep of the Calvary Baptist Church of Covington, with special music by the Northern Kentucky Men's Chorus.

At the noon hour a basket dinner will be served.

All former members and friends of the church are invited to attend. The afternoon program will start approximately at 1:30.

## GIRL SCOUTS CAMP OUT

The Girl Scouts of Walton had a camp out last Wednesday night at the farm of Mr. and Mrs. Jack Conner. They built an open fire and roasted their meals. For supper they had potatoes and corn which they roasted in ashes in the ground, baked beans in an open kettle, hot dogs, toasted marshmallows, and Kool Aid. Breakfast consisted of scrambled eggs, bacon, toast and hot chocolate. The campfire was the center of attraction for games and songs. The group took three jungle hammocks, four tents, and two sleeping bags to accommodate the thirteen who were present. Those present were: Norma Jean Neumeister, President, Pat Eddins, Vice President, Georgia Brooks, Secretary, Sandra Smith, Treasurer, Linda Ducharme, Reporter, Linda Ducharme, Wilma Goode, Tessie Rums, Polly Cook, Betsy Jones, Beverly Gerth, June Doan, Chairman of Troop Committee, and Barbara Brakefield, Leader.

## Officers, Directors Named at Meeting Of Sheep Growers

The annual meeting of the Boone County Sheep Protective Association was held Saturday, August 31, at the County Agent's office, Burlington. Wayland Rhoads, State Department of Agriculture, was the speaker and discussed how the association may work with the state and county on the dog law. He explained that where a sheepman had his sheep insured that the state would also pay their part, provided the state had sufficient funds.

The following officers and directors were elected: Russell Sparks, president; Beckham Shields, vice president; and Robert Maurer, secretary. Trustees: A. L. Stephens, Cliff Gatewood, Lloyd Kennedy and Beckham Shields, directors.

Mr. Sparks said that all claims were paid in full and urged the co-operation of all sheepmen in supporting the association by insuring their sheep. They may contact their directors and officers to do so or the county agent's office. The association has protection for sheepmen plus what may be received through the administration of the dog law. The following claims were paid the past month: Robert E. Grant, Burlington, \$14; J. C. Benton, Walton, \$15; John D. Ware, Burlington, \$28; Ray K. Newman, Union, \$40; Ray Hill, Burlington, \$36; Vaughn Hempling, Constance, \$36; Russell Sparks, Verona, \$26; H. C. McQuarrie, Burlington, \$10; Mrs. John Oachs, Taylorsport, \$23; Mary Robinson, Walton, \$40, and Remy Williams, Verona, \$40.

Much progress has been made in enforcing the dog law in the past several months since Clifford Stephens was appointed dog warden. The association insures sheep for part of their value. Where a farmer complains with the dog law and has a sheep loss from dogs, then he can put in a claim for the difference between what the sheep are worth and what he is paid by insurance.

## Boone Garden Club

The Boone County Garden Club will have their first fall meeting at 1:00 p. m., Tuesday, September 10, at the Florence Community Center.

Tom Riley, the Assistant County Agent of Kenton County, will speak on "Native Kentucky Planting Materials." Anyone wishing to attend is cordially invited.

World consumption of raw wool in 1956, established an all-time record, totaling 2,830,000,000 lbs. (clean basis).

## Laff-O-Rama Set For Thur. & Fri.

### Reservists In Training

Two soldiers from Crittenden, Privates Lyle G. Rodgers and Gordon L. Rogers, completed eight weeks of basic combat training at Fort Knox, August 31, under the Reserve Forces Act program.

Rodgers, 18, is the son of Mr. and Mrs. L. M. Rodgers, Route 1; Rogers, 18, is the son of Mr. and Mrs. James L. Rogers, Route 2.

## P.T.A. Chairmen For Membership Drive Named

The Walton P.T.A. met for a brief session after school assembly Tuesday morning.

Mrs. Helen Burgess, president, invited each parent to join the P.T.A. to help to make a better school. Mrs. Olive Sivert, director of the P.T.A. play, Laff-O-Rama spoke briefly on the play, asking each one to do his best in helping with the play.

Chairmen for the membership drive were named: Mrs. Helen Belcher, Mrs. Blanche Roberts, and Mrs. June Brewster, chairman for socials; Mrs. Ruby Treadway, and chairman for exceptional children, Mrs. Christine Husnik. Mrs. Blanche Roberts read a report of what the P.T.A. had done to help the school last year. There were only 96 members lost, so parents, come out and join your P.T.A.

The next meeting will be held on September 24, at 7:30 p. m.

The Walton Parent-Teachers Association has aided the school in the following ways, the past year:

Room attendance prizes, \$12.00; drug supplies for school, \$37.07; new map of Walton for Mr. Smith, \$19.75; text film for Mrs. Sleet's room, \$26.00; supplies for room, \$4.82; donation to senior class school paper, \$25.00; workbooks for Mrs. Acree's room, \$25.00; supplies for Mrs. Hudson's room, \$25.95; supplies for Mrs. Morgan's room, \$25.00; supplies for Mr. Snow's room, \$11.86; record players for the use of Mrs. Gen. Mrs. Brewer, Mrs. Gutman and Mrs. Isaac, \$29.95; dust bags for curtains on school stage, \$48.00; Drip-O-Later cake maker, \$36.00; aluminum folding table, \$24.88; Christmas candy for children's treat, \$106.62; lights for Little Treater Club, \$207.79; supplies for Mr. Montague's room, \$15.95; donation for shrubbery for school, \$25.00; donation to schools in a flooded area, \$25.00; donation to senior class for trip to Florida, \$15; sent one girl, including transportation, to Girls' State, \$28.30; books for Mrs. Gen. Mrs. Sleet's room, \$25.16; five books for Home Ec. Department, \$11.65; allowance for Doris Conner's room, \$25.00; children's supplies and workbooks not paid for, \$20.00, and donation toward torso for science department, \$125.00. Total, \$1,008.61.

## Hit by Car Saturday

Little Freddie Hamilton, six-year-old son of Mr. and Mrs. Fred Hamilton, Sr. of Verona was struck by a car Saturday afternoon, he was rushed to St. Elizabeth Hospital where he had to have several stitches taken in his head, he was not in serious condition. We hope for him a speedy recovery.

## To Attend State Fair

Two Boone county 4-H members will attend the Kentucky State Fair with their fine Jersey cattle. They are Johnny Akine, who won several first place awards at the Boone County 4-H and Utopia Fair, and his sister, Arlene, who won at the District Dairy Show at Williamstown. They will show their cattle Sept. 7.

## Judging Team at Fair

The Boone county 4-H dairy judging team will be judging at the State Fair, September 9. They will judge eight different classes and give reasons on three classes. Members of the team are Arlene Akine, Mary Dixon, Sue Graves, and David Cigler.

## Is New Concept In Entertainment

"Laff-O-Rama" is a new concept, a new approach and medium for presenting entertaining "off" the community, "for" the community and "by" the community. It is an event in which there is a collaboration between home town non-professional talent and the recorded talent of professionals who are at the top of the ladder in show business.

Although residents of Walton will participate in phases of it, through the modern miracle of recordings and sound amplification, it is possible to use the greatest talent in the professional field of bands and orchestras, as well as the voices of renowned choral groups and individual soloists. This assures a smoothness of production which is evident only in award-winning performances of stage and screen.

This new achievement of synchronizing the community players' abilities with those of the theater world has to offer will result in home town circus of fifteen acts, produced in the Walton-Verona High School gym, on Thursday and Friday, September 5 and 6. This event is sponsored by the Walton-Verona Parent-Teachers Association, for the benefit of school equipment.

One of the most colorful and outstanding numbers features a unique teenage ballet in which the girls wear pastel party frocks and do a routine using many multi-colored balloons. The number is climaxed by the use of the circus, of merry-go-round effect, drawn from the use of bright colored streamers and special lighting effects.

The girls who will perform as the Queen Beatrix of the Bordeaux Ballet are Carolyn Watson, Donna Jump, Patsy Young, Charlene Maloney, Glenna Lindsay, Susan Gerth, Martha Miller, Beverly Gerth, and Pat Eddins.

Variety is the keynote of the entire "Laff-O-Rama" circus and in the list of acts one that is a universal favorite comes from the realm of make-believe and fantasy for it is "Goldilocks and the Three Bears" brought from a story book land, and brought to life with the bright ring to delight all those who are "young at heart." The part of Papa Bear will be performed by Eva Waters, Mama Bear will be Mary Allen, and the part of Goldilocks is portrayed by Sherri Miller. It has often been said that this number alone is well worth the price of admission.

## Local Farm Loan Men to Attend 4-State Meeting

Officers of the Northern Kentucky National Farm Loan Association will attend the four-state Federal Land Bank and National Farm Loan Association conference to be held on the Ohio State University campus in Columbus, Ohio, September 10-12, according to Carl Sherriff, secretary-treasurer.

Representing the local association, besides Mr. Sherriff, will be Charles G. Watson, Jr., Walton, vice president; W. W. Worthington, Morning View, H. W. Bettrick, Cold Springs, and R. L. Vincent, Williamstown, all directors.

The Northern Kentucky association has its main office at Williamstown, and field offices at Burlington and Falmouth.

The Columbus conference will draw some 400-500 farm loan leaders from Ohio, Indiana, Kentucky and Tennessee. These men, represent a farmer-owned credit system currently providing farm families of these four states with \$148,000,000 in long-term loans for farm ownership.

## Services at Lebanon

There will be services at Lebanon Presbyterian Church Sunday afternoon at 2:30 p. m. Sept. 8th, by Rev. Charles Owens of Louisville, Ky.

**THUR. & FRI., SEPT. 5 & 6****Walton-Verona  
High School Gym****WHITES TOWER**Thirty-two men, women and children met at the Boone Co. Fair grounds Sunday for the annual Ryle reunion. Lots of good eats and a very pleasant day was spent by all.  
Tobacco cutting is about over here and the weather has been fine for that work.

Doc Webster and family of Louisville spent the weekend here with Doc's parents.

The writer has 5 different colored tomatoes, Red, White, Yellow, Purple and green. The white and yellow ones are non acid. The sweet corn market is about over for this year as the hot dry weather is drying it up on the stalk and the late corn needs rain.

Carlos Petty and wife of Cleveland visited the latter mother in independence over the weekend.

We believe that Sunday the traffic was the heaviest on the pike here that we have ever seen. So for no fatalities have been reported.

Lieut. Richard Dorsey and family were down from Lexington after some of their possessions. They will move into their new home in Lexington this week.

What ever happened to our Reds no one will probably ever know but Sunday they showed a flash of their earlier form and glory be! They got an excellent job of pitching for a change.

**CRITTENDEN**

Mr. and Mrs. Woodrow Williams and family have moved from Ernest Beigle farm at Gardnersville to the Clarence Iseral house.

Mr. and Mrs. Robert Northcutt and Mr. and Mrs. Charley Tungate and two children spent Sunday with relatives at Hamilton, Ohio.

Mrs. Nannie Cooke spent Friday night with Mrs. Mote Thompson at Cinth.

Mr. and Mrs. William Stevens spent Sunday with friends at Xenia, Ohio.

Mrs. Bessie Tungate spent Saturday night with her brother, Mr. and Mrs. Walter Cooke.

Mrs. Mary Schneider was shopping in Cincinnati Thursday.

Mr. and Mrs. Junior Menefee have moved from Mrs. Mary Schneider apartment to their home at Butler.

Jackie Sturgeon of Covington spent Saturday night with his grandparents, Mr. and Mrs. William Roberts.

Ray Johnson, 15-year-old son of Mr. and Mrs. George Johnson, formerly of this place, but now of Walpole, was accidentally shot in the hip by a friend while hunting. He is getting along nicely at St. Elizabeth hospital.

Mrs. James Gillock and daughter, Mrs. Dudley Farrell and Kenneth Gillock are spending the week-end with Mrs. Gillock's parents at Liberty.

Mrs. Mani Riddell of Covington, spent Sunday with her mother, Mrs. Bessie Tungate.

Mr. and Mrs. Harvey DeVour of Covington, have been visiting her aunt, Mrs. Charles Spegal and Mr. Spegal.

Mr. and Mrs. Clyde Swales of Wilmington, Ohio, are rejoicing over the arrival of a baby girl, Mrs. Swales was formerly Miss Betty Shearer, the great-granddaughter of Mr. and Mrs. William Roberts.

Mr. and Mrs. Willard Courtney and two sons, Donald and Bruce, have returned home after a week's vacation in Florida.

**VERONA**

Mrs. Ralph Curry is staying with her daughter for a while taking care of her new grandson, who will answer to the name of Larry Kent Karsner. They are of Monterey, Ky.

Mr. and Mrs. Virgil Chapman and daughter Rosemary of Crittenden was calling on Mr. and Mrs. H. D. Edington Saturday afternoon.

Mr. and Mrs. Golden Dyer and children are spending a few days visiting his mother and other relatives in the mountains of Ky.

Mr. and Mrs. Tom Yates and little daughter visited his brother Mr. and Mrs. Lloyd Yates and daughter Nola Sunday and Monday.

Mrs. Minnie Davis was calling on Susie Glore and Flossie Edington Saturday evening.

Mr. and Mrs. Jim Lamm received word Saturday morning their granddaughters husband Mr. Martin Wolfe got both his limbs broken and one of them broken in two places, he is in the hospital in Louisville. The Lamms left Saturday evening to spend a few days with their grand daughter, as she is in poor health.

Mr. and Mrs. Robert Bran moved Saturday from down in the lower end of town up on 16 highway in the middle of town, where they will be close to church and stores, as they are both not feeling so well, and do not get around very well. We hope they like their new home.

Mrs. Ruth Connolly of Norwood, Ohio has been visiting Mr. and Mrs. Bernard Wilson a few days last week.

UK PLANS COURSE IN CIVIL DEFENSE

Plans have been completed for the University of Kentucky's second civil defense administration course, which will be held October 21 to November 1 in Paducah.

The program, designed for key civil defense officials and others responsible for organizing civil defense activities, was first held last summer in Lexington, as a result of a three-year contract between the University and the Federal Civil Defense Administration.

Under terms of the agreement, UK will sponsor similar programs in three areas this year and in two next year. Other areas tentatively selected for this year are Ashland, November 11-22, and Lexington, December 2-13. Louisville has been proposed as one of the sites for '58.

IS YOUR SUBSCRIPTION PAID?

**Youth Obtain  
Dairy Show  
Experience**

More than 48 percent of the entries in eight 4-H and Future Farmers of America district dairy shows, sponsored by the State Agriculture Department, won blue ribbons.

Mancil Vinson, assistant commissioner of agriculture, said 756 of the 1,556 entries won blue ribbons, 595 red and 205 white. FFA chapters showed 569 animals, winning 276 blue ribbons, and 4-H clubs showed 987, winning 480 blue ribbons, Vinson added.

Vinson said, "you could certainly detect an improvement in quality in many of the shows this year. When you consider this year against previous years, there is a great deal of improvement being made. The shows have been very helpful in improving quality of dairy animals and teaching better practices of production and showing cattle."

Jerseys led other breeds in number of animals exhibited at the shows with 648. Holsteins were second with 438 and Guernseys third with 316.

The Kentucky General Assembly had appropriated \$11,000 in awards for the shows. Agriculture Commissioner Ben Butler described the events as "highlights of the Department of Agriculture's youth program, serving as a stimulus for

the young farmer to learn the art of grooming and showing cattle and offering a reward when the job is well done."

**BIDS ON 73.7 MILES  
OF ROAD SOUGHT**

The Kentucky Department of Highways, Frankfort, has called for bids to be opened September 20 on 19 additional road improvement projects covering 73.7 miles. Earlier it had asked for bids September 20 on 24 projects covering 103.5 miles. Thus bids will be opened on a total of 43 projects covering 177.2 miles at 9:00 a. m., CST, September 20 at the Highway Department office.

## FOR KENTUCKY FOLKS

by Wm. C. Johnstone  
AGRICULTURAL REPRESENTATIVE  
KENTUCKY BANKERS ASSOCIATION

**INSPIRING** Every so often those of us who are in educational work have an opportunity to visit outstanding examples of successful farming. Recently I had occasion to be on two farms whose operations impressed me greatly. One of those, in Hart county, was the 70-acre farm of the Paul Smiths; the other was the 40-acre farm of the Henry Kesslers in Green county. In each case the owners were getting enough net income to provide a high standard of living. They were demonstrating that the volume of business does not necessarily depend upon the number of acres in the farm.

In the case of the Smiths, the business was built around a herd of high producing dairy cattle, supplemented by a good herd of meat-type hogs and a small acreage of excellent tobacco. They enlarge their resources by renting additional acreages, mostly from retired neighbors. On the Kessler farm, a family operated broiler enterprise along with a small, but good, dairy herd and a small tobacco base, provides the principle sources of income.

The successful operation of these small farms require more skill and ingenuity than do the highly capitalized, large tracts. With the small farms it is essential to use high income enterprises, intensive methods and superior management. These farms are the very essence of the American free-enterprise system and it is hoped that they can survive competition from corporation farming.

**CERTIFIED SEED** One important factor that has contributed to higher crop yields in Kentucky has been the general adoption by leading farmers of the CERTIFIED SEED. A few years ago most farmers paid little attention to the quality of seed they sowed. Now good farmers demand Kentucky Certified standards, which assure them that

the variety is adapted to their climate and soil, is correctly named, is relatively free from diseases, insects and varietal mixtures, and that it has a high degree of germination.

Small grain seeding time is here and farmers who wish to sow certified seed should place their orders now because the supply is limited and the demand is large. Remember these varieties: Wheat, Dual, Knox, Todd, Vigo and Vermillion; Barley, Dayton and Kenbar; Winter Oats, Dubois, Atlantic and Bronco; Rye, Balbo.

### REPORT OF INJURY REQUIRED BY LAW

Officials of the State Department of Industrial Relations have expressed concern because of failure by a few employers to file first reports of injury as required by Kentucky law.

A recent preliminary investigation by the department found that four female employees of one factory had recently sustained back injuries. The injuries were not reported as required by law, although the women had been off work for several weeks and had been paid compensation by the employer's insurance carrier.

Kentucky Revised Statutes places a penalty of \$25 fine for each failure to report an injury to the Workmen's Compensation Board.

Cut-up fryers and parts, like giblets, are more perishable than whole birds and should be used within one day after purchase. Fresh whole fryers may be stored safely two or three days in the ice chest of the refrigerator. To keep them longer, freeze them.

When cabbage and brussels sprouts begin to smell strong in cooking it is a sign they are being overcooked, and the sulphur they contain is breaking loose.

## Ohh Joy!

Shapely Joy Harmon, professional model and aspiring actress, has been a frequent guest on WLW Television's "Steve Allen Show" (Sun. 7-8:30 p.m.). Joy first appeared as Steve's "Coming Attractions Girl" and certainly helped to stir up interest in the next week's show. More recently, she has been coming closer to her dream of being an actress through appearing in a number of small dramatic roles.

## Educational Exhibits Are Planned For Ky. State Fair

Exhibits of wide variety will be of interest to visitors at the Exposition Building at the Kentucky State Fair, September 6-15, where they will see several educational features from the Experiment Station and the Agricultural Extension Service from the University of Kentucky.

A large walk-in meat display case will show actual cuts of beef, lamb and pork.

Various activities of a typical family will be seen in the fields of food selection, textiles and clothing, home furnishings, home management and recreation. A series of large photographs, 24x30" will be lighted in sequence as a coordinated tape recording tells the story. The exhibit was planned by the School of Home Economics.

Exhibits by several hundred 4-H club members will include articles of clothing made in various classes from the beginner in sewing to the state winner of an electric sewing machine; jars of canned fruits and vegetables arranged according to counties; freezers of frozen foods; a display of baked foods, and a home furnishings display showing refinished furniture, and curtains and bedspreads carrying out the room color scheme.

Added attractions will be two walk-in booths, one showing specimens of insects and pests mounted by 4-H'ers, and the other, electrical projects carried on by them. Woodworking projects will also be on display.

In the center of the 4-H exhibit will be two 10' turn tables, showing a review in pictures of the work of 4-H club boys in beef, swine, sheep and poultry, water management, tobacco, gardens and field crops.

A free movie of 15 to 30 minutes "The Town That Came Back," will report the story of a revival of a town through the activities of 4-H club members.

A style show will be presented every evening at 7:30 o'clock in the east end of the Exposition Building by the Jefferson County 4-H Club. Garments made by members will be modeled.

### Ewes On Bluegrass Conceive Faster In Test

Ewes grazing all season on bluegrass pasture conceived (separated) about three weeks earlier than those grazed all season on such legumes as ladino clover and birdfoot trefoil pasture, says H. H. Pierce, UK Extension Service pasture specialist. Pierce said checks were run in Ohio on the different types of pastures. The ewes on bluegrass pastures tended to have an earlier heat period, he said; 66 percent of these ewes lambed on the first service, while only 41 percent of the ewes on ladino clover lambed on first service.

When workers checked the ewes on ladino clover and birdfoot trefoil, they found what they call "estrogenic activity," in these animals. This activity makes it a little more difficult for the ewes to conceive.

In 1956, 85 percent of carrots sold were prepackaged, resulting in lower transportation costs and less spoilage.

Ground beef is one of the most economical meats, seldom costing over 10 cents for a three-ounce serving.

## Canning Peaches Now In Process

Home canned peaches are first in canned fruits with many people, and luckily they are easy to put up, say UK Extension foods specialists.

When the background of the fruit is yellow or yellow-white they are table-ripe, and that means right for canning, too. They must also be firm and without bruised spots. The greenish or slightly under-ripe fruit may be used for pickles. One bushel of peaches will make from 18 to 24 quart jars. Directions:

1. Prepare a sirup for canning by boiling together 3 cups of sugar and 4 cups of water for 5 minutes. This will make 5½ cups; each quart will require from ¾ to 1 cup of sirup.

2. Wash the peaches, dip quickly in boiling water, then in cold water to loosen the skins. Peel and halve. To keep them from turning dark, drop into water containing 2 tablespoons each of salt and vinegar to the gallon.

3. Drain fruit and place in boiling sugar sirup. Heat through for about 5 minutes, but do not cook until soft.

4. Wash jars and lids in hot soapy water, (except lids with sealing compound) rinse well and place in hot water until ready to use. Have new rubber rings at hand if used.

5. Remove one jar at a time from the hot water, place hot, wet rubber ring, and pack peach halves in overlapping layers, concave side down. Leave ½-inch space at top of jar.

6. Cover peaches with boiling sirup, leaving ½-inch head space. Wipe jar rim and rubber ring with damp cloth, and put on lid. Partly seal by screwing lid tight and then turning back ¼-inch. If self-sealing lid is used, put in place, then screw metal band down tight.

7. As each jar is filled, place it in the canner of hot water. When all jars are in, see that water is 2 inches over the tops of the jars.

8. Boil quart jars 25 minutes and pint jars 20 minutes. Then remove jars, quickly seal one-piece screw-top jars by screwing until tight. If the self-sealing, two-piece vacuum seal is used, let stand 24 hours then remove the metal band.

9. Cool jars top side up, on a cloth or rack, with the jars separated enough to let air get to them from all sides.

## Pigs Marketed In June or July Usually Higher

Profits from sows bred between now and November 1, are likely to be average or slightly higher at marketing time next summer, the Kentucky Agricultural Experiment Station economics department said today in its bi-weekly outlook letter.

Sows bred in this period would produce pigs for market about next June or July, at the "usual seasonal peak for hogs," Buel Lanpher, economist, said. "Good producers can get hogs ready for market in six months or less."

Lanpher noted that feed grain prices are likely to be the same or only slightly higher in the January-July 1958 period than for the same period of 1957. Corn averaged \$130 a bushel in Kentucky during that period, he said.

Feed grain supplies in 1958 are likely to be at an all time high, due to a record production year in '57. This trend toward would still affect Kentucky, Lanpher said, despite the fact Kentucky's corn production is expected to be down about a third in 1957.

With \$130 to \$140 a bushel corn, hog prices need to be in the \$16-\$17 per hundredweight range for average profits, he continued. This ties in with the rule-of-thumb of hog producers that the price for hogs should be about 12 times the price of corn per bushel. Good producers can get 700 pounds of weight with 6 to 7 bushels of corn; this leaves an equivalent of 5 to 6 bushels of corn to meet other costs and provide profit margins.

"Hog prices next summer may be above the \$16-\$17 level unless the number of sows farrowing this winter increases by 10 percent or more," Lanpher said. If the number of sows bred between now and November jumped sharply, prices in June-July 1958 would probably stay at the \$16-\$17 range.

Another reason why prices are likely to be favorable is the competing-meats-supply factor. This supply is not likely to be any higher and probably will be slightly lower, he said. Consumer incomes also will probably continue an upward trend.

Hog producers may want to consider the possibility of increasing the number of sows bred in the next two months, to get in on the expected favorable price. It would be most feasible for producers who have good hog facilities and who were

raising operations. Thinking of expanding their hogs. Sows bred later this fall may give below-average profits next year; number of such sows could be up sharply from the previous year, (1956), Lanpher noted. "If the hog price outlook continues at a profitable level into the winter as now seems likely."

Kentucky hog production in 1958 is likely to decline, although the national trend is upward. This is due to the state's short corn crop in 1957; previously, when corn crops dropped in volume, Kentucky hog production the next year declined.

It may pay experienced hog producers to buy feed to maintain volume production, Lanpher said. This is particularly true for those producers having storage facilities. There could be a seasonal price rise in feed grains following the harvest time period, Lanpher warned, depending on the government's policy in disposing of stored grains.

Lincoln county was one of the three original counties of the Kentucky District of Virginia, formed in 1780. The courthouse at Stanford contains sheepskin documents dating back to the pioneer era of the state.

## KENTUCKY PARK TO BE FEATURED

The Commonwealth and Kentucky Lake State Park will be featured on the NBC television program, "Queen For A Day," on Thursday, September 5.

The queen, selected by the audience of this show—which is one of the most popular day-time programs on the networks—will be awarded a vacation later in the year at Kentucky Lake.

The selected queen, and a companion, will be flown from her home to Paducah and will be met at the airport by State and local officials. During her stay at Kenlake Hotel, she will visit the various points of interest in that part of the Commonwealth and may golf, boat, fish or swim if she so desires.

On the September 5 program, the popular master of ceremonies, Jack Bailey, will be commissioned a Kentucky Colonel. He will also be given several symbols of his new colony by the Conservation Department, Division of Parks. A prominent movie star is expected to make the presentation on the TV show, which originates in Hollywood.

### THE BIBLE SPEAKS

International Union  
Sunday School Lesson  
BY DR. KENNETH J. FOREMAN

#### The Staff

Lesson for September 8, 1957

THERE is a lot of paper work in the Kingdom of God. No doubt when the Kingdom comes in its final glory, paper work will not be needed any more. But right now there are mountains of it. Next time you are in the city where your denominational headquarters are, or your Board of Missions, or the place where they put out your Sunday school literature, just go in and introduce yourself and look around. You may be amazed at the number of typewriters it takes to operate one denomination. When famed missionary Schweitzer visited New York after the war, he went to the headquarters of the church that had kept behind him while he was "orphanned" by the war, and he spoke especially to the office workers. He wanted them to know that the missionary on the field could not stay there without these anonymous humble helpers back of him.

#### Besides the Minister

In larger congregations there is a staff of people besides the minister. No one man all by himself could possibly do anything but buzz around like a bee in a bus station, in a church where the membership runs up near or over the thousand mark. There may be assistant ministers, each one perhaps with a particular specialty: secretaries, receptionists, a hostess, a secretary of men's work, one for women's work, a minister of music, a director of Christian education—all of these regular salaried people paid by the church.

There is a good Bible precedent for all this. The prophet Jeremiah had a scribe named Baruch, who wrote out Jeremiah's sermons and helped him revise them after the original copy had been destroyed. Baruch was not a prophet himself.

He would probably never have been heard from, if he had not been Jeremiah's secretary. On the other hand, some of Jeremiah's most striking sermons would have perished if it had not been for Baruch's faithful work putting them into written shape. We know too that Paul's letter to the Romans was not actually penned by Paul but by a secretary named Tertius (Rom. 16:22). When Paul made a list of various kinds of "gifts" and gifted people in the church, he names "helpers" right along with healers and administrators (1 Cor. 12:28). So from the beginning till now, the "staff" has been as much needed as the preacher.

#### Church Vocations

Young people in high school who are Christians ought to know what the usual vocational counselor will not tell them (because not knowing): namely that there are many vocations open, wide open, where Christians are needed to serve God and man through the Church, vocations which are not the ministry of preaching but are ministries in their own right. Especially is this true on the mission field. Right now there are mission boards calling for teachers, nurses, doctors, agricultural specialists, dentists, industrial workers, all over the world. Here at home—to name only one of these vocations—the "Director of Christian Education" is a kind of job for which there are not nearly as many trained workers as the church needs.

#### Volunteers

Most churches, however, are small. They cannot afford a staff, they have trouble even in scraping up money for a janitor. In many such little churches the minister is beating his head out trying to do all the chores himself besides preaching. This is where the volunteer worker comes in. We are urged to the idea of volunteer Sunday school teachers and choir singers; why not a volunteer staff? In most small churches you could find some one who could take dictation and run a typewriter or mimeograph machine, some one to volunteer to dust the church early Sunday morning (a needed chore often forgotten); some one to answer the minister's phone and give him time for needed study or visiting. Almost any church can have a good staff to help the preacher—they have the ability, all they need is the volunteers.

(Based on outline copyrighted by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A., Released by Community Press Services.)

Dr. Foreman

Little girls seem to be "natural-born" little women, right from the start.

Laura washes for her dollies just as seriously as if she were tending a "real-life" family. She likes to bake tiny cakes and cookies too, and she has her own way of enforcing discipline when her dollies are "naughty."

Sometimes I'm amazed by her, even if I am her mother. And I am awed at the way God fashioned little girls, so that from the beginning they seem to sense that one day they will be mothers themselves.

When I take Laura to Church with me, she's such a little lady, demure and yet amazingly intent for one her age. I look at her. I see one of God's miracles, and I marvel anew. Watching a child grow is a perpetual lesson in faith.

Sometimes after Church Laura lines her dollies up on a bench. She tells me that "the dollies are in church,"—and I don't feel in the least like chuckling at her childish antics. Rather, I am grateful.

## LITTLE WOMAN

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building up of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: (1) For his children's sake. (2) For the sake of his community and nation. (3) For the sake of his moral and spiritual support. Plan to go to church regularly and read your Bible daily.

## OAK RIDGE

Mrs. Nina Harris is still convalescing at her home and enjoys hearing from her many friends.

Mr. and Mrs. Roscoe Egger flew to New York City over the Labor Day weekend.

Wyona King went to Camp Cedar-moore to attend the B. W. C. weekend retreat.

Mrs. Phillip King went to Carrollton, Ky. last week to visit her mother who is ill.

Robert Moeller of Senour Road entertained several of his high school friends at a party Saturday night at his home.

Mr. and Mrs. Robert Butte have entertained several out of town relatives the past two weeks, including Mr. and Mrs. Earl Long and children, Mr. Eden Hoke and Richard and Susan Small, all of Lebanon, Pa., Mr. and Mrs. John Sloan of Sparta, Tenn., S. C. and Mr. and Mrs. Walter Hamilton who just returned from three years in Germany with the Army.

Mr. and Mrs. Russell Armstrong and children returned home last week from St. Petersburg, Fla. where they visited Mrs. Naomi Morris.

Rev. Froh Wilkerson, Pastor of Oak Ridge Baptist Church returned from his vacation on Saturday and brought his parents Mr. and Mrs. L. F. Wilkerson of Chattanooga, Tenn., home with him for a short visit.

Rev. and Mrs. J. W. Parish of the Staffordshire Methodist Church were guests of honor at a Reception celebrating their 40th wedding anniversary Aug. 31 at the home of Miss Emma Yates assisted by Mrs. W. O. Mitchell.

Jeffrey and Sharon Parsons, children of Mr. and Mrs. Dewey Parsons, arrived as bride and groom, presented the gift and scattered rose petals at the feet of the honored Rev. and Mrs. Parish cut the wedding cake, then fruit punch and delicious home made cake was served to Rev. and Mrs. J. W. Parish, Mr. and Mrs. James Kenney, Mr. and Mrs. Harry Rees, Mr. and Mrs. James A. Keeney, Mr. and Mrs. Dawson Bollinger, Mr. and Mrs. Bert Nunery, Mr. and Mrs. John Shaw, Mr. and Mrs. Thomas A. Nunery, Mr. and Mrs. William Binder, Mr. and Mrs. Dewey Parsons, Miss Emma Yates, Miss Barbara Giles, Mr. Raymond Giles, Mrs. O. W. Mitchell, Mr. Earl Harno, Mrs. Charles Losey, J. B. Losey, Carol Shaw, Tommy Nunery, Peggy, Jerry and Bruce Binder, Karen Brueggan, Sharon Brueggan, Jeffrey and Sharon Parsons. Several other friends were unable to be present, but sent love gifts and best wishes.

Members of the Sunday School at Oak Ridge Baptist Church enjoyed a picnic of Bethel Grove on Labor Day. Mrs. Fred Lancaster is still quite ill at Booth Hospital.

## CARD OF THANKS—

I wish to thank each one for their cords and prayers while I was in the hospital. I also wish to thank the ones responsible for the lovely Sunshine baskets. May God bless you all.

RUBY COURTNEY

Egg production by farm flocks in Kentucky during July was estimated at 88 million eggs, compared with 84 million for the same month a year ago.

## KENTUCKIANS

## IN WASHINGTON

By Gil Kingsbury

## Gene Home:

By the time these words reach cold print, lawmakers may have gone home. There's been the usual griping about the hot, humid weather and many a congressional family has fled the boiling asphalt of Washington for the cool of the hinterland.

All of which reminds us that at one time, Washington in Mason county, and another Kentucky spot on the Mississippi River, were mentioned as possible capitals. Today most of the talk about moving the capital city brings us the name of some mountain city like Denver.

## Religion:

From time to time, as the nation faces grave problems, we get letters from Kentuckians urging our political leaders to turn to God for divine guidance. Someone made a list of church affiliations of the various members of the House and here are the results:

Methodists, 105; Roman Catholics 96; Presbyterians, 68; Baptists, 67; Episcopalians, 60; Congregational-Christians, 29; Lutherans, 21; Protestants (not otherwise specified) 20; Disciples of Christ, 16; Jewish, 12; Mormons, 7; Unitarians, 5; Reformed, 4; Church of Christ, 4; Friends, 3; Universalists, 2; Christian Scientists, 2; Evangelical and Reformed, 2; Evangelical Free; Sikh, 1; other, 6.

## Middle East:

"Abuse and doubt," said the Blue Grass salon, "were heaped on the shoulders of those charged with making our foreign policy."

He then went on to charge his opposition with playing politics. Then, about 72 hours later, the Middle East erupted again and Syria moved into the Communist orbit.

## Foreign Affairs:

Kentucky's Senator Thurston Morton took to the Senate floor the other day to chide his Democratic colleagues who lost winter planned, then dropped, an investigation of our foreign policy, especially in the Presidential politics:

There was a great to-do the other day over the possibility of former Kentucky Senator Earle Clements becoming chairman of the Democratic National Committee in place of Paul Butler of Indiana. In fact, there has been considerable talk about what's going to be the next presidential candidates.

But here's something most folks have forgotten. President Eisenhower has served only eight months—that's right—eight months of his second term, and there's still a long way to go. So, here's a tip: Don't get riled up so early in the game. It's only the first quarter.

Clifford Cornelius, proprietor. 1t

# SEPTEMBER

This is a busy month for most everyone. Some are cutting tobacco, some are getting ready to fill silos, some are mowing off pasture fields, some are sowing wheat, some are cleaning up those bushy fields. It has been so hot everyone had to take it slow. Kenny, who operates the Fred Mohr places over between Mt. Zion and Verona, sent his wife over a bundle of electric fence posts. Water and pasture is scarce now, so they need electric fence and some just use barbed wire. We have the sisal kraft paper and the welded fence to make outside silos for \$31, for a silo 10' in diameter and 12' high. We also have the wood pickets for a silo.

I have a few lawn mowers left I would like to sell very cheap rather than carry them until spring, and they will be higher—these are uncut and will get shop worn by next season—I believe there are six of them. I have a very good supply of roof paint in black asbestos fiber in the best grade, a 5-gallon bucket only \$3.75. Then I have that good red paint for \$3.50 per gallon; also the asbestos fiber aluminum roof coating for only \$3.75 per gallon.

Then there's the Alum-Roof with the Gilsontite base, a very good aluminum paint for most any purpose—it covers a lot and only \$3.75 per gallon. If you want a top-quality aluminum paint, get Sheffield's Super-Krome or Bolce red label. We sell lots of paint and have very few complaints. When we do, we satisfy the customer. Mr. Lauderback came in after paint; said Joe, Jr. was ready to paint the kitchen and had to hurry back—he took all we had and I called in for more. Mr. Gabriel, over at Piner, called for 5 gallons more of that Bolce outside creosote paint.

Tommy McIntyre painted my warehouse roof with that Bolce black-asbestos fiber roof coating—this covers about 100 sq. ft. per gallon on roll roofing, which does a nice job. Get them ready for winter now as the weather is just right for it. Brewster and Red installed a Perfection oil heater for Arthur Linn, today. Red set up another rubber tired wagon as they sold the other one to Clay Brown. We sell several of these wagons every year and have little or no trouble with them.

Fred Hopperton, from Crittenden, was in getting some plumbing supplies. Fred is still weak, as the just got out of the hospital from a gall bladder operation, and they are the worst, I have been told, but he will be OK. He has some good sheep to sell. Tommy Bowen stopped to check up on price of jet water systems and electric water heaters. You know you can buy any size water heater you want now and put it on your regular light meter. We had ours changed to regular meter and it made very little difference in our electric bill. Now we have all the hot water we want, when we want it.

We received a large shipment of glass and now we are ready for the fall glass business as soon as it gets cool as everyone wants to put in all the broken windows. Mr. and Mrs. Cecil Dickerson came after a stock tank to water their cows out of, later Mrs. Dickerson came back after 100' of hose. They did not have enough to reach from the pond to tank. Gilbert Maxwell bought a Skil 8 1/4" electric hand saw. This is another item we have had very good luck with.

We are selling lots of heaters, even if the weather is hot. I believe we have the best stock of hardware we have had in years. I have a 30" Perfection electric range I would like to sell at a bargain as I am going out of the appliance business, all but washers, water heaters and water pumps. Look this one over, it has everything and fully automatic. My wife and I just returned from the farm full of ice cream—Sarah and Bob Hodges invited us down for homemade ice cream and banana cake—I ate four dishes. The children have been getting ready for school—new clothes, new shoes, new haircuts and all set to go. Today, Brewster and Red put up for Mrs. Bran's new oil heater and with a 275-gallon oil tank. It was hot but we like to get these out of the way ahead of the September rush. Mr. and Mrs. Arthur Hughes, from over in Kenton county, bought the best Eclipse hand mower I had. We have the best selection of spears and tomahawks for cutting tobacco. Come in and get a new spear or tomahawk as the old one is probably worn out.

I have some very good used Maytag washers and they are cheap; also most all kinds of canning supplies and locker supplies. We have been selling lots of plastic pipe and fittings. We have copper pipe with solder fittings, also with flange fittings, but we sell more galvanized pipe and fittings, also lots of black pipe. Just received a large shipment of Dayton and Duro water systems. I have a Jet shallow well water system with 13-gal. tank for \$89.50.

**BREED YOUR COWS** with American Breeders Service—Frozen semen available at all times; you choose the bull, we'll breed the cows. Holstein, Jersey, Guernsey, Milking Shorthorn, Brown Swiss, Ayrshire, Hereford and Angus. For service or information, call Robt. Jackson, FL 7-6681. 1t

## September Club Meeting Held At Scroggin Home

Members of the Walton Woman's Literary Club held their September meeting with a covered dish picnic luncheon in the attractive country home of Mr. and Mrs. W. D. Scroggin on Walton-Vernon Road.

With the president, Mrs. Forest S. Thompson, in charge, the meeting opened with the group singing "My Country, 'Tis of Thee," with Mrs. Clarence Stephenson playing the piano accompaniment.

The members were pleased to add to the club roll, the name of Mrs. Dan W. Bedinger, who was unanimously elected to membership. Mrs. John R. Wheelan, a former member of the Middleboro Woman's Club, was also cordially received as a new member.

Mrs. Sam B. Sleet was named as club parliamentarian for the coming year. Mrs. Clarence Stephenson was named to serve on the Spiritual Values committee, taking the place of Mrs. A. E. Annison.

Following the reading of the club collect and the pledge of allegiance to the flag, Mrs. James Powers gave the spiritual guidance with an inspirational devotional, closing with prayer.

Announcement was made of the Fall board meeting, to be held in the Kentucky Hotel, Louisville, on September 17, 18 and 19. Also of the Fifth District Federation meeting to be held in Walton, October 22.

Mrs. Alan H. Gones, program chairman, gave a helpful preliminary talk on the program for the coming year. The guest speaker for this meeting was Mrs. Homer B. Snook, Fort Mitchell, Governor of the Fifth District Federation of Women's Clubs. Mrs. Snook gave a most interesting and enlightening talk on club work and told of her visits to the various club meetings and conventions. The speaker was introduced by the president, Mrs. Thompson.

Members in attendance were Mrs. J. C. Bedinger, Mrs. Dan Bedinger, Mrs. Jesse Collier, Mrs. C. S. Chambers, Mrs. R. Conrad, Mrs. B. W. Franks, Mrs. A. H. Gones, Mrs. Gilbert Groger, Mrs. J. L. Hamilton, Mrs. A. R. Johnson, Mrs. Marvin Kendall, Mrs. H. F. Mann, Miss Emma J. Miller, Mrs. John Myers, Mrs. J. E. McCabe, Mrs. James Powers, Mrs. C. W. Ransler, Mrs. G. C. Ransom, Mrs. Walter Robinson, Mrs. W. D. Rouse, Mrs. W. W. Rouse, Mrs. D. D. Scroggin, Mrs. S. B. Sleet, Mrs. Clarence Stephenson, Mrs. F. S. Thompson, Mrs. D. H. Vest, Mrs. E. B. Wallace, Mrs. J. R. Wallace, Mrs. J. S. Webster, Mrs. N. T. Welsh, and Mrs. J. R. Wheelan.

Guests present were Mrs. George Fiske, Mrs. J. R. Flynn, Mrs. Leo Hall, Mrs. E. M. Hance, Mrs. Asa M. Rouse, Miss Lillian Vest, Miss Sallie Vest, Mrs. W. H. Wesler, and Mrs. Homer B. Snook.

### PTA Committee Meets

Mrs. Harold Halffahl, president of the Simon Kenton P. T. A., entertained the executive committee with an outdoor dinner recently.

Plans were made for the ensuing year. The committee voted to serve dinner on September 19 for the Farm Bureau district meeting, and to sponsor a fish fry at the school on October 11. It was decided as a project this year to supply the school with as much money as possible to build up their library.

Chairmen of the fish fry are: Mrs. Charles Waincoat, pie and cake committee; Mrs. Lewis Webster, tables, and Mrs. Wesley Hall, kitchen.

### Whink Club Party

The Wo-No Woman's Club is sponsoring a Whink Club Party on Friday, September 20, at 7:30 p. m., in the City Building.

You may purchase tickets from any member of the club, which are \$1.00 each. This includes your evening meal and games for all. Prizes too! All proceeds from the party will go to the Walton Kindergarten.

### Attend G. A. Rally

Thirteen girls from the Walton Baptist Church attended a G. A. rally at Bethel Camp, August 29. They were accompanied by Mrs. Emma Tackett and Mrs. June Brewster. The girls won the award for having the best skit.

Those attending: Juniors, Linda Duchemin, Paulette Chance, Carolyn Armstrong, Kathleen Flynn, Brenda Duchemin, Phyllis Gibson, and Sherry Stephenson. Intermediates, Norma Neumeister, Beverly Gerth, Sandra Smith, Lynette Flynn, Susan Gerth, and Myra Aschraft.

### Completes Basic Training

Private Benjamin F. Zimmerman, son of Mr. and Mrs. Ben Zimmerman, Jr., 6719 Dixie Highway, Florence, was scheduled to complete basic combat training with the 2nd Training Regiment at Fort Gordon, Ga., early in September. Young Zimmerman attended Dixie Heights High School.

## Child Death Toll Climbs In State; Caution Is Urged

Kentucky highway traffic killed 69 children, 14 or under, in the first eight months of this year, compared with 73 during the entire year of 1956. Commissioner of Public Safety Don Sturgill revealed these facts. He called on all motorists to compensate for children's heedlessness with their own good judgment. "Nationally, traffic accidents kill about 2,300 children between the ages of five and 14 annually," Mr. Sturgill said.

"With school in session again, we can expect more children to be using the streets and highways than during the summer months," Sturgill added. "Motorists should be especially alert for youngsters during the early morning hours when many persons are on their way to work at the same time children are going to school."

He reminded highway users that Kentucky law requires motorists to stop for school buses when they are loading or unloading children.

In addition, Sturgill had these child safety tips for motorists: Always expect the unexpected from children; keep a sharp lookout for children at all times, but especially in school zones, near playgrounds and other places where children, and always reduce speed in school zones; when in the areas of school zones, playgrounds, etc., be alert for traffic signs, signals, traffic police, school patrols, and children themselves; and don't try to compete with bike riders, but do all you can to avoid an accident.

### WILLIAM WHARTON

William E. Wharton, who drove 28 years for the Cincinnati, Newport and Covington Transit Co., died last Saturday at his home on Grange Hall Road, Union. He was 72 years old. Mr. Wharton, who retired several years ago, was a driver on the Fort Mitchell line of the company. He was a member of the Union Baptist Church.

He is survived by his widow, Mrs. Ella Rich Wharton; a daughter, Miss Lucille Wharton, Fairborn, Ohio; a brother, Dave Wharton of Covington, and a sister, Mrs. Lucy Edmondson of Glencoe, Ky.

The Rev. Raymond Stewart, pastor of the Union Baptist Church, will officiate at services at 11:00 a. m. today (Thursday) at the Stith funeral home, Florence. Burial will be in Forest Lawn Cemetery, Erlanger.

### Fidelis Class to Meet

The Fidelis class of the Walton Baptist Church will meet Thursday, September 12 at 7:30 p. m., at the home of Mrs. J. C. Benton.

## "Our Future Community Leaders"

Top row, left to right, Joyce Webster, the 8-year-old daughter of Mr. and Mrs. John H. Webster, of Stephenson Mill Road, Walton; James Edward Newby, 5-year-old son of Mr. and Mrs. James Newby, High St., Walton; Debbie Carol Bagby, 4-year-old daughter of Mr. and Mrs. Robert S. Bagby, Route 1, Walton; Bottom row, left to right, Keith Edwin Russell, 17-months-old son of Mr. and Mrs. Donald Russell, Route 1, Walton; Michael Ray Mercer, 4-months-old son of Mr. and Mrs. Ray Mercer, Auto Vista Drive, Walton; Donna Kay Lunsford, 3-year-old daughter of Mr. and Mrs. Basil Lunsford, Route 1, Walton. On the side, Robert Glenn McPherson, 7-months-old son of Mr. and Mrs. Robert L. McPherson, Route 1, Morning View.

### MRS. LIZZIE HOLBROOK

Services for Mrs. Lizzie Holbrook, 75, who died last Thursday at her home in Burlington, were held at 10:00 a. m., Saturday at the Stith funeral home, Florence. Burial was in Forest Lawn Cemetery, Erlanger.

Mrs. Holbrook, native of Louisa, Ky., had lived in Burlington for 28 years. She was a member of the Church of Christ in Bellevue.

She leaves her husband, John Holbrook; a son, Raymond Holbrook of Burlington; two daughters, Mrs. Dudley Rouse of Burlington, and Mrs. Milton Remley of Covington, and four grandchildren.

### PTA SHOW A SUCCESS

Mrs. Helen Burgess, PTA president, wishes to thank everyone who helped to make the play, Laff-O-Rama a success. The association cleared about \$135.00.

Door prizes for the first night were won by Carl Sharp, clock; Mrs. Glycine, water set; Ronnie Tackett, dresser scarf; Mae Wilson, thermos jug, and Thelma Smith, salt and pepper shakers.

Second night, Eugene Webb, snack set; Joyce DeMass, refrigerator set; Lula Osborne, Brown Beauty set; Wanda Iseral, pillow slips, and Lillian Acree, merchandise order.

All members are urged to attend the next PTA meeting, which will be held September 24, at 7:30 p. m. Pie and coffee will be served.

## County Agent Urges Testing of Soil In The Fall

Test soils in the fall when moisture conditions are favorable, says Joe Claxton, County Agricultural Agent in Boone.

Research shows recommendations based on fall soil samples are no different than those obtained the following spring. Fall testing helps the farmer make arrangements with dealers to supply fertilizer most nearly meeting the needs of the soil, and gives him plenty of time to make these arrangements.

Having soil test in the fall, the farmer will avoid the rush and wet weather of the spring. In case the farmer is planning to sow alfalfa in the spring, lime should be applied to the soil six months to a year before sowing, as this gives the lime an opportunity to become a part of the soil and the young alfalfa can use the plant nutrient at once, causing the plant to be stronger and a better stand of alfalfa.

Boone county farmers have had good results in testing the soil, have saved money on fertilizers and increased production of crops. The small fee for soil testing will return big dividends. Bring your soil samples to the County Agent's office in Burlington.

## Riggs-Johnson Wedding Here On August 24th

Miss Shirley Faye Riggs, daughter of Mr. and Mrs. Leonard Riggs of Burlington, became the bride of Mr. Thomas Ray Johnson, son of Mr. and Mrs. J. B. Johnson, of Walton, Saturday, August 24, at 7:30 p. m. The Rev. R. F. DeMouisy, Walton, officiated at the double ring ceremony which was held in the home of the groom's parents. Preceding and during the ceremony organ music was provided by the groom's mother.

Mr. and Mrs. Tommy Johnson

The bride wore a gown of white embroidered nylon over tulle. The bodice had a scoop neckline and a wide tulle collar. The skirt was fashioned into a butterfly bow in the back. A crown of tiny pearls held the bride's tulle veil. The bride carried a white Bible on which was placed a white orchid.

The matron of honor, Mrs. Joseph Wilkinson, of Covington, wore a pink lace frock and carried a colonial bouquet.

Mr. Ronnie Cleek, Walton, was the best man.

The bride's mother wore a navy lace dress and a corsage of pink carnations. The bridegroom's mother wore an aqua dress and her corsage was also pink carnations.

Mr. and Mrs. Johnson are spending their honeymoon in Virginia, and upon their return will reside in Lexington, Ky., where Mr. Johnson is attending the University of Kentucky.

### Scottish Rite Services

The Wilford Scottish Rite Club will hold its annual church service at the Beaver Lick Christian Church, on U. S. Highway 42, Boone county, on Sunday, September 15, at 2:30 p. m. The Rev. Elmer Kiddell of the Boone County Scottish Rite Club, will be the principal speaker. The public is invited to attend.

### STATE FAIR WINNER

Johnny Akin, Burlington, won second place in the Junior Yearling Jersey Heifer class at the Kentucky State Fair over all other 4-H Junior yearlings. Johnny and his sister, Arlene, were in the blue ribbon group with their two-year-old Jersey cows.

Johnny is planning to go on and attend the International Dairy Show, which will be held in Chicago, October 9-15, with his Junior yearling heifer.

### Ryland Homemakers

Mrs. William P. Schwall assisted by her sister, Mrs. T. V. Morris of Fort Myers, Fla., entertained at her Oak Lawn farm home for the September meeting of the Ryland Homemakers Club.

Roll call was answered by suggestions for contacting and interesting community friends in Homemakers Club work. The International Dairy Show, which will be held in Chicago, October 9-15, with his Junior yearling heifer.

### Walton Baptist Revival

The Walton Baptist Church will start their fall revival this Monday and continue through Sunday, Sept. 22, with services each evening at 8:00. Rev. Charles Garringer, pastor of Southside Baptist Church, Covington, will be the evangelist. The music will be under the direction of the pastor, Rev. Joseph R. Tackett, who plans special music each service. Everyone is cordially invited to attend. Bro. Tackett said "An hour with us is not spent, it is invested."

### Cattle Sell High

Mrs. John Adams, Bracht, sold a 735-pound yearling calf recently at the Cincinnati Stock Yards, through Norris Brock, and received \$18.10 per hundred. John also sold several calves, with some bringing \$18.10 and some lower. John always had good calves.

### Union Star to Meet

Union Star Chapter, No. 461, O. E. S., will hold its regular meeting Thursday, September 12, at 8:00 p. m. at the Boone-Union Masonic Hall at Union. Election of officers, and committees will make their reports. Mrs. Enos Miller, Worthy Matron, and Warren G. Miller, Worthy Patron, will preside.

## Feeder Cattle Prices Expected To Be Higher

Kentucky Experiment Station economists expect prices for feeder cattle this fall to be \$2 to \$4 per hundredweight higher than for the same period of 1956.

Buel Lanpher, economist, in his bi-weekly outlook letter, said there is an increased demand for feeder cattle. This is due to large supplies of low-priced grain, and anticipated higher profits in 1957 cattle-feeding operations. He noted an uptrend in prices during most of 1957, with prices ranging \$2 to \$4 above a year ago.

Grain production in 1957 in the western corn belt—one of the main areas for feeding cattle—has increased, he said. This situation strengthens the outlook for more demand for feeders. Lanpher said present conditions in the U. S. also forecast a good outlook for feeder cattle operations in 1958, which also influences demand for feeders.

In the near future, prices for feeders could decline slightly from recent weekly levels, Lanpher thinks. Last year various types of feeders dropped from \$1 to \$2 a hundredweight between August and October. There is a possibility that large numbers of feeders will be sold in mid-fall. Receipts at yards were light in August, he said, which may have been caused by producers' desire to hold back feeders until more gain was available on improved pastures.

In Kentucky, feed and pasture conditions have ranged from very poor to good. Some feeders have been sold early, and in poor condition because of this, but some farmers may be holding off until better pasture conditions occur.

Lanpher said grass-fatt feeders could hit a temporary price weakness a little later; western feeders are carrying more flesh now due to better pasture conditions there. He anticipates a strengthening of feeder prices however in late fall or early winter. Heavy seasonal sales of feeders will have been completed then.

Fed-cattle prices may move upward, Lanpher's letter said. Receipts for fed cattle may be relatively heavy until late fall; this is based on the number of cattle on feed as of July 1, 1957; did not reflect the large numbers on feed.

Kentuckians may profit by holding feeder cattle, especially grass-fatt ones, and feeding them grain, he says. Profits are probable from three sources: (1) Cattle prices are expected to have some general rise in the late fall or winter; (2) farmers could raise grade quality of fed cattle by feeding grain; and (3) cheap feeding grains are likely.

Buyers may want to raise high quality feeders due to the cheap feed factor, Lanpher concluded. Profits in the year ahead will likely depend more on gains from feeding than the margin of selling costs above the purchase cost.

## Countywide Polio Survey to Be Made Here This Month

A countywide survey to discover the current rehabilitation needs of all post-polio patients will be conducted this month by the Boone County Chapter of the National Foundation for Infantile Paralysis, Mrs. R. J. Schwenke, chapter chairman, announced this week.

The local survey is part of a nationwide project by the National Foundation to compile a roster of polio cases of all ages and degree of disability, regardless of date of onset. The canvass here is to be completed by September 14.

"Modern medicine has made impressive strides in developing new rehabilitation techniques in recent years," Mrs. Schwenke said. "Pilot surveys already undertaken show that there are thousands of polio-handicapped in the U. S. who have not yet had an opportunity for medical evaluation to determine if they might benefit from these new techniques. Some of the techniques used today were unknown or unused as recently as 10 or even five years ago."

"The March of Dimes organization," Mrs. Schwenke continued, "having scored a tremendous victory in its war on polio, does not now propose to walk off and leave the wounded behind, so long as help for them is possible. We wish to find everyone who has had polio, whether paralytic or non-paralytic, and want to know what their special problems may be, so that they may be helped to regain useful lives, if humanly possible—even though it will take a considerable period of time."

Mrs. Schwenke asked that all persons who have ever had polio—whether disabled or not—and have not received a survey questionnaire, send their names and addresses directly to Mrs. R. J. Schwenke, Boone County Chapter, National Foundation for Infantile Paralysis, Route 1, Union, Ky.

### JERRY H. BAYS

Services were held at 11:00 a. m., Wednesday at the Stith funeral home, Florence, for Jerry H. Bays, 79, retired clerk for the L&N Railroad, who died Saturday at his home in Florence. Burial was in Big Bone Cemetery.

He was a member of the Florence Christian Church and of the Brotherhood of Railway Clerks.

He leaves his widow, Pearl; two daughters, Mrs. Lillie Cloy of Florence, and Mrs. Mary Boring of Kenton county; a foster son, Henry C. McCoy of Kenton county; a sister, Mrs. Evelyn Borenson of Covington, four grandchildren, and one great-grandchild.

## Beaver Baptists Win Jr. Softball Crown In Boone

The Boone County Junior Protestant Softball League championship was won by the Beaver Lick Baptist Church, with a season record of 9-1. Walton Methodist was runner-up with a record of 8-2. Both the champions and runners-up received trophies from the league.

Presentation of the winners trophy was made Sunday, September 8 at the Beaver Lick Baptist Church, when the team members presented the trophy to the church.

Members of the Beaver squad are: Butch Crouch, Danny Hodges, Scotty Horton, Marshall Inch, Wayne Ladd, Eldon McCubbin, Joe McQuethy, Jimmy Noble, David Staton, Ronny Staton, Elmer Stratton, Bernie Wilson, Chester Wilson, and "Hot Shot" Wilson, with J. L. Arnold manager, and Jim Claton coach.

### Pennington Reunion

Mr. and Mrs. LeRoy Pennington entertained a family reunion last Tuesday evening with a six o'clock dinner.

Mr. and Mrs. Amos Pennington of Florida, Mr. and Mrs. Curtis Pennington and two children, and Mr. and Mrs. Leon Pennington and two children of Dayton, Ohio, Mr. and Mrs. Aubrey Eckler of Ludlow, Mr. and Mrs. Jimmy Pennington and son, and Mr. and Mrs. Raymond Pennington and two children of Walton. Pictures and slides were taken of the group.

Mr. and Mrs. Louis Granneman, Mrs. Walter M. Vest and Marlon Arch Waller recently motored to Alton, Ill., to attend the wedding of their relative, Miss Mary Etheline White, daughter of Mr. and Mrs. Frank White, to Mr. Donald Fredericks of Wisconsin.

Mrs. Ed Egan and daughter spent Monday in Cincinnati.

The Walton Homemakers will hold its regular meeting Friday, Sept. 13 at the home of Mrs. Bryan Rust, on Green Road, with Mrs. Wootson Ashcraft as co-hostess. This is the beginning of the new year. Let us start the new year with a good attendance. Don't forget a gift for your secret pal, also pot luck.

Mr. and Mrs. Paul Gross and daughter, Pauline, attended the State Fair, Sunday.

Circle II of the Methodist Church met last Friday evening in the basement of the church with Mrs. Malcolm Simpson as hostess. The president, Miss Emma J. Miller, had charge of the business session, and Mrs. Mildred Doggett had charge of the program. Delightful refreshments were served to Mrs. John Wheatland, Mrs. Ward Rice, Mrs. Lloyd Watson, Mrs. Bruce Wallace, Mrs. Livonia Elliott, Miss Emma J. Miller, Mrs. Charles Carlisle, Mrs. Howard Stephenson, Mrs. Scott Lancaster, Mrs. Clarence Stephenson, Mrs. Nick Welsh, Mrs. Andy Penn, Mrs. M. L. Carey, Mrs. Carl Conner, Mrs. Arthur Doggett, Miss Louise Conrad, and Mrs. Simpson.

Mr. and Mrs. Nick Welsh and Mrs. Arthur Doggett and sons, David and Dennis, spent Sunday at Markland Dam, on U. S. 42.

The Ladies Auxiliary of the Walton Fire Department held its September meeting at the home of Mrs. Christine Husnik. Those present were Mrs. Sharon Grubbs, Mrs. Ruth Vest, Mrs. Mary Berkemeier, Mrs. Betty Carlisle, Mrs. Nellie Egan, and the hostess, Mrs. Husnik. An old member was welcomed back, Mrs. Jean Thornton. A delightful lunch was served by the hostess.

Mrs. Grace Points entertained with a Stanley party last Friday. The following were present: Mrs. Maude Wilson, Mrs. Ruth Kinman, Mrs. Blanche McMillen, Mrs. Ed Duncan, Mrs. E. Jackson, Mrs. Robert Duncan, Mrs. Ruth Vest, and Mary Rose Galkier of Fort Mitchell.

Mr. and Mrs. Ward Rice and sons had as dinner guests Sunday, Rev. and Mrs. C. G. Dearing of Covington, and Marvin Huganik. George Hamilton is ill at his home on Walton-Nicholson Road. Among Sunday callers were Rev. and Mrs. A. E. Atkinson and daughter of Covington.

Mr. and Mrs. Larry Mohler and baby and Johnny Pennington, all of Cincinnati, were the Wednesday evening guests of their grandparents, Mr. and Mrs. Levi Pennington.

Mrs. D. K. Johnson spent Tuesday with her granddaughter in Park Hills.

Mrs. Price Johnson and three children were the Monday guests of her parents, Mr. and Mrs. John Hanks.

Walton Chapter, Order of Eastern Star, will hold its regular monthly meeting at the Masonic Hall, Monday evening, September 16. Election of officers will be the order of business. All members please attend.

Mr. and Mrs. Wallace Peace and three children, of Covington, have moved to Richmond Court. He works for American Air Lines at the Greater Cincinnati Airport.

Mr. and Mrs. Ormon Black were the Sunday and Monday guests of their daughter and husband, Mr. and Mrs. Wesley Aylor, and family of near Union.

Miss Elva Hughes and brother, Ernest, had as weekend guests their nephew and wife, Mr. and Mrs. Howard Porter, Mrs. Paul Dickerson and son Howard, and Charles Hoult of Paris, Ill.

Mrs. Ethel Breeden and Mrs. Mabel Johnson and daughters, Betty and Loretta, attended the State Fair in Louisville, Monday.

Mrs. Stanley Allen and son, Paul, and her mother, Mrs. Dora Fields, spent last Wednesday with Mrs. Fields' granddaughter, Mrs. Tammy Williams, of Edgewood.

## WELCOME BACK

## has your HOUSEPOWER kept pace with modern living?

Most of the homes today are sadly lacking in full HOUSEPOWER, because nothing has been done to modernize the house wiring to keep up with this wonderful, convenient electrical age.

Blown fuses—lack of convenient outlets—dimming lights when the refrigerator turns on—foregoing the purchase of that electric washer, dryer and water heater because of inadequate wiring to carry these extra appliances ... are sure signs that your HOUSEPOWER is mighty low!

Remedy this quickly—without consulting your budget! All you do is call in your electrical contractor for an estimate on modernizing your house wiring, and then have him give you full particulars on our easy "Wire on Time" payment plan. Then you, too, can begin to

The Union Light, Heat  
and Power Company

**OAK RIDGE**

Mr. and Mrs. Hubert King and son, Hubert, left Thursday on a trip to Colorado and other western states.

Fred Bates, of Greenfield, Tenn., is visiting his brother, Sonnie Bates.

Billy May, of Lexington, has visited Mr. and Mrs. Jack King the past week.

Mrs. Shirley Tallent spent last week in London, Ky., visiting her sister, Mrs. Joyce Meyers. She brought her nephew, Charles David Meyers, home with her for a week's visit.

Darlene Sizemore has been ill with the flu.

Mr. and Mrs. Jerry Sizemore are the proud parents of a baby boy, their first child, born last Tuesday.

"Building for Christ in Kentucky" will be the theme of the prayer program on State Missions to be held Thursday evening, September 12, at 7:30 p. m., at Oak Ridge Baptist Church by the Women's Missionary Society. All women are invited to attend.

The Oak Ridge Homemakers Club will have their first meeting of the fall at the home of Mrs. W. O. Mitchell, 6123 Taylor Mill Pike, on September 17, at 10:30 a. m.

Carl Tomlin has gone to Waco, Texas, to attend Baylor University, where he is a second year law student.

Wyona King has gone to Louisville, where she will attend the Southern Baptist Seminary.

**ADMINISTRATRIX NOTICE—**

Those having claims against the estate of the late Mrs. Mattie Dudgeon will please present same properly proven, likewise anyone indebted to her will please come forward and make settlement.

MRS. W. M. RICE, Admrx.  
Estate of Mrs. Mattie Dudgeon  
21-37

**GLENCOE**

Albert Collins and son, and Bro. Morehead called at Booth Hospital, Sunday afternoon, to see Mrs. E. W. Collins, who is improving slowly. Remember her in your prayers.

Mr. and Mrs. Robert Minor of Taylor Mill Road, and Mr. and Mrs. Bob Snow called on Cecil Stewart and family, Sunday afternoon.

Sorry to hear at the death of Bill Whorton. Sympathy is extended the family.

Jack B. Courtney was home over the holiday. He is Washington, D.C. Leslie Miller of Jonesville, is now painting his store, inside and out, here in Glencoe. He will open Jan. 1 or before.

Will Courtney has gone to Homer and Lucille's to spend the winter, as Otis and family have gone back to Covington for the children to go to school.

**WHITES TOWER**

We have been having a big sale on our white and yellow tomatoes as those who buy them say they leave no bad effects, even if you have a bad stomach that can't stand the red kind. Non-acid and very attractive when sliced and put on the table.

It surprises and worries us that folks just don't pay any attention to Civil Defense programs, when the time may soon be here when it will save the life of you and your loved ones to read your Civil Defense handbook.

Comp Hungry lost one of its "star" borders last week when "Seven" left for Grant county to help some of his relatives house tobacco.

Bellevue melons have made their appearance in the Tower the past week and they are of unusual size and quality.

Rev. Bob Brumback and family spent Sunday with the writer and wife. Mr. and Mrs. Clark of the same vicinity were afternoon callers.

Mrs. Jess Webster is confined to her home with sinus trouble, which can be very painful at times.

Randolph Gibson and family attended the fair in Louisville, last Saturday.

**NOTE OF APPRECIATION—**

We wish to thank each and everyone who was so kind and thoughtful to me during my stay in the hospital, and to my wife at home; I also want to thank each and everyone who sent me cards, visited me, and remembered me in their prayers and we want to thank each of the 26 men who came and helped cut and house my tobacco, and the women too, who helped in

any way with the dinner. May God's richest blessings abide with each one. We want to say thanks, again, MR. & MRS. LINDSEY BRASHEAR 11-37\*

**CARD OF THANKS—**

I wish to thank all my friends, relatives and neighbors for their kindness shown me during my illness. The cords of cheer have been many, and the beautiful flowers and visits will always be remembered. 11-37 MRS. DAWSON, BAGBY

**CARD OF THANKS—**

We wish to express our sincere thanks and appreciation to our friends and neighbors for the kindness and sympathy shown us in the loss of our dearly beloved mother and grandmother, Mrs. Mattie Dudgeon. We appreciate the consoling words of Rev. Joseph R. Tackett and Rev. R. F. DeMoisey and the efficient service rendered by the Chambers and Grubbs funeral home. 11-37 MRS. WILFORD RICE AND FAMILY

Devotional Reading: Ezekiel 34:23-31

### The Pastor

Lesson for September 15, 1957

A POPULAR name for the minister of a Protestant church in America is "Preacher." It is an unfortunate title, because it suggests that the minister's job is all talk. People by the thousands think of their minister as only a preacher, and it must be admitted that some "preachers" are that and nothing else. But talking for half an hour a week isn't the main job he has; there is something else that (if he works at it) takes up far more time. It is being a pastor. In churches with a paid minister, the minister's salary is not payment for services rendered; for if he does render a pastor's service, what he does cannot possibly be measured in money. His salary is a subsidy enabling him to resign all other work and spend all his working days at being a pastor.

#### What Is a Pastor?

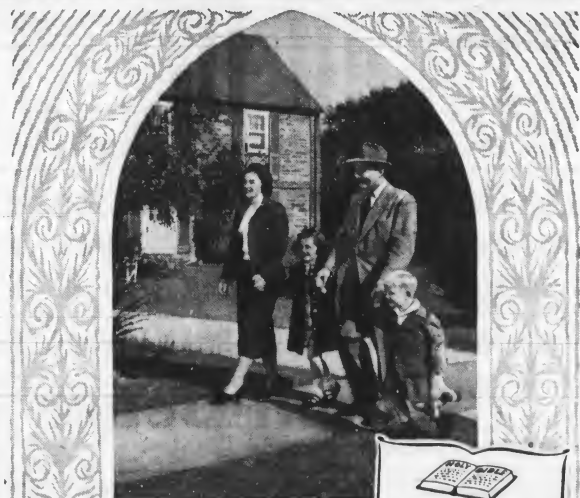

Most people don't realize that the word "pastor" was originally a figure of speech; it comes from the Latin word for shepherd. Like all figures of speech, this one does not tell the whole truth, but it is very useful. The prophet Ezekiel was called a pastor or shepherd, so is Timothy in the New Testament. In one of Jesus' last interviews with Peter, that apostle was commanded: "Feed my sheep." Jesus, in fact, spoke of himself as the Good Shepherd, and in the 23rd Psalm the words are familiar, "The Lord is my Shepherd." Both Roman Catholic and Protestant churches think highly of the pastor and constantly seek better ones. Much time and expense is devoted to their training. Saint Paul (Eph. 4:11) mentions being a pastor as a special divine gift, distinct from that of the evangelist or the teacher, though indeed some men have more gifts than one.

#### Leading

There is nothing strange about a minister not having a congregation. For there are various forms of the Christian ministry: including teaching, editorial writing, executive work. But the pastor carries the main responsibility of the church, and a pastor without a congregation is a contradiction in terms; he would be like a storekeeper without a store, a pilot who never flies a plane, a father without a child. In the days when the word shepherd was first used of God's servants, as for example of the prophet Ezekiel, it brought definite ideas to people's minds, for shepherds were a common sight in that time and place. These ideas are as true as ever they were. One of them is that the shepherd leads the sheep. There were no neatly fenced pastures in that country; each shepherd led his flock by the creeksides, to places where he knew there would be some water left (for the creeks were often dry) and some green grass. Without the shepherd to lead them, sheep would simply starve. So today a pastor leads his people; a man without leadership capacity is just not made for a pastor. He leads their minds, he leads their hearts. A good pastor is not a dictator, he leads by inspiring his people, not intimidating.

#### Feeding

The other main service a shepherd would do for his flock was to feed them. So the pastor of a congregation is expected to feed his flock. Not their bodies, not primarily their minds; but their hearts and lives as a whole. That is why we expect a pastor to study the Bible more deeply than most of us; that is why he has time to do that; that is why we expect him to read more widely in Christian books and magazines than the rest of us can. That is why we have a right to expect that a pastor shall have a deeper experience, and a greater wisdom on the whole, than the average church members. We want him to interpret God for us. That is why being a good pastor takes all a man's time. The pastor must mingle with his people so as to know what they need; but he must be out in front of his people in order to be able to give them what they need. If Ezekiel the prophet had been no closer to God than the people to whom he was a shepherd, he would have had nothing to give. Without a pastor, many souls will starve.

## TOGETHER

Every experience means more when it is shared. When father, mother and children go to church together they are sharing a beautiful experience. When they sing the songs of the gospel, read the Scripture, listen to the sermon, unite in prayer, they are adding to the joy of being together. When they open their hearts to God and pledge allegiance to Him, family life is strengthened. The "togetherness" reaches out to include fellowship with others.

Young people who grow up in the Church, who have a truly Christian home, are blessed with a tremendous advantage. They have learned to work and live with other people for the glory of God and the advancement of His cause. There is strength in the very thought of uniting in work and worship.

Together—what a difference it makes! Does your family go to Church together?

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	94	1-11

### Staffordsburg

We learned quite by accident that Saturday, August 31 was the 40th wedding anniversary of our Rev. and Mrs. J. W. Parish. Plans were quickly made to have a reception in their honor. Miss Emma Yates invited them to her home for dinner after which quite a number of the members and friends of the church gathered on the lawn. When the guests of honor were led to their chairs, to the surprise of most of the guests, little Jeffrey and Sharon Persons (Sharon dressed in white and wearing a veil) came to greet them. Jeffrey carried a ruby-colored vase containing a gift and Sharon a basket of rose petals. She scattered the petals as she had been told but then wished to pick them up to take home. The "bride and groom" cut the wedding cake and delicious cake and punch was enjoyed by everyone. As with one voice all wished them "many happy returns."

Mrs. Clyde Richardson and son, Clyde, Jr., arrived here Saturday. Clyde was delayed in Washington, D. C., because of the holidays.

We were glad to welcome Mr. and Mrs. Albert Nunery as members of our church, Sunday morning.

Mr. and Mrs. Joe Sudkamp and children called on Mr. and Mrs. Nelson Hoffman, Thursday evening. Rev. and Mrs. Parish had as recent guests, their eldest son and his family, of Louisville. All made a visit to the Zoo.

The Klein family had a reunion at the home of Mr. and Mrs. Paul Watson, Riggs Road, Sunday.

The first meeting of the year for the Handicapped Club was held at the church, September 10. An ice cream supper is planned by the Sunday school, September 14. Hope it will be warm enough to hold it on the lawn, but if cool, we will use the basement. The usual home-made cake and soft drinks will be served and a fish pond for the kiddies. Come!

Paul Daman, who is in St. Mary's Hospital, Rochester, Minn. for observation, is not improving appreciably. We hope he finds help.

Albert Sharp is slowly improving, having been in the hospital several days. Hope he is soon able to return home.

Mr. and Mrs. R. L. Cooper enjoyed a visit from her brother and family, Mr. and Mrs. Everett Davis and son of Beattyville, Ky., on the weekend. They did as we all should — brought their guests with them to church.

Mr. and Mrs. Dawson Ballinger called on Mr. and Mrs. George Hamilton and Mrs. Bessie Mills at Walton, Sunday afternoon.

Mr. and Mrs. Ray Mills entertained their daughter and family, Mr. and Mrs. Joe Sudkamp of Covington, Sunday evening.

Mr. and Mrs. J. A. Keeney called on her sister, Mrs. Jessie Crail, who is ill at her home in Newport, and also her brother, T. B. Stephens, who was in Booth Hospital, on Wednesday. He is now home.

Sorry to hear that Mrs. Daisy Richardson suffered a relapse Monday of last week, but is, we are glad to report, better at this time.

Mr. and Mrs. William Blinder and family, having sold their home in Plantation Heights, have moved in with their parents, Mr. and Mrs. Ralph Howard in Whites Tower, until they can finish their new home near Simon Kenton school.

### INDEPENDENCE

Attend State Fair

Mr. and Mrs. Lybran Richardson, Larry and Donna, accompanied by John Klein enjoyed a two-day visit to the Kentucky State Fair, Louisville. While there, they spent many hours in the exhibition building reviewing the latest in all types of machinery. They know that to completely see the many wonderful items on display in this building a person should spend an entire day. They returned home Sunday evening, and all enjoyed the trip very much.

Chicken and Ham Supper

A chicken and ham supper, sponsored by the Borklick Christian Church, will be held Saturday evening, September 14, at the church, located on Madison Pike, near Hands Road. Servings will com-

mence at 5:00 p. m. and will continue until all have been served.

A donation of \$1.25 per adult, with half price for children, will be accepted at the church.

This is an ideal way for the wives to escape the Saturday evening meal preparing, serving and dish washing by taking their families to this supper, and you will be enjoying your meal among friendly people.

Trip to Natural Bridge

The members of Bethel No. 8, Jobs Daughters of Independence, spent last weekend at Natural Bridge. This trip is an annual affair, held for many years and all enjoyed it very much.

OES Installation

Members of Bradford Star Chapter, 493, will hold their annual installation of officers on Tuesday evening, September 19, at 7:45 in the Lodge Hall in the Bank of Independence.

This will be a closed installation, and all members of the order are cordially invited to attend.

### CRITTENDEN

Elmer Showers of Verona, visited friends here Wednesday.

Mrs. Reva Rogers, formerly of this place but now of Norwood, O., fell down a flight of stairs at her home and broke her leg just below the knee. She was taken to Christ Hospital, where she will be for a month. Her room number is 355.

Mr. and Mrs. Harry Roberts of Pennsylvania, are visiting his brother, Mr. and Mrs. William Roberts, and friends.

Mr. and Mrs. Lester Young and son, Jackie, of Covington, spent Saturday night with her sister, Mr. and Mrs. Shelby Hise.

Mrs. George Roberts was badly injured last Wednesday when she fell in the hall at the school house. She was taken to Dr. Gunn's office where three X-rays were taken of her arm. No bones were broken but the ligaments were pulled loose in her elbow and her arm badly bruised.

Carl Brown was taken to St. Elizabeth Hospital, Saturday night. His condition is serious.

Mrs. Lydia Doss, who has been with her daughter, Mrs. Edward Gleason at Bridgetown, Ohio, for several weeks, returned home Friday. Mrs. Gleason, who has been ill, is much improved.

Mr. and Mrs. William Roberts and Mr. and Mrs. Harry Roberts of Pennsylvania, are spending their vacation in Knoxville, Tenn.

Mr. and Mrs. Charles Allphin have moved from Georgetown to their home on Lebanon Road. They have remodeled their home and now have a beautiful, modern place.

### September, A Good Month To Transplant Evergreens

September is one of the best months of the year for the transplanting of evergreens, according to N. R. Elliott, Extension horticulturist at the University of Kentucky. They are in a resting period at this time, and so can become established in their new home, ready to start growing in the spring.

Dig the holes early, so that good soil may be substituted for poor soil, and fall rains soften the soil at the edges of the hole, Elliott says. Instead of using manure at planting time, use about two double handfuls of commercial fertilizer, mixed well with the soil, to pack around the roots of each plant. The hole should be deep enough so the filled hole will be about 2 inches deeper than the surrounding area. The basin thus formed will catch and hold water, and also be a good place for an application of old hay, straw or well-rotted manure.

In setting the evergreens, look the plant over carefully to see which

side is the best looking and better shaped, then set that side toward the front. It is also advisable to set young trees so most of their branches are toward the prevailing wind.

Transplanted evergreens need liberal amounts of water once a week until hard freezing weather comes, then once a month when the temperature returns to above freezing. Evergreens that have been set as long as two or three years should also be watered regularly now to build a reserve moisture for the winter.

## CARD OF THANKS—

I wish to thank all my friends and neighbors for their many cards and acts of kindness shown me during my illness. Your kindness will always be remembered.

## VACATION

A reprint of our first "reader ad - 1950

Everyone should have a little vacation, and I thought maybe I could have a couple of weeks. So, I went down to Hot Springs, Ark. Took a few baths in that wonderful water, which really does the work — makes you feel younger. Who do you think I found down here — Morris Rice and wife, who just got in from Arizona, and R. A. Greene and wife from Williamson. This is a small old world now, people travel a long way in just a few days.

Everyone you talk to from nearly every part of the country have had lots of rain, so I guess Kentucky wasn't the wettest spot, as we thought it was this year. The cotton crop has been cut in half, along with vegetables and corn. But I will say, as I have lots of other times, Walton, Kentucky is the "garden spot" of this old U. S. A. We always get along just a little better than most parts of the country.

You ride along through some parts of the country and wonder how people make a living, the land is so poor it will not grow bushes — no cows, hogs or sheep — not even a garden spot. But you don't see these conditions in our section. On the way down, I came through the Southern part of Kentucky, which years ago had very few roads, but now they have wonderful roads and lots of buildings, a different country in just a few years.

When anyone asks where I'm from and I tell them Kentucky, they want to know how far from Lexington, and I tell them just 60 miles north — they say you live in a fine part of the country. Of course I have already agreed with them. I talked with Brewster over the phone Saturday night. He and Chuck have been busy repairing stoves and delivering new ones. It is a very good feeling to have two good men you can just walk out and leave to

operate your business, and know it will go on just the same. I called them and they said everything was going fine, to stay as long as I wanted — a very good pair, I think.

We don't get any Cincinnati papers down here, not even the Walton Advertiser, so I don't know anything that's going on at home. I did read in the Chicago Tribune where Great Britain wanted a gift of four billion dollars, and Truman wanted the taxes four and a half billion, so that only leaves the U. S. a half billion, with more coming after election time. I don't mind the taxes and I don't think anyone else does, if it will help from getting all those men killed in Korea, which looks to be a long, drawn out affair. They have about 150 men here in the Hot Springs Government Hospital, sent back from Korea and they sure paint a dark picture. Two of these boys were walking down a road and met a Korean woman with a basket — when she got even with them, she blew them up with hand grenades, which she carried in the basket. They say the local people are worse than the soldiers to fight. The South Korean people do nearly as much damage as the North Korean soldiers.

Well, they have a wonderful hospital here, but we know lots of them will never be able to enjoy life again.

I will try to be home for next week. Maybe I can get caught up on some of the gossip around the old home town. I know a few who will put me next, if I can contact them.

If you want to good place to live, stay in the Walton vicinity — if you want a fine vacation, go to Hot Springs, Ark., and if you want fine hardware, visit Conrad Hardware in Walton.

## WINS BEAUTY CROWN

Miss Annette Harlow

The tiny community of Temple Hill has done it again! Last year the little town near Glasgow produced "Miss Kentucky Rural Electric Co-op of 1956," the beautiful and charming Bunny Wells. This year the town scored a repeat, providing "Miss Kentucky Rural Electric Co-op of 1957," Miss Annette Harlow.

Adding to the coincidence are the facts that Bunny and Annette are the best of friends, were classmates at Temple Hill High until Annette graduated last May, and were cheerleaders together for two years.

Both girls won the right to compete in the state contest by winning the title of "Miss Farmers Rural Electric Co-op" at the annual meeting and electric farm show of the Co-op this summer and last. When Bunny won her local title, Annette was runner-up.

## Sells Berkshire Property

Forest S. Thompson, local realtor, acting as agent for the Veterans Administration, reports the sale of the large frame dwelling, known as the Berkshire home, located at 111 South Main St., Walton, to Mr. and Mrs. Robert L. Porter of Newport. The Porters will move to Walton in the near future.

## 1957 Kenton County 4-H Club Agriculture Champions Announced by 4-H Council

The 1957 Kenton County 4-H Club champions in agricultural projects were announced this week by J. A. Blau, chairman of the Kenton County 4-H Club Council.

Senior champions over 14 years of age were: Betty Jane Cook, of Piner, dairy; George R. Hoffman, St. Cecilia, electric; Jerry Binder, Independence, woodwork; Bobby Jackson, Kenton, junior leadership (boys); Peggy Binder, Independence, junior leadership (girl).

Junior champions under 14 years of age selected included Gary Mullins, Piner, beef cattle; Richard Kunkel, St. Cecilia, swine and garden; Bobby York, Piner, dairy; Carolyn Sue Hayes, St. Cecilia, poultry; Paul Kunkel, St. Cecilia, sheep; Justin Schneider, St. Anthony, electric; Larry Grizzle, Visalia, woodwork.

Recognized also were the 1956 tobacco champions, Bobby Jackson, Kenton Station, senior district winner, and Edwin Stahl, Piner, junior county winner.

Senior county winners will participate in the Northern Kentucky Senior Achievement Day, to be held in Newport, Saturday, October 5.

Junior county winners will hold their district meeting at Camp Ernst, near Burlington, Saturday, October 12. District winners from over the state will, in turn, compete for state championships in all 4-H projects.

## Piner Homemakers Meet

The September meeting of the Piner Homemaker Club was held in the home of Mrs. William Waltermann.

Officers for the coming year were elected as follows: President, Mrs. Clifford Cavanaugh; vice president, Mrs. William Woods; secretary, Mrs. John Lunsford; treasurer, Mrs. Owen Flynn; citizenship chairman, Mrs. Chester Mullins; reading chairman, Mrs. Malcolm Oliver; exterior beautification, Mrs. John Dwyer, and publicity, Mrs. Frank Elliott.

There were 984 quarts of fruit canned by the club this year, also 1274 quarts of vegetables canned, 557 quarts of fruit frozen, 793 quarts of vegetables frozen, 5808 pounds of meat frozen, 114 garments made, 36 lamps made, and 30 aluminum planters made by the members.

Those present were Mrs. Robert Bell, Mrs. Willie Strine, Mrs. Fred McMillan, Mrs. Roy Tomlin, Mrs. R. W. Elliott, Mrs. William Waltermann, Mrs. James Kidwell, Mrs. Charles Gross, Mrs. Charles Mullins, Mrs. Charles Flynn, Mrs. John Lunsford, Mrs. Owen Flynn, Mrs. Otis Fisk, Mrs. John Dwyer, Mrs. J. C. Cavanaugh, Mrs. Marion Martin, Mrs. Clarence Duncan, Mrs. Angelo Pelizzari, and Mrs. E. H. Spaulding.

## Quota Violations Found On 63,869 Ky. Burley Farms

Overplanting of burley tobacco acreage was found this year on nearly 64,000 Kentucky farms, the Agricultural Stabilization and Conservation Office said this week.

The figure was approximately 6,000 more than in 1956 and some sources speculated the above-quota plantings might have been influenced by record prices on last year's market.

These sources reasoned that farmers planned heavily to make certain they got in all the acreage allowed them under individual allotments.

The ASC said measurements were completed in all but a few counties at this time and its incomplete report showed notices were sent advising of excess acreage on 63,869 farms.

The excess in five-sixths of the cases was reported destroyed, the office said, and of the others notified the grower was supposed to leave the extra acreage unharvested.

Kentucky has approximately 148,000 farms that produce burley. Tobacco produced above the allotment is sold at a penalty, and the crop is deprived of price supports.

The ASC also said that 3,774 farms put some tobacco acreage in the soil bank program this year.

## Student Council Award

Joyce Moffett

The Student Council of Simon Kenton High School, Independence, has been awarded one of the thirty A. K. Oliver Citizenship Awards for 1957, sponsored by Scholastic Magazine in conjunction with the National Association of Student Councils. These awards consist of \$50 each, given for the best projects in citizenship or school or community service.

The award was given for the school-wide poster contest in four areas: Courtesy, Alcohol and Narcotics, Sportsmanship, and Importation of an Education. A plaque containing the winners names of each area, made available by the local Student Council, was presented to school honor day.

Miss Joyce Moffett is president for the new school year. Gary Sipple, now graduated, was president while the poster contest was being sponsored by the Student Council.

## New Bethel Baptist Church

New Bethel Baptist Church, of Verona, invites you to attend the following services: Sunday school each Sunday at 10:00 a. m., worship service Sunday morning at 11:00 a. m., worship service each evening at 8:00 p. m., prayer meeting each Wednesday at 8:00 p. m. You will find a warm welcome. Jesus said, "Come unto me, all ye that labor and are heavy laden, and I will give you rest."—Matt. 11:28.

## Fall Festival At Visalia School September 28th

The Visalia P. T. A. held a special meeting Monday to plan for the annual Fall Festival, to be held on Saturday, September 28, at the school.

Featured will be baked chicken and ham dinners. There will also be rides for the children. Mrs. Dwell Dillon will serve as general chairman, with Mrs. Harry Redman assisting. Other chairmen are: Mrs. Pearl Grizzell, dinners; Mrs. Charles Grizzell, dining room; Mrs. Howard Clark, candy; Mrs. M. M. Mann, country store; Mrs. Everett Wilson, fish pond; Mrs. James Osborne, pop corn, and Charles Combs, soft drinks. A "side show" will be an added attraction.

The regular meeting of the association was held Monday, Sept. 16, at the school, with Mrs. Harold Buxton presiding. Refreshments were served.

## Gets Specialist Course

Private Edward W. Bessler, son of Mr. and Mrs. Edward W. Bessler, Florence, was graduated September 6 from The Ordnance School's specialist course at Aberdeen Proving Ground, Md.

The six-week course gave Bessler training in supply. He also was taught the identification of automotive and armament ordnance parts. He entered the Army last March and completed basic training at Fort Carson, Colo. The 23-year-old soldier attended the University of Kentucky Extension.

## Legion Auxiliary Social

Johnson McElroy American Legion Auxiliary, Post 277, in Walton, is sponsoring a social on Saturday, September 28, at 8:00 p. m., in their new home on High Street. Everyone cordially invited.

## Walton-Verona Schools In Best Condition Ever

### Wa-Na Woman's Club Holds Its First Meeting of Year

The Wa-Na Woman's Club held its first annual meeting on Monday, September 9, at the Phoenix Restaurant. The meeting was opened by Mrs. Asa M. Rouse, the new club president. Various projects and future plans were discussed during the business session. This promises to be a very busy year for the club.

Mrs. Ward R. Rice introduced the guest speaker, Mrs. W. A. Daly, whose topic was "International Relations." Having traveled and lived in many countries, Mrs. Daly was able to present a clear and varied picture of these countries and their people. Her colored slides were a real treat as they could show views and places that could be captured only by the well acquainted with them.

A delicious salad course was served by the hostesses, Mrs. Gayle McElroy, Mrs. Leonard Cook, Jr., Mrs. George Fiske, and Mrs. Clifford Ryan.

Attending the meeting at guests were Mrs. Malcolm Simpson, Mrs. James Spencer, Mrs. Robert Isom, Mrs. Lloyd Clements, Mrs. R. W. Bachmeyer, Mrs. Edward Scott, Mrs. Jack Rouse, and Mrs. W. A. Daly.

Mrs. George Arnold, Mrs. Leonard Cook, Jr., Mrs. James Falls, Mrs. Charles Holder, Mrs. Clayton Jones, Mrs. Dwight Maddox, Mrs. John Mayhugh, Mrs. Gayle McElroy, Mrs. Robert Oser, Mrs. Ward Rice, Mrs. Asa Rouse, Mrs. George Ryan, Mrs. Dale Shashens, Mrs. James Webster, Mrs. Paul Beighle, and Mrs. George Fiske were regular members.

The club was pleased to welcome as new members, Mrs. Lewis Webster, Mrs. Guy Carlisle, and Mrs. Barney Taylor.

### Receive \$6511 In August

Residents of Boone County received \$6511 in August under Kentucky's our public assistance programs, old age assistance, aid to dependent children, aid to needy blind, and aid to permanently and totally disabled, Commissioner of Economic Security V. E. Barnes reported today.

These payments were listed for the county, Old age assistance \$5588, aid to dependent children \$519, aid to needy blind \$182, and aid to needy disabled \$222.

Total outlay in the state for August was \$3,987,969 with old age payments totaling \$2,268,393, dependent children's allowances \$1,402,455, needy blind grants aggregating \$129,152, and payments to disabled needy people \$187,969.

## "Our Future Community Leaders"

Top row, left to right, Bobby Oser, 6-year-old son of Mr. and Mrs. Robert Oser, Alto Vista Drive, Walton; Howard Clayton Baker, the 6-month-old son of Mr. and Mrs. Raymond Baker, Jr., Verona, Route 1; Johnny Whitson, 3-year-old son of Mr. and Mrs. James L. Whitson, Walton, Route 2.

### GARDEN CLUB MEETS

The September meeting of the Boone County Garden Club was held at the Florence Community Center, on Tuesday. Hostesses were Mrs. Correll Cropper, Mrs. Wallace K. Grubbs, Mrs. Robert Clow, and Mrs. Lillard Scott.

After the business session, Mrs. Lillard Scott, program chairman, introduced the speaker, Tom Riley, assistant county agent in Kenton county and instructor in horticulture at the University of Kentucky Extension. His subject was "Native Kentucky Planting Material," and he pointed out that many shrubs, vines and trees, commonplace along the roadsides and in the fields, are beautiful enough to be used in yard plantings.

## Fire Department Given First Aid Kits by Auxiliary

Mrs. Sharon Grubbs, president of the Ladies' Auxiliary of the Walton Vol. Fire Dept. and Mrs. Edward Egan of the Aux. presented the Walton Vol. Fire Dept. with three First Aid Kits and some tables on Monday night, Sept. 9th. Charles Worthington, Chief of the Department, accepted the gift on behalf of the department.

Last year the Aux. presented the Dept. with a portable light plant, which the Dept. has put to very good use.

The Dept. would like to take this opportunity to publicly thank the Ladies Auxiliary for their fine gifts and public support of the Dept. in all its undertakings.

Chief Worthington announced, "I don't know what we would do without the Ladies Auxiliary, again we say thanks."

The Ladies Aux. is an important arm of the Fire Dept. They get out of bed on those cold nights the Dept. are out on calls and serve hot coffee and sandwiches to the firemen.

When you support your Ladies Auxiliary or your Fire Dept. you help yourself.

### Walton Masons to Meet

Walton Lodge, No. 719, F&AM, will have its regular monthly meeting on Thursday evening, September 19, at 8:00 p. m. All members are requested to be present.

### To Clean Cemetery

All who are interested in Lebanon Presbyterian Cemetery are asked to be at the church Saturday, Sept. 21 with lunch and scythes, as an effort will be made to mow the cemetery. Your assistance will be appreciated.

## Both Financially And Scholastically

The Walton-Verona Schools, as announced this week by Superintendent Robert Isom and the Board of Education, are in the best condition financially and scholastically ever. They are participating in the Kentucky Foundation program 100 percent, according to the number of pupils in the system, which is approximately 557 in both schools, the largest ever attained.

Supt. Isom stated that the independent system receives \$100 per pupil from the state program, which amounts to about one-third of the total income. The adopted budget for this year is \$154,000, which is also the largest ever.

In the scholastic part of the school, the Board is proud to state that for the first time in many years there is no teacher using an "emergency certificate" to teach in the system. Every teacher is qualified for their particular jobs. For the first time this year, a full time special program for all students from the first grade up, has been instigated: C. M. "Hog" Ewing, as director of athletics, will be assisted by Bill McBee of Burlington. The Superintendent and Board invite the public to attend any meetings and make inquiries about anything pertaining to the school, and to feel welcome at all times. They also wish to thank everyone for the fine cooperation shown thus far in being able to obtain this high standard.

### Degree Work, Friday

Wilmington Lodge will meet in its hall Friday, September 20, at 7:30 p. m. to confer the Master Mason degree on Robert Wirtz, C. E. Winsans, Dewey Sizemore, Robert McMillan, and Clyde Stevens. A. T. Courtney will preside in the East. The Wilmington degree team will confer the 32nd degree on Master Masons are urged to attend. Refreshments will be served following the meeting.

## Oyster Supper at Christian Church September 27th

The Crusader Class of the Walton Christian Church will be skin the oyster this week, according to a person in high authority, to accumulate a supply of oysters for use at their annual oyster supper on Friday evening, September 27.

The class voted, at their recent meeting, to give a prize for the biggest and the smallest pearl found by a diner that night. The prize will be the right to keep the pearl.

The main dish of the evening will be oyster stew, but there will be a variety of goodies for those who do not care for seafood. Home made pies are to be baked on a wholesale basis by the good cooks of the class.

Mrs. Lloyd Clements, class president, urges all to attend, declaring that the proceeds are to be used to support the class' program of work with the orphans of the Kentucky Christian Home at Danville.

### Utopia Club Meeting

The Boone County Utopia meeting will be held at the home of Mr. and Mrs. Henry Hudson on the Hebron-lidewell road, Thursday, Sept. 26.

### Basket Dinner, Sunday

You are invited to the basket dinner at the Richmond Presbyterian Church, Richmond Road, on Sunday, September 22, immediately following the eleven o'clock service. Renew old acquaintances!

### Walton PTA to Meet

All parents who had children in the recent "Baby Contest" are asked to attend the P. T. A. meeting on Tuesday, September 24, at 8:00 p. m., in the Walton school. Prizes will be awarded the winners.

The Walton Homemakers chartered a bus last Wednesday, and the following attended the State Fair in Louisville: Mr. and Mrs. Leo Flynn, Mr. and Mrs. Levi Pennington, Mr. and Mrs. Forest Thompson, Mrs. Frederica Mann, Mrs. Holton Craig, Mrs. Ora Stone, Mrs. Flora Summey, Mrs. Raymond Brewster, Mrs. J. Elmore, Mrs. P. Bush, Mrs. Malcolm Simpson, Mrs. Livonia Elliott, Mrs. Dan Roberts, Mrs. Vera Wright, Mrs. Joe Cade, Mrs. Al Hunt, Mrs. George Fiske, Mrs. Trent Pickett, Mrs. Stanley Kocoba, Mr. and Mrs. Ira Stephenson, Mrs. Finley Jacobs, Sr., Mrs. Lucy Callen, Mrs. Wilma Winburn, and son, Mrs. Bonnie Woods, and Mr. and Mrs. Ben Jump.

Mrs. Lorena Myers was the guest of her daughter, Mrs. Audrey McBee of Covington, several days last week.

Mr. and Mrs. Melvin Cornelius and family of Hamilton, Ohio, were Sunday guests of his aunt, Mrs. Vira Cornelius.

Mr. and Mrs. William House and Mrs. Flora Summey were the Sunday guests of Mr. and Mrs. Leo Flynn and family.

Mr. and Mrs. Mark Racey attended the Past Presidents' Club of the Knight Templars Auxiliary, last Wednesday at the home of Mrs. Fred Phillips, Jr., Fort Thomas. In the evening, they had dinner with Mr. and Mrs. Chris Weber of Newport.

Mrs. Ora Stone was the Saturday night guest of her niece and husband, Mr. and Mrs. Leo Flynn.

Mr. and Mrs. Leo Flynn attended the Carriage Fair, Saturday, and in the evening were guests of Mrs. Alice Flynn of Covington.

Mrs. Viola Wynn's father, Mr. West, is seriously ill in St. Elizabeth Hospital, Covington. Thad Curley is ill at his home on Depot Street. He is to enter the Veterans Hospital Wednesday for a leg operation.

Mrs. Charles Sizemore was called to Frankfort, due to the death of her aunt, Mrs. Raymond Wilbur.

Mrs. Ora Stone and Mrs. Flora Summey spent Monday in Cincinnati.

Mr. and Mrs. John Wilder moved to High Street, Monday.

Mr. and Mrs. Raymond Roter of Beaver Lick, entertained Rev. and Mrs. Hampton Adams of New York City, Mr. and Mrs. Henry Sleet and family, Mrs. Ella Weaver, and Mr. and Mrs. Rob Moore, at dinner recently.

Mr. and Mrs. J. R. Jameison of Florida, are visiting her sister and husband, Mr. and Mrs. Warren Stephenson. Mrs. Jameison entered St. Elizabeth Hospital, Covington, for an eye operation last Friday.

Mrs. Minnie Roberts and daughter Myrtle have moved from the Presser apartment to Corinth.

Walton Chapter, Order of Eastern Star, held its election of officers on Monday evening at the regular meeting. The following were chosen: Worthy Matron, Evelyn Sebastian; Worthy Patron, Charles Owens; Associate Matron, Margaret Fields; Associate Patron, Stanley Allen; Secretary, Ora Stone; Treasurer, Elizabeth Thompson; Conductress, Gladys Gerbron; Associate Conductress, Mary Margaret Allen. Those present were Geo. Vallandingham, Colleen Shields, Mr. and Mrs. Al Fields, Dora Fields, Mr. and Mrs. John Stephenson, Mr. and Mrs. Robert Sebastian, Wayne Rice, Ethel Breeden, Ora Stone, Elizabeth Thompson, Mr. and Mrs. Charles Owens, Mr. and Mrs. Stanley Allen, Mary Stephenson, Mr. and Mrs. Herman Newton, Mary Phillips, Evelyn Sizemore, and Rev. DeMoisey.

Mrs. Stanley Vallandingham and Mrs. James Falls spent several days the past week in Louisville, and attended the State Fair.

Mr. and Mrs. Stanley Bush have moved to the apartment in the Dixie State Bank building.

Mr. and Mrs. Wendell McCubbin were weekend guests of relatives in Winchester, Ky.

Miss Phyllis Simpson and brother, Johnny, were the Saturday night guests of their mother, Mrs. Art Kent, and Mr. Kent.

Mr. and Mrs. Orloff Ratliff were weekend guests of Mr. and Mrs. George Otten of the Dixie Highway, and on Sunday, spent the day with her niece and husband, Mr. and Mrs. Don Jenkins, Florence.

Mr. and Mrs. Alford Taylor of New Albany, Kansas, and Mrs. John Cumberworth of Holton, Ind., were the Friday guests of Mr. and Mrs. M. C. Racey. Mrs. Taylor is the niece of Mr. Racey and they had not seen each other for 22 years.

Mrs. W. W. Rouse and Mrs. Ralph Carpenter were guests from last Tuesday until Friday of their sister and husband, Mr. and Mrs. W. H. Bertram, of Greenville, Ohio. Their sister, Mrs. Bertram, and daughter, Lorraine, returned home with them for a visit.

Mr. and Mrs. Jack Rouse and daughter and Mr. and Mrs. Dale Stephens and two children were the Sunday guests of their parents, Mr. and Mrs. J. R. Flynn, of Brocht.

Sam Masley of Hazard, was the weekend guest of Mr. and Mrs. Wm. Roberts and his wife, who is visiting her mother.

The Lambricht Circle met at the home of Mrs. Helen Breeden, on the Dixie Highway, last Thursday evening. Mrs. Helen Chance presided in the absence of the chairman, Mrs. Lawrence Wilson. Those present were Mary Kaye Hendricks, Deloris Newby, Helen Chance, Helen Breeden, Violet Prather, Maxine McCubbin, Geraldine Gouge, Wilma Kilgore, and Louise Fornash.

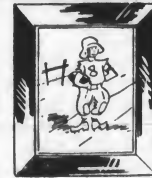

Miss Joan Cram spent the weekend with Mr. and Mrs. Donald Baker, Sr. and family of Park Hills, where she was given a lawn party in her honor, which was immensely enjoyed by everyone.

Mr. and Mrs. Clarence Browning of Kenton county, have moved to North Main Street.

Charles David McCubbin was the Sunday guest of Dennis Flynn.

Eighty counties took part in the Farm and Home Development program in Kentucky in 1956.

Use fruits and vegetables at the height of their maturity for best flavor and texture.

**40 Head of Choice Holstein Cows**  
**MONDAY, SEPT. 23, 1957 - 1:00 P. M. DST**

I will sell at my barn located 12 miles West of Frankfort, 8 miles East of Shelbyville, at Peytona on U. S. 60, the following:

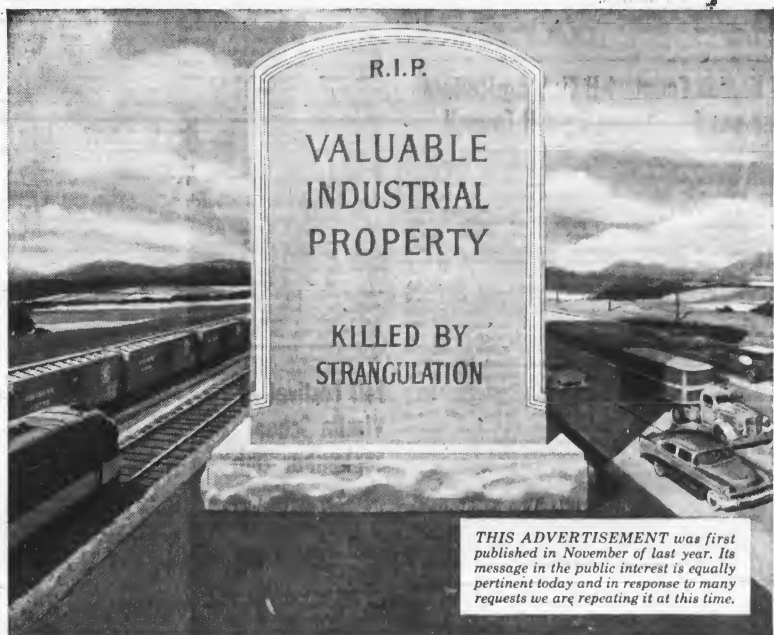

40 head of choice fresh and close-springer Holstein cows, mostly fresh, that are TB and Bangs tested and calfhood vaccinated. These are young cows, 2 to 5 years of age, and are capable of milking from 50 to 70 pounds per day. They were selected with care from some of the better herds in Wisconsin.

This is a clean herd of cows and were selected for their producing ability and must be seen to be appreciated. If in need of Choice Cows attend this Auction "Where Choice Cows Are A Business."

Sale Held In Sale Pavilion—Terms Cash!

AUCTIONEER: HAYDEN IGLEHEART

**. . . and a potential taxpayer died, too!**

HERE'S SOMETHING for every community to keep in mind when those new multi-billion dollar superhighways are in the planning stage —

Land next to a railroad is often ideally suited for industrial use. Put industries on it and you create new job opportunities and new sources of tax revenue for your community. Everybody benefits!

Under these conditions, this land is a valuable community asset. However, through oversight, this asset can be "killed off" completely and forever by putting a new highway too close to the railroad. For most industry must have easy, economical access

to rail service and this is impossible with a highway in between.

The time to protect and preserve this community asset is when the highway is being planned. And it is easy to do. Wherever possible, simply leave an adequate strip of land for industrialization between the existing railroad and the proposed highway. This property immediately becomes doubly attractive to industry — for it then can offer modern rail service on one side and access to a modern highway on the other. You and your community will benefit.

*Harry A. Smith*  
President

WASHINGTON, D. C.

# Commissioner's Sale

Commonwealth of Kentucky  
Boone Circuit Court  
NOTICE OF SALE  
General Building, Savings  
& Loan Association Plaintiff  
Gilbert Maxwell, et al. Defendant

By virtue of a judgment and order of sale of the Boone Circuit Court rendered March 4, 1957, in the above cause, I shall proceed to offer for sale of the Court House Door in Burlington, Kentucky, to the highest bidder, at public auction on Monday, the 7th day of October, 1957, at One O'clock P. M. or thereabout (being Motion Court Day) upon a credit of 6 and 12 months, the following described property to-wit:

Being in the Town of Walton, Boone County, Kentucky, having a frontage of one hundred (100) feet on the west side of the Covington

and Lexington Pike (now U. S. No. 25 and Main Street of Walton, Kentucky), and being one hundred (100) feet in the rear and extending back between parallel lines two hundred (200) feet to an alley, and being more particularly described as Lots No. A One (1) and A Two (2) of Clark's Addition to the Town of Walton, the plot of which is recorded in Plot Book No. 1, Page 39 of the Boone County Records at Burlington, Kentucky.

For the purchase price, the purchaser must execute bond, with approved surety bearing legal interest from the day of sale, until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms. Amount to be raised by sale \$11,451.11 together with interest and costs herein expended.

R. S. HENSLEY  
Master Commissioner  
Boone Circuit Court

## Local & Society

A-2c Ross Howard has returned to Little Rock, Ark., after spending several weeks with his parents of Church St. His new bride returned with him.

Mr. and Mrs. Richard Ryan spent Saturday and Sunday at the State Fair in Louisville.

Mr. and Mrs. Naaman Cook of Mt. Zion, entertained for dinner Sunday, Mr. and Mrs. Richard Howard and daughter, Flora, Mr. John Ryan and son Jr., Mr. and Mrs. Russell Acree and daughter, Paula, and Mr. and Mrs. Ross Howard.

Mr. and Mrs. Charles Han, formerly of Walton, are receiving congratulations on the arrival of a son, born September 15 at St. Elizabeth Hospital, Covington, named Charles Jeffrey. Mother and son are doing nicely. This young man is the first great-grandson of Mrs. James

Hon. of Mr. Sterling, the first great-grandson of Mable Han of Erlanger, and Louis Bok of Florence, and the first grandson of Mrs. Gertrude Webster.

Miss Emma Jane Miller entertained Friday evening with a waffle supper for Mrs. Maude Wilson, Mrs. Bess Conrad, and Mrs. Martha Wallace.

The Happy Helpers class of the Walton Methodist Church held its regular monthly meeting last Tuesday evening, Sept. 10, at the beautiful country home of Mr. and Mrs. Lloyd Watson, with a waffle roast. This president, Mr. Watson, in his usual friendly manner had charge of the business session, with a welcome to each member. Those present were Rev. and Mrs. John R. Wheeler, Mr. and Mrs. Clarence Stephens, Mr. and Mrs. M. L. Carey, Mr. and Mrs. Malcolm Simpson, Mr. and Mrs. Ed Hetzel, Mr. and Mrs. Clarence Hall, Mr. and Mrs. Charles Carlisle, Mr. and Mrs. Bruce Wallace, Mr. and Mrs. Scott Lancaster, Mr. and Mrs. Steve Morgan and daughter, Sandy, Mr. and Mrs. Lloyd Watson, Sam Hudson, Emma J. Miller, Mrs. Howard Stephenson, and Mrs. Livonia Elliott. Thanks to Malcolm Simpson and Sam Hudson for roasting the wieners which were enjoyed by all.

The October meeting will be at the church basement with Mr. and Mrs. Ed Hetzel and Mr. and Mrs. Marcus Corey as hosts.

The Walton Homemakers Club held its regular meeting September 13, at the home of Mrs. Bryant Rust on Green Road, with Mrs. Wootson Ashcraft as co-hostess. The president, Mrs. Stanley Allen, had charge of the business session. Mrs. Barbara Simpson and Mrs. Wilma Winburn gave the lesson on "table setting." After a bountiful ham dinner, the afternoon session started with roll call and the payment of dues. Minutes were read. Club members will go to the Paul Dixon show, October 3. All members are urged to attend. Those present were Mary Allen, Ruby Treedy, Evelyn Sebastian, Ruth Ashcraft, Mary Stephenson, Bonnie Woods, Juliana Shields, Wilma Winburn, Queenie Webster, Erma Stockman, Delores New, Barbara Simpson, Louise Farnish, Thelma Rust. The October meeting will be with Mrs. Lillian Gohs with Mrs. Bonnie Woods as co-hostess. The session will begin promptly at 11:00. Please be on time, and bring ideas for Xmas.

### Staffordsburg Homemakers

The Staffordsburg Homemakers Club held their regular September meeting at the Methodist Church, with Mrs. Bluch Rich presiding.

Mrs. Edna Klein installed the new officers for the coming year: president, Mrs. G. L. Cooper; vice president, Elizabeth Faulkner; secretary and treasurer, Mrs. Melvin Brueggan. Mrs. Cooper appointed her committees as follows: Reading, Mrs. Chester Hill; program, Mrs. Ralph Howard; citizenship, Mrs. John Shaw; beautification, Mrs. Thomas Byrne; publicity, Edith Ware.

Those attending were: Mesdames Bluch Rich, G. L. Cooper, Thomas Byrne, John Shaw, Elizabeth Faulkner, Chester Hill, Inez Beall, Anthony Wolf, Ralph Howard, Denver Binder, E. B. Rich, Emil Stein, Roy Payne, George Klein, L. J. Rapp, Melvin Brueggan, J. A. Keeney, Edith Ware, and three visitors.

**Independence Homemakers**  
The Independence Homemakers Club meeting was held in the home of Mrs. C. S. Snelson, McMillion Drive. Year-end reports were given by each chairman. The program for the coming year was read and discussed.

Those attending were: Mesdames H. L. Witt and granddaughter, Becky Reed, C. Davis, J. C. Reynolds, W. House, R. Kunkel, L. Wayman, D. Hacker, V. Vogelphol, Miss Virginia Bradford, and a guest, Mrs. Hopkins.

## Staffordsburg

The ice cream social which was held at the church here on Saturday evening was well attended and enjoyed by all present.

We were surprised and pleased when Rev. Parish introduced Mrs. Percy Near as speaker Sunday morning. She is from Toronto, Canada and visiting her sister Mrs. Albert Nunery and family.

Sorry to report Mr. Ralph Heltman recently suffered a heart attack. Every one was glad to welcome Mr. and Mrs. Paul Damon who have returned after spending some 5 weeks at Mayo Clinic in Rochester, Minn. Mr. Damon looks well and seems to be really improved. "May he soon be good as new."

Mr. and Mrs. J. B. Richardson entertained on Sunday with a dinner in honor of Mr. and Mrs. Clyde Richardson and son Clyde Jr., who recently returned from Libya. Among those present were Mr. and Mrs. Dawson Ballinger, Mr. and Mrs. Lybrian Richardson and family, Mr. and Mrs. Geo. Fennell, Jr., and children, Mrs. Russell Marshall and daughter and Randall Folmer.

Rev. and Mrs. J. W. Parish were guests on Sunday of Mr. and Mrs. J. A. Keeney, also calling in the afternoon were Mrs. J. H. Klette and daughter Ruth.

Mr. and Mrs. Dewey Ballinger are spending a day this week with Mr. and Mrs. Wm. Brannock of Kelat and will be accompanied home by Miss Nannie Ballinger.

## Weed-Free Tobacco Beds

Here's how to do it. Sprinkle VAPAM on your seed beds now. In the next 30 days it kills all those weeds and grasses, germinating weed seeds, soil fungi and those invisible nematodes. Come seedling time you have the healthiest soil in the state! You get more seedlings per square yard—up to twice as many. And only a few—if any!—weeds. Your seedlings are really strong and vigorous. You can transplant fast for the best crop you've ever seen.

Result is hundreds of dollars saved in back-breaking work and weeding costs. Yet VAPAM costs only a penny per square foot. Make more profit next year! Don't share your crop with weeds and soil borne diseases. Put VAPAM on your seed beds now. No special equipment needed. It's so easy and safe to sprinkle on. You get stronger seedlings, weed control and more profit. Do it now for best results. Approved by the Department of Agriculture for all food and fibre crops.

Stauffer Chemical Co., Inc.  
Tampa, Florida

We are glad to hear that Mrs. Daisy Richardson is slowly improving from her recent illness.

Mrs. Carsee Brinkley is under going surgery on Monday morning. Hope she is soon well.

Mr. and Mrs. J. A. Keeney called on her sister Mrs. Crail on Wednesday and also stopped to see Mrs. Mills on Dixie Hwy.

Mr. and Mrs. Charles Losey and son enjoyed a visit from Mr. and Mrs. Ronald Losey and son on Sunday. They were joined in the afternoon by Mrs. R. Losey's mother, Mrs. Sales of Owenton, Ky.

The Staffordsburg Homemakers met at the church for their organization meeting. Practically all members were present. Mrs. Parish was our guest and prospective member. Each brought a favorite dish and all enjoyed a delicious lunch. These officers were installed: Reading, Mrs. Chester Hill; Program, Mrs. Ralph Howard; and Publicity, Mrs. Edith Ware. The October meeting will be with Mrs. Chester Hill.

The Woman's Society of Christian Service met with Mrs. Dewey Parsons on Thursday evening. A good number were present. The high point of the meeting was a talk about missions in Belgium Congo. Delicious refreshments were served. Next meeting will be at the home of Mrs. Donald Keeney.

Rev. Parish, Arnold Nunery, Dewey Parsons and Raymond Giles attended the Methodist Mens meeting on Thursday evening. They came back saying "The women have their meeting. Why can't we men have ours?"

We are glad to see Joyce Cooper starting to U. K. also J. B. Losy, Lee Giles and Henry Rice returning there. We will miss them though.

## OAK RIDGE

Lt. and Mrs. Charles Wells are visiting her parents, Mr. and Mrs. John Bruce, for two weeks, prior to going to their new station in Norfolk. Congratulations to Mr. and Mrs. Byron Galloway on the birth of their first son, they are the parents of two daughters.

Congratulations to Mr. and Mrs. John Piper on the birth of their second son.

Rev. Calvin Perry has enrolled in Southern Baptist Theological Seminary in Louisville.

Mr. and Mrs. Charles Banks and daughter Sylvia returned last week from a trip to California and Mexico.

Mr. and Mrs. Hubert King and son Hubert, returned Saturday from a 10 day, 4000 mile trip out west.

John Bill Obel has been sick with the flu.

Cindy and Jackie King have been ill with the flu.

Mr. and Mrs. Joe Maus of Stephens Road, left Sunday on a trip in their boat. They intend to travel down the Ohio and Mississippi Rivers to the Gulf of Mexico, then across the Gulf to Florida, where they will spend the winter. Miss Baker to new first grade teacher at Taylor Mill School.

and her father are renting Maus' house while they are away.

Mr. and Mrs. Bruce Clark have moved into the Roberson house on Hands Pike.

Oak Ridge Homemaker's Club met at the home of Mrs. W. O. Mitchell on Taylor Mill Pike Sept. 17. Mrs. Ollie Miller opened the meeting by reading the First Psalm and leading in Prayer. Roll call was answered by singing hymns. Mrs. W. C. Tallent reported that the Nilton Women's Institute of the Isle of Wight, England will be an overseas link of the Oak Ridge Homemakers Club and the 10 clubs will exchange ideas and information. New officers were elected.

Mrs. Chester Barton, Pres.; Mrs. W. C. Tallent, V. Pres.; Mrs. Joseph

Wren, Sec.; Mrs. Ollie Miller, Treas. These officers were installed by the president, Mrs. Harry Collier. The chairman appointed were: Reading, Mrs. H. F. Bell, Citizenship, Mrs. R. H. Bauer, Membership, Mrs. W. C. Tallent, Publicity, Mrs. J. D. Love, Program, Mrs. W. O. Mitchell. The lessons this year will be on Basic Sewing, Legal Matters, Mosaic Tile and Flower Arrangement. A delicious lunch was served by the hosts. Following the meeting a white elephant sale was held. The next meeting will be held at the home of Mrs. Joseph Wren.

The US's demand for water every day—200 billion gallons—may be doubled in the next 25 years.

## MANAGER WANTED

EARN \$9,000.00 TO \$15,000.00 ANNUALLY

Tremendous opportunity available in this area for either man or woman who has the qualifications to manage and own a business rendering professional service for local business and professional people in affiliation with a National organization.

This is a substantial business well proven, and earning large profits in many areas. Party selected should be well acquainted in the area, furnish good character reference, make and give decisions on their own, be available to start immediately, and member of or become member of local Chamber of Commerce, or other civic organizations. This is not a sales position, but sales, office or business management experience is helpful, but not necessary as you will be trained by our organization.

You must have \$2,000.00 cash plus temporary working capital for office, supplies, etc., and be bondable as you will be handling large amounts of money. Also willing to follow our supervision. This may be a life time connection for party selected. Immediate substantial guaranteed income.

If you can fulfill all of the above requirements and definitely want to be placed in a position to earn \$10,000.00 or more per year, then write A.M.C.A., box 225, Kansas City, Missouri, fully about yourself, giving phone number for personal interview.

**Take A Tip  
From A  
Homeowner:**

If you own a house...  
see your electrician—he can survey your wiring system and tell you what work is needed to bring the wiring in your home up-to-date.

If you plan to buy...  
check the wiring—adequate wiring means all the light you want and the safe, efficient operation of your appliances and equipment.

If you intend to build...  
plan your wiring carefully—electricity will play an essential part in your home now and in the future... be sure it can play its part efficiently and conveniently.

**Owen County Rural Electric Co-op. Corp.**

## COMMONWEALTH OF KENTUCKY DEPARTMENT OF HIGHWAYS

### NOTICE TO CONTRACTORS

Sealed bids will be received by the Department of Highways at its office, Frankfort, Kentucky, until 10:00 A. M., Central Standard Time on the 4th day of October, 1957, at which time bids will be publicly opened and read for the improvement of:

BOONE COUNTY, S 632 (2): RS 8-530—The Union-Rabbit Hash Road, from 5.01 miles east of Rabbit Hash (End of S 632 (1)) extending in an easterly direction to a point approximately 2.1 miles west of US 42 at Union, a distance of 4.536 miles. Grade, Drain and Traffic Bound Surface.

The Special Provisions for Highway Projects financed with Federal Highway Funds apply on the foregoing project.

The attention of the prospective bidders is called to the prequalification requirements, necessary for securing certificate of eligibility, the special provision covering subletting or assigning the contract and the Department's regulation which prohibits the issuance of proposals after 9:00 A. M. CENTRAL STANDARD TIME on the day of the opening bids.

NOTE: A CHARGE OF \$2.00 WILL BE MADE FOR EACH PROPOSAL. REMITTANCE MUST ACCOMPANY REQUEST FOR PROPOSAL FORMS. REFUNDS WILL NOT BE MADE FOR ANY REASON.

Further information, bidding proposals, etc., will be furnished upon application to the Frankfort office. The right is reserved to reject any and all bids.

## VERONA

Mrs. James Elliston and two daughters spent Saturday and Sunday with her sister, Mr. and Mrs. Ivan Wiley and family of Lawrenceburg, Ind.

Mr. and Mrs. Jim Lamm and Mrs. Lizzie Noel attended the Baker Reunion at the home of Mr. and Mrs. Clarence Ashcraft of Union, Ky. There were about eighty there.

Mrs. Pattie Willeford was calling on Mrs. Effie Clements and sister one afternoon recently.

Mr. and Mrs. Virgil Chapman and two children moved from near Crittenden to Verona last week. We are glad to welcome them back into our midst.

Mrs. Martha Hayden is back home again we are glad to report, but is not feeling so well.

Mr. and Mrs. Jim Lamm received word Saturday that Mr. Martin Wolfe is not doing too good. He was suffering from the cast on his body. They removed it last week but may have to put it back later. Hope he gets along alright.

We extend sympathy to the wife, children, mother, brothers and sister of Mr. James Rhodes of Erlanger who was killed in a plane crash last week near Florence.

Mrs. Susie Glone and Flonnie Edgington was calling on Mr. and Mrs. Jim Lamm Friday afternoon.

Mr. and Mrs. Mayra Hayden and Susie Glone was calling at the home of Mr. and Mrs. Hershel Yancey Sunday afternoon and brought his mother back with them.

Bro. and Mrs. James Sowder and sons was calling on his brother-in-law and family of Cincinnati Sunday afternoon.

Mrs. Minnie Davis was real sick last week from having eight teeth extracted.

Mr. and Mrs. Albert Crowe sold their house and lot to Mr. and Mrs. James Burchett, we hate to loose such good people from our midst, we wish them good luck wherever they go.

Mr. and Mrs. Lloyd Yates and daughter Nola, spent Sunday with his brother, Mr. and Mrs. Tom Yates and children of Dayton.

Little Vickie Leek spent last week with her grandmother Mrs. Allie Chandler.

The U. S. calf crop is expected to be 2 percent lower than in 1956 says the USDA.

### Daring Daniel

Lesson for September 22, 1957

"DARE to be a Daniel" was the name of a song that used to be sung in Sunday schools all over America. Maybe people read the stories of Daniel then more often than they do now. Any one who thinks the tales about this man are exaggerated and sound more like legend than history, might ask himself this question: What sort of man must Daniel have been, what kind of reputation did he leave behind him, to have such stories attach themselves to his name and memory? No meek little yes-man was he. On the contrary his very Dr. Foreman name is a symbol of courage against odds.

#### Two Kinds of Courage

There are two kinds of courage: physical and moral. Physical courage means keeping on doing what you know you ought to do, even when you are being terribly hurt, or about to be hurt. A scoutmaster in a boat with some small boys got into some heavy waves, the boat overturned, and everybody climbed on top of the upside-down craft. Then it became evident that there were too many for the boat in that position. So the scoutmaster, after pulling the last boy out of the water, swam alongside for a while, and when he could swim no longer, quietly sank . . . dying to save a boy's life. That took courage. Then there is also moral courage, which means doing or saying what you believe to be right, in spite of ridicule or powerful contrary opinions.

#### Against Orders

Courage always is against something—danger, public opinion, pain. Daniel's courage sometimes was of the rare and risky sort, courage to defy orders from his official superiors. Daniel's salary was paid by the royal court, and like many salaried men, when ordered to do something against his conscience and religion, might have shrugged it off: "Well, I hate to do it, it goes against the grain. But this is my job and who am I to talk back to my employers? I've gotta play ball if I stay on the payroll." Daniel was made of stouter stuff. When he knew that God said one thing and his boss said another, even if the boss was a king with powers of life and death, Daniel saw no choice but to obey God rather than men.

#### Against Custom

Daniel "bucked" not only an old-fashioned, oriental dictator, all dressed up in crown and gown, but something that is just as tyrannical: public opinion and longstanding customs. If he had had the public on his side, he might not have been reported (for example) in the incident of the prayers at the open window. Back home in Palestine many would have known that he was right; here in Persia almost no one agreed with him. To go against "what everybody does"—usually meaning by "everybody" the more important people of a community—takes nerve. It can be wrong, too, for very often public opinion is just about right. One ought to think very carefully before flying the opposite course to every one else. But when Daniel knew he was right, he knew that fifty thousand Medes and Persians could be wrong; and he acted accordingly.

#### Against Personal Interests

Many people take the easiest way. All they ask is, "What does this get me? Where does it get me? Will this bring me more prestige, will it end in my promotion, will it help me up the ladder?" If the answer is Yes, then they go ahead. They don't dare do anything contrary to their own interests. But Daniel dared. More than once he had the courage to do something or to say something when it looked as if by doing or saying it he would put an end to his career. But the king always kept him on, though for a while he might turn against him. Men admire courage of all sorts, especially Daniel's kind. The king and everybody else knew that here was a man who could be counted on to say and to do what he was convinced was right, even if it hurt him—even if it killed him. Here was a man who could not be threatened, could not be bought. Such men were not plentiful then, they are not thick as blackberries now. But they are God's men always.

## LOST BOY

Dry those tears, Senny. The Law has brought you home.

But when you're grown up, don't get lost then—for the Law won't be able to bring you home!

Sure, grown-ups often get lost. They choose the wrong road, they take the wrong turn, they depend on the wrong ideas, they seek the wrong aims. And some of them get lost again and again.

Why can't the Law bring them home, too? Well, when a grown-up gets lost he generally does a lot of harm to himself and others. And then it's the job of the Law to protect people from the harm he is doing.

But, Sonny, when you grow up you're not going to get lost. We have thousands of churches for youngsters like you—and for your parents, too. Churches teach us to find ourselves before we have a chance to get lost.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) children's sake. (2) For his own sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Isaiah	2	1-3
Monday	Isaiah	36	27-29
Tuesday	Ezekiel	7	8-12
Wednesday	Jeremiah	1	15-18
Thursday	Jeremiah	1	17-21

## WHITES TOWER

A mate to the tree toad at the Dorsey residence made himself at home behind the screen door of the writer last week. Unfortunately while we were gone to the Carthage Fair, some one slammed the screen and killed the little fellow. We were very sorry but no one was to blame. The Dorsey pet is still on the porch waiting for little "Sarah" to return for a visit.

Mr. Payne and son and Tommy Brumback of Independence were squirrel hunting on the farm here Wednesday. They reported lots of squirrels but very shy and hard to get a shot at.

Linda Ward of Covington spent the weekend with her grandparents in the Tower over the weekend.

Fuzzy Roberts and wife, Mr. and Mrs. Chas. Dorsey and the writer and wife, attended the fair at Carthage one day last week. We had the pleasure of meeting the "Clisco Kid" who is a very fine man and a credit to the T. V. programs.

We had the pleasure this week of getting acquainted with our new neighbors Mr. and Mrs. Vaughan who have bought the Ratterman place. We are lucky in getting such nice neighbors.

This will be the last week for tomatoes and we still have juice tomatoes, green, yellow and white. If you have never tried white tomatoes you can get a free sample by stopping at "Side A Wee" over the weekend. Once you make your preserves with these white ones you will be

urging someone to grow them so you can make your preserves out of the best. Carrots, peppers and parsnip in abundance, but come early. They won't last long the way we are giving them away.

Who said this was going to be the driest September on record. We heard that for several days last week. Just goes to show you that we may have control of everything else but when it comes to the weather too many factors are concerned for us ordinary humans to predict what is coming from above.

Mrs. Etta Kirk of Cincinnati and children visited her brother-in-law Jess Webster one day last week.

## Northern Kentucky Unified Appeal Quota \$299,324

Northern Kentucky's quota for the United Appeal is \$299,324, it has been announced. Campaign volunteers in some divisions are already soliciting, for the drive began on September 9, with employees being asked to make a pledge where they work. October 12, when the house-to-house solicitation begins, 5,000 volunteers in Boone, Campbell and Kenton counties will be devoting their efforts to the success of the campaign.

The \$299,324 quota is a part of the overall goal of \$5,480,066 for 117 agencies in the five county Cincinnati area. In Northern Kentucky, 22 Community Chest agencies and 16 services of the Red Cross are depending on the United Appeal for their 1958 operational funds.

The goal represents an increase over last year's collections, and Milford Folger, Northern Kentucky U. A. chairman, points out that extra funds are needed to meet increased expenses and expanded services of the groups helped through the United Appeal.

### Serving In Korea

PFC Robert L. Hall, 24, son of Mr. and Mrs. Russell M. Hall, Florence, is assigned as an aidman in Co. C of the 7th Division's 31st Infantry in Korea. Hall entered the Army in July, 1956, completed basic training at Fort Chaffee, Ark., and arrived in the Far East April 1. He attended the University of Kentucky and was employed by the DeMolay Gas Co., Walton, before entering the Army.

### REVIVAL AT VERONA

Revival services will be held at the New Bethel Baptist Church, at Verona, October 13-20, with services each evening at 7:30.

The pastor, Bro. James Sowder, will do the preaching, and Bro. Powell Wilson, music director of the Highland Avenue Baptist Church of Elmwood Place, Ohio, will be minister of music. A cordial invitation is extended to everyone to attend.

## Florence Goes On Direct Distance Dialing Oct. 1st

Beginning Tuesday morning, October 1, residents in the Florence area will be able to dial directly to any number in the entire Cincinnati and Suburban Bell Telephone Company system. This includes Greater Cincinnati, Clermont County except Felicity, Butler County, five Kentucky Counties and many other places such as Franklin and Springfield, Ohio.

Customers in the Florence area, (Atlantic exchange) will have to dial 11 before dialing their toll number.

When a telephone customer in Florence dials directly to a toll number, an operator will call and ask for the customer's number only. With that exception the entire operation will be electronically handled through a series of systems known as Centralized Automatic Message Accounting, CAXA for short.

Electronic devices will record the toll number dialed by perforating a tape. When the customer gives his number, the number is punched on the tape for the customer's number only. With that exception the entire operation will be electronically handled through a series of systems known as Centralized Automatic Message Accounting, CAXA for short.

Electronic devices will record the toll number dialed by perforating a tape. When the customer gives his number, the number is punched on the tape for the customer's number only. With that exception the entire operation will be electronically handled through a series of systems known as Centralized Automatic Message Accounting, CAXA for short.

The next step is to change the assembled data on the second tape from tape perforations to IBM cards. Another electronic machine processes the tape and transfers all the information on the tape to the widely IBM cards. These cards are then sent through IBM accounting machines, which first figure out how much should be charged for each call, including tax, and then print the information on standard statements ready to be included in the customers' total bill.

Dayton, Ohio is expected to be added to Direct Distance Dialing in 1957 and within the next year or two such cities as Columbus, Detroit, Cleveland, and Chicago will be added.

Before too many years customer dialing will extend throughout the entire nation and to key points in Canada.

## Incentive Payments To Wool Growers Made In This Area

Wool producers of Boone County have received a total of \$4,185.80 in incentive payments for 25,007 pounds of shorn wool which they sold in the 1956 marketing year which ended March 31, 1957, it was reported this week by A. L. Stephens, chairman of the county ASC committee.

In Kenton county, according to Russell Rector, the ASC committee chairman, wool producers received a total of \$1,993.01 in incentive payments for 11,485 pounds of shorn wool sold the past year.

Producers in Kenton county have also received \$385.28 in incentive payments on sales of 88,682 pounds of unshorn lambs in the past marketing year, to compensate them for the wool on the animals. In Boone county, producers received \$1,479.80 in incentive payments on sales of 224,205 pounds of unshorn lambs.

The incentive payments received by producers are net after deductions of one cent per pound from shorn wool claims and five cents per hundredweight from unshorn lamb claims, as authorized in a referendum of wool growers in 1955. These deductions go into a national fund for the promotion of the wool and sheep industry. Such deductions in Boone county for the 1956 marketing year amounted to \$362.03, while in Kenton they amounted to \$159.02.

The shorn wool incentive payment rate for the 1956 marketing year was fixed at 40 percent of the dollar returns which participating producers received from the sale of their wool. This percentage is sufficient to bring the national average dollar return up to the incentive level of 62 cents per pound. The national average price received by wool growers in the sale of shorn wool in the 1956 marketing year was 44.3 cents per pound.

The incentive payment rate on unshorn lambs, for the 1956 marketing year, was 71 cents per hundredweight of live animals.

Substantially the same program as for 1956 is being continued for the 1957 wool marketing year, which began April 1. The wool incentive price is being continued at 62 cents per pound, grease basis. The payment rates for the 1957 program will be determined in mid-1958 when the average wool price on 1957 marketing becomes known. The wool and unshorn lambs must be marketed between April 1, 1957 and March 31, 1958, to be eligible for payment under the 1957 program. Applications for payments must be filed with the County ASC Office, where complete information on the program may be obtained.

The program was authorized by the National Wool Act of 1954 as a means of encouraging farmers to increase annual production of wool in the nation to 300 million pounds.

### Social Saturday Night

Johnson-McClure, American Legion Auxiliary, Unit 277, of Walton, is sponsoring a social Saturday, September 28, at 8:00 p. m., in the new home on High Street. Everyone is cordially invited.

### District Convention

The Eighth District Convention of the Christian Churches of Kentucky will be held Sunday afternoon from 2:30 to 9 at the Erlanger Christian Church.

William C. Blackwell, former pastor of the Goshen church will be the speaker in the evening with James C. Mack keynoting the afternoon study of organization.

### Leadership Conference

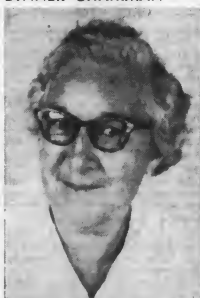

The Christian Women's Fellowship of the Eighth district will hold a leadership conference at the Walton Christian Church on Monday at fellowship hall from 10 until 3.

Presidents, secretaries, and ministers wives of all the churches of Northern Kentucky are invited.

### Beacon Class to Meet

The Beacon Sunday School Class of the Walton Methodist Church will meet Friday evening, September 27, at 7:30, at the home of Mr. and Mrs. Asa M. Rouse of Bedinger Ave.

### DINNER CHAIRMAN

Mrs. Pearl Grizzell

Mrs. Pearl Grizzell is chairman of the baked ham and chicken dinner at the Fall Festival of the Visalia P.T.A., on Saturday, September 28, from 4:00 to 8:00 p. m., at the school.

Mrs. Dewell Dillon is general chairman of the affair, which will also feature rides, fish pond, country stores, sandwiches, soft drinks, and a side show as an added attraction.

The dinners are \$1.25 for adults, and 75 cents for children, under 10. Admission is free, and the public has been invited.

## Woman's Club of Florence Has First Meeting of Season

The Florence Woman's Club held its first meeting of the season at the home of Mrs. William Fitzgerald. Mrs. Luther Bach and Mrs. Roy Lutes were co-hostesses. The business meeting was presided over by the president Mrs. Roy Lutes.

Major William G. Sellers of the State Highway Patrol gave a very interesting and enlightening talk on "Safety on the Highway." Major Sellers said that a courteous driver could possibly set up a chain reaction by doing a good turn for another motorist. That motorist, because he was the receiver of a kind act, would do the same for another one and thus it could be continued down the line.

Members present were Mesdames C. F. Blankenbaker, W. H. Campbell, Joke Cleek, Aline Canner, H. R. Daugherty, W. R. Davis, Sam Denham Jr., W. E. Dilts, William Fitzgerald, W. F. Foote, Juanita Hightower, H. Hoelker, A. A. Liggett, Roy Lutes, Herbert Riehl, H. B. Schmidt, Fanny Scott, Ralph Stith, G. R. Tanner, Jay Lutz, W. H. Wadsworth, and Mesdames Albert Hess, K. E. Lanter, Glen McCormick, Love Cook Ryder, and Miss Jane Scott.

### SAMUEL L. JACKSON

Services for Samuel L. Jackson, widely known retired Kentucky county farmer, will be held today (Thursday) at 2:00 p. m., in the Swindler funeral home, Independence. Burial will be in Independence Cemetery.

Mr. Jackson, who was 69 years old, died Monday at St. Elizabeth Hospital, Covington. He lived at Kenton Station. Mr. Jackson was a member of the Covington Eagles, Lodge No. 329; the International Order of Odd Fellows; Daughters of America, Kenton Villa Council, No. 64, and the Wilmington Baptist Church, Fiskburg.

Surviving him are his widow, Mrs. Bonnie Schoonover Jackson; a daughter, Mrs. Mayetta Ishmael, postmistress of Kenton Station; two sons, Ira Jackson of Cincinnati, and Robert "Boots" Jackson of Kenton; two brothers, Frank J. Jackson of Independence, and John Jackson of Morning View; six sisters, Mrs. Ann Frederick, and Mrs. Ellen Willis, both of Covington; Mrs. Isabelle Gulion and Mrs. Mary Minard, both of Ironton, Ohio; Mrs. Pearl Grizzell and Mrs. Florence Schmitzler, both of Kenton, and 11 grandchildren.

### Attend Plowing Matches

W. W. Worthington of near Piner, and Carl Sheriff of Williamstown, flew to Peebles, Ohio, on Wednesday last week, and attended the International plowing matches. An interesting day was enjoyed by both.

### Sells Fine Angus Cattle

Wilfred H. Tavin of Walton, recently sold 11 purebred Aberdeen-Angus and a registered Angus bull to Chester Brown of Union, Ky.

## Oyster Supper at Christian Church Friday Evening

The Crusaders class of the Christian Church is busy working since the first of the week under the direction of its president, Mrs. Lloyd Clements, to make this year's Oyster Supper the biggest yet.

The usual fine oyster stew has been brewing on the back burner, the luscious pies have been made, and the charming waitresses and waiters have been trained for their duties.

The class is anxious for a good turnout because of the final end which is the support of its program with the orphans of the home at Danville.

Plan to help the woman of the house by eating out Friday night. No cooking, washing dishes, or fussing over what to cook; just leave it to the Crusaders too solve all of these problems.

There will be plenty of food for those who do not care for sea food so there's no excuse for not coming. See you Friday night from 5 p. m. on.

### JAMES M. GAINES

James Matthews Gaines, a former resident of Boone County, passed away on Wednesday, September 18, at Jacksonville, Fla., where he had made his home for the past six years.

Mr. Gaines was born 88 years ago at "Elmwood," the home of his parents, the late Mr. and Mrs. Geo. T. Gaines, near Walton.

He is survived by a sister, Mrs. Mamie G. Bedinger of St. Petersburg, Fla.; a brother, George T. Gaines of Arizona; a niece and nephew, Mrs. Kahlin Logan and George Gaines Bedinger, both of Walton; and seven grand children.

Mr. Gaines was a brother of the late Mrs. Ben F. Bedinger of Walton, and a great-grandson of the late Abner Gaines who built the Gaines Tavern, now occupied by Mr. and Mrs. John Gault, Walton.

### Kenton Aid \$36,636

Residents of Kenton county received \$36,636 in August under Kentucky's four public assistance programs—old age assistance, aid to dependent children, aid to the blind, and aid to permanently and totally disabled, according to Commissioner of Economic Security Vego E. Barnes.

The payments were listed for the county: Old age assistance, \$26,390; aid to dependent children, \$7,503; aid to needy blind, \$887; and aid to needy disabled, \$1,857.

### New Bethel Baptist Church

You are invited to attend any of the services at New Bethel Baptist Church, Verona.

Sunday school each Sunday at 10 a. m.; worship service Sunday morning at 11; worship service each Sunday evening at 8:00; prayer meeting every Wednesday at 8:00 p. m. You will find a warm welcome, and people who love the Lord.

## Taylor Mill PTA Hears of Crowded School Conditions

The first meeting of the Taylor Mill School P. T. A. was held on Monday, Sept. 16, with Mrs. R. L. White, president, presiding.

The faculty was introduced by Bruce Clark, assistant principal and teacher. Mr. Clark also welcomed the large number of parents present. He announced there were 659 children enrolled with a faculty of 21 teachers. Four classes are set up in Oak Ridge Baptist Church with 109 of the children attending classes there.

Arrangements for the annual Halloween carnival, to be held at the school, Saturday, October 26, were made. Mrs. Roscoe Eggers is chairman of this event.

All officers, chairmen and co-chairmen were introduced by Mrs. White. The room-count award was won by Mrs. Hucker's first grade and Mrs. Smith's fifth grade.

Refreshments were served in the cafeteria following the meeting, with Mrs. Burgoyne, Mrs. Menefee, Mrs. Holyday and Mrs. Perry, social committee, in charge.

## Candidates File For Nov. City Elections

### MRS. LIVIA CHANDLER

Mrs. Livia Chandler, a resident of Walton for many years, passed away Friday, September 20, at the home of a daughter, Mrs. Ernest W. Collins, of near Warsaw. Her home was near Crittenden.

Mrs. Chandler, who was 73 years of age, leaves her husband, Oscar Chandler; another daughter, Mrs. Robert R. Rose of St. Petersburg, Fla.; two brothers, Clark and Robert McClain, both of Missouri, Mont.; a granddaughter, Mrs. H. H. Morris of Louisville, and two great-grandchildren.

The Rev. George W. Hoffman, of Wilmore, Ky., a former pastor of the Walton Methodist Church, of which Mrs. Chandler was a member, officiated at services Sunday at 2:00 p. m., at the Chambers & Grubbs funeral home, Walton. He was assisted by the Rev. John R. Wheaton, present pastor of the church. Burial was in Hillcrest Cemetery, Dry Ridge.

### State To Stock Farm Ponds In Boone County

Back-yard fishing in Boone County is slated for more special attention from the Kentucky Division of Fisheries next week as special fisheries crews begin shellcracker stockings in feeder ponds throughout the county.

The deliveries wrap up this year's farm pond stocking program, designed to improve the over-all fishing picture in Kentucky by providing good "back-yard" fishing in each county of the state through well-stocked farm ponds. Bass, bluegill and shellcrackers are provided free-of-charge by the Kentucky Division of Fisheries to farm pond owners who request them. Bass and bluegill deliveries have already been made.

A fine food fish, the shellcracker is a member of the sun fish family, and grows to between a pound and two pounds. They mature, generally, in a year.

More than 8,100 farm ponds have been stocked in Kentucky this year by the Farm Pond section of the Division of Fisheries under the direction of J. T. Cox.

### ELWOOD L. CASE

Elwood LaFayette Case, former resident of Crittenden, died early Saturday at St. Elizabeth Hospital, Covington. He lived at 3210 Walton Ave., Covington, and was 80 years old.

A retired farmer, he was a member of Lebanon Presbyterian Church and Latonia Lodge No. 746, Free and Accepted Masons, Covington.

Surviving him are three daughters, Miss Bess Case, with whom he lived; Mrs. Jennie Hilgeman and Mrs. Martha Williams, both of Covington; a son Charles Case, Covington; a brother, William Case, Crittenden, and two grandchildren.

Services were conducted Tuesday at the Chambers and Grubbs Funeral Home, Walton. Burial was in Hillcrest Cemetery, Dry Ridge.

### CHARLES H. JONES

Charles H. Jones, retired wood finisher for Globe-Wernicke Co. of Norwood, Ohio, died September 19, at the home of a son, Harold Jones, Burlington, Ky., who was 73 years old, had been a Globe-Wernicke employee for 31 years.

He was a native of Pulaski county, and had lived in Blue Ash, Ohio for 17 years prior to his retirement. He was a veteran of the Spanish-American War.

Survivors include his widow, Mrs. Minnie B. Jones; two sons, the one with whom he lived, and a second, Clifford Jones of Deer Park, Ohio; two brothers, Thomas B. Jones of Cincinnati, and Clyde W. Jones of Montgomery; two sisters, Mrs. Belle Sears of Blue Ash, and Mrs. Laura Bolton of Ula, Ky.; three grandchildren, and two great-grandchildren.

Services were held at 2:00 p. m., Sunday, at the Stith funeral home, Burlington. Burial was in Burlington Cemetery.

## Three Running For Police Judge Here

There is a completely new situation in the towns and small cities in this area are selecting their officials on November 5, and last Friday was the closing date for filing. Considerable interest seems to have arisen in most of them.

### Walton City Council

The Walton situation is that only one of the old Council is seeking reelection, and that is Robert W. Stephenson. Two other independent men are running: Joseph Louderback and Edward A. Berkemeyer.

There is a completely new ticket for Walton City Council, and is called the "Fixem" group, namely: Bryan Rector, Raymond Brewster, J. B. McCubbin, Chester Armstrong, D. K. Johnson, and Donald Stephenson.

Leon B. Hall, present mayor, is seeking re-election without opposition.

### Walton Police Judge

The office of Walton Police Judge seems to have drawn the most candidates and the most interest as well. Three men, James S. Webster, Dave Workman, and Robert Brugh are candidates for the office. The interest in this race is keener than for many years. Webster is seeking re-election, having served for a number of years.

### Independence Ticket

In Independence, the following candidates have filed: Police Judge, Harry Huesman and Howard Stephenson; trustees, Howard Bowen, Robert Russell, Bernard Doud, William Bach, and Fred White.

### Taylor Mill Candidates

Taylor Mill will have the following candidates: Police Judge, Robert Halberstadt; trustees, R. Vernon Barsthorpe, Charles Gail, R. L. Marshall, Barnett Noel, Arthur Kuntz, Edwin Egger, Dudley Martin, and James T. Pierson.

## Fire Protection Premium Time In This Section

Rural fire protection premiums are due October 1 for 1957 to October 1, 1958, according to the Walton Volunteer Fire Department, who have issued the following statement:

"To those of you who we have served in any way in the past, we are glad to have been of service; to those of you who haven't needed help in fighting fires, we are always ready to come to your aid—no questions asked except your location and name.

"This year, we lost 12 young men through an old state law concerning age limits. We have replaced most of the young men since and are trying to keep up our training program to better aid all the people in Walton and surrounding area.

"The renewal rates are \$5.00, \$3.00 and \$2.00 for three or more buildings, two buildings, and one building, respectively. Rates for new protection premiums are, three or more buildings, \$15.00 per acre; two buildings, \$10.00, and one building, \$5.00.

"If you need the fire department for fighting your fires, finding lost children, or any emergency, call Walton 2000. Give the purpose of final organization. All Masters, Past Masters, Wardens and Secretaries of Boone county are urged to attend.

### Masonic Club to Meet

The Boone County Masonic Club will meet at the Burlington Masonic Hall on Sunday, September 29, at 4:00 p. m., for the purpose of final organization. All Masters, Past Masters, Wardens and Secretaries of Boone county are urged to attend.

About three million acres of forest land in the eastern U. S. were sprayed this year to control the gypsy moth.

A bushel of tomatoes weighs about 50 pounds, and an average home about 15-20 quarts of canned tomatoes.

## Weed-Free Tobacco Beds

Here's how to do it. Sprinkle VAPAM on your seed beds now. In the next 30 days it kills all those weeds and grasses, germinating weed seeds, soil fungi and those invisible nematodes. Come seedling time you have the healthiest soil in the state! You get more seedlings per square yard — up to twice as many. And only a few — if any! — weeds. Your seedlings are really strong and vigorous. You can transplant fast for the best crop you've ever seen.

Result is hundreds of dollars saved in back-breaking work and weeding costs. Yet VAPAM costs only a penny per square foot. Make more profit next year! Don't share your crop with weeds and soil borne diseases. Put VAPAM on your seed beds now. No special equipment needed. It's so easy and safe to sprinkle on. You get stronger seedlings, weed control and more profit. Do it now for best results. Approved by the Department of Agriculture for all food and fibre crops.

Stauffer Chemical Co., Inc.  
Tampa, Florida

# Social

Mrs. Annabelle Lancaster is visiting relatives in Indiana.

Mrs. William Parker, Mrs. Robert Horn, Mrs. Richard Ryan, and Mrs. Floyd Humphrey were Wednesday dinner guests of Mrs. Howard Stephenson.

### CRITTENDEN

Mr. and Mrs. Charles Speagle entertained on Sunday of last week, Mr. and Mrs. Julian Wills and daughter, Vicky, of Williamstown, and Mr. and Mrs. Roy Speagle of near Sherman.

Mr. and Mrs. H. Hugh and baby of Covington, have moved into the David Mann apartment.

Mr. and Mrs. Marvin Waller entertained on September 15, Mr. and Mrs. Earl Jones of Eads Road, Miss Anna Wolfe and Mrs. Nora Bush, both of Covington.

Mrs. George Hedges of Dry Ridge, spent one day recently with her sister, Mrs. Bertha Hitch.

Mr. and Mrs. Austin Lee Vest and three children of Madisonville, were recent weekend guests of Mr. and Mrs. George Roberts and family. Mr. and Mrs. Billy Ray Hitch of Covington, and Mr. and Mrs. Kenneth Hitch of Erlanger, were visiting their mother, Mrs. Bertha Hitch, and brothers, Don and Charley Hitch recently.

Mr. and Mrs. Kenneth Elliott of Clearwater, Fla., arrived here Sept. 14 for a two weeks stay with friends. Mr. and Mrs. Earl Jones and Mr. and Mrs. William Johnson were visiting in Mason, Ohio, recently.

Jahnnie Hise escaped injuries recently when a car overturned on Flingsville Road. The car was severely damaged.

Elwood Case, formerly of this place but now of Covington, is in St. Elizabeth Hospital. His condition is serious. Mrs. Ernie Peebles, Mrs. Belle Peebles and Mrs. Martie Justice, all of Bracht, visited Mr. and Mrs. Walter Cooke recently.

### Staffordsburg

Mrs. G. W. Klein was a luncheon guest of Mrs. Ruth Klette of Park Hills, on Wednesday. Also a guest was another old schoolmate, Mrs. Katherine Bird.

Mr. and Mrs. J. W. Parish entertained on Saturday, the following members of the Parish family of Bloomfield, Ky., Mr. and Mrs. Clyde Carney, Mr. and Mrs. Ira B. Parish, Misses Lulie and Verlie Parish, and Mr. and Mrs. M. B. Parish. Then on Sunday, they enjoyed the company of Mr. and Mrs. Merle Powell and son, Mark, of Eminence, Ky. We are glad to learn that Mrs. Corsey Brinkley is home since Friday and did not have surgery as was reported last week.

Mr. and Mrs. Charles Losey were guests on Sunday of Mr. and Mrs. William House of Independence.

Mr. and Mrs. Morris Wharton and children of Dayton, Ohio, spent Saturday with relatives here.

Rev. and Mrs. Roy Martin and children of LaGrange, were the Friday evening and Saturday guests of Mr. and Mrs. J. J. Barnett.

Ralph Heitman is still in a serious condition at St. Elizabeth Hospital. Several neighbors have visited him.

Several from this community attended the Fall Seminar of the W. S. C. S. at Trinity church, Latoto, on Monday.

### OAK RIDGE

Mrs. Paul Newsom is visiting her mother in Tennessee.

Mrs. Nina Harris continues to improve at her home and is able to be up most of the day. She enjoys having visitors now.

Mr. and Mrs. Charles Germany of Baton Rouge, La., are visiting their daughter, Mrs. Joseph Wren, of Taylor Mill Pike.

Chester Tallent entertained the men of his Sunday School class with a watermelon party in the yard of his father-in-law's home Saturday night. Those present included Rev. Frank Wilkerson, Jack King, Charles Asch, Eugene Gatewood, Jesse Bailey, Lewis Collins, Napoleon Richardson, H. R. Hutchins and Mr. Tallent.

Donnie Jones fell out of the top of a big tree while playing and was knocked out. He suffered a slight concussion but otherwise was not seriously hurt. He spent a couple of days in bed but is now all right.

Hubert King is having his service station remodeled.

Our former neighbor, Ted Free, and his wife, who now live in Gainesville, Fla., are visiting in the neighborhood this week. They left their two boys in Florida, as Harvey is in high school and Jim is a second year medical student at the University of Florida.

Ernest Richardson left Friday for Lexington, where he is a junior at the University of Kentucky.

Mr. and Mrs. Edward Rust attended the world plowing matches at Morrow, Ohio, last week.

#### NOTE OF APPRECIATION—

Words cannot express my sincere thanks and appreciation for the many cards, calls, prayers and acts of kindness given me during my illness. May God bless each one of you.

## Visalia PTA Hears Report On Progress In County Schools

J. A. Caywood reported on the progress being made in the Kenton County Schools due to the new school tax levy, at a recent meeting of the Visalia P.T.A. He called attention to the improvements of the Visalia School, including linoleum on the floors, new furniture in classrooms, and near completion of the new lighting system. He said plans were being drawn for the new additions to the various schools.

Mrs. Harold Buxton presided and gave reports from the Kenton County Council and the school of instruction. Plans were completed for the Fall Festival to be held at the school on Saturday, September 28, from 4:00 to 8:00 p. m.

The following officers and chairmen will serve the coming year: President, Mrs. Harold Buxton; vice president, Mrs. John Pettit; secretary, Mrs. Robert Holderman; treasurer, Mrs. Fred Weitzel; spiritual education, Mrs. Bernard Budke; music, Mrs. Ed Patzinger and Mrs. Wendell Jackson; publicity, Mrs. Harry Figgins, Jr.; membership, Mrs. Charles Grizzell; by-laws, Mrs. John Redman; magazines, Mrs. Dewell Dillon; program, Mrs. John Pettit; Founders' Day, Mrs. James Osborne; hospitality, Mrs. Everett Wilson; historian, Mrs. James Crouch; civil defense, Mrs. Roy Hammond; budget and finance, Mrs. Fred Weitzel; Mrs. Howard Frederick and Mrs. Dewell Dillon.

Mrs. Robert Prince was introduced as the new third grade teacher. Mrs. Wilmer Steinhauer's sixth grade won the attendance award.

Refreshments were served by the third grade room mothers.

## Basketball Meet at Florence

An organizational meeting of all Churches of Boone County for the purpose of sponsoring League Basketball Teams, will be held on Thursday, October 3rd, 7:30 p. m., at the Florence Christian Church.

These possible leagues will be considered: Jr. league for boys 14 and under; Intermediate league for boys 19 and under; and a Senior league.

A representative from each church should be present to help with the planning.

## Literary Club to Meet

The regular meeting of Walton Woman's Literary Club will be held at Phoenix Restaurant, Wednesday, October 2, beginning at 2:30 p. m. with Mrs. C. Scott Chambers and Mrs. Barnett W. Franks as hostesses.

The guest speaker for this meeting will be Attorney Asa M. Rouse.

## Dinner at St. Matthews

Rev. Al Griesinger, pastor of St. Mary's and St. Matthews Churches, announces there will be a Baked Chicken and Roast Beef Dinner and Festival at the St. Matthews School, White Villa, Ky., September 29th.

Serving begins at 1 o'clock. Everyone welcome.

## To Confer Degree

Walton Lodge No. 719, F.&A.M. will confer the Fellowship degree, Saturday evening, September 28th at 8 p. m.

Charles B. Roberts, William B. Jones and Paul G. Hughton are the candidates for initiation in this degree.

All members are requested to be present.

## Oak Island Homemakers

The Oak Island Homemakers held their September meeting at the church, with Mrs. Arthur Steady presiding. Devotions were given by Mrs. Frank Jackson.

Officers for the coming year are: President, Mrs. Edward Kerry; vice president, Mrs. Robert Wainscott; secretary and treasurer, Mrs. Russell Rector. Mrs. Wainscott named the following committees: Reading, Mrs. Donald Riddell; program, Mrs. Cecil Northcutt; citizenship, Mrs. Sherman Barberick; publicity, Mrs. Albert Martin; and membership, Mrs. Robert Wainscott.

## Homecoming at Goshen

Homecoming at the Goshen Christian Church, Pines, will be observed on Sunday, October 6, with an all-day event. Services will be held both morning and afternoon, with a basket dinner at noon. Sunday School will begin at 10:00 a. m., with worship at 11:00 a. m., and in the afternoon an old fashioned hymn sing will be held. All members and friends are cordially invited to attend. Bro. Albert Morgan is pastor of the church.

## Annual Swine Meeting

The annual Boone county swine meeting will be held on the farm of R. J. (Dick) Schwenk, in the East Bend Bottoms, Tuesday, October 1, at 2:00 p. m.

Grady Sellards, swine specialist of the Experiment Station, University of Kentucky, will be the speaker, discussing pig production and feeding of hogs.

All farmers are invited to attend this meeting that they may be able to raise market pigs more economically.

## Revenue Dept. Starts Program of Enforcement

A project to strengthen enforcement against delinquent income taxpayers has been launched by the Kentucky Revenue Department, it was announced by Commissioner J. E. Luckett.

The project began in border areas of the state, where Kentucky residents work for out-of-state employers, who, in many cases, do not withhold Kentucky income tax from wages or salaries.

Also included in the program are individuals who are self-employed or have other sources of income. The department has a special field staff operating from the Covington office, since that area is adjacent to the largest out-of-state metropolitan district. This special field staff will use all available sources of information to discover delinquent taxpayers, Luckett said.

He emphasized that the program is aimed at delinquents only. Taxpayers who have filed returns properly and paid their tax have no need for concern. He said that evaders place an unfair burden on honest taxpayers and that the state has an obligation to protect the good citizens by going after the delinquents.

For the benefit of any person who may wish to straighten out his tax matters, the Covington office, located at 4th and Garrard Streets, will be open extra hours—from 8:00 a. m. to 9:30 p. m.

## NOTICE OF SALE—

I will sell at public auction for storage bill, on Saturday, October 5, 1957, at 10:00 a. m., at Gene's Auto Parts, Walton, Ky., one 1951 Ford pickup truck, motor number F1R1H49244, Ohio license number 4-B-792. 21-39\*

**Goshen Christian Mission**

The Goshen Christian Mission met at 10:30 a. m., September 10, in the church basement for its regular monthly meeting.

New officers are: President, Mrs. Janie Morgan; vice president, Mrs. Goldie Glenn; treasurer, Mrs. Inez Vastine; secretary, Mrs. Rachel Daniels; and reporter, Mrs. Edna Callen.

Business was conducted and plans were made for an all-day basket dinner on the grounds on Sunday, October 6. Everyone is welcome. An old fashioned song festival will be held in the afternoon, and anyone who wishes to is urged to attend with a special number in song.

The offering of the day was sent to Ray and Barbara Goldberry, missionaries in Africa, who are sponsored by the Goshen church.

A delightful covered-dish luncheon was enjoyed at noon, with Ruby Worthington as hostess.

The devotional program was led by Mrs. Esther Glenn on the book of Jonah. A story portrayed the running away of Jonah from God. Taking part were Goldie Glenn, Edna LaFollett, Mollie Sebree, Ruby Worthington, Rachel Daniels and Edna Callen.

Those present for the day were: Mrs. Esther Glenn, Mrs. Goldie Glenn, Mrs. Mollie Sebree, Mrs. Ruby Worthington, Mrs. Edna LaFollett, Mrs. Rachel Daniels, and Mrs. Edna Callen. The "small fry" were David Worthington, Donald Glenn, and Rhonda LaFollett.

The next meeting will be held on the second Wednesday of October.

**MISS KENTUCKY IS A TALENT WINNER**

Jane Marvin Brock, Miss Kentucky of 1957, won top honors in the talent contest at the annual Miss America Pageant in Atlantic City.

The 19-year-old University of Kentucky senior tied with Miss Utah for the best musician among 51 contestants from most of the states, territories and several cities. Both girls received cash prizes of \$1,000.

Jane, the daughter of Mr. and Mrs. Lawrence C. Brock of Liberty, Casey county, played the dulcimer, an instrument given her by her grandmother. Dressed in native costume, she played folk songs which delighted the crowds and won her top honors.

A recent issue of Life magazine carried a picture of Miss Kentucky playing the dulcimer.

**Baptist WMS Meets**

Walton Baptist W. M. S. met at the church Thursday Sept. 19.

Mrs. Helen Chance called the meeting to order by the group repeating the "Watchwords."

Mrs. Chance informed us there would be a "Stewardship Night" before the end of September. It was voted to give \$5.00 to the "Margaret Fund" also to pay for Y. W. A. Girls "Keys."

The Program "Pakistan, New Field For Southern Baptist," was taken from the "Royal Service," with Mrs. Percival giving the Devotional. Talking part on the program were, Mrs. Edith Gerth, Mrs. Blanche Franks, Mrs. Virginia Kacaba and Mrs. Emma Tackett. The program was concluded with prayer for our missionaries.

Those attending the meeting were, Mrs. Helen Chance, Mrs. Viola Steers, Mrs. Anna Johnson, Mrs. Gertrude Daniels, Mrs. Relda Powers, Mrs. Maude Wilson, Mrs. Blanche Franks, Mrs. Grace Knox, Mrs. Edith Percival, Mrs. Bess Conrad, Mrs. Hollie Cook, Mrs. Virginia Kacaba, Mrs. Emma Tackett, Mrs. Edith Gerth, Mrs. June Brewster, Mrs. Julian Shields, Mrs. Bonnie Woods, Mrs. Leona Jump, Mrs. Wilma Winburn, Mrs. Mary Rector, Mrs. Bertha Soden, Mrs. Virgie Fisher, Mrs. Anna Stevens and we were pleased to have Mrs. Clark as a new member.

Those present for the day were: Mrs. Esther Glenn, Mrs. Goldie Glenn, Mrs. Mollie Sebree, Mrs. Ruby Worthington, Mrs. Edna LaFollett, Mrs. Rachel Daniels, and Mrs. Edna Callen. The "small fry" were David Worthington, Donald Glenn, and Rhonda LaFollett.

The next meeting will be held on the second Wednesday of October.

**Kenton Class Meets**

The Willing Circle Class of the Kenton Baptist Church met at the home of Mr. and Mrs. Alton Stephenson recently.

Song, "Take the Name of Jesus With You," Psalm, "The Way, Scripture John Aversed 34 through 42, and prayer was given by Mrs. Frank Kuriger.

Officers elected for the new year were: Mrs. John Grizzelle, President; Mrs. Adams, Vice President; Mrs. Henry Hawkins, secretary; Mrs. Walter Roden, Treasurer; Mrs. Arthur Steeley, Publicity; Mrs. Frank Kuriger Chaplain.

Others who attended were, Mrs. Ann Nokes and son, Mrs. Al Pretot, Mrs. Albert Sharp, Mrs. John Riggs, Judy and Johnny Stephenson.

Our October meeting will be with Mrs. John Grizzelle.

**New Bethel WMS Meets**

The W. M. S. of New Bethel Baptist Church, Verona, met on Friday, Sept. 13, to observe a Week of Prayer. The meeting was called to order by Mrs. America Sturdivent. The theme for the week was, "Building for Christ in Kentucky."

There were 22 members and three visitors enjoying the day. A pot-luck lunch was served.

The group was indeed happy to welcome the new pastor, James Sowder, and his wife. He gave the devotional for the week, and she joined the society as a member.

**Water-Soaked Soil Causing Trouble In Alfalfa Stands**

Excessive rainfall in Kentucky, making soils in some areas water-soaked, probably is the reason many alfalfa stands have a generally unhealthy appearance, being stunted, yellowed and with much leaf-loss.

The Kentucky Experiment Station agronomy department said this week that "while it is possible leaf and stem diseases, leaf-hopper insects and boron deficiency may be contributing to a certain amount of the trouble, it appears the major portion of the difficulty is the result of water soaked soil."

Soils normally considered well-drained, especially in western Kentucky, have become water-soaked, the agronomists noted. Alfalfa is adapted to well-drained soil and will not thrive on poorly-drained or water-soaked soil.

Stands probably will recover when rainfall decreases, if the stand is on normally well-drained land, the agronomists believe. For that reason, farmers should not destroy a stand which now appears useless.

Mow the recovered alfalfa when it blooms, the specialists say, and check the soil for potassium content; potassium may have been leached out by the heavy rains; if the soil is deficient, topdress with muriate or a high potassium fertilizer.

In rainfall-deficient years, farmers planted alfalfa on land which normally is poorly drained and having good results. Return of normal or excessive rainfall therefore causes trouble.

**Burlington Rd. Homemakers**

The September meeting of the Burlington Road Homemakers was held in the home of Mrs. Arthur Ammon, Thursday, Sept. 12. The lesson on "table setting" was given by Mrs. Lester Muff.

The following members were in attendance: Mrs. E. R. Royek, Mrs. Lester Muff, Mrs. Russell Wilmoth, Mrs. Richard Ammon, Mrs. Robert Ammon, Mrs. William Tupman, Mrs. Violetta Eastman, Mrs. R. M. Lucas, Mrs. Charles Rehmann, Mrs. A. Ricer, and Mrs. W. A. Dohy. A covered-dish luncheon was served.

The next meeting will be held at Mrs. Alfred Becker's, Lloyd Ave., Florence, on October 10.

**Beechgrove Homemakers**

A reading of the "Homemakers' Beatitudes," by Mrs. Vera Ott, the reading chairman, opened the fall session for the Beechgrove Homemakers of Kenton county. Mrs. Greg Bramlage, who has been ill for some time, was remembered with a silent prayer for her speedy recovery.

Under "old business," completion of plans for a "Whinn Party," sponsored by the group for October 24, were made, and under "new business," the program for the coming season was given by Mrs. William Endres, retiring president.

Nomination and election of the following officers was held: Mrs. Frank Robinson, president; Mrs. Frank Afterkirk, vice president; Mrs. F. M. Powers, secretary; Mrs. Roy Kumler, treasurer; Mrs. Raymond McHale, publicity. The following appointments of standing committees were made: Mrs. Marvin Praeter, program; Mrs. William Endres, citizenship; Mrs. Vera Ott, reading; Mrs. H. C. Clark, exterior beautification; Mrs. Gus Schadler, progress.

Those members enjoying the hospitality of Mrs. H. C. Clark, with Mrs. William Endres assisting, were: Mesdames Roger Robinson, Frank Afterkirk, F. M. Powers, Roy Kumler, Louis Lee, William Clinkenbeard, Marvin Praeter, Vera Ott, Gus Schadler, Stanley Parker, Raymond McHale, Russell Quick, and E. A. Sterling. Mrs. Cassia Reynolds is always a welcome guest.

The October meeting will be held at the home of Mrs. Louis Lee with Mrs. Roy Kumler, co-hostess.

**Surprise Birthday Dinner**

Mrs. Ray Sparks gave a surprise birthday dinner for Gladys Stephenson Charlie Sparks, Dick Readhour and James Dudgeon of Aurora, Ind., on September 18th.

Those present were, Mrs. Clem Readhour and children, Mr. and Mrs. Cliff Readhour and children, Mr. and Mrs. Howard Moore and son, Mrs. Jennie Atha and son, Mrs. Edith Black, Mr. and Mrs. Russell Sparks and Charlie Sparks, Mr. and Mrs. Bernard Stephenson and sons, Ann Dudgeon, Mr. and Mrs. George Sparks and sons, Mr. and Mrs. Ralph Sparks and daughters, Mr. Jack Stephenson and son, Mr. and Mrs. Marion Stephenson, Mr. and Mrs. Raymond Stephenson and sons, Walter Puckett, Mrs. Joe Poole and children, Jimmy Hantz, Mr. and Mrs. James Dudgeon, Evening callers were, Mr. and Mrs. Rennie Phipps, Mr. Donnie Warran of Ohio.

Everyone left wishing them many more happy years.

The host and hostess were Mr. and Mrs. Ray Sparks, Dorothy, Louise, Pete and granddaughter Karen Sue.

A simple electrical device may some day help farmers tell when to irrigate. The device measures the moisture stress in a plant which indicates the plant's moisture needs.

**Ants Easily Controlled With Chlordane Spray**

When ants make a sudden appearance in the kitchen, reach for a chlordane spray, say Extension home management specialists at the University of Kentucky.

A 2-percent oil base chlordane spray is easy to apply and sticks to walls and other up-and-down surfaces where ants often crawl in a regular line of march. The spray dries to an almost invisible coating and is less likely to stain, spot or streak than other sprays. It is particularly recommended for household use by the U. S. Department in Washington.

If preferred, you may brush the spray on with a small paint brush to get it exactly where you want it, and also avoid any danger of drifting spray mist.

Chlordane is effective out-of-doors, too, and is the only insecticide recommended for general use against ants in the vegetable garden. An application there will kill the ants quickly, and prevent a reinfestation for several months.

Chlordane may be bought in the form of a spray, drench, dust or granules in hardware, drug or department stores. Before buying, check the label to be sure you are buying one that contains chlordane. For a single free copy of the revised edition, "Ants in the Home and Garden," (HG 28) write to the Office of Information, USDA, Washington 25, D. C.

Color is not a reliable guide to pear ripeness. Some varieties will be green in color when ripe, others may be yellow when not fully ripe.

A new non-winter-hardy alfalfa resistant to the spotted alfalfa aphid has been developed by the USDA-ARS.

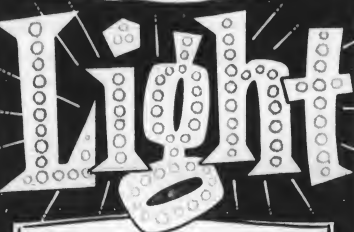

I'll have you know that every person in our department gives at least 12 minutes' pay every week to the United Appeal.

## THE BIBLE SPEAKS

International Division  
Sunday School Lessons  
BY DR. KENNETH J. FOREMAN

### Patriot in Action

Lesson for September 29, 1957

THERE is no closed season for patriotism. You might think there was, for there is a rash of patriotic speeches and editorials along about the fourth of July, and on Washington's Birthday and similar occasions. This time of year people seem to be thinking more about the hunting season, and school openings, than about our wonderful country. Now, let us admit that patriotic speeches the year around, would be a dreadful bore. Fireworks and oratory every night are not called for. Nevertheless it is true: there is no closed season for patriotism. There is a daily need for patriots.

Dr. Foreman

### Counterfeit Patriotism

Patriotism is not noise, not speeches. The patriot is not the man who brags about his country the most. Travelers abroad from America know the nuisance type of tourist who is forever complaining, wherever he is, about nearly everything, loudly telling the world that "We have it better in the States." Such a man is not doing America any good. Hanging out the flag on important days is a good practice, but a man's patriotism is not to be measured by the regularity of his flag-displays. Furthermore, a true patriot is not one who thinks of his own stock as the true Americans, and all others as not quite it. A man like this will think of descendants of earlier immigrants as antiquated, out of touch with life; and the descendants of those immigrants who came later he thinks are "really" European or something, never quite Americans.

### Initiative

Many patriots' portraits are to be found in the Bible; Nehemiah is one of these. He was a governor of Jerusalem, under the Persian Empire, more than a hundred years after Jerusalem's freedom had been lost. Jerusalem had had a string of governors before; but not one of them, or all of them together, accomplished for that city and its people what Nehemiah did in his term of office. He was a true patriot, one whose services really benefit his country, one who renders services without asking payment in return; or if he is a man on salary, as Nehemiah seems to have been, he goes beyond what he is paid to do. Nehemiah never had to be pushed or prodded. He was out in front, seeing what had to be done and starting to do it, while other men slept.

### Leadership

There have been patriots without much power or gift of leadership; but surely a better type of patriot is a man or woman who can stir other people to serve their country too. This Nehemiah is famous for building a wall; but he may never have laid a brick, personally. He did something far more miraculous than that; for the first time in 140 years, he got the people of Jerusalem hard at work at what they should have been doing long before: getting a wall built around their little city. The people "had a mind to work," but it was their governor who inspired this ambition in them. The great patriots of every nation's history.—David, Scipio, Henry V., George Washington, Syngman Rhee, and all the rest, have been men from whom as from a dynamo electric current flowed to vast numbers of their countrymen. Under their leadership, weak men were brave, discouraged men full of hope.

### Religion

Religion, in any nation, is not like an auxiliary water tank, for the use of the fire department,—something that can be tapped in an emergency and then turned off again when the trouble is over. Religion if it is worth anything is more important than patriotism, just as God is more important than any country. Nevertheless, though God refuses to be used as a political ally, as Hitler and others have tried to use him, other things being equal the man with the most vital religion makes the best patriot. For religion is first and last a reliance upon God, as supreme Helper and as final Judge. Nehemiah's religion comes out in many ways, but it is plain that he was no once-a-week believer. His faith in God was woven into all his actions. He never spent long hours in prayer; but there was no corner of his life shut off from it.

## REMEMBER?

Being a child isn't nearly so much fun when it's happening, as it is when you look back on it!

Somewhere we remember, when we get a little older, just how much better strawberry shortcake tasted then, and how special each day seemed. We forget the scraped knees, the hurt feelings, the times when we were naughty and got punished!

Most of us belonged to some particular church in our childhood. Looking back, it often seems like it was the best church in the world. Yet... like so much of what we remember of childhood... it wasn't really—BECAUSE ALL CHURCHES ARE WONDERFUL.

"In My Father's House Are Many Mansions." Jesus wasn't speaking of earthly houses. Yet, on earth, God has many mansions too. Your church... anybody's church... is one of them.

Go to Church this Sunday, especially if you haven't been for a while. You'll find that going to church now is a lot better than just remembering the church of your childhood.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values without a strong Church neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself. For the needs of his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Malachi	4	1-6
Monday	John	14	1-9
Tuesday	John	20	24-31
Wednesday	Corinthians	9	6-13
Thursday	Philippians	2	1-11
Friday	Philippians	3	12-18
Saturday	Revelation	7	9-17

# Commissioner's Sale

Commonwealth of Kentucky  
Boone Circuit Court  
**NOTICE OF SALE**  
General Building, Savings  
& Loan Association — Plaintiff  
versus  
Gilbert Maxwell, et al. — Defendant

By virtue of a judgment and order of sale of the Boone Circuit Court rendered August 12, 1957, in the above cause, I shall proceed to offer for sale at the Court House Door in Burlington, Kentucky, to the highest bidder, at public auction on Monday, the 7th day of October, 1957, at One O'clock P. M. or thereabout (being Motion Court Day) upon a credit of 6 and 12 months, the following described property to-wit:

Being in the Town of Walton, Boone County, Kentucky, having a frontage of one hundred (100) feet on the west side of the Covington and Lexington Pike (now U. S. No. 25 and Main Street of Walton, Kentucky), and being one hundred (100) feet in the rear and extending back between parallel lines two hundred (200) feet to an alley, and being more particularly described as Lots No. A One (1) and A Two (2) of Clark's Addition to the Town of Walton, the plot of which is recorded in Plot Book No. 1, Page 39 of the Boone County Records at Burlington, Kentucky.

For the purchase price, the purchaser must execute bond, with approved surety bearing legal interest from the day of sale, until paid, and having the force and effect of a

judgment. Bidders will be prepared to comply promptly with these terms. Amount to be raised by sale \$11,451.11 together with interest and costs herein expended.  
R. S. HENSLEY  
Master Commissioner  
Boone Circuit Court

## COMMONWEALTH OF KENTUCKY DEPARTMENT OF HIGHWAYS NOTICE TO CONTRACTORS

Sealed bids will be received by the Department of Highways of its office, Frankfort, Kentucky, until 10:00 A. M., Central Standard Time on the 4th day of October, 1957, at which time bids will be publicly opened and read for the improvement of:  
BOONE COUNTY, S 632 (2); RS 8.530 — The Union-Rabbit Hosh Road, from 5.01 miles east of Rabbit Hosh (End of S 632 (1)) (extending in an easterly direction to a point approximately 2.1 mile west of U. S. 42 at Union, a distance of 4.536 miles. Grade, Drain and Traffic Bound Surface.

The Special Provisions for Highway Projects, financed with Federal Highway Funds apply on the foregoing project.

The attention of the prospective bidders is called to the prequalification requirements, necessary for securing certificate of eligibility, the special provision covering subletting or assigning the contract and the Department's regulation which prohibits the issuance of proposals after 9:00 A. M. CENTRAL STANDARD TIME on the day of the opening bids.

NOTE: A CHARGE OF \$2.00 WILL BE MADE FOR EACH PROPOSAL. REMITTANCE MUST ACCOMPANY REQUEST FOR PRO-

POSALS FORMS. REFUNDS WILL NOT BE MADE FOR ANY REASON. Further information, bidding proposals, etc., will be furnished upon application to the Frankfort office. The right is reserved to reject any and all bids.

## WILMINGTON WMS

The Wilmington Baptist Church W. M. S. of Fiskburg, held its Royal Service program Wednesday, Sept. 11; at 10:30 a. m., with ten members and two guests present.

The Royal Service was held in the morning. Mrs. Ada Spegal acting as president for Mrs. Naomi Spegal. The service began with a song, followed with prayer by Mrs. Bagby. Mrs. Wilmo Mullins read the minutes and roll call.

Taking part on the program were Mrs. Collins, Mrs. Steinhouser, Mrs. Spegal, and Mrs. Wilson. At noon a delightful covered-dish lunch was served and enjoyed by all. Mrs. Collins and Mrs. Hanter were hostesses.

In the afternoon the State Mission program was given. Taking part were Mrs. Steinhouser, Mrs. Mullins, Mrs. Gattan, Mrs. Wilson, Mrs. Collins, Mrs. Hanter and Mrs. Bagby. Those present were Mrs. Anna Collins, Mrs. Lula Fisk, Mrs. Lena Bagby, Mrs. Wilma Mullins, Mrs. Beverly Gattan, Mrs. Roberto Steinhouser, Mrs. Blanche Hanter, Mrs. Ada Spegal, Mrs. Obro Plonstiel, Mrs. Marietta Wilson, and Mrs. Hardy and Mrs. Rasene of Fort Thomas.

Thirty cords were sent to the sick, 25 visits were made, and 25 phone calls.

Turkey growers are expected to send 4 percent more turkeys to market in September than the same month last year. Similar increases occurred in July and August.

## WHITES TOWER

The sick are all on the mend. The weather looks like fall is not very far away. Tomatoes are playing out early this year.

Jim Ross and the writer tried fishing at the first dam on the Kentucky river—no luck!

Chas. Dorsey and wife visited their son, Richard, and family at Lexington, Sunday.

Bob Mathis of Camp Hungry has built him a new curleycue at his residence on Taylor Mill. His "pal", Tom, was the architect.

The total crop of improved, wild and seedling peacocks this year is estimated at 119 million pounds, or 31 percent less than last year, and 14 percent below average.

Most commercially canned vegetables store the size, cup measurement and net weight on the label.

## DESENSITIZE THAT ITCH!

IN JUST 15 MINUTES  
If not pleased, your 40c back at any drug counter. Instant-drying ITCH-NE-NOT deadens itch in MINUTES; kills germs on CONTACT. Use day or night for eczema, insect bites, foot itch, other surface rashes. NOW at Brokefield's Drug Store, Walton. 41-36

## HEATERS

This is the time of year that everyone begins to check on the heating system. Don't take a chance with an old heater and old smoke pipe. Everett Bickers just came in for a new furnace pipe—he had his old painted aluminum and today he thought he would check it. When he touched it, the whole pipe fell down, so check yours, it may look good but it rusts from the inside out, so see if it is rusted out. We have all kinds of heaters, new and used. Remember, we set up all the stoves we sell. We have fuel oil tanks, 135-gallon for 29.50, and 275-gallon for 39.50.

Mrs. Vernon Simpson came down after 6 gallons of Balice outside white paint. She said they had used it before and they liked it very much. Mrs. Brandt, over on Harris Pike, called for a Perfection portable oil heater. Ray took it over, also stopped by to check Robert Hoffman's electric range. Bill Reynolds, who lived here for several years and now lives on Flingsville road, came down and bought a coal heater. Bill was seriously hurt on the railroad, as an employee, and has been laid up for three years—he is able to get out now and is happy.

Mrs. Carl Flynn, out on Gardnersville road, came in and bought a new Coleman oil heater, set up with two 50-gallon oil drums. Brewster was up at Mrs. Corine Code's cleaning her oil heater and delivering a 30-gallon range boiler to Elmer Webster, also helping Homer Harris put new pump leathers in that dairy lift pump. He came in about 3 p. m. and said he had to set up the Flynn's heater, so we loaded him up; he came in about 6 o'clock and was tired. I forgot he also took Basil Lunsford two rolls of welded mesh fence and two rolls of slat kraft paper for his silo.

Chick did a little of everything, busy all day, and Ross set up several oil heaters as well as a run all day. Today Brewster and Ross put up Mrs. Lena Sanders' new Perfection oil heater, then this afternoon they took a 275-gallon fuel oil tank to Howard Beach's at Elliston, and installed it. We have already installed six 275-gallon fuel tanks and have another truck load coming tomorrow. Chick was busy all day plumbing, putting dampers on furnace pipe, putting handles in tools, fixing a water pump.

He will fix most anything—have you seen his moustache—he's trying to grow one. We have a lot of coal and oil heaters for you to pick from. We have several coal ranges, and several very good used coal and oil heaters. We will put up your heater or

sell you a new one and put it up. We will put up new furnace pipe or a new fuel oil tank. If you have an old heater and it is dangerous, get a new one before winter. John Stubbfield stopped in and bought two new garbage cans.

Lula Peyer also bought a new garbage can. Mr. and Mrs. Henry Brooks were in—Henry bought fish tackle and a pocket knife—Mrs. Brooks bought a rotary food mill and dipper. Some fellow and wife were here from Ohio, buying a few items. They inquired where they could buy a dinner bell, and Stanley Ranson happened to be near, so he took them home with him to sell the dinner bell. Marion Stephenson said he had 15 shoats about 80 pounds to sell. Robert Elam bought two rolls of fence to make a dog pen.

Today, Brewster and Ross went out to Mrs. Lena Sanders', took down her oil heater, took all the furniture out of her living room, then put down a new Armstrong linoleum rug, then put up the oil heater and put the furniture back in the room. That chick had a small job but it takes a lot of time. Chick had several more plumbing jobs. Boots Jackson bought a lot of plastic water pipe. Hines Hopperton bought several pieces of Orangeburg plastic pipe for Mrs. Eva Brittenheim. We had several heating stove loaders—the first cool day, some will be stove buyers. We received a nice shipment of Cast pocket knives and butcher knives. I sold butcher knives, paring knives and pinkie shears today, also hand saws, hatchets, tool boxes and lots of small tools. They are using them on that Markland Dam, several from here are working there. We put away all the lawn chairs, ice cream freezers and electric fans today, then brought out all the electric heaters, gas heaters and Perfection oil heaters. We have been selling the Warp window fabric and weather strip.

We sold several Armstrong linoleum rugs today, 9x12 and 12x15. We sold more plastic pipe today and fittings. Mabel Maddox had some men down at the house doing some plumbing—she made so many trips after fittings that she about ran the both of us down. I took the Beaver Luck Christian Church a new Sunbeam lawn mower—they have a lot of space to mow but that Sunbeam will take it. Brewster worked most of the day on Mrs. Viola Roberts' oil heater—he took it all apart and rebuilt it. It looks like a new one.

A hot September Saturday and not many in town, but we always sell some hardware. Carl Bickers and wife bought paint, turpentine and a roller.

# SIMON KENTON Y-TEENS

Jean Elliott

The Simon Kenton Senior Y-Teens held their first 1957-58 meeting on Friday, September 27.

New officers are as follows: Jean Elliott, president; Becky Wilcox, vice president; Joyce Moffett, secretary; Jackie Sippie, corresponding secretary; Alice Works, treasurer; Nikki Parsons, reporter; Sandy Sellers, worship chairman; and Jackie Cain, song leader. The installation of the officers will be held Friday, October 4.

The fall conference will be held October 12, at Carrollton, Ky. A planning meeting for the conference was held Monday, September 30.

## Varied Activities On the Calendar of Kenton Homemakers

Kenton County Homemakers' Clubs resumed activities for the year by installing newly-elected officers at meetings held in September.

Varied activities are on the calendar for the new year. The annual meeting is scheduled for October 22 at Summit Hills Country Club. Other county activities include a lecture and demonstration on the new wonder fabrics by Miss Beth Peterson of the DuPont Company, Wilmington, Del.

International Day will be observed November 8, at which time Mrs. R. P. Matchett, past president of the Kentucky Federation of Homemakers, will show pictures taken on her trip around the world and on the meeting of the Associated Country Women of the World, held in Ceylon. County citizenship chairmen will have charge of this event, to be held at Dixie Heights High School.

The Art and Application of Mosaic Tile was presented to 32 leaders on Thursday, September 26, by Miss Zelma E. Byrly, County Home Demonstration Extension Agent. This fascinating art provides projects for all degrees of skill, and many homemakers will test their talents by covering an old coffee table or chest with tile.

Training sessions for officers and federation chairmen are scheduled for the week of October 7. Projects on dressmaking, millinery, and legal affairs will be presented during the year.

### Simon Kenton PTA to Meet

The Simon Kenton P. T. A. will meet Monday, October 7, at 8:00 p. m., in the school cafeteria. Theme: "Showing Responsibility for Our School's Needs; Can We Meet Them?" The project for the year is to supply the junior library with books.

R. C. Hinsdale, principal, will speak on the new school amendment. This will be a get-acquainted meeting. There will be group singing. Mrs. Harold Hallfill will preside.

### Wa-Na Club to Meet

The October meeting of the Wa-Na Women's Club will be held on Monday, October 7, at 8:00 p. m., at the home of Mrs. Anna Rouse. Hostesses for the evening will be Mrs. Rouse, Mrs. George Arnold, Mrs. George Ryan, and Mrs. Charles Prahl.

All members are urged to attend this meeting as final arrangements for the Fifth District annual meeting, to be held in Walton, must be made. And don't forget the "Hobby Sale," to be held at this meeting.

### Marlow Circle Meets

The Rose Marlow Circle of the local Baptist Church met in the home of Mrs. Julia Pennington this month, with Mrs. Anna Johnson teaching the book, "Premier on Prayer."

Those present were Jeanette Clegg, Jean Benton, Theora Locke, June Brewster, Anna Johnson and the hostess, Mrs. Pennington. Refreshments were served.

### Pancake Supper Friday

A pancake supper will be given Friday, October 4, starting at 5:00 p. m., sponsored by the tenth grade of Walton-Verona High School. All the pancakes will be donated. Also sausage. Everyone is urged to attend.

## Achievement Days Planned For 4-H Club Members

Four-H boys and girls in Boone county have been chosen as Junior and Senior county champions in their projects for their outstanding 4-H Club work for 1957, according to Glen R. McCormack, assistant county agricultural extension agent of Boone county.

District Achievement Day for the Senior division will be held at Newport, Saturday, October 5. The following 4-H boys and girls will participate in this event: Tobacco, Larry Stephens; poultry, Mary Jo Dixon; rabbits, Donald Maddox; farm labor, Donald Maddox; electric, George O'Dell; garden, Mary Jo Dixon; dairy, Mary Jo Dixon; beef, Dick Davis; clothing, Phyllis Kirtley; foods, Nancy Prange; and junior leadership, Billy Whalen.

District Achievement Day for the Junior division will be held at Camp Ernst, Boone county, on Saturday, October 12, at 10:30 a. m. The following Boone county boys and girls will participate in this meeting: Baby beef, David Grigler; pig project, Tom Weas; farm labor, Betty Maddox; tobacco, David Huey; electric, Bill Mathis; dairy, Arlene Alkin; poultry, Pat Jones garden, Carlton Delwick; clothing, Lou McWhorter; cooking, Eleanor Kidwell; and canning, Judy Robbins.

At the District Achievement Days the district champions will be chosen to represent Northern Kentucky at the state fair in which a state champion will be selected.

The following 4-H girls from this county won awards recently at the State Fair: Apron, Norma A. Stahl; pigs, school dress, Sheryl Schneider; blue, and Gertrude Butler; red, play clothes, Lou McWhorter, blue, and Jane Schwenke; red, dress-up dress, Mary A. Clow, red, and Sue Graves; red, party dress, Sheryl Schneider; white, and Dolores Ryle, white; semi-tailored, Phyllis Kirtley, red, Beth Morehead, red, and Nancy Morehead, white.

### PINER P.T.A. MEETING

The Piner P. T. A. held a meeting for officers on Friday, September 27, and plans were made for the coming year. The first meeting will be Friday, October 11 at one-thirty p. m. A program is being planned. Arrangements for the Annual Halloween Festival were made and will be held on Friday, October 25th at 7:30 p. m. at the school auditorium.

New officers for the coming year are as follows: Mrs. Charles Prather, president; Mrs. Charles Duncan, vice president; Mrs. Robert L. Daniels, secretary; Mrs. John Lunsford, treasurer, and Mrs. A. J. Lunsford, publicity.

### To Sell Christmas Trees

Johnson-McElroy American Legion Auxiliary, Unit 277, of Walton, will be having their usual Christmas tree sale this year. This will be a project of the Auxiliary from now on—year after year—and your patronage is solicited. Trees have already been ordered and are to be here by December 12.

It is hoped you will keep this in mind and the unit will do its best to have what you desire. Trees of all sizes have been ordered.

## Dinner Meetings Scheduled For U. A. Workers

Three dinner meetings for United Appeal workers have been scheduled for next week. R. M. "Coke" Hall, Boone County residential chairman, has announced.

The first meeting will be held at 7 p. m., Tuesday, October 8 at the Honeycomb's Restaurant in Burlington. Workers from the Walton vicinity will meet at 7 p. m., Wednesday at the Phoenix Hotel, with solicitors from the remaining areas of the county to meet at 7 p. m., Thursday at Southern Trails Restaurant, Florence.

Speakers at these meetings will include Gordon Hines, from the Covington office of the United Appeal, and William Macklin, Jr., Residence Chairman for Northern Kentucky. Hall also announced the appointment of Mrs. Jack Pruden as area chairman for Airport Road, and Mrs. J. F. Clegg as chairman for Beaver area.

### MRS. MARTHA HAYDEN

Services for Mrs. Martha B. Hayden, a native of Owen County, was held Monday at Squiresville Baptist Church, Owen County. Burial in the Squiresville cemetery with Hamilton Funeral Home in charge.

Mrs. Hayden died Saturday in St. Elizabeth Hospital. She was 65 years old. She is survived by two daughters, Mrs. Herschel Yancy, Glenaca, and Mrs. Richardson Robinson, Erlanger; a son, Mayo Hayden, Verona; two brothers, A. J. Mefford, Worthville, and G. Mefford, Owenton and five grandchildren.

### ELMER C. SHOWERS

Elmer C. Showers, a retired pharmacist who had owned a drug store in Falmouth for 20 years, died Monday in St. Elizabeth Hospital. Mr. Showers, who was 80 years old, had been living in Verona the last six months.

His home in Verona was with his only two closely related survivors: his sister, Mrs. O. K. Whitson, and his niece, Mrs. G. C. Ramsay. After leaving Falmouth he had lived in Crittenden for eight years. He had been critically ill only about a week.

Mr. Showers was a graduate of the Louisville School of Pharmacy. Services were held Wednesday at the Hamilton funeral home, Verona. Burial in New Bethel cemetery.

### MRS. EDITH FENHOFF

Mrs. Edith Fenhoff, of near Demosville, died last Friday in Speers Hospital, Dayton, Ky. She was a native of Boone county.

Mrs. Fenhoff was a member of the First Methodist Church, Covington. She is survived by a sister, Miss Ella Ellis, Demosville, and two nephews, William Jack of Florence, and George Jack of Columbus, Ohio. Services were held at 2:00 p. m., Tuesday at the Allison and Rose funeral home, Covington. Burial was in Forest Lawn Memorial Park, Erlanger.

## Kenton Elementary P.T.A. Holds First Meeting of Year

The fall meeting of the Kenton Elementary P. T. A. got off to a good start with the following holding office: President, Mrs. George Dowkins; vice president, Mrs. Chas. Adams; secretary, Mrs. Harold Schneider; treasurer, Mrs. Leslie Fields; program, Mrs. William Durr; character, Mrs. John Butler; budget, Mrs. Don Myers; ways and means, Mrs. Floyd Roberts; health, Mrs. Frank Dougherty; publicity, Joseph Kunkel; civil defense, Mrs. Carl Wickland; membership, Mrs. Don Phillips; parliamentarian, Mr. F. D. Caton; hospitality, Mrs. Herb Watkins; social, Mrs. John Kerr; attendance, Mrs. Bob Gibson; Brownies, Mrs. Ralph Hopmans; Founders' Day, Mrs. Charles Adams; music, Mrs. Helen Collins; Mother Singers, Mrs. Helen Mayhugh; safety, Miss Katherine Andrus.

Mr. Harold Earl led devotion, followed by group singing. Mrs. Helen Collins leading.

Mr. F. D. Caton, principal, made an impressive speech on parent and teacher cooperation, introducing each teacher, including the two new ones, Mrs. Hopkins and Mrs. Halbrook. Refreshments were served following the meeting.

### At Brown University

Brown University, Providence, R. I., opened for the 194th academic year this fall with a total enrollment of 2,435 students. The freshman class numbered 635 and was selected from 32 states and ten foreign countries.

Gray Lane Furey, son of Mr. and Mrs. Gray Lane Furey, Walton, is a member of the freshman class at Brown. He is a graduate of Walnut Hills High School, Cincinnati, and is a candidate for the Bachelor of Science Degree in Chemistry.

### Annual Homecoming

The Annual Homecoming of the Hopeful Evangelical Lutheran Church will be held on Sunday, October 13. Services will be at the regular time with Sunday School at 10:00 and Church service at 11:00. A basket dinner will be held at the noon hour. The public is invited to worship with us and to enjoy this day of fellowship with us.

## Room Mothers Named by Local P. T. A. President

The Walton P. T. A. met Friday at 7:30 p. m., in the school gym. Mrs. Emma Tackett gave the devotional on "Life Stewardship." Mrs. Adeline Reed gave a report on the play, Laft-O-Rama. The P. T. A. cleared \$232.45. She also gave a report on the baby contest, which netted the organization \$110.17.

First prize went to Terry Iserl; second to Scattie Grubbs; third to Connie Ruff, and fourth to Mary Ann Trapp.

Plans were made to help the firemen in their minstrel by helping them sell tickets.

Mrs. Helen Burgess, president, appointed the room mothers for the coming year.

Mrs. Morgan's first grade, Ruth Glenn and Eunice Jackson; Mrs. Acree's first grade, Frances Stephens and Blanche McMillen; Mrs. Sleet's second grade, Jean Crouch and Myrtle Daniels; Mrs. Galtman's third grade, Frances Afarkirk and Mary M. Allen; Mrs. Hudson's fourth grade, Sue Miller and Grace Johnson; Mrs. Gex's fifth grade, Mary Farnall and Rose M. Clements; Mrs. Trapp's sixth grade, June Brewster and Margaret Wilson.

Mrs. Pennington's seventh grade, Emma Tackett and Louise Owens; Mrs. McElbee's eighth grade, Ruby Treedway and Adeline Reed; Mrs. Lyon's ninth grade, Helen Belcher and Ruth Stephenson; Mrs. Conner's tenth grade, Edith Grier; Miss Kelly's eleventh grade, Florence Ward and Myrtle Young; Mrs. Baker's twelfth grade, Mrs. Hammond and Mrs. McCubbin. Margaret Wilson was named chairman of all the room mothers.

Mrs. Sleet's room won the room prize. The next meeting will be held on October 25, in the gym, at 7:30 p. m. Refreshments of pie and coffee will be served.

### ATTEND CONFERENCE

W. W. Worthington, a director of the Northern Kentucky Farm Loan Association (Fed. Land Bank Loans), and Carl Sheriff, secretary-treasurer, attended a three-day conference at Columbus, Ohio, recently.

The meeting was held on the campus of Ohio State University, and was attended by about 400 directors, Association and Land Bank personnel from the four-state Farm Credit Area of Ohio, Indiana, Kentucky and Tennessee. They heard leading farm economists from Ohio State University and others from Washington, discuss farm problems of today. They attended this meeting in order to keep abreast of the times and to be better able to bring to the farm people of the area a better farm credit service.

## Women's Clubs To Meet Here October 22nd

The Forty-first Annual Meeting of the Fifth District Kentucky Federation of Women's Clubs will be held in the Christian Church of Walton on Tuesday, October 22.

The Wa-Na Women's Club and the Women's Literary Club will be co-hostesses and Mrs. W. D. Scroggin, will be the General Chairman.

Registration will begin at 9 a. m. in the Baptist Church at which time coffee will be served there. Luncheon served at 12:30 in the two churches.

The highlight of the meeting will be an address by the State President, Mrs. W. C. Cruse Jr. of Louisville. This is the second time in nineteen years that Walton has had the honor of host to this most worthy group of women—dedicated to social and community improvement.

### Training at Fort Polk

Army Private James D. Morgan, whose wife, Janice, lives at 1503 Greenup St., Covington, recently began the second phase of six months training under the Reserve Forces Act at Fort Polk, La. He is receiving eight weeks of advanced combat training after having completed basic training.

The 17-year-old soldier is a 1957 graduate of Gallatin County High School. He is the son of Mr. and Mrs. Woodrow Morgan, Route 1, Verona.

### PINER BAPTIST REVIVAL

Revival services will begin Monday night, October 7, at the Piner Baptist Church with Bro. Robert Hollingsworth, pastor of the Bellevue Baptist Church, as evangelist. Bro. Hollingsworth is formerly from Texas.

These services will continue until October 18. The meetings will be held at 8:00 nightly. This is an opportunity for you and your family to invest yourselves in the things of God by attending. You and yours are cordially invited.

Rev. Robert Hollingsworth

Revival services will begin Monday night, October 7, at the Piner Baptist Church with Bro. Robert Hollingsworth, pastor of the Bellevue Baptist Church, as evangelist. Bro. Hollingsworth is formerly from Texas. These services will continue until October 18. The meetings will be held at 8:00 nightly. This is an opportunity for you and your family to invest yourselves in the things of God by attending. You and yours are cordially invited.

## Applications Now Available For All Wheat Growers

Wheat growers, according to A. L. Stephens, chairman of the Boone County ASC Committee, may now sign an application to produce not more than 30 acres of wheat in 1958, with the following provisions:

1. The total acreage of wheat on the farm must not exceed 30 acres. Provided, that this condition shall not apply to farms operated by and as a part of state or county institutions or religious institutions.

2. None of the '58 crop of wheat can be removed from the above farm except to be processed for human food or livestock feed on the farm and except as provided by regulations none of said crop can be sold or exchanged for goods or services.

3. The entire 1958 crop of wheat produced on the above farm must be used on the farm for seed, human food, or feed for livestock, including poultry provided such livestock is owned by one or more of the undersigned producers, or subsequent owner.

4. All of the wheat removed from the farm for processing for human livestock feed or human food including by the products from such wheat shall be returned to the farm and consumed on the farm.

5. I-We must maintain adequate records of the disposition of wheat of the 1958 crop produced on the above farm and any other farm in which I-We have an interest for two years after said crop is disposed of, and must permit the inspection by a representative of the County ASC of such records and of any wheat on such farms.

6. I-We must furnish to the ASC County Committee when requested by such committee prior to September 1, 1959, or within one year after such crop is completely disposed of, whether or later, a report indicating the disposition of the 1958 crop of wheat produced on the farms mentioned in paragraph 5, above.

7. I-We must comply with the applicable law and regulations and if any of the conditions on which the exemption is granted are violated, the exemption becomes null and void and I-We and the above farm are subject to the applicable regulations governing wheat acreage allotments and marketing quotas under the Agricultural Adjustment Act of 1938, as amended, to the same extent as if this application were not approved.

8. I-We understand that none of the wheat acreage in excess of the farm allotment will be considered in the establishment of future farm wheat acreage allotments.

9. I-We understand that I-We will not be eligible to vote in the referendum with respect to the 1959 crop of wheat if the marketing quotas are proclaimed for the 1959-1960 marketing year.

### Boone Garden Club

The Boone County Garden Club will hold its monthly meeting at the Florence Community Center at 1:00 p. m., Tuesday, October 8.

## "Magic of Fire" At Walton-Verona School, October 7

The Walton Volunteer Fire Department, Inc., will open "Fire Prevention Week," (October 7-14) by sponsoring a show, to be put on by Mr. Hook from the United States Bureau of Mines. During his demonstration, called the "Magic of Fire," Mr. Hook will explode gasoline, burn steel and do many other magic tricks.

This show was given this year at the Kentucky Fire School in Lexington, and proved to be not only educational but extremely interesting and entertaining. Admission is free and everyone in the Walton and Verona area is urged to attend. One show will be given for the children at school at 12:30 p. m., October 7. Another show will be given at 7:30 p. m. at the Walton-Verona School for parents and other adults.

In addition, the ninth grade science classes will have a display of science equipment they have made or are working with in classes.

### INDIA STUDENT HERE

Announcement was made last week by the Kenton County Agricultural Extension Service that Yoginder Dikwar, International Farm Youth Exchange student, from New Delhi, India, would spend the period from September 28 to October 15 as a guest of Kenton county families. Hosts for the period will be Mr. and Mrs. Joseph Beckman, 622 Valley View Drive, Covington; Mr. and Mrs. Robert Scott, Route 2, Ludlow; and Mr. and Mrs. Herbert Woods, Route 1, Independence.

Mr. Dikwar is 23 years old and a graduate of the College of Science of Benaras University, India.

During his stay in Kenton county, Mr. Dikwar will visit a number of 4-H Clubs and other farm meetings. Purpose of the International Farm Youth Exchange program is to increase international understanding.

### Verona Homemakers

The September meeting of the Verona Homemakers Club was held in the home of Mrs. Ambrose Davis. A lesson was given by Mrs. Davis and Mrs. Frances McCormick on "Table setting."

The following members and visitors were present: Mrs. Lillian Jackson, Mrs. Etta McManama, Mrs. P. Kennedy, Mrs. Lena Harris, Mrs. L. Noel, Mrs. James Burchett, Mrs. W. B. McCormick, Mrs. J. B. Lamm, Mrs. Stanley Fooks, Mrs. R. A. Stephenson, Mrs. S. Glare, Mrs. Dyer, and Mrs. Crase.

The October meeting will be held in the home of Mrs. W. B. McCormick.

### W. H. Roe at Burlington

William H. Roe, Contact Representative for the school Ex-Service Men's Board, will be at the Courthouse in Burlington, on Wednesday, October 9, from 9:00 to 11:30 a. m.

## Simon Kenton Band Booster Club Meeting

The Simon Kenton Band Booster Club met September 16 in the school cafeteria with Mrs. Howard Frederick, the new president, presiding.

The other new officers are Mrs. Elmer Deeden, vice president; Mrs. Malcolm Oliver, treasurer; Mrs. Arthur Nitschke, secretary; Mrs. Cecil Ishmael, corresponding secretary.

There was a good attendance for the first meeting and they hope for more each meeting. It was decided to have a social meeting among the band members with first, second and third prizes to the band member who gets the most band booster members.

There was a discussion of changing the meeting night because it conflicted with the Visalia and Taylor Mill P. T. A. meetings. It was decided that the Band Boosters Club will meet on the fourth Monday of the month instead of the third. The next regular monthly meeting being on October 28.

Money-making projects were discussed. A white elephant sale to be held at the Community Center with Mr. Elmer Deeden as auctioneer.

Mr. and Mrs. W. W. Aylor and family of Union, spent last Tuesday with her parents, Mr. and Mrs. Omer Black.

### Weed-Free Tobacco Beds

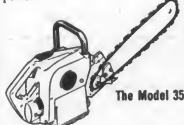

Here's how to do it. Sprinkle VAPAM on your seed beds now. In the next 30 days it kills all those weeds and grasses, germinating weed seeds, soil fungi and those invisible nematodes. Come seedling time you have the healthiest soil in the state! You get more seedlings per square yard—up to twice as many. And only a few—if any!—weeds. Your seedlings are really strong and vigorous. You can transplant fast for the best crop you've ever seen.

Result is hundreds of dollars saved in back-breaking work and weeding costs. Yet VAPAM costs only a penny per square foot. Make more profit next year! Don't share your crop with weeds and soil borne diseases. Put VAPAM on your seed beds now. No special equipment needed. It's so easy and safe to sprinkle on. You get stronger seedlings, weed control and more profit. Do it now for best results. Approved by the Department of Agriculture for all food and fibre crops.

## ABSOLUTE

# AUCTION

34 TRACTS OF LAND, LIVESTOCK, FARM EQUIPMENT, FEED, AND HOUSEHOLD GOODS—

## SAT., OCT. 12 10 A. M.

Rain-Shine

H. H. Penick farm, located on Hicks Pike. Going South on U.S. Highway 25, from Florence, Ky., turn right at Richmond, go about ¾ mile, turn right, first road going South from Florence, on U.S. Highway 42, turn left at New Haven School, follow auction arrows; about 6½ miles from Florence, Ky.

H. H. Penick and wife, owners of this property, have signed a contract with us to sell at Absolute Auction his farm, livestock, household furniture, and farm equipment. Due to their age, they're unable to work, are retiring from farm, and have purchased a house on New Uri Ave., Florence. Everything will sell, regardless of price—RAIN or SHINE!

Tract 1 contains 33.3 acres with 6-room modern house, a large combination barn, equipped for dairy, and a good set of outbuildings. The balance of the farm is divided into 33 tracts, all with large frantage, acreage as follows: 2.249, 2.425, 1.495, 1.313, 1.035, 1.061, 1.087, 1.296, 1.052, 1.099, 1.145, 1.163, 1.153, 1.134, 0.54, 0.52, 0.936, 1.013, 1.25; 6 tracts, .918 acre each, and 7 tracts, 1.148 acres each.

HOUSEHOLD GOODS, also Stainless Steel Deep Freezer.

FARM EQUIPMENT: Cub tractor with equipment, including posthole digger, wagon on rubber, complete set of farming equipment and miscellaneous tools. Lots of wire fence, posts, and gates; 2000 tobacco sticks.

LIVESTOCK: 6 good dairy milk cows, 2 to 7 years old; Co-op milker and dairy equipment; milk cooler.

FEED: 400 bales of alfalfa hay. One 10-gauge Parker shotgun.

TERMS: 20% down day of sale, balance on or before 30 days from date of sale, at which time a clear title will be delivered.

This is some of Kentucky's finest bluegrass land; has to be seen to be appreciated; on a good backstop road, in a fine neighborhood. Don't fail to drive out and look this over; this is something unusual. You can't describe it in an ad. Building sites like you have never seen before. It will be a short distance from the clover leaf when the new highway is built—only a few minutes to town. Anybody desiring any financing, see us in plenty of time before sale, and we will try to help you get it worked out.

Lunch will be Served on Grounds by Ladies of Walton Christian Church!

## ABSOLUTE AUCTION

### SATURDAY, OCT. 12

10:00 A. M. (Slow Time)

In order to settle the estate of the late E. S. Wright, we will sell the following, located 1 mile from New Liberty, Ky., on old Sparta Road—on school bus, milk and mail routes:

#### FARM AND IMPROVEMENTS

96½ acres, 3.22-acre tobacco base for 1957, 6-room dwelling house with 4 rooms down and 2 upstairs, 2 porches, electricity in house, smoke house, new hen house and brooder house, garage, all necessary outbuildings, 3 barns—large tobacco barn—72x38 with stripping room and large cistern, practically new barn 60x38, and a small feed barn.  
Farm has fair fence and is well watered, approximately 60 acres ridge land, 2½ acres locust posts ready to cut, all in grass except acreage in cultivation and that has been sown in small grain, all tractor land, new look on farm stocked with boss, farm is practically all cleaned up. Road on which farm is located is set up for a new state highway. This is an outstanding farm, located in the heart of Owen county, and only to settle an estate is it offered for sale. Tobacco sticks go with the farm.

Also Tools, Livestock, Feed and Household Goods  
Terms: Real estate, 20% down, balance on delivery of deed, immediate possession; personal property, \$10 and under, cash, over that amount, bankable note at 6% for three months.

Billie Mac and Marion A. Waller of Louisville was Sunday dinner guests of Mr. and Mrs. Robert Porter and son Bobby.

## INDEPENDENCE

### Personal Interest

Little Bobby Scherder of Main street, recently had seven stitches in his hand due to an accident while playing football at school. The wound is healing nicely and in a short time, Bobby's hand will be good as new.

Bobby Auton of Main street, is carrying around a splinted finger due to a ball game. The doctor says that it is a severe sprain and will soon heal.

Miss Donna Gruen of Main street, for the last three weeks has been in St. Elizabeth Hospital due to a foot and leg injury, she received from a power lawn mower. From last reports, Donna will be in the hospital for some time. I know that she would enjoy receiving cards and letters from her many friends.

Richard Beverly Cain, of Independence Station Road, has reenlisted for four years in the Air Force. He was recently released from a four-year hitch and while on duty in Scotland married a girl of that country. He and his wife will reside in Nashville, Tenn., where he will enter active duty.

Richard Howell, nephew of the writer is home on furlough from the Navy for twenty days. Richard has visited many European countries and countries in Northern Africa. He returned home with many souvenirs from various countries.

A new restaurant has been added to the many other businesses located at Nicholson. The proprietors, Mrs. Setters and her daughter, Sandy, has named it "Sandy's Sandwich Shop." We all welcome this business into our midst and sincerely hope that a successful and prosperous year will be had.

International Letter Writing Week will be celebrated in Independence, Ky., during the week October 6 to 12. Postmaster R. X. West announced today. Commenting on the establishment of International Letter Writing Week, Mr. West pointed out that each year since 1938 the Post Office Department has joined in the observance—an annual event celebrated to emphasize the meaning and value of letter writing as a symbol of the American freedom that we enjoy.

The meeting of the Independence Town Board are on the third Tuesday of each month and all persons, particularly those who are property owners in Independence should try to attend these meetings. The next meeting will be October 15th, so mark your calendar and try to attend.

Heifers given hormone implants showed increased gains and there were savings on feed per pound of gain; but some undesirable side effects were noted, such as high tail heads, low backs, increased under development and lower carcass grades.

Robinson vs. Basilio

## Petition Is Made To Gen'alissimo Trujillo

Jehovah's witness of the Covington and Dry Ridge congregations tonight (September 29, 1957) met to approve a petition asking the Dominican Republic to lift its ban of last July 25, restricting the religious activity of the movement there.

According to Mr. Charles Greene, presiding minister of the Covington and Dry Ridge congregations, the lengthy petition cited specific names and places of police brutality that were personally authenticated by eight of the ten American missionaries deported August 3 from the Dominican Republic. The missionaries related their experiences at a regional Assembly in Baltimore, where the petition was originally adopted August 24 by 33,091 of Jehovah's Witnesses in attendance.

The petition was addressed to Generalissimo Trujillo, acknowledged dictator of the Caribbean republic, and named the Roman Catholic Church as sharing the blame for the government's action.

Reporting on the atrocities described in the petition, Mr. Greene said, "In one sector whole families were taken to prison and the male members of the families were beaten senseless before their own wives and children. Other male Witnesses were kicked and hit with rifle butts until they were bleeding and fell exhausted. Some were beaten and left unconscious on the ground in the patio of the prison with blood running out of their ears, nose, and mouth."

"Christian people all over the

world abhor such brutality as this," Mr. Greene said. "We believe freedom-loving people should be informed of it and have published the entire statement of facts with the petition in the October 1-issue of our official magazine, THE WATCHTOWER, which is published in 46 languages and printed in 3,200,000 copies each issue. At our meeting tonight we determined to try to reach

every home in Covington and Grant County with this account."

—Paid Adv.

Commercial hatcheries in the U. S. in the first seven months of 1957 produced 5 percent fewer chicks. Recent experiments show that eggs sorted in airtight containers keep better than eggs in wire baskets.

SAVE SIGHT  
WITH LIGHT!  
BUY YOUR LIGHT  
BULBS FROM  
FFA AND FHA  
MEMBERS . . .

Plan your home and farm lighting for comfort, enjoyment and better vision. Don't let false economy in neglecting adequate light injure the eyes of your family.

Your home will be more cheerful and you will cut down on eye-strain and fatigue with well planned home lighting. Ask your dealer or rural electric system for the best advice.

Light the home for specific tasks as well as for general overall illumination. Best rule of thumb is to think of light as a water hose. Your room lighting should be good enough to reach every spot you want lighted but not in your eyes, of course.

Mrs. Eva Schulte is spending a ten-day vacation in Florida.

Mr. Adams visited Mrs. J. J. Marshall of St. Elizabeth Hospital, one day recently.

Mr. and Mrs. Paul Tietel of Covington, spent the weekend with her parents, Mr. and Mrs. Clarence Riley.

**Staffordsburg**

About the biggest thing to happen in this community was when the members of the Young Married folks class met and did a cleanup and freshen up on their Sunday School room. It looks so nice with the painted walls, a very light green and gold colored curtains. It really shows up the other rooms. We should make God's house a place of beauty of which we can be justly proud.

Mr. and Mrs. Dayson Ballinger had as guests on Sunday afternoon, Mr. and Mrs. Wm. Brannock, Linda and Danny Brannock and Dwight Hill of Kelat.

Mr. and Mrs. Morris Wharton and children spent the weekend with her parents Mr. and Mrs. J. A. Keeney. They also had as guests on Saturday evening Mr. and Mrs. R. R. Rector, Rev. and Mrs. J. W. Parish had as guests on Sunday Mr. and Mrs. Virgil Ricketts and sons of Port Royal, Ky. The homemakers met Tuesday with Mrs. Chester Hill of Ft. Thomas.

Let's all keep in mind the revival meeting scheduled to open on Oct. 17th and continuing through Oct. 27th. Rev. R. L. Smith of Cynthiahan will be our evangelist. Let us pray that God will bless us in this effort.

Won't you call me with news items? I can't write the news if I don't hear it.

Mr. and Mrs. J. A. Keeney called on Mr. Geo. Hamilton and Mrs. Bessie Mills on Wednesday afternoon. Glad to find these who had been ill in a happy mood.

The steam pressure cooker is the only reliable canner for all vegetables except tomatoes; with its use, the temperature can be kept above the boiling point.

**WESTERN RANCH DINNER**

- 1 cut-up frying chicken (about 3 lbs.)
- 1 1/2 cups Pet Evaporated Milk
- 1 1/2 cups flour
- 1 teaspoon salt
- 1/4 teaspoon pepper
- 2 teaspoons paprika
- 1/2 cup shortening
- No. 2 1/2 can cling peach halves, drained
- 1 can oven-ready biscuits
- 1 cup water

Turn on oven and set at 425 (very hot). Dip chicken in 1/2 cup milk, then roll in mixture of 1 cup flour, the salt, pepper and paprika. Heat shortening in 1 1/2 x 9 x 2-in. pan in oven. Put chicken into pan, skin side down. Bake 30 min. Turn chicken and move to one end of pan. Arrange peaches on chicken. Separate biscuits and put into other end of pan. Bake 15 min. longer, or until biscuits are light brown. Remove food to hot plates.

For gravy: Mix 1/4 cup flour into drippings left in pan. Stir in water gradually. Boil and stir 2 min. Stir in 1 cup milk. Heat, but do not boil. Add salt and pepper to taste. Serve over biscuits. Makes 4 servings.

## Local & Society

Mr. and Mrs. Joseph Ryan entertained Saturday evening for Mr. and Mrs. Elmer Seng of Covington and Nancy Ryan and Robert McElroy of Cincinnati.

The Homemakers will be on the Paul Dixon Show Thursday afternoon Oct. 3rd from 4 to 5 o'clock.

Mrs. J. H. Stephenson of Carrollton is the guest of her son and wife, Mr. and Mrs. Howard Stephenson.

Circle No. 2 of the Methodist Church will hold its regular meeting, Friday evening at 7:30 at the home of Mrs. Ward Rice.

Miss Anna Stepple of Cincinnati spent the weekend with Mr. and Mrs. James Naive and son Jimmy.

Mrs. Bobby Simpson spent Monday with her parents Mr. and Mrs. Bryant Rust.

Mr. and Mrs. William Parker were Saturday evening guests of Mr. and Mrs. Franklin Shodler and son Bobby.

Mr. and Mrs. Joe Stephenson entertained Saturday evening with a birthday dinner for Mr. and Mrs. Howard Stephenson. It was also Mrs. Joe Stephenson's birthday, after guest was Mrs. J. H. Stephenson.

Mary Jo Ryan gave a pajama party Friday and Saturday evening for Debbie Lusby, Marilyn Butler and Sandy Webster. These girls report having a wonderful time.

The Happy Hoppers will hold its regular meeting, Tuesday evening at the basement of the church, with Mr. and Mrs. Marcus Carey and Mr. and Mrs. Ed Hetzel as hosts.

A pot luck dinner will be served. Mr. and Mrs. Frank DeMoisey and family were weekend guests of their daughter and family, Mr. and Mrs. David Honkinson.

Mr. and Mrs. Alvin Lawrence spent the week-end in Lexington visiting her brother.

Mr. and Mrs. Vernon Floyd and Mr. and Mrs. Elmer Austin of Kings Mountain, were visitors of J. C. Evans over the week-end.

Mr. and Mrs. James H. Webster were called to Florence last Thursday night as her father, Louis Bob, was sick. Mrs. Webster and children and Charles Hon and wife and son visited him on Sunday.

Mrs. Mabel Hon and Mrs. Henry Hon of Erlanger visited Mr. and Mrs. Charles Hon and son Jr. last Saturday.

Sympathy is extended Mr. Maro Hayden and family over the passing of his mother, Mrs. Martha Hayden. Mrs. Georgia Noel and Olie Hudson attended Church Sunday at Latonia Christian Church and enjoyed all the services.

The Leslie Miller sale was well attended, all stock brought good prices. Mr. and Mrs. Rufan Poland and son, Johnny, spent Sunday with Mr. and Mrs. Paul Chapman and son.

Mrs. E. W. Collins is home, feeling much better.

Mr. Fate Littrell has moved to Glencoe.

Mr. and Mrs. Homer Courtney entertained Bro. Morehead and wife and daughter on Sunday.

Mrs. Sara Noel entertained the Gallatin County Homemakers recently.

Words cannot express my sincere thanks and appreciation for the many cards and calls and prayers and acts of kindness given me during my illness and both times in the hospital, and Bro. Morgan for his wonderful prayers.

11-40 MRS. STELLA YOUNG

## Beacon Class Meets

The Beacon Class of the Walton Methodist Sunday School was graciously entertained last Friday evening, September 27, in the home of Mr. and Mrs. Asa Rouse, Bedinger Avenue.

The business session was conducted by the president, Paul Kline. Arthur Doggett reported there would be a "baby sitter" in the nursery each Sunday, paid by the Sunday School, for those desiring to leave their children there during the worship hour.

The program was opened with prayer, led by Rev. J. R. Whealdon. The scripture lesson was read by Mrs. Victor Carpenter, followed by a most enlightening Bible quiz.

The class will be entertained for the October meeting at the home of Mr. and Mrs. Paul Kline.

Attend Warsaw Services

On Sunday, a group journeyed to Warsaw, Kentucky and attended services at the Methodist Church where Rev. George Miller is pastor, then to the parsonage with well filled baskets to set a bountiful and delicious meal which was enjoyed by all present.

In the afternoon, the Markland Dam, which is under construction was visited. All departed, extending their thanks to Rev. and Mrs. Miller and Mrs. and Mr. Miller's mother, for a wonderful day.

Those making the trip were: Mrs. Dawson Losey and son, Robert, Mr. and Mrs. William Cummins, Mr. and Mrs. Hershel Souder, Mr. and Mrs. Leslie Damon, Mr. and Mrs. David Kennedy, Mrs. Cecil Faulkner and son, George, Mrs. Albert Crout, and Elizabeth, Mr. and Mrs. Jack Barnett, Mr. and Mrs. James Burris, Roberto, Cheryl and Paul Burris.

In Loving Memory—

In loving memory of our father, F. G. Pennington, who passed away October 9, 1944.

Thirteen years have passed and gone since God called you to rest. We know you were resting peacefully awaiting that judgment day. The love we have for you, father dear, is within our hearts, so very near.

Sadly missed by son, daughter and grandchildren. 11-40\*

Visits Parents

Mrs. Ronald Goodridge (nee Nellie Fisk) of Ft. Lauderdale, Florida, has been visiting his and her parents, Mr. and Mrs. Harry Fisk of South Taylor Mill, and Mr. and Mrs. Robert Goodridge of Hebron. Those that accompanied her back by plane were Mr. and Mrs. Nelson Goodridge and family of Hebron.

The average American is now eating about 30 pounds more vegetables in a year than he did 15 to 20 years ago.

## 4-H Teen Club Meets

The Boone County 4-H Teenage Club held its annual election of officers on Tuesday, September 24, with Roy Joe Lucas, Florence, being elected president for the coming year. Miss Phyllis Kirtley, Union, vice president; Miss Susan McEvoy, Burlington, secretary; Miss Nancy Prigge, Union, treasurer, and Miss Brenda Cason, Florence, recreation leader.

The next meeting of the club will be on October 22, at the Florence Community Center. New members will be invited in at this meeting by members, according to Glen R. McCormack, Assistant County Agent.

At noon a very delicious lunch was served by the hostesses. The afternoon was spent in learning the proper way to set the table for lunches, buffet and dinners. The lesson was given by Mrs. Clyde Howell, Mrs. Ralph Vanderschmidt.

Members present were Mrs. Roger McGuire, Mrs. Ralph Vanderschmidt, Mrs. Charles Hemphill, Mrs. Andy Insko, Mrs. Romer Burns, Mrs. Richard Burns, Mrs. Clyde Howell, Mrs. John Schio, Mrs. John Buelst, Mrs. Homer Flagg, Mrs. Hubert Winburn, Mrs. Noel Denham, Mrs. Frank Damachlo and the hostess, Mrs. Don Abernathy.

Guests were Mrs. Charles Carpenter, Mrs. Lou Parnum, Mrs. Curtis Ely and Mrs. John Dammacher.

## Ideal and Real

Lesson for October 6, 1957

PAUL was not the fly-by-night sort of preacher who passes through a town, stirs up a meeting and moves on, so to speak, without looking back. He was not the kind of missionary who preaches to the natives gathered on the river bank, starts his engine and cruises on down the river, confident that the gospel has been brought to the people. Paul being a statesman as well as a saint, a psychologist as well as a theologian, stayed long enough — when ever they would let him — in every place he visited, to found a church, a going, active fellowship of believers. Then after he left, he would take time from his more than busy life to write back. He knew that churches, like new Christians, like new babies, need postnatal care. It is not safe to bring them into the world and just leave them.

### Called to Be Saints

No church gave Paul more trouble than the one at Corinth. That city was big, booming and bad. Most of the Corinthian church members had had no background of experience in the high religion of the Jews, but came in from raw paganism. Few of them were persons of great culture. At the time Paul wrote to them first, none of them had been Christians long. And yet Paul writes to them as the "sanctified in Christ Jesus," called to be saints. As J. B. Phillips translates Paul's Greek, these Corinthians are "those whom Christ has made holy, who are called to be God's men and women." Almost every one of Paul's letters to Christian churches begins on this same high note. To the Ephesian Christians he writes that they have been "stamped with the promised Holy Spirit as a guarantee of purchase" (Phillips). The Colossians he calls "saints and faithful brethren." Theologians and others have often discussed the question: Is the church human or divine? If we take Saint Paul seriously, we have to say, at least, that the church is made of persons who have been touched and are being transformed by the divine.

### "There is Quarrelling . . ."

The ink is hardly dry on the high words Paul has used to describe his "brothers" in the Corinthian church, when he begins to write in a quite different key. "It has been reported," he says, "that there is quarrelling among you." The reader who pushes on through this and the second letter to the Corinthians may be shocked by what he sees. These people are unspiritual (3:1), they are babies (3:2), there is jealousy and strife among them (3:3). Gross sin goes on among them unrebuked (5:12). They have lawsuits against one another (6:1). They have to be warned against prostitution (6:15, 16). Some of them came drunk to communion, or got drunk there (11:21). Paul is afraid that when he next visits them he may find "selfishness, slander, gossip, conceit and disorder" (11 Cor. 12:20). How can he say such things to people who have been "sanctified" and are "called to be saints"? The truth is, Paul sees the Corinthians, as he saw all his converts and all his churches, in two lights. He sees the ideal church, what it ought to be and what in the mind of God it already is, or more precisely what it is destined to be.

### The Answer

Now the church moves from where it is to where it is to be. But by what power? What is the secret of the church's transformation from what it is to what it is destined to become, from the real to the ideal? The answer is—in one word—Christ. Paul calls him the "power of God and the wisdom of God." In other words, as Christ comes to live in the hearts of these raw, imperfect, quarrelling Christians—by intention, they will become changed, as time goes on, more and more into his likeness. As they face their many problems, they will learn to find the solutions as they learn more and more what the spirit of Christ really is. If Christ lives in his church, the church will not be tempted to confuse what it is with what it ought to be—it will not mistake the real church for the ideal one; but on the other hand, if He lives in the church, no one has a right to be discouraged, and fear that the ideal will never come true.

## WHAT DOES IT MEAN ?

Frightening, isn't it? You see a picture like this and suddenly you feel as if you are standing at the edge of a chasm in the dark. You are confronted with the threat of the unknown, and you don't like it.

Why, you wonder, does it have to be like this? Why can't men live together in peace?

We all need the courage to face the unknown future unafraid. We need to find and to develop love, understanding, and peace of mind. But to attain our goal, we need help. That help can be found in the Church, which gives us Faith.

On World Wide Communion Sunday—millions of men and women will unite in solemn observance of one of Christianity's holy sacraments. There will be new faces at thousands of altars, men and women who have only recently begun to realize where man's Hope is to be found.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in man's search for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Matthew	26	26-31
Monday	Luke	22	14-27
Tuesday	John	17	13-25
Wednesday	1 Corinthians	11	17-22
Thursday	1 Corinthians	11	23-28
Friday	1 Corinthians	12	4-11
Saturday	1 Corinthians	12	12-27

Sole Barn, FL 7-4661

Mrs. Edith Richardson is in St. Elizabeth Hospital as a result of an auto accident on Taylor Mill Pike Thursday afternoon. Mrs. Ozelia Perry suffered minor injuries in the same accident, but was not hospitalized.

Frank McClannahan suffered facial and finger injuries in an accident while he was driving in the hot rod races Saturday night.

Chester Tallent, Niel Dwyer, Ray McInem, George Anderson, Buzz McClure, Walter Webster, Don Bennett, Frank Butler and Ned Klier went to Lee's Ford Dock on Cumberland Lake last weekend. They caught lots of fish, but they were all real small.

Mrs. Walter Robertson returned home from the hospital last Saturday. She had a cataract removed from her eye.

Mrs. Paul Newsom has returned home from Tennessee.

Mrs. W. C. Tallent, Mrs. H. C. Lipscomb, Mrs. R. S. Richardson, Mrs. T. C. Richardson, Mrs. Robert Butte, Mrs. Jack King and Mrs. Chas. Auch attended the Mission Study Institute at Elmore Baptist Church last Thursday.

Mr. and Mrs. Jesse Bailey and daughter, Marilyn Jaeger, spent the weekend in Beattyville, Ky.

Mrs. C. E. McNew, a former resident of this community, who now lives in Lexington, has been visiting friends in this neighborhood the past week. She is staying with Mrs. Chester Barton in Lottoria.

Mr. and Mrs. John Beneker and four children of Brookville, Ind., visited Mr. and Mrs. Beckham Miller on Sunday.

Becky Miller had a party to celebrate her 7th birthday on Saturday. Those attending were Karen Whalen, Vickie Lamb, Shirley Guffey, Johanna Guffey, Connie Tomlin, Kathy McClannahan, Dollie Adkins, Darlene Adkins, Elaine Petty, Sally Havey, Sandra Havey, Fran Thompson, Kim Poe and Cheryl Miller.

## CARD OF THANKS—

We wish to thank our neighbors, friends, and relatives for the cards, flowers, prayers, and all other deeds of kindness shown us during the stay in the hospital, and death of our wife and mother, Mrs. Livia Chandler. Special thanks to Bro. Hoffman, Bro. Wheelon for their words of comfort, the soloist, organist, and Chambers and Grubbs for their efficient management of the funeral. May God bless each and every one.

OSCAR CHANDLER

AND DAUGHTERS

## Pt. Pleasant Homemakers

The Point Pleasant Homemakers met with Mrs. Leslie B. Stephenson, last Thursday.

The president, Mrs. Ethel Darby, presided at the business session; Mrs. Madge Dalwick read the devotional, and the lesson given was on "Table setting."

Members present were Mrs. Earl Moorhead, Mrs. Fred Black, Mrs. John Darby, Mrs. James Dalwick, Mrs. John Karsch, Mrs. Leonard Smeltzer, Mrs. Ben Otten, Mrs. Robert Dalwick, and Mrs. Stephenson.

Visitors were Mrs. Leslie Trador, Mrs. John Calant, Mrs. Stanley Werbrich.

The next meeting will be held at the home of Mrs. John Karach.

Horse Cave in Hart county was named, according to local legends, because Cherokee Indians used one of the nearby caves as a corral for stolen horses. Another version of the story is the town got its name when a horse fell into a cave.

The average person, living to age 68.8, will consume 12,000 quarts of milk in his lifetime, and several times his own weight in butter, cheese and about 1,032 quarts of ice cream.

## Commissioner's Sale

Commonwealth of Kentucky

Boone Circuit Court

General Building, Savings

& Loan Association — Plaintiff

versus

Gilbert Maxwell, et al — Defendant

By virtue of a judgment and order of sale of the Boone Circuit Court rendered August 12, 1957, in the above cause, I shall proceed to offer for sale at the Court House Door in Burlington, Kentucky, to the highest bidder, at public auction on Mon-

day, the 7th day of October, 1957, at One O'clock P. M. or thereabout (being Motion Court Day) upon a credit of 6 and 12 months, the following described property to-wit:

Being in the Town of Walton, Boone County, Kentucky, having a frontage of one hundred (100) feet on the west side of the Covington and Lexington Pike (now U. S. No. 25 and Main Street of Walton, Kentucky), and being one hundred (100) feet in the rear and extending back between parallel lines two hundred (200) feet to an alley, and being more particularly described as Lots No. A One (1) and A Two (2) of

Clark's Addition to the Town of Walton, the plat of which is recorded in Plat Book No. 1, Page 39 of the Boone County Records at Burlington, Kentucky.

For the purchase price, the purchaser must execute bond, with approved surety bearing legal interest from the day of sale, until paid, and having the force and effect of a judgment. Bidders will be prepared to comply promptly with these terms. Amount to be raised by sale \$11,451.11 together with interest and costs herein expended.

R. S. HENSLEY  
Master Commissioner  
Boone Circuit Court

When this month arrives we are aware that winter is near; we could have two months of good weather, but we also have those cold, rainy fall days. Now is the time to get all the roofs and gutters ready; put Flex-O-Glass or screen glass on your windows and screen doors. I have a cheaper grade of clear window covering now, only 15 cents per linear foot and it is 36" wide. Of course we have the Flex-O-Glass and screen glass in 28", 36" and 48" widths. We have steel wood heaters, also cast iron wood heaters, and combination wood and coal heaters. We also have a full line of Warm Morning coal heaters, and then we have a complete line of Perfection fuel oil heaters.

Don't you need a Perfection portable kerosene or Perfection portable electric heater? We also have grate baskets. We have sold more furnace pipe already this year than any year before. We received a large shipment of galvanized ware from Wheeling Corrugating Co.—they make the best. I think Red and Brewster were busy all day putting up heating stoves and fuel oil tanks. We have sold one truck load of fuel oil tanks and now on our second. W. B. Stamer bought a rubber lined wagon for his farm.

Brewster and Ross took a large coal and wood heater over to Fiskburg and set it up, then came back by Mrs. Eva Hall's and set up her heater, then the morning was gone. After lunch, Brewster took Mrs. Violet Roberts' oil heater for her trailer which he had overhauled and set it up with outside tank. Then he went to Banklick to check Mr. and Mrs. Turner's trailer oil heater. Today, Brewster put up new furnace pipe for Mr. and Mrs. J. A. Logan at the Ben Bedinger farm. Opal Robinson came after bolts for her new house they have about finished.

Mr. and Mrs. Ava Woods from Big Bone, were in and bought a stove board and a few small items. Earl Jenkins, from Verona, came after one more gallon of Bolce outside white paint—this makes eight he has bought and made that house really white; Jim Wasson is putting it on, and he said it went on smooth. Charley Vest, also from Verona, was in a few minutes. Mr. and Mrs. Caesar Arnett and their youngest daughter were here—they were also from Verona, 5 miles West; they have a very nice place.

Cesar bought 4 gallons of asphaltum to paint his silo inside. Albert Robbins was in; he just had a birthday, but he didn't say which one. Ed Kennedy came after three rolls of 47" six-inch stay wire fence for Mrs. Anna Cleek McCabe's farm; the county road department widened Cleek Lane, causing some new

fence to be built by Mrs. McCabe and Albert Rosensteel. They sure did a wonderful job on the road and I think all concerned should thank the Fiscal Court and the road supervisor for what a nice job they did. Malcolm Oliver, from Piner, who is here several times a week, was here today after log chain and hooks. Mrs. Joe Dance bought a square aluminum tub Maytag washer. Mr. and Mrs. Frank Watts traded an oil heater for a coal heater. We have sheet iron 26" wood heaters with cast iron door for only 9.95. We have Long John cast iron wood heaters and sheet iron with cast iron top. We have 20" top feed wood heater, 5.95. We have most all sizes and kinds of coal, wood and oil heaters. We have lad cans for only .95c each. We have 1-gallon sorghum buckets for 30c each.

Mitch Gabbard, Jr. came after 25 sorghum buckets; they live South of Glencoe. Some busy day! We started early; Brewster went to Mrs. Rysden's over between Banklick and Independence, cleared her oil heater and set it up; then back to John Tomlin's on Banklick Road to put up new furnace pipe; then down to Ronnie Cleek's to check his oil heater. After lunch he went to Mrs. Lenora Don's at Fiskburg, then back to Jack Caldwell's at Crittenden; then back to Sam Hudson's at Walton. We sold four heaters while he was out. He delivered an oil heater to Garnet Rysden at the Franks house by the John Theater. I sold Bobby Chesman a coal heater.

Check sold a portable Perfection oil heater. We sold several wood heaters. We have a new shipment of lad cans and syrup buckets for sorghum and molasses. Mrs. Doud and Mrs. Schneider, from Crittenden, were down today getting mail box and ceiling register, also several small items. Rev. Curtis, who owns Boone Lake farm, was in; Ross sold him several registers. We really sold the furnace pipe and stove pipe. Mrs. Walter Johnson, from Verona, was over after a new stove board and new stove pipe.

We have received so many items for fall this week. We received a lot of new linoleum rugs in 9x12, 12x12, and 12x15, also 12x18, also several new patterns in 6- and 9-ft. linoleum. We have 135-gallon fuel oil tanks for 29.50 or 39.50 painted and installed on legs with all the fittings; also have 275-gallon fuel oil tanks for 39.50 and painted and installed with all the fittings for 49.50, ready to fill with oil. Give us a call, we put up the tanks and pipe line to your oil heater, all you do is call the oil man. We have a few 50-gallon, clean, oil drums for only 4.50 each.

## Annexation Plans Discussed at Taylor Mill Area Meeting

Miss Nora Louise Penick

Mr. and Mrs. Frank Penick, Sr., of Walton, announce the approaching marriage of their daughter, Nora Louise, to Charles Simpson, son of Mr. and Mrs. Ogal Simpson, also of Walton, which will take place on Saturday, October 19, at 7:30 in the evening, at the Walton Christian Church. A reception will be held immediately following the ceremony in the church basement.

Following the wedding, the couple will reside in Covington.

## Piner Revival Continues

An invitation is extended to those of the Piner and adjacent communities to attend revival services now in progress at the Piner Baptist Church. Bro. Robert Hollingsworth, Grant, is the evangelist, and there are blessings in store for all.

Hear the special music each night and listen to God's man with God's message.

The meeting will continue through Friday, October 18, with services nightly at 8:00. Your family are cordially invited to attend.

## United Appeal Vols To Call At Homes October 12 and 13

United Appeal volunteers by the thousands will be out in full force in every community in Boone, Campbell, Clermont, Hamilton and Kenton counties beginning October 12, as the residential or house-to-house solicitation part of the campaign begins. The give-at-work phase of the United Appeal has been underway since September 9.

The United Appeal will continue through October 30, with 30,000 campaign volunteers asking people to "Help the Happy Way" in the five-county area. This year's goal of \$5,480,066 combines, in one package, the 1958 needs of the Community Chest's 116 agencies and the Red Cross with 16 services.

Local volunteers will make an all-out effort to call on every home on Saturday and Sunday, October 12 and 13. Call backs will be made on following days to provide everyone with an opportunity to give. Persons who gave at work and do not have a member of the family who wants to give their home are asked to display their United Appeal "We Give" stickers.

In making their house-to-house calls, the volunteers will remind local residents that: (1) The United Appeal saves money because one campaign is more efficient and costs less than many campaigns, and (2) The United Appeal saves time because it's one campaign, one decision, one pledge—not many campaigns and many gifts.

Each local resident will be asked to give more this year because of higher costs, more people helped and more agencies. Additional funds are especially needed for Red Feather and Red Cross services aimed at juvenile delinquency, family breakdown, mental illness, and those serving the physically handicapped, sick children, Cerebral Palsy victims, persons in need as a result of disasters and young people in the Armed Forces.

## RESTAURANT CLOSED

A restaurant in Boone county was closed after a hearing before the Boone County Board of Health, on September 27.

Failure to comply with the regulation passed May 3, 1957, by the Board of Health was the reason for closing the establishment. No food is to be prepared or sold until all violations are corrected.

Principal violations were: No hot or cold running water, under pressure; no three-compartment sink for washing and sterilizing dishes and cooking utensils; no lavatory in the kitchen for washing hands, and no hood or fan over stove for ventilation.

Several other operators of restaurants in the county have been given final notice to correct violations, according to information from W. H. Jones, Sanitarian of the Health Dept.

## Independence Scouts Meet

Boy Scout Troop 8 of Independence, met recently in the home of Scott Master, offering Stagg, Sr.

## JAMES PENNINGTON, JR.

James Pennington, Jr., a life-long resident of this county, died last Thursday in General Hospital, Cincinnati, following an illness of more than six years. He was 18 years old. He lived with his parents, Mr. and Mrs. James Pennington, Sr., at Burlington.

Besides his parents, he is survived by seven sisters, Mrs. Annabelle Mullins of Cincinnati, and Betty, Mary Lou, Geraldine, Fay, Ruth and Lois Pennington, all at home. He was a member of the Burlington Baptist Church.

Rev. Roy A. Johnson, pastor of the Florence Baptist Church, officiated at services at 2:00 p. m., Saturday at the Chambers and Grubbs funeral home, Florence. Burial was in the Burlington Cemetery.

## Road Contract Let

A contract for construction on the Hume-Verona (No. 491) Road in Boone county has been awarded to the Eaton Oil Works, Inc., Covington, according to an announcement by Robert Humphreys, Commissioner of Highways, Frankfort. The company submitted a low bid of \$35,379.95. The contract calls for a bituminous surface, class C-1 (River Gravel Aggregate) 2.637 miles.

from Covington," he said.

Civic officials said Taylor Mill officials agreed that they would move the city headquarters to their area as it would be in a more centralized location.

Forty residents attended the session presided over by H. R. Hutchins, civic group president. City officials from Taylor Mill were present.

## SIGMA NU PLEDGE

Ovie Griffith

Ovie Griffith, Walton, a sophomore in the College of Pharmacy, University of Kentucky, Lexington, was recently pledged to Sigma Nu Fraternity. He is also a member of the University Troopers entertainment committee.

## Boone Has Two Champions In 4-H District Meeting

Boone county had two district champions at the 4-H Club Achievement Day, held in Newport, Saturday, October 5. Mary Jo Dixon, Independence, was a district champion in her 4-H poultry project, and will go to the state contest. Donald Maddox, Florence, was the district champion in his 4-H farm labor project, and he will also go on to the state contest.

Other winners at the event were: Phyllis Kirtley, Union, won a blue award in sewing; Mary Jo Dixon, Independence, won blue awards in dairying and gardening; Nancy Prigge, Union, won a red award in foods; George O'Dell, Hebron, won a white award on his electric project; Donald Maddox, Florence, won a white award on his rabbit project; Richard Davis, Walton, won a white award on his beef project; and Billy Whalen, Florence, a white award in leadership.

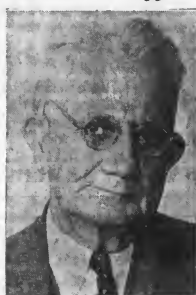

## Kentucky Students Offred Prizes

Kentucky grade and high school students can share \$3,250 in U. S. Savings Bonds for their essays on "Conserving Our Soil and Water Resources."

The fourteenth annual Soil Conservation Essay Contest was announced yesterday by Barry Bingham, President of The Courier-Journal, The Louisville Times and WHAS, Inc.; Dr. Robert R. Martin, State Superintendent of Public Instruction, and A. Threlkeld, president of the Kentucky Association of Soil Conservation Districts.

Dr. Robert R. Martin

A. Threlkeld

A \$100 Savings Bond will be presented to the boy or girl who submits the essay judged best in the state. Second prize is a \$75 bond, and third, a \$50 bond.

Winners of the three major awards and their parents and teachers will receive all-expense-paid trips to Louisville next spring as guests of honor at the twentieth annual Farm Awards Luncheon.

In addition to these prizes, a district award of a \$25 bond will go to the student who places first in each of the 12 soil conservation districts.

## Fun-Packed Fire Fighters Follies Romp Next Week

October 18 and 19  
At W-W Gymnasium

The two scenes above are from the first edition of the Firefighters Follies, and it has been a fun-filled, exciting event each year since—and this year will be no exception, according to reports.

The most exciting event of the year is in store for this community next week when the famous "Firefighters Follies," given by the Walton Volunteer Fire Department, will parade across the stage at the Walton-Verona High School gymnasium. This year, the Walton-Verona P. T. A. is acting as sponsor.

This year's illustrious cast will include fourteen men and will be in two acts, the first being "straight" minstrel, and the second part will be a "surprise."

The entire production is under the direction of Mrs. Helen Belcher, with Mrs. Olive Johnson in charge of music.

The "Firefighter Fourteen" include Robert Isom, Al Lawrence, Chick Worthington, Ab Ryan, Ed Berke-meier, Ed Egan, Guy Carlisle, Jimmy Bonar, David Hankinson, Frank Watts, Jim Lipscomb, Carl Sharp, Jack Conner, and Jess Thornton.

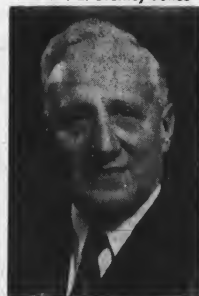

Watch the Advertiser for many more fun-facts next week.

## Annual Garden Club Meet

The twenty-sixth annual meeting of The Garden Club of Kentucky was held at the Brown Hotel, Louisville, September 30, October 1 and 2. The theme of the meeting was "Beauty Through Gardening."

Among the many interesting events was a garden tour of homes in Louisville and a tea at the home of Mrs. C. Edwin Ghena, and the banquet in the Crystal Ball Room with Mrs. Daniel J. Mooney, president of National Council of State Garden Clubs, as the speaker. The Boone County Garden Club was given an award for their year book at the Awards Breakfast.

## A Spiritual Life Mission With Dr. E. Stanley Jones

Dr. E. Stanley Jones

There is a wide-spread interest in the Spiritual Life Mission which Dr. E. Stanley Jones will conduct in Immanuel Methodist Church, Lake-side Park on U. S. Highway 25, under the auspices of the 51 Methodist Churches of the Covington District, during the week of October 13-18. Beginning on Sunday, Dr. Jones will give six evening addresses at Immanuel Methodist Church.

On an author of books on Christian living, Dr. Jones is known and loved by millions of people. He has written twenty books, several of which are best sellers. Two of his books, "The Way," and "Growing Spiritually," "How To Be A Transformed Person," and "Mastery."

hugh, Jr., Mrs. Robert Oser, Mrs. Charles Prather, Mrs. Ward Ryan, Mrs. Asa Rouse, Mrs. George Ryan, Mrs. Dale Stephens, Mrs. James S. Webster, Mrs. Paul Beigle, and Mrs. Guy Carlisle.

The club was glad to welcome Mrs. Ronnie Cleek, Mrs. Randy Linton and Mrs. Malcolm Simpson as new members.

Guests welcomed at this meeting were Mrs. John Maddox, Mrs. Ralph Carpenter and Mrs. W. W. Rouse.

## Walton Attorney Is Guest Speaker At Club Meeting

Mrs. B. W. Franks and Mrs. C. Scott Chambers were hostesses for the October meeting of the Walton Woman's Literary Club, which was held at the Phoenix Restaurant, with Mrs. Forest Thompson, President, presiding in her usual gracious manner. Mrs. Thompson also gave an interesting report on the board meeting which was held in Louisville.

Mrs. Clarence Stephenson had charge of the devotional, followed by the roll call, which was answered by naming a great philanthropist and his works.

The speaker for this occasion was Mr. Asa Rouse, whose subject was "United Appeal" (People helping people), followed by pictures supplementing Mr. Rouse's address, by Mr. Bruce Wallace.

At the close of the meeting, the hostesses served a delicious desert course to the following members and guests: Mrs. Jesse Callen, Mrs. C. Scott Chambers, Mrs. J. R. Conrad, Mrs. B. W. Franks, Mrs. L. M. Goble, Mrs. A. H. Gaines, Mrs. Wallace K. Grubbs, Mrs. A. R. Johnson, Mrs. Marvin Kendall, Mrs. D. L. Luby, Mrs. John Meyers, Mrs. James Powers, Mrs. M. C. Rouse, Mrs. W. O. Rouse, Mrs. W. W. Rouse, Mrs. W. D. Scroggin, Mrs. Sam B. Sleet, Mrs. A. P. Stephens, Mrs. Clarence Stephenson, Mrs. Forest Thompson, Mrs. Hess Vest, Mrs. E. B. Wallace, Mrs. J. R. Wallace, and Mrs. James S. Webster. Guests: Mrs. Tom Percival, Mrs. Bryan Rector, Mrs. Evan Hance, Mrs. Omar Powers, Mrs. Joseph Tackett, and Mrs. Wheelodon.

## Wa-Na Club Plans For District Meeting In Walton, Oct. 22

The Wa-Na Woman's Club held its monthly meeting Monday, October 7, at the home of Mrs. Asa Rouse.

Final plans were made for the forty-first annual meeting at the Fifth District, to be held in Walton, Tuesday, October 22. This will be a great occasion for the Wa-Na Club and the Literary Club, who are co-hostesses for the meeting. Every member of the clubs will have an active part in the activities.

After the business meeting, the guest speaker, Mr. Asa Rouse, was introduced by Mrs. Carl Conner. Mr. Rouse spoke on "Parliamentary Procedure," and presented the topic in a helpful manner.

A hobby sale was then held with many interesting items offered. A total of \$14.60 was netted at this sale.

Following adjournment, a delicious desert course was served to all present by the hostesses, Mrs. Rouse, Mrs. Charles Prather, Mrs. George Ryan and Mrs. George Arnold.

Members attending the meeting were: Mrs. George Arnold, Mrs. Carl Conner, Mrs. Leonard Cook, Jr., Mrs. James Falls, Mrs. Clayton Jones, Mrs. Wallace Grubbs, Mrs. Dwight Maddox, Mrs. John May-

## To Celebrate 90th Birthday

T. M. Stevenson

On October 19, T. M. Stevenson will celebrate his 90th birthday at his home in Independence.

Mr. Stevenson lives alone and does his own housework. He is still active as a sportsman and loves to fish and hunt. His only daughter is Mrs. Stella Maloney of Covington.

## Legion Auxiliary Social

A social will be sponsored by the Johnson-McElroy American Legion Auxiliary, Walton, at their new home on High Street, on Saturday, October 12, beginning at 8:00 p. m. The public is cordially invited to attend.

## Fish Fry at Simon Kenton

The Simon Kenton P. T. A. is sponsoring a fish fry in the school cafeteria on Friday, October 11, from 5:00 to 8:00 p. m. The public is invited.

tricts where at least five essays are submitted. These district winners compete for the state prizes.

The writer of the top essay in each school is eligible for a certificate from the contest sponsors. District winners and runners-up also will be awarded certificates.

By writing the essay of 1,000 words or less, students in all schools are encouraged to appreciate and understand the importance of the state and nation's resources, with special emphasis on the benefits of a small watershed program.

Essays must be sent to county or city school superintendents by the 7th of December, 1957.

Last year's top winner from the 25,359 entries was Randel Flowers, a junior at Cumberland County High School. Ben Barnett, a Hickman High School senior from Fulton County, placed second, and Miss Neida Workman, a junior at Morgan High School in Pendleton County, third.

Soil Conservation Essay Contest is sponsored by the newspapers and radio-television station in cooperation with the State Department of Education and the conservation group. Complete information may be obtained from school superintendents, principals or soil conservation supervisors.

Dry, canned or frozen peas will be in generous supply on the October markets, says the USDA.

Friends will regret to hear of the accident of Dennis Flynn. He was riding over their farm Sunday afternoon and the horse fell in a ground hog hole and threw him off, his foot caught in the stirrup and he was dragged a good distance before he could get loose. The horse kicked him several times but he was too close for it to hurt him much. He received scratches all over his back and was bruised badly and one arm injured rather seriously. His parents took him to St. Elizabeth Hospital where eight stitches were taken in one hand.

Mrs. Richard Bachmeyer, of near the Kentucky Hotel on the Dixie Highway, was badly burned on one hand (first and second degree burns), her face also burned and her hair singed, while lighting a stove. She was rushed to Dr. Dorette Brooks' office at Independence, for treatment.

Mrs. Jenny Snyder is visiting Mrs. J. Arnold at Sherman.

Mrs. Emma Collins, Mrs. Dave Bogby, Mrs. Jenny Snyder, Mrs. Lena Mann and Mrs. Dorette Brooks spent last Friday with Mrs. Laura Higgenbottom in Newport.

Mr. and Mrs. William House of Independence, and Mrs. Flora Summey were the Sunday guests of Mr. and Mrs. Leo Flynn.

Radiation of potatoes to inhibit sprouting and of grains to destroy insects, may be economically feasible within a year.

## Weed-Free Tobacco Beds

Here's how to do it. Sprinkle VAPAM® on your seed beds now. In the next 30 days it kills all those weeds and grasses, germinating weed seeds, soil fungi and those invisible nematodes. Come seedling time you have the healthiest soil in the state! You get more seedlings per square yard — up to twice as many. And only a few — if any! — weeds. Your seedlings are really strong and vigorous. You can transplant fast for the best crop you've ever seen.

Result is hundreds of dollars saved in back-breaking work and weeding costs. Yet VAPAM costs only a penny per square foot. Make more profit next year! Don't share your crop with weeds and soil borne diseases. Put VAPAM on your seed beds now. No special equipment needed. It's so easy and safe to sprinkle on. You get stronger seedlings, weed control and more profit. Do it now for best results. Approved by the Department of Agriculture for all food and fibre crops.

## VET BENEFITS ARE INCREASED

A new federal law authorizes increases to all veterans drawing compensation for service-connected disabilities, Director R. R. Thomas of the Kentucky Disabled Ex-Service Men's Board has reported.

Also increased will be the special allowance for dependents paid to veterans whose service connected disabilities are rated at 50 per cent or more.

The increase will be approximately 10 per cent, except to those totally disabled veterans rated at 100 per cent, whose increase will be from \$181.00 to \$225.00 per month.

There will be no effect on the amounts received by veterans drawing non-service connected pensions or survivors of veterans drawing death compensation or pension.

Veterans who are receiving compensation need take no action to receive the raise. It will be paid automatically.

## Fidels Class to Meet

The Fidels class of the Walton Baptist Church will meet this (Thursday) evening at 7:30, in the home of Mrs. Charles Steers, Verona Road.

# AUCTION

34 TRACTS OF LAND, LIVESTOCK, FARM EQUIPMENT, FEED, AND HOUSEHOLD GOODS—

SAT., OCT. 12 10 A. M.  
Rain-Shine

H. H. Penick farm, located on Hicks Pike. Going South on U.S. Highway 25, from Florence, Ky., turn right at Richwood, go about 3/4 mile, turn right, first road going South from Florence, on U.S. Highway 42, turn left at New Haven School, follow auction arrows; about 6 1/2 miles from Florence, Ky.

H. H. Penick and wife, owners of this property, have signed a contract with us to sell at Absolute Auction his farm, livestock, household furniture, and farm equipment. Due to their age, they're unable to work, are retiring from farm, and have purchased a house on New Ave., Florence. Everything will sell, regardless of price—RAIN or SHINE!

Tract 1 contains 33.3 acres with 6-room modern house, a large combination barn, equipped for dairy, and a good set of outbuildings. The balance of the farm is divided into 33 tracts, all with large frontage, acreage as follows: 2.249, 2.425, 1.495, 1.313, 1.035, 1.061, 1.087, 1.296, 1.052, 1.099, 1.145, 1.163, 1.153, 1.134, 0.54, 0.52, 0.936, 1.013, 1.25; 6 tracts, .918 acre each, and 7 tracts, 1.148 acres each.

HOUSEHOLD GOODS, also Stainless Steel Deep Freeze.

FARM EQUIPMENT: Cub tractor with equipment, including posthole digger, wagon on rubber, complete set of farming equipment and miscellaneous tools. Lots of wire fence, posts, and gates; 2000 tobacco sticks.

LIVESTOCK: 6 good dairy milk cows, 2 to 7 years old; Co-op milker and dairy equipment; milk cooler.

FEED: 400 bales of alfalfa hay.

One 10-gauge Parker shotgun.

TERMS: 20% down day of sale, balance on or before 30 days from date of sale, at which time a clear title will be delivered.

This is some of Kentucky's finest bluegrass land; has to be seen to be appreciated; on a good blacktop road, in a fine neighborhood. Don't fail to drive out and look this over; this is something unusual. You cannot describe it in an ad. Building sites like you have never seen before. It will be a short distance from the clover leaf when the new highway is built—only a few minutes to town. Anybody desiring any financing, see us in plenty of time before sale, and we will try to help you get it worked out.

Lunch will be Served on Grounds by Ladies of Walton Christian Church!

## farm facts

FOR KENTUCKY FOLKS

by Wm. C. Johnstone  
AGRICULTURAL REPRESENTATIVE  
KENTUCKY BANKERS ASSOCIATION

NEW MONEY. Recently I have been interested in seeing what new enterprises Kentucky farmers are taking up to bolster their sagging income. Two things have been impressive — broiler and commercial vegetable production.

In Green County about 100 farmers now have commercial broiler houses where they produce over 2½ million birds a year, bringing an income of over \$300,000 above feed and chicken costs. Cumberland County, where production is concentrated in the fertile Marrowbone Valley, follows a close second with an annual production of over 2 million broilers. South central Kentucky, including the Greensburg and Somerset areas, is the most concentrated broiler area in the state. In spite of low broiler prices most producers there are pleased with the returns from the business. Many of them are getting more net profits for broilers than from their 2 or 3 acre tobacco allotments.

Around Princeton and Franklin there have been a determined effort to get into the sweet corn production enterprise this year and the growers are generally satisfied. There was an excellent market for good quality, worm-free corn and their contract with an experienced Louisville distributor to pack and market their output seemed quite successful. Other areas in the state are making their entry into the production of fresh vegetables, producing okra, broccoli, beans and other crops, but I have not had an opportunity to discuss the outcome with the growers yet. It is encouraging to see Kentucky producers get into the field of fresh vegetable production because it offers an opportunity to increase farm income.

COMPETITION. Farmers will meet keen competition in the poultry and vegetable enterprises but this is true of any field in which they enter.

### A FEDERAL LAND BANK LOAN

can make...

**YOUR LOAD**  
lighter, TOO!

#### —ANSWERS TO YOUR QUESTIONS—

- Q. For what purpose can I get a loan?**  
A. Loans may be made for any agricultural purpose and other requirements of the owner, some of which are:  
To purchase farm real estate;  
To refinance mortgages and other indebtedness;  
To pay family living expenses;  
To make improvements to land and buildings;  
To provide a home for the owner or members of his family;  
To purchase livestock and equipment.
- Q. What security is required?**  
A. Land bank loans must be secured by first mortgages on farm land. Loans are not made on the current sale value of farms but are based on normal agricultural value as determined by a land bank appraiser.
- Q. What is this normal value?**  
A. Normal value is defined as "the amount a typical purchaser, would, under usual conditions, be willing to pay and be justified in paying for the property for customary agricultural uses, including farm home advantages, with the exception of receiving normal net earnings from the farm and from other dependable sources." Generally speaking, normal values are long term values established for the purpose of making long term loans on a basis that will avoid overvaluing in peak periods and undervaluing in depression periods.
- Q. What is the repayment plan?**  
A. A land bank loan is made on an amortization plan. The payments include interest on the unpaid balance and such amounts to be applied on the principal as will pay off the debt within the term for which it is written.
- Q. What is the term of the loan?**  
A. Loans may be made for terms of 5 to 40 years. The most common terms are 20, 33 and 35 years. The objective is to fix the term of the loan to the debt paying capacity of the borrower and his farm. Renewals are no longer necessary.
- Q. Can you pay extra principal payments?**  
A. A borrower may repay part or all his loan ahead of time if he is able and wishes to do so. There is absolutely no penalty for doing this. The land bank will also accept payments to be set aside and applied to future installments at the direction of the borrower.
- Q. What is the rate of interest?**  
A. The interest rate on land bank loans is the lowest generally available to farmers from any lender treating all its borrowers alike as to interest rate. Being cooperatively owned by the farmers it serves, and being the largest lender in the farm mortgage field, enables the land bank to "set the pace" in low cost farm loans. Any farmer obtaining a land bank loan at the current low rate knows his rate cannot go higher throughout the life of the loan.
- Q. What is the cost of obtaining a land bank loan?**  
A. There is no charge for either an application or appraisal. The applicant is required to furnish satisfactory evidence of title and pay recording fees. The charge for making a title report is a matter between the applicant and the attorney or title company that prepares the title evidence. There is no charge for its examination by the Federal Land Bank.
- Q. How do I get a land bank loan?**  
A. By contacting the secretary-treasurer of the National Farm Loan Association serving the area in which your farm is located and making application. He will have the farm appraised and take other steps necessary to complete the loan.

### Auto Safety Club Formed

The Verona Customs Club, of Verona, welcomes everyone interested in safe and sportsmanship driving practices on the streets and highways, to attend their next meeting, October 14, at Verona Lake Ranch.

The principal object of this club is to acquaint the public with the joys of motoring as a sport, not merely of transportation.

The officers and members thus far are: Thurston Moore, president; Bobby Medley, vice president; Doug Davis, recording secretary; Danny Chapman, corresponding secretary; Day Scott, treasurer; Jimmy Littell, sergeant of arms; Ernie Bailey, Carry Green, Poodle Coyle, James Ward, and Rodney Vest.

Radiation of potatoes to inhibit sprouting and of grains to destroy insects, may be commercially feasible within a year.

### Celebrates 100th Birthday

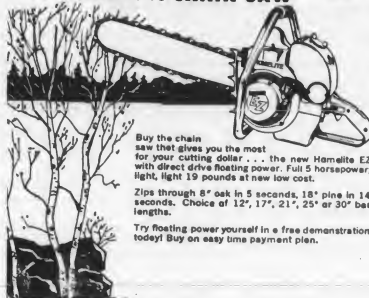

The Wilson and Whaley families and hundreds of friends gathered at the old family homestead near Williamstown, Sunday, to pay homage to their eldest member, Mrs. Teresa Whaley Wilson. The occasion was her 100th birthday, and after a family dinner, open house was held from 2:00 to 5:00 p. m.

Those from this section who attended the dinner were: Mr. and Mrs. Elmer Weeks, Mr. and Mrs. Ernest Fornash, Mr. and Mrs. Ed Arnold, Mr. and Mrs. John Hartman and son, John Arnold, Mr. and Mrs. Marion Gardner, Mr. and Mrs. Harry Bishop, Mr. and Mrs. Lawrence Wilson and son, Paul Harold, Mr. and Mrs. Harold Wilson and children, Mr. and Mrs. Virgil Whaley and son Eddie, Mr. and Mrs. Robert Hendrick and daughter, Kathy Lee.

Little Kathy Lee Hendricks is the only great-granddaughter of Mrs. Wilson.

## OAK RIDGE

Mr. and Mrs. Holman Crawford of Washington, Ky., celebrated their Golden Wedding Anniversary on Sunday. Those from this vicinity who attended the reception were Miss Emma Yates, Mrs. Russell Yates and daughter, Linda, Mr. and Mrs. Jesse Bailey and daughter, Marilyn, Mr. and Mrs. Leslie Frazier, Mrs. Vandingham, Miss Ruth Riley and Miss Groce Riley, Mrs. Louella Smith of Louisville, and Mr. Claud Yates of Anderson, Indiana, are visiting Miss Emma Yates and went to the reception with her.

Ernest Richardson who is a student at the University of Kentucky, visited his parents over the week-end.

Dr. and Mrs. James Rich are the proud parents of a baby boy born October 16th. The baby had to remain at the hospital in an incubator. It was good to see Mrs. Nina Harris at church Sunday morning. It was the first time she has been able to be out since she became seriously ill in June.

Mrs. Edith Richardson was put into a cast Saturday, for the back injury she received in the auto accident two weeks ago. She is in St. Elizabeth Hospital and would enjoy cards from all her friends.

Taylor Mill Civic Association met Thursday evening at the Taylor Mill School with about 40 present. A discussion was held on the pros and cons of the Oak Ridge area being annexed to the City of Taylor Mill. The ideal situation would be for all the hill-top area of Taylor Mill pike to be united under one city government instead of several small sixth class cities and the various civic groups are working to that end. A letter will be sent to the residents of the unincorporated Oak Ridge area explaining the situation and a vote will be taken at the next meeting of the Civic Association on October 17 to see if the residents favor joining with Taylor Mill.

The Oak Ridge Homemakers Club will meet October 15th at the home of Mrs. Joseph Wren, 5961 Taylor Mill.

## WHITES TOWER

The Satellite launched by the Russians has caused quite a stir among residents of our community, who can't understand why we advertise all our activities in that line and the Russians let us know practically nothing of their activities. Trusting soul this great country of ours.

We never thought that we would ever be an agent for anything, but a good friend of ours high up in this xmas card business sent us some samples of xmas cards, the finest we have ever seen and you don't have

to sign all of them, as your and your wife's name are printed in the proper place at no extra cost and the prices are so reasonable, and that was the clincher and we have ourselves a new job from now till xmas.

Mr. John Shaw has some of the finest beef cattle we have seen lately and quite a number are ready for the early fall market.

Mrs. Vallie Bliz was taken to the hospital Sunday. She suffered a heart attack at her home here.

Mr. and Mrs. Frank Cox of McMilland Rd. entertained Bro. Maynard and wife at dinner Friday evening. They also spent the night with Mr. Collins and wife.

## CARD OF THANKS—

I thank my friends and relatives for the cards, letters, flowers, gifts, food, and visits, and for all the kindness they have shown me during my illness.

## NOVEMBER 5-ELECT A Purple Heart Veteran

[Dedicated To A Platform of Law Enforcement]

## TO THE OFFICE OF BOONE COUNTY SHERIFF

GILBERT (SUNNY) GRUELLE

Is a Purple Heart Veteran of World War II. He served three years in the Army, of which two years was active combat duty in the South Pacific as a Platoon Sergeant. He is 39 years of age and has lived in Boone County for 23 years. He is married and has two children. After returning from service, he purchased a farm on Camp Ernst Road, and still lives there. Mr. Gruelle is a Deacon and Sunday School Superintendent of the Big Bone Baptist Church, and is also active in the Boone-Union Masonic Lodge. Mr. Gruelle stated that he feels he is fully qualified to fulfill the duties of Sheriff and will endeavor to give the people of Boone County the best law enforcement that is possible. He wants to assure his many friends that he is waging an active campaign and that he is in the race until the end to win.

## A Moral Church

Lesson for October 13, 1957

THE letter of Paul to the church at Corinth shows us, so to speak, a church with the lid off. These letters were plainly not intended for publication—that is, they were not sent out broadcast over the church at large. They were sent to the church concerned, one of Paul's problem churches.

If Christians today sometimes think that their church would be free from its faults if only they could get the right preacher, they should remember the Apostle Paul. Even he had problem churches—almost "nothing else but."

Dr. Foreman

Last week we noticed how highly Paul speaks of the church as an ideal, and yet how dark the reality sometimes was. One illustration of this was the crime at Corinth. For crime it was, right in the church, the crime of incest. The case seems to have been well known. Paul does not need to mention names. But the church had done not one thing about it. None of them had had the nerve even to speak out about this. (Were they too squeamish to mention it, or were the sinners perhaps prominent people?)

### The Church Talks Morality

The church at Corinth is dead and gone long since. But we ask questions about the church of today—is it moral? It certainly should be; the aim for every one of its members is nothing less than to be like Jesus. The church certainly talks morality. At least half an hour every week is spent listening to a serious talk which, in spite of what rambling there may be, does hold up high ideals. The Ten Commandments are posted on the wall of the Sunday school hall. Every Sunday school class is in favor of morality. You couldn't get a vote against morality in the whole place.

But does the church talk morality? Does it teach social responsibility? Does it hold up the same standards for the rich and the strong as for the poor and weak? Is the church putting its finger on the sins of our time or does it spend more energy denouncing a few simple sins than some of the bigger ones? Does the church talk morality on a higher level than (say) a luncheon club? Does the church lead the moral progress of the time, or does it do no better than to follow prevailing trends?

### The Church Understands Morality

The church can see into morality, what it really means, too. The church today, at any rate, just any church on any corner or country road—knows, or at least it has heard dozens of times, that immortal 13th chapter of I Corinthians, "—greatest of these is Love." The church knows, or has often enough been told, that love is the fulfilling of the law (Romans 13:10). Ask almost any church member what is the most important quality in the Christian life, and he will usually say "Love." But does the church understand this? On the one hand it understands that all the law of God comes down to and is focused in just those two commands, love God and love your neighbor. But has the church often struggled with the question, how does love work out, in business, in education, in race and industrial relations, in any of the complex areas of today's puzzling, pushing life? Is the church's understanding of love something of words more than of works?

### The Church Upholds Morality

The church upholds and insists on moral standards, too. Active in civic reforms always is the Ministerial Association. But what ministers and churches do in their own circles may be something else again. In how many congregations will the church tolerate a minister if he persists in pointing out and condemning, in God's name, sins and wrongs committed generally by the members of that church? Don't congregations often muzzle their ministers, as good as telling him he must not preach about this or that "controversial" theme? And, most painful question of all: When there is known to be wrong-doing in a congregation, what are the members likely to do about it? Do they, like the Corinthians, shut their eyes and pretend not to see it? Can a church be said to uphold morality if it never does a thing to, about or with those who drag morality down?

## THE WORK BENCHES OF GOD

Christians are not turned out on assembly lines.

The skill and patience of many a human soul, the blueprint of Christ's own example, and the unseen but mighty craftsmanship of the Creator Himself—these over the decades bring forth a noble Christian life.

There must be understanding, guidance, faith. There must be a Christian home with sincere, loving parents. There must be prayer, the Bible, worship, thought, study. And at length practice and persistence must win many a victory over self before the world begins to recognize the hand of God in the life of a man.

Nearly in the church you will choose, there are busy hands at the work benches of God.

And room for more—your child's and your own!

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalm	119	97-105
Monday	Matthew	12	46-50
Tuesday	Mark	8	1-2
Wednesday	Mark	8	13-22
Thursday	Philippians	4	13-22
Friday	Philippians	4	13-22
Saturday	1 Peter	2	1-11

### KEEP RUBBER BANDS FROM TOBACCO HANDS

Keep any type rubber bands out of tobacco going to market, the Kentucky Agricultural Extension Service warned farmers this week.

When rubber bands are used for tying hands or leaves, they sometimes get into the manufacturing process, says Russell Hunt, tobacco specialist. The bands cause a distinctive, disagreeable off-flavor in manufactured tobacco products.

Manufacturers, he said, have for a number of years requested that all rubber bands be removed due to the manufacturing difficulties. The Ex-

tension Service itself for years has not recommended use of any type rubber band in tying tobacco; and has warned that if the rubber bands are used, to be sure and remove them before tobacco is moved from the farm to market.

Presence of rubber bands in purchased tobacco, Hunt added, will be regarded, by many purchasing sources of manufacturers as constituting "unsound tobacco." One agency already has stated, Hunt said, that it would return to the selling floor any basket of tobacco in which rubber bands of any type are found.

Many farmers use the rubber bands as "ties" during priming operations; frequently they leave the rubber bands on the primed tobacco when, later in the season, the primed leaf is sorted out for market. Remove these bands at stripping time.

Hunt said the federal grading service can mark as "batched" a consignment of tobacco on a warehouse floor that contains rubber bands. In this case, he said, the bands are regarded as foreign material. Such tobacco is not eligible for support price.

Presence of about a dozen rubber bands can impart an off-flavor to a whole hogshead, Hunt noted.

### College Grads High On Employment List

Employment horizons for college graduates are becoming wider each year, according to a report just released by the University of Kentucky Placement Service.

Out of the more than 660 students and alumni who registered with the office during the period from

February, 1956, to January, 1957, about 77 percent are now employed.

Mrs. Katherine Kemper, director of placement, said that "the demand for graduates in all fields remains high, with the need for trained persons in accounting, engineering, mathematics and the physical sciences showing marked increases."

July output of ice cream reached 75,560,000 gallons, according to the USDA, which was 7 percent more than a year ago.

The correct height of an ironing board is dependent on the height of the ironer, elbow height, arm length, weight and eyesight.

Always check garments for stains before laundering and remove them. Otherwise the hot water may set the stains.

## STOCK CATTLE - BABY BEEF

# SALE

Williamstown Stock Yards

Wednesday, Oct. 16 - 1:00 P. M.

We will have a Special Sale of Baby Beef and Stock Cattle . . also, bring any other cattle you might have for sale.

We will have an extra set of buyers for this sale . . also, 30 head of Holstein Heifers, open and bred.

## SELLING HEATERS

We are selling lots of tools to the fellows working at the Markland Dam. We are also selling lots of fall supplies, like window and door covering, pipe insulation, electric tapes to keep water pipes from freezing and groen insulation which is very handy to stop cold air or pipes that may freeze. Brewster and Red put up a 275-gallon tank for Mr. and Mrs. Hershel Dick, over on Bullock Pen and Mt. Zion Road. Brewster spent most of the afternoon at the Model Food Store putting new lining, new grate and new top on their Warm Morning heater—this stove really takes a beating every winter heating that stove.

We all were busy today, even if it was a fine, fair day. Chick sold a lot of hardware and did several repair jobs. Ross waited on several customers and set up some coal heaters. Brewster and Red set up an oil heater at Kanton Station for Mr. and Mrs. Schultz, and then Ray cleaned an oil heater for Mrs. Joe Lauderback. W. C. Dance, from Morning View, bought the first fluorescent light for stripping tobacco. I have a used Warm Morning, also a used coal and wood heater. Today, we sold lots of Bolce outside white paint and Dawson Bollinger bought six gallons of aluminum roof paint.

What a day—they all came to town and most all of them wanted heaters, stove pipe, weatherstrip or window covering. Ben Jump got several yards of the clear plastic we have for 15 cents per foot. Lindsay, down across from Cabindale, bought a very nice Warm Morning coal heater. James Dean came up and bought a New Perfection oil heater, the large size, and a 135-gallon fuel oil tank. Brewster and Red installed these two this afternoon. We also sold some used coal heaters and several wood heaters.

I have that Ashley line of wood heaters. I have ordered some of them and have a catalogue and price list of their full line. They have the best wood heaters I have ever seen—they have a patented draft control and they are priced from \$49.95 to \$149.95. If you do not have the model you want, we can get it in a few days. We sold more stoves today. Brewster and Red took a Warm Morning coal heater down to Mr. and Mrs. Charley Robinson on Cleek Lane Road, then went to J. A. Logan's to repair his lift pump—they had to come in and work on it, then go back.

Ross set up some new stoves and cleaned up the store and warehouse, also waited on a lot of customers. We sold lots more Bolce paint, inside and outside—they are still buying that Jellied Magic paint. We have run out of red roof and barn paint. We sold lots of aluminum roof paint and asbestos roof coat, also that black asbestos roof coating in 5-gallon buckets, for only 3.75 per bucket. We are selling lots of Flex-O-Glass and screen glass, also have a cheap clear plastic at 15 cents per lineal foot and it is 36 inches wide. We have most all types of weatherstrip and door bottoms. Read a hand on cheller today—we sell one a year. We have 135-gallon and 275-gallon fuel oil tanks, installed, for only \$39.50 and \$49.50.

Subscription—\$2.00 Per Year

WALTON, KENTUCKY — THURSDAY, OCTOBER 17, 1957

Volume 42 - Number 42

Donna Wright

Donna Wright is the President of the Senior Y-Teen Club this year at Walton-Verona High School. This is the first year in Y-Teens and they are all looking forward to a great year with Donna as their President.

The other officers are as follows: Linda Curry, vice president; Peggy Downing, secretary; Mary Ryan, treasurer; Charlotte Gullion, son leader; Nola Rose Yates, worship chairman; Pat Worthington, program chairman; Wanda Torkington, reporter.

In the Junior Y-Teen Club they have as president, Peggy Courtney; vice president, Linda Worthington; secretary, Linda Duchemin; treasurer, Raetta Hall; son leader, Vickie Reed; worship chairman, Wilma Good; program chairman, Darlene McMillan; social chairman, Marlene Watson; reporter, Virginia Kears.

On Saturday, October 12, a bus load of the Y-Teens went to Carrollton to the Y-Teen Fall Conference and at this meeting Donna Wright was elected vice president for the Northern Kentucky Y-Teens for the coming year.

Dora Pennington is the sponsor of both groups for the coming year.

### ASC Elections Set For November 8; Nominees Listed

Mr. Russell Rector, chairman of the Kenton County ASC Committee released today, a list of ten nominees for each ASC Community in the county as selected by each community election board. Mr. Rector stated that community ASC elections will be held November 8, with the polls to be open, for voting from 10 a.m. to 6 p.m. local time. Mr. Rector stated that persons who wish to have their name placed on the ballot, in addition to those who were nominated by the community election board, must present a petition signed by ten or more eligible voters to the community election board before October 23, requesting that his or her name be added to the list of nominees on the ballot.

The nominees for each community in the county are as follows: Boone County, J. C. Covington, M. F. Collins, Sr., Stanley Feder, Lawrence Fick, Homer Hoffman, Marion Martin, O. E. Menefee and S. E. Rich.

Atwood and Independence: William Armstrong, W. B. Barnes, W. E. Durr, Herbert Hoffman, Jr., Robert Hoffman, Bill Jackson, Fred Neihoff, Cecil Northcutt, Al Portwood and Ivo Stevenson.

Brocht: Winston Brown, Charles Chambers, Cecil Cummins, Carl Eckel, Roy Elliott, J. R. Flynn, Basil Lunsford, Charles Schader, T. L. Stephenson, Sr., and Alvo Wright.
